Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon March 4 the Mayor approved a contract with Chandler Construction Works, Inc., for furnishing H. R. T. boilers for various schools. Bids, opened February 15, were as follows:

Item 1.—International Engineering Works, Inc., \$4,740; The Hodge Boiler Works, \$5,992.

Item 2.—International Engineering Works, Inc., \$5,030; The Hodge Boiler Works, \$5,936.

Item 3.—International Engineering Works, Inc., \$4,700; The Hodge Boiler Works, \$7,344.

Item 4.—International Engineering Works, Inc., \$2,732; The Hodge Boiler Works, \$3,534.

HOSPITAL DEPARTMENT.

Upon March 4 the Mayor approved a contract with Chandler Construction Company for roofing, sheet metal work, calking, pointing and waterproofing of miscellaneous buildings at the Sanatorium Division. Bids, opened January 29, were as follows:

S. Volpe & Co., \$68,745; Daniel Cunningham Construction Company, \$66,382; Bossi Construction Company, \$63,791; Joseph A. Singarella Company, \$63,300; A. Piotti Company, \$60,872; Chandler Construction Company, \$50,177.

The original roofing bid was with Federal Roofing Company. Upon analysis of the bids it was found that Burgess & Blacker had a lower bid and they were substituted for roofing. There was an alternate bid in the specifications for insulation of roofing, an addition of \$1,145.25.

The addition of \$256.25 to the contract price originally approved is because of the above substitutions. With these substitutions, it stands as follows:

Structural and light iron work, Builders Iron Works, \$1,120; painting, Max Cahn, \$2,210; calking and waterproofing, William Dunleavy, \$3,640; roofing and sheet metal work, Burgess & Blacker Company, base bid, \$14,986; plus alternate bid, \$1,145.25; total bid, \$15,131.25; total sub-bids, \$23,211.25; Item No. 1, \$27,223; corrected amount of contract, \$50,433.25.

Upon March 13 the Mayor approved a contract with Patrick J. Sullivan for washing, plastering, painting, wall tile, floor mastic tile, ceramic work, sheet metal work, miscellaneous carpentry, glazing and window shade work, Vose House, Boston City Hospital. Bids, opened Thursday, March 6, were as follows:

H. Piken & Co., \$22,440; George J. Bartley, \$16,329; Max Cahn & Co., \$16,848; J. A. Singarella Company, \$15,737; John T. Bradley, \$13,937; Rosano Construction Company, Inc., \$13,450; M. Solimando, \$11,741; James S. Kelliher, \$10,850; Patrick J. Sullivan, \$8,634.

PUBLIC BUILDINGS DEPARTMENT.

Upon March 19 the Mayor approved a contract with George J. Bartley Company for painting in City Hall Annex, with the following result:

H. Piken, \$3,692; George J. Bartley Company, \$6,175; Nicholas Bello, \$6,350; Joseph Coan, \$6,500; M. L. McDonald, \$6,777; Max Cahn, \$6,966; John D.

Ahern, \$7,319; John T. Bradley, \$7,480; Patrick J. Sullivan, \$8,300; C. Dale Garbett, \$8,500; Federal Painting Company, \$11,412; Modern Age Painting Company, \$12,500; Realty Maintenance Company, \$13,875.

The low bidder, H. Piken, requested permission to withdraw his bid without prejudice because of an error, or oversight in his estimate of the amount of money necessary to do the work.

PUBLIC WORKS DEPARTMENT.

Upon March 10 the Mayor approved a contract with the Fred J. Wallace Company, Inc., for repairs to roadway of the Warren Bridge, at an estimated cost of \$9,622.50. The following bids were received February 25:

Fred J. Wallace Company, Inc., \$9,622.50; M & R Construction Company, \$10,215; M. J. Kelly Company, Inc., \$10,361.50; John F. Shea Company, Inc., \$12,747.50; J. A. Singarella Company, \$13,762.50; C & R Construction Company, \$14,075; Coleman Brothers Corporation, \$14,340; Lane Brothers Construction Company, Inc., \$10,680,600.

Upon March 18 the Mayor approved a contract with Charles Struzziery Company for sewerage works in Jersey street, Roxbury, at an estimated cost of \$35,177. The work contemplated in the contract is to be completed within ninety days after approval by the Mayor. The following bids were received March 12:

Charles Struzziery Company, \$35,177; Roslindale Contracting Company, \$35,856; Construction Units, \$38,535; Baker & Co., Inc., \$38,930; C & R Construction Company, \$40,131; C. Russo, Inc., \$42,469; N. Cibotti & G. Andreasse Company, \$45,120; H. DiTullio & Co., \$48,540; M. J. Kelly Company, Inc., \$62,994.

SUPPLY DEPARTMENT.

Upon March 5 the Mayor approved a contract with low bidders as indicated for furnishing china, flatware, and glassware to the various city departments. The total amounts of the awards were as follows:

Boston China Company, \$7,243.54; Jones, McDuffee & Stratton, \$6,825.72. Total, \$14,069.26.

Bids, opened February 24, were as follows:

Green Band and Line.

Item 1. 144 Soup Plates, Each.—Boston China Company, 33.25 cents*; Jones, McDuffee & Stratton, 48 cents.

Item 2. 3,492 Cups, Each.—Boston China Company, 34.75 cents*; Jones, McDuffee & Stratton, 35 cents.

Item 3. 4,080 Saucers, Each.—Boston China Company, 21.33 cents*; Jones, McDuffee & Stratton, 22 cents.

Item 4. 3,348 Bread and Butter Plates, Each.—Boston China Company, 23.75 cents*; Jones, McDuffee & Stratton, 24 cents.

Item 5. 1,500 Breakfast Plates, Each.—Boston China Company, 36.33 cents*; Jones, McDuffee & Stratton, 37 cents.

Item 6. 3,000 3-Inch Plates, Each.—Boston China Company, 18.25 cents; Jones, McDuffee & Stratton, 18 cents.*

Item 7. 5,420 Three and One-Half-Inch Plates, Each.—Boston China Company, 19.83 cents*; Jones, McDuffee & Stratton, 20 cents.

Item 8. 288 Cereal Dishes, Each.—Boston China Company, 34.09 cents; Jones, McDuffee & Stratton, 34 cents.*

Item 9. 288 Egg Cups, Each.—Boston China Company, 31.67 cents; Jones, McDuffee & Stratton, 32 cents.

White China.

- Item 10. 120 Soup Plates, Each.— Jones, McDuffee & Stratton, 42 cents.*
 Item 11. 400 Cups, Each.— Jones, McDuffee & Stratton, 27 cents.*
 Item 12. 300 Saucers, Each.— Jones, McDuffee & Stratton, 16 cents.*
 Item 13. 420 Bread and Butter Plates, Each.— Jones, McDuffee & Stratton, 18 cents.*
 Item 14. 600 Breakfast Plates, Each.— Jones, McDuffee & Stratton, 30 cents.*
 Item 15. 2,000 3-Inch Fruits, Each.— Jones, McDuffee & Stratton, 12 cents.*
 Item 16. 2,500 Cereal Dishes.— No bids.
 Item 17. 3,740 Mugs, Each.— Jones, McDuffee & Stratton, 29 cents.*
 Item 18. 120 Soup Plates, Each.— Jones, McDuffee & Stratton, 34 cents.*
 Item 19. 800 3-Inch Bakers, Each.— Jones, McDuffee & Stratton, 22 cents.*
 Item 20. 2,300 Pint Bowls, Each.— Jones, McDuffee & Stratton, 31 cents.*
 Item 21. 200 Sugar Bowls.— No bids.
 Item 22. 200 Pint Pitchers, Each.— Jones, McDuffee & Stratton, 81 cents.*
 Item 23. 1,200 Quart Pitchers, Each.— Jones, McDuffee & Stratton, \$1.21.*
 Item 24. 200 Five-Pint Pitchers, Each.— Jones, McDuffee & Stratton, \$2.70.*

Red Band and Line China.

- Item 25. 12 Soup Bowls, Each.— Boston China Company, 44.83 cents; Jones, McDuffee & Stratton, 40 cents.*
 Item 26. 360 Cups, Each.— Boston China Company, 39.42 cents; Jones, McDuffee & Stratton, 35 cents.*
 Item 27. 360 Saucers, Each.— Boston China Company, 25.15 cents; Jones, McDuffee & Stratton, 22 cents.*
 Item 28. 360 Cereal Dishes, Each.— Boston China Company, 38.5 cents; Jones, McDuffee & Stratton, 34 cents.*
 Item 29. 480 Fruits, Each.— Boston China Company, 22.42 cents; Jones, McDuffee & Stratton, 20 cents.*
 Item 30. 300 Plates, 4 Inches, Each.— Boston China Company, 26.85 cents; Jones, McDuffee & Stratton, 24 cents.*
 Item 31. 288 Plates, 5 Inches, Each.— Boston China Company, 33.17 cents; Jones, McDuffee & Stratton, 30 cents.*
 Item 32. 144 Plates, 6 Inches, Each.— Boston China Company, 41.16 cents; Jones, McDuffee & Stratton, 37 cents.*
 Item 33. 288 Soup Bowls, Each.— Boston China Company, 44.85 cents; Jones, McDuffee & Stratton, 48 cents.*
 Item 34. 144 Plates, 7 Inches, Each.— Boston China Company, 49.33 cents; Jones, McDuffee & Stratton, 44 cents.*

Glassware.

- Item 35. 200 3-Pint Pitchers, Each.— Boston China Company, 45 cents*; Jones, McDuffee & Stratton, 62 cents.*
 Item 36. 100 Tankard Pitchers, Each.— Jones, McDuffee & Stratton, 52 cents.*
 Item 37. 780 Juice Glasses, Each.— Boston China Company, 3.33 cents; Jones, McDuffee & Stratton, 3 cents.*
 Item 38. 4,384 Water Glasses, Each.— Boston China Company, 5.42 cents, "Double Tuff"; Jones, McDuffee & Stratton, 4.5 cents, "No Nick."

Flatware.

- Item 39. 5,240 Tea Spoons, Per Dozen.— Boston China Company, \$1.25*, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$1.35.
 Item 40. 216 Tea Spoons, Per Dozen.— Boston China Company, \$1.25, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$1.75.*
 Item 41. 432 Tea Spoons, Per Dozen.— Boston China Company, \$1.25, "Re-

public" Stainless Steel; Jones, McDuffee & Stratton, \$1.75.*

Item 42. 144 Dessert Spoons, Per Dozen.— Boston China Company, \$1.82, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$3.19.*

Item 43. 72 Dessert Spoons, Per Dozen.— Boston China Company, \$1.82, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$3.19.*

Item 44. 2,000 Dessert Spoons, Per Dozen.— Boston China Company, \$1.82*, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$2.25.

Item 45. 3,240 Knives, Per Dozen.— Boston China Company, \$2.50* (2-piece), "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$3.50.

Item 46. 144 Knives, Per Dozen.— Boston China Company, \$2.50 (2-piece), "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$3.50.*

Item 47. 144 Knives, Per Dozen.— Boston China Company, \$2.50 (2-piece), "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$5.90.*

Item 48. 5,000 Forks, Per Dozen.— Boston China Company, \$2.07*, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$2.48.

Item 49. 144 Dessert Forks, Per Dozen.— Boston China Company, \$2.07, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$3.19.*

Item 50. 144 Dessert Forks, Per Dozen.— Boston China Company, \$2.07, "Republic" Stainless Steel; Jones, McDuffee & Stratton, \$3.19.*

Cash Discount.— Boston China Company, 1 per cent, 10 days; Jones, McDuffee & Stratton, 1 per cent, 10 days.

* Contract awarded.

Upon March 14 the Mayor approved a contract with the Thurman Company for furnishing 600 100-pound bags of bread flour at a price of \$6.34 per 100-pound bag, with a 2 per cent cash discount for payment within ten days, to the various city departments. The total amount of the contract was \$3,804.

Bids, opened January 13, were as follows:

600 Bags Bread Flour, 100-Pound Bags, Per Bag.— American Flour Company, \$6.22; Thurman Company, \$6.34; John J. White Company, \$6.60.

Mill Brand.— Thurman Company, Super Strength; John J. White Company, Omar Hy-Test.

Discount.— American Flour Company, net; Thurman Company, 2 per cent, 10 days; John J. White Company, 2 per cent, 10 days.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing supplies, labor, etc. Communications from the heads of the several departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, March 12, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.— Your permission is respectfully requested to engage the services of John M. Gray, 175 High street, Boston, as architect for the preparation of plans and specifications for the proposed new Chronic Hospital Building, Long Island, Boston Harbor. In view of the nature of the professional services involved, no benefit can be gained by public advertising for bids covering the

architect's services. The cost of the proposed construction is not to exceed \$985,000. The architect's fee is equal to 6 per cent of the full amount of the contract, but in no event shall exceed \$59,100.

In the event construction of the proposed hospital is not begun, the total to be paid the architect under the proposed contract for services is \$39,400, which covers the preparation of preliminary studies and complete working drawings and specifications. The Federal Works Agency has notified me that the said sum of \$39,400 will be made available to the city in the form of a Federal advance.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.— The Institutions Department respectfully reports that on March 6 the U. S. Coast Guard, Marine Division, inspected the steamer "Stephen O'Meara" and as a result of this inspection ordered it out of commission for repairs. As an emergency was existing in danger to the vessel, and as the facilities of the Quincy Dry Dock and Yacht Corporation were found to be immediately available, it was ordered dry docked the same day. Considerable repairs are now found to be necessary.

My purpose in directing your Honor's attention to the matter is for the reason that these repairs will necessitate the expenditure of \$15,183, and the fact that the shipyard repairs on this vessel have amounted to \$108,000 in the last five years, and whether, in your opinion, negotiations should be started in the purchasing of a new vessel. I have made a careful survey of the vessel, with the assistance of the Coast Guard marine inspectors and a naval architect, and am respectfully making the recommendation that at this time the city make the necessary repairs.

In 1931 the steamer "Stephen O'Meara" was built by the Lawley Company on the order of the Police Department at a cost of \$191,000. In 1933 it was transferred to the Institutions Department and altered at a cost of \$30,000. Its total cost to the city, therefore, was \$221,000. It cannot and should not be considered as an old vessel, and it is factual that the city has a large investment in the vessel, so that every last means should be exhausted in protecting it. It was agreed, and very obvious, that the vessel had been seriously neglected, that maintenance was not kept up, that minor repairs were permitted to become major ones, and only those repairs which were obliged to be made on the order of the Coast Guard were done to the disregard of all others, resulting in deterioration that is now evident by the listing of 64 separate items for renewal or repair.

My recommendation to repair the vessel is based on the fact that we found that the hull is unusually sound and made of material that is not easily replaced, that the boilers are good and serviceable, and finally that the vessel can be put in good condition and kept reasonably so by good maintenance and supervision.

Against this is the fact that the vessel would necessitate the expenditure of at least \$50,000 for purchase and alterations, that the Institutions Department would be without the services of a second boat for a period of not less than six months which would necessitate the hiring of a vessel

which alone would amount to the cost of these repairs on the "O'Meara."

In the event of your Honor deciding to approve my recommendation, I am sending, accompanying this report, my request for your approval to award a contract under special circumstances for these repairs.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your permission is respectfully requested to award a contract to the Quincy Dry Dock and Yacht Corporation, Quincy, in the sum of \$15,183, for repairs to the steamer "Stephen O'Meara" without public advertising.

On March 6 the "O'Meara" was ordered out of commission by the U. S. Coast Guard for repairs. The Quincy Dry Dock and Yacht Corporation is one of two concerns that have a marine railway. We found that this concern's marine railway was immediately available and that they were prepared to proceed at once with the work. We have found them to be reliable, to perform good work, and their price to be reasonable and fair.

The delay incident to public advertising would cause grave inconvenience to the Institutions Department in having the "O'Meara" out of commission longer than the time absolutely needed in making the repairs, and, in my opinion, no possible advantage could be had by the city in public advertising.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

SUPPLY DEPARTMENT.

BOSTON, February 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On October 10, 1946, your Honor approved a contract with Cote Motor Company, 926 Cummins Highway, Mattapan, for the furnishing of fifteen (15) passenger cars in the sum of \$20,147.05.

At the time the contract was signed, the O. P. A. controlled the ceiling price of such vehicles. Due to the difficulty in obtaining the vehicles from the manufacturer, delivery of all the items could not be made at one time. Upon the removal of O. P. A. controls, the price on thirteen of such units increased \$152.90 each unit, and two of said units increased \$127.84, making a total increase of \$2,243.38. The above-proposed prices are in accordance with the manufacturer's established list prices. Owing to the increased prices, the dealer feels that the original contract works undue hardship upon it. If the city tried to buy the cars elsewhere, it could not get a definite delivery date and would have to pay the increased manufacturer's established list prices.

In view of the urgent need for the above vehicles, I deem it to be in the best interests of the city to cancel the above-mentioned contract, dated October 10, 1946, and I respectfully request your Honor's permission to dispense with advertising and award a new contract to the Cote Motor Company in the total amount of \$22,390.43.

The Law Department recommends the above procedure.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 3, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On October 24, 1946, your Honor approved a contract with the Mack Motor Truck Company for furnishing fire apparatus. The total amount of this contract is \$43,507.66.

In view of the difficulty in obtaining the required materials the contractor has not made delivery of all the apparatus. The contractor has notified the city that each of the three lighting plants covered by the above-mentioned contract has increased from \$3,146.56 to \$3,674, and the three rescue wagons covered by the above-mentioned contract have increased from \$8,252.66 to \$8,891. I deem it to be in the best interests of the city to pay the above increases in order to insure the speedy delivery of the required fire apparatus.

In view of the foregoing, I respectfully request your Honor's permission to cancel the above-mentioned contract and enter into a new contract, without further advertising, with the Mack Motor Truck Company for the delivery of three (3) 1½ ton trucks for installation of lighting plants at \$3,674 each and three rescue wagons at \$8,891 each.

The Law Department recommends the above procedure.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On October 28, 1946, you approved the contract with Lalime & Partridge, Inc., 1255 Boylston street, Boston, for the furnishing of commercial vehicles. Due to the instability in the automotive field, delivery of all vehicles has not been made.

Your particular attention is called to Items No. 21 and No. 25 of the above contract which call for furnishing five and ten 1½-ton dump trucks, respectively, for the Public Works Department, Sanitary Service. The contractor is in a position to deliver immediately four of the vehicles under Item No. 21 and five under Item No. 25. The balance of the vehicles cannot be delivered for some time because of the difficulty in obtaining bodies to be installed on the required chassis. In order to obtain the use of the chassis, it has been suggested by the Public Works Department that immediate delivery of the chassis be made and temporary bodies be installed by the Public Works Department. When the contractor receives the required bodies it will then install them on the chassis.

The Law Department has been consulted on this matter and advises that the present contract must be altered to provide for the initial delivery of a chassis instead of a delivery of the complete vehicle.

The contractor has agreed to deliver the chassis under Item No. 21 at \$2,006.08 and the five (5) chassis under Item No. 25 at \$2,048.11 each; the required body under Item No. 21 at \$902, and the required bodies under Item No. 25 at \$1,147. The price for each complete unit under the proposed arrangement will equal the original bid price.

In view of the foregoing, your Honor is respectfully requested to authorize the

execution of a contract with Lalime & Partridge, Inc., in accordance with the terms above outlined.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 6, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to the Directory for Mothers' Milk, Inc., 221 Longwood avenue, Boston, for furnishing mothers' milk for use in the Pediatric Department of the Boston City Hospital for a period of one year, from January 1 to December 31, 1947, inclusive, at a price of 25 cents per ounce—the total amount of the contract not to exceed \$15,000.

There is a very marked scarcity of this type of breast milk, and it is extremely important that the Boston City Hospital have an adequate supply of this commodity in the treatment of many premature and very sick babies. Since the Directory for Mothers' Milk, Inc., is the only source of supply, no advantage would accrue from a public advertisement for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

DISTRICT COURT OF CHELSEA.

CHELSEA, March 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—In accordance with chapter 156 of the Acts of 1939, which requires contracts in excess of one thousand dollars (\$1,000) to be entered into only after they have been submitted to bids, there is one item in our budget which comes within the scope of the above chapter, to wit, Item D-1.

Item D-1 covers all our printing, docket books and other office supplies. We spend about two thousand dollars (\$2,000) in this item through the City of Boston Printing Plant.

May we ask that you give us authority to dispense with advertising for bids in this item for the above reason.

Respectfully yours,

EDWARD F. CANAVAN, *Clerk.*

EXTENSION OF TIME.

HOSPITAL DEPARTMENT.

It is agreed that the words "125 Days" as appearing in Article II of the contract between the City of Boston and M. S. Kelliher Company dated August 20, 1946, regarding contract for alterations and repairs to Building E, Sanatorium Division, Boston City Hospital, Mattapan, be stricken out and the words "May 1, 1947," be substituted in their place.

It is agreed that the words "October 31, 1946," as appearing in Section 3 (E) of the contract between the City of Boston and Consolidated Elevator Company, Inc., dated July 3, 1946, regarding contract for repairing elevators at the Sanatorium Division of the Boston City Hospital, Mattapan, be stricken out and the words "March 15, 1947," substituted in their place.

It is agreed that the words "October 31, 1946," as appearing in Article II of the contract between the City of Boston and J. W. Praught Company dated July 29, 1946, regarding contract for heating repairs and improvements at Sanatorium Division of Boston City Hospital, Mattapan, be stricken out and the words "May 1, 1947," be substituted in their place.

It is agreed that the words "October 31, 1946," as appearing in Article II of the contract between the City of Boston and Jarvis Engineering Company dated August 26, 1946, regarding contract for renewing brine coils in walk-in refrigerators at Sanatorium Division of Boston City Hospital, Mattapan, be stricken out and the words "May 1, 1947," be substituted in their place. The contract above referred to was previously extended on November 18, 1946.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract made November 14, 1946, with Asa C. Deming and Milton C. Ford, Limited, for furnishing and installing Globe oil-hydraulic auto lift for ambulance garage, Boston City Hospital, from February 12, 1947, to April 15, 1947. This extension of time is requested because of delay in delivery of materials necessary for the completion of the contract.

Approval has been given for a further extension of time for completion of contract made August 20, 1946, with N. L. C. Engineering and Equipment Company, for reconditioning No. 2 Ames Una-Flow engine in Power House, Boston City Hospital, from February 1, 1947, to May 15, 1947. This further extension is requested because of delay in delivery of materials necessary for the completion of the contract.

PARK DEPARTMENT.

J. A. Singarella Company has been granted an extension of time until March 31, 1947, for the completion of the contract for construction of women's solarium and new fence at L Street Bath House, South Boston.

M. S. Kelliher Company has been granted an extension of time until May 1, 1947, for the completion of the contract for new field house, Ross Playground, Hyde Park.

John Rugo has been granted an extension of time until June 15, 1947, for the completion of the contract for alteration and repairs to Columbus Park Field House, opposite Preble street, South Boston.

PUBLIC WORKS DEPARTMENT.

George J. Bartley Company has been granted an extension of time for the completion of the contract for miscellaneous alterations, painting, etc., at the ventilation buildings of the Sumner Tunnel to May 20, 1947. This extension is requested for the reason that the contractor has been unable to obtain the steel necessary to be used in this work but expects to receive it within a short time.

AMENDMENTS TO AND REALLOCATIONS OF APPROPRIATIONS.

The Mayor has approved the request of the heads of departments indicated for permission to amend or reallocate budget appropriations as follows:

FIRE DEPARTMENT.

BOSTON, February 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—I respectfully request that the following amendment be allowed in the 1947 Fire Department budget:

7 Assistant Operators at \$2,000-\$2,500 should be changed to read

9 Assistant Operators at \$2,000-\$2,500.

At the present time there are four provisional assistant operators employed in the Fire Alarm Division and three of them who are veterans have been certified by the Department of Civil Service to fill permanent positions in the rating.

The fourth man, Mr. Robert L. Sullivan, is not a veteran but has been employed provisionally in the Fire Alarm Office since May 2, 1945. He obtained the highest percentage in the civil service examination which was held for the position but, not being a veteran, he was placed after four veterans who took the examination, including the three other provisional assistant operators now employed.

At the present time we have one vacancy in the grade of operator in the Fire Alarm Service, caused by the promotion of Operator John M. McCarthy to the position of principal operator on December 11, 1946. Mr. John H. Chinetti, permanent assistant operator, is now filling the position of operator on a temporary basis.

Principal Operator John M. Ahern of the Fire Alarm Division has applied for retirement and will be examined by the doctors of the Medical Division on Friday, February 21, 1947. With his retirement there will be two vacancies in the operating force which we will be unable to fill for some time because of the fact that there are no existing civil service lists for the grade of operator and principal operator.

Therefore, in order to maintain the proper operation of the Fire Alarm Signal System, it is my recommendation that the two additional permanent positions be allowed in the Assistant Operator item so that Mr. Sullivan, who is now employed in the Fire Alarm Division, and Walter J. Budkiewicz, a veteran who is on the eligible list, can be appointed permanently. Mr. Sullivan has now worked as a provisional assistant operator for almost two years and because of his experience is an asset to the Fire Alarm Operating Force. He is a very efficient employee, and it is my desire to retain his services if at all possible.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, March 6, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Authority is requested to reallocate funds as follows:

Department Equipment Loan.

From Long Island Hospital, Motorless Vehicles Equipment, \$135, to Long Island Hospital, Machinery Equipment, \$135.

To provide for purchase of floor machine in the Nurses' Home, as per requisition No. 13.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

POLICE DEPARTMENT.

BOSTON, February 26, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Transfer of budget allowance as hereinafter set out is requested:

From Departmental Equipment, Non-Revenue, Motor Vehicle, 65 cents, to Departmental Equipment, Non-Revenue, Office, 65 cents.

This transfer is requested to adjust deficit.

Very truly yours,

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted January 9, 1947, and was effective January 14, 1947, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from March 15, 1947:

Section 21 (Parking of United States Government Vehicles) is amended by adding the following new subsection:

(5) Vehicles owned by the United States Naval Recruiting Service may be parked without time limit at the curb in the following street:

Milk Street, Boston Proper.

South side, from Congress street to Pearl street, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted December 19, 1946, and were effective January 20, 1947, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from March 21, 1947:

Section 7A (Prohibition of Stopping, Standing and Parking) is amended by adding the following:

Callender Street, Dorchester.

North side, from a point ninety-four (94) feet west of Lyford street to

Lyford street, twenty-four hours.

Lyford Street, Dorchester.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 11, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Myles Standish road, be, and the same hereby is, amended, by adding to said order the amount \$75 as an award to John J. Sheehan and Anna R. Sheehan, husband and wife, as tenants by the entirety; that the amount \$75 be, and the same hereby is, awarded to John J. Sheehan and Anna R. Sheehan, husband and wife, as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of February 27, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Northbourne road, be, and the same hereby is, amended, by adding to said order the amount \$25 as an award to Frederick T. Roth and Christine E. Roth, husband and wife, as tenants by the entirety; that the amount \$25 be, and the same hereby is, awarded to Frederick T. Roth and Christine E. Roth, husband and wife, as tenants by the entirety, for the damages so sustained.

CONTRACTS AMENDED.**PENAL INSTITUTIONS DEPARTMENT.**

Kenworthy & Taylor, Inc., of Everett, have been allowed to amend the contract for outside electrical work at the Deer Island House of Correction, Boston Harbor, as follows: By striking out in Article II, page 7 thereof, the date of completion appearing therein "120 calendar days" and inserting in place thereof the date "June 30, 1947."

SUPPLY DEPARTMENT.

Automotive Distributors, Inc., have been allowed to amend the contract for the purchase by the city of automotive repair equipment:

Whereas, This contract included Item 22 which called for "6 Lyons benches, or equal";

Whereas, The contractor was the lowest bidder on Item 22 in the sum of \$25 per unit;

Whereas, The total bid for the "6 Lyons benches, or equal," was a patent error, being "\$25."

It is agreed by and between the parties hereto that the contract of October 1, 1946, be amended, by striking out all of Item 22.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch pipe and three catch-basins in Rosebery road, between Taunton avenue and Ruskindale road, in the Hyde Park district, at an estimated cost of \$4,180.

A surface drain of 21-inch pipe and five catch-basins in private land (land of the Commonwealth of Massachusetts), between Navarre street and

Stony Brook, in the Hyde Park district, at an estimated cost of \$3,770.

A surface drain of 15-inch pipe, nine catch-basins, and one drop inlet in Tacoma street and Farrar avenue, between Bradlee street and Irwin avenue, in the Hyde Park district, at an estimated cost of \$10,850.

A surface drain connection of 12-inch pipe, 15-inch pipe overflow connection, and eight catch-basins in Lewiston street and Safford street, between Edwardson street and Irwin avenue, in the Hyde Park district, at an estimated cost of \$4,000.

A surface drain of 12-inch pipe and three catch-basins in Taunton avenue, between Blake street and Orchard street, in the Hyde Park district, at an estimated cost of \$6,200.

A sanitary sewer rebuilt of 18-inch and 12-inch pipe in Jersey street, between Boylston street and Park Drive, in the Roxbury district, at an estimated cost of \$42,000.

A surface drain of 10-inch pipe and four catch-basins in Waterman road, between Neponset avenue and Bourne street, in the West Roxbury district, at an estimated cost of \$4,500.

Minor sewerage works consisting of thirteen catch-basins and connections and one manhole in Woodbourne road, Burrwood road, Garth road, Hodgson terrace, and Florian street, West Roxbury, Parsons street and Niles street, Brighton, in the West Roxbury and Brighton districts, at an estimated cost of \$4,400.

A surface drain of 15-inch and 12-inch pipe and four catch-basins and connections in Pond street, between Rockwood street and Neillian Crescent (north-westerly arm), in the West Roxbury district, at an estimated cost of \$9,600.

Lieut. William O. Hawkins, Ladderman John J. Cunningham, Provisional Fireman Robert Asquith, Provisional Fireman Robert P. Boyd (detailed), Ladderman Joseph W. Thompson, Jr., Ladderman William J. Buckley, Provisional Fireman Paul B. McNiff.

Capt. Patrick J. Hagerty of Engine 13 and Capt. William F. Dewan of Engine 37 are hereby commended for responding to and working at fire, Box 2732, 2 alarms, on March 10, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

LAND-TAKING IN DORCHESTER

The Mayor has approved the vote of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works.

Said lands are in that part of Boston formerly Dorchester, and are bounded as follows:

A parcel of land, supposed to belong to George and Margaret L. Henderson, bounded:

Southwesterly by location of the New York, New Haven & Hartford Railroad Company, twenty feet; northwesterly by other land supposed to belong to said Hendersons, one hundred eighty-one and 25-100 feet; northeasterly by land hereinafter described as taken from Meadows *et al.*, twenty feet; southeasterly by land hereinafter described as taken from Hamlin *et al.*, one hundred and ninety feet, containing forty-two hundred and ten square feet, more or less.

A parcel of land, supposed to belong to Edward and George P. Hamlin, bounded:

Southwesterly by location of the New York, New Haven & Hartford Railroad Company, twenty feet; northwesterly by land hereinafter described as taken from Henderson *et al.*, one hundred and ninety feet; again northwesterly by land hereinafter described as taken from Meadows *et al.* and by land supposed to belong to said Meadows *et al.*, by two measurements, one hundred and six feet and fifty-two and 72-100 feet; northeasterly by Old Colony Parkway, forty-one and 23-100 feet, and southeasterly by other land supposed to belong to said Hamlins, three hundred twenty-eight and 26-100 feet, containing eighty-one hundred and eighty square feet, more or less.

A parcel of land, supposed to belong to Walter J. Meadows, one half undivided interest, Charles E. French, Henry B. Day and Eben H. Ellison, bounded:

Northwesterly by other land supposed to belong to said Meadows *et al.*, one hundred and four feet; southeasterly by land hereinafter described as taken from Hamlin *et al.*, one hundred and six feet; and southwesterly by land hereinafter described as taken from Henderson *et al.*, twenty feet, containing nine hundred and thirty-five square feet, more or less.

The sewerage works to be constructed are as follows: 334 linear feet of 12-foot by 12-foot concrete conduit, in the above-described premises, being private land between the location of the New York, New Haven & Hartford Railroad Company and Old Colony Parkway.

Voted, That this Board determines that the undermentioned persons sustain damages in their estate by the taking of an easement for sewerage purposes and the construction of sewerage works therein, under the order of the Board of March 13, 1947, in the amounts hereinafter respectively set against them, and awards said amount therefor.

George and Margaret L. Henderson, 4,210 square feet, \$1.

Edward and George P. Hamlin, 8,180 square feet, \$1.

Walter J. Meadows, one half undivided interest, Charles E. French, Henry B. Day and Eben H. Ellison, 935 square feet, \$1.

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra deck enables a modern tanker to carry a load

of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

CITY OF BOSTON

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO FIRE STATION, ENGINE 33, 941 BOYLSTON STREET, BACK BAY.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 33, 941 Boylston street, Back Bay.

Proposals will be received until 12 o'clock noon, Friday, April 11, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston, Mass. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, April 8, 1947.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it will be in the public interest to do so. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,
(Mar. 29-April 5.) Fire Commissioner.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR GASOLINE.

The Police Department of the City of Boston invites proposals for furnishing gasoline. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$1,000, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Thursday, April 3, 1947, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

THOMAS F. SULLIVAN,
Police Commissioner.
(Mar. 29.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR MAKING WASH BORINGS IN THE VICINITY OF THE CALF PASTURE PUMPING STATION, DORCHESTER, FOR PROPOSED SEWAGE TREATMENT PLANT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for making wash borings in the vicinity of the Calf Pasture Pumping Station, Dorchester, for proposed sewage treatment plant. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Making Wash Borings in the Vicinity of the Calf Pasture Pumping Station, Dorchester, for Proposed Sewage Treatment Plant," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, April 14, 1947, with a certified check for one hundred and twenty-five (125) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
Commissioner of Public Works.
(Mar. 29.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN NORTH STREET, BETWEEN RICHMOND STREET AND NORTH SQUARE, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in North street, between Richmond street and North square, City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in North Street, between Richmond Street and North Square, City Proper," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, April 15, 1947, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LOAM.

The Supply Department of the City of Boston invites proposals for furnishing loam for the city departments, as specified in forms to be obtained at the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bidder must leave his proposal and a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Loam."* The bids will be publicly opened and read on Friday, April 11, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

LIBRARY DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the cleaning of windows three times during the year 1947 at the Central Library building and at thirty-one other buildings as specified in the specifications.

Proposals will be received until 12 o'clock noon, Wednesday, April 9, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A certified check in the sum of \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, shall be submitted with the copy of the proposal filed with the Awarding Authority. The certified check shall be in a separate envelope properly marked.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Laws (Ter. Ed.), chapter 152, to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, March 24, 1947, at the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful contractor.

The Awarding Authority reserves the right to reject any and all proposals.

PUBLIC BUILDINGS DEPARTMENT.

INVITATIONS FOR PROPOSALS FOR PAINTING WORK IN QUINCY MARKET (SECOND FLOOR), BOSTON.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in Quincy Market (Second Floor).

Proposals will be received until 12 o'clock noon, Wednesday, April 9, 1947, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, March 31, 1947, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN THE JAMES A. McDONALD AND POLK STREET SCHOOLS, POLK STREET, CHARLESTOWN, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in the James A. McDonald and Polk Street Schools, Polk street, Charlestown, Mass.

Proposals will be received until 12 o'clock noon, Thursday, April 10, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority on or after March 31, 1947.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, April 7, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than five per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR BITUMINIZED WATERPROOFING FABRIC, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 60,000 square yards, more or less, of woven cotton cloth, waterproofed with asphalt or coal-tar pitch, for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the department on and after Tuesday, March 25, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Friday, April 11, 1947. A properly certified check for one thousand (1,000) dollars payable to the city must accompany the proposal. The department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY, Secretary.
(Mar. 22-29.)

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

CONSTRUCTION OF VETERANS' HOUSING DEVELOPMENT.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, will receive sealed bids for the construction of Veterans' Housing Development located in the Dorchester (Mattapan) district, City of Boston, Mass., until one (1) o'clock p. m., Eastern Standard Time, Wednesday, April 2, 1947, at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a Performance and Payment Bond, as set forth in the specification.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specification must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, are on file at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass. Copies of the documents may be obtained by depositing \$15, in the form of a certified check, with the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded to each person who returns all the documents in good condition within ten days after opening of bids.

Sub-bids will be taken on the following portions of the work:

1. Heating. 2. Lathing and Plastering.
3. Plumbing.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By general bidders in the amount of 5 per cent of the Base Proposal.
2. By sub-bidders listed under Item 2 of the General Contractor's Bid Form in not less than 5 per cent of the sub-bidder's bid price.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Boston Housing Authority, and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids, without the consent of the Boston Housing Authority.

BOSTON HOUSING AUTHORITY.

VOL. 39

SATURDAY, APRIL 5, 1947.

No. 14

REPORT OF HELEN F. CUMMINGS, DIRECTOR OF SPECIAL CLASSES, ON ATTENDANCE AT CONVENTION OF AMERICAN ASSOCIATION ON MENTAL DEFICIENCY IN MONTREAL, CANADA.

The following is the report of Helen F. Cummings, Director of Special Classes, on her attendance at the seventieth annual meeting of the American Association on Mental Deficiency, Montreal, Canada:

It was my happy privilege to be permitted by the Superintendent, with the approval of the School Committee, to attend the seventieth annual meeting of the American Association on Mental Deficiency, in Montreal, Canada, from October 2 to 5, 1946.

I was particularly interested in the problem of the mentally deficient child in the public schools. There were leaders in this field from New York City, Cleveland, Chicago, Newark, and St. Paul, as well as from the larger cities in Canada.

In Chicago there are no special schools or "centers" for the mentally retarded child. There are ungraded classes for these children in the elementary schools, and the children take a definite part in the life of the school, and it is felt that a better adjustment is thus made. Children are admitted to the "Ungraded Class" after psychometric examination if the I. Q. is 50-80; high 40 I. Q. is "excused" from attendance — most often referred to a state school.

The Deficient Child.

We need to study the mentally deficient child from these angles:

Mental efficiency	Psychiatric
Social adaptability	Medical

With those children who reach their mental age level early, it is found that the I. Q. drops. With those who mature slowly, we find the I. Q. rises.

These questions were asked and answered:

- What children should be in regular grades?
- What children should be in special class?
- What type of education for special class children?
- What child should be institutionalized?

Dr. Doll emphasized the use of the M. A. rather than the I. Q. Let us distinguish between brightness (I. Q.) and the M. A. level — *i.e.*, the kind of instruction the child can take.

There is an overlapping in the M. A. 8-12 of the dull normal and the feeble-minded, and consequently we find this overlapping occurs in the case of the high grade feeble-minded and the low grade normal and causes misunderstandings. The child in the I. Q. range 50-70 should be in a special class.

Dr. Doll believes that the school should see that this education is provided for the feeble-minded, even though it cannot educate these children itself. The idiot level should be educated in the home or institution, or permitted home instruction by the school. The low grade imbecile is better educated in an institution. Children enter school at life age, six years — mental age, six years. All children who cannot meet this requirement should receive special education until they are mentally six years. In the special class the high imbecile or child on moron level should be educated on level of his ability. Their rate of maturation is usually slow — watch development and train as need arises.

We cannot intellectualize the mentally defective, but we can socialize him by giving him social and economic competence. They live by habit, not by mind, as they are adult by stature but child in mind.

(Continued on page 419.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 7, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending March 29, 1947.

Population as of July, 1943, Massachusetts State Census, 317,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 191; nonresidents, 54; total, 245.

Death rate per 1,000 of population: All deaths, 16.62; nonresidents deducted, 12.96.

Death rate per 1,000 of population:

Last week, 15.40; corresponding week last year, 15.33.

Deaths by age periods, sex, etc.: Under one year, 24; one year to four years, inclusive, 1; sixty years and over, 144. Total deaths: Male, 144; female, 101; deaths in hospitals and institutions, 158.

REPORT BY HELEN F. CUMMINGS ON ATTENDANCE AT SEVENTH TIETH ANNUAL MEETING OF AMERICAN ASSOCIATION ON MENTAL DEFICIENCY.

(Continued from page 417.)

MAIN OBJECTIVE.

The main objective in the educational program for the mentally deficient in Illinois is to enable the child to become economically useful and socially adjusted. The state reimburses each city or town \$100 for each child educated under its approved program for exceptional children.

They have set thirteen standards for the establishment of these classes, as they believe that the problem of the special class child is not solved alone by establishing special classes for them. No class by state law may have over 15 pupils. They insist on a proper selection of pupils, and this selection is done by a qualified psychologist (M. A. degree), and the I. Q. range is 50-75 or 50-80. The special class curriculum must be adapted to the individual needs of the children. Every effort is made to lessen the children's feeling of being different from the children of surrounding grades. This is carried out even in the centers. There is vocational planning for these children so they may fit better into their environment on leaving school. Home and school cooperation is helped by having the special class teacher make one visit to each home each year.

COURSE OF STUDY.

We need a sequential and well-balanced course of study for these children. We must increase those areas which will promote pupil survival. Academic subjects are favored by tradition, but academic knowledge and skill are useless unless essential to these pupils' use—as advanced training in reading should be restricted to those pupils who show promise. Vocabulary, however, is most essential for these pupils. Since we are teaching at relatively low levels, our subject matter must be simple and concrete. Always, as we teach, we should be developing the pupil's capacity for self-direction. Situations of immediate social significance should be introduced.

Through guidance and counseling, a variety of choices beyond the prescribed curriculum should be given these children. An individual program should be arranged for each child, with remedial reading, corrective speech, and remedial arithmetic made available for those needing this help; for the disabled reader, recognition of useful words and phrases. Along with this we must develop the child's capacity for self-direction and recognize his rights to full self-realization and increase his capacity for self-reliance in emergencies.

We must provide a background of experience for these children with basic tools, machines, and materials. He must know tools, machines, and terminology of these. The manual skills will be taught by the child's employer, but we must teach the simple operations of tools and machines in common use and the essentials of shop experience.

DEVELOP SKILLS.

We must always try to develop the individual's skills, help his growth; he is

slow learning, and hence grows slowly in knowledge. Many of these children's learning capacities increase after sixteen years of age—slow maturation. We must at all times seek to overcome the individual's sense of insecurity, his inability to cope with emergencies. In planning for the development of the manual capacities of these children, they must be placed where they can obtain optimum benefits, even if this means placing them with their normal brothers.

Dr. Hincks, Director, National Committee for Mental Hygiene in Canada, stated that the mentally defective lacks the capacity for normal development, and so he is placed at a great disadvantage in making life adjustments. He estimates that 2 per cent of the population is mentally defective, that is, those who at maturity are incapable of maintaining an independent existence. Those with M. A. 3 he classified as idiots; with an M. A. 3-7, as imbeciles; M. A. 7-11, as morons. Bad heredity causes less than one half of the mentally defective. The majority of the mentally defective lead decent lives if provided with the training they need. The mentally defective require more special training, more approval, praise, and reward. Good homes would cause them to cease being the problems they are now, as fundamentally they are not bad, but weak. A complete program should be established for the mentally defective which would include community supervision by public health nurses and social service workers. They should identify the mentally defective and refer him to residential training schools if necessary. One tenth of the total number of mentally defective need 24-hour care because of adverse home conditions.

MAYOR PRAISES JORDAN MARSH COMPANY FOR BUILDING ENTERPRISE.

His Honor the Mayor on March 27 sent the following letter:

MR. EDWARD R. MITTON, *President*,
Jordan Marsh Company, Boston,
Mass.

DEAR MR. MITTON,—On behalf of the people of Boston, and I believe of all New England, I wish to extend my heartiest congratulations to you and to the Jordan Marsh Company upon your decision to build here, in our fair city, the largest department store in the world.

As I believe I told you when you discussed your plans with me, it is pleasing to me to know that such a great institution as that which you guide has the fullest confidence in Boston, its present administration, and the wonderful future which it is to enjoy.

I was also especially pleased with the slogan which you have adopted—"Build for Boston and New England." My pledge to our people was "Build Boston." I am grateful to you for helping me to keep that pledge.

You may rest assured that the people of Boston and New England will give you every support. The City of Boston will cooperate with you to the fullest extent in your marvelous, wise, and far-seeing enterprise.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

SITE FOR VETERANS HOSPITAL BY EMINENT DOMAIN.

His Honor the Mayor on March 27 sent the following letter:

GEN. OMAR BRADLEY, *Director*, Veterans Administration, Washington, D. C.

DEAR GENERAL BRADLEY.—I regret to inform you that the Massachusetts General Court has refused to pass a bill, introduced on my petition, which would authorize the City of Boston to convey to the Veterans Administration, for the purposes of building a veterans hospital, land owned by the City of Boston on the Jamaicaway in Boston. I am still of the opinion that the site in question is eminently suitable for the purposes of the proposed veterans hospital, and that the construction of that hospital would be of great advantage and benefit to the City of Boston. Accordingly, I am of the opinion that the project ought not to be abandoned and that consideration should be given by the Veterans Administration to the question of taking by eminent domain the site to which I have referred.

The City of Boston stands ready to cooperate in every reasonable way with your Administration in the acquisition of the land in question.

Sincerely yours,

JAMES M. CURLEY, *Mayor.*

MAYOR CONGRATULATES HOLY CROSS ON WINNING BAS- KETBALL CHAMPIONSHIP.

His Honor the Mayor on March 26 sent the following letter:

REV. WILLIAM J. HEALY, S. J., *President*,
College of the Holy Cross, Worcester,
Mass.

DEAR FATHER HEALY.—All New England is very proud of Holy Cross and its glorious young men who last night, for the first time in history, brought the national collegiate basketball championship to the East.

The accomplishment of the Crusaders was all the more remarkable when it is considered that they were a team without a home court. Their rise to national fame was sensational. While they boasted several outstanding players, they were essentially noted for their team play.

The young men of Holy Cross have brought high honor to Massachusetts, to their college, and to their most worthy president. I am very glad to join in praising and commending them.

With warmest personal regards, I remain,

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

MORE CONTRIBUTIONS TO CITY'S CONSCIENCE FUND.

His Honor the Mayor on March 26 received the following information from the office of the City Treasurer:

The City Treasurer, Henry F. Brennan, reported the receipt today of a further contribution to the Conscience Fund in the amount of \$225.

This makes approximately \$1,000 that has been received for the same purpose since the start of the present Lenten season.

MAYOR THANKED FOR EFFORT TO RETURN THE STANDARD OF NAPOLEON'S OLD GUARD TO FRANCE.

His Honor the Mayor on March 27 received the following letter from Paul Romadier, who occupies the same position in France as the Prime Minister of England:

March 4, 1947.

DEAR MR. MAYOR,—It has been a great pleasure for me to hear that the Mayor of such an old and famous city as Boston had thought of returning to the French people a standard of Napoleon's Old Guard at Waterloo.

This would be a symbol of the friendly relations between the United States and France.

Thanking you most heartily for your letter, I wish prosperity to the City of Boston.

Yours sincerely,

PAUL ROMADIER.

MAYOR GETS RESULTS FROM EFFORTS TO HAVE NEW HAVEN ROAD PROPERTY FENCED IN.

The following letter was received on March 25 from the New York, New Haven & Hartford Railroad Company:

MR. FRANK B. HOWLAND, *Secretary, Mayor's Office.*

DEAR MR. HOWLAND,—Thank you for your letter of March 15, 1947, in connection with receipt of telegram from Mr. William L. Shea, requesting that the railroad take immediate action to erect fences on our right of way throughout the city.

I know his Honor the Mayor will be interested to know I have just received approval to spend \$20,000 in 1947 and \$25,000 in 1948, or a total of \$45,000, to fence in the entire area along our tracks between South Boston and Readville, via Dorchester, which will cover that portion of the railroad where the most trespassing occurs and will provide substantial fences throughout the entire area by the end of 1948.

On the line via Back Bay, I have already recommended a similar expenditure of \$15,000, and other areas will be taken care of as quickly as possible. I will, of course, have fences erected first where the trespassing is most frequent, and will follow through until the entire project is completed.

Sincerely yours,

W. S. CARR, *Superintendent.*

MAYOR CURLEY THANKED FOR INVITATION TO ESTABLISH A NEW ENGLAND HOLLYWOOD.

The following letter was received from Warner Brothers Pictures, Inc.:

BURBANK, CALIFORNIA,
March 20, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR JIM,—Thanks very much for sending me the booklets on New England, suggesting that we plan to produce more of our pictures in your part of the country.

You are to be complimented on the interest you have shown in further developing New England as the site of

more film production, and I will be very happy to keep your ideas in mind, especially whenever we have films based upon historical subjects, or where the New England countryside is shown.

Just recently several companies have produced pictures in and around New York, so it appears your ideas are already being proven correct as far as motion picture companies actually producing films in the locales where the stories are based.

Best wishes and thanks again.

Sincerely,

JACK WARNER,
Warner Brothers Pictures, Inc.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, March 6, March 7, March 14, and March 28, the retirement from active service of the following-named employees, under the provisions of chapter 521 of the Acts of 1922, was approved to become effective at the close of business, March 31, 1947:

SUFFOLK COUNTY JAIL.

James J. McGranachan, officer, salary at time of retirement \$2,200 a year.

SUFFOLK COUNTY HOUSE OF CORRECTION.

Timothy T. Sullivan, officer, salary at time of retirement \$2,600 a year.

WILLIAM D. KENNEY,
Secretary and Executive Officer.

CIRCULAR LETTER NO. 5.

CITY OF BOSTON,
MAYOR'S OFFICE, March 24, 1947.

To the Heads of All Departments.

DEAR SIR,—I have this day been informed by the Corporation Counsel that chapter 7 of the Ordinances of 1945, concerning vacation and sick leave for employees, is void.

For this reason, you will from this time forward completely disregard the provisions of the Ordinance, and in matters concerning vacation and sick leave consult the Budget Commissioner or the City Auditor, if you are in doubt

relative to vacation and sick leave allowances for employees.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 6.

CITY OF BOSTON,

MAYOR'S OFFICE, March 24, 1947.

To the Heads of All Departments.

GENTLEMEN,—Department heads may grant leave of absence, without loss of pay, on Good Friday, April 4, 1947, at 12 noon, to all employees.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 7.

CITY OF BOSTON,

MAYOR'S OFFICE, March 26, 1947.

To the Heads of All Departments.

GENTLEMEN,—Under an opinion of the Corporation Counsel, dated March 15, 1947, it appears that the Ordinance of 1945 purporting to regulate vacations and sick leave for employees is void and that such matters are executive functions to be determined by the heads of departments, except that by several statutory enactments all permanent employees are entitled, without loss of pay, to two weeks' vacation in each year, and foremen, workmen, laborers, and mechanics may be paid for fifteen days' sick leave.

In order to establish some uniformity in the vacation allowances I have had prepared the following schedule and recommend that each department head put it into effect, so far as feasible, for the permanent employees of the department in his charge.

For employees having less than one year of service, one day for each month of service.

For employees having one year or more of service, two weeks in each year.

For employees having ten years but less than twenty years of service, three weeks in each year.

For employees having twenty years or more of service, four weeks in each year.

No accumulation of vacations should be allowed except in special cases approved by the Mayor.

It is further recommended that for absences which are unauthorized, or for which there is not a satisfactory explanation, or which are otherwise culpable, either pay shall be deducted or the days of absence deducted from vacations of more than two weeks.

Sick leave, other than the statutory allowance for foremen, laborers, workmen, and mechanics, may be allowed at the discretion of the heads of departments.

I wish to call to your attention that these are not inflexible regulations and are not to be construed to give employees any vested rights to more than the statutory two weeks' vacation.

I shall expect the department heads to adopt and administer them with due regard to the public interest and to the efficiency of their several departments. Each department should continue to maintain attendance records for each employee, and such records should be available for official inspection at all times.

JAMES M. CURLEY, Mayor.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING APRIL 2.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.

* Contract awarded.

Upon March 20 the Mayor approved a contract as indicated in the following letter:

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached please find bid on proposal for furnishing one sterilizer, as per specifications, to the Boston City Hospital, which was publicly opened and read at this office on February 14, 1947.

I would respectfully request that permission be granted me to award a contract to the American Sterilizer Company, 419 Commonwealth avenue, Boston, the only bidder, for furnishing one sterilizer as per specifications.

The total amount of the contract will be \$3,026, less a cash discount of 1 per cent for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bid was as follows:

One 24-Inch by 36-Inch by 48-Inch Milk Formula Sterilizer Disinfecter as Outlined in the Foregoing Specification, and Installing Same in Accordance with Instructions, at 751 Albany Street, Boston, for Boston City Hospital.—American Sterilizer Company, \$3,026; cash discount, 1 per cent ten days; best delivery date sixty to ninety days.

Upon March 25 the Mayor approved a contract as indicated in the following letter:

BOSTON, March 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On March 20, 1947, bids for furnishing pig lead to the Water Service of the Public Works Department were publicly opened and read at this office.

The National Lead Company of Massachusetts and the Cambridge Smelting Company are tie bidders at a price of \$16.50 per ton, net.

Specifications called for Omaha lead, therefore, permission is respectfully requested to award a contract to the National Lead Company, 800 Albany street, Boston, as this was the type of lead which they bid on.

The total amount of the contract will be \$3,300.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

10 Tons Omaha Pig Lead, Price Per Ton Over Base.—National Lead Company of Massachusetts, \$1.50 per hundredweight; Cambridge Smelting Company, \$1.50 per hundredweight (bidding St. Joe Virgin pig).

New York Base Price, March 20.—National Lead Company of Massachusetts, \$15 per hundredweight; Cambridge Smelting Company, \$15 per hundredweight.

Discount.—National Lead Company of Massachusetts, net; Cambridge Smelting Company, net.

Upon March 25 the Mayor approved contracts with various bidders for furnishing hay, grain and poultry to the various city departments.

Contract was necessary for the Thomas Culkeen Company as the total amount of the award was \$3,428.

Bids, opened March 10, were as follows:

Item 1. Turkey Starter.—Thomas Culkeen Company, \$108.20, \$96.60, \$104*; William Culkeen & Sons, \$105; Curley Grain and Fuel Company, \$106.70; J. J. White Company, \$111.20.†

Item 12. Sunflower Seed.—Thomas Culkeen Company, \$16; Curley Grain and Fuel Company, \$10.99*; J. J. White Company, \$16.50.

Item 13. Canary Seed.—Thomas Culkeen Company, \$12; Curley Grain and Fuel Company, \$10.99*; J. J. White Company, \$11.50.

Item 14. Pigeon Seed.—Thomas Culkeen Company, \$7*; William Culkeen & Sons, \$7.50; Curley Grain and Fuel Company, \$7.48, Ph., \$6.48, Cr.; J. J. White Company, \$7.50.

Item 15. Scratch.—Thomas Culkeen Company, \$4.45; William Culkeen & Sons, \$4.50; Curley Grain and Fuel Company, \$4.79; J. J. White Company, \$4.45.*

Cash Discount.—Thomas Culkeen Company, 1 per cent; William Culkeen & Sons, 1 per cent; Curley Grain and Fuel Company, 1 per cent; Louis E. Page, 1 per cent; J. J. White Company, 1 per cent.

Brand of Feed Bid On.—Thomas Culkeen Company, Beacon, Wirthmore, Flory's; William Culkeen & Sons, Flory's; Curley Grain and Fuel Company, Beacon; J. J. White Company, Beacon.

* Contract awarded.

† Beacon, one ton immediate delivery.

‡ Beacon, five tons immediate delivery.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 31, 1947:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Mt. Vernon Street, Boston Proper.

South side, from Joy street to Walnut street, 7 a. m. to 6 p. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Mt. Vernon Street, Boston Proper.

Both sides, from Joy street to Walnut street, twenty-four hours.

ADDITIONS TO CONTRACTS.

FIRE DEPARTMENT.

Approval has been given for the following addition to the contract of M. Solimando for alterations and additions to Fire Station, Engine 24, located at 434 Warren street, Roxbury:

Addition No. 3.—Furnish labor and material for the installation of Vulcan radiation for the first floor of the fire station, \$270. Original contract, \$31,577. Total contract with deduction of November 4, 1946, addition of January 3, addition of January 8, 1947, and foregoing addition, \$32,946. The contractor has installed a tile wainscoting throughout the entire main first floor and if old heating pipes were placed over this new tile, it would deter considerably from the appearance of the main apparatus floor. The cost of installation of Vulcan radiation is very reasonable and would add to the appearance of the main floor. Although the foregoing was not contemplated in the original contract, it is incidental thereto.

Approval has been given for the following addition to the contract of Construction Units for alterations and additions to Fire Station, Engine 46, Peabody square, Dorchester:

Addition No. 4.—Furnish labor and material for doing the following electrical work: Install six 1-inch conduits through floor slab at main doors, two between the two new overhead doors and two on each outside wall at the sides of the overhead doors; install six 1-inch sleeves through floor under patrol desk; install conduit and connect present six-wall receptacles on apparatus floor to fuse cabinet in basement; install conduit and connect receptacle for Wheat-light charging to fuse cabinet in basement; install 2-inch conduit from fire alarm box in front of building to fire alarm cable box in basement; install 1/2-inch conduit from small door to fire alarm apparatus panel for door bell; install light outlet in front of fire alarm cable box in basement; install one ceiling light over each bath-shower of chief and officers on second floor with switch at each door; install ceiling light in hall at top of stairs on second floor and connect to a wall switch; provide light on stairs connected to emergency circuit; install lighting unit in rear area south side of apparatus floor, this unit to be connected to switch on near-by wall; replace present lighting units on apparatus floor; install two 3/4-inch conduits from fire alarm apparatus panel to a location under the patrol desk, each conduit will terminate in a 4-inch square junction box; build room in northwest side of basement located directly under patrol desk, size of room to be about 6 feet by 8 feet, center light and wall receptacle will be installed; cost, \$1,112.96. Original contract, \$26,893. Total contract with foregoing addition, deduction, and addition of December 24, 1946, plus addition of February 14, 1947, \$30,317.01. At the time the contract was awarded to Construction Units, the Civilian Production Administration would not allow the foregoing electrical work which was required in order to provide for better lighting of the house and replacement of old conduits. Although the foregoing

is in addition to the work contemplated in the original contract, it is incidental thereto.

Approval has been given for the following additions to the contract of James S. Kelliher for alterations and additions to Fire Station, Engine 22, Warren Avenue, South End:

Addition No. 4.—Furnish labor and material for removing and replacing defective soil pipe in basement, \$583.50. Addition No. 5.—Furnish labor and material for installation of service sink with hot and cold water and wastes on second floor of fire station, \$675.14. Total of additions No. 4 and No. 5, \$1,258.64. Original contract, \$38,491. Total contract with foregoing additions, addition No. 1, dated December 5, 1946, and additions No. 2 and No. 3 dated February 14, 1947, \$42,939.64. During the alterations at Fire Station, Engine 22, it was found that there was old and defective soil pipe that formerly took care of drainage from old stalls in the rear of the station. If this pipe was left in, it would require constant cleaning. Therefore, the old pipe should be removed and a new line of pipe carried along the rear wall which would tie in with the roofing leader in the rear of house. The service sink is required on the second floor of the building to be used in connection with the janitor work necessary in this large station. Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

Approval has been given for the following deduction and addition to the contract of James S. Kelliher for alterations and additions to Fire Station, Engine 22, Warren avenue, South End:

Deduction No. 1.—Omit washing and varnishing of existing sheathed walls and ceilings on first floor apparatus room, \$135. Addition No. 6.—Furnish labor and material for installation of acoustic tile ceiling and acoustic tile walls down to the line of enamel brick in first floor apparatus room, \$1,451.70. Original contract, \$38,491. Total contract with foregoing deduction and addition, addition No. 1 dated December 5, 1946, additions No. 2 and No. 3 dated February 14, 1947, and additions No. 4 and No. 5 dated March 7, 1947, \$44,256.34. Installation of acoustic tile is recommended because of the fact that it will add to the appearance of the apparatus room and can easily be kept clean by washing. Also, painting of the walls and washing and calcimining of the ceiling will not be required in the future. Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

Approval has been given for the following additions to the contract of M. Solimando for alterations and additions to Fire Station, Engine 1, located at 119 Dorchester street, South Boston:

Addition No. 2.—Furnish labor and material for taking down and rebuilding chimney on West Fourth street side of fire station, \$185. Addition No. 3.—Furnish labor and material to cut through outside wall and install louvres approximately 10 feet by 18 feet and do necessary patching work on two gasoline tank rooms, \$270; total additions, \$455. Original contract, \$28,903. Total

contract with foregoing additions, deduction of November 4, 1946, addition of November 26, 1946, and deduction of February 14, 1947, \$27,866. The present chimney at Engine House-1 has been standing for a number of years and is in defective condition. However, it was not included in the work to be done in the original contract. The louvres are also necessary in the gasoline pump rooms. Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

Approval has been given for the following addition to the contract of James S. Kelliher for alterations and additions to Fire Station, Engine 22, Warren avenue, South End:

Addition No. 7.—Furnish labor and material for installation of asphalt tile flooring for lounge room on third floor, corridor and stair hall on second floor, and also in present bunk room on second floor, \$1,118. Original contract, \$38,491. Total contract with foregoing addition, addition No. 1 dated December 5, 1946; additions No. 2 and No. 3 dated February 14, 1947; additions No. 4 and No. 5 dated March 7, 1947, and deduction No. 1 and addition No. 6 dated March 15, 1947, \$45,374.34. It is necessary to install tile in the foregoing locations because of the fact that the present wooden floors are in very poor condition, and installation of tile is cheaper than the installation of linoleum or renewal of the present wooden floors.

Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

PARK DEPARTMENT.

John Rugo has been ordered to make the following additions to the contract for alterations and repairs to Columbus Park Field House, opposite Preble street, South Boston, signed January 6, 1947:

Raise present boiler in basement and set on new 6-inch terra cotta tile base laid in cement mortar, as directed by the architect. For raising boiler complete, the sum of \$200 will be added to your contract price.

Remove present hot asphalt concrete floor from boys' new shower, rubbing and girls' toilet rooms' floors and install wire lath with a waterproof paper and additional magnesite base to bring same to new floor level. For the removal of the present hot asphalt floor and the laying of wire lath and additional magnesite base, the sum of \$185 will be added to your contract price.

Additions.—Raising boiler, \$200; removing old floor, etc., \$185; total, \$385. Contract price, \$30,900; addition as per this order, \$385; contract as standing, \$31,285.

ADDITION TO AND DEDUCTION FROM CONTRACT.

PUBLIC WORKS DEPARTMENT.

Murray Engineering Company has been directed to make the following addition and deduction in the contract for building a public boat landing at Warren Bridge, dated January 8, 1947. Items ordered: Addition—Furnish and install four transverse 4-inch by 12-inch timbers, 20 feet long, to stiffen the pontoon bottom. Agreed price, \$80. Deduction—Sub-

stitute galvanized ship spikes for composition ship spikes. Amount of deduction, 400 pounds at 20 cents, \$80. Estimated cost of addition and deduction, nothing.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Bethlehem Steel Company has been directed to perform the following extra work under the contract for repairing hull, etc., ferryboat "Ralph J. Palumbo," dated January 8, 1947. Items ordered: Make patterns, cast and machine two low pressure valves for the main engines, \$225; remove two damaged boiler feed pumps from the ship, install two feed pumps (pumps furnished by the city), furnish in place supports for pumps, make all necessary alterations in piping and connections and test and overhaul pumps, \$730; remachine four low pressure valve stems and furnish new metallic packings in glands of main engines, \$415; furnish and install two new low pressure piston rods, \$400; furnish and install one new 8-inch, 25-pound back pressure valve for atmospheric exhaust from main engines, \$210; total, \$1,980. The work called for in this order is all necessary for the operation of the vessel and is of a nature which could not be anticipated until the various units were taken down for inspection. While it was hoped the boiler feed pumps could be repaired for continued service, when taken down repairs were found quite impracticable. Two feed pumps from an abandoned fireboat were acquired gratis and the work of installing with all changes in piping is included in this order. New low pressure piston valves on main engines also were found in reparable condition. Similarly the 8-inch, 25-pound back pressure valve. Agreed cost of extra work, \$1,980.

CHANGES IN CONTRACTS.

PARK DEPARTMENT.

J. A. Singarella Company, has been ordered to make the following changes in the contract dated April 9, 1946, for construction of women's solarium and new fence at L Street Bath House, South Boston.

Deduction.—Hardware allowance called for in contract, \$350—hardware furnished by D. McLean Company, \$213.10; hardware furnished by Singarella Company, \$86.92—\$300.02—\$49.98; allowance for lockers and counter work (work omitted), \$700; total amount to be deducted from contract, \$749.98. Addition.—Make necessary connections to vents of first floor toilets and connect same with existing 4-inch main vent to comply with City of Boston code; extend existing 4-inch roof vents above level of solarium roof; install new valves and drips to prevent freezing in present cold water main line; recondition all old plumbing fixtures. The above work to be done for the sum of \$429. Total deduction from contract on this order, \$320.98. Original contract, \$47,400; previous change orders, add, \$6,113—\$53,513; deduct, \$320.98; total amount of contract to date, \$53,192.02.

M. S. Kelliher Company has been ordered to make the following allowances as specified for the new field house, Ross Playground, Hyde Park:

Hardware (finish), \$275; lighting fixtures, \$250; plaster models for cast stone, \$300; total, \$825.

I have received the following actual prices for the same items, with a difference of \$103:

Hardware (finish), \$525; lighting fixtures, \$238; plaster models, \$163; total, \$928.

According to these figures we must add an amount of \$103 to the present contract because of the additional cost for hardware, making the contract amount \$46,612.

PUBLIC BUILDINGS DEPARTMENT.

A. Piotti Company has been ordered to make a change in the contract for gymnasium, South Boston, dated January 4, 1946.

Make the following changes in the electrical work to take care of the additional load on the oil burner equipment: Remove three present circuit breakers in panel P, furnish and install three new circuit breakers, each of 25 amperes capacity, change the feed to panel from three number 8's now installed to three number 6's type T wire, run and install a new ¾-inch conduit line from panel P to oil burner control location, add to the contract, \$123.60; install new gas pipe from present entrance of gas main at front of the Municipal Building across the old basement and into the boiler room, and add to the contract, \$354.30; change flooring of gymnasium from maple to beech 25/32 inches thick matched at sides and end, no change in contract price, and the amount of \$477.90 will be added thereto, making the account as follows: contract price, \$83,984; total additions, \$6,561.73; amount of contract, \$90,545.73.

POLICE DEPARTMENT ORDERS.

General Order No. 869.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, March 27, 1947, at 7.45 o'clock a. m.:

Patrolman James J. Dunn, Division 6. 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 870.

The Department of Civil Service and Registration will hold an examination for promotion to the grade of sergeant in the Boston Police Department, according to the following notice received at this office:

"MASSACHUSETTS CIVIL SERVICE EXAMINATION FOR PROMOTION TO SERGEANT, BOSTON POLICE DEPARTMENT, MAY 10, 1947.

Salary: \$3,100 a year.

Vacancies: From time to time, for males. (If requisitions calling for females are received in the future, a separate examination will be held at a later date for such positions.)

Eligibility: This examination is open to the persons in the Boston Police Department who have been employed in the grade of permanent patrolman, after certification, for at least one year prior to the date of examination.

Duties: The regular duties of a police sergeant.

Subjects and Weights: Seniority, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Applications: Application blanks may be obtained from the Division of Civil Service, Room 148, State House, Boston. When completed, applications should be returned to the Division of Civil Service. Applications must be placed on file not later than Monday, April 21, 1947, at 5 p. m.

Military Absentees: Applicants who are absent on military duty may be allowed to take this examination provided that they make request at the time of filing application and that the necessary arrangements for the proper conduct of the examination can be made. Under the provisions of chapter 708 of the Acts of 1941, as amended, persons unable to compete in a competitive promotional examination because of absence in military or naval service may be given a qualifying promotional examination if request in writing is made within six months after the termination of such service.

Applicants will be notified of the time and place of examination.

THOMAS J. GREEHAN,
Director of Civil Service."

It will be noted particularly that applications, when completed, are to be returned to the Division of Civil Service not later than Monday, April 21, 1947, at 5 p. m.

Written notice of this examination shall be forwarded by commanding officers to all those eligible for examination who are absent on military duty.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each station house, where it may be easily read, and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the Superintendent's Office if the posted copy becomes mutilated or destroyed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 871.

I am pleased to bring to the attention of the department the following letter received from Harrison G. Reynolds, General Chairman, 1947 Red Cross Fund for Greater Boston:

"March 20, 1947.

COL. THOMAS F. SULLIVAN,
Police Commissioner.

DEAR COLONEL SULLIVAN.—We are very proud of the magnificent record of the Police Department and I feel sure that you, too, must feel highly gratified by their loyal and generous support of the Red Cross. On behalf of the Greater Boston Alliance, will you please express

my heartfelt thanks to all the members of the Police Department.

Cordially yours,
HARRISON G. REYNOLDS,
General Chairman.

The department, through the generosity of its members, exceeded its allotted quota this year, which placed us in the forefront of the Public Employees Division.

The splendid support given the Red Cross by members of the department was a source of great pleasure to me, and I wish to compliment all those who contributed to this worthy cause.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 872.

The resignation of Patrolman Daniel L. Goode of the Bureau of Criminal Investigation having been presented, it is hereby accepted, to take effect on Saturday, March 29, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 873.

The resignation of Patrolman James J. MacDonald of Division 19 having been presented, it is hereby accepted, to take effect on Monday, March 31, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 15-inch and 12-inch pipe surface drain and four catch-basins in Pond street, between Rockwood street and Neillian Crescent (southwesterly arm), in the West Roxbury district, at an estimated cost of \$9,600.

FIRE DEPARTMENT ORDERS.

General Order No. 27.

I. CHARLES A. BUCHANAN.

It is with deep regret that the Fire Commissioner announces the death of Hoseman Charles A. Buchanan of Rescue Company 2 who was killed during the performance of his duties during a fire at Box 5123, three alarms, on Monday, March 24, 1947. Hoseman Buchanan was appointed to the department on November 17, 1943.

The funeral will be held from his late home, 5 Iroquois street, Roxbury, at 10.15 a. m., Wednesday, March 26, 1947, followed by services at the Mission Church, Tremont street, Roxbury, at 11 a. m.

The Chief of Department will make the customary detail to act as funeral escort and the members of Rescue Company 2 will be excused from duty to attend the services.

II. GEORGE H. CONNER.

It is with deep regret that the Fire Commissioner announces the death on March 19, 1947, of Auto Repairer George H. Conner of the Maintenance Division. Auto Repairer Conner was appointed to the department June 18, 1918.

The funeral was held from his late home, 91 Dunster road, Jamaica Plain, Saturday, March 22, 1947, at 10.15 a. m., followed by services at St. Thomas's Church, South street, at 11 a. m.

The Superintendent of Maintenance detailed members of the division to act as funeral escort.

III. ASSIGNMENTS OF PROVISIONAL FIREMEN.

The following assignments, which became effective at 8 a. m., Wednesday, March 19, 1947, are hereby announced:

Arthur W. Bunker to Ladder Company 32.

David J. McKinnon to Ladder Company 18.

The following assignments of provisional firemen, which will become effective at 8 a. m., Wednesday, March 26, 1947, are hereby announced:

Charles J. Ambrose to Engine 51.

Stephen Cedorchuck to Engine 36.

James M. Connolly to Engine 21.

James J. Fennessey to Engine 53.

John P. McNulty to Engine 49.

John P. Culhane to Ladder 8.

Donald R. Mullen to Engine 36.

William T. Murphy, Jr., to Ladder 5.

James J. O'Neill to Rescue 3.

William B. Parker to Ladder 4.

Alfred R. Sears to Ladder 9.

Walter E. Stearns to Engine 27.

IV. PROMOTIONS.

The following promotions, which will become effective at 8 a. m., Wednesday, March 26, 1947, are hereby announced:

Master Joseph J. McDonough, Engine Company 31, to lieutenant.

Hoseman John B. Hoar, Engine Company 37, to lieutenant.

V. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, March 26, 1947, are hereby announced:

Capt. James G. Buchanan, from Engine Company 5 to Ladder Company 31.

Hoseman George A. West, from Tower Company 1 to Fire Prevention.

Hoseman Kenneth E. Liddell, from Fire Prevention to Engine Company 49.

Hoseman Gerard D. Spear, from Engine Company 7 to Tower Company 2.

Hoseman John F. Healy, from Engine Company 53 to Engine Company 28.

Hoseman Edward J. Higgins, from Engine Company 21 to Engine Company 52.

Hoseman Joseph E. Landry, from Rescue Company 3 to Ladder Company 19.

Hoseman William E. Powers, from Engine Company 9 to Ladder Company 31.

Hoseman Richard J. Mahoney, from Engine Company 25 to Engine Company 2.

Ladderman Thomas J. Cloonan, from Ladder Company 9 to Engine Company 51.

Ladderman Dante C. Ciampa, from Ladder Company 31 to Engine Company 45.

Ladderman William A. McLaughlin, from Ladder Company 22 to Ladder Company 13.

Ladderman Joseph A. O'Neil, from Ladder Company 8 to Engine Company 13.

Ladderman Joseph F. White, from Ladder Company 27 to Ladder Company 8.

Ladderman Charles L. O'Reilly, from Ladder Company 18 to Ladder Company 19.

Ladderman Theodore P. Cressey, from Ladder Company 19 to Ladder Company 33.

Ladderman Charles N. Vogel, from Ladder Company 5 to Ladder Company 20.

P. F. Daniel F. Kent, from Ladder Company 13 to Ladder Company 22.

P. F. Walter W. Corwin, Jr., from Engine Company 27 to Engine Company 32.

VI. CHANGE IN RATING.

The following change in rating, which will become effective at 8 a. m., March 26, 1947, is hereby announced:

Apparatus Operator Alfred T. Cunningham, High Pressure, to engineer.

VII. RESIGNATION.

The following resignation, which will become effective at 8 a. m., Wednesday, March 26, 1947, is hereby announced:

Hoseman Arthur E. Brennan, Fire Prevention Division.

VIII. BOSTON AUTOMATIC ASSIGNMENTS.

The following signal numbers are to be added to running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 452, building, 10½ Beacon street, Book Drum Northeast End.

Signal 453, building, 10½ Beacon street, main building.

Apparatus to respond to foregoing signals: Engine 4, Ladder 24, District Chief 5. Nearest box is 1371.

IX. COMMENDATIONS.

Cable Splicer Stephen A. Lydon of the Fire Alarm Division is hereby commended for responding to and working at fire, Box 2441, three alarms, on March 19, 1947, while off duty.

P. M. S. Frederick H. Stetson of Ladder Company 1 is hereby commended for responding to and working at fire, Box 1322, on March 21, 1947, while off duty.

Provisional Firemen John J. McHugh, Jr., and Thomas J. Burke of Ladder Company 11 are hereby commended for responding to and working at fire, Box 5271, three alarms, March 22, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

General Order No. 29.

I. PROMOTION.

The following promotion, which will become effective at 8 a. m., Wednesday, April 2, 1947, is hereby announced:

Second Engineer Clarence T. Murphy, Engine 44, to first engineer.

II. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, April 2, 1947, are hereby announced:

Hoseman George F. Frazier, from Tower Company 2 to Fire Prevention.

Hoseman Dante C. Ciampa, from Engine Company 45 to Ladder Company 31.

III. RETIREMENTS.

The following retirements, on account of accidental disability in line of duty, which became effective at 8 a. m., Wednesday, March 26, 1947, are hereby announced:

Assistant Superintendent William N. Bonner, Fire Alarm Division.

Hoseman William R. Hayhurst, Engine Company 1.

Hoseman Thomas F. Gaffney, Engine Company 28.

Hoseman William L. Magee, Engine Company 45.

The following retirements, on account of accidental disability in line of duty, which will become effective at 8 a. m., Wednesday, April 2, 1947, are hereby announced:

Hoseman Richard F. Aylward, Engine Company 11.

Hoseman Patrick H. Murphy, Engine Company 26.

Ladderman William P. Hogan, Ladder Company 15.

Assistant Superintendent Bonner was appointed to the department January 28, 1921. He was promoted to foreman of construction July 24, 1925; to supervisor of construction December 9, 1927, and to assistant superintendent of Fire Alarm July 21, 1931. Hoseman Hayhurst was appointed to the department January 31, 1913; Hoseman Gaffney was appointed February 1, 1924; Hoseman Magee was appointed April 5, 1916; Hoseman Aylward was appointed September 29, 1916; Hoseman Murphy was appointed July 12, 1918, and Ladderman Hogan was appointed June 30, 1916.

All the foregoing members leave the department with the best wishes of their associates.

IV. RESIGNATIONS.

The following resignation, which became effective at 8 a. m., March 28, 1947, is hereby announced:

Provisional Fireman William F. Lane, Ladder Company 32.

The following resignation, which became effective at 8 a. m., March 27, 1947, is hereby announced:

Provisional Fireman John P. McNulty, Engine Company 49.

The following resignation, which became effective at 8 a. m., March 31, 1947, is hereby announced:

Provisional Fireman Daniel F. O'Brien, Engine Company 51.

The following resignation, which will become effective at 8 a. m., April 2, 1947, is hereby announced:

Provisional Fireman Daniel F. Chisholm, Rescue Company 1.

The following resignation, which will become effective at 8 a. m., April 5, 1947, is hereby announced:

Provisional Fireman James B. Shields, Ladder Company 17.

V. CHANGE IN DESIGNATION ON ASSIGNMENT CARD.

Company commanders shall change the designation of Box 15-1471 on the

assignment card for Box 1471 so that it shall read as follows:

15-1471, Victory Theatre, 663 Washington street.

The name of the Gaiety Theatre at the foregoing location has been changed to Victory Theatre.

VI. CHANGE IN G. A. C. ASSIGNMENT.

Notice has been received from the General Alarm Corporation that the premises, 52-56 Summer street, formerly occupied by Smith Patterson Company, Inc., are now tenanted by Leopold Morse Company.

Company commanders shall, therefore, make the following change in the G. A. C. running card:

Signal 211 (page 9), should read: 52-56 Summer street, Leopold Morse Company.

VII. U. S. COAST GUARD.

Subject: Coast Guard Supervision of Dangerous Cargo Handling and Stowage Operations.

The Coast Guard no longer affords security previously rendered in accordance with sections 6.79, 6.80 and 6.81 and other provisions of the regulations in Part 6, Subpart A, of Title 33, C. F. R., which were canceled or modified by the regulations published in the Federal Register of August 28, 1946.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

John A. Nagle, 542 East Fourth street, South Boston, to be reimbursed in the sum of \$125, as a result of an accident which occurred on September 6, 1946, when scow belonging to the McKie Lighter Company was damaged while passing under Warren Bridge which he, as drawtender, refused to open.

Mary K. Sheehan, 540 Ashmont street, Dorchester, to be reimbursed in the sum of \$25, for collapse of hot water boiler in above premises caused when water was shut off by employees of the Water Division without proper notice, November 12, 1945.

John J. Doherty, 49 Corey street, Charlestown, to be reimbursed in the sum of \$25, as a result of an accident which occurred on September 16, 1946, when motor vehicle belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Charles J. Interland.

Raymond F. Orchs, 13 Roach street, Dorchester, to be reimbursed in the sum of \$105, as a result of an accident which occurred on November 21, 1946, when motor truck belonging to the Fire Department, which he was operating, collided with a truck owned by Miller Morse Fuel Company.

Mrs. S. Yacubian, 3 Vermont street, West Roxbury, to be reimbursed in the sum of \$95, as compensation for damage to property caused by lowering of the grade of Vermont street when it was reconstructed by the Highway Division, Public Works Department, in November, 1945.

John X. Sullivan, 16 Melton road, Brighton, to be reimbursed in the sum of \$72.50, as a result of an accident which occurred on November 4, 1946, when a motor vehicle belonging to the Police Department, which he was operating, collided with an automobile owned by Mrs. Vena Drooker.

Clyde E. Strickland, 206 Stratford street, West Roxbury, to be reimbursed in the sum of \$195, as compensation for damage to property in cellar of above premises caused by backing up of sewer during July and August, 1946.

Joseph M. Rohan, 75 Savin street, Roxbury, to be reimbursed in the sum of \$1.83, as a result of an accident which occurred on December 6, 1946, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with a truck owned by the U. S. Post Office Department.

James J. Cox, 39 Kenwood street, Dorchester, to be reimbursed in the sum of \$28, as a result of an accident which occurred on June 13, 1946, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Adam J. Holowenko.

Benjamin Abrams, 191 Campbell avenue, Revere, to be reimbursed in the sum of \$25, as compensation for damage to automobile caused by employees of the Bridge and Ferry Division who were spraying white paint on the ceiling of the Sumner Tunnel on November 20, 1946.

William B. McKeen, 37 Crescent avenue, Revere, to be reimbursed in the sum of \$85, as compensation for damage to automobile caused by employees of the Bridge and Ferry Division who were spraying white paint on the ceiling of the Sumner Tunnel on November 20, 1946.

Nicholas J. Schaaf, 22 Neponset avenue, Hyde Park, to be reimbursed in the sum of \$495, as a result of an accident which occurred on October 26, 1945, when motor truck belonging to the Sewer Division, Public Works Department, which he was operating, collided with an automobile owned by William Compagnone.

Garode R. Joyce, 138 Millet street, Dorchester, to be reimbursed in the sum of \$61.50, as a result of an accident which occurred on October 9, 1946, when motor truck belonging to the Fire Department, which he was operating, collided with a car owned by Lever Brothers Company.

Charles H. Dolan, 21 Worley street, West Roxbury, to be reimbursed in the sum of \$150, as damage to property caused by lowering of the grade of Dwinell street when it was reconstructed by the Public Works Department in June, 1945.

Beatrice E. Shaw, 39 Pillon road, Milton, to be reimbursed in the sum of \$16, for expense incurred in locating water leak which later was found to be on city property and not on the premises owned by her at 114 Saxton street, Dorchester, September 18, 1946.

Robert E. Harrington, 21 Whitten street, Dorchester, to be reimbursed in the sum of \$6.50, as a result of an accident which occurred on January 7, 1947, when motor truck belonging to the Fire Department, which he was operating, collided with an automobile owned by Walter W. Anderson.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 24, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Fish and Russo.

The meeting was opened with the salute to the Flag.

AMENDMENT OF ORDINANCES RE MARKET LEASES.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1947.

To the City Council.
Gentlemen,—I am in receipt of a communication from the Superintendent of Public Buildings, recommending a further change in section 8, chapter 25, of the Revised Ordinances, as most recently amended.

The Superintendent of Public Buildings is prompted to make this recommendation upon advice of the Law Department of the city.

I am in agreement that the present ordinances concerning conditions in market leases lack the proper flexibility which will permit advantageous leases to be written in harmony with existing conditions. I therefore recommend the adoption of the accompanying amendment to the ordinances, and I further recommend that prompt action be given this matter by your Honorable Body in view of the fact that the revision of the ordinances, ordered by your Body last year, is now near completion.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
March 18, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In the opinion of the Law Department, section 8 of chapter 25 of the Revised Ordinances should be amended in order that the market leases may be consummated from time to time and to meet varying conditions.

Under the present circumstances the conditions contained in the present ordinance lack a flexibility which is most necessary for the best form of lease to protect the best interests of the city.

I agree with the Law Department that this ordinance should be changed and I respectfully request your Honor to submit the amendment to the ordinance as outlined by the Law Department to the City Council.

Yours truly,
JAMES E. SULLIVAN, Superintendent.

City of Boston,
Law Department, March 7, 1947.
Mr. James E. Sullivan, Superintendent,
Public Buildings Department.

Dear Mr. Sullivan,—In contemplation of preparing the leases and the terms and conditions thereof for the Faneuil Hall Market, it is the opinion of the Law Department that the present ordinance, namely, section 8 of chapter 25 of the Revised Ordinances of 1925, requires further amending for the best interests of the City of Boston.

I am therefore enclosing an original and three (3) copies of the proposed change in this ordinance and respectfully request that you address a letter to his Honor the Mayor, together with these copies, asking that his Honor submit the same to the City Council for approval.

Very truly yours,
CHARLES M. ROSENFELT,
Assistant Corporation Counsel.

Section 8 of chapter 25 of the Revised Ordinances of 1925 is hereby repealed and in place thereof the following section is hereby substituted:

SECTION 8. The Superintendent of Public Buildings shall lease the stalls, cellars and second floors in Faneuil Hall Market for a term of no less than three years at rents not less than those which have been established by the vote of the City Council therefor. No lease shall be valid unless executed by the Superintendent of Public Buildings, approved as to form by the Corporation Counsel, and approved in writing by the Mayor.

Referred to the Committee on Ordinances.

ORDINANCE RE VACATION AND SICK LEAVE FOR EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1947.

To the City Council.

Gentlemen,—I transmit herewith an opinion from the Corporation Counsel concerning chapter 7 of the Ordinance of 1945, relative to vacation and sick leave for employees.

It is the opinion of the Corporation Counsel that the foregoing ordinance is wholly void, and

in the opinion substantial references are given bolstering such opinion. It is my purpose to notify all department officials of this most recent opinion concerning the vacation and sick leave ordinance.

I therefore suggest to your Honorable Body that chapter 7 of the Ordinance of 1945 be repealed, as said ordinance will from this date forward have no further effect.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, March 15, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—You have requested my opinion as to the validity of chapter 7 of the Ordinance of 1945. That ordinance has two parts. The principal provision of the first part is that appointing officers "shall grant" to permanent employees of the City of Boston, and temporary employees who have completed six months of continuous service, certain vacation with pay. The principal provision of the second part is that employees of the city in appointive positions "shall, after completing six months of continuous service, be allowed" certain sick leave with pay. The other provisions of each part are so mutually connected with and dependent upon the respective principal provisions as to warrant a belief that the City Council intended all the provisions in one part as a single plan (see Sick Leave Rule VII) and that, if the City Council had not passed the principal provision of the part, it would not have passed the other provisions of that part. Hence, if the principal provision of a part is invalid, all the provisions of that part must fall.

Under St. 1885, c. 266, s. 6 (as amended by St. 1889, c. 320), and St. 1909, c. 486, s. 5 (as most recently amended by St. 1936, c. 152), the boards and officers in charge of the several executive departments of the city have the power to fix the salaries of the employees in their respective departments. The exercise of this power is subject only to your general supervision and control. The City Council cannot lawfully participate therein. St. 1909, c. 486, s. 8. See also St. 1885, c. 266, s. 12. An incident of the power to fix salaries is the power to determine both the vacation leave and the sick leave for which an employee may receive compensation. See *Quinlan v. Cambridge*, 1946 Mass. A. S. 953; also *Averell v. Newburyport*, 241 Mass. 333, 335, and cases cited. It follows that the rules and regulations governing vacation leave and sick leave are to be promulgated by the various boards and officers for their respective departments subject only to your general supervision and control. The City Council cannot directly or indirectly take part in the matter. The principal provisions of both parts of chapter 7 of the Ordinances of 1945 are mandatory in form and purport to dictate to the several department heads the vacation leave and the sick leave which they shall grant their employees. Both parts of the ordinance thus violate St. 1909, c. 486, s. 8.

This conclusion, which accords with an opinion given by Corporation Counsel Thomas M. Babson to the Trustees of the Cemetery Department on May 4, 1910, is not in conflict with G. L. (Ter. Ed.) c. 41, s. 111, as amended, or with St. 1908, c. 587, or with G. L. (Ter. Ed.) c. 41, s. 111B, as amended.

G. L. (Ter. Ed.) c. 41, s. 111 (as most recently amended by St. 1946, c. 301), which was accepted by the City of Boston on November 3, 1914, reads in part: ". . . all permanent civil service employees as well as persons classified as common laborers, skilled laborers, mechanics or craftsmen, regularly employed by such city or town, shall be granted an annual vacation of not less than two weeks without loss of pay. Such vacations shall be granted by the heads of the respective departments of the city or town at such time as in their opinion will cause the least interference with the performance of the regular work of the city or town. . . ." At one time this statute contained a clause giving the City Council a limited power over vacations (see St. 1915, c. 60; St. 1921, c. 486, s. 10; St. 1923, c. 346; St. 1927, c. 131; St. 1932, c. 109; St. 1936, c. 242; and St. 1937, c. 15); but that clause was eliminated by St. 1941, c. 368. In its present form, the statute does not expressly state who is to establish the length of an employee's vacation; but the plain implication of the language used, when considered in the light of the statute's history, is that the heads of the respective departments of the city are to do so. Thus, G. L. (Ter. Ed.) c. 41, s. 111, as amended, really militates against the validity of the ordinance in issue.

St. 1908, c. 210, s. 5, as inserted by St. 1908, c. 587, s. 1, provides that nothing in that act (which relates to pay rolls) shall be construed as making it unlawful for a department head "to certify as days of employment holidays, half-holidays or vacation, authorized by the mayor and city council, although no labor or services are performed thereon." If the act is to be construed as vesting authority in the City Council, which it probably does not (see opinion given by the then Acting Corporation Counsel to former Mayor John F. Fitzgerald on August 25, 1913), the authority vested is merely the right to authorize, not the right to require or direct, department heads to grant holiday and vacation leave. See opinion rendered by Corporation Counsel Thomas M. Babson to the City Council on June 17, 1910.

As above noted, the ordinance in issue purports to be a mandate to department heads and so does not come within the scope of the statute last quoted even if it be an enabling act.

G. L. (Ter. Ed.) c. 41, s. 111B (as amended by St. 1946, c. 187), which was accepted by the City of Boston on June 14, 1945, and provides sick leave for certain employees, cannot be invoked in support of the ordinance. The ordinance relates to all employees of the city in appointive positions; but section 111B concerns only foremen, laborers, workmen, and mechanics. Furthermore, the ordinance purports to grant sick leave; whereas section 111B merely empowers the City Council to determine the number of years for which sick leave allowances granted by that statute to foremen, laborers, workmen and mechanics and not used in any particular year may be accumulated for use in a subsequent year. Not even the provisions in the ordinance which pertain to the accumulation of sick leave can be upheld under section 111B, for they plainly relate to the sick leave granted by the ordinance and not that granted by section 111B.

This brief review of G. L. (Ter. Ed.) c. 41, s. 111, as amended, St. 1908, c. 587, and G. L. (Ter. Ed.) c. 41, s. 111B, as amended, makes it readily apparent that there is nothing in any of these statutes rendering St. 1909, c. 486, s. 8, inapplicable to the ordinance in question. As previously indicated, both the vacation leave and the sick leave parts of that ordinance violate the prohibition in St. 1909, c. 486, s. 8, against the City Council's taking part in the conduct of the executive or administrative business of the city. It follows that in my opinion chapter 7 of the Ordinance of 1945 is wholly void.

Respectfully yours,
JOSEPH A. SCOLPONETTI,
Corporation Counsel.

Referred to Committee on Ordinances.

APPROPRIATION FOR CHARLES STREET JAIL.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1947.

To the City Council.
Gentlemen,—I am submitting herewith a supplementary appropriation order in the sum of \$14,500 for necessary and urgent improvements at the Charles Street Jail.

I recommend passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of fourteen thousand five hundred dollars (\$14,500) be, and hereby is, appropriated for jail improvements, said sum to be raised by taxes on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon apply to the appropriations and taxes herein provided for.

Referred to Committee on Appropriations.

ADDITIONAL APPROPRIATIONS, 1947 BUDGET.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1947.

To the City Council.
Gentlemen,—Since submission of the budget to your Honorable Body on February 3, 1947, I have been advised by the Budget Commissioner that it will be necessary to increase the appropriations for the following departments as specified:

Fire Department, C-16, Wearing Apparel, \$69,000; Institutions Department, Steamer "Stephen J. O'Meara," B-39, General Repairs, \$6,000; Registry of Deeds, A-1, Permanent Employees, \$12,000; total, \$87,000.

The additional sum of \$69,000 in the budget of the Fire Department is necessary in order to provide uniforms for the new men and officers required due to the 48-hour law now in effect.

The additional sum of \$6,000 in the budget of the steamer "Stephen J. O'Meara" is necessary in order to cover emergency repairs as required by the U. S. Coast Guard marine inspectors. The original allowance of \$14,000 will not be sufficient to meet the cost of these repairs.

The additional sum of \$12,000 in the budget of the Registry of Deeds is necessary in order to provide for the salary of a Technical Assistant established under the provisions of chapter 185, section 10A, of the General Laws, and to rectify a miscalculation in the item of Piece-Work Copyists.

I respectfully request your Honorable Body to increase the appropriations as above outlined and, in accordance with Charter provisions, I give my approval to such increases.

Respectfully,
JAMES M. CURLEY, Mayor.

Referred to Committee on Appropriations.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Guilford S. Allen, for compensation for injuries caused by an alleged defect at 52 Beverly street.

Anthony Carvilla, to be reimbursed as result of accident which occurred while in performance of duty.

Mary Fahey, for compensation for injuries caused by an alleged defect at 1 Stoughton Street place.

Frank J. Gayeski, to be reimbursed as result of accident which occurred while in performance of duty.

George W. Girvan, to be reimbursed as result of execution issued against him.

H. & C. Taxi, Inc., for compensation for damage to car by city car.

Enid Hallin, for daughter, Marion Hallin, for compensation for injuries caused by police cruising car.

Lars P. Hanson, to be reimbursed for collapse of water boiler at 26 Ridgewood street, Dorchester, caused by water being shut off.

George Holland, for compensation for loss of clothing at Boston City Hospital.

Patrick G. Howell, to be reimbursed as result of execution issued against him.

Jennie Lee, for compensation for injuries caused by an alleged defect at 21 Hudson street.

Matthew C. Muliero, to be reimbursed for execution issued against him.

Musolino Loconte Company, for compensation for damage to truck caused by an alleged defect in Mercantile street.

Lloyd J. Marshall, for compensation for damage to car caused by defective roof at 27 Avenue E, Columbia Village.

Lloyd J. Marshall, to be reimbursed for expenses incurred in repairing roof at 27 Avenue E, Columbia Village.

Bella Rees, for compensation for injuries caused by an alleged defect at Haymarket Square terminal.

Dagney Rognes, for compensation for injuries caused by an alleged defect at 722 Huntington avenue.

James Slamatos, for compensation for damage to car by city car.

S. M. Spencer Manufacturing Company, to be reimbursed for plate glass sign broken by city truck.

U. S. Army, First Service Command, for refund on ferry tickets.

Committee on Licenses.

Petitions for driveway openings: Max Segelman, 165 Stanwood street; Joseph J. Gottlieb, Joseph M. Greenberg, 120 Mountfort street, Ward 21; Joseph J. Benkert, 719 Washington street, Ward 17; Trimont Manufacturing Company, 55 Amory street, Ward 11; White Fuel Corporation, 888-940 East First street, Ward 6; Italian Catholic Cemetery Association, at Bourne street and Neponset avenue, West Roxbury.

Petition for motor bus operation: Boston Elevated Railway Company, to operate motor buses over Beacham street, between busway leading from Sullivan square Terminal and Main street.

Petition for Sunday bowling permit: New Allston Alleys, John J. Callaghan, 137 Brighton avenue, Allston, Ward 21.

Executive Committee.

Petition of Helen C. Kilroy, to be paid annuity on account of death of her husband, Charles B. Kilroy, late member of Police Department.

Petition of Boston American League Baseball Company for license for Sunday Sports, full term.

Petition of National League Baseball Club for license for Sunday Sports, full term.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. MUCHNICK—Is there any particular reason why the baseball licenses should not go to the License Committee instead of the Executive Committee?

President KELLY—It has been customary for the last ten years to send it to the Executive Committee.

NOTICE TO EVERETT K. MacISAACS.

Notice to Everett K. MacIsaacs in answer to his communication of March 12, 1947, re permit for driveway opening at 312-318 Athens street, South Boston, that Council voted to grant this opening on March 25, 1946, and Mayor approved such vote March 26, 1946, and permit can be obtained at Permit Office, Public Works Department, City Hall Annex.

Placed on file.

NOTICE OF HEARING BEFORE PUBLIC UTILITIES DEPARTMENT.

Notice was received of hearing to be held March 27, at 10.30 a. m., before Department of Public Utilities on petition of City of Boston that Public Utilities Department determine the amount to be paid by Commonwealth of Massachusetts as their share of rental on account of alterations and extensions to Boylston street subway, the

Boston Elevated Company having notified city that there will be no payment of rental by the company.

Placed on file.

COMMUNICATION FROM BOSTON WATERWAYS, INC.

The following was received:

Boston Waterways, Inc.,
1119 Old South Building,
Boston, March 13, 1947.

To the Mayor and City Council of the City of Boston in their capacity as County Commissioners of the County of Suffolk, Commonwealth of Massachusetts.

Dear Sirs,—In accepting the license issued to Boston Waterways, Inc., to operate a ferry service for hire across Boston Harbor, approved by the Mayor March 11, 1947, the licensee agrees that unless explicit written permission for a change is given hereafter by the licensing authority:

(a) The regular landing place in Boston shall be on Fort Point Channel on the north side of the Congress street bridge, and

(b) On those occasions when because of the state of the tide it would not be possible for the boats of the licensee to reach or depart from this usual landing place without requiring the opening of the Northern Avenue drawbridge, landings will be made at a secondary dock located north of the Northern Avenue Bridge.

Very truly yours,

Boston Waterways, Inc.,
BEECKMAN L. FAIRBANK,
President.

Placed on file.

APPOINTMENT OF JOSEPH A. LANGONE, JR.

Notice was received from the Mayor of appointment of Joseph A. Langone, Jr., of 190 North street, Boston, to be Election Commissioner for the term ending March 31, 1950.

Placed on file.

NOTICES OF INTEREST IN CONTRACT.

A communication was received from Mary W. Cauley, Director of Household Science and Arts, that she is author of book, "The Science and Art of Homemaking," authorized for use as text book by School Committee.

Notice was received from Merton P. Ellis, member of Board of Appeal, of interest in contract awarded by Law Department.

Severally placed on file.

VACATIONS AND SICK LEAVES FOR POLICE OFFICERS.

Coun. HANNON and BRYAN offered the following:

Ordered, That the City of Boston hereby accept chapter 146 of the Acts of 1947, an Act relative to vacations and sick leave for police officers of the City of Boston.

Passed under suspension of the rules.

Coun. HURLEY—Mr. President.

President KELLY—Councillor Hurley.

Coun. HURLEY—I had the same type of order to introduce.

ARCHITECTURAL PLANS FOR VETERANS' HOUSING.

Coun. LINEHAN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to secure architectural plans from the New York State Commissioner of Housing relative to the construction of homes for disabled veterans who have lost the use of their legs as a result of a disability incurred while in the armed forces of our country; and that a survey should be conducted by the Boston Housing Authority to ascertain the number of Boston war veterans so afflicted in order that a sufficient number of specially constructed homes may be provided out of the City of Boston's \$10,000,000 appropriation for housing for veterans, such as is being done at the Manhattan Beach Housing Project in Brooklyn, and be it further

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to take notice of the fact that Howard W. Hopkins, Executive Director of the Child Welfare League of America, recently stated "Housing Lack Seen Cause of Birth Control." He further stated "that many couples have deferred having children because of no place to rear them." He urged the League to appeal to local housing agencies to include provisions for more children in mapping future housing expansion. Therefore, it is suggested that the Boston Housing Authority construct a sufficient number of 6-room apartments in the City of Boston's \$10,000,000 housing program, in order that provision may be made for the growth of war veterans' families.

Coun. LINEHAN—Mr. President, with regard to the first part of my order I would like to say a few words relative to what they are doing in

New York City at the present time. I recently read an article in the paper that mentions the fact that there are seven veterans being provided with the type of housing which they will need as a result of a condition incurred and inflicted upon them by the war; that is to say, they have lost the use of their legs, as a result of which it is very difficult for them to get around in the ordinary home. It happens that right in my own ward there is one war veteran who has lost both legs; as a matter of fact, they have been cut off, one was shot off and the other was finally cut off because it was hanging by just a small part of skin and flesh. As a result of this condition and as his family lives in a three-flat apartment house, such as many of us live in at the present time, he has to be carried up and down the stairs. Even without his legs the boy happens to be a very heavy young man, and as a result of being carried up and downstairs, it does not help his morale any. I know that many veteran organizations are joining together to try to do something for him with the view to raising a sufficient amount of money probably some time in the future—I hope in the not too far distant future—to construct a special home for him. My thought in the matter was, shouldn't the City of Boston itself have specially constructed homes for these particular young men? There might be, as I understand and have been informed by the veterans' organizations, probably about four people in Boston afflicted like this young man, four without the use of their legs and who have arrived at that condition as a result of serving their country in the armed forces in the last war. Contrary to what I read on the editorial page of one of our local papers, this young man has not found it possible to procure proper housing conditions. This young man I am referring to is living with his family, and I understand there are seven people living in one flat of about four rooms. It seems to me there are a great many people in this country who think the statistics relative to the lack of housing do not show that there is actually a need for housing such as we needed before the war. I am not getting these so-called statements out of my head; in fact, I read them in one of our local papers. On the editorial page of this paper it says, "By the simple but long available device of referring to the figures of the United States Census Bureau for 1946, the economist shows that there is little actual housing shortage in the United States." Of course, I do notice in this particular article it does say "in the United States," but the article goes on and disagrees with the thought in the minds of many of us here in Boston, that there is a lack of housing, not only for veterans but for everybody, and I think every councillor here who listens to the heartaches day in and day out and the cries to help the people of Boston overcome their heartaches, yes, the city councillor is another gentleman in public office who is trying to help the poor unfortunates, and we are the type of men in the City of Boston that are trying to help people get over the troubles which they have incurred as a result of the World War conditions. We are trying to help them get houses. The members of the City Council only some six months ago passed a \$10,000,000 loan order for housing, and let me state for the benefit of the citizens of Boston, that program was started by the members of the Boston City Council and not his Honor the Mayor. I noticed in the papers recently that they give credit, if credit is due to anybody, to his Honor the Mayor for his housing program for veterans. After awhile, some of us who I think have fought for the veterans relative to housing day after day and who have taken the floor last year fighting for houses for veterans over the opposition of his Honor the Mayor, get kind of tired of reading in the papers day after day that his Honor the Mayor is doing something for veterans. I have noticed it in the City Record. I, as a member of the City Council, am not going to sit back forever and have to listen to the attacks on the "do nothing" city councillors. If we have done nothing else, we have passed a loan order for \$10,000,000 for the housing of veterans, and may I say every member of this Council got behind that program 100 per cent, and I am sorry to say that up to this date no city councillor in any way has received to my knowledge very much recognition for that hard fought battle which they won over his Honor the Mayor, and I think it is time somebody got up on the floor of the Council to give credit where credit is due. After all, I do realize the taxpayers of Boston in the long run will gain. Over a period of years the veterans who have lived in those houses may buy them at the end of five years and will pay a sufficient amount of money to the taxpayers of Boston so that in the long run the taxpayers of Boston won't lose one cent. As a matter of fact, after five years when the veterans and others buy these homes, they will then be taxable by the city and probably over a period of 10 or 15 years the city will be more than reimbursed for all the moneys they paid for housing. I can't see that the taxpayers are going to be charged one red cent in providing decent housing for veterans and others, because not only will the veterans be able to buy the houses in five years but any citizen may if he is lucky enough to be able to get one. The City Council has been trying to get information relative to the administration of the \$10,000,000 housing program, and the councillors are probably sick and tired of listening to me month after month filing orders relative to housing. I am filing these orders merely to let the members

of the Boston Housing Authority and the Mayor know that at least the Boston City Council wants to know what action is being taken relative to the housing program for veterans. I don't mean the shacks at good old Camp McKay. I mean good housing such as that which can be built under the supervision and under the direction of the Boston Housing Authority. I don't suggest the Boston Housing Authority should do everything I suggest, but I think it is our duty to notify the Boston Housing Authority who are agents of the City of Boston relative to veterans' housing and to take cognizance of the fact that other cities are trying to provide for totally disabled veterans such as the young man I have been speaking about earlier in my talk. They are providing seven homes in Brooklyn, I believe it is, for totally disabled war veterans who have lost their legs as a result of a casualty in World War II, and it seems only fitting and proper that the taxpayers of Boston would like to see some of that \$10,000,000 spent for such a type of house so that a young man can go up a ramp right into it; you might say a one-story structure so that he won't feel under obligation to people for carrying him up and downstairs. I know from experience it is not an easy job to carry people up and downstairs because it is done in my home every day in the week and even I would like to see more specially constructed houses so that I myself might want to buy one of those homes. Going back to this editorial here, it says, "Do you know" he asks, "the American people have more housing now than before the war, not merely in the total number of homes but more in proportion to the number of persons?" May I say to this gentleman, whoever he is, and I don't know who he is, that if he wants to come around with me any day in the week, I will take him into homes in South Boston or Dorchester and all over the city from where I have received letters to intercede about trying to get apartments in housing projects, even in Camp McKay or Allison playground, and all the other places and he no doubt would wish to take back this editorial because I will prove to him beyond any shadow of doubt the housing situation in Boston is terrible. I know homes where there are at least ten people living in about four rooms, and I am not joking, gentlemen. I don't know where those facts and figures have come from which they quote, but it burns me up when we know from our own experience of the terrible housing shortage in Boston. I don't want the local papers to impress the people of Boston that their \$10,000,000 is going to be wasted because we have sufficient housing for Boston. That is not true. Relative to the second part of this order, and contradicting this editorial, I read there was a meeting about a week ago under the supervision, or held, I believe it was, by the Child Welfare League of America, and at that meeting Howard W. Hopkins, Executive Director of the Child Welfare League of America, said among other things, "That although three million children were born in the United States in 1946, many couples had deferred having children because of no place to rear them. Many family homes had been converted into multiple dwellings so streamlined, that no provision had been made for children." The article goes on, "He urged the League to appeal to local housing agencies to include provision for more children in mapping future housing expansion. He also said many families now were broken up because of lack of space for the entire family under one roof. Modern conditions of city living in overcrowded homes make it difficult to bring up a busy, inquiring independent youngster. Society does not know how hard it is to be the mother of a two-year-old in a one-room apartment. She has a ten-acre child with only a play tent for his outlet." The last few remarks were made by Dr. Mary Fisher Langmuir, Professor of Child Study and Director of the Nursery School at Vassar College. That contradicts the statement I read awhile ago in one of the local newspapers in its editorial section. Certainly the people who are studying the trials and tribulations of families and children must know the answer better than this gentleman from one of the local papers. I filed this particular part of the order because of the fact that I read recently the Chairman of the Boston Housing Authority announced probably they would not construct as many six-room apartments as they thought they would at the outset when the \$10,000,000 loan order was passed by us some months ago, and may I let the Boston Housing Authority know that regardless of the cost, we don't want to have birth control, we want to build as many six-room apartments as possible so that the veterans can have children. You only have five-room apartments and that is all, and you know you can only have two or three children, and God knows in the very near future, we might find we are sorry we had any practice of birth control in the United States because they say our population is diminishing, and I dare say one of the reasons is because of the lack of housing, as was said by the distinguished Director of the Child Welfare League of America. This is just serving notice, I think in a nice way, that we want as many six-room apartments built as possible, regardless of the cost because in the long run the city will get the money back, anyhow, it is no cost to the city in the long run. The important thing forgotten by the members of the Boston Housing Authority is, if they do a good job with this \$10,000,000 program, I think the citizens of Boston will demand that the Boston City Council appropriate more money for housing of veterans,

and I think the City Council will go on record after the homes are built and after they see how good a job is done by the Boston Housing Authority for more money; we will then probably request more money for housing for veterans and their families, which ultimately means there will be more housing not only for veterans but others. I sincerely hope the order is passed.

The order was passed under suspension of the rules.

VETERANS' MEMORIAL CONSTRUCTION BY WHITE FUND.

Coun. LINEHAN offered the following:

Ordered, That the Trustees of the George Robert White Fund consider the advisability of constructing a Veterans' Memorial Auditorium which will provide a living memorial to the City of Boston's departed heroes which can be kept alive by making provisions for housing War Veterans Organizations within the Auditorium, and be it further

Ordered, That said Trustees consider the advisability of constructing a large recreational center in Boston which can also be dedicated as a Veterans' Memorial Recreational Center.

Coun. LINEHAN—Mr. President, I realize that when we serve in public office, no matter what we do, no matter if it is the best thing in the world for the people, you will get very little credit for it in the long run. I sincerely think that the present Trustees of the George Robert White Fund thought they were doing a good job for the people of Boston when they decided at least tentatively to erect a monument on the Common as a memorial to the deceased heroes of World Wars I and II. There are some of us, I understand, who object. I read in the newspapers that many people are against the project as outlined by his Honor the Mayor recently. Personally, I for one am not going to disagree with him that that is the type of monument to be erected. I would say this. If it is going to be the only one, I don't think that is the type of monument we should have. I should think it would be more along the lines outlined in this order of ours for obvious reasons. May I say as a citizen of Boston I realize there are hundreds of statues and monuments throughout the city which I as a citizen of Boston have not even seen, and I don't know where they are, and I dare say if we had a large auditorium as outlined in this order and which can be built, by the way, out of the funds which are accumulated as a result of the profits made on the investments of the George Robert White Fund Trustees over a period of years—and in that connection I might say the court ruled in 1938 that recreational centers could be built out of the income from the George Robert White Fund—we have not any worry about having the Trustees tell us they cannot spend the money for these projects because it is obvious they can if they care to read the decision handed down by the Probate Court of Suffolk County. I sincerely believe every veteran sitting in the Council today will agree with me that they as veterans would prefer to have a so-called living memorial to the deceased war veterans such as outlined in this order rather than just a big granite statue or monument, or whatever you might call it, placed on the Boston Common. I think the time has come when people want to see actually living memorials, something which will be of utility to the people of Boston and which you might say would add much more beauty to the city than a statue which would be lost on the Common. I sincerely hope the President of this City Council, who is a member of the George Robert White Fund Trustees, will impress upon the members of the Board of Trustees that these two projects would be much more, you might say, apropos as living memorials to the deceased war veterans than the one which they outlined just a short while ago. It would be a nice thing if the Trustees would decide that we could have those two plus that monument which they tentatively selected as a memorial to the deceased war veterans. I sincerely hope as long as the Trustees won't spend money on the order which I filed last year relative to a hospital which would provide for the care of paralytics, which would include also veterans who have lost the use of their limbs and who are being treated, in my opinion, not in a sufficient manner at the Boston City Hospital and other hospitals, that we could have a real hospital in the city which would take care of the veterans and others who are afflicted with infantile paralysis plus a better hospital for contagious diseases. I think we would have something worth while in the City of Boston which would be a real memorial, not something which is just a dead piece of stone with a little inscription on it.

Coun. COOK—Mr. President, I am highly in favor of what the councilor has just said. Last year when I was on the committee appointed by his Honor the Mayor with the Street Commissioner and the Park Commissioner about a fitting memorial to the veterans of the wars, the first suggestion I made was for a memorial of this nature. I was told at that time that the George Robert White Fund could not spend money for such a memorial. I hope they are wrong, and I hope you, Mr. President, as a member of that Body will see fit to bring our views to their attention to persuade them to put up a proper memorial which, if done correctly over a period of years would be self-paying. The idea could be brought

forth at that meeting that this meeting hall would be available to all veteran organizations. It could also be rented out for convention meetings and it would attract people from out of the state. I hope, therefore, Mr. President, you see to it our views are presented strongly to the Trustees of the George Robert White Fund to see if we cannot get action on this memorial. The order was passed under suspension of the rules.

COLUMBUS PARK IMPROVEMENTS.

Coun. LINEHAN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to install boilers in the Columbus Park Locker Building in order to provide hot water for the children using the park facilities and also to lay out and put in good condition the hard and soft ball baseball diamonds at said Columbus Park.

Passed under suspension of the rules.

RESTORATION OF CASTLE ISLAND TO THE CITY.

Coun. LINEHAN offered the following:

Whereas, The City of Boston prior to World War II had leased Castle Island from the Federal Government for many years and it was used as a beautiful recreational facility by the people of Massachusetts and now that the war is over, the Federal Government has declared said Castle Island as surplus property and might sell it to someone other than the City of Boston to the detriment of the many citizens not only of Boston but of the entire Commonwealth, therefore be it

Resolved, That the Boston City Council in meeting assembled do hereby urge his Honor the Mayor, James M. Curley, Robert A. Bradford, Governor of the Commonwealth of Massachusetts, and also the Massachusetts delegation in Congress, to do everything possible to restore once again Castle Island to the City of Boston under lease or direct ownership, so that it once again may be enjoyed by the many people of the Commonwealth as a recreational facility and also as a historical shrine.

Passed under suspension of the rules.

Coun. LINEHAN—Mr. President, might I suggest, that Councilor Scannell's name be put on the Castle Island order?

IMPROVEMENTS FOR EDISON GREEN, DORCHESTER.

Coun. LINEHAN, HANNON and SCANNELL offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to plant shrubbery, flowers and grass on the small park located on Edison Green, Dorchester, and also to consider the advisability of putting up small benches for the people to enjoy during the coming spring and summer seasons.

The order was passed under suspension of the rules.

VENIRES FOR JURORS.

President KELLY—The Chair is in receipt of a venire for jurors.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey, for what purpose does the gentleman arise?

Coun. COFFEY—Mr. President, I want to make a motion that we put off the jurors' list until we take care of the rest of the business which we came in here to attend to today. I mean, we have started in with some of the business and I would like to see it finished before we go into Executive.

President KELLY—We have a venire from the court to draw jurors, councilor, but it's up to the pleasure of the Body.

Coun. COFFEY—I make a motion that we go on with the business of the City of Boston and take up the drawing of jurors before going into Executive Session.

President KELLY—Councilor Coffey makes a motion that we go on with the rest of the City of Boston business and draw the jurors before going into Executive Session. All those in favor say "aye," those opposed, "no," and it is a vote.

Coun. BAYLEY—Mr. President, a point of order.

President KELLY—Councilor Bayley, will you state your point of order?

Coun. BAYLEY—Inasmuch as you decided to take up the drawing of the jurors and sent the Messenger down to notify the Mayor and started on that business, now you must complete that task.

President KELLY—It is unnecessary to finish it because the councilors voted we should continue on with the regular order of business.

INVESTIGATION OF PERSONS MAKING CHARGES AGAINST COUNCILORS AND CITY OFFICIALS.

Coun. COFFEY offered the following:

Ordered, That the District Attorney of Suffolk County be requested, through his Honor the

Mayor, to investigate all persons who have made serious charges against the members of the Boston City Council and other city officials.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey.

Coun. COFFEY—Mr. President, talking on the order. I want to go back, Mr. President, to the Boston *Herald* of Monday, December 9, 1946. This is long before there was ever any thought of any investigation by the District Attorney's office of the Council and of city employees, an editorial by William E. Mullins which says, as I see it, that the legislative commission should recommend the abolition of Boston's 22-man City Council. There is no need to go into that here today, but it is enough to say the Boston *Herald* started this investigation that is now taking place way back in December of last year and not in March of this year. The proof of that is that there has been an editorial written by Mr. Mullins of the *Herald* that we should have a 9-man Council instead of a 22-man Council. There have been some charges made, Mr. President, of graft and corruption in all kinds of headlines. To begin with, I would like to read the headline of the Boston *Traveler* which says, "400 Bribe Charge," in big, black type. "Pay-Off Made Ex-Councilman, Vet Says Gave Money Trying to Save Business." It goes on to say, "A marine veteran charged today that a man, then a Boston City Councilman, took a \$400 bribe from him to prevent the city from closing his business as a 'public nuisance.'" I can end that by saying that man is now held on \$50,000 bail for rape. That is No. 1. That is the type of person who has been running to the District Attorney's office and who has been running to the *Herald-Traveler*, giving evidence that there has been graft and corruption going on in the Boston City Council and also among city employees employed by the City of Boston. In yesterday morning's *Post*, "Politics on Parade,"—I wish the paper had carried the story on the front page like most of the other papers have been doing about bribe charges and so on, but this is on an inside page—it told of some very interesting facts about some of these men who have made charges against the Boston City Councilors and so-called other bag men. One man made the charge that some bag man, in his own words, carried in headlines in the *Herald-Traveler*, a bag man went out to him and demanded a bribe, and he said, "Providing I get that money, you will get your license. Otherwise, you won't get your license." There was a very interesting story in the *Post* yesterday in reference to this man who never applied for a license, had no business to occupy or to keep him in business, never was before the Board of Street Commissioners seeking a license and, therefore, could not get a license. That man deliberately lied. He said after he knocked the bag man down and knocked three teeth out and went back and washed up the blood off the sidewalk, his license was mailed to him the next day. We all know, as the *Post* reported, that no such thing occurred. A license is never mailed by the Board of Street Commissioners. If the license is approved, the Board of Street Commissioners notifies the person and tells him to come in and pick up the license and pay the fee. So that is lie No. 1. I have asked the District Attorney's office to investigate these men who have made these charges. This all started off with a statement on the floor of the Council that rumors were flying, and I want to make the statement now that rumors are flying the *Herald-Traveler* in some way or another has induced these men to come up and make false statements. The proof of that is very simple and, as I go along here, you will find out that what I say is true. Here is another headline in the Boston *Traveler*. This headline says, "5,000 Bribe Demand Made, Firm Quits City." The next edition of this paper said that the people who gave him the statement, gave the statement to the *Herald-Traveler*, have refused to confirm the statement, that they are afraid of reprisals, they are afraid of vengeance from city employees and others. That is a fine state of affairs—to print in big headlines, "5,000 Bribe Demand Made," that it was made by somebody in the city, and as a result the firm who wanted to do business in the city refused to pay the \$5,000 and left the city to build a business in some other place, and while in their very next edition they admit they have no evidence, they admit they cannot corroborate the statement they put out in headlines. These are the ones who should be indicted. Mr. Mullins should be indicted, the gentleman from the *Herald-Traveler* who was seen talking in the Statler Hotel to a member of this Body two weeks ago, just about the time this thing exploded. Hell, everybody knows during the Tobin and Kerrigan administrations Stuart Rand of the *Herald-Traveler* could go down to the Mayor's office more often than we could. The man who made the Mayor, Stuart Rand of the *Herald-Traveler*, could go in there any time he wanted, but we could not get in there. What is the story? Mullins opposed the limousine transportation company that was seeking a permit to go from Boston to the airport. He opposed it viciously for four months in his newspaper and he lost out on that one. Where does he step into the picture next? Last December, December 9, in an editorial he stated that the City Council should be abolished, and that a 9-man Council should take its place, and then we find out in that same editorial he is backing a Mr. Beekman L. Fairbank who is looking for a permit for a water taxi from Boston to the airport. He could not get the limousine concession, so he did the next best thing he could, he got the water taxi concession.

That is very interesting. He is hitting the councilors for one reason. He wants to hit the Mayor, not us. He knows when he could use that office in the bonding business for the past eight years downstairs and have friends like Stuart Rand who could walk in and out of the office any time he wanted to; he knows if he abolishes the 22-man Council and gets a 9-man Council he automatically gets the City Manager, and if he gets the City Manager then he can walk in and out of the office and can do business. That is all he wants—to eliminate the Mayor, not the members of the City Council. He does not care anything about us. He wants that office downstairs so that he can use that office. In his editorial of Monday, December 9, 1946, he recommends Henry Parkman for manager. Everybody knows Henry Parkman, like Stuart Rand, is a blueblood. That would give him an opportunity to get downstairs again and to get in on some of the rackets they are trying to expose with their dirty, rotten, deliberate, filthy lies. That is the type of people who are trying to cause this scandal, and I will prove it before I get through today. They are malicious, rotten, they are dirty, filthy liars. I can prove that. Sure, there were big headlines in the *Traveler* last Monday which started in with four-inch type, "Vet Beats Shakedown. Man from City Hall Out." All in big headlines. That was the only piece that day referring to the probe, just that one piece, and it went on to tell near the last paragraph the gentleman who wanted the permits for sidewalk openings took four sidewalk openings without permits, knocked down 40 feet of wall without a permit, and said, "I am going to knock down the rest of the wall without a permit," and in the last paragraph in very small type it said when he went to City Hall "the gentleman who has this diner and this block shop and this gasoline station who has 210-foot openings without permits," he said, "we were told to see the man from City Hall, but we didn't see the man from City Hall because we feared there was a shakedown in the background." They feared there was a shakedown. They did not see the man from City Hall, but still in big, bold-type headlines it said, "Vet Beats Shakedown," and they go on and deliberately lie and come out in the end and say the man didn't see the man from City Hall. How could there be any shakedown? How could they be in business? How could there be any charge of graft if they did not see the man and did not talk to him? They went ahead and took 210 feet of openings without permits, and knocked down 40 feet of wall and put up three great big businesses there, a big Socony gas station, a Diamond Diner reputedly worth \$40,000, and a block shop that must have cost in the same neighborhood, and the man said, "When I went to the *Traveler* and gave the story, they promised not to print my name," but they carried his name in bold type all over the paper, and this man to this day admits he did not talk to the supposed-to-be man going to stick him up. It is a series of rotten, deliberate lies trying to force the 22-man Council out and to back the 9-man Council, so that the *Herald-Traveler* can walk in and out of the Mayor's office for the next two years as they have done for the past eight years. Now, they went back three years ago and they gave me a whole page. I don't know what I. J. Fox paid for that ad, but I know the rest of the page is devoted to me. "Bus Line Abandoned in Effort to Get Permit After City Council Stalled for Three Years." It goes on to tell how somebody who represented the bus line came up to see Councilor Coffey. That is true. Then I sent a letter. That, too, is true. And he asked the councilor when he was going to hold a meeting. That is true. And my answer was, "When the members of the Committee on Licenses want a hearing I will hold it, and not before." So the man said I was very antagonistic to him. He is probably one of the few I was antagonistic to, but I treated him like a gentleman, and I don't know why because now I can see what he is. The answer to that is this: The councilor from Ward 14 (Councilor Muchnick) tried to take this out of committee, and I asked the councilor what his interest was, and he said no interest, only that; he admitted he was not the attorney. He said, "I am not the attorney for this outfit," but he knew somebody down there, and he said this ought to be taken out of committee, and he would like to see the councilors do their duty the same way he does his duty, and my answer to him was, "For ten years people have been trying to get me to do my duty, and I do as I see fit." That is right. I do as my conscience dictates. Nobody tells me what to do. I do what I think is best for myself in the line of getting votes, and the district which I represent has always been good enough to give me these votes, and I think they will continue to give them to me. But they did not go on to say the real story. After this man came up here in 1942, he said, "I don't need your help." He went to the Department of Public Utilities and, under a Republican Governor who had more war emergency powers, he got a permit to run these buses all the way from New Hampshire to Boston. He did not need us; he told us so. Then he came back in 1944 because then he thought within a year the emergency powers of the Governor would go out, and then he asked to hold a hearing after three long years, and my answer to him was this, "I will hold a hearing provided the members of the committee want that hearing." That is on record on October 28. That is on record that I have said that, that I made that

statement. Then I asked him why he waited all this time to come back to us, and he said, "Because we didn't need it then." I said, "That is too bad. How do you think we feel about it? I for one don't want any buses running through the streets of Boston. The Boston Elevated is overloading now the fourteen cities and towns that support it. You are bound to take some business from the Boston Elevated." The Boston *Herald-Traveler* said they got over that obstacle, that the Boston Elevated did not oppose it. Of course they opposed it. Of course Mr. Downey came down here and opposed it. Of course he did. But they are lying as they usually do, and then, to end their rotten, filthy story—and Coffey is all over their paper—it is the feeling of the representative of the Boston & Maine Transportation Company that the delay by the Boston Council must have some explanation. It feels. It was not because somebody wanted something. That is a nice statement to make. It feels as though somebody wanted something. Can you tie that? We are condemned by a man who feels, who did not ask if anybody wanted anything, who said in his statement right in the paper that when he filed the petition several members of the City Council called him up and said, "I will vote for your petition." Several members called him up, and when Councilor Muchnick moved that petition be taken from the Committee on Licenses, he got three votes—Councilor Bayley, Councilor Taylor and Councilor Muchnick; thirteen other members of this Body voted against it. That man is a deliberate liar who says every member of this Body called him up and said they would give him a vote on it. He is nothing but a deliberate liar and he is another one of those who is adding fire to the fuel of the Boston *Herald-Traveler* who is asking for these investigations, as I have said, for one reason so that they can get in downstairs. These are the ones who want to get in downstairs and they have not got guts enough to say they will take a buck. A buck is nothing to them; they want the big dough. They know what they want, and they have been getting it for years and years and years. Wasn't Henry Parkman's office the office representing all the big tax abatements in Boston? Of course it was, and that is the man they want now as manager of the City of Boston so that the *Herald-Traveler* can get in and out downstairs as they wish. Another thing I want to bring out which they had in bold type, and this ought to give every member of the Council a laugh: "Council Czar for Driveways. Law Gives Councilmen Control over Permits." Now, after all these years, "Constitutionality Questioned." For the benefit of the few people in the gallery, let me tell you what the chairman of the Committee on Licenses does. You have heard eight or nine licenses brought in today. You heard the President of the Council refer them to the Committee on Licenses. Did you see a councilor talk to me today for a little while? He has two licenses in his district. He said, "Jim, will you poll the committee? I want to get them today." I said, "Yes, I will poll the committee."

Coun. COOK—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. COOK—Mr. President, I don't think during a duly constituted meeting of the Council that the councilor should address anybody except the Council or the Chair.

President KELLY—The point of order is well taken. Councilor Coffey.

Coun. COFFEY—Of course, nobody in the gallery can hear me. Forget that. Anyhow, Mr. President, one of the councilors asked me to report through a couple of licenses today, and I said, "Of course, I will." That is all we ever do. There is not a councilor in here who does any different from that. They don't mean a thing to us, driveway openings. Never did. What is a driveway opening? Anybody who pays more than \$3 for a driveway opening is nuts, positively insane. It is yours for the asking, and if you don't ask for it, go and take it. This fellow who had this big headline, "Vet Beats Shakedown," took the openings. I said that at the meeting of October 28 last year when two other councilors were in a debate as to a gas station in one ward and part of it in another ward. I got up and made the statement, "If anybody wants a driveway opening they are crazy to file a petition for it. Go and take it." Like the fellow in East Boston, walk in and take it. Nobody will stop you. When you go to the proper authorities, they forget it. They don't do a darned thing about it. What are they going to do about, say to the man, "Put that curbing back again?" That is as much as it means to us. If it comes in here, and the councilor from that ward comes up and says, "I know so-and-so. He wants a driveway opening, and there is no opposition in the neighborhood," we put it right through. The next procedure is this: If the councilor overlooks it and does not care about it, then it is up to the petitioner himself, and if the petitioner comes in and says, "I want a hearing," we give him a hearing. We have one in South Boston where three brothers came in for two driveways openings—this is a few years ago, and I was chairman of the committee—and I said, "Where is the location?" And they told me, and I said, "Why, you people have those openings. I saw it on my way home from the City Hospital." They admitted they took the openings. I said, "Why do you want the permit?" They said, "Just to be covered." They had the

openings and they came in and filed for the permits. Now, they want to take this granting of permits away from us. It does not mean anything to me as chairman of the committee. Many a time I wanted all the committees abolished, and most of those on the Council want them abolished. Go over the minutes for the last six or seven years, and I will show you a dozen places where councilors have said, "Let us abolish all committees. What good are they?" How many times have councilors said, "Let us not go into Executive. What is the sense of going out there and wasting time?" The press comes in with us and they get everything we say there the same as everything we have to say here. Why not hold all our business right here? But if somebody wants to take something away from us, I am ready to fight, and they will not take the permits for driveway openings from the Committee on Licenses without a fight. I don't care what the *Herald-Traveler* says. They have stooped to a new low in just today's paper. They gave me a whole page of the *Herald* last year, a whole page. Let us see who that courageous person is, and how he feels about today's meeting. The *Traveler's* reporter said, "What have you got to say?" I said, "You will hear me the same as the others." He ran out and called the *Traveler* and wanted to know if they could have the notes. I will back up everything I have to say. I have said a lot before the District Attorney that is not known yet. I said a lot up there, and some people who think they are going to embarrass others are going to find themselves embarrassed. If they want to run to "papa," we will give something to run about. In today's *Herald* in "This Is How I See It," by the famous William E. Mullins — this is the courageous man who started all of this, and they had the piece on the front page every day — "Attention! Any citizen having information of graft or bribery, and willing to relay that information to this newspaper, may get in touch with us with assurance that his name will be held in strict confidence if he desires." That is a beauty. It sounds like the Klu Klux Klan. It reminds me of the old days when my dad used to say as he went down Atlantic avenue and Commercial street and looked at the signs, "Help Wanted. No Irish Need Apply." That is what we are back to, to the old A. P. A. days. At the end of the editorial, William Mullins says, "District Attorney's office made cautious by ruling prosecutors aren't policemen," and so forth. At the end here is this brave, courageous William E. Mullins who is hitting me all over his front pages for the past two weeks in great big editorials saying, "The City Council will assemble this afternoon for its first session since Assistant District Attorney Doyle began his investigation of some Council activities, and it will be surprising if Mr. Jimmy Coffey of East Boston fails to resume his practice of heaping abuse and vilification on those he dislikes." That is from the guy who has been hitting me for the past two weeks all over the paper. When I made the statement here that I will take a buck — who wouldn't? — I didn't say I took a buck. Let them prove I took a buck. They have been trying to, but they can't. I challenge them, and didn't I come out of the D. A.'s office —

President KELLY—I must insist you talk on the order. You are talking on a point of personal privilege. Councilor Coffey.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey.

Coun. COFFEY—Getting back to this, this is the gentleman who hit me with everything he could hit me with. He has had snoopers over in my yard on five gasoline permits that have been held up, and the *Herald-Traveler* reported, out of the five investigated, the *Traveler* and the *Herald* asked, "Did Coffey have anything to do with it?" and all five answered the same thing, "No, the police captain held them up." That is who held them up, the police captain, the same one who got the story in the paper "Vet Beats Shakedown," the same one, because the man he buys his tires from, who is obligated because of the diner, is a chum of Police Commissioner Sullivan. That is how the story appeared in the paper, "Vet Beats Shakedown," and that is the same captain who gave one permit but who has refused five others, and to the surprise of the reporters who have been snooping over there for the past two weeks everyone of them told the same story, "Coffey had nothing to do with it, the police captain held them up." That is the story they got. Mr. Mullins goes further and says, "There is not much that can be done about this, but District Attorney Foley owes it to the decent members of the Council to extend to them as much protection as he can from permitting any malicious attempt to involve them." He wants the District Attorney to stop me from talking. Now, the first time we have an opportunity to answer the charges, the first time we have had a meeting since two weeks ago Monday, he comes out and quits. Two weeks ago today he says tomorrow I will kick Coffey. But now he quits, he wants me silenced, he wants me shut up. There can only be one reason for that: He is out. He was in for eight years, and now it is hard to take. He is out. They got an Irishman named Curley as Mayor of Boston, so he cannot get in the office, neither he nor Stuart Rand. They have run the office for eight long years and now they cannot get in downstairs, so what do they want to do? Get rid of the 22-man Council? No. They don't care if there are 22 or 44. That is a stall because they know with a 9-man Council they get a City Manager, and they have already

picked their man. In an editorial of December 9 of last year they picked Henry Parkman, Jr., to be their City Manager. Brother, are they going to get in, are they going to get a buck? After I am out of politics I will have to go for a job to earn a living. I know that because I have a gang of kids. They won't. They won't have to go to work. Do you realize when they are in with one juicy tax abatement just on the property they own they can retire? But they don't stop at one, not those big bankers and brokers. They want everything and they are hollering over measly driveways. If any man filed a petition for a driveway and paid more than three bucks, as I said before, he is insane. It is theirs for them to take, anyhow. Under the law he can take up to 13 feet without coming here. Did you read Sunday's *Herald*? There is a great big piece about a \$100,000 shakedown going on in the city by building inspectors. They said businessmen who were being shaken down were afraid of reprisals by city employees. That is a laugh. They are afraid of reprisals by city employees who sneak out at half past ten to get a cup of coffee. They are afraid of that type of city employee who will make life disagreeable for them, because these same shysters and chislers do business with the city. If they want anything, they pay for it under the table. How about these people who own garages and who sell automobiles? Do you know anybody in the business you can go to and buy a car at the real cost? Does anybody know you get it under the table? I don't care who they are, but you pay \$200 over a \$700 car value and you know it, and these are the people screeching. I wish everybody in Boston could have read yesterday morning's Sunday *Post*, where they told of specific cases where the people have said, "I filed for a permit and I never got it." I don't know who they are, but they screech murder, they were held up, when, as a matter of fact, they applied last week for a permit and never applied previously for it. Somebody knocked a bag man's teeth down his throat, went back and washed up the place and picked up the teeth. Another man paid a \$400 bribe to an ex-City Councilor and he is now on a \$50,000 bail for rape. They have nice witnesses, they have nice testimony, and, as the *Herald-Traveler* first started saying rumors are flying, I say they are flying that the *Herald-Traveler* are getting these people to give this false testimony. Every damned bit of it is false. They have been all over my yard for the last two weeks, and they have got absolutely nothing, and they won't, I can assure you of that. I am not talking to hear myself talk. Why should I let these papers knock me in big headlines? What have I done? They can't prove a thing against me, not one damned thing. They haven't the guts enough to mention my name, but everybody in the district knows it is me they are referring to. They go over there and snoop and do everything they can, but in the eight or nine years I have been in the Council they cannot find one tangible bit of evidence against Coffey. If they did, they would be up at the District Attorney's office. We know the type they are. Let them go up there. There is just a small piece from the Attorney General. The Attorney General said he is watching the investigation. All right, he is watching. Talking on cleaning up the bookies, on January 27, 1947, and not to go over it all, I was referring to the police, referring to my captain, and telling about how he was getting four bookies a week, and it dropped down to less than one a month. He never could get the dice game in Boston, "the dice game at which it is nothing to see a thousand dollars pass hands in one night, and I am not kidding you one bit when I say that. I think the police in this room know it. There is a dice game run in my yard four nights a week where it is nothing to see a thousand dollars in circulation, nothing at all." That was January 27. What happened less than two weeks ago? The doorman at the dice game was slashed—this dice game is on the corner of School street and Washington street. The man was slashed across the face by them to gain admittance. The fellow who ran the game was kidnapped; there was a police officer present at the dice game, and he was hit over the head with the butt of a gun and \$40,000 was stolen. That was headlined in the *Traveler* ten or eleven nights ago, and what has happened since? Where is the District Attorney? What has happened to the dice game? What has happened to the man kidnapped? Who robbed the dice game? Who was the cop hit over the head? The doorman was given \$200 by one of the robbers and was told, "Here, go and get your head bandaged up." What has happened to the fellow who was slashed? Where is the \$40,000? Who got it? If they want to investigate things, let them investigate something like that. Here is a charge made January 27, long before that dice game was held up. I know it was running, and others do. The cop in there knew it was running. What has happened to it? Where is the Police Commissioner? Where are your so-called proper authorities who prosecute these things? No, they have to come in to the Boston City Council, they have to refer to us as this, that and the other thing for only one rotten, measly, lousy reason—that the men who are running this paper are out, and they are doing everything humanly possible now to get in. They could not get the limousine business from the hotels to the Boston airport so they took the next best thing, the water taxi business. There is an editorial in there on December 9 of last year

about that water taxi and that Beekman Fairbank of Cohasset should be given prompt and courteous attention by the Boston City Council. Forget the revenue lost from the tunnel, forget the cab drivers losing their jobs, forget the veterans who drive the cabs, and forget their families, but take care of Fairbank and friends of William E. Mullins and Stuart Rand, who made the connection for him to go to see the Speaker of the House to get the legislation through so that they could take away the powers of the City Council on water service and give it to the Department of Public Utilities, with the Republican Governor there where they can walk in and say, "Give Mr. Fairbank the water taxi permit; we don't want anything more to do with the City Council." What are we supposed to do? Sit back and take it? I wouldn't want my poor dad to turn over in his grave, because he never would sit back. I tried to be a gentleman here two weeks ago, I tried to lay off the fact that the District Attorney was investigating this, but what did it get me? I wanted to wait until it was over. I am never going to forget the *Herald-Traveler* for hitting below the belt. There is not a bit of truth in the statements they have made so far, and that is why I am hitting back at them, and I intend to hit back as long as I live. I was telling Councilor Hurley only the other day before the thing broke that I did not think I was going to come back here again, but I am coming back as long as I live, and I guarantee I will be back and nobody will stop me from coming back, regardless of their rotten editorials, their filthy editorials without any truth in them, and they can quit today, asking the District Attorney, who has no power whatsoever over the members of this Council, to shut Coffey off from vilification and attacking those he dislikes, for attacking those who attack Coffey. I am as forgiving as the next fellow. I have never stopped speaking to a member of this Council after I have left the floor. Councilor Bayley here will tell you that he was for Tobin and I was against Tobin, but he will also tell you now as soon as we went out of the door we were friends. I never have anything against anybody, but I am going to hold this thing as long as I live. There will be oards given out in Boston, there will be radio talks, and we will go into this more thoroughly after this thing is over. They attacked the jury today for finding Langone not guilty. "He is guilty." They attacked the jury. If Langone's name was Fairbank, it would have been all right, they would have been 12 good men and true, but his name is Langone, he is one of the newer rats, he does not belong to the elite, so they attack 12 men on the jury for finding him not guilty. That is how low they will stoop to gain their point, and their point, I want you to remember, is this: Get rid of the 22-man Council and you will get rid of the Mayor. Get rid of the Mayor and you will have a City Manager, and then, if there are only nine men in this Council you can bet the blueblood-held *Traveler* will choose the man to be manager of Boston, and then God help the people of Boston, because these people will get back in. They backed Tobin for years—they backed John E. Kerrigan for the year he was Mayor. They are out now, but they want to get in again so that they can get rid of Curley and this is one way to do it. They started this. They want the D. A. to go to the Street Commissioners, they want him to go up to the Building Department, but they cannot prove their charges and they quit in the same paragraph they make the charges, but still they want the District Attorney to go through to find out what is going on in the City of Boston. I say we ought to deserve a lot of credit, we the members of the City Council, and I think you will agree with me. This thing has hit the headlines for two and a half weeks, and what has happened? Four or five charges have been made to the *Herald-Traveler* and to the District Attorney's office, but not one person said he paid money, not one person said he paid money, and that is a pretty good reputation for the City of Boston with a population of 880,000. Let any other city have an investigation. Take any town or take any city one fiftieth the size of Boston and look at the corruption they have there, and then start to analyze it and say four or five charges have been made, but not one man had the courage to say, "I paid a nickel. I did this or I did that. I paid for what I got." Not one. They did not pay for what they got. There is so little up here for the Boston City Councilors that they want to resign. Let them resign. Who cares? Probably it would be a good thing for the Council. Another fact I want to bring out is this, we did not have to go to the District Attorney, we did not have to go up to him, and he could not force us to go up there. He can bring us to court under an indictment, but don't forget we all went up there, every member of this Council went up there, not one renege. As to these records, I don't think he has a right to take them. I think he would have to get a court order to get them. I am not a lawyer, thank God, and I may be wrong, but they were given to him. They were free, and they are open to anybody who wants to take them any time they want to. The boxes are open and there is nothing locked in there. They are open 24 hours a day, and every day in the year. They are public records, and every word printed here is also printed in the *City Record*, and the *City Record* is sold for 15 cents, and anybody can buy

one of those. Well, I can't go too far, but after this is over, I will, you can rest assured of that, but I do want to leave this thought in the minds of everybody. They are stooping to a new low, they have crawled, you might say, to a new low, not to get rid of us, and whether Curley knows it or not, I know they want to get rid of him so that they can use that office downstairs, and the only way they can use the office downstairs is to get a City Manager of their choosing, not an Irishman like Jim Curley.

President KELLY—Councilor Coffey asks for the suspension of the rules and the passage of the order. The order was passed under suspension of the rules.

DRAWING OF JURORS.

President KELLY—The Chair is in receipt of a venire for jurors.

Coun. HANNON—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. HANNON—A point of order, Mr. President.

President KELLY—State your point of order, counselor.

Coun. HANNON—The Council passed a vote that we finish our business before we draw the jurors. I think in fairness to all the others the orders should be considered now.

President KELLY—All right.

ROPING OF STREETS FOR MARATHON RACE.

Coun. BAYLEY offered the following:

Ordered, That the City Messenger be directed to rope off the streets along the route of the Annual B. A. A. Marathon race to be conducted on Saturday, April 19, the expense of same to be charged to the City Council appropriation for Ropes, Flags and Stakes.

Passed under suspension of the rules.

OPINION RE BOARD OF RECREATION.

Coun. BAYLEY offered the following:

Ordered, That the Attorney General of the Commonwealth be requested to rule whether or not it is mandatory that his Honor the Mayor of Boston appoint a member of the Board of Recreation annually under the provisions of Chapter 451, section 1 of the Acts of 1943, whether or not his Honor must provide a minimum budget for the operation of said Board of Recreation as provided in said chapter 451 of the Acts of 1943, and whether or not a member whose term has expired shall continue as a member until his or her successor is appointed under said chapter 451 of the Acts of 1943.

President KELLY—It is referred to the Committee on Rules.

Coun. BAYLEY—Why is it referred to the Committee on Rules?

Coun. COFFEY—It is illegal.

President KELLY—The Chair questions the legality of the order, counselor.

Coun. BAYLEY—On what grounds, Mr. President?

President KELLY—The Chair questions the legality of the order and the authority of the Attorney General to look into the matter.

Coun. BAYLEY—Mr. President, is it not the duty of the Attorney General to look into an act passed by the Legislature to see if it is being evaded or not? What other recourse have we?

President KELLY—One minute, counselor. You can always go into court, proceed in court, counselor. The Attorney General has refused to intervene in cases similar to this in past years.

Coun. BAYLEY—Mr. President, I ask unanimous consent to make a statement.

President KELLY—Before you ask unanimous consent to make a statement, this order is out of order.

Coun. BAYLEY—I withdraw the request. A point of information.

President KELLY—State your point of information.

Coun. BAYLEY—How may I get a legal ruling on this statute? What is my procedure? The Law Department for seven weeks have refused to give me an opinion on an order passed by the Council. I have been asking for an opinion by telephone, by writing, and by personal contact, and they have refused to give an opinion as ordered by the Council. What do I do next? They say they have six new employees.

President KELLY—You asked me a question, and I am trying to give the answer.

Coun. BAYLEY—What is the procedure when the Law Department will not give me an opinion?

President KELLY—You go into court and ask the court to compel them.

Coun. BAYLEY—I will take that under advisement. Does that mean I have to go to court to try to have an officer do his duty as prescribed by law or what I deem to be his duty?

President KELLY—It depends on your own judgment, counselor.

Coun. BAYLEY—Thank you.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—A point of information.

President KELLY—Will you state your point of information?

Coun. KINSELLA—Will the clerk tell us if there is legally in existence now a Board of Recreation?

President KELLY—I am informed there is, counselor.

Coun. KINSELLA—A further point of information, Mr. President.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—Is it or is it not true that Mayor Curley in 1946, in December of 1946, publicly stated the abolishment of the committee as such?

President KELLY—He made some statement of that nature, counselor, but the Chair is not certain.

Coun. KINSELLA—A further point of information, Mr. President.

President KELLY—Will you state your point of information, Councilor Kinsella?

Coun. KINSELLA—Is there anything in this year's budget for the operation of the Board of Recreation of the City of Boston as established by legislative act?

President KELLY—The Chair understands no appropriation is in this budget for that particular matter.

Coun. KINSELLA—As a city department, it won't be able to function?

President KELLY—There won't be any appropriation. They can function, but there is no appropriation.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—A point of information, Mr. President.

President KELLY—State your point of information, counselor.

Coun. MUCHNICK—Is it true under the Charter the Law Department is under no duty to give us an opinion in this particular matter?

President KELLY—One minute, now. Councilor, answering that, any member of the Council can ask an opinion from the Corporation Counsel. The Chair is of the opinion that this opinion is a little late in coming, but it will come along.

RETIREMENT ALLOWANCE OF JOSEPH A. McMANUS.

Coun. HANNON offered the following:

Ordered, That the members of the Boston City Council go on record as favoring the enactment and acceptance of pending legislation authorizing the City of Boston to increase the retirement allowance of Joseph A. McManus.

Passed under suspension of the rules.

FENCING OF NEW HAVEN RAILROAD TRACKS NEAR UPHAMS CORNER STATION.

Coun. HANNON, HURLEY and LINEHAN offered the following:

Ordered, That his Honor the Mayor be requested to direct the Law Department to confer with the New York, New Haven & Hartford Railroad and the Department of Public Utilities relative to the erection of a fence along the Midland Division of the New Haven Railroad, particularly in the vicinity of Uphams Corner Station.

Coun. HANNON—Mr. President, every so often we read in the paper that some youngster in our neighborhood, in the vicinity of Uphams Corner station is killed because of the fact that he is playing upon the tracks. Of course, we are told legally the youngsters have no right to play upon the tracks, that they are trespassers, but children don't stop to consider the law. As a matter of fact, they probably don't know what the law is, but we know full well that there is nothing like forbidden fruit to attract youngsters. No matter what happens, the youngsters are going to play upon those tracks unless some means are taken to keep youngsters off the tracks. In the last few years I think several, four or five children have been killed in the vicinity of Uphams Corner station on the New Haven railroad tracks. The New Haven railroad is investing lots of money in many other things, and I think the best investment it could make would be something for the preservation of the lives of the children in that neighborhood. I have here a petition signed by about 500 people in the neighborhood because of the death recently of another youngster playing on those tracks. I think it is about time we tried to use some pressure on the New Haven railroad to get them to fence in this property. We have tried for years to have them do something but all we get is the old story. We cannot force them, but I think there are ways and means that we can persuade them if we really want to work it out to do something, and I think the time to do it is now. There is that great open space without any guard, without any means of warning. All the kids can depend on is the sound of the approaching train. Going over the tracks is a short cut to the movies. It is a short cut over to the beach, and the kids are going to cross those tracks as long as the tracks are there and there is no fence to stop them, and even if the

fence is up, I know one or two kids might run across there, climb over the fence, or crawl under, but as a general rule the kids won't cross it if the fence is up there. As it is now, it almost invites the kids to take the short cut. I hope the city in its wisdom demands through the Corporation Counsel, demands through the Department of Public Utilities, that they get after the New York, New Haven & Hartford Railroad and make them fence in this nuisance, make them eradicate the invitation to these kids to cross the tracks and make the kids realize that there is danger there even though there is not always a train approaching. That is a line used primarily by the freight service of the New York train and if a youngster gets hit, it is not a question of injury, it is a question of death. This is something constructive which I think the City of Boston might well bend their efforts to perform. I think the city should get in touch with the New York, New Haven & Hartford Railroad through the proper channels to correct this condition out there by erecting some sort of fence. I offer this petition.

(Coun. HANNON here offered the petition reading as follows:

We the undersigned residents of the district bordering on the tracks of the Midland Division of the New York, New Haven & Hartford Railroad Company, respectfully petition that the said railroad be forced to fence off its right of way bordering its tracks, particularly in the vicinity of the Uphams Corner and Bird Street stations in order that the life and limb of the children of this district might be protected.

The petition was signed by James A. Daly and many others.)

The petition was placed on file and the order was passed under suspension of the rules.

ELECTRIC LIGHTS NEAR ST. MARGARET'S HOSPITAL.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Commissioner of Public Works to replace the existing gas lights on Cushing avenue, Dorchester, near St. Margaret's Hospital, with electric lights.

Passed under suspension of the rules.

ORDINANCE RE GRANTING OF DRIVEWAY OPENINGS BY COUNCIL.

Coun. MUCHNICK and BAYLEY offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to furnish the City Council with an opinion as to the legality of the ordinance concerning the granting of driveway openings by the City Council.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan.

Coun. LINEHAN—Mr. President, I would like to ask the gentlemen who filed the order for a re-reading of the order because it seems to me any ordinance passed by the City Council is presumed to be legal until proven otherwise in court. I don't want any order such as this to go up to the Corporation Counsel asking for an opinion on its constitutionality, because I for one don't doubt it is perfectly constitutional unless the gentlemen can get up and prove to me there is some question about it. I don't want it to look as though the City Council is sending up orders with the thought in mind that we will have powers taken away from us because some paper prints it. I want information before voting on the order.

Coun. MUCHNICK—It is just that I want some information, Mr. President. That is why I filed the order. There seems to be some question in my mind as to whether this ordinance under our charter is constitutional. If it is not constitutional, we ought to find out, and if it is constitutional, we ought to find out.

Coun. LINEHAN—Will the gentleman yield for a question?

President KELLY—Do you yield for a question, counselor?

Coun. MUCHNICK—Yes.

Coun. LINEHAN—I would like to ask the gentleman from Ward 14 who decides the constitutionality of ordinances passed by this Body?

President KELLY—Councilor Muchnick, will you answer that question?

Coun. MUCHNICK—I think that can be decided by any one of several groups of people. It can be decided by our Law Department. It can be decided by the Boston Municipal or any other district court. It can be decided by the Superior Court of Massachusetts and again by the Supreme Court of Massachusetts, as the gentleman well knows.

Coun. LINEHAN—Mr. President, will the counselor yield for a minute?

President KELLY—Do you yield for another question, counselor?

Coun. MUCHNICK—Surely.

President KELLY—Councilor Linehan.

Coun. LINEHAN—As one attorney to another, I would like to know under what law he says the Corporation Counsel can decide the constitutionality of a city ordinance. Since when has the Corporation Counsel become a court?

President KELLY—The Chair will rule the councilor has a right to ask the opinion of the Corporation Counsel on this matter or any other matter.

Coun. LINEHAN—Will the gentleman agree with me the Corporation Counsel cannot actually decide whether an act is constitutional or not, relative to a city ordinance? He can express an opinion, but he cannot decide whether or not it is constitutional. Do you agree with me on that?

President KELLY—The Chair is going to rule he is the chief legal adviser of the city and he has the right.

Coun. MUCHNICK—Mr. President, I am perfectly willing to agree with the gentleman from Ward 7 that the opinion of the Law Department might not be the final authority and that, until such time as the Supreme Court of Massachusetts has passed on it, there is no completely final decision in the matter, but it seems to me where we have a Law Department which is capable of rendering opinions and, in my opinion, good opinions, we ought to take advantage of that and find out if the ordinance is proper or improper, and if in the past we have been operating under an improper ordinance. I have no objection to this not being passed now but its being sent to the Executive Committee for a discussion with the Law Department at that time.

President KELLY—Does Councilor Linehan make that motion, to refer it to Executive?

Coun. LINEHAN—I don't make it.

Coun. KINSELLA—Mr. President.

Coun. KINSELLA—I did not hear the paper read, Mr. President. May I hear it read?

President KELLY—The clerk will kindly read the order.

(The order is read by the clerk.)

President KELLY—The question now is on referring this matter to Executive Session.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey, talking on the reference to Executive Session.

Coun. COFFEY—Mr. President, I would like to ask the two gentlemen who introduced this order if they would like the powers taken away from the Committee on Licenses, if that is their motive.

Coun. MUCHNICK—Mr. President, I have no desire to have any powers that are properly and legally conferred on the City Council under its charter taken away, but I want to make sure all the powers that we exercise in this Body are ours properly under the charter and in accordance with the law.

Coun. KINSELLA—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. KINSELLA—Do I understand correctly that the present powers of the License Committee in this matter were established in 1938 by an act of the Council?

President KELLY—That is right, councilor.

Coun. KINSELLA—A further point of information, Mr. President.

President KELLY—Councilor Kinsella, will you state your further point of information?

Coun. KINSELLA—Is there anything in the record that questions the legality of the ordinance, under which powers were vested in the Committee on Licenses? Was there a legal opinion sought at that time as to the validity of the action of the Council?

President KELLY—The Chair is not aware of any, councilor.

Coun. KINSELLA—Will the Chair instruct the City Messenger to check on the creation of that power as of 1938?

President KELLY—The Chair will rule, no matter what was done in 1938, this order is in legal form. The question is now on referring this matter to the Executive Session.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—Will the Chair instruct the City Messenger to find the date on which that change-over was accomplished in 1938, and he can see if there was any subsequent opinion sought?

Coun. HURLEY—The motion before the Body is reference to the Executive Session, councilor.

Coun. KINSELLA—I am going to oppose sending this to Executive. There is so much talk about whispering and meeting in corners. If there is going to be any talk on this matter, have it before the public here so that they can listen. Don't go into any corner and discuss things as if we were afraid to let the people visiting City Hall know what is going on. You hate this talk of secrecy and pointing of fingers. What I am referring to is an editorial appearing in the Boston *Traveler* Friday, March 21, and, may it please the President, I would like to read it:

"Revoke This Ordinance. In 1938, the Boston City Council took from the Public Works Commissioner the power to grant sidewalk permits and since has controlled the issuance of all such permits.

"We"—I don't know who he means, but, as I stated a month ago, the man writing an editorial for a newspaper will sit in a little dingy cubbyhole of a newspaper office and when he pulls out the electric light he can't see his hands. He is trying to force his opinion on the people of Boston, trying to force them to see his way.

"We believe"—meaning he believes— the City Council usurped this authority and has been exercising it illegally for more than eight years. Each councilman has been made a

little czar of his own district with power to block a building project, no matter how important."

Ridiculous! We have not got final power in this. Everything we pass has to have the authority and O. K. of the Mayor of Boston. There are people who read the papers who are not versed on municipal government who think we do things up here, and that is all there is to it. Further reading this editorial:

"Charges of graft and shakedowns inevitably resulted, leading to the present City Hall scandal and the investigation being made by the District Attorney's office. The City Council meets Monday."

"We," it said, not "I."

"We call on the City Council to act immediately on Monday to revoke this ordinance and restore the authority over sidewalks to the Public Works Commissioner where it belongs under the City Charter."

Get this paragraph. If that is not a blackjack, Mr. President! This same man, whoever he may be, could come in to the Boston City Council and ask for some permit, some authority, that might be most obnoxious to all the people of Boston, introducing an order on Monday asking for this authority—he can sit down in his little cubbyhole and write this and, if it is not passed, watch the men who voted against it. If that is not a blackjack, if that is not terrible, to think that one man can blackmail and coerce and browbeat and frighten a body of men elected by the people of Boston. Read the last paragraph in this:

"The people of Boston, we are certain, will be eager to discover which of the Councilmen dares to defend this ordinance or attempts to retain it."

As the councilor from Ward 1 (Councilor Coffey) so ably stated, these permits for sidewalk openings are nuisances. As long as this bludgeon and blackjack is put on me, meaning if I vote against it I am dishonest, I am voting against it and, Mr. President, I am asking the members of this Body, don't send this to Executive, when these witnesses upstairs will be on their way home while we go in there for a secret session for two hours, and then we come back, of course, and they are gone. Have it out here on the Council floor.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan.

Coun. LINEHAN—Mr. President, during the last two or three weeks, I think every member of this Council has taken an awful lot of abuse without any exception. It seems to me this order right now that I am talking on should be the end of it all. Some of us, whether rightfully or wrongfully, think that probably everything said relative to the so-called investigation by newspapers in every case are probably stories that will finally come out, but it is a terrible thing, we have to wait and wait and wait, and listen and listen and listen, and look and look and look. After a while you wonder, my God, what is this all about. As one member of this Council and having served in the Legislature for years—four years to be exact—I sincerely think that there are many decent men in this City Council, as many as in any governmental body in this country. I say this, having served in the Legislature, and I have heard certain officials in the Legislature or the Attorney General or certain newspaper writers hitting certain councilors for this or that. After a while, I wonder if we are in America and whether we are entitled to have a jury to decide whether we are dishonest. After all, reputation is a funny thing. When you see people and watch them looking at you with a kind of smile, you start to blush and you wonder what you are blushing for, and it might be because of what you fear other people are thinking about and it might not be the truth. You feel like shouting to the high heavens, but you don't, you kind of grin back that little smile which, frankly, none of us like to give out. On many an occasion during the last two weeks I have felt like punching somebody on the jaw. They will say, "Well, we know you are not involved." Of course, behind your back they are liable to say that to every councilor in here, and behind your back they are liable to say, "What a crook that guy from Ward 7 is."

What happens? As the gentleman from Ward 1 (Councilor Coffey) said, they are investigating Coffey, and I say this realizing several papers probably said, "Linehan is all right," but that is just their opinion; they still don't know what I do or what I have done since holding public office. After all, reputation is what people know you to be, what the papers say you are. Character is what you are and, thank God, nobody in this city can assail the character of the gentleman from Ward 7, and I hope the character of any other member of this Council, but it is an awful thing that we have to stand and listen and just look and kind of hold yourself back and not tell people what you think about what they are thinking or what they are saying. They sort of smile, so you kind of smile back. You want to forget who you are and say, "I don't feel like talking to you any more," but you hold off. Coming down to the order specifically, the gentleman from Ward 14 (Councilor Muchnick) asks the Corporation Counsel to rule on the legality or the constitutionality of this particular statute. Bear in mind that I, with a lot of other councilors, don't care what happens to this particular ordinance. It can go out of the window as far as I am concerned, but I almost forgot to say what I started to tell you, that not only has Ward 1 been investigated but Ward 7 has. I mean, the newspaper men and newspaper women have not only come into Ward 1

but into Ward 7. Unfortunately, the newspapers don't print the good things they find. I don't see any good thing printed at all, and it is a terrible thing, isn't it? It seems to me newspapers like to talk about everything bad, about everything but what is good, and I say this realizing during the last week it has gotten so bad and it is becoming so bad that even the priests throughout the City of Boston have gotten up and said that all you read in the papers is scandal, divorce, vice, bribery. I don't mean in the City Council, but in Worcester and in Philadelphia, and I suppose you might have it with Stalin, you might have it all over Europe. You probably have it in China, but to listen to the papers you would think it was only in the City Council as far as dishonesty is concerned. Might I say that I think there are as many honest men in this Body as in any group in public office in the nation? When I say that, you don't want to forget it is only this Body that is really getting the spotlight put on it, and all they have so far is what they have shown with all the investigations going on. Frankly, there is not even any smoke as far as I can see. Now, some months ago I filed an order asking the Corporation Counsel to rule as to the rights and duties of the Boston City Council and the members of the Boston City Council, and I can remember specifically requesting the legality of whether or not the City Councilors could get information on the number of employees hired by the city for whom the City Council appropriates money, and at that time the answer from the Corporation Counsel was that it was not within the jurisdiction of the City Council. As a lawyer, I differ with the Corporation Counsel, but he is still the same Corporation Counsel. I think during the week I read in the newspapers where the Mayor wanted to take this power away from the City Council. After all, I don't think we were born yesterday, I don't think the present Corporation Counsel is going to rule adversely against his Honor the Mayor. The Mayor does not want the authority here, and I don't know as the Corporation Counsel would give us an unbiased report as to whether or not in his opinion this particular ordinance is constitutional. I think if he were to answer correctly, the only way we can find out the constitutionality is to go to the court. I think the gentleman from Ward 14 knows that, so why throw something he knows has no business up before the Corporation Counsel? If he actually wants a real answer, why doesn't he go to the court? The gentlemen from Wards 5 or 4 or 22, and myself, would eventually have gone to the court in the matter if we thought enough of it in that particular case. I don't think enough of it to desire to go to the Supreme Court and finally find out what the constitutionality of a certain matter involved in the city government is. It was not important enough for me to go up there and if the gentleman from Ward 14 thinks, after serving in this Body for, I believe, four years, if he thinks now after working as a councilor that this act is unconstitutional—and he is a learned gentleman, and I really sincerely think a learned lawyer and a capable one—he has finally found out, as a result, I suppose, of reading the *Traveler* or whatever other paper it is that it isn't constitutional, and frankly I don't care whether or not the *Traveler* or whatever paper says on this or that, then he should take it to the courts. We all like compliments, but no matter what any paper says about the gentleman from Ward 7, I am not worrying about it, because they cannot say anything bad that has any backing or facts behind it. The gentleman from Ward 1 said they investigated his ward. They were over in my ward checking, too. After awhile it kind of gets under your manhood, you feel like getting up here along with the gentleman from Ward 1 to express an opinion, but we have no other way to do it. We don't feel like writing stories to the newspapers, and this is our only avenue of getting out what we have in our minds. I really and truly hope the gentleman from Ward 14 will withdraw this order. I think he feels in his own mind that there is nothing that will come out of this because, no matter what the Corporation Counsel says, it has no effect on the ordinance, and if he thinks so, I will yield to him to have him explain how it will have any effect on the present ordinance. Will it have any effect whatsoever? Will it abolish it if the Corporation Counsel says in his opinion it is unconstitutional? I pause for an answer from the gentleman from Ward 14.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—Mr. President, the opinion of itself might not serve to abolish the ordinance, but that opinion, whatever it happens to be, would either leave the ordinance on the books or it would be the basis of a new ordinance repealing it.

Coun. LINEHAN—Mr. President, as a matter of fact you don't have to decide an ordinance is unconstitutional to amend it. There is nothing stopping the gentleman from Ward 14 from coming right out with it and filing a new ordinance. What is the matter with that? Frankly, I get tired of this beating around the bush. If you are looking for something, come out with it, I want to know what this is all about. If the gentleman from Ward 14 can accomplish something like he says, if the Corporation Counsel says in his opinion it is constitutional, all right. What if he says it is not constitutional? What will he say? I pause for an answer. I would like to know what he is driving at.

Coun. MUCHNICK—If this ordinance is constitutional and properly administered, I don't want to see any powers taken from the City Council,

but if there is any opinion from the Law Department that this ordinance is not constitutional, I want it off the ordinance books.

Coun. LINEHAN—Mr. President, I would like to ask the gentleman from Ward 14 if during his tenure in the City Council he has always agreed with the opinions of the Corporation Counsel?

Coun. MUCHNICK—Frankly, Mr. President, I don't remember whether I have always agreed with him or not. In the main, I have found all the members who have held the post of Corporation Counsel in my time able, honest men who gave good opinions to the best of their ability. I don't remember whether I agreed with all of them.

Coun. LINEHAN—Mr. President, may I say to the gentleman from Ward 14 that I think just as much of his legal opinion as that of the present Corporation Counsel. If he got up and said in his opinion this is unconstitutional, I would suggest to him that he file an ordinance abolishing this, or file an order abolishing it.

Coun. MUCHNICK—In the first instance, Mr. President, I would like to thank the gentleman from Ward 7 for his compliment. In the second place, I would not want to give any legal opinion on this matter or any other matter without making a complete study of it. It seems to me under section 5 there is some question. I would have to run down all the cases and the cases might very easily point one way or the other. I don't feel it is within my particular province to run down the cases because I think that is the job of the Law Department, and that is the reason I introduced the order so that they will do the work for which they are holding office.

Coun. LINEHAN—I think the gentleman well remembers, if I remember correctly, that he was one of those who voted to find out from the Corporation Counsel whether the City Council has the right to get information relative to the number of employees employed by the city, and I sincerely hope the counselor from Ward 14 did not agree with the Corporation Counsel at that time, that that did not come within our jurisdiction. I might cite that one instance, and I might say that some years back we had a Corporation Counsel—it was not construing an ordinance but construing the George Robert White Fund Will—for the benefit of the gentleman from Ward 14, the Corporation Counsel at that time ruled the funds of the George Robert White Will could not be used for recreational centers. It has finally come down from the Probate Court that that fund could be used for recreational centers. I have shown that even if the Corporation Counsel said in his opinion it is unconstitutional, he could very well be wrong in his judgment and decision and if we went ahead and changed it because of that, we might be doing it. If the courts said it was wrong, then I for one would gladly join with him to abolish it. As a matter of fact, I might vote for the abolishment anyhow, but I don't want it done this way. I would like to see him come right out in the open, and if the counselor says it is no good—

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. MUCHNICK—Will the gentleman yield for a couple of questions?

Coun. LINEHAN—For as many as you want to ask.

Coun. MUCHNICK—If there is not any particular point in asking for such opinions of the Law Department, I would like to know why the gentleman from Ward 7 asked for one concerning city employees several months ago.

Coun. LINEHAN—Mr. President, I would like to say to the gentleman from Ward 14 that I thought I might get what I wanted, but unfortunately, the answer was not what I wanted. I did not agree with it, so my only recourse was to go to the Attorney General or to the courts. And, frankly, I did not have enough interest to go that far. That is about the size of it. If I had had enough interest and I thought it was important enough for the taxpayers, I suppose I would have gone that high, which this gentleman can still do.

Coun. MUCHNICK—One more question, Mr. President. What harm would there be if we have a competent legal staff running down the cases and giving an opinion to which we can agree or not agree concerning the validity of this ordinance?

Coun. LINEHAN—Might I say this, Mr. President? I thought I said during my discussion of this affair that you can get kind of tired looking around and listening to different people, and different people looking at you with smiles and what-have-you, and not saying things you feel like saying, answering other than the way you do. This is similar to it, no different. If I had my way, I would rather see this coming in after all this so-called investigation is over. That is my little thought on the matter. I don't think this is the proper time, but let us wait until we see who is guilty, if anybody, and after everybody has had his day in court. Isn't that fair, Mr. President? I got up here and probably I am leaving myself wide open, but I have gotten up feeling it was the right thing to do, and every time I feel I should speak, regardless of what it is, regardless of what newspaper writers or who it may be, I sincerely hope this order is not passed at this time, but after the investigation I will be only too glad to vote for it, even vote to get rid of the sidewalk openings, but I think it should be done in good taste after a decision has been reached.

Coun. BAYLEY—Mr. President, I hope this order is passed today. I am opposed to referring it to Executive Committee. If we are going to

have that ordinance on our books, we have a right to know whether it is legal or illegal. While the opinion of the Law Department does not have the force of law similar to a decision by a court, nevertheless, it has some force and we have the right to depend on the legal opinion of the Law Department. If we did not agree with it, it could later be taken to court. If the Law Department should rule this ordinance is illegal, we have then exceeded our powers. I for one will make a motion that the ordinance then be repealed, but we have a right to know whether or not we are acting legally or illegally. I don't want as a counselor to exercise powers which don't belong to us. I don't favor talking behind closed doors, I am perfectly willing to discuss it here. I don't see any reason why the Law Department is not competent to decide the question, it is one of their responsibilities, and we have the right to refer to them, to ask if in their opinion it is legal or illegal. We have a right to consider that opinion, and if we do not agree we can go to court. The distinguished gentleman from Ward 7 (Counselor Linehan) has suggested taking it to court now. It takes quite a while to get a court decision.

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. LINEHAN—Will the gentleman yield for a question?

Coun. BAYLEY—I will, gladly.

Coun. LINEHAN—How long has he waited for decisions on his order relative to the Board of Recreation?

Coun. BAYLEY—Seven weeks. You often wait much longer than that for court decisions. I hope this being a matter of importance, perhaps of more importance than my Board of Recreation order, the Law Department will act shortly. I think seven weeks is less time than we can hope for a decision from the courts. I hope this order is passed today and not referred to Executive.

Coun. MORIARTY—Mr. President.

President KELLY—Counselor Moriarty.

Coun. MORIARTY—I move this order be laid on the table.

President KELLY—Counselor Moriarty has made a motion to lay this matter on the table. All those in favor say "aye," those opposed, "no." The Chair is in doubt. Those in favor, please stand. Those opposed? The motion to lay on the table is lost.

Coun. SULLIVAN—Mr. President.

President KELLY—The question is in reference to the Executive Committee.

Coun. SULLIVAN—Mr. President, first I would like to ask through you of the City Clerk, Mr. President, on ordinances being passed by the Body, do they go to the Corporation Counsel for approval as to legality and so forth before the Mayor signs them?

President KELLY—I am informed occasionally if the Mayor is in doubt as to the legality of the ordinance he will send it to the Corporation Counsel.

Coun. SULLIVAN—Can the City Clerk inform the members here now on this particular ordinance now before the Body, would that have been questioned and would it have been sent to the Corporation Counsel?

President KELLY—The City Clerk does not recall that in 1938 the Mayor sent it to the Corporation Counsel, counselor.

Coun. SULLIVAN—Mr. President, being a member of this Body, I have been under the impression and been led to believe that the Corporation Counsel passes upon all ordinances being passed by this Body, to see if the ordinance is in a proper and legal form. If that is so, back in 1938 when the so-called ordinance was supposed to have been put into effect, at that time the Corporation Counsel was a gentleman from Ward 5 by the name of Henry Parkman and if he at that time passed upon it and the Mayor signed it, I don't see why the Corporation Counsel at this time should be asked to give an opposite ruling to that given back in 1938. Regardless of the ruling of the Corporation Counsel, I for one am going to vote against this order here today and vote against any repeal of this ordinance at any time while I am a member of this Body. I for one am not going to be blackjacked by the Boston Herald-Traveler or any other paper to persuade me to vote against something that I don't believe is right. Mr. President, I hoped I would not have to take the floor here today, but the Boston Herald-Traveler is trying to bludgeon at least twenty members of this body as Counselor Coffey has well brought out. What is this Body made up of? What nationality? It is rumored around the town that the Boston Herald-Traveler has imported a new editor into the City of Boston from New York, and that this same new editor was driven out of the state of Georgia because he was a member of the Klu Klux Klan and now, Mr. President, let them put that in their headlines if they dare to, but that is the rumor, Mr. President. They know and we know people are gullible for news, and it has been brought out by the gentleman from Ward 7 (Counselor Linehan) they will never print one good word about the members of this Body or about anything. It is always the bad side. They are getting their information now by going from ward to ward and it did not surprise me one bit here today when I read that editorial last week in the Boston Traveler who the two men were who would introduce such a motion here today. The strings were pulled,

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. LINEHAN—A point of order.

President KELLY—State your point of order.

Coun. LINEHAN—I object to a member of the Council saying that strings were pulled or to statements about the motives of any counselor.

President KELLY—The point of order is well taken about impugning the motives of other members of the Council. Counselor Sullivan.

Coun. SULLIVAN—Mr. President, what other reasons can you interpret as to what did happen here today? Why didn't they do it last week or last year? It only appeared in the Traveler last week and this is the first meeting. What can you believe? There is nothing left to the imagination but to believe the statement I have made about the two gentlemen. Are they seeking endorsement for higher office at the expense of the other twenty counselors?

Coun. LINEHAN—Mr. President.

President KELLY—Counselor Linehan.

Coun. LINEHAN—A point of order.

President KELLY—You can't impugn the motives of any member of the Council. If you do it again, counselor, I will rule you out of order.

Coun. SULLIVAN—I am sorry, Mr. President. In the last two weeks there have appeared big headlines castigating the members of this Body, and you can't take the floor to defend yourself, defend yourself from the two men here, one of them probably responsible for what happened in the newspapers, in particular the Herald-Traveler in big headlines on the front pages. If we cannot impugn the motives, we might as well hang up. It seems to me every time I take the floor, I am out of order. Why don't they get on the floor here? Why aren't they honestly telling the true and real reason why they put in such an order here today? If they were men enough—

Coun. LINEHAN—Mr. President.

(The President struck the gavel.)

Coun. LINEHAN—A point of order, Mr. President.

President KELLY—Counselor Linehan, state your point of order.

Coun. LINEHAN—Mr. President, I think most of the counselors do get over-excited, but they do not impugn the motives of any of the counselors. I am sure I don't abuse the rules, and I don't like to see any member abuse them. That goes for the gentleman from Ward 9 (Counselor Sullivan) as well as any other counselor. I hope you assert the rules.

President KELLY—Counselor Sullivan, you can't impugn the motives of any member of the Council or I will have to rule you out of order. Counselor Sullivan.

Coun. SULLIVAN—It is a fine thing when the Boston Herald and Traveler can impugn the motives of the Council here. These two gentlemen are both lawyers. As I said here two weeks ago, when this thing was under investigation, not to pass it, and I think it is proved that that was the proper thing to do on this here, the same thing under investigation, and they want to bring it out here. Why don't they wait until the investigation is over? They want to impugn the motives. I think we are all entitled to that right, to impugn the motives of others, and I hope, Mr. President, when this investigation is over, this thing will be thrown wide open and we will have more to say about the whole matter.

Coun. COFFEY—Mr. President.

Coun. MUCHNICK—Mr. President.

President KELLY—Counselor Coffey.

Coun. COFFEY—Mr. President, well, I was glad to hear Counselor Linehan take the stand he took today. I am thankful to him for the stand he took. I had the pleasure of sitting in the next seat to him at the Legislature, and there is no finer fellow you could have. I said it before. I said it before he went in the service, and I said it when he came back, and the people of his district have re-elected him. I say that about most of the members of the Council and I only use that word, "most," because of the fact that I wanted to make a further statement as to the counselors who have been repeatedly elected to office. The others, time will tell. Of course, with the job they have done up here, I imagine they will be around for a long time to come. I am thankful to Bob for taking that stand. There is no doubt in my mind this order should not be here today, it is too bad it was introduced today, especially when I have the paper in front of me that says "Council Czar for Driveways." In my opinion, this is only adding fuel to the fire. This should have been held up for some time, until after the so-called charges are proved or disproved, then we could bring that in here or any other matter and thresh it out without any gag rule. It does say in the Boston Traveler of Friday, March 21, "Revoke this Ordinance. In 1938 the Boston City Council took from the Public Works Commissioner the power to grant sidewalk permits and since has controlled the issuance of all such permits. We believe the Council usurped this authority." It goes on to say, "Each Councilman has been made a little czar of his own district with power to block a building project, no matter how important." Of course, we know that is a deliberate falsehood. What have we to do with building projects? We have nothing whatsoever to do with building projects, all we have to do is act on these driveway openings. As Counselor Linehan, said, it is bad taste to bring this thing in today, that

is right. It says, "We," the Boston *Traveler*, "call on the City Council to act immediately on Monday to revoke this ordinance." "We." How did they know there was going to be an order introduced today to revoke this ordinance? I think that is a fair question. That is not questioning anybody's motives.

Coun. KINSELLA—Mr. President.

President KELLY—Councillor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—I would like to answer that question of Councillor Coffey's.

Coun. COFFEY—I yield.

President KELLY—Councillor Coffey, if you yield for an answer, you automatically turn over the floor to Councillor Kinsella, you lose the floor.

Coun. COFFEY—I lose the floor, and when Kinsella yields, he yields to Councillor Coffey, and I take the floor again.

Coun. KINSELLA—I intend only to answer his question.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—On the night in question, I read this editorial in the *Traveler*, because I get three papers every night. I want to know what the other side is, and there was a continued news article from front page 1 onto the page next to the editorial page; in other words, the news item started on page 1 and continued, let us say, for instance, to page 28, and at the bottom of that article it said substantially what the editorial already said, but it said in the last paragraph that at least a couple of members of the City Council are prepared to offer such an order Monday, so that in two distinct places in the paper, one in the editorial comment and one at the tail end of the continued news item, they make reference to the subject matter of the contemplated ordinance, but who the men are, of course, I don't know.

Coun. COFFEY—Does the councillor yield?

Coun. KINSELLA—Yes.

President KELLY—Councillor Coffey.

Coun. COFFEY—Mr. President—

Coun. COOK—Mr. President.

President KELLY—Councillor Cook, for what purpose does the gentleman arise?

Coun. COOK—The floor.

President KELLY—I have already recognized Councillor Coffey.

Coun. COOK—I thought you were in debate as to whether Councillor Kinsella yielded.

President KELLY—If I had seen you on your feet, I would have recognized you before Councillor Coffey.

Coun. COOK—You can't without looking around, Mr. President.

President KELLY—Councillor Coffey.

Coun. COFFEY—It says here in the *Herald* the building projects, but we have no control on that. "Charges of graft and shakedowns inevitably resulted, leading to the present City Hall scandals and the investigation being made by the District Attorney's office. The City Council meets Monday. We call"—they call—"on the City Council to act immediately on Monday to revoke this ordinance and restore the authority over sidewalks to the Public Works Commissioner where it belongs under the City Charter." Of course, there is no need for me to read the last line there. What I am getting at is this. In the headlines last Wednesday in the Boston *Traveler*, "Council Czar for Driveways," they admit the law gives the Council control over permits, there is the answer right there in the Boston *Traveler* on the front page, "Law Gives Councilmen Control Over Permits."

All right. Some of us are not going to be put in a bad light and some of us in a good light. If we are going to be put in a bad light, the whole twenty-two will be in the same light or none. We are ears, according to the Boston *Traveler*. I told you in my opening remarks that driveway openings meant nothing to the Committee on Licenses, and they don't. I told you if a councillor wanted a driveway opening in his ward, he approaches the chairman, who polls the committee, and we throw it through. Councillor Muchnick did that today, there is a sidewalk opening in his ward, and it was sent today to the Committee on Licenses. He asked the Clerk of Committees to get me to approve that, I polled the committee, and we have already approved that, and I am waiting for you to recognize my Committee on Licenses. This will be passed, and it must be important if it has to be passed today without hearing, unless the councillor wants to wait. In the event this goes through, if he wants to wait seven or eight weeks until the decision is made by the Law Department, it is all right with me; otherwise, I will put it through today.

Coun. COOK—Mr. President.

President KELLY—Councillor Cook, not having spoken.

Coun. COOK—Mr. President, I had hoped even though I agreed with the councillors that have spoken, that we would have no talk as you two weeks ago stated, involving the so-called investigation. However, the order put in by the councillor from Ward 14 is an order that ought to pass through without any debate. I don't think his motives should be impugned, and neither should the motives of anybody else; therefore, to make this order of his one that would be passed as it should be passed, as other orders that came in before, I move an amendment, sir, that the Corporation Counsel give an opinion as to the constitutionality of all ordinances.

President KELLY—The Chair regrets he cannot accept that amendment as an amendment because it is all-embracing. The Chair will suggest also that the councillor write that order separately.

Coun. COOK—Do I understand the objection to it is the fact that it is oral instead of written?

President KELLY—No. It is all-embracing, councillor.

Coun. COOK—Mr. President, if I may talk on that ruling, I can make that amendment more specific.

President KELLY—Councillor, I made that ruling because your amendment asked the Corporation Counsel to make an investigation that will take, in my opinion, one whole year.

Coun. COOK—I have no feeling one way or the other about it, whether it takes 20 years or not. It seems to me it is up to the Corporation Counsel to decide that and not the City Clerk.

President KELLY—The Chair would suggest that the gentleman submit a separate order.

Coun. COOK—If I may, Mr. President, I will limit it, that the Corporation Counsel give an opinion as to the constitutionality of all ordinances passed since 1944.

President KELLY—The Chair will accept that as a motion after this order is disposed of.

Coun. MUCHNICK—Mr. President.

Coun. COOK—Mr. President, I am sorry, but in order to include the ordinance I should have said 1938.

President KELLY—That is right.

Coun. COOK—I don't understand why an amendment has to wait until the order is disposed of.

President KELLY—I thought you would make that a separate order.

Coun. COOK—No, sir. I am changing my amendment to all ordinances passed by the City Council since 1938 to be ruled upon as to their constitutionality by the Corporation Counsel.

Coun. MUCHNICK—Mr. President.

President KELLY—Wait a minute, please. The Chair will rule the amendment is in order. Councillor Muchnick, talking on the amendment.

Coun. MUCHNICK—Talking on the amendment and on the general order, but if I may, there are certain things that should be cleared up and can be cleared up very quickly. There has been some question raised as to why I did not introduce this order before today. The answer is very simple, Mr. President, I think the question was raised this past week, and I never thought of it until the question was raised. I gave it some thought, checked it with the charter, and found that there was a real question and, therefore, have introduced the order so that we can get a good legal opinion as to whether or not the ordinance is a correct one or an incorrect one. There has been a question raised as to how the *Traveler* or the *Herald* knew this was going to be introduced today.

The answer to that is just as simple: they telephoned me and asked me, and I said I intended to introduce it today. There is nothing at all mysterious about either of those things. There has been a statement made in the last few minutes by the chairman of the Committee on Licenses that a driveway opening in my particular ward was asked about by me of the Clerk of Committees, and that the Clerk of Committees consulted him. That happened because I received a letter from a constituent in the ward stating that he had applied for a driveway opening and asked me to check, and I was attending to it. I am very much surprised, Mr. President, that there is all this fuss and tumult about a perfectly simple order. The order asks only for an opinion from the Law Department. That opinion will either state that the order is valid or that it is invalid because constitutionally it violates the City Charter. If it states it is invalid, we may have to repeal it or disregard it. If it states it is a valid ordinance, we can go on from there. Those in this Body in that event who wish to introduce an order repealing it would have their chance, but there is no point in taking the second step before the first step is overcome. There is also some question raised about the secrecy of the Executive Committee. The only purpose for which I moved this go into Executive Committee was that we would have the Corporation Counsel down there at that time, whether it be today or next week or the following week, to tell him what we wanted, and possibly answer any questions we might put to him in order for him to form a groundwork on which to work, and then proceed from there. This entire air of mystery and suspicion that has been created here is merely a red herring, it has absolutely nothing to do with the order.

Coun. CHASE—Mr. President.

President KELLY—Councillor Chase, not having spoken. The question comes on reference to the Executive Committee.

Coun. CHASE—I have paid careful consideration, Mr. President, to the question before us, and I realize as a lawyer our powers are rather limited, that they are limited by the charter given to us by the Legislature, and I realize, sir, certain administrative duties, so-called, are supposedly to be carried out by his Honor the Mayor or some of his department heads. I, sir, with Councillor Henry Shattuck and Councillor Robert Gardner Wilson, Jr., and other councillors, adopted this ordinance back in 1938. There was never any question raised until this recent scandalous talk in the newspapers. Now, it has been raised, and I have given careful thought to it, and there may be reasons to believe that possibly the City Council

is exceeding its authority. With that view in mind I am inclined to vote in favor of asking the office of the Corporation Counsel for a legal opinion. However, sir, there is one thing that bothers me tremendously. This entire question before us has come about because of rumors and scandalous talk pertaining to the Boston City Council. It is regrettable that this Body is passing into disrepute by such rumors and discussions. I for one do not intend to remain silent. We have a question before us today as to whether or not we have been acting legally under an ordinance passed in 1938, and assuming we have been acting illegally, assuming, sir, this power should be taken away from us, to whom will it be given? Will it be given back to the Boston Street Commissioners when they, sir, are under indictment as much as any member of this Boston City Council? They are compelled or will be compelled to go before the District Attorney's office, and there have been just as many rumors of graft and corruption in the Street Department, over which the Boston City Council has no control, as there has been about the City Council. I read in the newspapers, sir, a few days back where his Honor, James Michael Curley, who suddenly sir, has been vested with a feeling of honesty so that he, too, is going to recommend taking the powers away from the City Council. Bear in mind, sir, the gentleman downstairs is not only under an indictment, but he was ordered by the Superior Court Justice to repay to the City of Boston \$40,000 because of a corrupt act that he performed as Mayor of the city and he, sir, in my opinion today is disqualified from holding office. The man downstairs—

Coun. KINSELLA—Mr. President.

President KELLY—Councillor Chase, we are talking on referring this matter to the Executive Session. I am going to ask you to stay on the subject matter, or I will have to rule you out of order.

Coun. CHASE—Mr. President, I believe I am speaking on the subject matter. His Honor the Mayor last week said he was going to do what he could to take away that power from the City Council. I, sir, in view of the fact that his Honor the Mayor has indirectly stated that the Council apparently has been acting wrongfully, have that right to challenge his authority. I say, sir, under the General Laws, 268, the Attorney General through a writ *quo warranto* can test the man's authority downstairs.

President KELLY—I am going to ask you to stay on the subject matter. If you go off once more, I regret I will have to rule you out of order, Councillor Chase.

Coun. CHASE—Mr. President, apparently the public at large and I think the whole Commonwealth and throughout the whole nation by today, sir, believes that your entire city government is corrupt instead of not only the Mayor's office, but your City Council. I as a member of the city government do not intend to stand idly by and have my good name challenged. I, sir, have always spoken my mind, and I say, sir, that the Republican Attorney General Barnes should question the man's right downstairs to hold office. There have been more wrongdoings under his administration than any of this picaresque propaganda and talk you have heard about in the last two or three weeks in which the City Council—

Coun. HURLEY—Mr. President, I don't think he is talking on the order. He is talking about the man downstairs being accused like we have been accused, but nothing proven against him.

President KELLY—Councillor Chase.

Coun. CHASE—Mr. President.

President KELLY—Councillor Chase, the matter before us is to refer this matter to the Executive Session and the Chair is going to insist that you confine your conversation to that subject.

Coun. CHASE—Mr. President, again, sir, may I remind you his Honor the Mayor for some reason decided that it pays to apparently look honest before the eyes of the public, so he initiated this move to take the power away from the Council and give it to the Street Commissioners. I am a member of the city government, a City Councillor, and I challenge anyone to show any act of mine has been wrongful in my ten years of tenure in office, and I say to you, sir, I have a right to question his Honor the Mayor when he questions me, and I say that I am holding office legally and that he is holding office illegally, that he is not qualified under the General Laws to hold office, and that the Attorney General, instead of investigating this Body, long before should have ousted him from office. Mr. President, the things they have accused us of have been picaresque to the millions of dollars of larceny that have taken place in the last fourteen months—

Coun. KINSELLA—Mr. President—

President KELLY—Councillor Chase, the Chair regrets to rule you out of order. Councillor Kinsella, the question is on referring this matter to the Executive Session.

Coun. KINSELLA—Apparently Councillor Chase was going to contend with you, but I don't know.

President KELLY—Councillor Kinsella, the Chair has ruled Councillor Chase out of order. Councillor Kinsella has the floor.

Coun. CHASE—Mr. President.

President KELLY—Councillor Kinsella.

Coun. CHASE—Mr. President.

Coun. KINSELLA—Mr. President, I don't care to start in if the gentleman is going to take an appeal to the ruling in a minute or two.

President KELLY—The Chair has ruled Councilor Chase out of order. Of course, he can appeal the ruling of the Chair.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Linehan, for what purpose does the gentleman arise?

Coun. LINEHAN—Mr. President, a point of order.

President KELLY—Will you state your point of order?

Coun. LINEHAN—May I ask why you made that ruling? No member's motives have been impugned. I think he is talking —

President KELLY—I warned him to stay on the order four different times. I think I was very fair, councilor. Councilor Kinsella.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. CHASE—A point of information.

President KELLY—I am sorry. I can't accept the point of information unless Councilor Kinsella yields. Councilor Kinsella, do you yield to Councilor Chase?

Coun. KINSELLA—I do.

President KELLY—Councilor Chase.

Coun. CHASE—You ruled me out of order. On what grounds am I out of order, sir?

President KELLY—Not talking on the motion on referring the matter to Executive Session.

Coun. KINSELLA—Mr. President.

Coun. CHASE—Mr. President.

Coun. KINSELLA—Mr. President, I yielded for him only for a point of order.

President KELLY—Councilor Kinsella is recognized.

Coun. KINSELLA—If I were in the Chair, I would have ruled him out of order for an unwarranted attack on a man not in the Body and not here to defend himself. Mr. President, to give the chronology of this —

Coun. BAYLEY—Mr. President, a point of order.

President KELLY—Councilor Bayley, state your point of order.

Coun. BAYLEY—The point of order is, why are the rules enforced against one member and not against others?

President KELLY—Councilor Bayley.

Coun. BAYLEY—May I explain?

President KELLY—One minute, councilor. You asked me a question. The rules will be enforced against every member of the Body who breaks them.

Coun. BAYLEY—Mr. President, did you enforce Rule 21 against the previous speaker? It provides "every member when about to speak shall rise, address the Chair, and wait until he is recognized, and, in speaking shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member, shall make an apology in open session at the meeting at which the offence is committed." Mr. President, did you enforce that against him? You warned him at least four times, but you did not make him apologize. Why are the rules enforced against one and not against all?

Coun. SULLIVAN—Does the gentleman want an answer?

Coun. KINSELLA—I did not yield to the whole Body.

President KELLY—The Chair will always warn every member before he finally rules him out of order. The Chair wants to be very fair and will go to the last extreme before he is forced to rule him out of order.

Coun. BAYLEY—The rule does not provide for warnings. It provides for action.

President KELLY—The Chair has been at tempting to be fair this year and last year.

Coun. BAYLEY—I think the rules should be enforced.

Coun. SULLIVAN—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsella has the floor.

Coun. SULLIVAN—Will Councilor Kinsella yield?

Coun. KINSELLA—I will be delighted.

President KELLY—Just a minute. The Chair has made the ruling that Councilor Kinsella has the floor. Do you care to yield the floor to Councilor Sullivan?

Coun. KINSELLA—If he is going to answer a fellow councilor, yes.

Coun. SULLIVAN—Thank you very much, Mr. President.

President KELLY—Councilor Sullivan, I have already given an answer to Councilor Bayley on this question. Councilor Sullivan, if you want to talk about reference of this order to the Executive Committee, you are in order.

Coun. SULLIVAN—Mr. President, about three weeks ago today utterances were made in this Chamber here, utterances that reflected and impugned the motives of eight members of this Body. Was anybody ruled out of order at that time? I think a man's reputation is more at stake than Rule 21, and the gentleman from Ward 5. Was there any ruling on anyone getting up that day? Was there any question of impugning motives of a member of this Body? I warn you —

Coun. LINEHAN.—Mr. President.

President KELLY—Gentlemen (striking gavel). Coun. SULLIVAN—Was there any question when the gentleman from Ward 14 (Councilor Muchnick) made the statement that it was being held up pending a pay-off? Was there any impugning of motives, Mr. President? There is an answer to Rule 21.

President KELLY—The Chair regrets to rule you out of order.

Coun. BAYLEY—Congratulations. Mr. President.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—Is it safe to start, Mr. President? The history of the creation —

President KELLY—Councilor Kinsella.

Coun. KINSELLA—Mr. President, the history of the creation of the power of the City Council to grant sidewalk permits starts on June 20, 1938 by means of a communication from his Honor the Mayor which I would like to read: "To the City Council."

Coun. COFFEY—Mr. President, I can't hear the gentleman talking.

Coun. KINSELLA—This is my bad day.

"Gentlemen,—The sidewalks or streets are primarily for pedestrian travel, subject, of course, to the right of the abutting land owner to suitable access to his property."

"A considerable increase in the use of land for outdoor parking purposes has taken place in the last few years and a noticeable tendency has developed not only to encroach on the sidewalks, but to use them to an unwarranted extent for driveway purposes."

"To correct this situation, I submit herewith and recommend for passage by your Honorable Body the accompanying ordinance."

Respectfully,
MAURICE J. TOBIN, Mayor.

"An Ordinance Concerning Use of Sidewalks."

"Be it ordained by the City Council of Boston, as follows:

"Section seventy-nine of chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by adding at the end thereof the following:

"Except in accordance with a special permit granted by the commissioner of public works and approved by the mayor, no driveway or other opening for the passage of vehicles across a sidewalk shall be constructed to a width of more than ten feet nor shall more than a total of twenty feet in width of the sidewalk in front of any one parcel or two or more contiguous parcels of land owned or occupied by one person, firm or corporation be used for driveways."

Coun. HURLEY in the chair.

Chairman HURLEY—Will the press keep quiet, please?

Coun. KINSELLA—I lost my place. You will note I read " . . . except in accordance with a special permit granted by the commissioner of public works. . . ." But the ordinance comes out and says " . . . except in accordance with a special permit granted by the City Council. . . ." Whether that is an error in the city printing or not, I don't know. The following pages in which this appears do not show that any action other than a reference to the Committee on Ordinances was taken. No debate of any kind, no question of legal opinion. That same year, August 15, 1938, Councilor George A. Murray for the Committee on Ordinances submitted the following which we find in Document 39, entitled "Supplement to the Revised Ordinances of 1925, containing the Ordinances of the City of Boston passed in the municipal years 1926 to 1945 inclusive." The language in chapter 4 on page 41 is precisely the language of the Mayor's recommendation with the exception of the use of the term in the ordinance, "City Council" where his communication read "Commissioner of Public Works." I am not an attorney, but it seems to me to be in very good taste that the councilor living in a district an appreciable number of years might have a better understanding of what sidewalk openings in certain locations would do to abutting property owners, more so than any inspector sent out by the Department of Public Works to make an investigation. I can also say it is part of the personal service rendered to the people in our district who want celerity of action; witnesseth today, Councilor Coffey was given three or four petitions of varying natures. Incidentally, I am on the committee this year, and he asked me about them, and I said, "Go ahead, as far as I am concerned." It was all right. That is what you call speed of action, and that makes a constituent feel that the councilor in his district is a fellow who can be helpful to him when he wants to further the progress of some business venture, and all without any suggestion of money, I might add. Mr. President, I want to say at this point I am opposed to referring this to Executive since the charges were made here by inference publicly and before several hundred people. I think this is the place to thresh out any afterthoughts or the merits of any afterthoughts that take the form of repealing the ordinance. I want to know, and I don't ask this as an academic question, but I want to know through the City Clerk what effect the establishment of the unconstitutionality of that ordinance of 1938 would have on Mr. Fairbank who was recently granted a permit? I will pause for an answer.

Chairman HURLEY—The City Clerk in response to the question put to the Chair said that it would have no effect on Mr. Fairbank.

Coun. KINSELLA—In other words, the fact that the Council acted illegally in giving Mr. Fairbank a permit under authority that was not constitutional is all right because now it is a *fait accompli*?

Chairman HURLEY—The Chair will rule the permit given to Mr. Fairbank was given under General Laws and not by ordinance. It is a different question entirely from this particular matter before the Council.

Coun. KINSELLA—I am grateful to you, Councilor Hurley, for getting the answer, but I would still like to point out that General Laws or otherwise, other permits can be questioned, their legality and constitutionality can be questioned but not the Boston Waterways taxi permit, and now he has it, the unconstitutionality is clearly referred to in this editorial, it is all right because he has it. There is no unconstitutionality about it. I read this article in the *Traveler* the other night, and as I said, I buy three papers in the evening and to my certain knowledge I have never except on one occasion experienced the Boston newspapers recommending the election of any members of the Boston City Council, the exception being during the bad war year of 1943 when the Boston *American* listed all our names in an editorial and said that we were a good body of men doing an excellent public job and that therefore the constituency of the various wards making up the City of Boston should reject any opposition and return the 22 men to City Hall in January of 1944. Whether we needed that boost or not is entirely beside the point, but that is the first time any newspaper to my knowledge has come out with the recommendation that a whole body in its entirety be returned to office. However, when I read this piece the other night, it represented to me something that might be described as a little trap, . . . if we don't go along with the contents of the editorial, . . . and what it seems to achieve, as the lawyers would say, *per se* we are thieves, we are corrupt; on the face of our opposition we are corrupt and the only ones who will escape the consequences of their evil acts will be those who take the side contained in the editorial. A rather brazen statement for a newspaper that has always preached freedom of the press to make about 22 men duly and legally elected to hold office at the will of the people of their wards when they have contributed neither money nor publicity to the election of any one of us. Mr. President, on the purely personal side, I am in this city about seven hours every day, and Saturday about five yours, and I have gotten to know a lot of people. I number among my acquaintances some of the better known professional men in this city, lawyers, doctors, real estate dealers and architects, and those who have money from no source I could identify. I know a lot of them of high and low degree, and all those to a man condemn the action of the Council in granting the Waterways petition under the conditions present to Mr. Fairbank. Let me inject here a solid dissent for every man who voted for him, and I don't seek by that means to curry favor with any individual or the entire fourteen. I want to say in justification of the right they had to vote for him, it was to their eternal credit. Probably the whole fourteen were always with him. Surely, twelve were, and on two or three occasions one or the other had to absent himself when the vote was called and they did not muster enough strength so that there is no question of their integrity in the matter. But the great general public of the city takes the view they should have changed their vote as a reprisal against the man who permitted a slander on their characters, who contributed most in dirtying their hands if their hands did become dirty, and so I said here in opposing the granting of the license, there were 23, not 22. I too can join with all those who have said, starting with the councilor from Ward 7 (Councilor Linehan) because I can't mention his name, we are reviled and slandered.

Chairman HURLEY—Are you close to the end of your speech? I have something really important that the Body will have to take up immediately. I will let you continue if you are not quite finished.

Coun. KINSELLA—You broke into my trend of thought. I am all done. Mr. President.

Chairman HURLEY—Councilor Kinsella.

Coun. KINSELLA—I will try to finish within a minute. I want to say at no time under any circumstances for any consideration, regardless of the consequences, do I want to vote with a gun in my back. If ever I thought there was merit in relinquishing our control over sidewalk openings, I might reasonably say that it is a good order, but the technique employed is foul. I will not vote for it. That is flat, and I don't care what consequences are looming in the offing. Now we have a chance to find out once and for all if the Council is going to submit to this, and then be butchered and bulldozed next Monday in cancelling out items of the budget. That is the most logical step for this newspaper to take. I certainly hope that the courage for which individually we are famous, and we have to have it to beat down the opposition to get in here, I hope that courage today will reassert itself even among the sponsors of the order who sought a permit over whose issuance we were all questioned. Thank you.

Chairman HURLEY—The Chair will suspend temporarily any further debate on the motion referring this to Executive.

Later in the session Chairman HURLEY said: The question now before the board is the reference of Councilor Bayley's and Muchnick's order to the Executive Committee. Those in favor say "aye."

Coun. KINSELLA—Mr. President.

Chairman HURLEY—Councilor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—I only want to say something that should have been said a long time ago and in a very serious vein. Mr. President, you have heard some criticism about certain editorials published in a certain newspaper that apparently has adopted a new technique in newspaper reporting. They want now to dictate the news before the news is made. I have in mind, Mr. President, something that might concern every member of this Body in so far as the legitimacy of any purpose is concerned. Do you recall January 27, 1947, Mr. President, a date referred to here today by Councilor Coffey, in reading from a public record which is the *City Record* or the *Council Proceedings*, he said that he spoke about a \$100,000 dice game, and so forth. On that same day, Mr. President, the same councilor from Ward 1 made this statement, "Captain Britt told me that Commissioner Sullivan ordered him to lay off bookies in East Boston." You will find that in the record. Coffey didn't say a third person told him that, but it is immaterial whether that statement was true. A duly elected member of this Body speaking in his capacity as a city father made that charge against the Police Commissioner of the city, and there is not a person here who saw a probe of the Police Department conducted for the purpose of establishing the truth or the falsity of the charge. That was a forthright and direct accusation, remember, and it had a good deal more merit than what was said a few weeks back by the gentleman from Ward 14 (Councilor Muchnick) because all he was repeating, and admittedly so, were rumors. Now, I ask that paper, in all good faith, why they did not conduct or cause to be conducted an investigation of the charges made by a member of this Body? It is not sufficient for the paper to say, "Coffey said that; therefore, we don't believe it." Coffey was talking out of his mouth as a member of the Boston City Council, as a councilor, please remember, talking about the Police Department that functions in and for Boston.

Coun. MUCHNICK—Mr. President.

Coun. KINSELLA—And nothing was said about probing those charges.

Chairman HURLEY—For what purpose does the gentleman arise?

Coun. MUCHNICK—A point of order, Mr. Chairman.

Chairman HURLEY—Will you please state your point of order?

Coun. MUCHNICK—I fail to see what this has to do with the reference of the order under discussion to Executive.

Chairman HURLEY—The point is well taken. Let the councilor confine his remarks to that matter. Councilor Kinsella.

Coun. KINSELLA—At any rate, the charge was never investigated, and it was a direct charge, whereas the gentleman from Ward 14, to repeat myself, only repeated the story of a rumor, and it has brought down disgrace upon us and it may result in the punishment of every one of us.

Coun. MUCHNICK—Mr. President.

Chairman HURLEY—I have ruled that kind of discussion out of order. He is trying to change his subject now, and I think he is speaking now on the reference to Executive.

Coun. KINSELLA—I will say this, the gentleman has a great capacity for raising points of order but it does not cloud the issue. The issue today under discussion is, what action are we going to take on that order, and I ask why they did not make charges or instigate charges against the Police Department to establish the truth or falsity of the statements made here with everyone present. If the left shoe pinches, the right shoe will, too. I don't know when certain members of this Body are going to exhibit personal pride in what they have here, little as it is. On the question of reference, I have made my position plain. I don't think it should be referred. I think it should be thrashed out here. When we offer defenses that are substantial, they should be heard here, not in there. Bear in mind, all your life you are going to be remembered mainly as a member of the 1946 and 1947 Council that died under fire, and you won't escape it, my friends.

Coun. LINEHAN—Mr. President, I object.

Chairman HURLEY—Councilor Linehan, for what purpose does the gentleman arise?

Coun. LINEHAN—A point of order.

Chairman HURLEY—State your point of order.

Coun. LINEHAN—I object to this talk going on about dying and what have you. It has nothing to do with the order.

Chairman HURLEY—About dying? The point is well taken. Councilor, will you confine your remarks to the submission of this order to Executive?

Coun. KINSELLA—I don't object to the councilor from Ward 7, I sit back and listen to anything he wants to say, and I have not raised a point of order this year or last year against him. Why he is so touchy on the subject because I use different phraseology than he does is beyond me. He has raised a point of order —

Coun. BAYLEY—Mr. Chairman.

Chairman HURLEY—For what purpose does the gentleman arise?

Coun. BAYLEY—A point of order. My point of order is —

Chairman HURLEY—The gentleman has the right to raise a point of order, any gentleman, any member of the Council. The question is the reference of this to Executive.

Coun. BAYLEY—A point of order.

Chairman HURLEY—Will the gentleman state his point of order?

Coun. BAYLEY—I don't see that the touchiness of the distinguished gentleman from Ward 7 (Councilor Linehan) has anything to do with the order.

Chairman HURLEY—I just made a ruling. Councilor Kinsella.

Coun. KINSELLA—So in concluding, Mr. President, after the interruptions, I would like to say that I would like to see this almost unanimously rejected, not just now but at any time in the future it rears up its head.

Chairman HURLEY—The question is on the reference to Executive.

Coun. CHASE—Mr. President.

Chairman HURLEY—Councilor Chase.

Coun. CHASE—Mr. President, I wish the gentleman from Ward 5 (Councilor Bayley) would let me speak. Mr. President, this is a very important matter today, and I as one of the 22 members of the Council am expected to pass on matters that come before this Body, and I feel that I should take the floor to explain my feeling on the entire matter. I believe, Mr. President, if this power we have exercised is illegal and unconstitutional, then obviously, sir, we should not continue to use it. On the other hand, if we have been acting within our rights, then I question, sir, the wisdom of our transferring that authority to another department, and I say that, having this in mind, sir, that the good people of my district elected me to public office. They who voted for me had confidence in me, in my judgment, in my honesty, and in my veracity. I, sir, because of the publicity am not going to cringe or hide or be afraid. I feel, sir, I am just as qualified, as a matter of fact, more qualified, to act on matters which are legally before me as the gentleman downstairs, in other words, his Honor the Mayor, and I don't propose to relinquish any of my authority to his Honor the Mayor. I have in mind, sir, when he was Mayor of the city —

Coun. KINSELLA—Mr. President.

Chairman HURLEY—Councilor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—A point of order. There is no order of the Mayor under discussion here —

Chairman HURLEY—The point is well taken.

Coun. CHASE—My remarks about his Honor the Mayor as they go along will self-explain themselves. I have in mind, sir, as Mayor of the City of Boston his Honor the Mayor was vested with certain duties of trust and as chief executive, sir, it was found by a Superior Court Justice that he violated that trust and allowed himself to be the subject of a bribe of \$40,000. Now, sir, the advocates of this proposition say that the 22 members of the City Council should not entertain this authority. Suppose, sir, we have the legal right to do it. I say I can speak for myself and I can speak for a majority of these councilors. I feel, sir, the Council can be trusted, more so than his Honor the Mayor or any department head to give an honest transaction in the passage of anything. Now, Mr. President, I believe that considerable of this criticism which has been brought into this has caused the people of Boston and of the Commonwealth to believe and to think that the entire City Council of Boston is a corrupt institution and I, too, have served in the Massachusetts Legislature, and I can say that proportionally in every way this Body will meet the Massachusetts Legislature for honesty in every respect, and your Massachusetts Legislature is composed of an overwhelming majority of Republicans. If any member of this Council, sir, has been caused to be put under suspicion, I say there are many members of the Legislature that have been put under equal suspicion on many state transactions and those members, sir, in many instances were your leading Republicans. I don't like to have any institution unfairly criticized or any group of men, and I believe for the last three weeks that the publicity this Body in general has been receiving has been totally unfair. I believe, sir, that in fairness to the public, in fairness to the elected office holders of this Body, that if anyone has knowledge of any wrongdoing of any particular member or members of this Body they should point the party out but, apparently, sir, libel laws are too strong in this state, and apparently the institutions that are blackening this Body generally with innuendoes of graft and corruption do not dare to come out and name the men who have been accused because they feel if that man or if those men place themselves in a court of law they can turn around and sue them for libel. But, sir, in their anxiety to protect themselves from any possible libel suit from one individual or two individuals or more individuals, they libel the entire Body with their innuendoes. I defy anyone to point his finger at me and to say I have not acted as a good law-abiding public office holder should during my entire ten years in the city government and during my entire six years in the State Legislature. Mr. President, for several weeks we have been unable to express our opinions; that is, an opinion on this matter. I repeat, sir, if we are acting illegally, we should divest ourselves of this power, but if we are acting

within our rights, then I say to those who criticize our actions, what shall we do? Give the authority to a man who is under indictment, who has been found guilty? Give the authority to a man who has been ordered by a Superior Court Justice to pay back to the City of Boston \$40,000?

Chairman HURLEY—Councilor, I wish you would stop making references to this. This matter you refer to is still before the courts.

Coun. CHASE—Mr. Chairman, under General Laws 268, it provides any public office holder either in a state or municipal capacity who has been found as accepting a bribe for some official act of his is forever disqualified from holding office, and Judge Fosdick, sir, found as a fact that Curley while Mayor of the City of Boston corruptly requested \$40,000. He has ordered the Mayor to pay back to the City of Boston that \$40,000. The Mayor under that particular statute of the General Laws is not qualified to hold office, and yet the advocates of this measure propose we divest ourselves of this power.

Coun. MUCHNICK—Mr. President.

Chairman HURLEY—For what purpose does the gentleman arise?

Coun. MUCHNICK—A point of order.

Chairman HURLEY—State your point of order, Councilor Muchnick.

Coun. MUCHNICK—The advocates of this measure do not propose that anybody be divested of this power. If you will ask the clerk to read the order, you will find it merely asks the Law Department to give an opinion on whether this ordinance is at present valid, and that is all it asks for. It is a very simple request, Mr. President.

Coun. CHASE—Mr. President.

Chairman HURLEY—Councilor Chase.

Coun. CHASE—For three long weeks, sir, day after day, in every newspaper in the City of Boston I, with 21 other members of the Council, am forced to read glaring headlines on the corrupt City Council of Boston. Now, Mr. President, I for one do not propose to relinquish this floor unless I have had an opportunity to explain my stand in my municipal office, and I am being called upon, sir, to act on this proposed ordinance —

Chairman HURLEY—Continue, Councilor Chase.

Coun. CHASE—I am called upon, sir, to vote one way or another on the question of whether or not the City Council has authority to enact an ordinance giving them the right to pass on sidewalk openings. I want to warn the Council while I favor finding out whether or not we are vested with this authority, that in the event we are not, are we to be expected or are the proponents of good government in Boston to be expected to allow his Honor the Mayor to have this power?

Chairman HURLEY—Councilor, the question before this Body is not the question of any man's honesty at all. The question before this Body is the reference to the Executive Committee, of getting a legal opinion from the Corporation Counsel. You are my friend, and I want to be fair with you, but if you start going along that line again, I will rule you out of order.

Coun. CHASE—Mr. President.

Chairman HURLEY—Councilor Chase.

Coun. CHASE—I believe you will agree with me, sir, last week his Honor the Mayor saw fit to utter statements which were to the effect, in substance, to take away the authority of the City Council and vest it in his department heads and himself.

Coun. MUCHNICK—Mr. President.

Chairman HURLEY—Councilor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—A point of order.

Chairman HURLEY—Will you state your point of order, councilor?

Coun. MUCHNICK—Any statement made by the Mayor is not law, and any statement made by him can in no way affect our rights to get an opinion from the Law Department on anything.

Chairman HURLEY—The point of order is well taken. Councilor Chase.

Coun. CHASE—The point of order is well taken, Mr. President, but it does not exclude the fact that his Honor the Mayor apparently is trying to pose as quite a fellow and that your 22 members of the City Council were not so good, and I think, sir, under those conditions I have the right to challenge his contention. I think as an elected member of the city government that the people of my district would rather trust me with any matter of municipal government than they would the man downstairs or even any of his department heads, and I say that having this in mind: They elected me to hold this office and they have done it for ten consecutive years, and during those ten years I served six years in the Legislature simultaneously and if the people did not have that confidence in me, they would not have awarded me that double honor. I have in mind, sir, that no one can point his finger at Chase and say, "Chase has acted wrongfully." But the inference is quite clear in the various publications in the city that Chase is one of the 22 members of the City Council, and when they talk about the City Council, sir, they indirectly implicate each and every one of the 22 members. I don't think that is fair, especially, sir, when apparently, or at least they publicize the fact that, they have knowledge of the individual's name or individuals' names.

Coun. MUCHNICK—Mr. President.

Chairman HURLEY—Councilor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—I would like to know what this has to do with the order, even though it may be interesting.

Chairman HURLEY—The Chair agrees with you, councilor. He seems to be slipping away from the order.

Coun. MUCHNICK—Will you do something about it?

Chairman HURLEY—I am going to rule him out of order if he does not get back on the subject matter. I don't like to do it.

Coun. CHASE—Mr. President.

Chairman HURLEY—Councilor Chase.

Coun. CHASE—I say, sir, in concluding, I am in accord with the gentleman from Ward 14 (Councilor Muchnick). Responsible citizens apparently question the legality of our right to act on matters such as sidewalk openings, and I assume, sir, they apparently have consulted counsel on the matter before they formed their conclusions. With that in view, I as a lawyer will not take issue with them. The question should be decided, and the preliminary question, sir, although it may be subject to a prejudiced opinion of the Corporation Counsel, I am in accord with the gentleman from Ward 14 that we should determine whether or not the matter is legal or illegal. Now, sir, because one group of citizens or institutions have seen fit unfairly to hit at this body as a whole by their adverse publicity, I don't think it is quite proper for any member of the Council to hit back and accuse others that they are against the City Council because Curley is an Irishman, because I know, sir, the *Herald-Traveler* has on many occasions supported Irishmen. They supported Mayor Tobin, they supported Mayor Kerrigan. I think even Bill Mullins who was criticized is an Irishman. I know of employees who are Catholics so I don't see what we have to gain by unlesashed attacks of that nature on that institution, but I think we have the right to point out to them their unfairness in criticizing the Council as a whole the way they have been doing it through inference. When I say through inference, I mean this: glaring headlines on the front pages. I hope, sir, the members of your body will go along with the gentleman from Ward 14 and at least try to get an opinion from the Corporation Counsel that will not be prejudiced, although I doubt it. I think his Honor the Mayor, where he has already indicated his desire to take this matter from us, probably his Corporation Counsel may be in for us, and I say that having in mind the absolute control his Honor the Mayor has over all his department heads, and he wrongfully and illegally and corruptly has acted in the past.

Coun. MUCHNICK—Mr. President.

Coun. CAREY—Mr. President.

Chairman HURLEY—Councilor Carey.

Coun. CAREY—I will be very brief. I have listened to the discussion since I came in this afternoon, and I for one feel if we have been acting unconstitutionally since 1938, it might be said it is untimely that the matter should be raised through an order in the Council this afternoon; nevertheless, I for one want to know from now on whether to vote on sidewalk permits. I therefore feel the order should pass, and I trust the councilors on the floor feel we should find out once and for all if we are acting unconstitutionally on sidewalk permits. I think it is well, now the matter has been raised, that we should have an opinion from the Corporation Counsel.

Coun. MUCHNICK—Mr. President.

Chairman HURLEY—The question before the body is the reference of this order to the Executive Committee. Councilor Muchnick.

Coun. MUCHNICK—Mr. President, speaking purely on the merits of the order, I asked that this go to the Law Department for an opinion, and I assume in that opinion we would get an unbiased opinion from the head of our Law Department. I just heard one member of the Council and others by inference state that they did not anticipate we would get a fair opinion because the man happens to be an employee of Mr. Curley and that he would not act in accordance with the dictates of his own conscience. If I felt that way about it, I would not ask our Law Department to be the one to render that opinion. I have every feeling that Mr. Scolopetti is a fair, impartial and capable lawyer, and that he will render an opinion which is honest, whether it is one the Mayor wants or does not want, and I would like to have that in the record as one of the reasons why I want the opinion from the Law Department. It may be an opinion which many of us will agree to, but I don't know what it is going to be. I will stake quite a bit on the fact that Mr. Scolopetti's Law Department will give us an honest opinion.

Chairman HURLEY—The question is on reference to Executive. All those in favor, say "aye," those opposed, "no." It is not a vote. The question now comes on the amendment as submitted by Councilor Cook. The Clerk will read the amendment.

The Clerk read the amendment as follows:

That the Corporation Counsel also furnish the City Council with an opinion as to the constitutionality of all ordinances passed by the City Council since 1938.

Chairman HURLEY—The question now comes on the amendment. All those in favor say "aye," those opposed "no." It is not a vote. The question now comes on the passage of the order. All those in favor say "aye," those opposed, "no." It is not a vote.

Coun. BAYLEY—I doubt the vote and ask for a roll call, Mr. Chairman.

Chairman HURLEY—Coun. Bayley doubts the vote and asks for a roll call and is supported by three councilors. The Clerk will call the roll.

Coun. BRYAN—Will the Clerk please read the order?

Chairman HURLEY—The Clerk will read the order.

(The order was read.)

The roll was called on the adoption of the order, with the following result:

Yeas—Councilors Bayley, Carey, Chase, Keenan, Lane, Muchnick—6.

Nays—Councilors Bryan, Cantwell, Kinsella, Linehan, Scannell, Sullivan—6.

Present—Councilor Hurley.

Chairman HURLEY—Six in the affirmative and six in the negative, and the motion is lost.

DRAWING OF JURORS.

Chairman HURLEY—We have an order forthwith, a summons for the drawing of jurors, and while we have a quorum here we should take care of it. We may lack a quorum later, and it may necessitate our coming in here tomorrow. The Chair will now notify the City Messenger —

Coun. KEENAN—Mr. President.

Chairman HURLEY—Councilor Keenan, for what purpose does the gentleman arise?

Coun. KEENAN—I thought some time ago there was a motion made that we suspend that until all orders were in.

Chairman HURLEY—It is now 5 o'clock and we have a forthwith summons, and if it is not handled, they will be in here tomorrow. The City Messenger will notify his Honor the Mayor for the drawing of jurors. (The City Messenger reported that the Mayor was not available.) In the absence of the Mayor, the Chair will designate Councilor Linehan to draw the venire of 179 jurors in the Criminal Session.

Jurors were drawn, Councilor Linehan presiding at the box in the absence of the Mayor, as follows:

One hundred and seventy-nine traverse jurors, Superior Criminal Court, to appear April 16, 1947: Sebastiano Amato, Ward 1; Ralph M. Carbone, Ward 1; Leonardo Colangelo, Ward 1; Joseph F. Davies, Ward 1; Philip DiDonato, Ward 1; Louis Ferrara, Ward 1; William L. Fowler, Jr., Ward 1; George W. Kinnaly, Ward 1; Ernest Labadini, Ward 1; James G. Matarese, Ward 1; Nicholas J. Pitari, Ward 1; Giuseppe Scali, Ward 1; Edward N. Boure, Ward 2; William R. Carroll, Ward 2; Charles H. Castor, Ward 2; Clayton Duprey, Ward 2; Philip Green, Ward 2; John J. Doran, Ward 3; Alfred Dotoli, Ward 3; Patrick Pasquariello, Ward 3; Carmine Polcari, Ward 3; Victor Rudom, Ward 3; Rocco Silano, Ward 3; Philip Callahan, Ward 4; Edward Daniel, Ward 4; Raymond W. Dopson, Ward 4; James Hamilton, Ward 4; John H. Hoffman, Ward 4; Frederick Pade, Ward 4; Leopold J. Ratte, Ward 4; Abraham Soloway, Ward 4; Robert P. Walker, Ward 4; Daniel J. Manning, Ward 5; Bruce D. Myers, Ward 5; John Perry, Ward 5; Alfred J. Hauff, Ward 5; Anthony J. Repici, Ward 5; George D. Traggas, Ward 5; Raymond B. Collins, Ward 6; Edward J. Costello, Ward 6; Frederick A. Herr, Ward 6; Herbert J. Lane, Ward 6; John D. Patterson, Ward 6; Lester D. Allen, Ward 7; Joseph Bruno, Ward 7; Joseph J. Elwood, Ward 7; Thomas J. Kerley, Ward 7; Michael Kirby, Ward 7; Joseph J. Ripp, Ward 7; Harry B. Cummings, Ward 8; Thomas J. Gordon, Ward 8; Thomas P. Grennan, Ward 8; Leo A. Jones, Ward 8; William R. Mager, Ward 8; Frederick E. Monticone, Ward 8; William J. Tronson, Ward 8; Geatano Venute, Ward 8; Harold Nichols, Ward 9; John A. White, Ward 9; Timothy A. Donnelly, Ward 10; Bernard Healey, Ward 10; Earl Tabor, Ward 10; John W. Warren, Ward 10; William E. Wellington, Ward 10; Samuel Widoff, Ward 10; Philip P. Burns, Ward 11; William J. Capuzzo, Ward 11; John O'Brien, Ward 11; Jacob Louis Bergman, Ward 11; Walter F. Neale, Ward 11; Henry H. Smith, Ward 11.

George G. Libby, Ward 12; Horace Riley, Ward 12; Louis Stern, Ward 12; Benjamin Swartz, Ward 12; Walter R. Todd, Ward 12; Herbert W. Toombs, Ward 12; Louis Warshaw, Ward 12; Stanley J. Burke, Ward 13; Edward T. Byrne, Ward 13; Cornelius S. Connors, Ward 13; Paul Devir, Ward 13; William J. Healey, Jr., Ward 13; John J. O'Brien, Ward 13; Frank Pellegrine, Ward 13; Max Bass, Ward 14; Louis Brik, Ward 14; Abraham Brother, Ward 14; William Cohen, Ward 14; Harry Craig, Ward 14; Harry Futran, Ward 14; Aaron A. Gillin, Ward 14; Edward I. Goodman, Ward 14; Barnett Holmes, Ward 14; Myer Levin, Ward 14; Harold Miller, Ward 14; Louis E. Rosenthal, Ward 14; Abraham Rubin, Ward 14; James P. Savage, Ward 14; Harry Segal, Ward 14; Samuel Silverman, Ward 14; Harry Sugarberg, Ward 14; William Swartz, Ward 14; Joseph M. Costello, Ward 15; John F. Eddy, Ward 15; James Healy, Ward 15; William H. Looney, Ward 15; Patrick J. Barry, Ward 16; Frank L. Cheney, Ward 16; Sydney Garvey, Ward 16; Vincent J. George, Ward 16; A. Gordon Howie, Ward 16; Martin J. McGuire, Ward 16; Herbert F. O'Neill, Ward 16; Wilbur L. Proctor, Ward 16; Edward E. Slattery, Ward 16; Abraham Spellman, Ward 16; Morris Becker, Ward 17; Irving M. Cagan, Ward 17; Herbert W. Connor, Ward 17; Max H. Hatch, Ward 17; Joseph H. Lane, Ward 17; George H. Morgan, Ward 17; William

T. Muir, Ward 17; Max Newmark, Ward 17; Michael J. O'Donnell, Ward 17; Henry James O'Keefe, Ward 17; Edward Pierce, Ward 17; James M. Reid, Ward 17; Herman Rosenberg, Ward 17; Chesley A. Smith, Ward 17; Alfred F. Anderson, Ward 18; Isadore Glick, Ward 18; Lorenzo Lavorgna, Ward 18; Arnold F. Little, Ward 18; Owen F. Lyons, Ward 18; Charles A. Mayer, Ward 18; Michael Palmer, Ward 18; Russell J. Strang, Ward 18; Morris J. Weinbaum, Ward 18.

William L. Roth, Ward 19; Francis T. Scott, Ward 19; Edward M. Stapleton, Ward 19; Byron M. Allen, Ward 20; Joseph M. Dolan, Ward 20; Edward Fisher, Ward 20; James E. Fraher, Ward 20; Herbert Geddis, Ward 20; Frederick J. Hogardt, Ward 20; Frank A. Lewis, Ward 20; Edward J. McGovern, Ward 20; George McKenzie, Ward 20; Fred Micklay, Ward 20; Eric V. Nilson, Ward 20; Henry K. Oberlander, Ward 20; Henry T. Rice, Ward 20; John N. Timmerman, Ward 20; Gilbert S. Wallace, Ward 20; Otto Weller, Jr., Ward 20; John R. Whelan, Ward 20; Chester C. Andrews, Ward 21; Mark Blumenthal, Ward 21; Arthur G. Bradbury, Ward 21; William Bronstein, Ward 21; Chester C. Brown, Ward 21; Arthur J. Casey, Ward 21; John C. Davis, Jr., Ward 21; Harold Mannis, Ward 21; Henry DeRobertis, Ward 21; Edward A. Mathey, Ward 21; Benjamin J. Obdens, Ward 21; Theodore J. Parkas, Ward 21; Israel Schneider, Ward 21; Stanley E. Allen, Ward 22; Robert W. Burke, Ward 22; Thomas F. Dunn, Ward 22; John A. McCabe, Ward 22; John P. McLeod, Ward 22; Leo Owen, Ward 22.

MEETING OF COMMITTEE ON APPROPRIATIONS.

Chairman HURLEY—The Chair will now give notice to the Council members that due to the illness of the Chairman of the Committee on Appropriations, Councilor Fish, the meeting scheduled for tomorrow has been postponed to Wednesday at 10.30 a. m.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

1. Report on petitions (referred today) for driveways openings, as follows: Max Segelman, 165 Stenwood street; Joseph J. Gottlieb, Joseph M. Greenberg, 120 Mountfort street, Ward 21; Joseph J. Benkert, 719 Washington street, Ward 17—recommending that permits be granted.

Reports accepted; said permits granted under usual conditions.

2. Report on petition of New Allston Alleys, John J. Callaghan, 137 Brighton avenue, Ward 21 (referred today) for permit for Sunday bowling—recommending that permit be granted.

Report accepted; said permit granted under usual conditions.

CHRISTOPHER J. LEE PLAYGROUND IMPROVEMENTS.

Coun. SCANNELL offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to resod the Christopher J. Lee Playground and to place the baseball diamond in first-class condition for the opening of the baseball season.

Passed under suspension of the rules.

FLAGPOLE FOR WILLIAM E. CARTER PLAYGROUND.

Coun. SULLIVAN offered the following: Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to erect a flagpole on the William E. Carter Playground, Columbus avenue, Ward 9, said pole to be ready for dedication on Flag Day, June 14, 1947.

Passed under suspension of the rules.

SYMPATHY TO FAMILY OF CHARLES A. BUCHANAN.

Coun. CAREY offered the following: Resolved, That the Boston City Council, in meeting assembled, hereby extends its deepest sympathy and condolence to the family of Charles A. Buchanan, member of the Boston Fire Department, who met an untimely death while in the performance of his duty today.

Passed under suspension of the rules.

RETIREMENT OF TEACHERS.

Coun. KEENAN offered the following: Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the retirement of teachers prior to August 31 after having reached the age of seventy years; provided that said legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rules.

DETENTION HOME FOR MINORS.

Coun. CANTWELL offered the following:
Ordered, That his Honor the Mayor be requested to immediately take under advisement the erection, or establishment of a Detention Home to be used for the housing of minors during the period of their detention and while awaiting the disposition of their case in the courts.

Coun. CANTWELL—Mr. President, it has come to my attention when juveniles are arrested, they are turned over to the probation officers and that the probation officers place the boys in the Charles Street Jail and the girls down in the tombs. Juveniles should not be placed in the same company as adult criminals and sex offenders. Crimes by sex offenders are prevalent these days and demand our particular attention to take preventive steps. Social groups in churches of all denominations are clamoring and demanding that all possible preventive measures be taken to lessen the evils confronting our youth. Yesterday I heard a radio commentator who remonstrated against the policy of movie producers who continued to produce elaborate sex pictures where these crimes are glamorized. This order would be only one step in the right direction, and let us not delay even one week, let us have proper action now.

The order was passed under suspension of the rules.

ACCEPTANCE OF HAUTEVALE STREET

Coun. CANTWELL offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Hautevale street, Ward 18.

Passed under suspension of the rules.

V. F. W. ROAD RACE.

Coun. BRYAN, for Councilor MADDEN, offered the following:

Ordered, That the City Messenger be, and he hereby is, authorized to rope off the streets along the route of the V. F. W. Road Race in Oak square to be held on Saturday, March 29, 1947, between the hours of 2 and 4 p. m., the expense of same to be charged to the City Council appropriation for Flags, Ropes, and Stakes.

Passed under suspension of the rules.

ACCEPTANCE OF GERRISH STREET,
WARD 22.

Coun. BRYAN, for Councilor MADDEN, offered the following:

Ordered, That the Board of Street Commissioners be directed by his Honor the Mayor to accept and lay out for construction as a public highway, Gerrish street, Ward 22.

Passed under suspension of the rules.

Adjourned, on motion of Councilor CANTWELL, at 6.05 p. m., to meet on Monday, March 31, 1947, at 2 p. m.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

PROPOSALS FOR WASHING, PLASTERING, PAINTING, WOOD FLOORING, LINOLEUM, CARPENTRY, TILE WORK, ROOFING, PORCH WORK, SHEET METAL WORK, GLAZING, CAULKING AND WATERPROOFING, NURSES' HOME, KNOWN AS VOSE HOUSE "A," BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for washing, plastering, painting, wood flooring, linoleum, carpentry, tile work, roofing, porch work, sheet metal work, glazing, caulking and waterproofing and miscellaneous work, in old Nurses' Home, known as Vose House "A," Boston City Hospital, in accordance with the specifications, giving a bond of a surety company, satisfactory to the Trustees therefor in the sum of the full amount of the contract price. In their proposals bidders must submit separate prices for the items specified. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock p. m. on Thursday, April 10, 1947, at the office of the Superintendent, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening the bids. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Washing, Plastering, Painting and Miscellaneous Work, Vose House 'A,' Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M. D.,
(April 5.) President.

CITY OF BOSTON

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO FIRE STATION, ENGINE 33, 941 BOYLSTON STREET, BACK BAY.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 33, 941 Boylston street, Back Bay.

Proposals will be received until 12 o'clock noon, Friday, April 11, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston, Mass. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, April 8, 1947.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it will be in the public interest to do so. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR ENTIRE EXTERIOR PAINTING OF CHAPEL AT LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for entire exterior painting of chapel at Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Monday, April 14, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,
Commissioner.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FURNITURE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering the quantities of school furniture for the Department of School Buildings, to 26 Norman street, Boston, Mass., of the kind and quality as per specifications and samples on exhibition at the Department of School Buildings storehouse, 26 Norman street, Boston, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 12 noon, Thursday, April 17, 1947, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES H. MOONEY,
Superintendent of Construction.
(April 5.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING ELECTRIC PIER AND NAVIGATION LIGHTS AT VARIOUS BRIDGES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing electric pier and navigation lights at various bridges. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Repairing Electric Pier and Navigation Lights at Various Bridges," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, April 17, 1947, with a certified check for one hundred and fifty (150) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(April 5.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING 9 BY 9 SERVICE FLANGE BOXES. (CLASS E CASTINGS.)

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Division,

Approximately 36,000 pounds 9 by 9 service flange boxes.

Blank proposals may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposals for Service Flange Boxes, Class E." The bids will be publicly opened and read at the office of the Supply Department, Room 1001, City Hall Annex, on Tuesday, April 15, 1947, at 12 noon. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HOSPITAL DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING NEW FEED PUMP IN PUMP ROOM OF BOILER HOUSE, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for furnishing and installing new feed pump in pump room of boiler house, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor in the sum of the full amount of the contract price. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock p. m. on Thursday, April 10, 1947, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening the bids. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Furnishing and Installing New Feed Pump in Pump Room of Boiler House, Boston City Hospital."

DEPARTMENT OF SCHOOL BUILDINGS.

CHIMNEY BUILDERS.

INVITATION FOR PROPOSALS FOR REBUILDING CHIMNEY AT THE JAMES A. McDONALD SCHOOL, POLK STREET, CHARLESTOWN, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for rebuilding chimney at the James A. McDonald School, Polk street, Charlestown, Mass.

Proposals will be received until 12 o'clock noon, Monday, April 14, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(April 5.) *Superintendent of Construction.*

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

LAND KNOWN AS 62 TO 68 AND 70 GRANITE STREET, SOUTH BOSTON.

The City of Boston will sell at public auction all its right, title and interest in and to about twenty thousand nine hundred twenty-six (20,926) square feet of land on the easterly side of Granite street, South Boston, and more fully described in tax deeds recorded with Suffolk Deeds, Book 4346, pages 69, 71, 73.

Time of Sale: Thursday, April 17, 1947, starting at 10 a. m. in the City of Boston Municipal Building, corner West Brookline street and Shawmut avenue, Boston. Minimum price is twenty thousand dollars (\$20,000).

A deposit of two thousand five hundred dollars (\$2,500), in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 809 City Hall Annex, Boston.

(April 5-12.) IRVING LEWIS,
Chairman.

No. 15

BOSTON FINANCIALLY SOUND AND FACING THE GREATEST CONSTRUCTION BOOM IN ALL ITS HISTORY, MAYOR CURLEY TELLS CITIZENS IN MONTHLY RADIO BROADCAST—ALL KNOWN OBLIGATIONS FOR THE FISCAL YEAR OF 1946 EITHER PAID IN FULL OR ADEQUATE RESERVES TO PROVIDE FOR ULTIMATE PAYMENT—ORDINARY REVENUE RECEIPTS EXCEEDED EXPENDITURES—ALSO CALLS ATTENTION TO EFFORTS TO MALIGN CITY IN REAMS OF PUBLICITY BY CERTAIN ELEMENTS OF COMMUNITY FOR PURPOSE OF MAKING CITIZENS BELIEVE RADICAL CHANGES IN CHARTER NEEDED.

The following is the radio address of his Honor, James M. Curley, on Monday, April 7, 1947, over WMEX, at 7.30 p. m.:

In recent weeks, reams of publicity have been devoted by certain elements in the community to alleged shortcomings in the government of Boston. The strategy of these professional calamity howlers is obvious — by isolating and assembling all the natural imperfections of a man-made unit of society, they hope to delude the citizens of this community into believing that, unless a radical change is made in the charter of our city, Boston is doomed financially, economically, and politically. It is not my intention to comment on the plan of government espoused by these prophets of doom. In passing, however, I feel it desirable to point out that the records of the Charter Commission, which last week filed its report with the Legislature, indicate that, although there are three-quarters of a million people in Boston, only a handful of Bostonians appeared before the commission asking for a change in the form of government of our city.

Like the Communists, the Fascists, and the other opponents of our democratic process, these critics who have become so voluble in recent weeks ignore what the existing society has achieved and center their comments on its alleged faults and shortcomings. They overlook the fact that, despite wars, panics, and depressions, Boston has always gone forward and today, aside from the municipal difficulties common to all cities, it is financially sound and is facing the greatest construction boom in all of its history.

Finances Never in Better Condition.

The financial records of Boston, which are open for all to see, indicate that during the fiscal year 1946 all known obligations of the city were either paid in full or adequate reserves were established to provide for their ultimate payment. All funded and temporary debt obligations were paid as they matured. Interest payments on all forms of outstanding debt were promptly made. The accounts and records for the year 1946, when closed, indicated that the total of tax and ordinary revenue receipts exceeded expenditures for ordinary maintenance and operation requirements by \$5,750,000. This surplus was applied directly to a reduction in the temporary debt of the city.

Water Department receipts during 1946 exceeded expenditures by \$2,500,000. This surplus will be applied in 1947, in accordance with the provisions of chapter 324 of the Acts of 1914, to the payment of outstanding debt of the city, thus reducing in a like amount the burden on the taxpayers in the current year for debt redemption. In the twelve months ended December 31, 1946, the Sumner Traffic Tunnel was operated with a profit of, roughly, \$535,000. This is the largest operating surplus in the history of the Tunnel. These excess receipts have already been paid over to the Sinking Funds Commission, under the provisions of chapter 361 of the Acts of 1945, to be used for the ultimate redemption of Traffic Tunnel bonds.

On December 31, 1946, 90 per cent of the 1946 tax levy was collected — the best collection record established in the city in the past 50 years.

On December 31, 1945, \$8,000,000 in temporary notes of the city was outstanding. At the close of the fiscal year 1946, the amount of such notes outstanding was \$2,000,000, representing not only a reduction of \$6,000,000 in this type of debt during 1946, but, also, the lowest amount of temporary debt outstanding at the close of a fiscal year since 1931. Despite liberal provisions for veterans' housing and plant reconstruction and expansion, the net funded debt of the city was reduced during 1946 by \$1,500,000. On December 31, 1946, the total net funded debt of the city was \$93,230,000, the lowest net funded debt since 1925. Of this total, 57 per cent was self-supporting, which means that the net funded debt of the city to be met in subsequent years from the tax levy was only slightly in excess of \$40,000,000. Few large cities in the country can offer a debt picture to match that of Boston.

(Continued on page 453.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 14, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 23 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending April 5, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 194; nonresidents, 37; total, 231.

Death rate per 1,000 of population: All deaths, 15.67; nonresidents deducted, 13.16.

Death rate per 1,000 of population:

Last week, 15.40; corresponding week last year, 15.81.

Deaths by age periods, sex, etc.: Under one year, 19; one year to four years, inclusive, 4; sixty years and over, 148. Total deaths: Male, 132; female, 99; deaths in hospitals and institutions, 131.

MAYOR EXTENDS EASTER GREETINGS TO CITIZENS.

His Honor the Mayor on April 5 released the following:

In extending Easter greetings to the citizens of Boston, it is but fitting and proper that upon this, the anniversary of Christ's rising from the dead to join His Father in heaven, everyone—regardless of his religion—should pray to the Heavenly Father that permanent peace with an end of wars may come to the people of the world.

More than 19 centuries ago our Heavenly Father, on the shores of Galilee, spoke the doctrine of a brotherhood of man with a fatherhood of God, which the world has failed to accept at the present time.

The suffering and tears of a weary world look to the Savior of mankind for relief from future wars and for the carrying out of His divine admonition—and prayers upon this sacred occasion should prove of more value than force of arms in making possible that which means so much to the entire world.

MAYOR CURLEY'S PROPOSAL TO HAVE MOVIES USE NEW ENGLAND BACKGROUND AND SETTINGS FOR PICTURES MEETS WITH ENTHUSIASTIC RESPONSE.

His Honor the Mayor received the following letters from representatives of the motion picture industry in answer to his communication requesting that they consider New England as a site for the production of motion pictures:

VANGUARD FILMS, INC.

DEAR MR. MAYOR,—Your letter of March 19 last, which was addressed to Mr. O'Shea, has been referred to me for consideration.

Although our particular organization is not contemplating a permanent geographical change at this time, we, nevertheless, are always interested in using authentic backgrounds and sets for our pictures such as we are using now for our current production, "Portrait of Jennie." Should any of our future productions require the authenticity of other New England backgrounds, we may possibly, with your permission, call on your office for advice and assistance.

Thanking you very much for your letter, we remain

Sincerely yours,

JAMES D. STARKEY,
Production Manager.

BOOTS AND SADDLES PICTURES, INC.

HONORABLE SIR,—This will acknowledge your letter and brochures regarding picture production in New England.

I think it is a wonderful idea, and my late uncle, Harry Beltzang, who represented the Pomeroy interests in Boston, often mentioned and wrote about your progressiveness, and this is merely another indication. I shall most certainly bear New England in mind and hope that the opportunity will soon present itself to make a picture in your section.

Thank you again for a wonderful suggestion.

Sincerely,

EDWARD FINNEY.

PATHE INDUSTRIES, INC.

DEAR SIR,—I wish to acknowledge receipt of your letter of March 25 to Mr. Purcell, who is out of the city. Thank you for bringing to our attention the various advantages of the Greater Boston area. The correspondence will be passed on to those who might have an interest in the subject matter.

Very truly yours,

MARGARET STIVERS,
Secretary to Mr. Purcell.

KING BROTHERS PRODUCTIONS.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We acknowledge with pleasure the receipt of your interesting letter and descriptive pamphlets on the advantages of shooting pictures in Massachusetts.

Our commitments at this time will not allow us to utilize your kind offer of assistance, but, should we in the future find it possible to take advantage of your generosity, be assured that we will communicate with you.

It is possible that we may have a representative call on you while making a swing through the East. If so, any courtesy shown him will be deeply appreciated.

Sincerely yours,

HERMAN KING.

LICENSES FOR DRIVEWAY OPENINGS NOW UP TO PUBLIC WORKS COMMISSIONER.

His Honor the Mayor sent the following letter to the City Council:

GENTLEMEN,—For some time the validity of the ordinance adopted in 1938, giving to the City Council the right to grant licenses for driveway openings, has been open to question.

In order to determine whether or not the authority given to your Body in 1938 can continue to be exercised, I requested the Corporation Counsel on March 19 of this year for an opinion concerning this ordinance. I transmit herewith the opinion rendered on this matter by the Acting Corporation Counsel.

You will note that the opinion concludes that the ordinance in question is invalid. In view of this opinion it would seem that the ordinance should be repealed by your Body, and I so recommend. Licenses for driveway openings will be granted from this time forward by the Commissioner of Public Works.

Respectfully,

JAMES M. CURLEY, Mayor.

HON. JAMES M. CURLEY.

DEAR SIR,—On March 19 you requested an opinion "with reference to the right of the City Council to pass on driveway openings." That right, if it exists, rests on chapter 4 of the Ordinances of 1938, which reads as follows:

"Section seventy-nine of chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by adding at the end thereof the following:

"Except in accordance with a special permit granted by the city council and approved by the mayor, no driveway or other opening for the passage of vehicles across a sidewalk shall be constructed to a width of more than ten feet nor shall more than a total of twenty feet in width of the sidewalk in

front of any one parcel or two or more contiguous parcels of land owned or occupied by one person, firm or corporation be used for driveways." (Emphasis supplied.)

I assume for the purposes of this opinion that the construction of driveways or openings is subject to reasonable regulation in the public interest, with due regard both to the rights of travelers on the highway and to rights of access which the common law gives to owners of land abutting on highways. I assume also that such reasonable regulation may be accomplished by the requirement of permits.

The particular question now raised is whether the power to grant or refuse such permits may, in the absence of express statutory authorization, be placed in the City Council. Normally the grant or refusal of a permit is executive, not legislative, business. It involves individual consideration and treatment of each particular case as it arises, not the establishment of general rules. From this point of view permits for driveway openings do not differ from other types of permits issued by the Public Works Department, and in fact the very permits here in question were customarily obtained from that department prior to the passage of chapter 4 of the Ordinances of 1938.

I conclude, therefore, that the Ordinance of 1938 is invalid to the extent that it confers upon the City Council power to grant permits. The exercise of such a power is "... executive or administrative business" and is denied the Council by section 8 of the Charter, Statutes of 1909, chapter 486:

"Neither the city council, nor any member or committee, officer or employee thereof shall ... directly or indirectly on behalf of the city ... take part ... in the conduct of the executive or administrative business of the city ..."

Yours very truly,

JAMES KELLEHER,
Acting Corporation Counsel.

CIRCULAR LETTER NO. 8.

CITY OF BOSTON,

MAYOR'S OFFICE, April 1, 1947.

To the Heads of All Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees of the city who are of Jewish faith, for their observance of the Feast of the Passover, starting on Friday, April 4, 1947, at 12 noon, and including Saturday, April 5, 1947.

Respectfully yours,

JAMES M. CURLEY, Mayor.

MAYOR APPROVES FREDERICK F. SMITH AS CHAIRMAN OF THE DOOMING BOARD OF ASSESSING DEPARTMENT.

The following letter was received by the Mayor on April 7, from Peter J. Allen, Chairman of the Board of Assessors:

DEAR SIR,—The Board of Assessors has recorded upon its official minutes the fact of the selection of Frederick F. Smith, First Assistant Assessor, as chairman of the Dooming Board for the year 1947.

The Dooming Board is an important function of the department annually, and traditionally the oldest assessor is selected as its chairman, following the departure

from the department of the last preceding chairman, who in this instance was John H. Hout, retired.

Mr. Smith is a colored gentleman of very high repute in the community, has been a member of the Massachusetts Bar for a great many years, and an employee of the city since 1904. In addition to Mr. Smith's recognized ability as an assessor of real and personal property, he well merits the approval of his fellow men as a parliamentarian. These attributes make Mr. Smith a worthy successor to the long line of chairmen of the Dooming Board of this department who have been outstanding, upright, honorable members of a highly regarded profession.

I am certain that your Honor will find it a pleasant duty to acknowledge Mr. Smith's appointment for the year 1947 as chairman of the Dooming Board.

Very truly yours,

PETER J. ALLEN, *Chairman*,
BOARD OF ASSESSORS.

MAYOR GETS ACTION ON MATTER OF RETENTION OF SHOE PROCUREMENT DIVISION IN BOSTON.

His Honor the Mayor is in receipt of several communications which are in answer to his telegram requesting that action be taken to retain the Shoe Procurement Division of the Boston Quartermaster Depot in Boston. Following are copies of these communications:

LETTER FROM OFFICE OF CONGRESSMAN CHRISTIAN A. HERTER.

April 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—In Mr. Herter's absence, I am taking the liberty of acknowledging your wire of April 3 in regard to the Quartermaster Depot in Boston.

Since I know the Congressman would want to be helpful in every way possible, I have discussed the matter at some length with the War Department, and they advise that, at the request of the New England Shoe Industries Association, they are withholding action on this removal until representatives of the group confer with the department.

The Army advises that they do propose this move but have agreed to see members of the shoe industry on April 17, before taking final action.

Most sincerely yours,

MARY E. BRISTOL, *Secretary.*

TELEGRAM FROM JOHN F. KENNEDY, CONGRESSMAN.

Hon. James M. Curley.

HAVE YOUR TELEGRAM OF APRIL 3 REGARDING PROPOSED REMOVAL OF QUARTERMASTER BASE FROM BOSTON TO NEW YORK OR BALTIMORE. WISH TO ASSURE YOU THAT I AM IMMEDIATELY CONTACTING QUARTERMASTER GENERAL IN THIS CONNECTION PROTESTING SUCH A MOVE. PLEASE BE ASSURED OF MY CONTINUED COOPERATION IN THIS CONNECTION. WHEN REPORT IS RECEIVED FROM QUARTERMASTER I SHALL AGAIN COMMUNICATE WITH YOU.

JOHN F. KENNEDY.

LETTER FROM JOSEPH W. MARTIN, JR., CONGRESSMAN.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MAYOR,—I have your telegram relative to the removal of the Quartermaster Depot from Boston.

General Larkin has agreed to withhold putting the removal order into effect until representatives of the shoe industry have had an opportunity to confer with him about the matter.

I shall be glad to do what I can to be of assistance.

Sincerely yours,

JOSEPH W. MARTIN, JR.

TELEGRAM FROM SENATOR HENRY CABOT LODGE, JR.

Hon. James M. Curley.

RE TEL HAVE BEEN GLAD TO TAKE UP SUBJECT MATTER WITH WAR DEPARTMENT AND WILL ADVISE.

HENRY CABOT LODGE, JR.

TELEGRAM FROM SENATOR LEVERETT SALTONSTALL.

Hon. James M. Curley.

RE TEL BROUGHT MATTER TO ATTENTION OF GENERAL LARKIN, THE QUARTERMASTER GENERAL. UNDERSTAND ARRANGEMENTS HAVE BEEN MADE FOR SHOE TRADE TO DISCUSS PROPOSED MOVE IN A CONFERENCE ON APRIL 17. FOLLOWING MATTER CLOSELY.

LEVERETT SALTONSTALL.

DEFENDERS OF BATAAN AND CORREGIDOR FETED BY CITY.

Wednesday, April 9, marked the fifth anniversary of the surrender of the American troops under Major General King at Bataan. The Defenders of Bataan and Corregidor have seen fit to hold their convention in Boston this year. In connection with their convention and also with Army week, the City of Boston tendered a breakfast to the Executive Committee of the Defenders of Bataan and Corregidor, at the Hotel Vendome at 9 a. m. on Wednesday. The city also sponsored public exercises on MacArthur Mall on the Common. The principal guest at both of these affairs was the same Major General King who surrendered to the Japanese in 1942.

The convention opened at ten o'clock at the Boston City Club and included not only the Defenders but also the Gold Star Mothers. The Executive Committee invited George James Curley, Director of Public Celebrations of the City of Boston, to make the keynote speech, officially opening the convention. On Wednesday evening the Defenders of Bataan and Corregidor held their annual banquet, which marked the close of observances of this day.

NEW FIRE STATION SITE.

The Mayor has approved the following request of the Fire Commissioner:

BOSTON, March 6, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I beg to notify your Honor that subject to your approval I have selected and designated certain parcels of land at the corner of Charter and Hanover streets in the North End as the site for a new fire station.

For your Honor's information, the three parcels of land are described as follows:

Parcel No. 1.—Bounded southwesterly by land of City of Boston; northwesterly by other land of City of Boston; northeasterly by land formerly of Joseph A. Greene, and southeasterly by Hanover street, containing 3,635 square feet, more or less.

Parcel No. 2.—Bounded southwesterly by land formerly of Joseph A. Greene; northwesterly by land formerly of Joseph A. Greene and land of Guiseppe Macchia; northeasterly by Charter street, and southeasterly by Hanover street, containing 3,441 square feet, more or less.

Parcel No. 3.—Bounded southwesterly by land of the City of Boston; northwesterly by other land of the City of Boston; northeasterly by land of E. DeLucca and land of Guiseppe Macchia; southeasterly by land formerly of Joseph A. Greene, containing 430 square feet, more or less.

I have at hand an opinion from the City Law Department, signed by Mr. John J. Tobin, Assistant Corporation Counsel, that in order to protect the interests of the city with respect to the title of the above-designated land it would be advisable to have the Street Laying-Out Department take in fee the three aforementioned parcels of land so that we may have a title free and clear.

Upon receipt of your Honor's approval, I shall submit such a request to the Board of Street Commissioners.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

CLAIMS ALLOWED.

The Mayor upon recommendation of the Corporation Counsel, has approved the following claims:

Ann F. Riley, 27 Granville street, Dorchester, to be reimbursed in the sum of \$125, as compensation for personal injuries caused by hole in sidewalk on Adams street, near the corner of Minot street, November 7, 1946.

Esther Baum, 30 Babcock street, Brookline, to be reimbursed in the sum of \$50, as compensation for personal injuries caused by hole in sidewalk in front of 343 Washington street, Boston, October 23, 1946.

Alice M. Lyon, 146 Massachusetts avenue, Boston, to be reimbursed in the sum of \$200, as compensation for personal injuries caused by hole in crosswalk, opposite 176 Tremont street, Boston, November 6, 1946.

John J. Gleason, 93 Endicott street, Boston, to be reimbursed in the sum of \$400, as compensation for personal injuries caused by raised portion of sidewalk in front of 9 Washington Street North, Boston, November 5, 1946.

Dorothy O. Riordan, 7 Hereford street, Boston, to be reimbursed in the sum of \$350, as compensation for personal injuries caused by raised portion of sidewalk in front of 407 Marlborough street, Boston, May 16, 1946.

Charles J. Hodgson, 2789 Washington street, Roxbury, to be reimbursed in the sum of \$96.39, as compensation for damage to automobile caused by hole in highway, opposite 67 Washington street, Dorchester, February 17, 1946.

MAYOR CURLEY IN MONTHLY RADIO BROADCAST TELLS CITIZENS OF BOSTON'S SOUND FINANCIAL CONDITION AND OTHER RELATED MATTERS.

(Continued from page 449.)

TAX TITLE LOAN PAID EARLY.

Early last year, the last outstanding tax title loan with the Commonwealth was paid off, with the result that for the first time since 1933 all collections of prior years' taxes were available to meet ordinary maintenance expenses. On December 31, 1937, ten years ago, the net over-all debt of the city was, roughly, \$160,000,000. On December 31, 1946, the net over-all debt of the city was \$95,230,000. A reduction of over \$65,000,000 in ten years in the net over-all debt of the city is a definite accomplishment.

On July 18 and November 22 of last year, the City Treasurer invited bids on City of Boston bonds authorized under various legislative acts, and bids were received in the first instance from syndicates representing over 50 different investment houses, and in the second instance from syndicates representing over 70 different investment houses. This widespread participation by the leading financial interests of the country in Boston bond offerings is an indication of the high credit standing of the city.

Over and beyond these items of financial strength, the most potent answer to those who shed crocodile tears over the ultimate fate of Boston is to be found in the records of the Building Department. Plans already approved, together with applications that are pending, embrace new construction totaling in excess of \$100,000,000. Included in these projects are:

New England Telephone & Telegraph Company, \$10,000,000.

John Hancock Insurance Company; \$15,000,000.

Jordan Marsh Company, \$10,000,000.
Massachusetts General Hospital, \$4,000,000.

Hotel Ford, \$8,000,000.
Lahey Clinic, \$3,000,000.
Children's Hospital, \$10,000,000.
New Veterans Building, \$10,000,000.
Several of Archbishop Cushing's projects, \$8,000,000.

Boston Housing Authority, \$2,000,000.
Baker Chocolate Company, \$3,000,000.
Tufts Medical School, \$3,000,000.
Salvation Army, \$5,000,000.
Beth Israel Hospital, \$7,000,000.
The Pratt Diagnostic Center, \$10,000,000.

The New Post Office Building in Park Square, \$10,000,000.

In addition to these projects entirely within the city, we have within the metropolitan area such projects as:

General Motors Company in Framingham; Monsanto Chemical Company in Everett; U. S. Army Quartermaster Depot, Reynolds Metal Company, New England Confectionery Company, and the Polaroid Corporation, all in Cambridge.

In short, here is a building program involving the expenditure of, roughly, \$150,000,000 in the next two years and affording opportunities for employment to thousands of workers living in and around Boston.

The officials at the head of the various companies participating in this construc-

tion boom are hard-headed businessmen—they are the leaders of industry and commerce in Boston. If there was any question or doubt in their minds concerning the future of Boston, do you think that for one moment they would sanction or approve the investment of the large sums represented in the building programs just enumerated? I suggest that the widespread interest of the leading investment houses of the country in our municipal securities and the willingness of big business to modernize and expand plant and office facilities is the best rebuttal that can be offered to the critics who decry the future of Boston.

GOVERNOR'S CONFIDENCE.

Governor Bradford, in a recent speech before the Chamber of Commerce, expressed his confidence in Boston's future in the following words:

"Boston is the core and center of our economic well-being. A prosperous, forward-looking program of intelligent action for Boston will reflect, will radiate, renewed confidence into every corner of our Commonwealth. The same kind of vision, the same kind of leadership, the same kind of grouping of private citizens in the public interest, which represented Boston to the entire country a century ago, can be invoked today to solve the problem of our own needs."

I subscribe heartily to the practical idealism expressed in this utterance. With intelligent planning, Boston, as a metropolitan entity, can hold its own with any and all other American cities. At this time our planning and our thinking should be metropolitan in scope and not just for Boston Proper. Boston and the surrounding cities and towns are naturally interdependent. As one of the outstanding reports in the Boston Contest stated three years ago: "Proud as the outlying communities are of their autonomy, they are inescapably linked in with the commercial enterprise of the central city and make their livings to a large extent in the prosperity of the central city."

Metropolitan Boston has long been a center of skilled labor, and the war has added to this pool. If we wish to retain this valuable talent, it is up to every civic-minded person, regardless of legal domicile, to cooperate in advancing the interests of this community. This will mean for Metropolitan Boston not only more new industries, but also better housing conditions, improved traffic facilities, as well as the demolition of obsolete public and private buildings, in order to make room for the modern, streamline structures which will be in harmony with the spirit of the times. Provincialism must be thrust into the background if this community is to assume its proper position in the national economy.

We are familiar with the trite and true saying that "one frequently does not see the forest because of the trees." Living too close to the picture, the people of Boston fail to recognize the leadership exercised by our community as one of the greatest medical centers, if not the greatest, in the world.

For many years the rich and the poor, the prince and the pauper, have come to our Harvey Cushings, George Minots, Frank Laheys, and other world-famous medical leaders, seeking relief when confronted with rare and most critical illness. Our great medical schools, our research centers, and our hospitals are the envy of the world.

Why the planned \$10,000,000 development of the Children's Hospital? Why the proposed grouping around the Boston Dispensary of a great medical center? Why the contemplated new veterans' hospital of 1,000 beds, representing an investment markedly in excess of \$10,000,000? Why the needed expansion, among others, of the Baptist, the Beth Israel, Carney, St. Elizabeth's, Deaconess, and other hospitals?

WILL ANSWER CRITICS.

I propose in my next radio address on the first Monday in May to give the answer to these questions and to give the people of Boston a true picture and a proper understanding of the factors and the program which has established Boston's priority as the great medical center of the world and which has contributed to the overcrowding of our institutions because of a recognition on the part of all who have received medical and hospital care in our midst that medicine flourishes here on the very highest scientific level.

Daniel Burnham, the great planner of cities, once said:

"Make no little plans; they have no magic to stir man's blood and probably themselves will not be realized. Make big plans; aim high in hope and work, remembering that a noble, logical diagram once recorded will never die, but long after we are gone will be a living thing, asserting itself with ever-growing insistency."

In the light of these words, let me point out to the critics of Boston that venting narrow, selfish, and biased dislikes on an individual with whom they are unable to see eye to eye foment strife and misunderstanding which only serves to retard the progress of a community that from the viewpoint of the past and the present is entitled to stand in the forefront of American cities.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Murray Engineering Company has been directed to perform the following extra work under the contract for building a public boat landing at Warren Bridge, dated January 8, 1947. Items ordered: Paint all inside surfaces of the boat landing with two coats of Cuprinol preservative, or equal. Furnish and place a 4-inch by 4-inch hook rail on the four sides of the top deck; all as directed. Estimated cost of extra work, \$300.

BUILDING RAZED.

BUILDING DEPARTMENT.

The Mayor has approved the request of the Building Commissioner to raze the following buildings as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 42 Overlook road, Ward 20, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING APRIL 9.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
E. Marenburg	17 Abbott street	14	Connecting range	\$10
James M. McCusker	20 Charles street	5	Installing hotel equipment	200
Philip V. Murtha	53 Mora street	17	Installing range	100
Anthony Onessimo	194 Charter street	3	Connecting refrigerator	10
Anthony Onessimo	142 Prince street	3	Installing heater	30
Anthony Onessimo	63 and 65 Union street	3	Installing cafe equipment	30
Anthony Onessimo	97 North Washington street	3	New connections to meter, connecting range	50

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

HOSPITAL DEPARTMENT.

General Division.

For the week ending March 25:

The following special nurses have been employed at \$7 a day:

Priscilla Beckwith, 696 Massachusetts avenue, 3 days; Catherine Barrese, Somerville, 7 days; Patricia Brennan, 11 East Newton street, 4 days; Alice Broccio, 230 Boston street, 7 days; Theresa Daley, 4 Ashley street, Anna Ferrara, 48 Fellows street, 8 days; Barbara Hampe, 61 Worcester square, 2 days; Edna Kent, 696 Massachusetts avenue, 7 days; Elizabeth Praino, Norwood, 3 days; Vera Strickland, Burlington, 7 days; Mildred Sullivan, 140 Adams street, Christine Walsh, Montello street, 4 days; Katherine Welch, 86 Temple street, 7 days; Katherine McNamara, 39 Hillside street, Anna Flynn, 46 Hobart street, 1 day.

The following weekly nurses have been appointed:

Permanent.—Susan Adelizzi, 31 Wordsworth street, Anna Keenan, 31 Justin road, Eileen Hurstak, 265 Neponset avenue, Louise M. Hawkins, 12 Claremont park, Doris Morse, 48 Walter street, Mary R. Mulkerrin, 49 Robinson street, Phyllis A. Reilly, 24 Kenwood street, Catherine Schroeder, 17 Frank street, Arlene Resmini, 66 North Margin street, Irene Kupis, 29 Kenwood street, floor nurses, \$2,200 a year; Margaret O'Leary, 710 Massachusetts avenue, floor nurse, \$1,784 a year; Mary Andrews, 10 Upham avenue, floor nurse (temporary), \$2,200 a year.

The following provisional employees have been appointed:

William J. Clifford, 9 Pratt street, Francis P. Kiley, 45 Lyon street, William F. Donovan, 10 Codman street, Timothy J. Foley, 82 St. Rose street, Walter J. Cavanaugh, 116 Main street, Charles A. Carney, 80 Rutland street, Daniel J. Luddy, 185 West Ninth street, hospital medical workers, \$25 a week; Mary F. Costanzo, 21 Upton street, Ellen Reardon, 677 Massachusetts avenue, Theresa J. Hazelton, 16 Huckins street, Winifred O'Byck, 965 Massachusetts avenue, Marion L. Peters, 14 Woodward Park street, Doris Shea, 809 East Fourth street, Katherine H. Ryan, 234 O'Callaghan way, hospital medical workers, \$24 a week; Gloria McCrae, 221 Dudley street, Evelyn McAuley, 291 Highland street, hospital house workers, \$24 a week; Peter L. Burke, 26 Edge Hill street, hospital house worker, \$25 a week; Paul T. Morgan, 40 St. Francis de Sales street, hospital laundry worker, \$25 a week.

South Department.

Michael Feeney, 31 Milford street, hospital kitchen worker, \$25 a week; Elaine Hurd, 29 Yeoman street, hospital house worker, \$24 a week; Dorothy Mullins, 94 East Concord street, hospital medical worker, \$24 a week.

The services of the following employees have been terminated:

Provisional.—James Regan, 42 Randolph street, Alfred Guthrie, 136 West Canton street, Frank G. Folsom, 86 West Springfield street, Edward C. Thompson, 1658 Washington street, Paul

T. Morgan, 40 St. Francis de Sales street, William F. Murphy, 10 Fifield street, Angus J. Patterson, 31 Rutland square, Leo Collins, 24 Bickford street, Albert L. Grace, 75 Marcella street, Benjamin Cooper, Chelsea, George A. Chagnon, 236A West Dedham street, hospital medical workers, \$25 a week; Alfred J. Farley, 587 Park street, Youhanna Perch, 4 Decatur street, William Frazier, 124 Malden street, elevator operators, \$26.68 a week; Dr. Carl Dahlene, Boston City Hospital, Dr. Noonan Comeau, Boston City Hospital, Dr. Malcolm Howard, Boston City Hospital, Dr. William Van Buskirk, Boston City Hospital, physicians (temporary), \$2,200 a year; Eleanor Harkins, 10 Seminary street, floor nurse (temporary), \$2,200 a year; Anita Favreau, 1658 Washington street, hospital kitchen worker, \$24 a week; Dennis Sheehan, 7 Bishop street, hospital house worker, \$25 a week.

The following permanent employees have been appointed:

Americo Cacici, 7 Sheafe street, Alfred J. Farley, 587 Park street, William Frazier, 124 Malden street, Youhanna Perch, 4 Decatur street, elevator operators, \$26.68 a week.

South Department.

Dorothy Egan, hospital house worker, at \$22.18 a week to hospital laundry worker at \$22.18 a week.

Sanatorium Division.

Approval has been given for the following changes in the service of the Sanatorium Division for the week ending April 1:

Appointments.—Andrew Smedile, 249 River street, Mattapan, patient male nurse, part time, \$9.93 a week; Dr. Abraham Kagan, 149 Grove street, Chelsea, temporary interne, \$1,400 a year; Dr. Richard C. Smith, 33 Worcester square, Boston, temporary interne, \$1,400 a year; Mrs. Frances Florentine, 15 Whitney street, Roxbury, permanent hospital medical worker, \$24 a week.

Resignations.—Dr. Edward A. Beeman, Dr. William F. Brown, internes, \$1,400 a year; Vincent Gentile, patient male nurse, \$9.93 a week; Robert T. Kelley, patient male nurse, \$19.86 a week.

INSTITUTIONS DEPARTMENT.

The following changes have been made for the week ending April 2:

Appointments.—Stanley Healey, Long Island Hospital, porter, provisional, \$1,126 a year; Michael J. Duran, 87 Olney street, Dorchester, clerk-typist, provisional, \$1,400 a year; Peter McDonough, 1 Horadan way, Roxbury, helper, kitchen, provisional, \$1,126 a year; James Doyle, 235 West Newton street, City, cook, provisional, \$1,200 a year; Louis Fallon, 104 Mercer street, East Boston, helper, kitchen, provisional, \$1,126 a year; Zephyrin J. Bergeron, Long Island Hospital, cook, provisional, \$1,200 a year; Anna L. Weidmann, Long Island Hospital, laundress, permanent, \$1,200 a year; Lester W. Smith, Long Island Hospital, attendant, provisional, \$1,200 a year; Floyd J.

Raymond A. Chamberlain, 320 East Eagle street, East Boston, laborer in the Highway Division of the Public Works Department.

John F. Hannigan, 17 Hancock street, Boston, assistant drawtender in the Bridge Division of the Public Works Department.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon March 31 the Mayor approved a contract with C. Russo, Inc., for laying and relaying water pipes in Furbush road, Hackensack Circle, Hart street, Keith street, Libby street, West Roxbury; Arnold street, Vale street and Third New way, Hyde Park; Beechcroft street and Soldiers Field road, Brighton, at an estimated cost of \$13,550. The work contemplated in the contract is to be completed on or before June 30, 1947. The following bids were received March 14:

C. Russo, Inc., \$13,550; Roxbury Concrete Construction Company, \$14,141.50; Roslindale Contracting Company, \$14,226; Baker & Co., Inc., \$14,350; F. Susi & DiSantis Company, \$15,770; Joseph Capone, \$19,002.50.

Upon March 31 the Mayor approved a contract with the Roslindale Contracting Company for sewerage works in Waterman road, Woodbourne road, Carth road, Burrwood road, Hodgdon terrace and Florian street, West Roxbury, and Niles street, Brighton, at an estimated cost of \$8,781.08, including concrete pipe. The work contemplated in the contract is to be completed within ninety days after approval. The following bids were received March 18:

Clay Pipe.—Roslindale Contracting Company, \$8,839.08; Baker & Co., Inc., \$9,153; Joseph Civitarese & Co., \$9,588; C. Russo, Inc., \$10,626; F. Susi & DiSantis Company, \$11,367; Construction Units, Inc., \$11,819.50.

Concrete Pipe.—Roslindale Contracting Company, \$8,781.08; Baker & Co., Inc., \$8,805; Joseph Civitarese & Co., \$9,588; C. Russo, Inc., \$10,500; F. Susi & DiSantis Company, \$11,251; Construction Units, Inc., \$11,819.50.

SUPPLY DEPARTMENT.

Upon March 31 the Mayor approved a contract with contractors as indicated in the following letter:

BOSTON, March 27, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Bids for soap chips, soap powder and cakes of soap were publicly opened at this office on March 24, 1947. Procter & Gamble Distributing Company and Armour & Co. were the only bidders. Neither company would give a firm price and did not bid on all items as shown on the attached sheet.

It is predicted that the soap supply may improve by midyear but the prices will remain high. The present market, however, is very uncertain, and in my opinion better prices can be obtained by buying in the open market. It is recommended that I be granted authority to purchase in the open market for the period from April 1 to June 30, 1947.

The total cost of the requirements from the various departments will be approximately \$8,000.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Soap.

40 Bags Chips, 110's, Per Pound.—Armour & Co., † 27 cents.

100 Barrels Powder, 200's, Per Pound.—Armour & Co., † 8 cents.

25 Cases White Soap, 500 2-Ounce Size, Per Case.—Procter & Gamble Distributing Company, \$17.39, Ivory.

200 Cases White Soap, 200 3-Ounce Size, Per Case.—Procter & Gamble Distributing Company, \$10.22, Ivory.

125 Cases Brown Soap, 100 8-Ounce Size.—No bids.

200 Cases White Soap, 1 M Half-Ounce Size, Per Case.—Procter & Gamble Distributing Company, \$10.53, Ivory.*

Remarks.—Procter & Gamble, net. 30 days; Armour & Co., 2 per cent, 10 days. Procter & Gamble inserts following clause: "If our prices change, prices in effect on date of delivery will apply."

Armour & Co. inserts the following clause: "This price will expire April 1, and should we be awarded this business delivery will be within 30 days."

* Procter & Gamble will deliver in 100-case lots; 100 cases in 30 days, other 100 cases in 60 days.

† Armour & Co. deposited both bids, Supply and Auditor, at Supply Department, and did not deposit check.

Upon March 31 the Mayor approved a contract with contractors as indicated for furnishing milk and cream for city departments. The awards were as follows:

Shawmut Dairy, Inc., for Boston City Hospital, \$87,483.10.

Martin S. Cosgrove, Inc., for Boston Sanatorium, \$28,887.

Award.—National Lead of Massachusetts, 19,050 pounds; American Smelting and Refining Company, 19,050 pounds.

* Contract awarded.

Upon March 20 the Mayor approved a contract in accord with the following letter:

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On March 10, 1947, bids were publicly opened and read at this office for furnishing traffic and miscellaneous paints to the various city departments from March 15 to July 15, 1947. Following is a list of the four bids which were received.

The bid of the Wadsworth Howland Company does not give a firm price as

it is subject to price changes on date of delivery. It is requested that the bid of the Wadsworth Howland Company be rejected and permission be granted me to award contracts to the low bidders as indicated, and also to purchase in the open market, without further advertising, all items not bid on.

The approximate total amounts of the awards will be:

McGee Paint and Varnish Company, \$12,449.90; Frank Bownes Company, \$7,915.06; Courtney Hardware Company, \$2,679.76. Total, \$23,044.72.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Item 35.—Bownes Company, A, \$4.45; B, \$3.11; McGee Paint and Varnish Company, A, \$4.35; A, \$4.40; B, \$4.35; B, \$4.40; Courtney Hardware Company, A, \$3.91*; A, \$4.02*; B, \$4.32*; B, \$4.43.

Cash Discount, Ten Days.—Bownes Company, net; McGee Paint and Varnish Company, 1 per cent; Courtney Hardware Company, 1 per cent;

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing supplies, labor, etc., to the several departments interested. Communications from the heads of the various departments were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, April 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to incur expenditures not exceeding \$2,000 for boat hire when the

steamer "Stephen O'Meara" or motor vessel "James Michael Curley" is incapacitated.

This department has been accustomed to hire the "723" or equal at \$30 a round trip, to allow the "O'Meara" crew time off, — one trip on Saturday, two trips on Sunday, and as required on holidays. These trips are covered by service orders and charged to item B-10 of the steamer budget. (See service order No. 8 and such other orders as may be required.)

In addition to the regular trips, we are obliged to hire a substitute boat when either the "O'Meara" or "Curley" is out for repairs, and charge same to item B-39. The Department usually hires the "Corkum," a larger boat, at \$70 a day for this purpose, although occasionally when the "Corkum" is not available the "723" is used.

The prices appear reasonable and I believe nothing could be gained by advertising.

Respectfully,

G. FRANK McDONALD,
Commissioner.

PARK DEPARTMENT.

BOSTON, March 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is necessary that we proceed at once to place our fifteen life-guard boats, used at the various beaches, in first-class condition for the summer months. For the last two years this work has been done by Reids Ship Yard, Inc., Winthrop, Mass., and although we have endeavored to obtain bids from other yards, we found none that were equipped to do this work properly and in time for our summer season, other than this concern.

They will repair all broken railings, crossbars, skid boards, oarlocks, replace metal skid rails, replace all damaged or broken planking, make tight by calking, puttying or painting, and number, stencil and paint all boats and replace with new ropes where necessary, all for the sum of \$1,525.

I request your permission to proceed with this work, same to be charged on a service order and charged to the B-39 appropriation in our budget, and I ask that we be allowed to award the job to Reids Ship Yard, Inc., Winthrop, Mass., without publicly advertising for bids, as we believe nothing would be gained by advertising.

Respectfully yours,

WILLIAM P. LONG, Chairman.

SUPPLY DEPARTMENT.

BOSTON, March 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On February 21, 1945, the City of Boston entered into a contract with the Ward LaFrance Truck Division, Great American Industries, Inc., for the purchase of one (1) 1,000-gallon triple combination pump at \$11,466, not delivered, as per specifications. These specifications called for a canopy cab capable of seating three in front and four in the rear.

The contractor has recently notified the city that a canopy type cab as per specifications has not been built for some time, and that completion of the required apparatus would be held up indefinitely if the city should insist upon such type cab.

The Fire Commissioner has expressed his willingness to accept a different type

of cab which would result in the complete apparatus being delivered within the next few weeks. The type cab which the contractor can furnish is the open style and generally recognized to be of an advanced design.

The contractor will charge the city for the open style cab \$200 less than the contract price. If the city were to insist on the canopy style cab, it could not expect delivery of the urgently needed apparatus within any definite period. Furthermore, the open style cab will be a step towards standardization of the fire fighting equipment of the city, being the same type of cab which the city has agreed to purchase from the same contractor under contracts approved last year by your Honor.

In my opinion, the deduction of \$200 from the contract price is a fair allowance. Permission is therefore respectfully requested to amend the above-mentioned contract, dated February 21, 1945, by changing the specifications in accordance with the above-outlined provisions.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award, without public advertisement, orders for furnishing bed sheets to the various city departments as per list below:

Bradford Linen and Equipment Company, 1471 Beacon street, Boston, for delivery to the Boston City Hospital: 48 dozen draw sheets at a price of \$14.94 per dozen, total, \$757.12; 10 dozen bleached white sheets, 90 by 108, \$34.39 per dozen, total, \$343.90; total amount of order \$1,101.02.

Bartlett, Coppinger & Maloon Company, 57 Bedford street, Boston, for delivery to the Institutions Departments: 20 dozen sheets, 72 by 99, \$28.50 per dozen, total, \$570; 20 dozen bed sheets, 72 by 108, bleached, \$28.50 per dozen, less 10 per cent, total, \$513; 30 dozen unbleached draw sheets, 54 by 90, for delivery to the Boston City Hospital, at \$17.50 per dozen, total, \$525; total amount of order \$1,608.

Gilchrist Company, Washington street, Boston, for delivery to the Institutions Departments: 20 dozen bed sheets 72 by 108, at \$2.69 each, less 10 per cent, total, \$581.04.

It is generally known that there has been a very severe shortage of bed linen in the textile market which forces this department to secure this item wherever we can in the open market, and I am of the opinion that the prices quoted above are fair and equitable.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to A. Sandler, 185 Essex street, Boston, for furnishing shoes to the Institutions Department as per following list:

100 pairs of ladies' low, black, orthopedic shoes, as per sizes agreed upon, at a price of \$5.35 per pair, total, \$535; 96 pairs of boys' shoes with rubber soles, sizes 12½ to 3, at \$3.85 per pair,

total, \$369.60; 60 pairs of men's shoes, sizes 6½ to 9, at a price of \$4.85 per pair, total, \$291; 71 pairs of children's white boots, sizes as per list submitted, at \$3.50 per pair, total, \$248.50; 25 pairs of brown and white saddle shoes, sizes and widths as per list submitted, at \$3.50 per pair, total, \$87.50; 165 pairs of shoes, No. 3415-3435, sizes and widths as per list submitted, at \$3.50 per pair, total, \$577.50; 72 pairs, No. 681, of black and white saddle oxfords, sizes as per list submitted, at \$3.50 per pair, total, \$252; 29 pairs of white oxfords, No. 2510, as per list submitted at \$3.50 per pair, total, \$101.50.

Total amount of contract will be \$2,462.60.

It has been practically impossible to secure shoes for the Institutions Department in any great quantity, and I feel that the prices quoted and the quality quoted upon make this a very satisfactory purchase in the best interests of the city.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award an order to the Burroughs Adding Machine Company, 40 Broad street, Boston for furnishing the following to the U. S. Bond Allotment Plan Division of the Treasury Department:

Three Burroughs, Style 9-10-104, desk model tabulating bookkeeping machines at a price of \$525 each, \$1,575; less 10 per cent governmental discount, \$157.50; total, \$1,417.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to Macalaster-Bicknell Company for furnishing Fenwal equipment and supplies to the Boston City Hospital for a period of one year. This equipment is used at the City Hospital in the operation of the Blood Bank.

As Macalaster-Bicknell Company is the sole agent for Fenwal equipment, no advantage would accrue from a public advertisement for bids. The total amount of the contract will be \$6,755.72.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 18, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—This office is in receipt of a requisition from the Water Division of the Public Works Department for couplings. Permission is respectfully requested to award an order for this material to the Dresser Manufacturing Company, Bradford, Pennsylvania.

The total amount of the order will be \$1,017.74.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 21, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—On February 3, 1947, your Honor approved an award of a contract to the Thomas W. Reed Company for furnishing surgical dressings to the various city departments in the amount of \$49,750. The correct amount of the contract should be \$54,393.10.

I would respectfully request that permission be granted me to award this contract to the Thomas W. Reed Company in the proper amount, namely, \$54,393.10.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 25, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to purchase, without public advertisement, 1,132 pairs of men's shoes at \$3.50 each pair. It has been extremely difficult to purchase shoes due to market conditions.

The C & S Shoe Manufacturing Company of Framingham, Mass., are reducing their inventory and have these shoes available for immediate delivery. In my opinion, this is an excellent buy for the city and no advantage would be gained by publicly advertising for bids.

The total amount of the contract will be \$3,962.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 27, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Bids for flour were publicly opened and read at this office on March 25, 1947. The American Flour Company was the only bidder quoting a price of \$7.65 a hundredweight.

Due to uncertain conditions in the flour market, the trade is apparently reluctant to bid for long periods. In my opinion better prices can be obtained by buying in the open market. It is recommended that I be granted authority to purchase in the open market, for the period from April 1 to July 31, 1947. The requirements for this period from the various departments will be approximately \$17,595.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 28, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—On March 14, 1947, bids were publicly opened in this office for three hundred (300) 16-gauge metal lockers, size 24 inches by 24 inches by 72 inches and six (6) 16-gauge steel lockers, 18 inches by 18 inches by 72 inches.

The only bidder was the S. M. Levin Company, Inc., 84 Washington street, Boston, quoting a price of \$20.70 for each locker. The Berger Manufacturing Company of Boston have now quoted a price of \$11.50 each for steel lockers, size 18 inches by 18 inches by 72 inches. This size locker is suitable for the Fire Department, and they have recommended the purchase.

In my opinion, no advantage would be gained by further advertisement and it is recommended that I be granted authority

to award a contract to the Berger Manufacturing Company, Boston, Mass., for the following: 300 steel lockers, 18 inches by 18 inches by 72 inches at \$11.50 each; the total amount of the contract, \$3,450.00.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 28, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—On March 27, 1947, bids were opened in this office for 3,000 pounds Primex shortening or equal. Quotations were received from the following:

Procter and Gamble Distributing Company, 41.25 cents a pound, net; American Flour Company, 43 cents a pound, net; Wilson & Co., 43 cents a pound, net; Swift & Co., 43½ cents a pound, net; Suffolk Grocery Company, 44 cents a pound, 2 per cent, 10 days; H. A. Johnson Company, 43.5 cents a pound, 2 per cent, 10 days.

It is requested that I be granted authority to place an order, without publicly advertising, with the Procter and Gamble Distributing Company, 40 Central street, Boston, for 3,000 pounds of Primex shortening at their bid price of 41.25 cents a pound. The total amount of the order will be \$1,237.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 1, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to Johnson & Johnson, for furnishing to the Boston City Hospital the following:

403 cartons small chux (seconds), at \$10.45 a carton; 213 cartons large chux (seconds), at \$13.80 a carton. Both of the above prices less a discount of 33½ per cent.

Samples of this material have been examined by officials at the Boston City Hospital and have been found satisfactory for use in every respect, and in view of the saving over the first-grade price which amounts to approximately \$2,300, I would respectfully request that the permission asked for above be granted. The total amount of the contract will be \$4,764.48.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 1, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to the American LaFrance Foamite Corporation for furnishing to the Fire Department the following: One (1) American LaFrance 12-cylinder rebuilt motor at a cost of \$2,845.80, which includes shipment of old motor to Elmira, New York, and shipment of replacement motor to Boston; less credit for old motor to be turned in against the new rebuilt motor, amounting to \$266.70. This will make the contract a net total of \$2,579.10.

Some time ago, through the medium of public advertisement, prices were

asked for furnishing twelve (12) six-cylinder American LaFrance motors and the only bidder responding to the advertisement was the American LaFrance Foamite Corporation. Efforts were also made to secure motors from the Redistribution and Salvage branch of the United States Army without success.

As the American LaFrance Foamite Corporation are the manufacturers of this particular motor, no advantage would accrue from again asking prices through the medium of public advertisement.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award an order, without public advertisement, to the Procter and Gamble Distributing Company for furnishing to Long Island Hospital, Institutions Department, the following:

5 barrels soap chips, 185 pounds to barrel, 23.25 cents a pound; 22 bags soap chips, 110 pounds to barrel, 22.75 cents a pound; 20 barrels soap powder, 200 pounds to barrel, 6.25 cents a pound; 30 cases unwrapped Ivory soap, 200 3-ounce cakes to case, \$9.20 a case. Total amount of order \$1,292.61.

This department, under a recent date, publicly advertised for bids on soap supplies in general, and the prices offered in response to this advertisement were considerably higher than the prices quoted above which were secured in the open market. For this reason, I would respectfully request that the permission asked for above be granted me.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to Dempster Brothers, Inc., Knoxville, Tenn., for furnishing to the Water Service, Public Works Department, the following:

Item No. 1.—Two (2) 8-cubic yard standard Dempster-Dempster, apartment type, detachable bodies, at a price of \$433 each.

Item No. 2.—Four (4) cubic yard standard drop-bottom type Dempster-Dempster detachable bodies with hinged lids and counterbalancing spring mechanisms at \$354 each.

Item No. 3.—Two (2) only, cubic yard standard drop-bottom type Dempster-Dempster detachable bodies with hinged lids and counterbalancing spring mechanisms at \$225 each.

Total amount of contract will be \$2,732, delivered f.o.b., Boston, Mass.; terms 30 days, net.

Since the Dempster Brothers, Inc., are the sole manufacturers of these units, no advantage would accrue from a public advertisement for same.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUPERIOR COURT. (Civil Business).

BOSTON, March 19, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR.—In accordance with provisions of section 1, chapter 156, of the Acts of 1939, I request your approval to dispense with the contract formality of such acts, and assign as reasons thereof the following:

It is impossible for the clerk to anticipate the amount and kind of printed forms, lists, books, and office supplies necessary for the proper maintenance of his office. The many forms and lists are subject to change without notice and it would be unwise to place orders in anticipation of a year's supply, as it would result in vast overstocking of many items and a shortage of others.

In addition, it is the duty of the clerk to prepare and promulgate the orders of court and to prepare and mail the various weekly trial lists; also to keep the court, and sessions thereof, supplied with forms and stationery as needed.

As it is impossible to foresee what supplies are necessary to carry out this duty, I believe the continuance of the practice of ordering supplies as needed should be followed. I call your attention to the fact that I have been granted this permission each year since I have been clerk.

Respectfully yours,

THOMAS DORGAN, Clerk.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Feldman Construction Company has been granted an extension of the time of completion of the contract for alterations at the High School of Commerce; contract approved by your Honor, August 20, 1946. Completion date to be extended from March 15, 1947, to April 15, 1947. This extension is requested because of shortage of materials.

C. Russo, Incorporated, has been granted an extension of the time of completion of the contract dated December 17, 1946, for the building of sewerage works in Ledgeale road, Truman road, and Alward road, West Roxbury, from February 15, 1947, to May 1, 1947, a period of 75 days. This extension is requested because of delay due to winter weather.

FIRE DEPARTMENT.

A further extension of time has been granted to Construction Units for the performance of the contract in connection with the additions and alterations to Fire Station, Engine 46.

The contract is dated November 12, 1946, and was to have been completed within 60 days after November 21, 1946. The date of completion in accordance with the provisions of the contract was January 20, 1947, and the time has been extended to March 20, 1947.

However, owing to difficulties experienced by the contractor in obtaining materials and equipment required for the performance of the contract, and because of additional work requested, it has not been possible to complete the additions and alterations. The overhead doors for the fire station will not be delivered to the contractor before April 23; therefore, a further extension of time for performance of work under the contract until May 12, 1947, has been granted.

A further extension of time has been granted to M. Solimando for the performance of the contract in connection with additions and alterations to Fire Station, Engine 1.

The contract is dated October 3, 1946, and was to have been completed within 60 days after October 14, 1946. An extension of the original time of completion was granted until February 8, 1947. However, because of additions in the work requested and the fact that delivery of the materials needed on the job has been slow, the contractor was not able to complete his work by February 8, 1947. Therefore, an extension of time for performance of work under the contract to April 2, 1947 has been granted.

ADDITIONS TO CONTRACTS.

FIRE DEPARTMENT.

James S. Kelleher has been granted the following addition to the contract, dated October 8, 1946, for alterations to Fire Station, Engine 22, Warren avenue, South End:

Addition No. 8.—Furnish labor and material to increase the thickness of the foundation walls and brick walls of the watch room and the pump room in the fire station, \$439.38. Reduction No. 2.—Omit installation of 6-inch granolithic base around perimeter of apparatus room on first floor, \$52.50. Original contract, \$38.491. Total contract with foregoing addition and deduction, addition No. 1, dated December 5, 1946, additions Nos. 2 and 3, dated February 14, 1947, additions Nos. 4 and 5, dated March 7, 1947, deduction No. 1 and addition No. 6, dated March 15, 1947, and addition No. 7, dated March 24, 1947, \$45,761.22. The present walls of the watch room and pump room are eight inches thick and the Building Department requires that they be a full twelve inches. This work is therefore required by law. Inasmuch as the existing brick walls on the first-floor apparatus rooms were found to be in good condition, the six-inch granolithic base called for in the contract is not required. Although the foregoing addition was not contemplated in the original contract, it is incidental thereto.

LIBRARY DEPARTMENT.

Upon March 13, 1947, the Mayor approved the following:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is respectfully requested for an addition to the contract entered into on January 23, 1947, with the New England Deposit Library for the rental in 1947 of storage space therein for books and other library materials belonging to the Boston Public Library, in the amount of \$6,375. The addition to the existing contract will be in the amount of \$928.13.

As originally written for 1947 the contract did not cover enough space to meet the existing needs of the Boston Public Library for such storage space, but there was unfortunately no further space left at the New England Deposit Library. Since the contract was written in January a small amount of space has been relinquished by another of the "participating institutions." This is the last space which will become available at the Deposit Library, inasmuch as all space on all floors will now be rented

and used for book storage. To protect the interests of the Boston Public Library in its need for additional storage space we have made arrangements to have this small space held for us pending your approval.

The additional amount of space being contracted for is in connection with the necessity of moving additional items into storage space in the New England Deposit Library from the Central Library for the period beginning April 1, 1947. The items to be temporarily stored at the New England Deposit Library represent an additional number of books and other library materials which are infrequently consulted at the Central Library and which are therefore being moved to the New England Deposit Library in order that certain reallocations of departmental space may be accomplished in the Central Library building for the purpose of improving library service to the public.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "participating institution" in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society and other libraries, for the purpose of providing storage space for books and other library materials that are less used than others, and for which difficulties exist in finding storage space in existing crowded buildings. The "participating institutions" share co-operatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "participating institutions."

Your approval is therefore respectfully requested for making an addition in the amount of \$928.13 to the contract covering the library's rental of space with the New England Deposit Library during the current fiscal year.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ABRAHAM E. PINANSKI, *President.*

POLICE DEPARTMENT ORDERS.

General Order No. 875.

The resignation of Patrolman John J. Kelleher of Division 17 having been presented, it is hereby accepted to take effect on Wednesday, April 9, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 876.

The resignation of Patrolman William E. Donovan of Division 14 having been presented, it is hereby accepted to take effect Tuesday, April 8, 1947, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 14, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Birchcroft road, be, and the same hereby is, amended, by adding to said order the amount \$117 as an award to Joseph M. Dunlea and Anna C. Dunlea, husband and wife as tenants in common; that the amount \$117 be, and the same hereby is, awarded to Joseph M. Dunlea and Anna C. Dunlea, husband and wife as tenants in common, for the damages so sustained.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the driver of a vehicle shall not make the following left turn, effective April 7, 1947:

Brookline Avenue, Roxbury.

Into Park Drive, northwesterly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be three (3) months, vehicles are excluded from the following street, block by block, where signs are placed, and parking of vehicles is prohibited where signs are placed in the following street, effective April 7, 1947:

Jersey Street, Boston Proper.

From Park Drive to Boylston street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the New England Telephone & Telegraph Company, estimated to be three (3) months, parking of vehicles is prohibited in the following street, where signs are placed, effective March 28, 1947:

Dorchester Avenue, Dorchester.

Both sides, from Gallivan Boulevard to Pierce square.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective April 7, 1947:

Section 4, Part 1 (One-Way Streets), is amended by striking out the following:

Water Street, Charlestown.

From Warren avenue to Joiner street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted January 16, 1947, and were effective February 3, 1947, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from April 4, 1947:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Broad Street, Boston Proper.

Southwest side, from Milk street to High street, 7 a. m. to 6 p. m.

India Street, Boston Proper.

Both sides, from Custom House street to Atlantic avenue, 7 a. m. to 6 p. m.

Section 24, Part 1 (One-way Streets), is amended by adding the following:

Broad Street, Boston Proper.

From High street to Milk street.

India Street, Boston Proper.

From Custom House street to Atlantic avenue.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way in the West Roxbury district, designated as Alward road, between Weld street and Buchanan road, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

Voted, That the location, direction, width and grade of the private way in the West Roxbury district, designated as Hackensack Circle, leading southeasterly from Hackensack road, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

CIVIL SERVICE EXAMINATIONS.

AMENDED NOTICE.

CAFETERIA ATTENDANT, BOSTON SCHOOL DEPARTMENT, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: \$922 a year plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there are sixty-five vacancies for females, to be filled on a permanent basis.

Duties: To assist the cafeteria manager in the preparation and serving of food; and to perform related work as required.

Entrance Requirements: Applicants who have passed their fifty-fifth birthday on the date of filing application will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Applicants must have at least one year of full-time paid employment in food preparation.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 31, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair and all the members present.

The meeting was opened with the salute to the Flag.

VETO OF ACCEPTANCE OF CHAPTER 146.

The following was received:

City of Boston,

Office of the Mayor, March 25, 1947.
To the City Council.

Gentlemen,—I return herewith, without my signature and disapproved, the order of your Honorable Body accepting chapter 146 of the Acts of 1947, which specifies vacation and sick leave for members of the Police Department of the City of Boston.

The provisions of this Act are identical with those of two ordinances passed by the City Council in 1945. The first of these ordinances purported to grant certain vacations and sick leave for city employees in general, exclusive of the Police and Fire Departments. Although its validity was in question as a patent interference with the executive business of the city, the ordinance was not referred to the Corporation Counsel for an opinion, and it was approved by the Mayor. The experience of the year 1946 showed a tendency on the part of some employees to take undue advantage of its provisions to the detriment of the city service, and this tendency was beyond the control of the department heads on account of its mandatory provisions. For this reason, I requested an opinion from the Corporation Counsel as to its validity, which opinion, under date of March 15, was that it was absolutely void.

The second ordinance passed by the City Council on the same day in 1945 purported to specify the vacations and sick leave for members of the Police Department. This ordinance was vetoed by the then mayor, and the Act which was accepted by your Honorable Body on March 24 contains the same provisions.

The Police and Fire Departments occupy a place in the city service not comparable to the other departments. The lives and safety of the inhabitants depend to a great extent on their efficiency and discipline, and the heads of those departments are responsible and have the authority to make regulations concerning their employees which will tend to promote and conserve that efficiency and discipline.

I am not prepared to say that the proposed regulation of the vacation and sick leave of the Police Department is either better or worse than those now in force, but I am prepared to say that I am definitely opposed to any interference by the City Council or the Legislature with the executive functions and responsibility of any city department or official.

I might add, at this point, that it is my intention to have an immediate study made of a standard plan for vacation leave for all employees, and to institute such plan in the various departments at the earliest possible date.

For the reasons outlined above, the order concerning vacation and sick leave for members of the police force is vetoed.

Respectfully,

JAMES M. CURLEY, Mayor.

Placed on file.

SIDEWALKS, CENTRE STREET, WARD 11.

The following was received:

City of Boston,

Office of the Mayor, March 25, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, concerning your order of March 10, 1947, relative to the installation of new sidewalks on Centre street, Ward 11, between Cedar and Marcella streets.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 24, 1947.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install new sidewalks on Centre street, Ward 11, between Cedar and Marcella streets, and this will advise you that this street will be put on the list of streets to be given consideration during the 1947 construction season.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

SIDEWALKS, BLAKE STREET, WARD 18.

The following was received:

City of Boston,

Office of the Mayor, March 25, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, concerning your order of March 10, 1947, relative to the installation of edgestones and granolithic sidewalks along both sides of Blake street, Ward 18.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 24, 1947.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install edgestones and granolithic sidewalks along both sides of Blake street, Ward 18, and this will advise you that this street will be put on the list of streets to be given consideration during the 1947 construction season.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

May T. Baillie, to be reimbursed for accident which occurred caused by an alleged defect at 281 Washington street.

Frances G. Cain, for compensation for damage to car by city truck.

Salvatore Coraccio, for compensation for injuries and damage to property caused by city car.

Agnes Davis, for compensation for injuries caused by an alleged defect in sidewalk at Faneuil Hall.

Frank A. Giorgio, for compensation for damage to car by police car.

Jenny M. Hussey, for compensation for injuries caused by an alleged defect at 14 Locust street.

Charlotte S. Kelly, for compensation for injuries caused by an alleged defect at 694 Tremont street.

Edward H. and Sadie E. LaDuc, for compensation for damage to property at 107 Bolton street, during demolition of structure.

John LoVullo, for compensation for damage to property at 95 and 97 Washington street, caused by broken water pipe.

Ida Miller, for compensation for damage to car caused by car of School Committee.

Laura E. Powers, for compensation for damage to car by city truck.

Smith Brothers Garage, Inc., for compensation for damage to car by city car.

Stanley Skrzyszowski, for compensation for damage to car by city truck.

Charles N. Trodden, to be reimbursed as result of accident which occurred while in performance of duty.

James E. Welch, to be reimbursed as result of accident which occurred while in performance of duty.

Executive.

Petition of Mary E. Wyllie to be paid an annuity on account of death of husband, Thomas F. Wyllie, late member of Fire Department.

Committee on Licenses.

Petition of Shell Oil Company for driveway opening on Centre street, at Spring Park avenue, Ward 19.

MINORS' LICENSES.

Petitions for minors' licenses were received from six newsboys and one bootblack. Licenses granted under usual conditions.

REPORT OF FINANCE COMMISSION RE CUSTODIANS OF VOTING MACHINES, ETC.

The following was received:

City of Boston,

Finance Commission, March 26, 1947.
To the Honorable the City Council.

Gentlemen,—The municipal budget for 1947, which is before you, contains provision for a number of custodians of voting machines. It is a new rating, never previously considered for classification by the Civil Service Commission, and, because of that fact, it is possible to make appointment thereto without usual civil service testing and control. Under circumstances such as these many unnecessary employees have been foisted on the taxpayers of Boston.

The Finance Commission has made inquiry into the needs of the Election Commissioners in this respect as well as into their plans for the purchase and use of more voting machines. It has come to two definite conclusions in respect thereto:

1. The election officials should not commit the city to the purchase of any more machines

until the Legislature has acted upon the proposals to permit the voters to decide on a plan of government for the City of Boston.

2. There is no need to build up an entirely new force of city employees to take care of the machines already purchased. The provision in the budget for 15 custodians at \$3,000 a year should be eliminated. The expenditure of this sum for the purpose intended is definitely unjustifiable.

No plan has yet been divulged for extension of the installation of more voting machines (224 are now installed); and no appropriation has yet been made for it. But there is no guarantee in these facts that suddenly a new purchase will not be revealed. According to information given the Finance Commission by a member of the Election Board in formal examination, extension of voting machine use to nine more wards, using 386 more machines, has been discussed. Under the peculiarity of the law authorizing use of voting machines, the Election Board and the Mayor may authorize the City Treasurer to borrow for the purchase of voting machines at any time to the extent of \$1,000,000; and no notice, in advance of the offer of bonds, is required. The machines already acquired have used up \$300,000 of the authorized right to borrow. Further purchase may remain undisclosed until the voting machines are actually delivered.

The chief reason for the Finance Commission's objection to further commitment now for voting machines is that it may well happen that the machines cannot be used at all in a city election. In the variety of efforts now being made to change the Boston Charter, there is a strong movement to obtain a Plan E Charter for the City of Boston. This type of charter, as is well known, would include the system of voting known generally as preferential voting. This movement has every indication of remaining a live issue in Boston for several years. It is now generally accepted that the Boston automatic voting machines cannot be used in "preferential voting."

This fact is not offered as a point either against Plan E or against voting machines. Nevertheless, it is a consideration to be kept in mind in planning further investment in voting machines.

The Finance Commission's second conclusion, that it is not required that a large force of new employees be added to have custody of these machines, is based on examination of members of the Election Board, on investigation and inspection of the machines in storage locations, and on inquiries in other cities which have been making use of voting machines.

In regard to the custodians, Michael J. Manning, Acting Commissioner, speaking for the Board of Election Commissioners, admitted that the voting machines are incased, are under lock and key, and are kept locked, and that each machine is then completely covered with a tarpaulin. In such circumstances it is difficult to see that any servicing of the machines is regularly necessary. As a matter of fact, it is not being given. Mr. Manning's explanation, therefore, that the work of the custodians is to dust them, oil them, keep them in repair, show people how to use them, seems to be an invention to justify employment.

Replying to a request to give specifically the duties of the custodians, Mr. Manning's testimony was as follows:

"Ten people report at Room 108 daily. They do clerical work, go out in the field. Reilly (one of the custodians) gives assignments. The Board tells him about certain work decided upon." Asked if he (Manning) knows the nature of any assignments, he said, "Repairing tarpaulins. When they are ripped, the custodians sew them." Asked who would do the clerical work if they didn't, he said, "I don't think the necessity would exist, to my knowledge." Asked again who would do it if they didn't, he said, "I can't intelligently answer that question."

Examination of the present locations of the machines and the situation surrounding them supports the belief that they require no special attention, except just previous to an election function. They are all stored in public buildings which have regular custodial employees. In most instances it has been these persons who have determined exactly in what spot the machines should be stored. Some decided it was all right to leave them exactly as they were when used on election day. Others, for their own convenience, decided to move them to another location. The election officials did not enter into this determination. In most places the machines were a curiosity just after use at election time, and a few people, here and there, came to look at them. Because after a time these curious citizens could see nothing but an object covered by a tarpaulin, such visits ceased. Later, as new custodial appointees took office, some of them made calls, presumably to see what they were paid to have in custody. However, the general story obtainable from custodians of the buildings housing these machines is that in the last couple of months nobody has been near them.

Inquiry in other cities of experience in custody of voting machines produced additional confirmation that Boston's large force of custodians is unnecessary. In Hartford, Connecticut, with more than 100 machines in use for the past two decades, the city has found it necessary to employ but one full-time employee to do all the oiling,

repairing, dusting, etc., required. This employee is a trained mechanic. In Brookline, Massachusetts, which has 90 or more machines, no special custodial service has been required. The machines are stored, each in its own case and without the extra covering of tarpaulin which Boston provides, and not disturbed from election function to election function. A few mechanics from another department, working evenings for a few days before election, assist the town clerk's office in setting up the machines for each function.

This would seem to dispose of Mr. Manning's contention that 15 full-time employees are necessary to keep the machines in operating condition.

It is apparent that this employment in Boston of "custodians of voting machines" was motivated not by the requirements involved, but by the opportunities present. There is no civil service list of "custodians of voting machines." Hence appointments can go to any who have influence enough to obtain them. Advantage has already been taken of that fact to place ten custodians on the pay roll at \$3,000 a year each. There is provision in the budget now before the City Council for five more.

This situation has all the earmarks of a duplication of the situation with respect to constables, where, by adding one or two at a time, the number ran as high as 94 at the end of the last previous administration, was cut down to 14 at the beginning of the present administration, and has again risen to approximately 60; or a duplication of the situation in the Recreation Department, where the number of employees expanded almost overnight from a half dozen to approximately 150. (Constables are not classified civil service help, and the Recreation Department employees were all appointed at a time when there was no classified list from which to select appointees.)

The Commission desires to point out that, in the explanation offered by Commissioner Manning, he emphasized that the work these custodians are now doing is clerical work in the office of the Election Department. This clerical work, from his description of it, is no more than the normal clerical work of the department. If it had been made clear to the Civil Service Commission that the contemplated duties to be performed by these employees would be primarily clerical, it is questionable whether or not the Civil Service Commission could recognize appointments of individuals not on the classified lists.

His claim that the custodians must possess mechanical ability for the performance of their intended duties appears to have had little weight in the selection of the ten already appointed. Not one of them appears to have come from a position requiring mechanical skill, except possibly one who was a driver of an express truck, or another who was a clerk in the city garage. A woman formerly employed as a clerk in a government office is among the ten. The Commissioner explained that in this case the woman had capability as an electrician.

Additionally, the Commission desires to point out that the appointments already made and the gossip as to others to be appointed later have served to weaken the morale of the large body of city employees. The custodians in the buildings where the machines are located wonder why someone else is paid for what has become their responsibility; and the employees of the Election Department are resentful of the fact that these custodians are made a special class in the department and are paid at a rate of \$3,000 a year, while the assistant registrars of voters are confined to a scale running from \$1,800 to \$2,800 a year. Of the ten now serving as custodians, only two had previously worked in the Election Department.

The Finance Commission is cognizant of the laws relating to the installation and custody of voting machines and is convinced no such large force of custodians is needed or required. Instruction of the regular force of the Election Department in the use of the machines should result in having on hand at all times, without extra pay roll, all the help needed for the care and custody of these 224 voting machines and any others which may eventually be added.

Respectfully submitted,
EDWARD F. MULLEN, Chairman.
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
FREDERICK W. ROCHE,
The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

NOTICE OF HEARINGS BEFORE PUBLIC UTILITIES DEPARTMENT.

Notice was received from the Public Utilities Department of hearings to be held as follows:

On petition of New England Transportation Company, from Dedham-Boston line to bus terminal in Park square, on April 7, 1947, at 10.30 a. m.

On petition of Almeida's Bus Service, from Milton line at Mattapan to Park square, on April 1, 1947, at 10.30 a. m.

On petition of Boston Elevated Railway Company to operate motor vehicles over Orleans street, Porter street, Cottage street, and the private way leading from Porter street to the General Logan Airport, on April 7, 1947, at 10.30 a. m.

Severally placed on file.

NOTICE OF ASSIGNMENT OF JUDGES.

Notice was received of assignment of judges by Chief Justice Fred T. Field of the Supreme Judicial Court, being assignments of judges of district courts to act as judges of Appellate Division, and designation of presiding judges to fill existing vacancies for the Northern District.

Placed on file.

APPOINTMENT OF PETER J. ALLEN.

Notice was received from the Mayor of reappointment of Peter J. Allen as member of Board of Assessors, for term ending March 31, 1952.

Notice was also received from the Mayor of designation of Peter J. Allen as Chairman of Board of Assessors as of March 31, 1947.

Severally placed on file.

APPOINTMENTS BY THE MAYOR.

Notices were received from the Mayor of the following appointments:

Thomas M. Gemelli, 36 Trapelo street, Brighton, as member of Board of Overseers of Public Welfare, for term ending April 30, 1947, vice Frederick J. Celata, resigned.

George W. Juddins, 31 State street, to be member of Board of Appeal, for term ending May 1, 1950, vice Daniel G. Slatery, deceased.

Gertrude A. Pfau, reappointed member of Board of Election Commissioners, for term ending April 1, 1951.

Severally placed on file.

STATEMENT BY COUNCILOR LINEHAN.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan, for what purpose does the gentleman arise?

Coun. LINEHAN—I arise to a point of personal privilege, Mr. President.

President KELLY—Councilor Linehan, will you state your point of personal privilege?

Coun. LINEHAN—Mr. President, I arise at this time in order that I may be permitted as a City Councilor to answer an attack made upon me and other members of the City Council last Monday in a Boston newspaper. This attack was made on me as a member of this Body.

President KELLY—The point of personal privilege is well taken. Councilor Linehan.

Coun. LINEHAN—Mr. President, gentlemen, I welcome this opportunity of making a personal explanation whereby I might remove certain erroneous impressions entertained by the editors of two Boston newspapers as a result of my action and vote as a member of this Body, and to answer the unwarranted attack made by those newspapers towards me.

Briefly, I would like to set forth my background, my training, education, and experience, to mark out the road that I have traveled in my private and public life to the place where I now stand, the efforts I have made to prepare myself for a life of service as a public servant and as an attorney, and also to enumerate my creed as a citizen, as an attorney, and as a public servant, to which creed I have always adhered.

I was born, reared, and have always lived in the South Boston-Dorchester district, which I now represent, and which gave me my start in public life.

On my graduation from South Boston High School I was desirous of further education that I might develop myself as much as possible, and be ready to accept those opportunities that are always present in this land of opportunity for men who are well trained.

I was graduated from Northeastern University Evening Law and Business Schools, receiving the degrees of Bachelor of Laws, Master of Laws, and Bachelor of Business Administration. I obtained these three degrees during the period from 1928 to 1939, during which time I went to school nights after working days, for my family was not a family of means, and I had to make my contribution to the support of the family even while securing my education.

In 1932 I was admitted to the practice of the law in this Commonwealth, which practice of the law has been my means of livelihood to the present day with the exception of the time spent in the armed forces during the recent war. I was admitted to the Federal Bar in 1934, and I was admitted to practice law before the Supreme Court of the United States in 1938.

In 1936 I was chosen by the good people of Ward 7 to represent them in the Massachusetts Legislature, where I served from 1937 to 1940. While a member of the Legislature I was appointed a member of the Committee on Judiciary. In 1939 and 1941 the people of Ward 7 elected me to the Boston City Council, and in 1942 the membership of that Body chose me as their President.

Several months later, and during my tenure as President, I entered the service of our country like millions of other Americans, and served with the United States Navy in the Pacific theater of operations.

On returning to civilian life the people of Ward 7 again honored me by returning me to this Body.

In the executive and administrative branches of our municipal government I have served in the following capacities: Legislative Counsel for the City of Boston, member of the Boston Transit Commission and the Boston Housing Authority.

I submit that, by training and experience as a lawyer, a member of the City of Boston Law Department, a member of the Legislature, the City Council, and as an administrative and executive officer, I have a knowledge of how laws are made, interpreted, and enforced. Further, I believe in the sanctity of the law, and that it should be interpreted by a judicial process, and should be changed only by regularly authorized and legal methods. I bow to no man in this Body in my knowledge of municipal law and, certainly, I do not have to rely on the snap judgments of those whose knowledge is superficial, and whose conclusions are hastily and erroneously arrived at. I believe that our government is a government of laws, not of men—of laws, not of newspaper editors.

As to my private and public life, no finger of criticism has ever been pointed at my motives, nor has my integrity ever been questioned. I have always believed and still believe that no position in society, either in public or private life, can bring joy to anyone who realizes that he has obtained it the wrong way, who knows his life is a living lie. On the other hand there is always contentment and happiness in the heart of him who prizes a right conscience above public opinion, integrity above personal gain, and who refuses to compromise with principle. Accordingly, I have always acted for what I thought was right. As a public servant my actions have always been directed towards the best interests of all the people whom I represented.

These, then, are the principles upon which I have based my entire life. I have prided myself after my years of service in public life that, regardless of what some may think of my political beliefs, I have acquired one priceless asset—a good reputation. I have earned it; I intend to keep it. May error never deprive me of it. I can appreciate the sentiment expressed by the immortal Shakespeare:

"Good name in man or woman, dear my lord,
Is the immediate jewel of their souls;
Who steals my purse steals trash; 'tis something,
nothing,
'Twas mine, 'tis his, and has been slave to thousands;
But he that filches from me my good name,
Robs me of that which not enriches him
And makes me poor indeed."

Now, because I have always followed the principles set forth, I find myself attacked. For what? For adherence to principle! The Boston Herald in an editorial has made an unwarranted and unfair attack on my integrity and ability as a councilman and as an attorney. I cannot let that attack pass unnoticed. I hereby explain my position, and in all fairness I expect the Herald-Traveler to publish this statement, and give it the same prominence and treatment accorded my action in voting as I did in this Body on last Monday as they gave to an editorial concerning that vote.

At that time the order before the Council was one calling for the reference to the Law Department for an opinion concerning the legality of the ordinance authorizing the City Council to make sidewalk openings, which power the Herald-Traveler claims is a "usurpation of the powers of the Public Works Commissioner."

Prior to our meeting on Monday last the Traveler tried to intimidate the members of this Body by stating that we shall see who dare oppose this order. Such pressure has never influenced me! I vote according to the dictates of my conscience. I realize that this paper has engaged in a crusade to change our form of government; and that certain words expressed in this Council have cast a cloud over this Council. But this order on which their editorial was based had nothing to do with any charges now pending, but was an attempt to strip this Body of powers it legally has.

I have been in politics long enough to know that on Monday last there were certain courses open to me on the matter of referring the sidewalk ordinance to the Law Department for an opinion as to its legality. I knew that certain papers favored this order. I realized that if I voted to so refer it I might have secured some slight praise in the Herald-Traveler. I also could have remained silent or absented myself. But I have never evaded my responsibility as a public servant, I have never compromised with principle. And because I was convinced that the ordinance in question was legal and that the proposed referral for an opinion was purely political, designed to bring this Body into further disrepute, I voted as I did: that it should not be referred for an opinion, as none was needed; that the ordinance was clear, certain, legal, and constitutional.

I will now give you the law as a lawyer finds it after due deliberation and due research work in the laws of our commonwealth.

Laws—Sidewalks.

Let us look at the law—the law relative to sidewalks—the law as enacted by the legislature—the law as decided by the courts—the law as interpreted by able, practicing lawyers—not the

law as enunciated by clerks, editorial scribes, nor yet by curbstone lawyers.

In 1893 the Legislature by the enactment of chapter 437 set forth the following statute as to the powers of the City of Boston in the matter of sidewalks.

"Section 1. The board of Mayor and aldermen of the City of Boston may grade and construct sidewalks, and complete any partially constructed sidewalk in any street of such city as public convenience may require, with or without edgestones, as said board shall deem expedient."

In section 3 of this chapter it is provided: "All Acts and parts of acts inconsistent with this act are hereby repealed."

This act was expressly amended by Special Acts 1916, chapter 269, section 1; Special Acts 1917, chapter 196, section 1, and most recently amended by chapter 203 of the Acts of 1943, which provides in section 1 as follows:

"Section 1. The City Council of the City of Boston, with the approval of the mayor, may order grading and construction of sidewalks, or the completion of any partly constructed sidewalks in any street of said city, as public convenience may require."

In the City of Boston versus Boston and Albany Railroad Company, 170 Mass. 95 (decided January 7, 1898), the Court admitted on an agreed statement of facts that the order for the construction of a sidewalk in September, 1895, pursuant to an order passed by the mayor and aldermen was valid, and the sidewalk was constructed according to law.

Justice Barker in Copeland versus Mayor and Aldermen of Springfield, 166 Mass. 498 (1896), at pages 501, 502, stated, and I quote the Court:

"Without examining in detail the provisions of all the special statutes concerning sidewalks in the territory now within the city limits of Boston, it may be stated generally that until the year 1893 the whole expense of construction rested upon the owners of abutting lands, except in Roxbury before its annexation, and only those walks were maintained at the public expense which had been relinquished in writing to the city and accepted by it. See Sts. 1799, C. 31; 1809, C. 28; 1824, C. 16; 1833, C. 128; 1845, C. 236; 1849, C. 133; 1855, C. 97; 1859, C. 165; 1860, C. 182; 1864, C. 160; 1891, C. 323; 1892, C. 401. How many different systems were in force at the same time in Boston we do not know now; but it was provided by St. 1892, C. 401, s. 5, that thereafter sidewalks should be made and paid for in accordance with the provisions of that act, and of St. 1891, C. 323 and the acts in amendment of St. 1891, C. 323, sometimes called the board of survey acts."

In 1893 another special act relating to sidewalks was passed, containing a provision repealing all inconsistent acts and parts of acts—this act, St. 1893, C. 437 . . . has been recited by me, which act as amended is still in effect.

Let us go to the law relative to the Commissioner of Public Works, referred to in the editorial.

Law — Commissioner of Public Works.

Now, Mr. President, let me recall to your attention a little legal history of the powers of the Commissioner of Public Works, the officer having charge of certain functions, certain duties in regard to, and certain powers over, sidewalks, and incidentally the officer whose powers, it is alleged, the Council has usurped. Remember that the functions, duties, and powers of that officer were given to him by this Honorable Body, and may be altered or changed only by this Body under present laws.

It was provided in the Revised Ordinances of 1898 in chapter 38, section 1, as follows:

"Section 1. The Street Department shall be under the charge of the Superintendent of Streets, who shall construct all streets and sewers; shall have discretionary power as to the grades, materials, and other particulars of the construction of streets, sidewalks and sewers; . . ."

This power given to the Superintendent of Streets by ordinance of the City Council and Mayor, was repealed by ordinance of a successor Council and Mayor eight years later (chapter 1, Ordinance of 1906). This latter ordinance was repealed by section 23 of chapter 3 of the Ordinances of 1908, and corresponding powers were given to the Superintendent of Streets by section 1 of said chapter 3.

In 1909 the third major revision of the Charter of the City of Boston was made by the Legislature and accepted by the City of Boston. It was provided in said charter revision, chapter 486 of the Acts of 1909, section 5, as follows:

"Section 5. Except as otherwise provided in this act, the organization, powers and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments or members of boards."

Pursuant to this charter provision, Mayor John F. Fitzgerald on September 15, 1910, submitted to

the City Council a proposed ordinance requesting that Honorable Body to consider the repeal of existing ordinances dealing with the Superintendent of Streets, and establishing a new department, designating its title as Department of Public Works, defining its duties and establishing the salary of the Commissioner of Public Works.

The ordinance as proposed by Mayor Fitzgerald was amended by the City Council and passed November 14, 1910, and was approved in its amended form by the Mayor. In the same year of that Body's existence this ordinance, chapter 9 of the Ordinances of 1910, was amended by the Council and Mayor, January 30, 1911.

Tracing its history through the years, we find this ordinance appearing in substantially the same form, but ever in the course of change as conditions warranted, but always, when changed, changed by order passed in the City Council and approved by the Mayor. I refer you to the Revised Ordinances of 1914 and to the Revised Ordinances of 1925, the latest revision. (Incidentally, I think it is about time that we had a new revision.)

I have recited this legal history in detail in order to place upon the record the law and the facts as I understand them to be.

To this Body and to its predecessors during the past half century, and I have confined my detailed analysis of the law to this period, the Massachusetts Legislature has given the legal authority, in the statutes I have referred to, to ordain for the people of Boston concerning the grading and construction of sidewalks. This power having been granted, it may be exercised by the Council itself, or may be placed in any officer, board, or department of the city, with the approval of the Mayor, or may be transferred from one board or officer to another board or officer, or retained by the Council itself, with approval of the Mayor. This power exists by clear legislative mandate and is set forth in special laws, including the Boston City Charter.

I have set forth the laws which are the source of the authority of City Council and Mayor to regulate sidewalks. Now, how have these laws been interpreted? Let us see what our Supreme Court has said on this matter. In the case of Attorney General versus Boston, 142 Mass. 200, the question for determination was whether an order passed by the Board of Aldermen on August 3, 1885, directing the removal of a sidewalk on Boylston street adjoining the Common was legal, and whether they were acting with authority.

The complainants, owners of real estate on Boylston street, contended that no power existed in the city government to cause the entire and permanent removal of a sidewalk on any paved street in Boston.

All prior statutes relating to sidewalks in Boston had been repealed by St. 1872, c. 303 (Pub. Sts. c. 50, 322) which was accepted by the city and in force at the time the order in the case at bar was passed.

The Court said: "The general power to construct sidewalks in all streets or not, whether macadamized or paved, must be construed as one which deals with the whole subject and places it within the control of the local authorities. It authorizes them, in their discretion, not merely to construct them or not, where they do not now exist, but to remove or dispense with them where they do exist, if in their judgment it is desirable."

If this be so, was the order to remove the sidewalk here in question passed by the proper authority? The complainants contended that, as the executive power of the city is vested in the Mayor, to be exercised through the several officers and boards of the city in their respective departments, under his general supervision and control, and as the power to dispense with or remove a sidewalk is executive or administrative strictly, these words being used in the statute, the order was illegal, as the Council was acting beyond its power. But, said the Court, and I quote:

"The power to determine whether public convenience requires the construction of a sidewalk, and equally so its removal involves the exercise of judgment not administrative only, and the exercise of the power is judicial in its character, although expressed in a legislative form."

Mind you, that is the Court's quote, not Councilor Linehan's quote, and I am going to repeat that (repeating quotation). The order was held valid and the petition of the property owners dismissed. That is, the Council at that time was acting within the law.

This law is still the law, having never been overruled. Am I to be belittled because I rely on such judicial pronouncements, because I rely on the law of this Commonwealth, rather than on the law as expressed by editorial writers? Now let me proceed to the action of the Boston City Council upon which the *Herald* has based its fallacious reasoning, the action it alleges was a usurpation and a patent violation of the City Charter.

In 1938, on June 20, Mayor Maurice J. Tobin submitted to the City Council a proposed amendment to an ordinance concerning sidewalks and the use thereof. The Council referred this proposed ordinance to its Committee on Ordinances, which revised the Mayor's proposed ordinance by substituting in place of the words "Commissioner of Public Works" the words "City Council." The ordinance as revised was presented to the entire Body of the City Council on August 15, 1938, by Ordinance Committee Chairman George A. Murray. This revised ordinance was accepted without debate and was presented to Mayor Tobin

and by him approved, August 31, 1938. This then, was the action referred to by some overzealous coveters as "patently a violation of the City Charter." Let's look at the legal talent in the Boston City Council in 1938, at the time the City Charter was "openly violated." In that Honorable Body in 1938, in addition to Lawyer Murray, were the following distinguished attorneys: Henry L. Shattuck, now a member of the General Court; Charles I. Taylor, now a member of the State Senate; Edward A. Hutchinson, Jr., now an assistant Clerk of Court; Sidney Rosenberg, present Ballot Law Commissioner and former Assistant Corporation Counsel; Robert Gardiner Wilson, Jr., now Judge of the Probate Court; James E. Agnew, subsequently the Corporation Counsel of the City of Boston.

Furthermore, at that time General Henry E. Parkman, Jr., former member of the City Council, former member of the Massachusetts Senate, former candidate for Mayor of Boston, and later to be top legal advisor to the War Department during the past war, was the Corporation Counsel of the City of Boston and the legal advisor to the Mayor and City Council.

Are these the men the Boston *Herald* would have you believe had "violated" our City Charter?

My whole concern in the matter of voting on the question of the power of the City Council relative to sidewalks—and I have here refrained from stating whether it might not be wiser to transfer that power elsewhere, for that question was not before us, although I did go on record at our last meeting as stating that I would favor placing that power elsewhere—has been to do my duty, and that is to study and interpret the laws and ordinances under which we labor here. I stand firmly, and repeat that the power over sidewalks is lodged in the City Council; that there has been no "usurpation of powers of a public works commissioner" by this Body; that the courageous and honest expression of the law as set forth and interpreted by our courts, and the adherence to that law, is not the conduct of a "wilful" man, nor of an obstinate or wayward councilor or lawyer, nor does it constitute contumacious conduct.

Towards my editorial critics as individuals I entertain no ill will, but towards them as fair minded moulders of public opinion, I feel that they have been derelict in their duty in that they attributed bad motives to one who has striven to study and understand the subject he voted on.

So, supported by judicial interpretations, and with my conscience satisfied that I have discharged my duty, I can repeat here that I am now more than ever convinced that my vote on last Monday was the correct vote, and not the vote of a procrastinator, an appeaser, or of a man who has not any reason for his vote other than expediency.

Mr. President, fellow members, I have stated the reasons for my dissent to the unwarranted and intemperate language used by the editor of the Boston *Herald*. I am conscious of having detained you too long, but I could not suppress the utterance of my feelings on this subject. I will only state that in this, and in every proposal that has come to my attention in this Body, I have always sought one goal—the best interest of the community, and a better, cleaner and more prosperous City of Boston. I have always been mindful of the sage words of the great Emerson in his admonition to the citizens of Boston:

"Let her stand fast by herself. She has grown great. She is filled with strangers, but she can only prosper by adhering to her faith. Let every child that is born of her and every child of her adoption see to it to keep the name of Boston as clean as the sun; and in distant ages her motto shall be the prayer of millions 'on all the hills that gird the town, 'As with our fathers, so may God be with us.'"

SICUT PATRIBUS, SIT DEUS NOBIS, right in the seal of the City of Boston.

EXECUTIVE COMMITTEE REPORTS.

1. Report on message of Mayor and order (referred February 10) for appropriation of \$60,000 from income of General Cemetery Fund to be expended for Cemetery Division Maintenance and Improvement, under direction of Park Commissioner—that same ought to pass.

Report accepted.

2. Report on message of the Mayor and order (referred March 24) for appropriation of \$14,500 for jail improvements—that same ought to pass.

Report accepted.

3. Report on message of the Mayor and order (referred March 24) increasing appropriations for Fire Department \$69,000, for Institutions Department \$6,000, for Registry of Deeds \$12,000—that same ought to pass.

Report accepted.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. FISH, for the Committee on Appropriations, submitted the following:

1. Report on message of the Mayor and budget for 1947 (referred February 3)—recommending that same ought to pass.

The report was accepted, and the question came on the passage of the budget.

Coun. FISH—Mr. President.

Coun. BAYLEY—Mr. President.

President KELLY—Councillor Fish.

Coun. FISH—Mr. President, I propose to be very brief in my remarks. In submitting this budget, as chairman of your Appropriations Committee, I do so fully satisfied that I have conducted thorough and lengthy hearings at which all department heads were present to explain fully their views and their reasons for the sums requested. I know that there are those among this Body who do not see it as I do. They will undoubtedly express their personal opinions before the final vote is taken, and I believe their opinions should be listened to and should in some measure guide us in our final vote. The reason for brevity is that I am not going to anticipate their views on specific items at this time, not knowing what they may be, but I will to the best of my ability do so on the specific matters as they are brought up. I wish, however, to make one observation. Although larger than last year's budget by some six millions of dollars, possibly, to be nearer exact, \$6,300,000, for reasons which you will find printed in condensed form in the pamphlets which I have placed on your desks and of which I would suggest you read the first few pages, I feel that this increase as compared to increases being put into effect in state budgets, federal budgets, and municipal budgets throughout the country, is not out of line with those budgets, and the over-all budget can be considered as conservative. There is one item, however, that in fairness to the committee I wish to draw to the attention of the entire Council Body. That is the item in the Election Department of the figure of 15 custodians, \$45,000. The committee could not determine themselves whether or not there was real necessity for this amount. However, they have given the benefit of the doubt to the Election Department that it does require their services for that particular work. I assured the committee on the budget that I would call that matter specifically to the attention of the entire Body and will let it determine as it will as to whether the committee acted wisely, or unwisely, and whether they want it or whether they don't. I want to thank now the President of this Body for his confidence in me and in my ability to serve as chairman of this committee. I want to thank the members of the Council for their cooperation in the lengthy hearings we had, and also I want to thank the department heads for the fair answers which they gave to the committee. Thank you.

Coun. BAYLEY—Mr. President.

President KELLY—Councillor Bayley, for what purpose does the gentleman arise?

Coun. BAYLEY—Mr. President, this is going to cause a debate of some duration, I feel, and at this time I make the motion that consideration of the budget be put off until we have a chance to go into Executive Session and then come back and debate about it. I move it be postponed until after we come back from Executive.

Coun. FISH—Mr. President, is this motion to refer it to the Executive or to put it off until after the session?

President KELLY—To postpone action on the budget until after the Executive Session. All those in favor say "aye," those opposed "no." The ayes have it, and action on the budget will be placed after the Executive Session.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Boston Elevated Railway Company (referred March 3) for license to operate motor vehicles over Hill Top street, between Granite avenue and Hallet street, in either direction—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

MUNICIPAL STADIUM, CHARLESTOWN.

Coun. KINSELLA offered the following: Ordered, That his Honor the Mayor be requested to construct a municipal stadium on the site of the John J. Ryan Field, commonly called the Sullivan Square Playground, in the Sullivan Square section of Ward 2, Charlestown, Boston, because of the recent rejection by the Legislature of his request to be permitted to sell this property for commercial purposes.

Coun. KINSELLA—Mr. President, just briefly on this order, on April 22, 1946, according to the minutes of the meeting of that day, I filed a similar order, and I gave lengthy reasons which I will not repeat here but which for the Mayor's benefit might be perused at leisure. Later, I noticed on the sports pages of the various Boston papers some agitation for the erection of municipal stadia for the purpose of playing schoolboys' games. We have many thousands of growing young people in Boston, and they have no place where they may develop their talents, and I believe, as I think everyone else believes, that it is far cheaper in the long run to construct stadia with the attendant cost of equipment and the personnel to start them, than it is to conduct courtroom sessions of the boys and girls who get out of hand because they have no place to go. I do hope sincerely the Mayor will look upon this more than favorably,

because it is not designed as a vote getter. It is immaterial to me when the Mayor does this if he promises to do it at the most propitious time. It should be borne in mind Sullivan square in Charlestown is the one location in Boston that very definitely services the entire city and some portions of the greater Boston area which are outside the corporate limits of the city. We could construct a field there seating 25,000 spectators, and it gives an area so tremendous in size we might consider an allowance for a football field, a skating rink, and a baseball diamond. It would not be a Charlestown project, it would be a city project, and I think because of the need for stadia throughout the city that site might very well be used rather than be allowed to become worse than it is currently and has been for some years. I do hope Mayor Curley makes an honest and sincere effort toward solving one of our municipal problems by the erection of the stadium in Charlestown, as sincere an effort as he has made toward solving one of the greatest health problems we have had in the history of the district, namely, the construction of swimming pools on the Doherty Heights property in Charlestown for those people who formerly patronized the beach long since condemned for bathing purposes. I hope the Mayor will consult the record of April 26, 1946, for the reasons I advanced then and which are as sound and valid today. I ask the suspension of the rules and the passage of the order.

The order was passed under suspension of the rules.

ACCEPTANCE OF BRAYTON WAY, WARD 22.

Coun. MADDEN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out, and construct as a public highway Brayton way, Ward 22.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of United States Coast Guard (referred March 3) to be reimbursed for overpayment of water bills during 1943, 1944, and 1945—recommending passage of accompanying order:

Ordered, That there be allowed and paid to the United States Coast Guard the sum of three thousand five hundred sixty-eight and 42-100 dollars (\$3,568.42) in compensation for overpayment on water bills assessed at the premises numbered 466-490 Hanover street during the years 1943, 1944, and 1945, in accordance with the recommendation of the Division Engineer of the Water Department, said sum to be paid from the Water Income Division.

Report accepted; said order passed.

LIGHTING AT EDWARD EVERETT SQUARE, ETC.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request the Traffic Commissioner and the Commissioner of Public Works to make a survey and install traffic lights in the vicinity of Edward Everett square and Massachusetts avenue and also to install many more electric street lights in order that the surrounding area at Edward Everett square may be adequately lighted so that accidents both to motorists and pedestrians may be diminished.

Passed under suspension of the rules.

LANDSCAPING AT OLD HARBOR VILLAGE.

Coun. LINEHAN offered the following:

Whereas, The landscaping conditions of Old Harbor Village are in very poor condition at the present time due to all of the underground work that was done on the utilities, be it

Ordered, That his Honor the Mayor request the members of the Boston Housing Authority to re-landscape Old Harbor Village in the very near future.

Passed under suspension of the rules.

RECESS.

The Council voted to take a recess at 3 p. m., on motion of Councillor McCormack, subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 4 p. m.

BUDGET FOR 1947.

President KELLY—The Council will be in order. The question now before the Body is the passage of the budget, and the Clerk will kindly state what the question is.

The order for the passage of the budget was read.

President KELLY—The question is on the passage of the budget.

Coun. CHASE—Mr. President.

President KELLY—Councillor Chase.

Coun. CHASE—Mr. President, I move, sir, that Item A under Personal Services of the Board of Assessors be reduced by \$22,000. Mr. President, I make this motion, sir, having in mind that during the past year the Board of Assessors has granted about \$130,000,000-odd in tax abatements, actually taking, sir, from the city treasury four and one half million dollars in cash refunds. Mr. President, it has been called to my attention by many prominent citizens in Boston that they believed many, if not most, of these abatements, are not justified. Having in mind that this particular department has been functioning apparently exclusively with his Honor the Mayor so that no one in the city actually knows what they are doing other than his Honor the Mayor, I believe at this time, sir, we should reduce their particular budget by that sum of money. The Boston Board of Assessors is composed of five men—the Chairman, who receives \$7,500, and four others, who receive \$6,000 a year. Their budget is now before us for approval. Are we to be expected, sir, to pass on this budget favorably without knowing what sort of work the Board of Assessors have been doing? We all know, sir, they have granted tremendous amounts in abatements. Your Honorable Body has in the past several months through the medium of orders adopted requested the Board of Assessors, through his Honor the Mayor, to give to this branch of the government a list of all the names and addresses of the property owners who have received abatements from \$20,000 each for the year 1946 and the year 1945. I submit to you, sir, the Board of Assessors and his Honor the Mayor have had ample opportunity to comply with that reasonable request. His Honor the Mayor and the Board of Assessors apparently defied this Council, yet his Honor the Mayor has submitted to us this appropriation bill of \$63,000,000, expecting us to pass favorably upon it. Sir, I say that we have the authority, the actual authority, to delve into the abatements granted by your Board of Assessors, and I say, sir, we have the implied authority given to us by the Legislature in our charter when they said the Council shall pass on the Mayor's annual budget. We have that authority to deny the Board of Assessors their annual salaries if we are dissatisfied with the way they function in business. We have that implied authority to tell his Honor the Mayor that we are reducing the Board of Assessors' budget, the salaries we are striking from the Assessing Department budget, the salaries of the Board of Assessors, because we have in mind that they have not complied with the law, that they have not been carrying out their duties properly, and that his Honor the Mayor should engage a new Board of Assessors. Now, sir, I think you will agree with me that four and one half million dollars in refunds is an awful lot of money to be taken from the city treasury and yet, sir, only six men are responsible for these tax abatements, his Honor the Mayor and the five members of the Board of Assessors. It has been contended, sir, by a number of the members of your Body that we have no authority to inquire into the merits of the abatements, but, sir, the Legislature has given to us this authority of passing on their budget and through that authority, sir, we can strike from that particular budget the salaries of the Board of Assessors. I say to each and every member of this Body that you have on two different occasions requested—

Coun. COOK—Mr. President.

President KELLY—Councillor Cook, for what purpose does the gentleman arise?

Coun. COOK—A point of order, Mr. President.

President KELLY—State your point of order, councillor.

Coun. COOK—Mr. President, it is my understanding the salaries of the Board of Assessors are set by statute; therefore, any cut in the appropriation by the City Council would not affect them in the slightest.

President KELLY—The salaries are regulated by statute, councillor, but the Council has the right to move that no money be appropriated for these salaries. Councillor Chase.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. MUCHNICK—A point of information. President KELLY—State your point of information, councillor. Does Councillor Chase yield for a point of information?

Coun. CHASE—I do not yield, sir.

Coun. MUCHNICK—Mr. President, do I understand —

President KELLY—Councillor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order, councillor?

Coun. MUCHNICK—Do I understand the gentleman has to yield for a point of information?

President KELLY—That is right, councillor.

Coun. MUCHNICK—I think if you will examine the rules, Mr. President, you will find that is not so.

President KELLY—The Chair is satisfied he is correct in his ruling.

Coun. MUCHNICK—I am not.

President KELLY—Councillor Chase.

Coun. CHASE—May I remind each and every member of this Body that on two different occasions this Body saw fit unanimously to request from his Honor the Mayor and from the Board of Assessors a complete list of those who received abatements over \$20,000, and on two different occasions, Mr. President, his Honor the Mayor and the Board of Assessors saw fit to deny us that information. Now, sir, are we willing to accept such a score? Aren't we the elected members of the City Council? Aren't we here for the purpose of watching the city treasury and protecting the city treasury? Aren't we entitled to this information? Someone told me, sir, I received a reply today from the Commissioner on Taxation as to whether we have the actual authority to get this information, and his reply was he was not certain. Sir, I say that we have the authority to say to his Honor the Mayor that we are not appropriating any money for the Board of Assessors' salaries for the year 1947 because we don't like the work they have been doing. We can say, "Get yourself a new Board of Assessors. We don't want any more millions of dollars wrongfully taken from the city treasury. We want to know why so many millions of dollars have been granted in abatements. We want your Board of Assessors to justify their reasons for granting \$140,000,000 worth of abatements, and you have given us no reason or justification, and because of that we are striking out their salaries." Mr. President, it is a very important matter I am discussing. This matter of tax abatements, in my opinion, involves a question which is very material on your tax rate, and your taxpayers, yes, the citizens and the voters who put us here to represent them expect us to protect them on their taxes. Yet, sir, here we are, 22 elected members of your city government being defied by one man elected with five of his appointees. It does not make sense, Mr. President, especially when we have the power to say, "Either cooperate or you won't get your salaries." I venture to say, sir, if the members of your Council do not see fit to go along to reduce this, that their negative vote is in substance, "Go ahead, Mr. Mayor. Go ahead, Board of Assessors, and rob and plunder the city. You had four and one half million dollars in cash last year and you gave out \$140,000,000 worth of abatements last year. Go ahead, continue robbing the city. Nobody will inquire into it. We, the elected officials, the only ones responsible, don't care to act." That, in substance, sir, will be what your votes in the negative mean. I hope, sir, the Body goes along with my motion.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—I would like to point out merely one thing—that if we reduce this A item by \$31,500 it does not necessarily mean that we are eliminating the salaries of the five members of the Board of Assessors. It merely means we are reducing the A item by that amount of money and if the Board of Assessors wishes to fire or not pay sufficient clerks whose salaries make up that total, they can do it that way. The object the councilor is trying to achieve cannot be achieved in this fashion, and I merely want that called to the attention of the Body. If the councilor wants the members of the Board of Assessors to furnish us with certain information, with that I agree. Any information to which we are entitled I, too, would like to get, but I see no point in acting on the amendment as he suggests when it not only won't serve the purpose he tries to achieve but will only help toward eliminating the salaries of some persons in the department whose help, I assume, we need.

President KELLY—The question is on the amendment.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan.

Coun. LINEHAN—As one of the councilors I believe in trying to save money in the proper manner if possible, but I don't want to see any waste in this budget, but I would like to be sure before I vote on cuts that the cuts are justified. In this particular case, the gentleman from Ward 4 (Councilor Chase) said that some people have said that most of these abatements are unjust. It seems to me there should be a campaign to find out from these people why they are unjust and who the people are who are giving out these abatements in an unjust manner because, after all, we are trying to find out what is being done in the city government, and I suggest this is the time it should be done, when there is a campaign on. It seems to me if these are big businessmen, they ought to cooperate with the Boston City Council and go to the Finance Commission to explain. Is this just a rumor again, or is it true? If it is true, I suggest the gentleman from Ward 4 should notify his informants that the informants can go to the proper people, such as the Finance Commission or the District Attorney, to present facts they have if they have any. If they have any, I for one will vote to do something about the Assessing Department, but until the gentleman from Ward 4 presents more definite evidence, other than he knows some people who say these things, I can't vote in good conscience along with him. After all, I don't know whether the Assessors are actually doing something wrong or illegal or, you might say, in collusion with lawyers. I know they have no collusion with me as a lawyer because I have not gone down there but for two people who own little homes in South Boston. So I don't know from my own experience whether or not there is collusion going on between lawyers

and the Assessors. But if the gentleman from Ward 4 knows of such collusion, then I think it is his duty and the duty of his informants to go to the proper authorities and come forward with it. They came forward against the Boston City Council. I am sick and tired of its just being the City Councilors. Let us get everybody who might be dishonest, and I don't think any member of the City Council should be saying anybody is dishonest unless he has evidence of that fact. I am for cutting down the budget if it can be done in the right way, but I don't want to say the Assessors are dishonest and throw them out of jobs unless I know as a matter of fact they are. I can't go along voting to cut out the Assessors on just rumors. Let us get the facts. I voted right along to try to get the facts from the Assessors. If we cannot get them through the Law Department, then it is up to us. We have no other alternative but to get a writ of mandamus and go to the Supreme Court to have it rule on whether or not the Assessors should give the City Councilors the information they desire; that is, the information as to who are getting the abatements. That is the only way we can find out whether or not the City Councilors should get the information relative to abatements. The gentleman from Ward 4 knows he can get it on particular instances if he wants to find out about the Little Building abatement. He can go down to the Assessing Department, and I presume under the law he can go down and get it. He cannot under the law according to some gentlemen in the Law Department and the Assessing Department through his Honor the Mayor who say we have not the authority. As a member of the City Council, I can't say whether we have or whether we have not. I can venture an opinion, but it still is not binding on this Body any more than the Corporation Counsel's opinion is binding. As I have said on many occasions, the Corporation Counsel can be wrong in his ruling, very easily wrong. So I say the only way you can get the truth as to whether this comes within our jurisdiction and whether we are entitled to this information is to have the gentleman from Ward 4 and these people who say these things should be made public, go to the Supreme Court through a writ of mandamus and find out whether or not we are entitled to the information. I don't think we should go along on this order because you might say it is a subterfuge, but if they are involved, I will vote to cut them all out of the budget but certainly before I vote I want to know there have been some dishonest dealings. So far the gentleman from Ward 4 has not on one occasion shown as a councilor and as a lawyer that they have been derelict in their duty. If he can, I will go along with this motion. Until he does, I can't.

Coun. CHASE—Mr. President.

President KELLY—The question is on the amendment to reduce the appropriation for the Board of Assessors \$22,000. Councilor Chase.

Coun. CHASE—Mr. President, not so long ago, sir, your Board of Assessors saw fit to grant several millions of dollars of abatements on the Little Building. Not so long ago, Mr. President, the Board of Assessors saw fit to grant a \$100,000 abatement on a parcel of property in my ward, a parcel of property, sir, on which for some reason the Board of Street Commissioners and his Honor the Mayor saw fit to enter into a scheme to pay \$25,000 to the same property owner for the sidewalk in front. Mr. President, I happen to reside in the near vicinity of the property which I last mentioned, and I can say, sir, that rents were increased, that all the stores in the property were rented. So that if anything, the Board of Assessors, especially because of apparently this inflationary period, should have increased the valuation but for some reason the Board of Assessors and his Honor the Mayor saw fit to decrease the valuation by \$100,000 and apparently they wanted to disfigure the street; they wanted to cut the sidewalk to take away from the citizens of Boston the sidewalk in front of Symphony Hall on Huntington avenue and reduce it to three feet in size in front of the subway and to make the people walk in the middle of the road and to place their lives in jeopardy. Why? Because the man who has the property and got the \$100,000 abatement was going to sell the sidewalk to the city for \$25,000. Sir, I have been in public office a long time. Things like that don't just happen. It is not mere coincidence. There is a little funny play there somewhere. You can't tell me, Mr. President, the Board of Assessors was justified in giving this tremendous abatement on the Little Building. All the properties at the intersection of Boylston street and Tremont street were jacked up in assessed valuation and then for some reason the Little Building was given a reduction. Bear in mind, the Little Building had jacked its rents up. There were no vacancies at all in the building, and yet they were given, I think, about a million and a half in abatements. Instead of giving abatements, if the Assessors were doing the right thing, they probably should have increased the valuation still a little more. In any event, Mr. President, all the surrounding properties, the Hotel Touraine, the Hayes-Bickford lunch property, the Colonial Building, all those properties in that particular vicinity, their assessments stayed as is. Those are only two examples, sir, that I am aware of and that I have information on. That information caused me to become a little more curious, and I introduced an order in the Council several months ago asking his Honor the Mayor to have the Board

of Assessors give us a complete list of all the abatements passed for the year 1946, and the order was unanimously adopted and apparently sent down to the Mayor's Office. We were patient, Mr. President, we waited a month, and no information came to us, and I introduced another order, and that order was amended to include the year 1945, and that order was unanimously adopted and sent down to his Honor the Mayor. Still we did not get any answer. Now, what are we supposed to do? Are we supposed to ask his Honor the Mayor for information and have him turn around and say, "Who are you? You are not entitled to any information, you are no one. I am the car of Boston, I run the city. It is true you were elected by the people in your respective wards to act as City Councilors, it is true you have the power to reduce my \$63,000,000 budget but notwithstanding all that, to hell with you, I am not going to give you any information." That is exactly what he told me last year when you delegated me as a committee of one to go to the Mayor's Office. He said he would not give me any information. Mr. President, I don't know how you and individual members of this Body feel about this, but I think, sir, that the taxpayers of Boston expect us in passing this budget, the voters of the city expect us to get all the necessary information on each department as to whether those departments are functioning properly before we pass their respective budgets. That is our job. It is a pretty broad authority we have, and regardless of the criticism of the City Council not having authority, we have the greatest authority in the world; in my opinion, the power to appropriate money, sir, is a pretty broad authority. You can bring his Honor the Mayor right down to his knees today on any subject that you desire because you can hold his budget up or you can hold any department budget up because you have that authority, and his Honor the Mayor will come in talking if you take that avenue. Now, knowing we have all this authority, are we to be expected by the taxpayers of Boston to have the Mayor thwart us on every avenue when we try to get information on behalf of the taxpayers? Are we to be expected to take this all lightly and say, "Well, he is a good fellow, let him have his \$63,000,000 although he won't give us any information, even though he belittles us?" No, Mr. President, I say in view of the fact that we have this broad authority, let us exercise it, let us say to his Honor the Mayor, "We mean business, we want this information, we want to know in order for us to know whether or not the Board of Assessors is functioning properly." To date, we have not had that information and I hope, sir, the members of your Body will go along with my motion.

President KELLY—The question is on the motion to reduce the budget of the Assessing Department by \$22,000. All those in favor say "aye," those opposed "no." It is not a vote.

Coun. CHASE—I doubt the vote.

President KELLY—Councilor Chase doubts the vote and asks for a roll call, but not sufficient members having joined, the motion is lost.

Coun. BAYLEY—Mr. President.

Coun. COOK—Mr. President.

President KELLY—Councilor Bayley is recognized.

Coun. BAYLEY—Mr. President, speaking on the budget and on reducing items in the budget, Mr. President, it has been stated in the papers that the increase in the budget this year, an increase of more than \$6,300,000, would result in a tax rate of nearly \$50. We as members of the City Council have the duty if we can to cut items from the budget which we feel are not necessary. Mr. President, I attended the meetings of the Appropriations Committee very faithfully, and I believe, with the exception of the chairman, I was present more than any member of the committee. I had served on that committee three years, but this year I was not appointed. In fact, there was only one member of the committee present, according to the headlines of the *Christian Science Monitor*, when they opened the budget hearings—the committee of one opened the meeting on the Boston budget. I don't think we should necessarily go along with the recommendations when only two or at the most three were present at most of the hearings; only one member save outsiders was there. I was impressed during the hearings—not impressed, I would say I was disappointed—to find most of the departments wanted a great deal of increase in items B, C, D and E, having to do with contractual equipment, supplies and materials. I also noted that the City Auditor, Charles J. Fox, in whom I have the greatest confidence, said that he did not believe it was necessary to increase the budget for equipment and for a variety of the increases. Yet, all the departments came in with increases of from 10 to 25 per cent. It was my intention to move, except for the hospital, Sanatorium and Long Island Hospital, Veterans' Services and Public Welfare, that all items under B, C, D and E be cut at least 5 per cent. That would make a total saving of about \$478,867.72. Further, if we would apply the cut to the special appropriations of the city, county and revenue departments, it would amount to an added \$163,920, or a total sum of \$642,788. I believe that would work no hardship on any department concerned, and that I would have been informed by the City Clerk that I cannot make a motion to reduce all of the B, C, D and E items except those I have mentioned by 5 per cent. Is that correct?

President KELLY—Where the budget is segregated this year, you have to specify each item individually.

Coun. BAYLEY—Thank you, Mr. President. I am going to make a motion—

Coun. MUCHNICK—Mr. President.

President KELLY—Councillor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—I wonder if the gentleman will yield for one question.

President KELLY—Councillor Bayley, will you yield for one question?

Coun. BAYLEY—Yes, one question.

Coun. MUCHNICK—Mr. President, assuming these savings of between four and six hundred thousand dollars were effected, how much would that mean by way of reduction in the tax rate?

President KELLY—Councillor Bayley?

Coun. BAYLEY—Mr. President, I understand 70 cents is saved, or approximately that, on each million dollars.

President KELLY—That is correct, councillor.

Coun. BAYLEY—Mr. President, then I shall have to take up some of the items separately. Mr. President, I move that \$35,000 be cut out of the A-1 item of the Election Department. Mr. President, I make that motion because it has come to our attention that there have been appointed ten custodians of voting machines at \$3,000 each annually, and that there was a provision in the budget for five more custodians of voting machines at \$3,000, or a total of \$45,000. I do not move for the entire reduction of the \$45,000 because two of the custodians were former members of the Election Department and because some of the salaries may have been paid, but I do move for that \$35,000 reduction in the A-1 item of the Election Department. Mr. President, we had a communication from the Finance Commission of the City of Boston, and I quote from it:

"There is no need to build up an entirely new force of city employees to take care of the machines already purchased. The provision in the budget for fifteen custodians at \$3,000 a year should be eliminated. The expenditure of this sum for the purpose intended is definitely unjustifiable."

Mr. President, in Hartford, which has a great many voting machines, there is one man, a mechanic, who looks after the machines, and in Brookline, no custodian is needed to look after the machines. It is suggested in these cities where they have one or possibly two men, that they must be engineers, but according to the record I have in front of me, looking over the records of these ten custodians, I fail to find that any of them are engineers. One was an inspector in the permit office. Another one is a paving inspector and bartender. Another one is a driver of a railway express truck. Another one is a clerk in the Bureau of Internal Revenue, and two men were members of the Election Department. Another is a laborer doing clerical work in the Public Works Department garage. Another one is a lawyer. Another one, previous occupation unknown, and another one, assistant director of Public Celebrations in Boston. Mr. President, I don't think it is necessary to have these men. I quote from a Boston newspaper regarding the hearing held by the Finance Commission at which a member of the Election Commission appeared and in which it was said:

"Michael J. Manning of the Election Commission has informed the Finance Commission that these ten employees will be used for mechanical work and for educating the public in the use of voting machines. At present, he said they are studying precinct lines for proposed reduction in the number of precincts. What the regular members of the Election Department are doing, he did not say. As the probe got under way, it was pointed out by some observers that other Massachusetts cities have not found it necessary to appoint special custodians for the machines. The special voting machine custodians get \$57 a week for watching machines stored in buildings where regular city custodians get \$40 a week for general supervision."

Mr. President, I have seen those voting machines and made a trip around in December to see a great many of them. They are covered, as the Finance Commission says, with tarpaulin, and they are mostly in school buildings and a few in public buildings. They are covered by big tarpaulins. I was concerned with the record, to get the correct figure, and the tarpaulins were pulled off, and then we took the figure in front of the election machine. In all these buildings there are custodians who keep a generally watchful eye over the machines. Usually they are stored in the basement. There is no need for any repair work to be done on them, and there is no need for anybody to watch over them and I don't know just what these ten custodians are going to do. According to the Finance Commission report, and I quote:

"Ten people report at Room 108 daily. They do clerical work, go out in the field. One custodian gives assignments. The Board tells him about certain work decided upon. Asked if he (Manning) knows the nature of any assignments, he said, 'Repairing tarpaulins.' When they are ripped, the custodians sew them. Asked who would do the clerical work if they didn't, he said, 'I don't think the necessity would exist, to my knowledge.' Asked again who would do it if they didn't, he said, 'I can't intelligently answer that question.'"

Mr. President, we have seen an increase of employees both permanent and temporary, and

here we have a flagrant case of adding ten custodians of voting machines, and presumably five more in the future, for jobs that are not necessary. It seems to me, Mr. Chairman, that these men are not so experienced at needlework they could learn how to sew tarpaulins that are not taken off the machines except in recounts. It has not been shown they can do clerical work which can now be and has been performed by the Election Department employees. I think it is unfair to those who are in the Election Department, to those employees who work hard and faithfully at their jobs, and I might say at a salary of less than \$3,000 a year, to have ten men come in getting these soft jobs for doing practically nothing. They may be of use during election, and there is to be only one this year, but they are all unused now, and it is a farce that they are sewing tarpaulins or doing clerical work which can be done by regular members of the Election Department who are not paid as much. I think they got these jobs largely through political "pull." They have not any mechanical ability such as is required in other cities which have possibly one or two custodians, and certainly one or two custodians should be able to do the job here in Boston. Now, Mr. President, here is a chance to show we are really serious in trying to reduce the budget. I took this up with the Appropriations Committee members and it must be admitted, some of the Appropriation Committee members did not attend those meetings, so that I don't think you have to go along with them, but I do think from hearing about it now that we have a chance to show that we do not believe in putting on 15 officials criticized by the Finance Commission, who are doing jobs of sewing tarpaulins or clerical work and when the Election Commissioner cannot say what they are doing. I hope the Council will go along and take \$35,000 out of the A-1 items so that the custodians may be sent to do work in private employment because they are not needed in public service.

Coun. MUCHNICK—Mr. President.

President KELLY—Councillor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—A point of information, Mr. President.

President KELLY—State your point of information.

Coun. MUCHNICK—Do we have in our power the right to earmark specifically this \$35,000 if removed from the A-1 item if it is for the dismissal of those employees?

President KELLY—We do not have it in our power. We have it in our power to reduce the A, Personal Service appropriation, but we do not have it in our power to earmark any reduction.

Coun. MUCHNICK—Under those circumstances, I move that Councillor Bayley's proposal be amended so that it carry with it a recommendation it apply to these employees.

Coun. BAYLEY—I am glad to accept that amendment.

President KELLY—The Chair will rule the further amendment is not in order. We either accept or reject Councillor Bayley's motion.

Coun. CHASE—Mr. President.

President KELLY—Councillor Chase.

Coun. CHASE—Mr. President, I don't believe that these custodians have any civil service rating and I believe, sir, most of your other department workers are protected under the civil service laws. Hence, Mr. President, if we reduce this budget, this item on the budget, by \$35,000, it will through necessity affect only the custodians because your civil service employees are protected by the civil service laws. Since the custodians are not under civil service protection, they are the only ones who could be fired. Mr. President, I am very much in favor of this motion, and I frankly cannot conceive, sir, how and why it is necessary to have 15 men just watching over machines when they are not in activity, when they are stored away in city buildings, and why you need 15 men at \$3,000 each annually to watch over them is beyond my comprehension, unless his Honor the Mayor desires to take care of some of his political pets and apparently, sir, that is the obvious reason. I am very much in favor, sir, that the \$35,000 motion be adopted. I think in any event the two men who are already city employees and who will not be affected by this \$35,000 reduction will be plenty to take ample protection of these machines, once they are acquainted with the job. I hope, sir, the Body goes along with the motion.

Coun. KINSELLA—Mr. President.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—Mr. President, from what little I know of the item referred to in the budget, I would say it is \$30,000 earmarked for ten at \$3,000, and if the future proves they need five more at \$3,000, the whole \$45,000 can be readily and very easily and very understandably explained. I have not made any study of the subject any more than anyone else, but I happen to have in mind that presently we have something in the neighborhood of \$400,000 of machines. I don't know what the future is going to hold either for the City Council as such or for the electorate of this city by what means they will vote. There has been some newspaper talk which relates to the machines, that possibly the machines won't serve the purpose when a certain type of election is foisted on the people of Boston by the Legislature. That is an entirely serious matter to contemplate. Let us assume, Mr. President, that the investment the City of Boston makes in further machines, and I have no knowledge of them in advance of anybody,—that the further

investment will give the City of Boston ownership of something like three quarters of a million dollars of voting machines alone, and \$45,000 is considerably less than 10 per cent of the cost for custodians' care. Some one has mentioned a place, I think he said Waterville, Connecticut, or some city in Connecticut,—Hartford, Connecticut, which does not begin to approach Boston in area or in voting strength. It may very well be down there the alignment of wards and precincts is such that in giving custodian care to their machines it is a far easier proposition than it is in Boston. We have a large and sprawling city running from the Dedham line in one direction to the Somerville line in the other, and it is quite obvious that with these machines stored away between election days in permanent public buildings they do require and should require and should be getting full and constant care and attention to protect the city's investment. It is not matter of taking sides, it is a matter of good business sense. Why have \$400,000 at the present time invested and deny an item of less than 10 per cent in a year for custodial care? I ask the members of your Body who are interested in this item, and I think we all are, to anticipate the cost of giving proper care and attention, and for making minor repairs as they are required to those hundreds of machines we have at the present time, and if the manufacturer is asked to extend that care and custodianship. I don't know where the machines were bought, but they were bought outside of Boston, and if we have one machine today out of order, the City of Boston would have to pay for the transportation back and forth of a mechanic from that company to come over here and make the repairs and to pay for whatever length of time he stayed in the city. Here we have on call any day in the week, any minute of the day, at less than \$60 a week ten men at the present time, and tentatively five more. There is no certainty those five will be put on, but the total of \$45,000 annual salary of 15 custodians of voting machines seems to me to be a minor item in the total cost of the machines. To allay your fears, there is no intention of putting ten new custodians on for every \$300,000 of purchases. That is so preposterous that if there was the slightest question about that, I would go along with the gentleman from Ward 5.

President KELLY—The Chair will call Councillor Sullivan to the chair.

Councillor SULLIVAN in the chair.

Chairman SULLIVAN—Go ahead, Councillor Kinsella.

Coun. KINSELLA—Mr. Chairman, I believe I have given some basic reasons without any flourishes for the support of this item in the budget. I don't think we ought to earmark it for the discharge of men we have not yet hired, nor do I think we ought to earmark it for the discharge of men currently employed in the capacity of custodians of voting machines. We have a lot of property in the city worth many millions of dollars and no one, no one mind you, makes an issue of paying the custodians of a public building worth on the books a quarter of a million dollars, and which deteriorates every day, a salary of \$2,500 to \$3,000 a year. Why, on an investment on brand new machines,—brand new machines worth better than a quarter of a million dollars and whose value to the city may prove incalculable—and I think we are for honest elections around here, should we deny that item which in percentage reduces itself in cost every time a purchase is made? If it is 10 per cent today on \$400,000 worth of machines, and in the course of the calendar year another \$400,000 of machines are bought, it is obvious if you don't increase the number of custodians then you do decrease the cost of custodial care in percentage, at least, because \$45,000 for \$400,000 investment is roughly 10 per cent. If the investment is \$800,000, your percentage for custodial care is obviously 5 per cent. It seems to me spending 20 cents on the dollar is cheap enough for the protection these machines are going to give to the electorate of the city. We have seen them in operation, they are beautiful pieces of somebody's genius, they are the products of brilliant minds. Why do we want to leave them alone and unattended from one election day to the next, and suddenly discover by one means or another they have become a disservice? Then those precincts won't be allowed to vote because no provision would have been made for paper ballots. It is not making a job for anyone, and I do not have any interest, in so far as protecting anyone not now a custodian or who will be a custodian, because presently no one comes from Ward 2, and neither do I contemplate anyone from Ward 2 will profit from any appointment made in the future, but it is a matter of plain common sense to give a rich investment the best care that you can give it, and \$45,000, even though we may not use the other five men, but they are provided for, is a small enough custodial fee on an investment that may in a year's time be a total of a million dollars to the people of this city who must pay for the machines.

Coun. RUSSO—Mr. President.

Chairman SULLIVAN—Councillor Russo.

Coun. RUSSO—Mr. President, in looking over the budget and hearing the discussion we have at hand now on the Election Department, I have not come to any conclusion as yet on the councillor's motion to reduce the budget by approximately \$45,000. I find, however, we have here on A,

Personal Service, temporary employees in the amount of \$57,000. I believe and I presume the Committee on Appropriations must have been satisfied to the extent that some temporary work is needed in the Election Department. Therefore, I don't know if the Council will vote on this particular measure if that item did not come from the item, temporary employees; therefore, perhaps we hit the individual who is least expected to be hit. Realizing also we have not the power to earmark the reduction of various items, we do, though, like to specify where the reduction should be made. The probabilities are that these temporary employees are the ones who are doing their work, that they have done their work, and still are required in that department in order for the department to function, and they might be the ones who would be eliminated if this motion goes through. If the councilor has any particular other information in order to at least help me and to help perhaps other members of the Council to arrive at a conclusion, we should be given that information. I can't see for the life of me how I can go along and vote to reduce this by \$45,000, knowing full well that perhaps the individual who has been doing his work and has done his work and is still required by the department, may be the one who will suffer the most.

Coun. COOK—Mr. President.

Chairman SULLIVAN—Councilor Cook.

Coun. COOK—Mr. President, I hereby move to amend Councilor Bayley's motion, that a 2 per cent cut be made in the whole budget, which would amount to approximately \$1,261,000.

Chairman SULLIVAN—That is the entire budget, councilor?

Coun. COOK—The entire budget.

Chairman SULLIVAN—Including county and revenue departments. The motion is in order, Councilor Cook.

Coun. COOK—Mr. President, I have been listening to arguments this year and have listened to them last year. We in the Council are at the stage where we must show the city and ourselves and our districts whether the little power that we have under our city charter will be used for the best interest of the city, or whether the attack made on the ward system of councilors, namely, sectionalism, is justified. I have been in the forefront in opposing Plan E and opposing a nine-man Council, and I have told the Legislature, through its Committee on Cities, that the way to secure a good council and good government is to give the City Council more power. Certainly, if we abuse the little power we have they would never give us any more power, no matter what change they make in the municipal government. You may ask how I arrived at the figure of approximately over \$1,200,000. I did not attend all of the Appropriation Committee meetings. I was on the committee last year but I was not on it this year. I don't think any one of us has to be on the committee, so far as I can see, because it is the same procession of department heads who give the same stock answers, and I am convinced most of your department heads would be satisfied to have it cut. They are trying to do a good job, but due to some psychology of the executive office which tries to please a lot of people who have helped the executive office become the executive office, employees are thrown in departments which department heads neither wish nor can use. Now, substantially, what cuts could be made this year? I know I will immediately be attacked because we all realize when we cut the budget we must cut on employees, and we also find out if we cut we cannot earmark it. That is why the councilor from Ward 4 (Councilor Chase) in his motion might be diverted. He might get a \$22,000 or a \$30,000 cut and find out some clerks are discharged. The same with the councilor from Ward 5 (Councilor Bayley). We might find out with the \$35,000 cut from the Election Department, on the assumption they are going to discharge these custodians, that other employees are discharged. It is up to this Council to say to the executive department, "This is the cut that should be made." We can recommend where we think the cuts should be made, and this is where I think some of them can be made. I don't think we need any temporary employees in the county, revenue and city departments. So-called temporary employees which is just another name for giving out jobs to political favorites, amount to over a half million dollars, close to \$700,000. The other cuts which will make up my \$1,261,000 could be very well accomplished in this manner: \$40,000 from that custodian item, in spite of the outward appearance of the argument just made about the need for custodians at \$3,000 a year for 300 machines which are under lock and key and under tarpaulins, and which are not used until election day. Every one of us here knows, and especially those of us who have had something to do with business ventures, he would be tickled to death to take care of those 300 machines for \$10,000 a year, to oil them after election day and be very happy about it, and we would not need 15 men to do it, and we certainly would not have the men appointed. I am amazed at the councilors, some of whom I have questioned, that they don't know any of the men who have been put on these jobs. One of them has four men from his district, and he has not been consulted. It seems to me as a political expedience the executive office would have gone through the motions of asking the councilor whether or not he approved a certain man being appointed. We have a general rule of law in our appointments that

the man appointed is supposed to have some ability to do the job for which he is appointed. Certainly, on the basis of what the Finance Commission has discovered and from what I know of some of the men on the job, they have no more ability, special ability to be custodians of election machines than any kid I know of who goes to grammar school, and from what I hear going around the city, I doubt whether they spend an hour a week on the so-called job. I think really we who work day in and day out and get \$2,000 a year and who are subject to criticism from all over the city, and perhaps the city, would be jealous of the fact that \$2,000 a year should call for at least \$200 worth of work, and certainly these custodians do not do \$2 worth a year. The next item I would cut is on constables. We started off the year fine when we went along with the Mayor who said he would cut them down, I think, from over 100 constables to about 40. I don't think the constables are needed. I think if they had 25 constables in this city it would be enough. We could save \$50,000 by cutting out 25. Take a look at your Public Works Department, for instance, and see that you have 78 inspectors there and 25 constables. Who watches who? They are about as necessary as a banner in an election year after the election. We have had an item about garbage removal, and the increase is \$328,000. I tell you, with the times coming as they are, the contractors will be tickled to death to bid for the contract, and \$328,000 can be cut out of that item. Those are some more political pay-offs. It is a concomitant evil of being elected to office, and that is one of the reasons why a nine-man council will be no good, because very few of us or any of us could afford any election contest throughout the city without getting reasonably necessary expenses to advertise throughout the city as to who we were and what we could do, and in doing that we would necessarily get contributions from people who would expect us to pay them later on. That is what has happened throughout the city. The councilors ought to look back in their own records to find out what consideration has been given to any one of us from the Mayor's office. The only consideration I know of is, whenever something happens and the Council comes under a cloud, criticism is given from the Mayor's office. I have never seen any word come out of the Mayor's office praising us for what we have done. I am sick and tired of it. Of the 22 of us, not one councilor is given what he rightly deserves. One showed what he could do and booted the Mayor into getting something. Not all of us are going to do it that way. I propose to go along and to talk to each one of us as City Councilors about our powers and to recognize what we can do, and we will do it to the best of our ability and let us forget the little favors that may drip down or drip up from the Mayor's office, if we go along with him. Last year I voted to cut out the Municipal Employment Bureau. There is an expense there of over \$23,000, and I go along on saving it this year. Certain of the people hired there are good fellows. So what? Too many veterans in my district have approached me to get them jobs in private employment throughout the city. The Municipal Employment Bureau is just another place to shunt them off to, where they get the runaround. There is the Municipal Employment Bureau and the Community Employment Bureau and the employment bureau down at the Veterans' Services, and then they go to the Veterans' Administration. It is just another horse on the merry-go-round, and we could very well do without it. I don't think they accomplish, or have accomplished anything since they were established. We got rid of the Board of Recreation since we have come in, and there has been no decrease in the amount of recreation in this city. I think if we got rid of them, two months later nobody would know anything about it.

Coun. CHASE—Mr. President.

Chairman SULLIVAN—Councilor Chase.

Coun. COOK—I don't yield.

Coun. CHASE—A point of order.

Chairman SULLIVAN—Councilor Chase, state your point of order.

Coun. CHASE—I think the gentleman is out of order. He is cutting a broad field in the entire budget. If I remember, the motion in effect is only on the Assessing Department.

Chairman SULLIVAN—The Chair will rule Councilor Cook is in order as he is speaking on the general reduction of 2 per cent on all items in the budget which if it carries, will eliminate Councilor Bayley's motion. Councilor Cook.

Coun. COOK—Mr. President, I am surprised at the interruption. It seems to me the councilor, if he is interested in the Assessing Department, after a year and a half should have been convinced the proper remedy was in the Legislature. He has been a member up there, and if he did not like that, he could go to the Supreme Court. He should know full well by now by a quick perusal of the law what he asks for is illegal, and the Supreme Court has said so on more than one occasion. I am trying to make a real cut in the budget.

Coun. CHASE—Mr. President.

Chairman SULLIVAN—Councilor Chase, for what purpose does the gentleman arise?

Coun. CHASE—A point of order. The gentleman is out of order in his comments.

Chairman SULLIVAN—Councilor Cook.

Coun. COOK—Gentleman, when we get to this decision where we have to decide that we want to

make an honest cut, and it is the only cut to make, certain people are going to be hurt. We have to decide whether we are in favor of those people because they are good fellows or whether we care more about our districts and our city. You will find these so-called good fellows not only have those jobs but have other businesses or other jobs. Why are we so desirous of helping somebody and when the time comes you never see them at the Legislature coming to our defence or asking for something for the City Councilors? When I went to apply for a raise that is really needed for the City Councilors, who applied there? Three City Councilors. Nobody from the Municipal Employment Bureau, nobody from the custodians' bureau of election machines. When we had a question on the raise of two years ago, if all these employees whom we have been going to bat for, these so-called temporary employees, had gone out and asked their folks or relatives to vote for the raise, we would have gotten it. Remember those things. I asked at one of the Appropriation Committee meetings about this item of transportation. Out of curiosity, I went over the transportation items through all departments. For the city departments alone, transportation amounts to \$76,000 a year. In the county and revenue, about \$42,000 more, making a total of about \$119,000 for transportation. They say to you and to me: "It is because some of the employees—they are inspectors—go out and spend carfare to do their jobs." They get \$3,000 or \$4,000 a year, and if they spend 20 cents for carfare, they add that on. If they don't spend carfare, they take an automobile, and get 5 cents a mile. If we sat down with every bureau to find out exactly what every bill was which was approved, it would probably take a year to do and we would be amazed at the so-called traveling expenses of some of our employees who are not content with the good job they have but want to get every nickel they can from the city. One of the items is for conventions. The City Council has dinner when we have a late meeting, and various papers seize on that and make a hullaballo about it. Yet it is done every day in the week by the Legislature, and it is called traveling expenses. We have department heads and assistants spending \$4,000 a year to go to conventions and conferences. I don't know to how many they have gone in the past ten years, but they have not taken advantage of what they learned, so far as I can see, and I think if the department head making \$8,000 or \$9,000 a year feels like going away from his job for one week to a convention, he certainly ought to be able to spend \$200 out of the salary and should not look to the city. Too many of us know what conventions are; you can always buy the book for a dollar and find out what went on. Now, the Mayor's office. There is an appropriation of \$90,000. I don't know what the appropriation for the Governor's office is, but I don't think it is as large. I think the Mayor's office can get along on \$40,000 a year. Public Celebrations. I think the State Department Public Celebrations budget is about \$50,000 a year. Here the Public Celebrations Department wants \$90,000 a year. I think they can get along with \$40,000 a year. As to what is spent in public celebrations, I will say this to the councilors: Under the present head they have done a good job, but I think he would be tickled to death to get rid of a lot of celebrations and entertaining of out-of-towners who partake of our hospitality and join in writing books about our fair city, like "What is Wrong with Boston?" Consider these items seriously. Remember what you are getting and what you can do with it. Many of us spend plenty of time away from our jobs. We are subject to investigation. We are subject to criticism, and yet we go along and do a good job in spite of what they say. Yet, when somebody comes along in some department with a job which everybody knows is no job, but a payment for past political favors, we seem to want to keep him there. We are afraid to cut employees. I think if you will check around, you will find in the city and in your districts they want you to do exactly what you should do, even cutting this budget in this manner. This business of talking about \$22,000 and \$10,000 is silly. Let us make a reasonably honest effort to cut this budget down so that the taxpayers, not only the taxpayers but the citizens, know we are watching where the money goes, that City Hall is not a branch of the Red Cross or the Community Fund, that people out of work don't come to City Hall for a job by way of charity. You will find that those who lose their jobs will get along and that your welfare rolls will not be increased, and that you will get better service in the departments where you have permanent employees because if you cut these things they can get some raises that they are really entitled to, and they will do the job the temporary employee or the political favorite put in a position that is not needed is supposed to be doing. Gentlemen, I wish you would consider this seriously and act on this budget as a budget should be acted on, in its entirety. We have gone through this before, yet we know, deep down in our hearts and consciences, practically what I said was true. You can get up and justify any job in words, but deep down in your hearts, you know many of them are just put on to give a fellow a break and a pay check every week. Let us cut that out. I hope the Council will go along with me and cut the budget, and if the Budget Department and the Mayor upon our recommendations will cut in that manner, I think the city and the Mayor and the Council will be better off for it.

Chairman SULLIVAN—The question first comes on the amendment to the amendment.

Coun. MUCHNICK—Mr. President, Chairman SULLIVAN—Councillor Muchnick, not having spoken.

Coun. MUCHNICK—There is a lot of meat in what the preceding speaker has said. I for one, except for the patent abuses like the ten custodians on the voting machines, am going to go along with the budget as a whole, and my reason for it is a very simple one. We can cut the entire budget 1 per cent or 5 per cent or 10 per cent or 20 per cent, and we effect only a temporary remedy; we don't effect any kind of permanent cure at all. The budget is not the cause of our trouble. It is just the financial explanation of what is going on throughout the city. I don't believe we will cure anything by going after results. The only way we will cure our trouble by going after causes. Any doctor whom you call to diagnose your illness will give you a pill, a temporary palliative to take care of the pain, but if he is good at his work, he will immediately try to probe for the cause and remedy the cause once and for all so that the result thereafter will be beneficial, and that is what we have to do. We have many overlapping departments, we have much waste and much inefficiency. As Councillor Cook pointed out a few minutes ago, and I many others have pointed out, and as we all know, and as most of the people in the city know, we have to do away with that. One perfect example of squandering money as a result of causes and the way we do things, was on not several weeks ago in employing at \$2,700 of the taxpayers' money a man who is not qualified to fill a job which we did not need to have filled. We must do away with things like that, and it seems to me we should have a comprehensive survey made by an independent group of people, preferably non-Bostonians, of just what can be done to consolidate departments, eliminate inefficiency, eliminate waste, and get us in a position where we are paying an honest day's pay for an honest day's work, where we will have competitive bidding, where a street like Columbia road will be handled by one department, not on one side by the Park Department and on the other side by the Public Works Department; where everything will be coordinated in this city. While I am on my feet, Mr. President, I might say I intend later after the budget discussion is closed, to offer an order calling for a survey of that kind by an independent group of industrial engineers. It seems to me we should let this budget about which none of us know too much go as is except we should eliminate from it the patent absurdities I mentioned a moment ago, such as the one pointed out by Councillor Bayley concerning the custodians of voting machines. Then we should have somebody come in and make a complete study of all our assets and all our liabilities and get us started once and for all on an efficient road in an efficient manner of operation.

Coun. COFFEY—Mr. President.

Chairman SULLIVAN—Councillor Coffey, Coun. COFFEY—Mr. President, to begin with, I will touch on the statements made by the councillor from Ward 5 (Councillor Bayley). I would like to correct him. He is under the impression there are ten custodians receiving \$3,000 a year. May I inform him five of those custodians are regular city employees that have been transferred to the Election Department and that they are not receiving any salaries from the departments from which they are transferred. On top of that, the five jobs have not been filled so that there are five salaries not going to anybody, so evidently they must need the ten custodians and not five because only five custodians have been appointed, and the other five have been transferred. Now, about the over-all cut of 2 per cent, Councillor Cook mentioned he wanted some certain departments abolished. If we are going to abolish a department like the Employment Bureau that would take away more than 2 per cent of their budget, I am going to defend the Employment Bureau. It is a good outlet for me, it is a good avenue for me to get a few jobs for people in my district, and I might say I know one person down there, and that happens to be Miss Elowitz, whom I met in the Mayor's office several years ago. Every time I send somebody up there for a job, they give him kind consideration, and as is usually the case, I can say honestly three out of four have received employment. So that I for one am going to defend that department. I will give credit where credit is due. It seems strange this year that certain members of the Council who have been here for more than one year want to start reducing the budget. I don't recall anybody asking for a reduction in the budget previous to this year. There might have been one item or two items certain councillors have got up and asked that reductions be made in. Last year, it may be the year before, but an over-all cut I never heard of before. The first few years I was up here, I opposed the budget. I went so far that one year I voted against the budget in its entirety, the vote being 21 to 1, mine the only vote against the budget. One of the gentlemen who spoke on the floor today was chairman of the Appropriations Committee one year, and he did not make any recommendations whatsoever. It seems as though it is getting at the fellow downstairs because it happens to be the budget of the present Mayor. Certainly, people want cuts. Those same people, if they had an opportunity, would put a man to work tomorrow on the city pay roll. I would, that is what I am up here for. If I can put a fellow on the pay roll

tomorrow, I will go down to see the Mayor today and put him on. Nobody will be hurt by it, and the average taxpayer won't kick. The only ones he wants to complain about are the bankers and brokers who have been getting these big, fat, juicy tax abatements since they have been bankers and brokers—back to 1900 they have been getting them. There are a couple of tax abatements I am looking up. People like to talk, people like to holler, people like to see their names in print, people like to tell stories. I think those people should be hit the same way they are hitting others. There are a couple of nice, fat, juicy tax abatements I am going to look up, and if I find out there is any truth in the information I receive, I will bring it back to the floor of the Council. I will thresh it out again. They tell me one of the members of the Legislature who took a pot shot at members of the Boston City Council has done business with the city to the tune of \$700,000 for attorneys' fees. That is what burns me up and has burned me up since the first day I was here. Why haven't I, who have held office 12 years, the same right to take a fee as an attorney? No, that comes under the heading of graft. If a person comes to me for a favor and offers a payment, that comes under the heading of graft, but if he goes to an attorney—oh, no, that does not come under graft, it is under the heading of a fee. That is what I have always said and always will maintain, it is not fair. Every one of us up here is equal. If we have certain influences, or if we can use our office in any way whatsoever, it is not fair for an attorney to receive a fee and another member of the Boston City Council not to be able to receive a fee. I even went so far only a few weeks ago—

Coun. LINEHAN—Mr. President.

President KELLY in the chair.

President KELLY—Councillor Linehan, for what purpose does the gentleman arise?

Coun. LINEHAN—Mr. President, a point of order.

President KELLY—Councillor Linehan, state your point of order.

Coun. LINEHAN—I think the gentleman should confine himself to the amendments on the budget and never mind talking about the attorneys.

President KELLY—The point of order is well taken.

Coun. COFFEY—I am sorry to have to get up, but I think I should.

President KELLY—We are talking on the amendment to the amendment, which is the 2 per cent cut on the budget. Councillor Coffey.

Coun. COFFEY—It is too bad it happens to hurt certain people, and I hate to see Bobbie get up. I was hoping some other attorney would get up; that someone, in fact, would get up, but of course it would be Bobbie. I have always received fair play from him. We will be friends after this meeting and every other meeting. Going back on the 2 per cent cut in the budget, it seems this way: You have to have or we are asking to have a 2 per cent cut in the budget. We are seeking to fire our friends who go out to help put us here. I don't know who is working as custodians over in the Election Department, and I don't care, but I do happen to know five of them were city employees whose jobs have not been filled. Maybe I should not pay too much attention when they are talking here. I don't like to interrupt them, and I don't as a rule but hereafter when certain members get up here, I think I will get up and have a little fun myself. If they want to take the floor and talk, that is all right, but if somebody is making a statement, I don't think it is fair. I don't do it. I have my fun the same as the others, but as a rule I listen attentively to every member in the Chamber, and I give them what attention I can and listen to their side of the story.

President KELLY—The Council will be in order. Councillor Coffey.

Coun. COFFEY—Mr. President, I don't know why this year we should have to take off 2 per cent, that we should recommend a 2 per cent cut. I don't think we are going to. We may get up and say that we have to get to the cause of these things and bring in outsiders. Take the Police Commissioner. He is on the city pay roll. Do you want the cause? That is the cure. I think it would be better if he is put on Columbia road, he is an engineer, that is the only thing he has studied for. He doesn't know what is going on in Boston. If there is a cut, he should be abolished, and the job should be given to a career man, a man who rose from the ranks, a man who patrolled the streets and received his rating—a captain or deputy commissioner or superintendent. You take a man, an engineer, and stick him at the head of the Police Department. What does he know about crime? The answer to that is read in this morning's paper where another hotel was robbed of \$4,600 taken from a dice game. Only recently, January 27, talking on an order I introduced regarding the Police Department, about a \$100,000 dice game being operated in the City of Boston; then three weeks later it was held up, a man slashed, another man kidnapped, \$40,000 robbed, and on top of all that a policeman present was hit over the head. It hit the headlines one night and it was forgotten. You have not heard one word about it yet. If you want to start abolishing, start abolishing the \$10,000 jobs, not the \$3,000 jobs or the \$1,500 jobs or the \$1,800 jobs held by some temporary employees. I am all for that, that has been my system and always will be: To the victor go the spoils. I would like to put a dozen to work

tomorrow in the City of Boston—that might mean 60 votes for me. That would be all right. I am in favor of that. But, no, we want to bring somebody in from outside, and who would he bring in? Mr. Gott from Arlington? He has done business with the city on the "Q. T." Who would he bring in, Mr. Willis and Don Nicholson from the Senate? He had the gall to go into South Boston and march in the parade after making a statement up in the Senate about the cities and towns of Massachusetts paying the freight for Boston, while we have to pay the insurance rates for the people of Wareham who pay about \$17 a year to the \$52 for compulsory insurance we pay. Let us bring that in. Let them give us a 9-man council. Personally, I don't give a damn whether 9-man or 22-man, it does not affect me one way or another. The only reason I am opposed to Plan E or P. R. is only because certain people want it whom I don't like. That is the only reason I am opposed to it. Other than that, I don't give a damn.

Coun. CHASE—Mr. President.

Coun. COFFEY—I think I am talking on the order.

President KELLY—Councillor Chase, for what purpose does the gentleman arise?

Coun. CHASE—I think you should have the gentleman confine himself to the motion.

Coun. COFFEY—What is the motion, Mr. President?

President KELLY—We are talking on the 2 per cent reduction on each item in the budget.

Coun. COFFEY—Two per cent.

President KELLY—Councillor Coffey.

Coun. COFFEY—Well, I have to get back on the budget. What is the sense of talking here? Is there anybody in here outside of one or two who made the motion and they will have to go through with it anyhow, who are going to vote to cut out work where work is needed? Every department head who appeared before us has told us not only do they need the employees they have but additional employees. We had the Budget Commissioner in at a special meeting last week, and I think everybody in here has the utmost respect for John Sullivan. He has been in the Budget Department 14 years and he told us he has cut out and out in every way humanly possible because he feared a high tax rate but taxes are going up, they cannot be stopped. If these same people who start to give statements to the press would only come in here and be fair, not only with us but with the entire people of the Commonwealth of Massachusetts, would cut prices—let them cut prices, then we would be making some headway, but those are the same people who take a pot shot at the Boston City Council, the same ones who have control of the retail stores throughout the entire Commonwealth. They have a system, they have an organization, they keep their prices all the same, so that one store does not sell any less than another store, whether owned by an individual or whether it is owned by a chain. You will find that out, they have the same level of prices. When they come down, we can come down, and then, and then only will you be able to cut the employees off the city pay roll. I disagree with the councillor from Ward 12 (Coun. Cook) when he says these people who might be taken from the city pay roll will find other jobs. They will have a darned hard time to find jobs. There are plenty of veterans who are getting off the 52-20 Club looking for jobs, and it is practically impossible for them to get a job. The money is not there for them, they have to be qualified, they have to be in a trade, and most of them are not qualified, they are not in a trade, they have no trade to fall back on. Naturally, where are they going to go? They come to fellows like you and me and if it is humanly possible to get them a job, we do. I don't think there is a member of this Body here this year who has filled more than one job in the City of Boston, and I am talking about temporary jobs. I am not talking about permanent positions. I don't think there is one of us—I know I have not been up to ask the Mayor of the City of Boston to put a person to work because you know how things are in the city now. I think things are at their lowest ebb now, and I think there are departments now which are undermanned. I think most of you will agree with me, because I think if you have been downstairs and asked for jobs you have had the answer that it is practically impossible at the present time to put a fellow to work. I hope this 2 per cent does not succeed.

Coun. FISH—Mr. President.

President KELLY—Councillor Fish.

Coun. FISH—Since the Municipal Employment Bureau has been brought into this, I would like to make known what was said at the hearing. Mr. Nyhan, who was the Director and returned after his service, was asked a question by Councillor Bayley as to how many applicants they had for jobs. His answer to that was: "Next to ten thousand applicants a year, not including those who came back on certain occasions." It was later asked by Councillor Bayley how many places were found for them. Mr. Nyhan's answer was, I think: "Last year it was in the vicinity of 6,000 places." I don't think that department can be considered as a department that is not functioning. If they placed 6,000 applicants out of 9,000, 66 per cent, or two out of three, I doubt if there is a private employment bureau that can boast of such a record. I am not one to stand here and disbelieve Bill Nyhan. I can take his testimony as it is given because he has been known as a

reputable man. I don't think he is lying on the matter, and if he has a record of that nature, I say the department is functioning O.K., possibly better than any private employment agency. May I say a word just on temporary employees? I am going to touch on two different groups. I think you all know how the temporary groups in other departments work. Can we make permanent employees out of election day workers at the polls? We have to man the polls, we have to have temporary workers. Are we going to have gardeners and maintenance men in the Park Department permanent? Those who protect the lives of those who go bathing in summertime and in general, the vacation workers who are called in when permanent employees go on vacations? Yes, there is a need for temporary employees. I have mentioned a few and I think you gentlemen know others.

Coun. HANNON—Mr. President.

President KELLY—Councillor Hannon.

Coun. HANNON—According to the City Charter, the Boston City Council must take definite action on the budget by the first Monday of April. The first Monday of April is next Monday. Probably the most important function we have as a Body is the approval or disapproval of the budget. The budget is a stupendous document, it runs into \$60,000,000, and many of us, not being on the Committee on Appropriations, have had our first opportunity today really to give some thought to the budget. I think this is a subject that demands careful consideration, and I think that many of the members are justified in suggesting a cut in a particular appropriation. I would not be inclined to go along with the general cut because you can't tell, you might be hurting some poor soul who is depending on a trivial job for his existence and his livelihood. Not only that, but many times the cuts we try to put over are misconstrued and misapplied, and we find out that the person or persons, or the particular function of a department touching these cuts have not been the one it was applied to. I think the approval or non-approval of the budget is something we should give serious thought to. We found on our desks a document from the Finance Commission relative to the employment of certain people in the Election Department. Like many here, I am not inclined to give too much weight or too much consideration to documents from the Finance Commission because, like every member here, I feel that when the Finance Commission finds time to make investigations and criticize, it might well at some other time find time to make investigations and really praise the work of some of the members of this Body. We are not always worthy of criticism, and I feel honestly sometimes if we must be criticized always, sometimes at least some of this criticism should reflect credit on some of the members of this Body. I have been in other bodies, as I have often said, and I don't think anywhere I found a group who give more time or proper consideration to subjects placed before them. I think each and every fellow in his own way tries to be conscientious and tries to be considerate of the rights of his district. All that coming in here today, it seems almost unfair to ask a member of this Body to vote logically, to vote according to his conscience, on matters which are presented here pro and con, some matters which have been called to our attention for the very first time. With regard to the Employment Bureau, I too have used it many times. I was up here last year and defended it and I will continue to defend it because, like the councillor from Ward 1 (Councillor Coffey) many times I sent applicants for employment over there and they were treated courteously. I have never yet found they were given the runaround. On the other hand, I found they were given employment many times when they were unable to find employment elsewhere. With regard to the employees of the Election Department, I never want to be guilty of causing anyone to lose his job. On the other hand, I feel honestly and sincerely that in the City of Boston with 20,000 employees many times many people outside the employ of the city have the idea that everybody who works for the City of Boston is a loafer, and with that idea I very much disagree. The City of Boston has just as many conscientious and just as many reliable and just as many faithful workers as any other corporation, be it government or be it private. The City of Boston has many honest, faithful, sincere employees, but the City of Boston suffers because of the fact that every once in a while some loafer is appointed, and he takes pride in being a big mouth and telling people he is on the City of Boston pay roll but he does not have to work. I honestly wish there was some way we could get rid of that type of worker. If he is employed by the City of Boston, he is supposed to be on the job, yet you and I are derelict in our duties if we try to justify the payment to somebody who is not showing up at his job, who is not doing his work. I am not ready to say yet whether or not these custodians in the Election Department are needed or are not needed. I would like some time to study the matter. I would like to think it over, and I would like to go to the Election Department and see what these fellows are doing. Are they custodians or are they, as the gentleman from Ward 5 (Councillor Bayley) said, needless workers? I think we might well give this more consideration. We are asked here to pass on the merits of a budget of \$63,000,000. I would like to give it more consideration. Our committee through its chairman has recommended that we adopt it.

Offhand, I would say I would go along with the committee, but in fairness to these members here who have recommended cuts, in fairness to those newsmen who have suggested that this or that department might be investigated or its ranks might be depleted, I think we well might take both of these documents and study them. I move, Mr. President, that we postpone further consideration of the budget until 2 p. m. on next Monday, and that it be the first order of business at the next meeting.

President KELLY—Councillor Hannon makes a motion that we postpone further consideration of the budget until next Monday's meeting, and that it be the first order of business at that time. All those in favor say "aye," those opposed "no." It is ordered.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on petition of National League Baseball Club of Boston, Inc. (referred March 24), for license for Sunday sports, full term—that same ought to pass.

Report on petition of Boston American League Baseball Club (referred March 24) for license for Sunday sports, full term—that same ought to pass.

Reports accepted, and licenses granted under usual conditions. Bonds of the Indemnity Insurance Company of North America for both companies were submitted and approved.

2. Report on petition of Mary K. Kenney (referred February 3) to be paid annuity on account of death of husband, John J. Kenney, late member of Fire Department, recommending passage of accompanying order, viz.:

Ordered, That under the provisions of section 89 of chapter 32 of the General Laws an annuity of one thousand dollars be allowed and paid to Mary K. Kenney, widow of John J. Kenney, a member of the Fire Department who died on August 26, 1946, on account of injuries received in the performance of his duty; said annuity to continue so long as she remains unmarried, the payments to date from August 26, 1946, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; said order passed.

3. Report on petition of Florence M. Sullivan (referred December 9, 1946) to be paid an annuity on account of death of husband, James J. Sullivan, late member of Fire Department, recommending passage of accompanying order, viz.:

Ordered, That under the provisions of section 89 of chapter 32 of the General Laws an annuity of fifteen hundred and twenty dollars be allowed and paid to Florence M. Sullivan, widow of James J. Sullivan, a member of the Fire Department who died on November 15, 1946, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Florence M. Sullivan, so long as she remains unmarried, \$1,000 per annum.

For each of the following-named children during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$260 per annum: Florence Sullivan, born November 25, 1933; James Sullivan, born February 5, 1942, provided, however, that if the widow remarries the annuity for each of said children shall be \$520 during the remainder of the time aforesaid, the payments to date from November 15, 1946, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; said order passed.

4. Report on petition of Alice M. Ralph (referred February 3) to be paid an annuity on account of death of husband, John G. Ralph, late member of the Police Department, recommending passage of accompanying order.

Report accepted; said order passed.

Ordered, That under the provisions of section 89 of chapter 32 of the General Laws an annuity of fifteen hundred and twenty dollars be allowed and paid to Alice M. Ralph, widow of John G. Ralph, a member of the Police Department who died on October 7, 1934, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Alice M. Ralph, so long as she remains unmarried, \$1,000 per annum.

For each of the following-named children during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$260 per annum: Agnes E. Ralph, born December 19, 1930; William J. Ralph, born December 5, 1932,

provided, however, that if the widow remarries the annuity for each of said children shall be \$520 during the remainder of the time aforesaid, the payments to date from March 14, 1947, and to be charged to the appropriation for Police Department, Pensions and Annuities.

Report accepted; said order passed.

5. Report on message of Mayor and order (referred March 10) for sale of steamer "Michael J. Perkins" at public auction at upset price of \$5,000—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. MUCHNICK—Mr. President.

President KELLY—Councillor Muchnick. For what purpose does the gentleman arise?

Coun. MUCHNICK—A point of information.

President KELLY—Will you state your point of information?

Coun. MUCHNICK—Is this something that requires only one reading, Mr. President?

President KELLY—That is all, councillor, one reading.

Coun. MUCHNICK—Mr. President, another point of information.

President KELLY—State your point of information.

Coun. MUCHNICK—Is the upset price \$5,000?

President KELLY—The upset price is \$5,000, councillor.

Coun. MUCHNICK—I would like to ask one more question, whether an appraisal has been obtained by the department head?

President KELLY—The appraisal has been obtained and rendered to the Executive Committee.

The order was passed.

6. Report of message of Mayor and order (referred February 10) for sale of land at Commonwealth and Chestnut Hill avenues at public auction at upset price of \$110,000—recommending that same ought to pass.

The report was accepted, and the question came on the passage of the order. The order was given its first reading and passage, yeas 22, nays 0.

Yeas—Councillors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—22.

Nays—0.

The order will take its second reading and passage in not less than fourteen days.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Shell Oil Co., Inc. (referred today), for driveway opening at Centre street and Spring Park avenue, Ward 19—that same ought to pass.

Report accepted; permit granted under usual conditions.

ORDER RE TAX CUT IN LOWER INCOME BRACKETS.

Coun. LINEHAN—Mr. President.

President KELLY—Councillor Linehan. For what purpose does the gentleman arise?

Coun. LINEHAN—A point of information, Mr. President.

President KELLY—State your point of information, councillor.

Coun. LINEHAN—I just asked the chairman of the Committee on Rules whether or not they had acted on an order I filed several weeks ago relative to going along with the recommendation by Henry L. Shattuck and Senator Lodge relative to a cut in the lower income brackets for income taxes. I think it is coming out of committee now, and I wonder if we can wait for it to come in.

President KELLY—We are not quite ready to adjourn yet.

SCIENTIFIC SURVEY OF ALL CITY DEPARTMENTS.

Coun. MUCHNICK offered the following:

Ordered, That the sum of two hundred thousand (200,000) dollars be appropriated by his Honor the Mayor to engage the services of a firm of competent industrial engineers to conduct a scientific survey of all city departments in order to eliminate whatever waste and inefficiency that may be found to exist.

Coun. MUCHNICK—Mr. President, I don't want to repeat again the remarks which I made during the course of the discussion on the budget a few minutes ago. They apply to this particular order and I would like to incorporate them by reference as remarks under this order. I would like to ask the suspension of the rules and passage of the order now.

Coun. KEENAN—Mr. President, I am very much opposed to this order, and I hope it is defeated. In 1944 they appropriated \$75,000 for a survey of the Boston School Department and they called in Dr. Strayer, if I am correct, with so-called competent men to make surveys of the Boston School Department and they spent \$64,000 and over. That was in 1944. As of this date, I cannot see where the City of Boston has benefited from the Strayer report, not one cent to the City of Boston. As a matter of fact, if you look at the amount of money since 1944 that the School Department has spent, you will find that it has spent more money to date than they did previous to the Strayer report. I think if we are going to spend any money, as much as \$200,000, and I think that is the correct figure that the councillor put in the order, we should spend that in a better way for the City of Boston than by so-called surveys and bringing someone in from outside the City of Boston. I hope this order is defeated.

Coun. MUCHNICK—Mr. President.

Coun. KINSELLA—Mr. President.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—I would like to ask the Clerk for information through you, Mr. President.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—Didn't Mayor Tobin in 1938 bring Mr. Whitcomb into the city to set up a survey outfit at \$25,000 a year?

President KELLY—That is right, councilor.

Coun. KINSELLA—Will you ask the Clerk and then apprise this Council of the nature of Mr. Whitcomb's duties?

President KELLY—His work was in the nature of an efficiency expert, councilor.

Coun. KINSELLA—One final question, Mr. President. Was it ever proven to the satisfaction of the citizens of Boston that he justified the salary of \$25,000 a year? I am not asking the Clerk's opinion, but I want to find out if there is anything in the record which shows his actions authorized and justified the expenditure of \$25,000 which he received for his work.

President KELLY—The Chair can say that when Mr. Whitcomb resigned, the position was carried on by another gentleman.

Coun. KINSELLA—Was that Mr. Leo Foster?

President KELLY—That is right.

Coun. KINSELLA—But no merger ever took place and no substantial savings were effected by the City of Boston—is that right?

President KELLY—That is hard for the Chair to say, councilor.

Coun. KINSELLA—In any case, Mr. President, we are now asked to certify as being good an order seeking to spend \$200,000 to survey the city and find out where we may get efficiency and where we may merge departments. We have newspapers in this city and we have recess bureaus; we have Finance Commissions that have been making those recommendations ever since they came into existence, and I strongly oppose a \$200,000 appropriation to be spent on people in or out of the city for the purpose of achieving a result that perhaps might be achieved with no outlay of the public money whatsoever if the achievement is as much to be desired as it appears to be. I would like to see the Council unanimously, except in one instance, defeat this order.

Coun. CHASE—Mr. President, may I have the order read?

(The order was read.)

Coun. CHASE—Mr. Chairman, I don't like to take issue with the gentleman from Ward 14 (Councilor Muchnick), but it appears to me from the contents of the order that what he is calling on the Council to do is to give the Mayor \$200,000 for the Mayor to spend to make a survey of the city. Now, I personally don't trust the gentleman downstairs with \$200,000.

President KELLY—Councilor, kindly leave personal remarks out.

Coun. CHASE—I think that is an honest comment I have made, and I have a right to say I don't approve of this order because I don't trust the gentleman downstairs. I don't think he will spend it properly, I don't think if we gave him the money he would engage the proper experts. I believe, Mr. President, if we had an independent organization which the Mayor had nothing to say about, that I would be willing to appropriate \$200,000 to make an honest-to-goodness survey, but I can't conceive of his Honor the Mayor taking \$200,000 and hiring experts who are going to criticize his policies. It just does not add up, Mr. President. Having that in mind, I am in favor of a survey, and I am in favor of a legislative survey or in favor of the Legislature engaging a commission to spend \$200,000 for a survey, but I am very much opposed, sir, to giving his Honor the Mayor \$200,000 to survey himself.

Coun. BAYLEY—Mr. President, speaking on the order.

President KELLY—Councilor Bayley.

Coun. BAYLEY—Mr. President, just briefly, I agree with the distinguished councilor from Ward 4 (Councilor Chase). I very much favor a survey but I don't like the way the order is worded. I would like to see a survey made of the city departments, either by a representative chosen by the Finance Commission, the Legislature or some other impartial body, possibly with one from each of these departments.

Coun. COOK—What about the Council?

Coun. BAYLEY—I don't think this order is drawn in the proper way, and I move that it be laid on the table.

President KELLY—The Chair intended to refer it to the Executive Committee.

Coun. BAYLEY—That is fine.

Coun. COFFEY—Mr. President, can this — — President KELLY—Councilor Bayley withdraws his motion.

Coun. COFFEY—Can this be amended to read "\$200,000 be appropriated and spent by the Mayor with the request that the Attorney General investigate the Legislature"?

President KELLY—Just a minute, councilor. The Chair is sending this order to the Executive Committee and all amendments can be made in Executive Committee. It is referred to the Executive Committee.

The order was referred to the Executive Committee.

REDDISH A. A. ROAD RACE.

Coun. CAREY, McCORMACK and BRYAN offered the following:

Ordered, That the City Messenger be directed to rope off streets at points necessary along the route of the annual road race conducted by the Reddish A. A. on Saturday, April 5, 1947, the

expense of same to be charged to the appropriation of the City Council for Ropes, Flags and Stakes. Passed under suspension of the rules.

UMPIRES FOR BASEBALL GAMES.

Coun. MADDEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to furnish and pay the umpires for all baseball games conducted in and under the Park Department league.

Coun. BAYLEY—Mr. President, could I have that read again? I did not hear it.

President KELLY—The Clerk will kindly reread the order.

(The order was read.)

The order was passed under suspension of the rules.

Coun. BAYLEY—Mr. President.

President KELLY—One minute.

Coun. BAYLEY—Talking on the order, Mr. President.

President KELLY—The Chair has declared the order passed under suspension of the rules.

Coun. BAYLEY—I wanted to add an amendment. Is it too late?

President KELLY—It is too late now.

REPORT OF COMMITTEE ON RULES.

Coun. SULLIVAN, for the Committee on Rules, submitted the following:

Report on resolution (referred February 24) favoring income tax reduction for those persons in lower income brackets—that same ought to pass.

The report was accepted, and the resolution was passed.

Adjourned, at 6 p. m., on motion of Councilor Sullivan, to meet on Monday, April 7, 1947, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 31, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4:50 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of Dec. 23, 1946, were amended on page 250, to provide that the appointment of Dorothy A. Long, trade assistant, Trade High School for Girls, to take effect Dec. 20, 1946, shall read "fifth year."

The following communication was presented:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

Jan. 30, 1947

Miss Louise Kane
Secretary, Boston School Committee,
15 Beacon Street, Boston, Massachusetts

My dear Miss Kane:—

Under date of January 30, 1947 you forwarded to the Board of Commissioners of School Buildings the following draft of a proposed budget for Land and Buildings:—

"In compliance with the provisions of Section 7 of Chapter 351 of the Acts of 1929—An Act to Establish a Board of Commissioners of School Buildings and a Department of School Buildings

in the City of Boston—the School Committee herewith submits a draft of a proposed budget for Land and Buildings under the provisions of Section 2 of Chapter 224 of the Acts of 1936, for the following items:—

LAND AND BUILDINGS

Rent of Hired Accommodations	\$ 10,350.00
Rosindale High School—grading and preparing land for school use	7,500.00
Addition to School Committee Supply Room and construction of commissary on city-owned land adjacent to Supply Room	350,000.00
Total	\$367,850.00

The Committee has included in this proposed budget a balance in the appropriation of 1946, which is in accordance with the provisions of the 1936 statute."

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted to report favorably on the above draft of the proposed budget for Land and Buildings, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
Board of Commissioners of School Buildings

By Robert A. MacLellan, chairman.

Placed on file.

Dr. Foley: Mr. Chairman, I vote "No" on an item of \$250,000 for a commissary. I feel that a quarter of a million dollars is a great deal of money to spend at this particular time. In order to progress, we must have changes, that is true. Sometime in the near future, I feel that we should have a commissary. Just at present, I don't feel that way. I think that we could spend very nicely this \$250,000 on some other project in the schools, whether it is in the different grades of the schools with regard to different matters that might be attended to—that is to say, these are land and buildings, and these are in the hands of the Commissioners of School Buildings who have been chosen to take care of the buildings and the upkeep of the buildings that we have. I don't feel that we should at this time expand to this amount of money, namely, \$250,000.

When the item first came to the school board, it was \$350,000, and I voted "No" but I found that after a breakdown, \$100,000 of that money was for the Business Manager's office, to be changed from 15 Beacon Street to the Supply Department, where it was going to be a new addition of a floor, which would necessitate spending \$100,000.

Now, I feel that the Business Manager, in order to put in the necessary equipment, machinery, and run the business office in an up-to-date manner, needs a floor and it should be divorced from 15 Beacon Street, in a suitable place where he probably can conduct the office of Business Manager more efficiently. So that I went along, after the item was divided into \$100,000 and \$250,000.

It stands now that the Committee has voted for \$250,000 for a commissary. I have tried to explain and qualify my vote, and I still feel that we are too hasty at this particular time in building a commissary. I trust that that will be spread upon the records.

Mr. Norton: My opinion on this matter is this. I don't know a thing about detail. I haven't got the time to bother with it. I have confidence in our executives. They inform me that this is necessary. I appreciate that the Doctor has a right to his opinion, and he may be right. Under the circumstances, I feel that I have to go along with the votes and recommend this expenditure, knowing our financial situation.

Mr. Ward: Since I am the other vote, I want to speak on this matter. But, I think the more important thing is a commissary rather than a Business Manager's office. I believe the commissary is the more important thing. If you are going into the same location and spot with one piece of construction, then it is only common sense to put both pieces of construction in. What is the sense of building piecemeal? It is like going over to Franklin Park and building temporary homes, when you know you have to tear them down after a while. I believe the commissary is essential. If there is going to be a saving of \$600,000 in the storing of food, I think the commissary is the important thing, the more important of the two. Still, I believe the entire item should be wiped out, and I would be agreeable to voting against it.

Mr. White: In view of the fact that the two dissenting members have made a statement, it ought to be made clear that these are recommendations of the Commissioners of School Buildings and the school Business Manager, in conjunction with the survey made by Mr. Mahar, our Advisory Engineer. This addition for \$100,000 is so that the Business Manager may operate his office in a more efficient manner, because he is very crowded in this building, and a great percentage of help in his office is already in the Supply room. I think in justice to the new Business Manager, in trying to get things on a more efficient and economic basis, even though it means an outlay of \$100,000 for his particular office, it will really mean a saving over a period of years.

Now, the \$250,000 for a commissary is a necessity because we know now that the cafeteria department has to pay a retail price for everything they purchase because there are no facilities of storage. I believe that was attested to at the Conference upstairs. We are also informed that we paid out \$1800 a year for a commissary hired down in the market district, which is not adequate to take care of our needs, for it only takes care of a small percentage of purchases made. As a consequence, we lose consider-

able savings on quantity purchases. I believe that \$250,000 would be amortized over a short period of time. As a consequence, doing it now is going to save us money later on.

It ought also to be brought out particularly that this is money raised under the law, which has nothing to do with money appropriated for salaries; it is money that is absolutely segregated in the budget for land and buildings, and it comes under a special taxable item.

Dr. Foley: Nevertheless, it comes under the tax dollar, and it comes out of the tax dollar, and it depreciates a great deal. A quarter of a million dollars is a lot of money to come out of the taxpayers of Boston.

I am in accord with the idea of the commissary at the proper time. I feel that the cafeterias are a luxury, that is to say that we would like to see them run a lot better. I would like to see the house in order, first, before you expand. I would like to see the cafeterias in good shape so that we will know whether a profit and loss statement is correct, or whether we are losing something in the vicinity of \$200,000. Of course, I can be questioned on that, but I say that salaries are charged up to administration and not charged up to the respective cafeterias. But, until the cafeterias can show me that they are ready to expand, I certainly will not vote for any commissary or any additional expenditures for that particular department. I still feel that we have plenty of time to erect a building, and, of course, this is going to be separate from Mr. Smith's set-up. But, I feel that we don't know, if we are doing \$600,000 worth of business, whether a \$250,000 building is adequate. We don't know what the plans are. I haven't seen the plans. I haven't seen the set-up as to what they are going to have there.

I quite agree with Mr. White that we have a Board of Commissioners that are highly reputable. We have a Superintendent of Construction of School Buildings who is highly reputable. Nevertheless, we don't have to be hasty. We don't have to feel as though we are going to draw therefrom \$250,000. After all, it does come out of the tax dollar. That is why I voted that we shouldn't spend this amount of money at this particular time when nobody is constructing anything today. I think that materials are at a very high level. So that is my reason, Mr. Chairman.

Mr. White: In closing, I just wanted to say that I, too, don't believe we should expand the cafeterias until we are on a self-supporting basis. This is one move we have of getting towards putting the cafeterias on a self-supporting basis, if we possibly can. I think it is better for us to do it this way.

Dr. Foley: We are not on a self-supporting basis, when we are

showing a deficit in the Department of Cafeterias.

Mr. White: That is a condition you have to face, before you get what you want to attain.

Dr. Foley: Inasmuch as these are arguments we have heard before, I will let what I have said stand in the record.

The following communication was presented:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS
26 Norman Street

Jan. 30, 1947.

Miss Louise Kane,
Secretary, Boston School Committee,
15 Beacon Street, Boston, Massachusetts.

My Dear Miss Kane:—

Under date of January 30, 1947, you forwarded to the Board of Commissioners of School Buildings the following draft of a proposed budget for Alterations and Repairs:—

"In compliance with the provisions of Section 7 of Chapter 351 of the Acts of 1929—An Act to Establish a Board of Commissioners of School Buildings and a Department of School Buildings in the City of Boston—the School Committee herewith submits a draft of a proposed budget for Alterations and Repairs under the provisions of Section 2 of Chapter 224 of the Acts of 1936, for the following items:—

ALTERATIONS AND REPAIRS	
Administration Expenses, Salaries	\$235,760.00
Administration Expenses, Office Expenses and other items	15,450.00
Alterations, Furniture and Equipment for special educational needs	60,000.00
General Alterations and Repairs	945,770.73
Total	\$1,256,980.73

The Committee has included in this proposed budget a balance in the appropriation for 1946, which is in accordance with the provisions of the 1936 statute."

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted to report favorably on the above draft of the proposed budget for Alterations and Repairs, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
Board of Commissioners of School Buildings.

By Robert A. MacLellan, Chairman.

Placed on file.

It was agreed by the School Committee that the following letter, embodying the estimates of proposed expenditures for school purposes for the fiscal year 1947, be forwarded to His Honor, the Mayor, James M. Curley:

Jan. 31, 1947.

Honorable James M. Curley
Mayor of Boston
City Hall
Boston, Massachusetts
My dear Mayor Curley:

In compliance with the provisions of Chapter 224 of the Acts of 1936 and of Chapter 513 of the Acts of 1945, the School Commit-

tee submits its estimates of the proposed expenditures for school purposes for the fiscal year 1947, as follows:

Construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations, \$367,850.00

The above sum of \$367,850.00 will be obtained in part by the appropriation of an unexpended balance from 1946 of approximately \$1,843.00.

The proposed expenditure for construction and furnishing of new school buildings includes two items, as follows:

Addition to School Committee Supply Room to provide accommodations for the offices of the Business Manager, \$100,000

On this item, Mr. Ward dissented. Construction of Commissary on city-owned land adjacent to Supply Room, \$250,000

On this item, Dr. Foley dissented. Alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards, \$1,256,980.73

The above sum of \$1,256,980.73 will be obtained in part by the appropriation of unexpended balances from 1946, totaling approximately \$16,319.41.

Maintenance, exclusive of alterations, repairs, furniture and fixtures, \$16,998,745.48

The above sum of \$16,998,745.48 will be obtained in part by the appropriation of unexpended balances totaling approximately \$204,020.08, and income totaling approximately \$1,634,725.40.

Total, \$18,623,576.21

Very truly yours,
(Signed) Louise Kane,
Secretary.

Chairman: I think the Chair should announce that the budget that has just been passed by the School Committee includes the emergency compensation allotment, but does not include any money for increases to the teaching staff.

Mr. Norton: In other words, Mr. Chairman, this budget that we have just passed includes the \$200 emergency allotment. It does not include the 'so-called' \$200 offered by the Mayor.

Chairman: No.

Mr. Norton: In other words, in order to obtain the \$200, it must receive legislative approval?

Chairman: That is right.

Mr. Norton: In other words, this Board has done as much as we can with the money that we have.

Assistant Superintendent Downey: The preliminary estimate for general school purposes exceeded the amount available by law; that is, \$15,160,000, plus balances, plus income. That amount was exceeded in our preliminary estimate by something over \$250,000.

Mr. Ward, Mr. Chairman, might I make this statement? Although the Mayor can make the emergency allotment permanent for the city employees, the School Committee cannot make the emergency allotment permanent for the teachers. Is that correct?

Assistant Superintendent Downey: That is right.

Mr. Ward: It still remains emergency allotment?

Dr. Foley: Why?

Assistant Superintendent Downey: By virtue of the 1875 law, which says once the salary schedule has been adopted, it may not be changed for that school year.

Dr. Foley: Mr. Chairman and Mr. Downey, we had about \$204,-

000 unexpended balances of last year, to be reappropriated this year.

Assistant Superintendent Downey: It has been so reappropriated.

Mr. Norton: You mean we ended up the year with two hundred thousand unexpended?

Assistant Superintendent Downey: Yes.

Mr. Norton: After we had cut \$660,000 last year? That is interesting. And nobody was hurt.

Mr. White: Yes, a lot of people were hurt.

Mr. Norton: Who, for instance?

Mr. White: The temporary teachers that were laid off for a month.

Mr. Norton: Did we need them?

Superintendent: We had to combine classes.

Mr. Norton: We ended up with \$200,000.

Superintendent: One of the reasons for the balance is that a large number of teachers have retired under the new Pension system; a much larger number have retired than ever in the history of Boston.

Mr. Norton: How many have retired?

Superintendent: From September 1 to August 31, 1946, and up to the present time, there were approximately 181 retired on pension.

That of course, does not include deaths, and resignations.

Mr. Norton: The new law, you think, was the cause of that?

Superintendent: Yes; the new law will make a person in the late sixties available to retire by paying into the fund deductions from 1923 on, at four per cent. Non-contributory pensioners retire on \$900. Under the new pension system persons in the middle sixties could retire at a maximum of about \$1800. Many of them have retired on amounts between \$1500 and \$1800. It makes a difference of \$700 or \$800 in the pension and in three or four or five years they get back the investment and have the larger pension.

Many high school women teachers who have retired and have served the full period of time, instead of receiving \$900, will retire on pensions from \$2,000 to \$2,400. Those on the maximum salary of \$3,000 who have served full time may retire at 80 per cent of that maximum which would be about \$2,400. The new State-Boston pension, for the elementary teachers, and the high school teachers earning salaries of approximately \$3,000 has been of great benefit to them, and they have taken advantage of it. Many of them have retired before they were required to do so, because they felt they had a pension on which they could live.

Mr. Norton: At what age can a teacher retire?

Superintendent: On the new pension system, 55 years.

Mr. Norton: And they get a pretty good amount?

Superintendent: Yes, better than under the old pension system.

Teachers in these groups get a better pension retirement allotment, under the new state laws than under the old system.

Mr. Norton: Do you consider this a good retirement system?

Superintendent: It is an excellent retirement system for the lower paid group of teachers. It is not so good a system as the present four per cent system for those in the higher brackets.

Dr. Foley: What effect has that on the budget?

Superintendent: We have to provide for the salaries of personnel in the budget for the school year. Retirements come in at any time. Replacements come in on the minimum. Pensioners generally go out on the maximum, which accounts for the large savings made. Other savings are in educational supplies and materials, particularly the expensive materials.

Mr. Norton: Starting this year, I would like somebody in the system to get all the available data together relative to a tentative retirement law at 60 instead of 70. If what you say is so,—that the retirement is so improved.

This year, we started to do something on that. We found the matter so complex, it is tied up with so many imponderables, the state and city retirement systems, that the Assistant Corporation Counsel said it would take time to get started on the re-drafting of a law, making sixty-five the retirement age.

Superintendent: On the present Boston system, the teacher's retirement allotment builds up very rapidly from sixty-five to seventy. Of course, life expectancy is less, and that is why the teachers are inclined to stay on. Under the new State-Boston system, there is not the same compelling reason.

Mr. Norton: We might, in making a study of this, Superintendent, try to have the law amended as regards sixty-five to seventy; that is to say, if we are going to reduce the retirement age on the allotments you speak of.

Superintendent: Permanent teachers had to choose to which system they would belong. All those who came in after the first of October this fall must become members of the new State-Boston Retirement System. Those already in the system had the right of choice.

Mr. Norton: That law was passed when?

Superintendent: In 1945, for the State, and accepted in 1946 in October 1, 1946, for Boston, but teachers had until the thirtieth of December to decide.

Mr. Norton: This Committee, as I understand it, has been asking the Legislature to liberalize the pension.

Superintendent: That is right.

Mr. Norton: When you came into the Boston schools, what would a teacher get at retirement?

Superintendent: I'll have to get those figures.

Mr. Norton: Well, the Superintendent has given me the figures, and they are almost unbelievable. We are making progress. I understand the Economic Association had a hypothetical case in their study which showed under certain conditions that a teacher would get more in retirement than actually otherwise. The point is that we are making progress, at least along one avenue.

Mr. John H. Brougham: Mr. Chairman, this is merely for the purpose of the record. It is a point I don't want to pursue further at this time. As a matter of correction, the statement was made that the present budget exhausts the power of the School Committee, with regard to salary action at this time, and that it requires legislation for any further salary action. Merely to introduce it into the record at this time, I wish to quote to you one paragraph from Chapter 224, Acts and Resolves of Massachusetts of 1936, Section 2, subsection (c), the second paragraph: "Nothing in this Section shall prevent the Mayor, on request of the School Committee, from recommending, and the City Council from passing, additional appropriations for school purposes."

Secondly, with regard to the emergency compensation allotments, the statement was made that the School Committee cannot make emergency compensation allotments permanent. Since the emergency compensation allotments for last year have been made out of the regular budget fund, within the appropriating power of the School Committee, I wish to point out now, merely for the purposes of the record, such action could have been taken at the time of the fixing of the salary schedule in September, and that the Teachers' Alliance now has a bill before the Legislature, asking that the 1875 statute be suspended for the purpose of making that and other salary changes possible, before the adoption of the permanent salary schedule in September. I don't want to pursue those remarks any further at this time, but I think they should be in for the clarification of the record.

Mr. Ward: Mr. Brougham, on the particular point about the increase in salaries, didn't the Law Department rule that increases in teachers' salaries were not considered school purposes under that chapter?

Mr. Brougham: I don't remember the exact phraseology of that, Mr. Ward. I would rather not discuss that further.

Assistant Superintendent Downey: Mr. Chairman, further clarifying the record, I think it should be said that we have had an opinion from the Law Department to the effect that no change may be made in the emergency compensation allotment, either now or at any

time, until the Legislature acts. In other words, we are authorized by an order of the School Committee of some years' standing to continue \$200 per year, not to increase it, and not to make it permanent, without legislative action.

With regard to the provision in the law which states that nothing will prevent the Mayor, on request from the School Committee, to ask the Council for more money, that request should come when we make our final budget, which is on April first. What we have sent to the Mayor tonight is simply a statement of preliminary estimates of expenditures, subject to change between now and April first, and probably subject to a conference with His Honor, the Mayor, between those two dates. We do have the right, as Mr. Brougham has pointed out, at that time, to ask the Mayor to request more money from the City Council.

DEATH

The Superintendent reported the death of the following-named teacher:

John Marshall District—Dorothy F. Toomey, assistant, special class, Jan. 28, 1947.

Placed on file.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of section 365, paragraph 3 of the regulations, the following list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—George P. Carnie, Jeremiah X. Sullivan.

Day Intermediate Schools — Thomas E. Moran.

Day Elementary Schools—Katherine L. Alberti, Mary Monahan Burke, Margaret Flanagan Connelly, Ella R. Harrington, Margaret E. Kelleher, Mary F. Lawlor, Etta Burman Madoff, Helen L. O'Leary, Concetta L. Parziale, Helen F. Reinhalter.

Kindergartens — Esther McColough Cleary, Geraldine Stoddard Preston.

Classes for Conservation of Eyesight—Mary Kirby Lahive.

Special Classes — Beatrice V. Buttles, Grace Kerivan Marchant, L. Jane Thursby.

Department of Physical Education—Wallace J. Campbell, Jr., Thomas R. Drey, Jr., Paul K. Lambert.

Approved.

TEMPORARY TEACHERS

Brighton High School—Dante S. Pepe, co-operative instructor, Jan. 28, 1947.

South Boston High School—Thomas J. McGrimley, co-operative instructor, Jan. 28, 1947.

Department of Industrial Arts—Vincent C. Breen, shop instructor, Jan. 30, 1947; Frank J. Penza, shop instructor, Jan. 30, 1947. Approved.

STUDENT ASSISTANT

(New appointment)

Boston Technical High School—Myron H. Boyajian, mechanical department, Jan. 29, 1947.

Approved.

SPECIAL ASSISTANT

Day School for Immigrants—Mary Sen Colligan, Jan. 15, 1947. Approved.

LEAVES OF ABSENCE

A communication was received from the Superintendent, under date of Jan. 31, 1947, reporting that subject to the approval of the School Committee, he has discontinued the leave of absence for military service granted Thomas J. Ryan, shop instructor, Boston Trade High School, at the meeting of Nov. 12, 1946 (see p. 216), said discontinuance to take effect Feb. 2, 1947.

Placed on file and the discontinuance approved, to take effect on the date stated.

On the report of the Superintendent leaves of absence for rest were granted the following-named teachers for the term specified:

Boston Technical High School—Arthur R. Racine, master, Sept. 1, 1947, to Aug. 31, 1948, for rest. English High School—Merrill C. Hill, master, Sept. 1, 1947, to Aug. 31, 1948, for rest.

On the report of the Superintendent, leave of absence without pay, under a suspension of the regulations, was granted the following-named teacher for the term specified:

Francis Parkman District — Anna C. Cardoza, teacher, elementary, Jan. 1 to Mar. 31, 1947.

SALE OF SCHOOL PROPERTY

The following preamble and order were offered:

WHEREAS, The Old Bennett School, Chestnut Hill Avenue, Brighton, is now vacant and not in actual use for school purposes, it is hereby

ORDERED, that it is advisable to sell the following-named property which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Old Bennett School, Chestnut Hill Avenue, Brighton: Land and building, containing approximately 22,658 square feet.

The preamble was adopted and the order passed unanimously.

The following preamble and order were offered:

WHEREAS, The Bennett Branch, Dighton Street, Brighton,

is now vacant and not in actual use for school purposes, it is hereby

ORDERED, That it is advisable to sell the following-named property which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Bennett Branch, Dighton Street, Brighton: Land and building, containing approximately 14,578 square feet.

The preamble was adopted and the order passed unanimously.

LIST OF AUTHORIZED TEXT BOOKS

The Superintendent offered the following:

ORDERED, That the following-named book is hereby authorized for use as a text book in the School for Veterans:

Magruder, Frank A.	
American Government.	
Allyn and Bacon. cpt.	
1947.	net 1.44
Laid over.	

RESIGNATION

A communication was received from the Secretary, under date of Jan. 31, 1947, reporting the resignation of Lena T. Champa, Assistant in the offices of the Superintendent-Secretary, to take effect Jan. 30, 1947.

Placed on file and the resignation accepted, to take effect on the date stated.

APPROPRIATIONS AND EXPENDITURES TO JAN. 1, 1947

A communication was received from the Business Manager, under date of Jan. 31, 1947, submitting the final statement on the cost of maintenance of the public schools for the fiscal year 1946, showing the appropriations, the expenditures, and the balances for the fiscal year 1946, the expenditures for the fiscal year 1945, and the increases and decreases in the several items.

Placed on file.

ANNUAL REPORT, BOARD OF TRUSTEES, PERMANENT SCHOOL PENSION FUND

The following report of the Board of Trustees of the Permanent School Pension Fund for the year ending Dec. 31, 1946, was presented:

To the School Committee of the City of Boston:

The Board of Trustees of the Permanent School Pension Fund, established under Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, by Chapter 589 of the Acts of 1912, by Chapter 304 of the Acts of 1915, and Chapter 685 of the Acts of 1945, respectfully submits its thirty-ninth report, which is for the financial year ending December 31, 1946, as follows:

REPORT

The Board of Trustees, as now organized, consists of:

Julia M. Fitzpatrick, Chairman. Elected by the Board of Trustees of the Teachers' Retirement Fund. Term expires June 30, 1947.

John J. Conley. Elected by the School Committee, July 20, 1943. Term expires June 30, 1948.

William B. Carolan, Chairman of the Board of Sinking Fund Commissioners. Term expires April 30, 1949.

During the period, the School Committee has made the following appropriation for the payment of pensions:

By transfer from unexpended accrued interest in the Permanent School Pension Fund, as approved by the Board of Trustees of the Fund:

June 19, 1946	\$133,553.
Balance unexpended, 1945	263.61
Reimbursement from Commonwealth under provisions of Chapter 289 of the Special Acts of 1916	167,080.96
Total	\$300,897.57
Total payments to pensioners during the period	\$297,756.50
Balance	\$3,141.07

The following is a financial statement of the Permanent School Pension Fund for the financial year January 1 to December 31, 1946:

PRINCIPAL ACCOUNT	
CASH	
Balance of Cash, December 31, 1945	\$ 697.71
RECEIPTS:	
Investments Matured	5,000.00
Balance of Cash December 31, 1946	\$5,697.71
INVESTMENTS	
Book Value of Investments, December 31, 1945	\$639,936.20
INVESTMENTS MATURED:	
\$5,000 State of Louisiana 5% bonds due June 1, 1946	5,000.00
Book Value of Investments, December 31, 1946	\$634,936.20
Total of Principal Account, December 31, 1946	\$640,633.91
INCOME ACCOUNT	
CASH	
Balance of Cash, December 31, 1945	\$21,674.28
RECEIPTS	
Investments Matured	\$4,930.50
Investments Called	46,000.00
Investments Sold	18,000.00
Appreciation on Investments Matured	69.50
Interest on Investments Sold	342.08
Premium on Investments Sold	1,882.36
Interest on Investments	43,451.75
	\$114,676.19
PAYMENTS	\$136,350.47
City of Boston for Pensions to Teachers	133,553.00
Balance of Cash, December 31, 1946	\$2,797.47
INVESTMENTS	
Book Value of Investments, December 31, 1945	\$888,606.13
INVESTMENTS MATURED:	
\$5,000 City of Boston 4% bonds due July 1, 1946	\$4,930.50
INVESTMENTS CALLED:	
\$46,000 United States Treasury 3% bonds due June 15, 1948/46 called June 15, 1946 @ 100.	46,000.00
INVESTMENTS SOLD:	
\$3,000 State of Louisiana 5% bonds due December 1, 1969 sold to R. L. Day & Co. @ 136.215	\$3,000.00
\$15,000 State of Mississippi 4% bonds due July 1, 1948 sold to R. L. Day & Co. @ 105.306	15,000.00
Book Value of Investments, December 31, 1946	\$68,930.50
TOTAL OF INCOME ACCOUNT, DECEMBER 31, 1946	\$822,473.10

The pension roll now stands as follows:		
Total number of pensioners at close of previous year		344
Number added during year:		
Annuitants and others at \$180 or \$300	0	
From the School service	34	34
		378
Deaths during the year:		
Annuitants and others at \$180 or \$300	0	
Others	14	14
		364
Total number placed on pension roll to date, including No. 1045 Ellen S. Bloomfield appearing twice)	1044	
Total deaths to date	680	
		364

(Signed)

Julia M. Fitzpatrick
John J. Conley
William B. Carolan
Board of Trustees.

The report was accepted and ordered spread on the records.

APPOINTMENTS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Jan. 31, 1947, recommending that the following-named persons, who stand highest on the Civil Service list, and who are willing to accept appointment, be appointed as junior custodians, to take effect Feb. 1, 1947:

James P. Porter, James M. Roche, Arthur Armstrong.

Placed on file and the appointments approved, to take effect on the date stated.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian under date of Jan. 31, 1947, recommending that John J. Kelley, senior custodian of the Everett Schoolhouse, be granted leave of absence on one-half compensation for the period Jan. 10 to Feb. 4, 1947, because of personal illness.

Placed on file and leave of absence granted for the period specified.

NOMINATIONS TO SUPERVISORY OR ADMINISTRATIVE POSITIONS

Mr. Norton: Mr. Chairman, having to do with the matter which has brought most of these folks up here tonight, I want to read into the record at this time, additional telegrams received. My telegram was dated Jan. 29, 1947, to the National Education Association, Washington, D. C., and reads as follows:

"Is it not best educational practice to allow superintendents some flexibility of choice in picking assistant superintendents, directors, heads of divisions, supervisors, etc., rather than restricting him to nominations from the top of a rated or examined list. What percentage of school systems restrict by rated or examined list?"

A telegram came back from Dr. Frank Hubbard of the National Education Association, as follows:

"The current practice shows the selection of top administrative and supervisory personnel usually made on basis of preparation, experience and personal fitness. Nominations made by superintendent, after examining records for specific position. We know of not more than two cities using rated or examined lists in filling major administrative or supervisory positions."

As I say, this was signed by Dr. Frank W. Hubbard, Research Division of the National Education Association.

In addition I have received telegrams from thirteen leading cities in reply to a telegram sent by me, and but one city, Los Angeles, restricts the superintendent in the nominations to positions of supervisory or administrative nature.

Now, I would like to say, here, as a further result of study on this matter, that in my opinion, Superintendent Gould has acted strictly in accordance with the law. He has acted exactly as every past superintendent of the Boston schools has done for over one hundred years. If the Dean of Education of any school or college in Greater Boston will tell me any statement I have made is substantially wrong, I shall change my vote on this matter. I have only one worry, and that is, have I all the facts? I have devoted considerable time to research on this particular problem. I am in a position to categorically state now that the

overwhelming weight of educational evidence throughout the country is with the present practice, as exemplified in Boston, through the medium of our Superintendent, in the appointment of administrative or supervisory personnel.

Chairman: "The Boston Teachers' Alliance submitted to the School Committee under date of Jan. 22, 1947, the following resolutions:

"Whereas the Superintendent has nominated to new positions in the Boston Schools persons who have not qualified by a rated examination, and

"Whereas the Superintendent has not notified the teachers in the Boston schools of the creation of such positions, and

"Whereas the Superintendent has recommended that the persons appointed to these positions receive salary increases at a time when teachers are denied such increases,

"Be it therefore resolved, that the Boston Teachers' Alliance respectfully and firmly requests that the Superintendent make no nominations which are not based on rated examination, that he do not create or fill any positions without previous notice, that he do not recommend salary increases without notice and without reference to the salary needs of the entire teaching staff, that the members of the School Committee adopt the policy of not approving such nominations or salary increases, and that the School Committee reconsider all appointments made since June 1, 1946, other than from a rated list, in light of these recommendations."

Chairman: The Chair will now read the statement of the Boston School Committee on these resolutions:

"In accordance with the decision of the Chairman, the School Committee considered the resolutions submitted by the Boston Teachers' Alliance, and authorized the following statement:

"The resolutions are in two parts, one having to do with appointments made by the Superintendent and approved by the School Committee since June 1, 1946, other than from rated lists; and the second part having to do with the promulgation of a future policy with regard to appointments.

"The appointments made by the Superintendent and approved by the School Committee since June 1, 1946, have been made in accordance with the law that authorizes the Superintendent to make nominations of all persons in the employ of the School Committee, and in accordance with the rules of the School Committee, which provide that the Superintendent may authorize, and the Board of Superintendents be required to establish, such rated lists for promotion as he may see fit.

"It is the unanimous opinion of the School Committee that no

action should be taken to reconsider the appointments in question.

"With regard to a future policy, the School Committee appreciates that the City of Boston was the first to establish merit lists for appointments, and later merit lists of promotion for persons within the school service. Such lists have gradually been increased in number in accordance with the desires of the Superintendent of Schools, as previously expressed. It is the opinion of the School Committee, however, that the Superintendent should be free to nominate assistant superintendents and directors, from within or without the school service. One of the criticisms leveled against the Boston schools is the fact that inbreeding is encouraged and it seems to the Committee that the Superintendent is the one best qualified to select either assistant superintendents or experts in special fields to serve as directors. In other words, the School Committee, with the consent of the Superintendent, is willing to provide that in ranks below that of director rated lists should generally be the basis for promotion."

Mr. White: I object to the fourth paragraph, that it is the unanimous opinion of the School Committee. I have just received this copy myself. Now, for purposes of clarity and for fear anybody out there might misinterpret my objection, it isn't an objection at all. This was submitted to the School Committee, and I did not have an opportunity to read it because we immediately went into a meeting. What Mr. McDevitt read is substantially true, except in this instance, where I didn't have a chance to read the whole thing.

Mr. Norton: I came in after Mr. White, as usual, late, but I got the substance of what this is.

Mr. White: Pardon me, I am unusually slow in these things.

Mr. Norton: I wouldn't say that at all; I will give you a 125 I. Q. on it.

Mr. White: I am trying to be thorough.

Chairman: What I have read is the statement of the Committee.

Mr. Norton: In making my personal survey on this matter, Mr. Chairman, I ran into one authority at Harvard who seemed to think it might be possible for us or for the Superintendent to work out in these cases that have caused this protest some sort of a curriculum; to appoint some sort of advisory committee outside the system; in other words, to take steps that might lead to a great confidence in our promotional system, as it is now constructed. That is the gentleman who had to do with the writing of the Strayer Report. He says that every city is different, that while what I say is so here, that every city has a peculiar problem that is rather indigenous to itself. That being so, Superin-

tendent, I hope that we will, in the future, find it possible to work out some sort of a technique that will give to more of these teachers here present tonight a feeling that the whole business has been done on a scientific, fair basis.

Just the mere fact that they are here seems to point to the fact that we might, if we tried and studied hard enough, find a little better way—I don't know. Somebody, the other evening, criticized me for not having an answer at the end of a year or a month or whatever it was. This man at Harvard said: "I've studied this thing and I've been studying it for thirty years, and I don't know the answer yet." But we members of the Committee are criticized for not having an answer at the end of a month or a year; it isn't quite fair.

On this occasion, Superintendent, I think it might be well for us to examine into our techniques, to see if it isn't possible to outline some procedure, so that not so many of the teachers that are here in this room tonight would have a feeling that something might be wrong. I don't know how to do it. I have the utmost confidence in you. I don't think there is a person who lives who could influence you in your judgment; that is pretty well understood by everybody. It is unfortunate this had to come at this time; it is unfortunate that you should happen to be the first superintendent in the history of the Boston schools who was questioned on this matter. However, I am leaving that thought with you, that it might be possible to work out techniques so that more of our teachers would feel they were being treated fairly.

Mr. White: I still feel that it is quite difficult to answer the resolutions of the Teachers' Alliance with one vote. I think—because it is quite difficult, under the rules now operating under which we work, and knowing that the Superintendent acted under the powers with which he is vested by the rules of the School Committee in making his nominations, or in making the nominations that he had submitted and which we approved, that we could tell those teachers we will rescind the vote now. I don't know—perhaps there isn't a moral obligation on our part to do so, once we approve the Superintendent's actions, unless there is some other reason than has been advanced so far, for not keeping the stand we have now. Or, in other words, I don't see how I, in justice to those people that I voted to confirm, under the Superintendent's nomination, with no objection to their qualifications, could rescind that affirmation. However, I do, on the second part, and I did last April 29th, when I submitted orders similar to the ones embodied in the resolution, and it was voted down. I feel the same way today as I felt then.

Regardless of the telegrams submitted from the various superintendents throughout the country, and the telegram read today from the National Education Association Research Department, that there were perhaps very few systems using rated or examined lists in filling major administrative or supervisory positions. Now, that may be very true, and of course, different circumstances, in different cities change the picture. Well, I can't see where there is any difference, when we allow anybody to take the examination in our school system. We do allow anybody, and there is only one restriction, and that is that they must be bona fide residents of the City of Boston at the time of examination. Anybody in this country who wants to establish a bona fide residence can come and take the examination and become a member of the school system.

What other school systems in the country are facing the problems that we are? We are facing a dwindling school population. We have not only competition from the private schools, but families are migrating from the City of Boston to lower taxable areas. As a consequence, our school population is going down. Every single qualified teacher in our school system knows the dwindling school population, and knows that the opportunity for promotion is less and less, for there will be less masters, vice-principals, and sub-masters and less everything, and that curtails the opportunity for promotion that everybody is seeking.

I say that we ought to give every one in the school system an opportunity to rate for promotions. We ought to keep it for the people who give meritorious service. You might say: "Sure, we do that because the Superintendent nominates." But, it is more than that. We don't publish these vacancies. I dare say there are hundreds and hundreds of school teachers who never knew that these jobs were going to be filled or created, even though we did it at public meetings.

We have made no provision to notify these teachers that they even have a right to come in, or that there is an opportunity to come in and consult the Superintendent. We might have a very desirable job, under the rules we now have, and only two or three people in the school system hear about it. They apply to the Superintendent, and he might pick, in his judgment, the best of those three, but that one might not be the best of all of those qualified and available in the school system.

I know, Mr. Chairman and members of this Committee, that you have a profound respect for the Superintendent, and I don't think over a period of years that anybody has earned, with time, with consultations, with advice, the right to my profound respect

more than the Superintendent of the Boston Public Schools. But, I also recognize that he is just a human being, just as you and I.

I know that when you do not make these jobs available in competition with everybody in the school system, you have a natural weakness for those that are associated close to you or close to the School Committee and around you. I have differed with the Superintendent and the School Committee on the qualifications of some men that have been appointed. Some have been a disappointment and some have been a revelation. But, we are here to avoid those disappointments, because certainly, if they are disappointing to me and the School Committee and the Superintendent, as I know some of them are, we would eliminate it by making it an open competitive rating for everybody qualified for the positions. There is where I make my distinction. I haven't changed my viewpoint from that expressed by me on the 29th of April. I am re-affirming my stand. I also re-affirm that we should deny the second part of the report, and make the jobs available to every qualified person in the school system, by publishing them one month before being acted upon.

Mr. Norton: Mr. Superintendent, is it possible for us to notify every teacher better than we have been doing in the past?

Superintendent: Yes; I made no notification whatever of the vacancies that occurred in the Special Departments. For instance, in the Department of Manual Arts, due to a retirement of Miss Cleaves.

Mr. Norton: How did you handle that matter?

Superintendent: I received applications from the members of that Department, from teachers out in the high schools who were teaching the subject of art.

Mr. Norton: Do you feel that every member of the Department who wanted to make an application was notified?

Superintendent: I wouldn't say "notified"; I doubt if anybody interested in art and art work did not know of Miss Cleaves' retirement. The reason I think that isn't likely to happen in the City of Boston is this. I had applications from three communities outside of Boston, with an entire list of endorsements from various officials. I had one from Harvard College; I had one from a person in another State who made application for the position and submitted to me educational qualifications and recommendations.

Dr. Foley: Aren't the retirements posted in the papers? And then you don't make appointments until later, do you?

Superintendent: These are all specialized departments, with the exception of the administrative research assistants. I am going to have a retirement of one member of the Department of Con-

servation of Eyesight Classes, probably in the month of February. This is a specialized department, and there will be teachers who have been in that department who will make application for it. The general service is not interested in those special departments; nor are they qualified. They haven't taken the courses. But, it wouldn't be very difficult for me to notify them that there is to be an appointment in the Conservation of Eyesight Classes. There is also to be an appointment in The Teachers' College.

Mr. Norton: Superintendent, I am inclined to think, from the protests that have come in and the statements of some of the members of the Committee, that we might do better than we are now doing on the job of publicizing new positions. We might even go to the extent of putting an ad in the Boston newspapers, an official notice. Something is weak in our technique somewhere. Too many people feel that we are not doing the right thing, among the group in the hall tonight. I wish we could make a study of it. I wish a small committee from this group would step in and work with us, so that every teacher would have proper notification, and a sufficient time in advance.

Superintendent: I have had some groups in here, and they are not agreed among themselves. Some say that every position should be from a rated list. Another group says that every position, under that of director, should be made from a rated list.

Mr. Norton: Would there be any objection to putting a notice in the newspapers in addition to our own bulletins?

Superintendent: No.

Mr. Norton: Why don't we do that? Why couldn't that be done?

Superintendent: It could be done.

Dr. Foley: I believe Miss Cadigan had a proposition before the School Board some months ago, with regard to having a representative from each of the groups in the school system sit down and look over the ways and means of the rated system and advancement within the system. I don't believe that we have acted upon it. Nevertheless, we were in sympathy with it.

Superintendent: You mean the suggestion of a Grievance Committee?

Dr. Foley: Yes, that is correct.

Superintendent: I suggested at the Committee meeting at that time, that that might well be considered by the Council of Presidents. The School Committee did not accept that suggestion, and I don't know that the representative of the teachers' union accepted it. I made the statement at that time that it didn't make any difference to me what the Grievance Committee was or what the personnel of that Committee was to be.

Mr. White: That was apropos of a different subject.

Superintendent: Yes. I have been working with various teacher groups. The elementary teachers have been functioning for several years, and they are a very active, vigorous committee. They have meetings regularly with me, and they called to my attention that there could be improvements made in the grade system. Out of those conferences with that committee, we agreed to hold an annual convention. That has been held for three years now, and we have gotten the very best speakers available to present modern views on educational problems. At one of the earlier meetings, Dr. Strayer himself recommended the man he considered the best man in the country for elementary education and the elementary teachers' group paid for that entire meeting. They have continued that convention for three years. Last night, they met with me, from 4:30 until 6 o'clock, here, to consider the establishment of grade committees and to call my attention to things that they think can be improved. I was asked to address the group. I did address them, and called attention to some of the things I thought could be improved in the school system.

There may be many people who don't know of the vacancies. However, in the Educational Investigation and Measurement Department, on the death of Miss Bresnahan; in the Fine Arts Department, on the retirement of Miss Cleaves; and in the Department of Vocational Guidance, on the retirement of Miss Ginn; I doubt very much if there are teachers in the school system who were not aware of those facts. I had at least fifteen applications, I am sure, and probably more, for the Manual Arts Department, from a fine group of people, and even there I had some from outside the city.

Now, I don't suppose there are very many teachers in the system that have interested themselves in these special fields, but I have a list, now, as I said the other night, of candidates interested in the position of Research Assistant in Investigation and Measurement. I have a list probably of fifteen or twenty people who are qualifying in that special field, and who sometime or other in the future may want consideration for that work in testing and measurement. Those people have shown a definite interest. They come to me and say: "What are the qualifications and requirements?"

There may be other people in the school system who have not come to me.

But it means that if they are going to expect a position in that department, they at least have to have a master's degree, specializing in that particular field.

We occasionally have teachers who have qualified on rated lists, and come at the head of the list,

and are appointed to a higher position. Later they will come to me and say: "This isn't what I thought it was going to be. I would like to be returned to my former position."

And, if you will remember, within a year, a person advanced to a higher position was restored to her former position, on request.

Now, with reference to going outside the city, I can appreciate the point of view that Mr. White takes, that the school population is diminishing. On the other hand, I am mindful of the fact that some years ago, when the Committee wished to appoint a Director of Fine Arts, the School Committee designated one of the Assistant Superintendents to travel throughout this country to get somebody well qualified to carry on the work. He visited many of the larger school systems, at least as far west as Chicago, and finally came back, and the School Committee appointed as Director a person who had never been in the Boston system before.

Also, there was a criticism sometime ago that there was too much inbreeding in The Teachers College. On the recommendation of a special Committee appointed to examine Teachers College, the then superintendent was authorized to go outside the service and select the best man available for appointment to the College.

Also, in the retirement of a mathematics teacher there, the superintendent in charge of the school was authorized to go to another teachers college and select a person.

These are all special positions.

When there are broad, city-wide positions, and where large numbers in your school system are affected, the best way and the fair way is rating. I do think that sometimes for a very special position, an individual can select a competent candidate. I know the colleges do it, and get as good a choice as from a rated list.

As I said at the last meeting, you can incorporate in a measuring system all of the factors you think you would like to see in a person in one of these administrative jobs, and you may say: "Is this amount and quality of education required?" "Is this experience required?" "Is this sufficient professional improvement and growth?" "Are these teaching marks essential?"

In the long run, you will come nearer the correct answer with justice to everybody by following some such plan. If anybody should ask me, after a good many years of experience, whether I can say that a rating plan gives an absolute, accurate, result, and that there could be no other answer, I should have to answer in the negative.

In other words, take the rating system on the basis of 1000 points. If you should ask me to prove beyond the possibility of a doubt that 991 was better than

990, without knowing how either one of them would react when given a definite responsibility, I couldn't tell you the answer.

In the main, you'll find that when those people are grouped and rated, that you are pursuing a safer policy if you appoint from a rated list.

Of course, there are specialized positions.

The children of Boston are entitled to the best teachers, from wherever they may come.

I remember when the survey of 1929 was made. I was a member of that Survey Committee and the late President Lowell of Harvard University was a member, also. There was some question as to whether our own Teachers College should continue. Dr. Lowell didn't say "yes" or "no" right off. Some wanted to discontinue the college. He said: "Let's have studies made of the examinations that have taken place over a period of five years in the various fields. Then let us locate these people and their positions on these lists and the colleges from which they came; that is whether from Teachers College, Boston University, Boston College, Harvard, or other colleges."

All that data was assembled. Then, to make sure that the specific examinations were comprehensive, he asked for samples of all examinations prepared over a period of five years.

At the end of the study that was made by him, he said this:

"When the Teachers College graduates people who can't begin to compete with the graduates of the other schools of education and the colleges, you won't have to take official action with reference to this College. The results of this study indicate that the people from the Teachers College are just as well prepared, and in some instances better prepared, than from other educational institutions."

That was from the President of Harvard College. Nobody has the correct answer. We have been trying to perfect these rating plans over a period of years.

Suppose you were trying to get, tomorrow, a doctor to broaden the eyesight testing in the public schools of Boston. You would say to your physicians, some of whom are in the Boston school system, that you were going to rate in this case. You could go to authorities and say: "Who are the best men you know? What have they done? What investigations have they been making?"

And, you might be able, by investigating on your own, to get a far better qualified person than you could by trying to set down, in a rating plan, certain specific qualities that seem desirable.

So I won't claim any absolute answer to the problem.

I think the screening process that goes on guarantees to us a fine quality product.

I don't think that you are making many mistakes, particularly

in these administrative positions that are near that of the rank of assistant superintendent.

Mr. White: I was going to bring to the attention of the Committee this situation. Recognizing the soundness of some of the statements made by the Superintendent, it is also true that in the past ten years, Superintendent, for any of these positions you never went outside the school system?

Superintendent: That is true.

Mr. White: Even though we accepted a motion such as mine, that wouldn't prevent the Superintendent from going outside? That would not prevent us, by giving the Superintendent permission to go outside—that is, we wouldn't stop the situation. All it requires is an affirmative vote by us.

Superintendent: I merely held that out as a possibility. If you establish a rated system within a school system, or a rated examination system, so-called, that presumes somebody you might want from outside would come in and qualify for the position by rating or examination. That isn't very often done.

Dr. Foley: In fact, we don't want that to happen.

Mr. Ward: Not having spoken, I wanted, so far as these appointments for 1946 are concerned and so far as the action of the School Committee is concerned on confirming those appointments, to say this: I am willing to affirm, with the School Committee, that act and have those men stay there, notwithstanding the fact that I believe there were approximately from June, 1946, to the present time, somewhere in the vicinity of twelve to fourteen appointments made. During that period, this was the Superintendent's judgment, and in these particular cases it was his judgment against my judgment, I voted against eight of those out of twelve that the Superintendent had recommended, because I felt from my experience, which is not as great as the Superintendent's, that there were others in the school system better qualified than those recommended by the Superintendent. It was an honest judgment on my part, and I believe it was honest on the Superintendent's part.

This brings out one other point. Previous to last year the School Committee had the power and the right to substitute in the event of a nomination by the Superintendent. At the present time under the present law, the School Committee has no right to substitute. If the Superintendent makes a recommendation for an assistant superintendent of schools, we can only reject. We cannot pick or choose the man who, we may think, is better qualified than the man the superintendent picks. We must wait again until he sends a second nomination, or a third, or a fourth or a fifth nomination, or until such

man is recommended by him that the School Committee feels that he can qualify.

So far as assistant superintendents are concerned, I would like to ask Mr. Brougham how he feels, so far as rating assistant superintendents.

Mr. Brougham: Mr. Chairman, in reply to Mr. Ward, may I state that we didn't contemplate that question at all, feeling that the position of assistant superintendent is definitely the policy-making level and not included.

Mr. Ward: How about Directors?

Mr. Brougham: We certainly included Directors. We didn't consider it the policy otherwise, as the system now operates.

Mr. Ward: In a Director's position, how would your organization recommend as to where they should be taken from? The entire school service, or a specialized group, within the school service?

Mr. Brougham: I should think it is within the capabilities of the Superintendent and the Board of Superintendents, with the approval of the School Committee, so to set up a list of qualifications for any particular job, that the suitability of any candidate could be measured against that list by a fairly definite rating. Granting what the Superintendent says is true, you can't measure in decimal fractions the comparative abilities of teachers or administrators.

Mr. Ward: Outside of Directors and Assistant Superintendents, don't we pretty nearly have a rated list on everything?

Dr. Foley: In the specialized fields—

Mr. Brougham: May I make a few remarks here, Mr. Chairman? First of all, I want to compliment Mr. Norton for having stated so ably tonight the position which the Teachers' Alliance stated last Tuesday night, that the School Committee and the Superintendent have been absolutely and legally within their powers in their past policies.

I also wish to compliment Mr. White for stating to the Committee what has been omitted from this statement through negligence, I am sure, or oversight. I refer to the question of notice. It is true that a certain sort of automatic notice does exist, when the occupant of a position dies or is retired. But, with regard to newly created posts, there is no such automatic notification, and so far as we have been able to determine, there was no general notification of the creation of those posts or of the nature of the duties in those posts, until the time when the nomination was made to fill the vacancy either by assignment or permanent appointment to the posts. And such notification could be made very easily.

But it is not merely a question of the notification of the post of Director and other existing offices to be filled that we are concerned about. It is this question of the

creation of new posts, and the discovery that the persons who become incumbents, at the same time the posts are created, possess just the qualifications for the posts, when a little retrospective examination has led me to state tonight that I do know positively that there are other persons in the school system who are at least as well qualified for several of those posts as those who hold them.

There should be a proper solution of this problem.

Special positions have special qualifications, it is true, and, taking the example of the selection of a man to be a supervisor, for example, of the broadening of the eyesight conservation or the eyesight measuring program in the schools, it seems to me that the very statement of the job implies certain qualifications, which could be made explicit in the notification that the job was to be filled, and against which any prospective candidate could measure himself and determine whether or not he wished to apply for the job. Yes, and one other thing. The statement says: "The School Committee, with the consent of the Superintendent, is willing to provide that in ranks below that of director rated lists should generally be the basis for promotion." It merely occurs to me now that there might subsequently arise a dispute over the exact terminology there. I think that everybody will grant that the post of Assistant Superintendent is superior to that of Director, but with regard to other posts, especially posts which might be newly created, or which might become enlarged, a question could arise, therefore, if what the Committee means is that for posts other than that of Assistant Superintendent and Director, the policy should apply, that is what the Committee should say, rather than phrasing it in this way. Now, I think you can see, then, that there are two definite objections, we feel, on the part of the Teachers' Alliance, to this statement as it stands. First, that it does not handle the question of previous notice. And secondly, that in a minor matter of terminology, a correction could easily be made.

Mr. Ward: Mr. Brougham, five years ago, I tried to create a new post, and it was publicized and everybody knew about it.

Chairman: Mr. Brougham, I feel, speaking for the Committee, that we undoubtedly will accept your second recommendation on the correction of that terminology.

Mr. Brougham: How about the notice which goes to the essence of the thing?

Chairman: We will consider that.

Mr. Norton: He has something there.

Chairman: We will be glad to consider it.

Mr. Ward: We are taking up, now, a question of whether or not we shall have rated lists on Directors?

Mr. Norton: No. He is specifically discussing two points. One of the most important points is the proper publication of the fact that there is going to be such a position open, and all the facts about it, without wrapping it in technical terminology.

Mr. Ward: It will still be in the hands of the Superintendent.

Mr. Norton: We are not discussing that at all.

Mr. White: To get the picture clear, the School Committee has the power to create a position. You don't designate anybody else to create the positions. We are responsible for that. After the position is created, or a position is declared vacant, we wish to have an announcement of the preparation of a rated list for the position published for a reasonable time—one month before the filling of a vacancy—so they could apply and be rated for the position.

Mr. Norton: There is a question as to how to publicize this properly.

Mr. White: Mr. Norton, you are one as I remember it who distinctly said we should make provisions for every organization that wishes to publish a notice within the school system, to publish such notices on the bulletins of every school I believe a meeting like this is subject to such publication within the schools; that is why there are so many here, because they have means of putting it on the bulletin board. If they were published that way, through the bulletin board, and more thoroughly, that would be one way of doing it, or perhaps by sending out a circular letter to the teachers in the particular category of the opening. But, I think they would be satisfied to post it in the schools.

Mr. Brougham: You have the phraseology taken care of in your present custom of requiring that a bulletin be signed and dated by every teacher, to certify that each teacher has read the bulletin which is called to his or her attention.

Dr. Foley: That sounds all right. That is a good thought.

Assistant Superintendent Downey: May I ask Mr. Brougham a question? Do I understand from your statement, in regard to the phraseology, that you have no objection to our excluding Assistant Superintendents and Directors?

Mr. Brougham: No, you are not to understand that, Mr. Downey. You are to understand that, as the thing stands now, it really later could mean almost anything that you want it to mean by defining a position as being of a certain rank.

Assistant Superintendent Downey: Your suggestion for a change in phraseology does not mean that you accept the conclusion?

Mr. Brougham: My suggestion of a change in phraseology merely

means that I wanted to say what I thought you were saying.

Assistant Superintendent Downey: If we say that, you do not accept it?

Mr. Norton: He has made himself clear. There are two points: Proper publication, and secondly, simplification.

Mr. Ward: Let me ask Mr. Brougham this. Do you understand that this Committee has agreed to rate Directors in the future?

Mr. Brougham: No, I do not.

Mr. Norton: He wants proper publication, and secondly, simplification of the nomenclature.

Mr. Ward: They do it like civil service, put it in the classroom.

Mr. White: Any one who wishes to apply, regardless of the method of measurement, is able to apply for the position. Isn't that so?

Mr. Brougham: That would go a long way. The method of measurement is awfully important. I see the third last word in the second last line of the statement is a word that might have another meaning than is intended. The Committee is willing to provide in ranks below that of Director that rated lists should generally be the basis for promotion. Generally—you could take specific exceptions to that. I recall "generally" in a previous document on the matter; so it could well be left out, making it a categorically universal, affirmative statement.

Mr. Norton: I am going to ask our Professor of English, "Dr. Ward," to discuss this.

Mr. Albert West: Mr. Chairman, I just wanted to make this observation, not as a teacher, and not on either side, as I am not interested in the other side. The principles of civil service are pretty well established. Mr. Ward came nearest to touching on them tonight. You believe in civil service or you believe in the spoils system. If you believe in civil service, you apply the principles of civil service, namely, not relying on chance, not relying on gossip, and not relying on the generally supposed interest in a particular subject of a particular group.

There can't be the slightest objection to publishing in every instance in the widest manner, whether it be the newspapers or whether it follows the well-recognized and well-established pattern that the State Department of Civil Service and Registration uses, and which can be readily discovered.

Mr. Norton discovered from some Professor at Harvard, or Washington —

Mr. Norton: Mr. Chairman, this meeting has been conducted up to this point in a very orderly fashion, and I want to congratulate all the speakers so far. I am going to ask the speaker not to impinge on personalities, but to stay on the facts and keep me out of it.

Mr. West: I never accused Mr. Norton of having any personality.

Mr. Norton: Don't introduce personalities here.

Mr. West: I am quoting you.

Mr. Norton: Don't quote me.

Mr. West: I am going to quote you.

Mr. Norton: You will conform with the rules here.

Mr. West: Mr. Norton—he is usually addressed as "Norton" but I said "Mr. Norton." Mr. Norton said that some one in Harvard or in Washington suggested that the problem of rated lists was a peculiar one to various cities. The situation in Boston is that the Boston School Committee is peculiar; that is the whole sum and substance and difficulty.

Mr. White made reference to the dwindling school population; he pointed out our children are going to other schools. There is no doubt about that. He suggested that they might be moving. Why are they moving and going to other schools? The reason is the same one and is why this room is filled with anxious teachers—because the parents of Boston and the people of Boston are becoming very much concerned and very gravely indeed, about the conduct of this Committee, and they are losing confidence in it and in the Boston schools, and this Committee has no right to do that to a school system which has led the country for many years.

I think it would be well for you, Mr. Chairman and your Committee, to consider gravely the recommendations made by these teachers who devote their lives to the purpose of education and who don't use it for the purpose of political stepping stones or a political boarding house.

Mr. Brougham: Mr. Chairman. I think that in coming here with its case, the Teachers' Alliance and the teachers of Boston, through their organization in the Teachers' Alliance, manifested their confidence that once this Committee saw that it really had a morale problem, it would do something about it.

Now, we feel, and I think we made it quite clear at the last meeting, that we think the Committee took a long time to see the morale problem. However, that is beside the point, really. We feel that this Committee does now see it, and this Committee is now disposed to act. Therefore, I suggest that it act, and that the action can be taken very simply, first of all, by voting either to rescind or not to rescind the previous appointments, of which the resolution spoke. Secondly, by voting to adopt a policy for the future, or not to adopt a policy for the future. Third, by defining that policy, with regard to the persons and posts which it covers and with regard to the methods which implement that policy.

I suggest that we don't want to trespass on your time any longer than is necessary to bring this question to an equitable solution. If there is any dispute

about methods, if minor matters of terminology need clearing up, I think that those could be arbitrated, provided a definite date was set for the arbitration.

Chairman: I would be very pleased to carry out the suggestion or the request of Mr. Brougham, and ask the Secretary to call a roll on the items as he has outlined them.

Mr. Ward: Define the items. First the action on the appointments of June first, and second, that any rank below that of Director—

Mr. Brougham: We have a difference of opinion.

Mr. Ward: We can't come to a vote on that at the moment. We are going to define that of Director and the ranks below Director.

Mr. Brougham: Evidently, there seems to be a difference between you and us, on the matter of Directors. That is a question. Speaking for the Teachers, we feel the post of Director should be included among those that the policy should cover.

Mr. Ward: In some instances, the post of Director in the Boston Public Schools is different. In Boston, you have one Director who gets \$6,000 a year, and another Director who gets \$4,200 a year. And in those various directorships, I assume that the salaries were established years ago, commensurate with the duties or the importance of the particular positions of Directors at that time. In a post with \$6,000 a year, it may be safe to assume a headmaster of a high school would qualify or try to make himself eligible for a \$6,000 post, where he would not be interested in a \$4,200 post.

Mr. Brougham: Mr. Ward's analysis of the reasons for the various or the varying salaries of Directors reminds me of the classic definition of a Judge. "A Judge is a lawyer who knew a Governor."

I won't go any further on the matter of relative importance of the post of Director.

Mr. Ward: Let us hold the post of Director in abeyance. If you want to act on the other matters, I am willing to act now.

Mr. White: I am willing to act on both things. I believe, as I expressed previously, that every post should be made open to a rating for everybody in the school system. Why don't we affirm that position? I thought from talking to Mr. Norton in this little controversy we have had all day long that he was of that opinion, too. Isn't that so, Mr. Norton? Isn't there some way for a Director to be rated? We are talking about the morale problem. This is one of the things to solve the morale problem.

Doesn't this Committee believe by making these jobs, even for Directors—not a policy-making body, they are a supervising body over those particular jurisdictions which the Director has—that it would develop good morale in the system, to allow everybody an op-

portunity to rate, according to the method of rating set up? It is a question of one man's judgment or a group.

Mr. Norton: The only thing is, how to do it. The Superintendent of the Newton Schools told me last night that examinations only counted 25 per cent.

Mr. White: Examinations only are one part of a rating system. Of course, the examination for Director would be altogether different from a classroom teacher's examination. We understand that. I consulted, like you, not only personnel directors of large industries, which I spent a lot of time doing, but I talked to various members of the unions, both the AFL and the CIO and company unions, and every single one told me, when I explained the situation here, without question of a doubt, that if you make these opportunities for promotion open that you will help the morale and that you will get a more energetic and interested teacher. I sincerely believe it. As you know, it has nothing to do with this group here, because long before this group was organized I thought this was necessary. I talked to Miss McDonnell five times about the proposition. I talked to Mr. Downey. We have a difference of opinion, but I have discussed it, and I have come to the firm conviction in these days that our school system, the way it is, should give everybody the opportunity for promotion, and in that way you will raise the morale. But, when you see what is happening in our consolidation of departments, to a group of people who have prepared themselves for opportunities for appointment, and then the doors are shut, it is a fault beyond control—the opportunities for promotions are going down. Everybody wants an opportunity to pit his ability against the next man.

I think it would help to lift the morale of the teachers along with the equitable adjustment of salaries, to start off all over again and bring the system back to the position it held for years and years. It isn't beyond the power of this Committee to do that. With the salary adjustment, with opportunities like this, with more facilities in the schools to develop education, with fewer expenditures for books, with permanent facilities for athletic improvements, we would be back where we were ten years ago, and the opportunity is facing us right now to do it. I, for one, am willing to go all the way. I know you are.

Mr. Ward: I don't think any one on the Committee has disagreed more with the Superintendent than I have; nevertheless, I am not going to vote to say that I have a lack of confidence in the Superintendent's judgment in picking Directors in this school system who are responsible to him and to him alone. I think that a man has a

right to choose, if he is directing a system of this kind. I think he has a right to choose those directors and leaders that he is going to look to, without going to a rated list.

If I were to vote tonight to take away that power from the Superintendent, I would be voting that I had no confidence in the Superintendent's judgement, and I am not going to vote for that reason, to permit the Directors to be rated. I am perfectly willing that those who have no contacts with the Superintendent, but who have contact with the Superintendent's Directors, be rated, or the ranks under that of Director. I think this School Committee should re-affirm its confidence in the Superintendent, since the Legislature last year placed the responsibility in his hands to recommend. I think the School Committee should re-affirm its confidence in the Superintendent to direct the public school system.

Mr. White: Mr. Ward, you say that by not voting for this motion of mine, you are not going to cast any reflection on your confidence in the Superintendent to be able to pick the best man.

Mr. Ward: That is right.

Mr. White: It is pretty hard for me to say anything in rebuttal to that question. I have sat around the School Committee table on many occasions. You said tonight, and I don't think it was altogether a correct statement because I don't think the record will bear it out, that you disapproved eight out of twelve nominations.

Mr. Ward: I prefaced my remarks by saying that no man on the Committee has disagreed more with the Superintendent than I have. I will enumerate the particular cases if you want me to. I mean, since we are talking to a group here, I will enumerate them. There was a vacancy that existed for five years in the system. Now, if a job can be vacant for five years, then I don't believe the job should be filled.

Secondly, we had a particular lady in the system who carried on as Acting Director for a period of two years. There was no question about her ability and her work, in my mind. In my opinion, from my observation, that woman was capable of carrying on the duties of that department. Now, in came a recommendation for another person, who had not been acting for two years in the Department, and I say that I believe, in my opinion, the woman who was acting head of the department was capable of the position and I so voted. That was one of my disagreements with the Superintendent. But you go ahead, Mr. White.

Mr. White: Now, Mr. Ward, I am only using your statement to prove that you haven't got the confidence you say you have in some of the appointments made. How are you going to reaffirm that? By eliminating the motion to ratify all the other people, when everybody will be con-

sidered? I agree to those confirmed already; I would not rescind. I said that at the beginning, in that particular statement; I am affirming every single action that the School Superintendent made, and by my vote now, changing the policy of the School Committee, it is absolutely no reflection on the Superintendent's integrity, ability or quality of the selections. I am not doing that.

I am confirming, in other words, my confidence in the Superintendent. I am saying this now. In making a motion to now give everybody in the school system an opportunity to rate for Director, I am asking more than just the Superintendent's opinion as to who is the best, by qualification, by consultation with other men, by the method in which they set up a Board of Examiners that will judge, along with the Board of Superintendents, who is the best qualified. And that isn't casting any reflection on the Superintendent, and I don't mean to do so. I am only trying to give everybody an opportunity for promotion, to help get the best qualified. I have no personal interest.

Mr. Ward: Mr. Chairman, has this School Committee ever voted to appoint other than the No. 1 person on the list?

Mr. White: No.

Mr. Ward: This Committee has taken the No. 1 person all the time?

Mr. White: That is the rule.

Mr. Ward: Under this system of taking out of the hands of the Superintendent the power to appoint his Directors, you are going to follow your policy, which is that the No. 1 person on the list automatically becomes the new Director for whatever department may be vacant. You turn over to the Board of Examiners the right to determine who shall be the man the Superintendent must utilize for his Director in that particular department.

Mr. White: No, Mr. Ward.

Mr. Ward: They empowered the Superintendent to make all recommendations in the school system.

Superintendent: With the exception of the Secretary of the School Department.

Mr. Ward: That was a Legislative Act. But, the Massachusetts Legislature said the Superintendent shall recommend and we shall appoint. Is that right?

Mr. White: We shall confirm.

Mr. Ward: Or, we shall appoint. The appointing power is in the hands of the Committee. We can reject what the Superintendent puts in. That was last year. Now, you want to change that around and take what the Legislature said, take it out of the hands of the Superintendent and put it into the hands of the Board of Examiners?

Mr. White: The Legislature said the School Committee shall no longer even elect the Board of Superintendents. They went a little further than that. They

took away from the School Committee the right to designate who would be appointed Assistant Superintendent. Isn't that so? They excepted the Secretary of the School Board. Now, Mr. Ward, all I say is this. The Superintendent has recourse, and I am not taking one single power of the Superintendent away except that I am saying this. If we act favorably upon this petition, we are asking the Superintendent to get other methods of qualifying the people, rather than his own particular judgment, and asking him to notify them one month in advance.

Mr. Norton: I think that we have agreed among the Committee that this report here will be authorized.

Mr. Ward: With the votes?

Mr. Norton: Now, the question comes up on the matter that Mr. White was discussing about some method being evolved to allow everybody to go on rating. I would like some suggestion. I am willing to go along with any method. Dr. Simpson at Harvard, who wrote much of the Strayer report, suggests something worthwhile. I would like the Superintendent and a group from the teachers' organizations to get together and iron out something, and present it to us. In other words, Mr. White, as I get it, these matters here have been taken care of by the Committee.

Superintendent: We haven't voted yet.

Mr. Norton: We are discussing the matter of what we can do to place these positions that are not now on rated lists on some kind of a list. First, will be the question of what kind of an examination and the various details that would be involved in that, and second, how much is to be allowed the Superintendent, personally, for personal qualifications, or whatever he sees fit. That was the suggestion last night of the man here at Harvard, Dr. Simpson. If we can get him and Dr. Gould and a small group here from the teachers' group, I think that we might arrive at some conclusion that everybody would accept.

Mr. Ward: Mr. Chairman, let us vote on the first part. It is the unanimous opinion of the School Committee, that no action should be taken. I move that the Committee take no action on rescinding the appointments in question, i. e., those made since June 1.

Chairman: The Secretary will call the roll.

Mr. White: I made a statement, and I wish to correct it for the record. I made a statement that Mr. Ward said something that wasn't altogether true. I would like to change the word "true" to "accurate" on the record. There is a distinction there.

Mr. Norton: You are getting into etymological territory there.

Mr. Chairman: The Secretary will now call the roll.

Dr. Foley: Yes.

Mr. Norton: Yes.

Mr. Ward: Yes.

Mr. White: Yes.

Chairman: Yes.

Mr. White: Now, if the Chairman will read, with regard to future policy, down as far as—well, strike out the word "generally" and then strike out the word "directors."

Secretary: Is that a motion?

Mr. White: This is not a motion. I thought for purposes of clarity, we would get down to what we want. Then you can add in a proposition for notification on the end of it and I think it would be pretty nearly what we want.

Mr. Ward: I think we ought to take a separate and distinct vote, so far as directors are concerned. I am agreeable to the question of the ranks below director, that we separate those, because I have a different vote, as far as directors are concerned, from that of ranks below director.

I move that we vote on whether or not the Superintendent shall continue to nominate without rated lists, directors in the school system.

Mr. Norton: Would it be possible at this time to suggest tentatively—all this is tentative and I am thinking out loud—would it be possible to have a representative group of the Alliance, the Superintendent, the Board of Superintendents, Dr. Simpson at Harvard, get together and work something out to submit to us?

Mr. Ward: We can vote on this now. And we can change it six months from now, if the Alliance comes to the Committee and says that they believe that we can get better people through a rated list. We can be convinced, with changing times. Our vote isn't binding. It is just to maintain our status as of today.

Mr. White: I suggest this. We are pretty cognizant of what we want to accomplish. Mr. Ward has a difference of opinion. I differ with him. And I say that we should include directors. Why don't we take a vote on whether or not to include the word "directors"? I think that will clarify it.

Mr. Ward. Let's vote on that, then.

Chairman: The Secretary will read the motion.

Mr. Brougham: Just to help Mr. Ward make up his mind on the question of directors, may I suggest that he ask the Superintendent whether the post of Director has ever been qualified by a rated examination. If the Superintendent has done that, of course, Mr. Ward, that will tell us something.

Superintendent: The position of Director, from its inception, has never been as the result of formal rated lists.

Mr. Brougham: Wasn't there some rating for penmanship?

Superintendent: For assistant director.

Chairman: The secretary will please read the motion.

Secretary: Mr. Ward moves that directors be not included in rated lists.

Mr. Ward: And that the Superintendent will still nominate directors.

Mr. White: Mr. Ward wants a vote to eliminate directors. I believe the directorship should be included. I said that they are not the policy-making body. I believe that for ranks below the policy-making body of the superintendents—everybody in the school system should be given an opportunity to rate.

Mr. Norton: We all believe they should be given that opportunity. The question is—what kind of examination shall be given?

Mr. White: All that will come later.

Secretary: The question comes on Mr. Ward's motion, which motion is that the rank of director be not included in the ranks to which appointments must be made from rated lists.

Dr. Foley: Yes.

Mr. Ward: Yes.

Mr. White: No.

Mr. Norton: As I understand this vote here, it has to do with some kind of examination, to allow everybody to rate for a director's position in the schools. What that examination will be, how it will be set up, is all going to be worked out by a group. In other words, we are not going to say to the Superintendent: "Here is a list; you have got to take No. 1 on the list."

Mr. White: After you find out the best qualified.

Mr. Norton: We are not going to rate for director.

Mr. Ward: It will be a recommendation of the superintendent.

Mr. Norton: The Superintendent will have the power to go out and say: "I think this candidate has the personality and the resourcefulness of fifty per cent this and that."

Mr. Ward: The answer to Mr. Norton is that the Superintendent can rate them, giving him the same powers that he has now to recommend to the Committee or he can choose within the school system any person that in his opinion is best qualified to be a director in the system.

If the members do not believe he made the correct choice, they can force him to another recommendation, that's all.

Mr. Norton: For the purpose of the record, we never have turned down the Superintendent on any recommendation.

Mr. Ward: I have.

Mr. Norton: The Superintendent may be wrong, but it is better for him to be wrong than it is for me to be wrong.

Mr. White: This is the one method by which you will help him not to be wrong.

Dr. Foley: I believe that a great many of our teachers never do themselves justice on any rating. They can't really do as they should. They can't really put on paper the practical side of the situation.

Secretary (Continuing to call the roll):

Mr. Norton: No.

Chairman: No.

Mr. Ward's motion failed to pass.

Mr. White moved that reasonable notice be given or posted in all the schools.

The motion passed unanimously.

Mr. Arthur L. Evans spoke from the floor. Stated that as a taxpayer he has listened to the argument about Mr. Gould having the legal right to make appointments. To this he has no objection. His interest as a taxpayer is in the necessity for creating these jobs. In looking over the records of the School Committee for the last ten years, he has counted over 600 new jobs created, some from rated lists, some not from rated lists. School population during same period has dropped from 137,000 to 90,000. If these jobs were not necessary when population was 137,000, how can you justify the necessity of establishing them when you now have but 90,000 pupils? As a taxpayer he objects to more taxes. Pays taxes enough. Believes that the people of Boston have given enough money to education and if that money were conserved, there could be more money for teachers without asking for additional taxes.

Mr. White called attention to the fact that Mr. Evans says over six hundred positions have been created. Assumes that Mr. Evans is including in this number appointments to cafeterias, etc. Would be interested in having list of six hundred positions as stated by Mr. Evans.

Mr. Evans stated that he was speaking of new positions from standpoint of all new employees.

Mr. White stated that a great many positions are necessary.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

Feb. 12, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon st., at 7 o'clock p. m., the Chairman presiding.

Present: Messrs. Foley, McDevitt and Norton.

AMENDMENT OF MINUTES

On motion, the minutes of Dec. 17, 1946 were amended on page 239 to provide that the retirement of John J. Kelly, senior custodian, Everett School, to take effect Dec. 10, 1946, shall read "Feb. 4, 1947."

Assignments

Leader—Ada Courage, Jan. 31, 1947.

Assistant Leaders—Ernest V. Perreault, Jan. 24, 1947; George J. McCarron, Raymond J. McInnis, Jan. 29, 1947; John H. McNulty, Feb. 3, 1947.

General Helpers—Raymond J. McInnis, Jan. 29, 1947; John H. McNulty, Feb. 1, 1947.

Helper—Joseph Richards, Jan. 19, 1947.

Reassignments

Assistant Leader—Edward F. Lanergan, Jan. 27, 1947; Isadore Ginsberg, Feb. 3, 1947.

General Helper—Isadore Ginsberg, Feb. 1, 1947.

Helper—Nettie M. O'Brien, Jan. 31, 1947.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence for rest was granted the following-named teacher for the term specified:

Mary E. Curley Intermediate District—Ruth E. Reynolds, teacher intermediate, from Sept. 1, 1947, to Aug. 31, 1948, for rest.

TRANSFER

A communication was received from the Superintendent, under date of Feb. 12, 1947, reporting that subject to the approval of the School Committee, he has made the following transfer, to take effect on the date indicated:

William J. McCarthy, teacher, intermediate, Patrick T. Campbell Intermediate District, to the same position in the Dwight-Everett District, Feb. 10, 1947.

Approved.

ASSIGNMENT

A communication was received from the Superintendent under date of Feb. 12, 1947, reporting that he has assigned the following-named vocational instructor to assist in the "veterans on the job" training program of the Vocational Division of the Massachusetts Department of Education, to take effect Feb. 1, 1947, and to continue for the school year ending Aug. 31, 1947, unless earlier terminated by the Superintendent with the approval of the School Committee.

Abraham S. Burnes, co-operative instructor, East Boston High School.

Placed on file and the assignment approved to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of Feb. 12, 1947, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled

otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1947:

English High School—Thomas G. Eccles, master, as acting head of department, (vice Gerald F. Coughlin, absent on leave), Jan. 27, 1947.

Roxbury Memorial High School (Girls)—Henrietta T. Scott, assistant, as acting head of department (vice Ellen M. Greany, absent on leave), Jan. 20, 1947.

Minot District — Dorothy H. Terry, teacher, elementary, as acting vice principal, Jan. 13, 1947.

Placed on file.

TWO-SESSION KINDERGARTENS

A communication was received from the Superintendent, under date of Feb. 12, 1947, reporting that subject to the approval of the School Committee, he has terminated the service of the following-named teacher in the afternoon session of the kindergarten indicated, to take effect on the date stated.

Bennett District—Katherine D. Warren, kindergarten teacher, Feb. 1, 1947.

Placed on file and the termination of service approved from the date stated.

On motion of the Superintendent, it was

ORDERED, That the emergency employment of Florence L. McCarthy, kindergarten teacher, David A. Ellis School, Henry L. Higginson District, is hereby authorized in the Wyman School, Lowell District, Feb. 3, 1947, and that she be allowed and paid for this emergency service additional compensation at the rate of two dollars (\$2) per session.

ATTENDANCE AT CONVENTION

A communication was received from the Superintendent under date of Feb. 12, 1947, submitting in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, reports of Francis J. Daly, Head of Division of Juvenile Adjustment on his attendance at the 32nd Annual Conference of the National League to Promote School Attendance, held in Baltimore, Maryland, Oct. 14 to 17, 1946, and the National Conference on Prevention and Control of Juvenile Delinquency, held in Washington, D. C., Nov. 20 to 22, 1946.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 12, 1947, recommending that leaves of absence on one-half compensation be granted the following-named cus-

todians for the periods specified because of personal illness:

Henry Lamond, Solomon Lewenberg Schoolhouse, Feb. 1 to Mar. 31, 1947.

Colin F. McPherson, John L. Motley Schoolhouse, Feb. 4 to Mar. 31, 1947.

Edward M. Sullivan, Old Gibson Schoolhouse, Feb. 9 to Mar. 31, 1947.

Placed on file and leaves of absence on one-half compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 12, 1947, recommending that the following-named senior custodians who stand at the head of their respective lists, be transferred to the positions indicated to take effect Feb. 12, 1947:

William M. Barry, from the Pauline Agassiz Shaw to the custodianship of the Henry L. Pierce Schoolhouse.

Alexander W. Dickie, from the Hugh O'Brien and Ralph Waldo Emerson to the custodianship of the William Barton Rogers Schoolhouse.

Philip D. Doherty, from the Roger Wolcott to the custodianship of the Clarence R. Edwards Schoolhouse.

Angelo Marcello, from the Fairmount and Weld to the custodianship of the James Otis Schoolhouse.

Roderick R. Mitton, from the John G. Whittier to the custodianship of the Cora L. Etheridge Schoolhouse.

James J. Smith, from the Sherwin to the custodianship of the William Lloyd Garrison Schoolhouse.

Edward F. Stockman, from the William Bradford to the custodianship of the Emily A. Fifield Schoolhouse.

Bernard W. Winston, from the Philip H. Sheridan to the custodianship of the Daniel Webster Schoolhouse.

Placed on file and the transfers approved, to take effect on the date stated.

AMENDMENT OF SCHEDULE OF COMPENSATION FOR CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 12, 1947, recommending that the Schedule of Compensation for Custodians for Regular Day School Service, be amended in accordance with the accompanying order.

Placed on file.

On motion, it was

ORDERED, That Section 14 of the Schedule of Compensation for

Custodians of School Buildings for Regular Day School Service, be amended by adding the following paragraph:

ENGLISH HIGH SCHOOL

Thirty-five dollars (\$35) in addition to the compensation allowed under the schedule rates for the purpose of providing an extra fireman to operate the boilers during the night, during the period Dec. 13, 1946 to Mar. 31, 1947 or such part thereof as may be certified to the Business Manager by the Schoolhouse Custodian.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PUBLIC HEALTH NURSING SUPERVISOR,
DIVISION OF VENEREAL DISEASES,
DEPARTMENT OF PUBLIC HEALTH,
MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,640 a year; the maximum salary is \$3,000 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To coordinate the activities of local health agencies and venereal disease clinics as they apply to the treatment of persons infected with venereal disease; to carry out measures as indicated in communities where venereal disease is suspected, so that infections may be controlled and all sources of infection placed under examination and treatment; to meet with and advise public health personnel engaged in follow-up work on venereal disease cases on measures as indicated in the above; and to perform related work as required.

Familiarity with contact interviewing in clinics and hospitals, and contact follow-up in communities is required.

Entrance Requirements: Applicants must be registered nurses under the State Board of Registration in Nursing on the date of filing application.

Applicants must have at least three years of full-time paid experience in a recognized public health nursing service in which venereal disease control is emphasized. Substitution: Successful completion of one year of training in a recognized school of public health may be substituted for a maximum of one year of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

LOCK AND DRAW HELPER, DEPARTMENT OF PUBLIC WORKS, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: \$6.60 a day.

*Vacancies: At present there are nine vacancies for males, to be filled on a permanent basis.

Duties: Under immediate supervision, to assist the lock and draw operator in the operation of a drawbridge by performing miscellaneous unskilled work; and to perform related work as required.

Examples of Duties: Opening roadway gates; cleaning and oiling machinery; assisting in repairs; removing snow and ice in order to keep the draw and traffic gates in operating condition.

Experience on drawbridge or in electrical, mechanical, or other work requiring skill in the use of tools is desirable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PRINCIPAL CLERK, THE ADJUTANT GENERAL'S OFFICE, MAY 24, 1947.

Last date for filing applications; Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To handle routines in connection with the receipt of military property equipment, equipage, vehicles, etc.; to handle necessary vouchers and shipping tickets, and to check against appropriate Table of Organization and Equipment, and Basic Tables of Allowances; to check material against shipping tickets, preparing property cards for each item received, checked, stored and issued to various organizations; to prepare vouchers for services rendered; to prepare reports of Survey, Inventory and Inspection Reports, Dropping Allowances, etc.; to prepare and edit pay rolls, vehicle reports, etc.; and to perform related work as required.

A thorough knowledge of the following is required: Army regulations as applied to the proper procedure in connection with receiving, storing, warehousing, issuing and accounting for property, General or Branch Depot work, such as that of Post Quartermaster, and Army paper-work in connection therewith, inventories, perpetual card inventory record, bin record, shipping tickets and accounting procedure, Army correspondence system, Table of Equipment, Ordnance Equipment Lists, Table of Organization, Standard Nomenclature List as applied to supply.

Entrance Requirement: Applicants must have at least one year of experience (in either military or civilian status) in United States Army supply work, including six months in a supervisory capacity.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

SENIOR STATISTICAL CLERK, DIVISION OF CANCER AND OTHER CHRONIC DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,860 a year; the maximum salary is \$2,340 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Under general supervision, to perform routine processes in the work of accumulating and presenting statistical data, calling for the exercise of a limited degree of statistical judgment; and to perform related work as required.

Examples of Duties: Collecting data from cancer clinic records and by house-to-house survey; performing routine coding of cancer clinic records and other data; charting data on semilogarithmic paper; obtaining rates by slide rule; obtaining means and medians and quartiles; transferring data to logarithms and plotting on arithmetic paper; applying the point binomial theorem to cancer records.

Experience or training in the use of higher mathematics is necessary, as well as the ability to do neat and accurate work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

LABORATORY ASSISTANT, DIVISION OF COMMUNICABLE DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,620 a year; the maximum salary is \$1,920 a year.

Vacancies: At present there is one vacancy to be filled on a permanent basis.

Duties: Mainly, to make up media, generally from Difco dehydrated products; to make up dye solutions; to prepare some chemical solutions; to pack outfits for returning bacteriological specimens by mail to laboratories which submitted them; and to perform related work as required.

A knowledge of the following is required: Use of dyes as indicators and as inhibitors of bacterial growth in media, such as the use of phenol red as indicator of acid production and utilization of carbohydrates by bacteria, and the use of brilliant green in bismuth sulfite agar as inhibitor of non pathogens and non inhibitor of enteric pathogens; significance of pH, with approximate

range for pathogens (a scientific understanding or definition of pH is not required); rudiments of the metric system; use of scales to tenths of a gram, of the autoclave, and of sterilizing ovens; section 589 of the Postal Laws and Regulations pertaining to bacteriological mailing cases. The ability to convert pounds into grams and Fahrenheit degrees into centigrade degrees is necessary, as well as the ability and willingness to follow directions accurately and conscientiously.

Entrance Requirement: Applicants must have at least five years of paid experience in a diagnostic public health laboratory.

Substitution: High School or equivalent education may be substituted, year for year, for a maximum of four years of the specified experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STOREKEEPER, INDUSTRIAL SCHOOL FOR GIRLS, DIVISION OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,620 a year; the maximum salary with maintenance is \$1,980 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To divide whole carcasses of beef, lamb, veal and home-dressed hogs into commercial type cuts as designated on menu issued by office and apportion cuts to approximately ten cottage kitchens (average of 26 to 40 persons in each cottage); to receive milk in 40-quart jugs and to deliver the milk in 8-quart cans to the individual cottage kitchens; upon requisition, to issue flour, cereal, butter, eggs, tea, coffee, etc., weekly to the cottages; to issue gasoline from tank and motor oil from drum; to submit daily to the office a record of all receipts and issues and to keep a perpetual inventory; and to perform related work as required.

A thorough knowledge of meat cutting is required, as well as the ability to handle heavy stock received in wholesale lots and packages, such as bags of flour or grain, barrels of fish or molasses, and whole carcasses of meat.

Some night work may be required, for receiving late deliveries of perishable foods.

Entrance Requirements: Applicants who have not reached their thirty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city. Trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Glendale terrace, bounded: Westerly by land supposed to belong to Roman Catholic Archbishop of Boston, forty-five feet; northerly by the northerly line of said Glendale terrace, by three measurements, one hundred twenty-eight and 55-100 feet, fifty-five and 31-100 feet and seventy and 86-100 feet; easterly by land hereinafter described as taken from Scales *et al.*, eight and 25-100 feet; northerly by the same, thirty-nine and 14-100 feet; and southerly by land hereinafter described as taken from W. H. Elliott *et al.*, and by the southerly line of said Glendale terrace, by five measurements, thirty-nine and 32-100 feet, seventy-two and 31-100 feet, fifty-six and 20-100 feet, fifty-five and 66-100 feet and fifty-five and 1-100 feet, containing eighty-one and seventy-five square feet more or less.

A parcel of land, supposed to belong to Henry P. Scales and Dorothy M. Scales, bounded: Westerly by land hereinbefore described as taken from owners unknown, eight and 25-100 feet; northerly by other land supposed to belong to said Scales, fifty-one and 28-100 feet; easterly by land hereinafter described as taken from Shannon *et al.*, eight and 84-100 feet; and southerly by land hereinafter described as taken from W. H. Elliott & Sons Company of New Hampshire and by land hereinbefore described as taken from owners unknown, fifty and 8-100 feet, containing four hundred and eighteen square feet more or less.

A parcel of land, supposed to belong to William J. Shannon and Margaret M. Shannon, bounded: Westerly by land hereinbefore described as taken from Scales *et al.*, eight and 84-100 feet; northerly by land supposed to belong to Shannon *et al.*, fifty-one and 4-100 feet; easterly by land hereinafter described as taken from FitzGerald *et al.*, nine and 97-100 feet; and southerly by land hereinafter described as taken from W. H. Elliott *et al.*, fifty and 51-100 feet, containing four hundred and nineteen square feet more or less.

A parcel of land, supposed to belong to Hugh A. FitzGerald and Ethel N. FitzGerald, bounded: Westerly by land hereinbefore described as taken from Shannon *et al.*, nine and 97-100 feet;

northerly by other land supposed to belong to said FitzGerald *et al.*, one hundred twenty-three and 96-100 feet; easterly by other land hereinafter described as taken from said FitzGerald *et al.*, sixteen and 67-100 feet; and southerly by land hereinafter described as taken from Elliott *et al.*, one hundred nineteen and 56-100 feet, containing ten hundred and four square feet more or less.

A parcel of land, supposed to belong to Hugh A. FitzGerald and Ethel N. FitzGerald, bounded: Easterly by Brayton road, sixteen and 56-100 feet; southerly by land hereinafter described as taken from Elliott *et al.*, fifty and 19-100 feet; westerly by the same, eleven and 27-100 feet; southerly by the same, ten and 48-100 feet; and northerly by other land hereinbefore described as taken from said FitzGerald *et al.*, and by other land supposed to belong to said FitzGerald *et al.*, fifty-nine and 72-100 feet, containing eight hundred and fifty-one square feet more or less.

A parcel of land, supposed to belong to W. H. Elliott and Sons Company of New Hampshire, bounded: Westerly by Crescent avenue, sixteen and 50-100 feet; northerly by land hereinafter described as taken from said Elliott *et al.*, and hereinbefore described as taken from FitzGerald *et al.*, by two measurements, fifteen and 12-100 feet and ten and 48-100 feet; easterly by land hereinbefore described as taken from FitzGerald *et al.*, eleven and 27-100 feet; southerly by land hereinafter described as taken from said Elliott *et al.*, twenty-three and 19-100 feet, containing three hundred and seventy-one square feet more or less.

A parcel of land, supposed to belong to W. H. Elliott and Sons Company of New Hampshire, bounded: Westerly by Crescent avenue, fifteen and 83-100 feet; northerly by land hereinbefore described as taken from said Elliott *et al.*, and by land hereinbefore described as taken from FitzGerald *et al.*, forty-seven and 58-100 feet; easterly by land hereinafter described as taken from said Elliott *et al.*, fifty and 15-100 feet, containing three hundred and seventy-six square feet more or less.

A parcel of land, supposed to belong to W. H. Elliott and Sons Company of New Hampshire, bounded: Easterly by Brayton road, sixteen and 56-100 feet; southerly by other land supposed to belong to said Elliott *et al.*, seventy-one and 93-100 feet; westerly by Crescent avenue, 67-100 feet; and northerly by land hereinbefore described as taken from said Elliott *et al.*, and hereinbefore described as taken from FitzGerald *et al.*, by two measurements, fifty and 15-100 feet and twenty-five and 80-100 feet, containing eight hundred and twenty-two square feet more or less.

A parcel of land, supposed to belong to W. H. Elliott and Sons Company of New Hampshire, bounded: Northerly by land hereinbefore described as taken from owners unknown (Glendale terrace), from Scales *et al.*, from Shannon *et al.*, and from FitzGerald *et al.*, by two measurements, sixteen and 51-100 feet and one hundred eighty-one feet; southerly by land hereinbefore described as taken from said Elliott *et al.*, fifteen and 12-100 feet; and again southerly by other land supposed to belong to said Elliott *et al.*, one hundred eighty-nine

and 23-100 feet, containing fifteen hundred and twenty-seven square feet more or less.

The sewerage works to be constructed are as follows: 468 linear feet of 10-inch pipe sanitary sewer and 468 linear feet of 10-inch pipe surface drain, and in Crescent avenue, 32 linear feet of 10-inch pipe sanitary sewer and 32 linear feet of 10-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Glendale terrace, excluding the lot at the southwesterly corner of Brayton road and Crescent avenue, with a frontage of approximately 123.96 feet, and excluding a portion of Lot 10, with a frontage of approximately 72.31 feet, and Lot 11, with a frontage of approximately 212.04 feet, will receive benefit or advantage from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1296, Sewerage Works, Glendale Terrace, Brighton, March 13, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CIVIL SERVICE EXAMINATIONS.

HEAD TEACHER OF INSTITUTION SCHOOL,
STATE PRISON, DEPARTMENT OF COR-
RECTION, MAY 24, 1947.

must obtain at least 70 per cent in each
subject in order to become eligible.

Physical fitness to be determined by
physical examination.

THE SCHOOL COMMITTEE OF THE
CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING ART EDUCATION
AND MANUAL TRAINING SUPPLIES (IN-
CLUDING CRAYONS FOR KINDERGARTENS)
FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Bos-
ton invites bids for furnishing and delivering
at the several schools and to the Supply Room
of the School Committee, as directed by the
Business Manager, art education and manual
training supplies (including crayons for use
in kindergartens) as per schedule. Proposal
forms are obtainable at the office of the Busi-
ness Manager of the School Committee, tenth
floor, 15 Beacon street. Envelopes containing
proposals must be sealed and plainly marked
"Proposal for Art Education and Manual
Training Supplies (including Crayons for
Kindergartens)." The bid must be in dupli-
cate. One copy, signed by the bidder and
accompanied by a certified check, payable to
the City of Boston, in the amount of \$100,
must be left at the office of the Business
Manager on or before 12 o'clock m. on Mon-
day, April 28, 1947. Copies filed with the
Business Manager will be publicly opened and
read at 12 o'clock m. of the day stated. The
other copy, also signed by the bidder, must
be filed with the City Auditor, City Hall,
Boston, Mass., previous to the time named
for the opening of the bids. The School
Committee reserves the right to reject any or
all bids, and to accept such bid or part of
bid as may be deemed best for the interests
of the city. The successful bidders will be
required to furnish a suitable bond or deposit
of money or other security in the amount of
not less than 50 per cent of the amount of
the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(April 12.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR PLASTIC GAS LAMP GLOBES.

The Supply Department of the City of Bos-
ton invites proposals for furnishing plastic
gas lamp globes to the Public Works Depart-
ment. The bidder must use the form of pro-
posal with specifications and drawing, obtain-
able at the office of the Superintendent of
Supplies, Room 1001, City Hall Annex. The
successful bidder must furnish a bond for one
half the total estimated amount of the bid
with a surety company authorized to do busi-
ness in Massachusetts as surety for the faith-
ful performance of the contract. *There will
be a charge of twenty-five cents (\$0.25) for
each set of proposals.* The bid, with a certi-
fied check for \$300, payable to and to become
the property of the City of Boston if the
proposal is not carried out, must be left at
the office of the Superintendent of Supplies,
before 12 m., Wednesday, April 23, 1947, at
which time and place they will be publicly
opened and read. A duplicate bid, without
check, must be left at the office of the City
Auditor prior to the time named for opening
bids. *Envelopes containing bids to be sealed
and marked "Proposal for Gas Lamp Globes."*
The Superintendent reserves the right to ac-
cept or reject any or all bids, or any part of
a bid, and to award the contract as he deems
for the best interests of the city. All con-
tracts made subject to appropriations to meet
payments thereunder.

WILLIAM I. ROSE,
(April 12.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CABLE TO BOSTON
TRAFFIC COMMISSION.

The Supply Department of the City of Bos-
ton invites proposals for furnishing cable to
Boston Traffic Commission as specified in
proposals to be obtained at the Supply De-
partment, Room 1001, City Hall Annex. *There will
be a charge of twenty-five cents (\$0.25) for
each set of proposals.* The suc-
cessful bidder must furnish a bond for one
half the total estimated amount of the con-
tract with a surety company authorized to do
business in Massachusetts as surety for the
faithful performance of the contract. The
bidder must leave his proposal with a certi-
fied check for \$100, payable to and to become
the property of the City of Boston if the pro-
posal is not carried out, at the above office.
A duplicate bid, without check, must be left
at the office of the City Auditor, prior to the
time named for opening bids. The bids will
be publicly opened and read Monday, April
21, 1947, at 12 o'clock noon, at Room 1001,
City Hall Annex. The Superintendent re-
serves the right to accept or reject any or all
bids, or any part of a bid, and to award the
contract as he deems for the best interests of
the city.

WILLIAM I. ROSE,
(April 12.) Superintendent of Supplies.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PUBLIC AUCTION.

104 AND 106 MERIDIAN STREET, EAST BOSTON.

The City of Boston will sell at public auc-
tion all its right, title and interest in and to
about two thousand eight hundred thirty-
three (2,833) square feet of land situated on
the westerly side of Meridian street, East
Boston, numbered 104 and 106 in the number-
ing of Meridian street, shown on Transit De-
partment plan T. T. 919 as area "ABCDEFA,"
of which an area consisting of one thousand
eight hundred thirty-six (1,836) square
feet shown on said plan as "SRPOBCGFJS,"
is reserved for tunnel purposes.

Time of Sale: Thursday, April 24, 1947, at
10.30 a. m., on the premises. Minimum price
is one thousand dollars (\$1,000).

A deposit of three hundred dollars (\$300),
in cash or certified check, is required at the
time and place of sale, balance to be paid in
thirty (30) days.

The Transit Department reserves the right
to reject any or all bids. Further particulars
from the City of Boston Transit Department,
294 Washington street, Boston.

CITY OF BOSTON.

BOARD OF ASSESSORS.

NOTICE TO BIDDERS.

At a meeting of the Board of Assessors, it
was voted that the Board of Assessors of the
City of Boston, hereinafter designated as the
Board, Room 301, third floor, City Hall Annex,
invite proposals from citizens of the United
States and corporations or other legal asso-
ciations wherein the controlling interest to
the extent of at least over one half thereof
is owned by a citizen or citizens of the United
States, for furnishing one (1) original and
one (1) or three (3) typewritten copies of
the list of assessed polls (males); and type-
writing one (1) original and five (5) copies
of poll tax bills, and giving bond therefor of
a surety company approved by the Board in
the sum of one thousand (1,000) dollars, to
secure the due performance of the contract
and the full protection of the city. Forms
of proposals may be obtained at Room 301,
City Hall Annex, third floor, Boston. Each
proposal should be inclosed in an envelope,
sealed, marked "Proposal for Furnishing
Typewritten List of Assessed Polls and Poll
Tax Bills," and left at Room 301, City Hall
Annex, third floor, Boston, before 12 m.,
April 16, with a certified check for five hun-
dred (500) dollars, payable to and to become
the property of the city, if the proposal,
after acceptance, is not carried out. The
proposals will then and there be publicly
opened and read. Proposals must be made in
duplicate, the sealed duplicate, without check,
to be deposited by the bidder with the City
Auditor previous to the time named for open-
ing the proposals. The Board reserves the
right to reject any or all proposals or to
award the contract as it may deem for the
best interests of the city so to do.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING WATER MAINS IN BEACON STREET, CITY PROPER, AND WEST SECOND STREET, SOUTH BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying water mains in Beacon street, City Proper, and West Second street, South Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying Water Mains in Beacon Street, City Proper, and West Second Street, South Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, April 18, 1947, with a certified check for twelve hundred (1,200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(April 12.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BLACK STEEL PIPE.

The Supply Department of the City of Boston invites proposals for furnishing black steel pipe, on specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, April 22, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Pipe."* The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(April 12.) Superintendent of Supplies.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING PASSENGER ELEVATOR IN NURSES' HOME, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installing passenger elevator in Nurses' Home, Long Island Hospital.

Proposals will be received until 12 o'clock noon, Monday, April 21, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,

(April 12.) Commissioner of Institutions.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ELECTRIC REFRIGERATORS FOR BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for electric refrigerators as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Refrigerators."* *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Tuesday, April 22, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(April 12.) Superintendent of Supplies.

PROPOSALS FOR THE DESIGNING, FURNISHING PLANS, AND THE FURNISHING AND INSTALLATION OF OIL-BURNING EQUIPMENT, INCLUDING STORAGE TANKS AND PUMPS, FOR THE POWER PLANT AT LONG ISLAND HOSPITAL, BOSTON HARBOR.

The Commissioner of Institutions of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for the designing, furnishing plans, and the furnishing and installation of oil-burning equipment, including storage tanks and pumps, for the power plant at the Long Island Hospital.

Proposals will be received until 12 o'clock noon, Monday, April 28, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$7,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, APRIL 19, 1947.

NO. 16

MAYOR CURLEY REPLIES TO COMMITTEE ON TAXATION OF THE BOSTON BAR ASSOCIATION—POINTS TO FACT THAT THE NINE MEMBERS WHO SIGNED REPORT OF COMMITTEE ARE NOT RESIDENTS OF BOSTON AND MANY OF THEM HAVE BEEN ACTIVE IN SEEKING ABATEMENTS ON PROPERTIES IN BOSTON BEFORE THE TAX APPELLATE BOARD—ALSO CHARGES AIM TO GET CONTROL OF ASSESSING DEPARTMENT TO RELIEVE OWNERS OF HIGH-VALUED PROPERTY IN DOWNTOWN DISTRICT FROM EQUITABLE SHARE IN COST OF CONDUCTING AFFAIRS OF CITY AND TO PLACE GREATER BURDEN ON SMALL HOME OWNERS—POINTS OUT GLARING FALLACIES IN RECOMMENDATIONS.

The Mayor on April 14 released the following letter:

Committee on Taxation of the Boston Bar Association,
21 School Street, Boston, Mass.

GENTLEMEN,— I have received from the press a copy of your report on taxation of real estate in Boston. It is unfortunate that the nine men who signed the report representing your committee are all nonresidents of Boston and that many of them have been very prominent in the seeking of abatements on properties in Boston before the Tax Appellate Board.

It is apparent that the purpose of the group is to secure control of the Assessing Department of the City of Boston for the purpose of relieving the groups that they represent, largely owners of high-valued property in downtown Boston, from their equitable share of the cost of conducting the affairs of the city and transferring the same to the small home owners and apartment house owners.

The policy adopted by the Assessors in 1946, I trust, will be the policy adopted for 1947, namely, no increases in the valuation of small homes or apartment house properties other than the increases which should be made where improvements or additions to properties have been made. This is the only method, to my mind, by which it is possible to prevent increases in rentals, which simply add to the burden of the small home owner or rent payer.

Recommendations and Replies.

Some six recommendations have been made by the group, and my answers to the recommendations as made are here presented categorically:

1. The recommendation of the committee for a complete revaluation of the properties in the city by a qualified commission would render a Board of Assessors for the city unnecessary, and would result in confusion and the impairment of values generally.

2. The committee recommends the introduction of new forms of taxation to provide sufficient funds to operate the city. My answer is that the city has no power to adopt new forms of taxation without authorization of the Massachusetts Legislature, but the public utterances of his Excellency Governor Robert F. Bradford indicate not only that he is aware of the plight of Boston, but of all cities in the state and America. The same policy that has been pursued by Governor Dewey in New York, who in 1943 appointed a special commission for the purpose of relief for the cities of that state, I trust will speedily be adopted for all cities in Massachusetts. It must be understood that during the year 1946 the enactment of the six-day week for policemen, the increase in salaries for school teachers, veterans' legislation, and welfare, plus the adoption by the electorate of a 48-hour week for the firemen, were all adopted with no provisions made by the Legislature for funds to meet these added expenses, and, unless relief legislation is adopted before the prorogation of the current session of the Legislature, it will simply add a colossal burden to real estate, which today is bearing more than 70 per cent of the total cost of conducting the activities of the city.

3. The third recommendation is that "requirements should be established under which only qualified persons shall be eligible for appointment as Assessors and the Assessors, so appointed, shall be free from interference and control by the Mayor." In reply, I call your attention to the fact that the 50 First Assistant Assessors whose duty it is to evaluate the real estate for the City of Boston are men who have qualified for these positions through examination and who have been certified by the Department of Civil Service. The five Deputy Assessors, three Second Assistant Assessors, and the entire clerical force are all drawn from the civil service list, over which the Mayor has no control.

(Continued on page 501.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 21, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending April 12, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 223; nonresidents, 52; total, 275.

Death rate per 1,000 of population: All deaths, 18.66; nonresidents deducted, 15.13.

Death rate per 1,000 of population:

Last week, 15.67; corresponding week last year, 17.02.

Deaths by age periods, sex, etc.: Under one year, 26; one year to four years, inclusive, 4; sixty years and over, 174. Total deaths: Male, 145; female, 130; deaths in hospitals and institutions, 175.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR CURLEY RECEIVES FROM CHAIRMAN OF BOARD OF ASSESSORS, PETER J. ALLEN, REPLY IN REFUTATION OF ALLEGATIONS MADE BY FINANCE COMMISSION IN MATTER OF TAX ABATEMENT AWARDS—CALLS ATTENTION TO WISDOM USED IN ABATEMENTS FOR BENEFIT OF CITY—CHARGES ERRORS IN STATEMENT AND ALSO IN FIGURES BY WHICH CONCLUSIONS WERE REACHED—STATES BOARD OF ASSESSORS IS CONSCIENTIOUSLY TRYING TO EVALUATE ALL PROPERTY OF CITY AT FULL, FAIR, CASH VALUATION—ALL MEMBERS CAPABLE AND LOYAL TO SWORN DUTY.

Chairman of the Board of Assessors, Peter J. Allen, on April 11 addressed the following letter to Mayor Curley in answer to Finance Commission charges:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The letter of the Finance Commission, dated April 9, 1947, repeats at great length one of the many charges set forth in the previous letter of the Commission. The errors expressed in all the Commission's charges in its previous letter were brought to light in my reply to the letter which I forwarded to you on March 3, 1947.

In the letter of April 9, 1947, the Commission reiterates its criticism of the conduct of the Board of Assessors during the year 1946. The Commission says "the degree of generosity to the property owners by the 1946 Assessors in award of abatements of valuations which had been fixed by the previous assessors was amazingly in conflict with the policy of the Board in its determination of valuation in June, 1946, of the tax rate computation." In support of this criticism the Commission states that the Board offered "unusually generous settlements without trial; the Board has claimed that its policy resulted in 6,211 appeals having been thus withdrawn; but then despite this acknowledgement that valuations through the years preceding had been set too high. The Board increased valuations on the highest valued commercial property."

It is difficult for me to believe that the Commission is so naive as to think that the market value of real estate in 1946 was not higher than the market in the years 1941 through 1945. Valuation increases were well warranted in 1946, and at the present writing further increases seem warranted in respect to 1947 value. However, the market value in 1946 and in 1947 will have practically no bearing on the petitions for abatement now pending before the Appellate Tax Board in respect to the years 1941 to 1945. Cases so pending must either be tried or settled, and, in view of the fact that the average abatement made by the Appellate Tax Board in cases currently tried before it is 26 per cent, settlement by this Board without trial is an act of prudence whenever such settlement can be effected by means of an abatement of less than 26 per cent of the assessed valuation.

COMMISSION STATEMENT.

The Commission after an exhaustive examination of our records states that the average abatements made under such a settlement represents 18 per cent of the assessed valuation rather than the 26 per cent which would be incurred if the cases had been tried. Surely such a saving in itself is evidence of wisdom on the part of this Board. As a matter of

fact, through faulty arithmetic or possibly through a desire not to see the whole truth, the Commission has erred in its computations. The average abatement effected by means of settlement is at a rate far below the 18 per cent determined by the Commission, as you will note in my letter of March 3, 1947. If the Commission had given consideration to the numerous cases (the most important of which was the Gilchrist Company matter) in which withdrawals of pending appeals had been secured by this Board without granting one penny of abatement, it might then recognize that its computation of 18 per cent, favorable as it is in contrast with the 26 per cent suffered at the Appellate Tax Board, nevertheless is erroneously high.

In my letter of March 3, 1947, I set forth an answer to the Commission's contention that \$33,000,000 out of the total increase of \$57,000,000 in the 1946 levy had been abated by this Board by January 31, 1947. I pointed out that, while it was true that abatements were granted in the period up to January 31, 1947, it was equally untrue that the abatements referred to the properties whose assessed valuations were increased in 1946. The Commission now comes forward with the repetition of its criticism on this point, stating now that \$52,000,000 of June, 1946, valuations have already been abated, thus eliminating the major part of the \$57,000,000 increase. I can only repeat that the Commission appears to have a misconception of the facts. The abatements were not made on the properties whose 1946 valuation was increased; they were made in the most part upon 1946 valuations of properties, appeals upon which were pending for all prior years. The 1946 abatement in each case represented part of the settlement whereby withdrawals of all previous pending appeals were procured. The abatements in respect to the properties whose 1946 valuations were increased in the amount of \$57,000,000 do not total \$82,000,000, as the Commission alleges, but rather total \$6,600,000. I desire to emphasize that this relatively low amount represents settlements of pending applications and pending appeals at a figure far below the average of 18 per cent obtained by the Commission in its erroneous computations.

OBVIOUS ERRORS.

There are further obvious errors in the Commission's computations; on page five of its letter of April 9, 1947, it states, "in one hundred and fifty-three cases . . . valuations which had been in-

creased in June of 1946 in the amount of \$11,056,760 were later reduced. . . ." Under the assessing system now practiced in Boston it is absolutely impossible for the Assessors to obtain a figure of \$11,056,760. If the entire report of the Commission is as inaccurate as its statement in this respect, little weight should be given to it.

The Commission sets forth a chart indicating the percentage of abatements made by the Appellate Tax Board in the years from 1933 through 1946. This chart constitutes the best argument ever presented for the abolition of the Appellate Tax Board. In 1946, during a boom in the real estate market, the Appellate Tax Board granted abatements averaging 25.10 per cent. This figure is higher than the figure of 22.19 per cent for the year 1935, in the depth of the depression. It is approximately twice the 1937 average, when much of the population secured its living only through the means of the various governmental agencies. The figure for 1946 compares absurdly with the 1945 average abatement of 11.64 per cent. How could anyone possibly say that the Appellate Tax Board should grant larger abatements in 1946 than in any of the previous years cited?

The Board of Assessors is proud of its accomplishment in securing 6,211 withdrawals of pending appeals at substantial saving to the city.

Through some peculiar reasoning the Commission finds in the record of the Appellate Tax Board corroboration of the Commission's contention that the Board of Assessors "has continually chosen to develop figures which would bring about a particular rate rather than provide a fair valuation." If such a criticism were true, it would necessarily follow that the number of appeals to the Appellate Tax Board would show a substantial increase. An examination of the record proves the contrary. The number of appeals in respect to 1946 assessments is approximately 30 per cent below the figure of the preceding year.

The Board of Assessors is conscientiously endeavoring to evaluate all of the property of the city at its full, fair, cash valuation. When each member of the present Board was appointed to office, he swore to the following oath: "I, having been chosen to assess taxes and estimate the value of property for the purpose of taxation for the City of Boston, do swear that I will truly and impartially, according to my best skill and judgment, assess and apportion all such taxes as I may during that time assess; that I will neither overvalue nor undervalue any property subject to taxa-

tion, and that I will faithfully perform all the duties of said office."

It is the firm intention of each and every member of this Board to conform to this oath.

Respectfully,

BOARD OF ASSESSORS,
PETER J. ALLEN, *Chairman*.

PUBLIC WORKS COMMISSIONER REPLIES TO FINANCE COM- MISSION REPORT.

The following letter was received by his Honor the Mayor from Commissioner Curley of the Public Works Department:

DEAR MR. MAYOR,—The report of the Finance Commission, which I received on April 10, contains figures for the collection and disposal of refuse in various cities throughout the United States.

In the first place, if you will locate these cities on the map, you will find that most of them are in areas that are on the pipe line of natural gas from the Southwest. That means that the majority of buildings and homes in these areas are heated by natural gas, from which there is no residue or refuse collection.

The cost of collection and disposal is dependent upon so many variable factors, such as climatic conditions, the character of the refuse, and the method of collection, that we cannot use the net cost per capita with any degree of accuracy.

The Finance Commission figures are so far in error that it is questionable whether any attempt has been made to compile the real figures, or whether they have assembled figures merely to put the City of Boston in bad standing. The Public Works Department has reliable figures in its possession which refute the figures used by the Finance Commission for many cities referred to in its report.

We are sure there is no city in the country that receives the service—from a sanitary point of view—that you get here in Boston. Even areas in Boston differ with the amount of service necessary. In some districts we collect by the week; in other districts we collect daily. So, you see, a great many things enter into the costs.

Now, when you go into the costs of disposal, either in incineration or by the land-fill method, it is practically impossible to get a true picture of costs, because in many areas it runs so high that it would be embarrassing to make it public. Take Baltimore, for instance, a city which compares favorably with the City of Boston in population, in which they have a great deal less of ash refuse because of their geographical location. They collect on a weekly average, and their costs—and they use incineration and land fill—are \$2.95 per capita, which is quite comparable with Boston.

Boston produces approximately one ton of refuse per capita; other cities, because of difference in location and collection, produce only one half-ton per capita.

Let us take New York City, for instance. The sanitary budget for 1947 for New York City is approximately \$68,000,000, a figure that is higher than the entire budget of the City of Boston. The entire budget for sanitary services in the City of Boston is \$4,400,000. New York has approximately ten times the population of Boston. Therefore, the sanitary budget of New York should be approximately ten times the size of the

Boston sanitary budget. So it hardly follows that New York's costs could be as low as those of Boston.

The position of the Public Works Department in regard to incineration is now as it always has been. Boston will have incineration, but the people of Boston must be told that when they have incineration they are going to pay for it, because it is not a cheap form of disposal. We have gone to great lengths in the study of incineration, so that we may develop the best type suitable for our purposes. The services of an engineer have been obtained, and the plans at the present time are on the drawing boards, and in the near future bids will be asked for the construction of the Brighton incinerator.

We believe the Finance Commission is sincere in its efforts to lower the costs of refuse collection and disposal in the City of Boston. The Public Works Department is doing everything in its power to cooperate without curtailing its present high degree of efficiency in this important service.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

MEMBER OF BOSTON BAR ASSO- CIATION TAKES EXCEPTION TO COMMITTEE ON TAXATION REPORT, SO FAR AS MAYOR CURLEY'S ADMINISTRATION IS CONCERNED—PRAISE BE- STOWED INSTEAD.

The following letter was received by the Mayor from Charles W. Mulcahy, 939-40 Park Square Building, Boston:

DEAR MR. MAYOR,—I was very much embarrassed to read in this morning's press a report of the Committee on Taxation of the Bar Association of the City of Boston, of which I am a member, containing charges as to the methods and practices followed by the Board of Assessors with respect to the abatement of taxes in the City of Boston. While I am, in general, in accord with these complaints, so far as they relate to prior years, it is, in my judgment, unwarranted to make these charges applicable to your administration. To the contrary, it is my belief, based upon my own recent experiences in this matter, that your administration is sincerely attempting to do a constructive and efficient job in straightening out a deplorable situation, largely inherited from past years, with respect to overvaluations.

Within the last few weeks, when the Boston Elevated Railway Company was in critical need of obtaining refund of taxes for the years 1943-46 upon certain properties recently held by the Supreme Judicial Court to be exempt for the years 1939-42, you personally undertook, and arranged several conferences for that purpose, to interest the City Law Department and the Board of Assessors to take prompt action to carry through the abatements for the later years upon these properties and certain other properties of a similar character and to effectuate the refunds resulting therefrom, which might have been indefinitely delayed if your administration had seen fit to employ obstructive or dilatory tactics. This was done by you and the Board of Assessors, notwithstanding the fact that these abatements amounted to upwards of one and one-half million dollars, or approximately one dollar upon the Boston tax rate.

In this morning's press my name is connected with this report as a member of the Committee on Taxation of the Bar Association. I did not, however, sign the report, nor did I see the final draft. I was furnished with a preliminary draft of the report several months ago, but, on account of the pressure of other business, I was unable to attend later meetings of the committee or to give the matter further attention. My failure in not having attended the later committee meetings, or to have objected earlier to the criticisms contained in the report so far as directed at the present administration, is embarrassing to me as it may well have led the committee to assume that I had no objections to the report as released in its final form.

However, I cannot let my personal embarrassment in this regard result in failure to give credit where credit is due, or to stand in the way of a frank and full acknowledgment of the cooperation of your Honor, the Chairman of the Board of Assessors, and the other officials of your administration in effectuating the abatements above referred to promptly and expeditiously in the public interest, irrespective of consideration of political expediency.

I am sending a copy of this letter to Mr. Allen, Chairman of the Board of Assessors, and to Mr. Nichols, Chairman of the Committee on Taxation of the Boston Bar Association.

Sincerely yours,
CHARLES W. MULCAHY.

WARREN BRIDGE CLOSED TO HEAVY TRUCKS.

Public Works Commissioner Robert P. Curley has announced that because of the condition of the structure, due to its age, Warren Bridge, which crosses the Charles river adjacent to the North Station, is considered unsafe for loads in excess of eight tons.

Signs will be posted immediately, the commissioner stated, to restrict loads to eight tons.

Warren Bridge is a very old bridge, having been in use since 1883, and, Mr. Curley added, this action has had to be taken at this time as a matter of public safety.

WILL SELL VOTING COMPART- MENTS.

The Mayor has approved the following request of the Board of Election Commissioners:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Because of the installation of voting machines, the Election Department has a surplus number of voting compartments, which are no longer needed for departmental uses.

From time to time, this department is requested to sell one or more of these compartments to individuals representing organizations.

In view of this, your approval is hereby requested to the sale by the Election Department of not more than \$200 worth of these voting compartments, such sales to be made to responsible individuals or groups, and such compartments to be sold for \$10 per set of two compartments. A record will be maintained in this office of each sale.

Respectfully,
BOARD OF ELECTION COMMISSIONERS.
MICHAEL J. MANNING, *Commissioner*.

MAYOR CURLEY REPLIES TO COMMITTEE ON TAXATION OF THE BOSTON BAR ASSOCIATION.

(Continued from page 497.)

ALREADY IN OPERATION.

4. The fourth recommendation is that "an intermediate board to act on petitions for abatements without the formality of a trial shall be established, at least temporarily, so that the taxpayers would be able to dispose of pending cases on a fair, prompt, and informal basis." In reply I beg to state that a system for the reviewing of petitions for abatement without the formality of a trial has been in operation for some years. A pre-trial hearing is conducted by a Principal Assessor whose duty it is to act in all cases before the Appellate Tax Board prior to the formal trial.

5. The fifth recommendation is that "the bar should insist that persons appointed to the Appellate Tax Board be qualified for their work." This recommendation meets with my wholehearted approval.

6. The sixth recommendation is that the "Supreme Judicial Court should be granted the power on appeals from the Appellate Tax Board to review findings of facts as well as questions of law." I am fully in accord that legislation to accomplish this end should be enacted.

I beg to state that some 16 years ago I instituted the establishment of a Block System for the evaluation of property in the City of Boston, and work upon the system was conducted for a period of two years, and much money was expended. A succeeding administration scrapped this most essential movement, with the result that nothing has been done in the matter since 1933.

It is my intention that the Block System be completed. It is a work most intricate and difficult and will probably require at least one year for its consummation.

Sincerely,

JAMES M. CURLEY, Mayor.

CITY TO PROSECUTE VANDALISM IN SCHOOL PROPERTY BY YOUNG HOODLUMS.

The following letter was sent to Mr. Arthur L. Gould, Superintendent of Schools, Rev. Cornelius T. Sherlock, head of parochial schools, and Police Commissioner Thomas F. Sullivan:

DEAR SIR.—The indications are that the loss to the city due to vandalism in the breakage of windows in the school buildings and gas lamps and electric globes results annually in the vicinity of \$100,000.

With a view to preventing a similar loss this year, I am respectfully requesting that you call to the attention of all pupils in all of the schools that it is the intention of the city to have the Law Department prosecute all cases of vandalism directed to their attention, and to request the courts to assess a fine, equal to the loss sustained by the city in each case, upon the parents of those responsible.

It would, in my judgment, be possible to prevent loss of this character, in the future, provided the views as here set forth are impressed upon the pupils.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR APPROVES BOARD OF ASSESSORS' PLAN FOR EVALUATING BUILDINGS FOR TAX PURPOSES.

The following letter was received by the Mayor from Peter J. Allen, Chairman of the Board of Assessors:

DEAR SIR,—The Board of Assessors intend, for the year 1947, to make every effort to determine the entire valuation of the city at an early date. The present law, postponed in operation for one year due to expected repeal, which did not materialize in the Legislature, requires this Board to show all of the valuations on each building on every parcel of land which contains two or more building structures.

This information must be shown on the field assessment record and on the tax list, in order to get it where the law requires—on the tax bill. The Board determined it necessary to have some of the 1947 field assessment records prepared by competent employees in the department, outside of regular office hours, upon a measured basis, which is indicated below.

The name of the employees thus assigned and the field assessment record given to them for completion are set forth in the following table with the total measured compensation, which has been provided for in the budget estimates for the year 1947:

CLERK.	Ward.	Book.	Compensation.
J. DeMarco	1	A	\$147

Total			\$6,084

Your approval of this expenditure under the 1947 appropriation is respectfully requested.

PETER J. ALLEN.

MAYOR WANTS PART OF "BABE RUTH" FILM TO FEATURE HOME RUN KING'S LIFE IN BOSTON.

The following letter was sent to Babe Ruth from his Honor the Mayor on April 3, 1947:

MR. GEORGE HERMAN RUTH.

110 Riverside, New York City, N. Y.

DEAR FRIEND BABE.—I read in the newspapers this morning that you had reached an agreement with President Herbert J. Yates to have Republic Pictures portray for all posterity your life as baseball's home run king.

The news was very pleasing to me. I have felt for a long time that such a recording should be made, not only for the enjoyment and admiration of the baseball fans of today, but for the benefit of the kids of the future.

You started your marvelous major league baseball career in Boston in 1914. Your pitching helped to win two American League pennants for the Red Sox in 1915 and 1916. You first broke out as a home run king while with Boston, when in 1919 you broke the existing record by clouting 29 circuit blows.

The people of Boston love you. The youth of the city idolize you. Don't you think that at least part of your picture should be filmed here? I would be pleased to hear from you or receive a visit from you, health permitting, to discuss my ideas.

Sincerely,

JAMES M. CURLEY,
Mayor of Boston.

The following letter was received on April 14 by his Honor, James M. Curley, Mayor, from J. Paul Carey, II, in reply to his letter to Babe Ruth and Republic Pictures:

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR.—Our good friend Babe Ruth asked me to acknowledge receipt of your letter of April third and thank you for its contents.

It is true that the "Babe" is selling his life story to Republic Pictures, but at this time it is not consummated, but I am sending a copy of your letter to Mr. James Grainger, Executive Vice-President of Republic Pictures, who negotiated the contract. No doubt he will write you personally.

The "Babe" got off to Florida last Tuesday and will be there until about the twenty-first of April. His doctors have asked him to take it easy for two weeks and drink some of that Florida sunshine. When he returns and feels better, I am sure he will look forward to a visit to Boston.

With all good wishes and kind personal regards, believe me, I am.

Sincerely,

J. PAUL CAREY, II.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer to be rebuilt of 18-inch pipe in North street, between Richmond street and North square, in the City Proper district, at an estimated cost of \$4,200.

BUILDING DEPARTMENT.

PUBLIC WORKS COMMISSIONER TO GRANT PERMITS WITHOUT SUBMISSION TO COUNCIL.

The following letter was on April 15 sent to Robert P. Curley, Commissioner of Public Works Department, City Hall, Boston:

ROBERT P. CURLEY, *Commissioner.*

DEAR COMMISSIONER,—I beg to forward herewith a copy of the opinion handed down by the Assistant Corporation Counsel to the City Council at a meeting held on Monday, April 14, 1947. You are accordingly directed to grant permits at your discretion hereafter, without submitting the same to the City Council.

Respectfully,

JAMES M. CURLEY, *Mayor.*

BASKETBALL OFFICIALS PAID.

PARK DEPARTMENT.

BOSTON, March 19, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—For the past 15 years we have been sponsoring a very extensive basketball program in this department. Our basketball leagues are among the largest in the country, and we have been able to operate successful games because they are handled by approved basketball officials of the Eastern Board. The sport is only as good as the officials handling the game, and it is therefore necessary that we have the proper type of officials to conduct these games. They are attended by large crowds in all the gymnasiums in the city.

There are over 1,600 boys and girls competing in these games in various leagues throughout the city.

The basketball season started January 4 and concluded March 15. We employed 59 officials at the games, 40 male and 19 female. They are paid at the rate of \$5 per game. The total amount for their services for the season is \$2,370.

I respectfully request that we be allowed to pay these basketball officials on a separate pay roll, the total amount, \$2,370, to be charged to A-2, Temporary Employees.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

The following-named have been appointed permanent men on probation at the following salaries:

Provisional Military Substitute Edwin G. Neimann, Engine 31, \$2,200 a year.

Lyon, Inc., net; Curley Grain and Fuel Company, 10 per cent; Collins Seed Company, 1 per cent; Joseph Breck & Sons Corporation, 2 per cent; Belt Seed Company, one-eighth of 1 per cent; Courtney Hardware Company, 1 per cent; P. J. O'Donnell Company, 2 per cent.

Remarks.—Stump & Walters Company, prices subject to acceptance by April 10, 1947; O. M. Scott & Sons Company, no bid at auditors; John D. Lyon, Inc., will furnish own formula as alternate bid on all grass seed for \$62.50 per hundredweight; Belt Seed Company, for acceptance by April 11, 1947, unless extension is requested.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing supplies, labor, etc., to the several departments interested. Communications from the heads of the various departments were as follows:

SUPPLY DEPARTMENT.

BOSTON, March 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is recommended that I be granted authority to place an order with the Mine Safety Appliance Company, 30 Huntington avenue, Boston, Mass., for twelve (12) Demand masks complete with 38.4 cubic foot cylinders filled with certified air.

Quotations received on March 18, 1947, for six (6) masks are as follows:

Mine Safety Appliance Company, \$150 each; American Fire Equipment, \$185 each; Ellis Fire Appliance Company, \$185 each; Gorham Fire Equipment, \$185 each; American LaFrance Company, no bid.

The Fire Commissioner has recommended the Demand mask and has increased his requisition from six (6) to twelve (12). The total amount of the order for 12 masks will be:

Twelve Demand masks at \$150 each, \$1,800; less trade-in allowance for 12 Drager oxygen masks, \$120—\$1,680.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 31, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to issue a confirming order for equipment delivered for the education and training of veterans at the Boston City Hospital by the E. F. Mahady Company.

This equipment was purchased direct, as explained in the letter from Dr. Rattigan, Coordinator of Internes at the Boston City Hospital.

The total amount of the order will be \$1,496.92.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Peabody Construction Company has been granted an extension of time for the completion of the contract for alterations at the Lewis School, approved September 11, 1946. Completion date to be extended from January 31, 1947, to April 10, 1947. This extension is requested on account of a shortage of materials.

Peabody Construction Company has been granted an extension of time for the completion of the contract for alterations at the Florence Nightingale School, approved September 5, 1946. Completion date to be extended from February 15, 1947, to April 10, 1947. This extension is requested on account of a shortage of materials.

PARK DEPARTMENT.

Burgess & Blacher Company have been granted an extension of time until May 1, 1947, for the completion of the contract for repairs to roof at Cabot Street Bath, Roxbury.

SUPPLY DEPARTMENT.

Mechanics Iron Foundry Company has been granted an extension of time for furnishing iron castings and bronze fittings to the Sewer Service. The completion date of this contract was December 31, 1946, but owing to the diffi-

culty of securing the necessary materials the contractor was unable to complete deliveries by December 31, 1946. Permission has been given to extend the completion date of this contract until April 30, 1947.

ADDITION TO CONTRACT.

FIRE DEPARTMENT.

Construction Units have been ordered to make the following addition to the contract for alterations and additions to Fire Station, Engine 46, Peabody square, Dorchester:

Addition No. 5.—Furnish labor and material for removing present concrete ramp and sidewalk at Engine House 46 and relaying the entire area with 6-inch concrete reinforced with steel wire mesh, \$885. Original contract, \$26,893. Total contract with foregoing addition, deduction and addition of December 24, 1946, addition of February 14, 1947, and addition of February 28, 1947, \$31,202.01. The present concrete ramp running from the fire station to the street is broken in several places and in general poor condition. In its present state, the ramp and sidewalk could be the cause of injury to the apparatus or pedestrians. Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

H. A. Smith has been allowed to amend the contract dated November 7, 1946, for repairs to roofs, West Wing, Women's Hospital, Recreation Building, and Nichols Building, at Long Island Hospital as follows:

By striking out in Article II, page 7 thereof, the date of completion appearing therein, "December 15, 1946," and substituting in place thereof the date "March 1, 1947."

SUPPLY DEPARTMENT.

The Warren Foundry and Pipe Corporation has been allowed to amend the contract dated April 5, 1946, by striking out the words "December 31, 1946" as appearing on page 16 of said contract and substituting in place thereof the words "April 30, 1947."

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following buildings as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 7 and 8 Fulton place, Ward 3, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 5 Kelly place, Ward 2, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 35 Dover street, Ward 3, with such assistance as required, and vacate forthwith.

FIRE DEPARTMENT ORDERS.

General Order No. 30.

I. ASSIGNMENT OF MEN ON PROBATION.

Assignment of the following provisional military substitutes as men on probation, which will become effective at 8 a. m., Wednesday, April 9, 1947, is hereby announced:

James L. Finch, Rescue 3.
James F. McEleney, Engine 36.
Arthur P. Larvey, Engine 4.
James P. Duffy, Ladder 21.
William V. Corbett, Engine 2.
Daniel J. Bagley, Engine 12.
Thomas E. Kelly, Ladder 12.
Thomas J. Carroll, Engine 42.
Louis M. Bacigalupo, Ladder 31.
James J. Murphy, Jr., Engine 44.
Lawrence J. Hall, Engine 33.
Robert P. Beltramini, Engine 23.
James G. McPherson, Engine 43.
John H. Shea, Engine 1.
Robert J. Laubenstein, Ladder 20.
George L. Lyons, Jr., Engine 43.
Andrew E. O'Brien, Ladder 27.
Louis M. McLaughlin, Engine 47.
George McCloskey, Ladder 7.
Cleveland W. DeRoche, Ladder 27.
Richard A. Kemp, Ladder 20.
William J. Chisholm, Engine 50.
John P. Vahey, Engine 39.
Thomas P. O'Keefe, Ladder 5.
Fred I. Smith, Engine 12.
Francis M. Keane, Rescue 1.
Vincent L. McCauley, Engine 4.
Thomas J. Walsh, Engine 29.
William M. Mahoney, Engine 27.
John O. Doldt, Ladder 15.
Peter A. Umile, Engine 12.
John J. Waldron, Ladder 23.
John T. Alecks, Engine 15.
George W. Daly, Engine 21.
Harry Grolnic, Engine 3.
Kenneth J. Jennings, Engine 7.
Martin E. Manning, Engine 3.
John J. Gaddis, Ladder 20.
William F. Ahern, Engine 4.
Lawrence J. McAdams, Jr., Engine 31.
Matthew Niail, Ladder 28.
Charles E. Seaboyer, Engine 46.
Robert D. McGilveary, Engine 49.
John F. Gilbrook, Rescue 1.
Joseph F. Kenneally, Ladder 6.
Raymond R. Doldt, Engine 44.
Joseph G. Flynn, Engine 15.
Paul F. Lombard, Rescue 3.
Joseph L. Hurrie, Rescue 1.
Richard S. Doherty, Ladder 13.
Gerald J. McEachern, Ladder 4.
Russell J. Kingston, Ladder 20.
Joseph P. Feeney, Engine 1.
Charles H. Dunbar, Engine 5.
Martin H. Mullen, Engine 7.
Michael J. Nichol, Engine 37.
Charles C. Bezylnski, Ladder 20.
John J. Geagon, Engine 32.
Thomas V. Walsh, Engine 44.
Edwin C. Neimann, Engine 31.

Assignment of the following provisional firemen as men on probation, which will become effective at 8 a. m., Wednesday, April 9, 1947, is hereby announced:

Francis W. Quigley, Engine 19.
William E. Hackett, Engine 21.
Francis P. Sullivan, Engine 52.
Joseph C. Morgan, Engine 8.
James F. Mahoney, Jr., Ladder 17.
John J. Creedon, Engine 32.
Paul B. McNiff, Ladder 3.
John A. Hawkins, Ladder 16.
John S. Kane, Engine 23.
George F. Bacigalupo, Engine 5.
Joseph F. Vogel, Ladder 20.

Ralph J. DiCarolus Engine 40.
Peter V. Arnao, Engine 21.
Aloysius P. Barron, Engine 15.
Harry Brundige, Engine 45.
Thomas J. Hagan, Engine 23.
George R. Haines, Ladder 18.
Robert M. Doheney, Engine 32.
John F. Downey, Engine 31.
Paul J. Bouche, Engine 17.
Joseph A. Houghton, Engine 48.
Joseph F. Coleman, Engine 52.
Richard F. Hutchinson, Engine 40.
James F. McMahon, Jr., Rescue 1.
John C. Barrett, Jr., Engine 12.
Francis P. Dowling, Ladder 23.
Paul F. Curran, Ladder 16.
John P. Keaveney, Engine 14.
Thomas C. Riley, Ladder 23.
Edwin I. Mitchunes, Engine 32.
Mitchell J. Sikora, Ladder 26.
Richard T. Daley, Engine 41.
Paul J. Clancy, Engine 31.
John C. Sullivan, Ladder 22.
Philip R. Loring, Jr., Engine 42.
Edward J. Casey, Engine 37.
Edward V. Kelly, Engine 46.
Frank Meloski, Ladder 32.
Vincent T. Collins, Engine 34.
William B. Linnane, Engine 41.
George H. Cutlip, Engine 42.
Frederick J. Brady, Ladder 4.
Robert J. Shaughnessey, Ladder 8.
William J. Spitz, Rescue 2.
Harold J. Mahoney, Engine 7.
Raymond M. McDonough, Engine 21.
Edward E. Gurnon, Engine 25.
Daniel F. Harrington, Engine 31.
Arthur W. Zahn, Engine 10.
Nilus J. Mackey, Engine 41.
James J. Kennedy, Ladder 15.
Walter J. LaMontague, Engine 33.
Lloyd C. Phillips, Ladder 12.
Roland P. Sferrazza, Rescue 2.
Frank P. Oldakowski, Engine 43.
James M. Ryan, Engine 50.
Walter F. Whelan, Ladder 20.
John J. Casey, Ladder 29.
John F. Regan, Jr., Engine 46.
John F. Collier, Ladder 5.
William R. Benson, Ladder 14.
Steven H. Ostis, Ladder 28.
Andrew W. Donlan, Engine 1.
Robert A. Cook, Engine 12.
John E. Mullen, Engine 10.
Walter G. Smith, Engine 30.
Lester W. Franklin, Engine 37.
Paul C. Connors, Engine 3.
John J. Mahoney, Jr., Engine 33.
John E. Driscoll, Engine 14.
Alfred F. Hamel, Jr., Engine 17.
Walter D. Holden, Jr., Ladder 6.
Francis X. Collins, Ladder 27.
Albert Templeton, Engine 2.
Ivan D. Henderson, Ladder 30.
William F. Schneider, Ladder 27.
Thomas F. Bohan, Engine 43.
Stanley W. Zebal, Engine 45.
Lawrence P. Dynan, Ladder 28.
Edward T. Gregory, Rescue 1.
Robert F. Emerson, Engine 12.
Morley J. Carter, Ladder 30.
John T. Moran, Engine 12.
Carl F. Cuqua, Ladder 4.
Domenic Memmolo, Ladder 31.
Paul W. Buchanan, Ladder 16.
Joseph P. Boyd, Ladder 3.
Richard C. Foley, Engine 53.
Samuel J. Craddock, Engine 20.
Leo P. Trainor, Engine 34.
Joseph E. LeBlanc, Engine 5.
George E. Butler, Engine 15.
Norman L. Maver, Ladder 16.
William T. Malone, Ladder 28.
Michael J. Nee, Ladder 10.
Willard E. Jones, Engine 49.
Vincent J. Kilmuff, Rescue 2.

Charles M. Walker, Jr., Ladder 28.
Timothy J. Kerins, Engine 24.
Reid B. Macdonald, Ladder 25.
Francis A. Cady, Ladder 20.
Robert D. Healy, Engine 28.
Francis P. O'Neil, Engine 17.
Gerald E. Murphy, Engine 49.
William L. Eaton, Ladder 29.
Lawrence T. White, Engine 29.
Bernard E. Farwell, Ladder 7.
Frank LaCambria, Engine 10.
Joseph F. Pishkin, Engine 20.
John J. Roust, Engine 50.
John L. Mazzeo, Engine 37.
Joseph T. Farley, Ladder 9.
John T. Doherty, Engine 53.
Anthony J. Rock, Engine 53.
James J. Downey, Engine 22.
John J. McHugh, Jr., Ladder 11.
Daniel J. Parma, Ladder 15.
John F. Greene, Ladder 24.
Leonard B. Johnson, Engine 13.
Thomas F. Lane, Engine 48.
Earl H. Henson, Engine 14.
Robert E. Bluthardt, Engine 46.
Frank A. Kane, Ladder 3.
Edward B. Rist, Ladder 11.
Charles E. McCarthy, Ladder 30.
John A. Hardy, Engine 22.
William J. Walsh, Jr., Ladder 2.
John J. Heffernan, Engine 3.
Anthony G. Calello, Engine 5.
Walter Bithony, Engine 22.
William H. Foley, Engine 24.
Joseph P. Connolly, Engine 2.
Leonard F. Hansford, Engine 9.
Daniel F. Kent, Ladder 22.
Joseph J. Censullo, Engine 9.
Alfred M. McLaughlin, Engine 36.
Frank S. Douglin, Engine 44.
Albert F. Sargent, Engine 30.
Louis Christina, Engine 44.
Raymond B. Morehouse, Engine 8.
Benjamin H. Fiske, Jr., Engine 43.
Edward J. O'Toole, Engine 25.
Bernard McEachern, Engine 12.
John J. Sullivan, Engine 32.
Ralph H. George, Engine 45.
Angelo J. Koutrouba, Rescue 3.
Richard E. Pare, Engine 44.
David Shubert, Engine 5.
George E. Morey, Ladder 9.
Paul R. Cardoza, Ladder 23.
James W. Hounsell, Engine 48.
William F. Kelleher, Ladder 32.
Joseph D. Muscato, Engine 25.
David J. Hansford, Ladder 5.
Patrick J. Roache, Engine 34.
John R. Howard, Ladder 27.
Rodney W. Stratton, Ladder 16.
Edward T. Upton, Ladder 6.

All the foregoing men on probation shall report to the Fire Commissioner's office not later than Thursday, April 10, 1947, in order to sign Civil Service and Retirement System papers. Company commanders shall see to it that all members of their respective commands named above report to Headquarters within the time specified.

Assignment of the following-named as men on probation, which will become effective at 8 a. m., Wednesday, April 9, 1947, is hereby announced:

Paul F. Gearin to Engine 17.
Thomas R. Clancy to Engine 30.
John J. Jennings to Engine 39.
Edward T. Quinlan to Engine 25.
Andrew M. Kelly to Engine 51.
Arthur P. Spacone to Ladder 19.
George W. Walsh to Ladder 7.
William E. Donovan to Ladder 25.
Frederick F. Bury to Engine 45.
John E. Fagan to Ladder 11.
Walter C. Doherty to Ladder 22.
John J. Kelleher to Engine 53.

Wm. R. Sprague, Jr. to Engine 37.
 Paul T. Murray to Engine 13.
 John A. Robertson to Engine 9.
 Robert F. Finnel to Engine 42.
 Peter J. Sheridan to Engine 45.
 Stanley W. Ward to Engine 36.
 Philip P. O'Donnell to Engine 22.
 Sumner N. Hart to Engine 39.
 George V. Collins to Engine 7.
 Dennis J. Sullivan to Ladder 20.
 William H. Hayton to Engine 29.
 Thomas H. O'Neil to Engine 17.
 Lawrence J. McGonagle to Engine 24.
 Richard J. Brennan to Engine 11.
 Chester D. Gosses to Engine 19.
 James G. Deagle to Engine 13.
 Hugh J. Conlon to Engine 27.
 Joseph C. Fitzgerald to Ladder 26.
 George W. Mause, Jr. to Engine 37.
 Nelson J. Mayo to Ladder 21.
 Frank J. Storer to Engine 16.
 Edward C. Becker to Ladder 7.
 Albert A. Serino to Ladder 22.
 Joseph J. Ranzetta to Ladder 27.
 Joseph R. Hurry to Ladder 10.
 James J. Dillon to Ladder 11.

II. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, April 9, 1947.

Hoseman Martin J. Brennan, from Engine 30 to Engine 1.
 Hoseman Charles L. McEachern, from Engine 30 to Tower 1.
 Hoseman Joseph A. O'Neil, from Engine 16 to Ladder 8.
 Hoseman Charles F. Dewan, from Engine 13 to Engine 14.
 Hoseman William J. Sullivan, from Engine 16 to Ladder 4.
 Ladderman William M. O'Brien, from Engine 22 to Engine 21.
 Ladderman James D. Ford, from Ladder 20 to Engine 2.
 Ladderman William F. McNulty, from Ladder 11 to Engine 29.
 M. O. P. John P. Vanev, from Engine 30 to Engine 1.
 P. F. Leo J. Lennon, from Engine 21 to Ladder 17.

III. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running units of the A. D. T. Company in this department:

Signal 22, Scott & Duncan, Inc., 500-510 Dudley street. Apparatus to respond Engine 12, Ladder 4, District 9. Nearest box is 3141. Sprinkler.
 Signal 39, O. Houghins & Co., Inc., 512-520 Dudley street. Apparatus to respond Engine 12, Ladder 4, District 9. Nearest box is 3141. Sprinkler.
 Signal 247, Eastern Features Company, Inc., 80-84 and near Hampshire street and 170 Vernon street. Apparatus to respond Engine 13, Ladder 12, District 8. Nearest box is 2237. Sprinkler.

IV. DISCONTINUANCE OF B. A. SIGNAL.

The following signal number of the Boston Automatic Company in this department has been discontinued:

Signal 167, building, 277-287 Atlantic avenue.

V. HIGH COMMENDATION

At 8:58 a. m., Sunday, March 30, 1947, the department responded to Box 1614 for a fire in a dwelling house at 37 Dwyer street, Boston. Upon arrival of the department at the scene, heavy

smoke was coming from windows on the upper floor.

Engine Company 3 was ordered to run a 2-inch line and a booster line via the front stairway to the upper floor. Hoseman James J. Conlon of Engine Company 3 took the booster line and proceeded to the top floor to the point in which the fire originated, and which was heavily smoldered with smoke and heat. While operating the booster line, he found women and, regarding the fire and his own safety, he searched the room until he found the occupant, unconscious, and carried her to the hallway and turned him over to the members of Rescue Company 1. The victim was later pronounced dead at the Boston City Hospital.

Inasmuch as Hoseman Galvin displayed considerable courage and took great risk and was subjected to intense heat and smoke in removing the unconscious victim from the room, the Fire Commissioner is pleased to recommend him highly and his case is being placed on the Board of Merit for further consideration.

VI. COMMENDATIONS.

The following members are hereby commended for responding to and working at fire, Box 5298, two alarms, on April 1, 1947, while off duty:

Ladder Chief John F. Pettit, District 4.
 Ladderman Frederick J. Ford, Ladder Company 11.
 Ladderman Patrick Callaghan, Engine Company 34.
 Engineer Robert O. Pineo, Motor Squad.
 Hoseman John E. McLane, Engine Company 34.
 Hoseman David F. Cuthane, Engine Company 51.
 Hoseman Nicholas B. Connell, Engine Company 10.

VII. WORK WEEK—MEN ON PROBATION—PROVISIONAL FIREMEN.

Effective at 8 a. m., Wednesday, April 9, 1947, all men on probation listed in this order will work a weekly 48-hour tour of duty.

Also, effective at 8 a. m., Wednesday, April 9, 1947, the designation of all provisional military substitutes will be changed to that of provisional firemen.

The 48-hour weekly tour of duty will continue in effect for all provisional firemen which includes all former provisional military substitutes who are now provisional firemen.

By order of Fire Commissioner
 RUSSELL S. CODMAN, JR.

NAPHEEN BOUTILLIER,
 Chief of Department.

General Order No. 22

I. ASSIGNMENT AS SUPERVISOR OF DRILLS

The following assignment, which became effective at 8 a. m., Wednesday, April 9, 1947, is hereby announced:

District Chief John J. Crehan, District 15 to District Chief-Supervisor of Drills.

II. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, April 16, 1947.

District Chief-Supervisor of Drills John J. Crehan, from District 15 to Headquarters.

Hoseman Joseph L. O'Donnell, from Engine 34 to Engine 29.

M. O. P. William H. Hayton, from Engine 29 to Ladder 11.

III. RETIREMENTS.

The following retirements, an account of retirement benefits in line of duty which will become effective at 8 a. m., Wednesday, April 16, 1947, are hereby announced:

Hoseman Augustus J. Newman, Engine Company 29.

Ladderman James T. Kinsella, Ladder Company 13.

Hoseman Newman was appointed to the department June 21, 1915. Ladderman Kinsella was appointed April 18, 1921. Both of these men leave the department with the best wishes of their associates.

IV. DISCONTINUANCE OF A. D. T. SIGNALS.

Notice has been received from the American District Telegraph Company that the following A. D. T. signals have been discontinued:

Signal 79, George Lawler & Son Corporation, 26 Emission street.

Signal 88, Protective Institution for Seamen, 36 Temple street.

Signal 381, National Fire Works, Inc., 120 Boston street.

Signal 677, Seafarers Signal Company, 57 Queen'sbury street.

V. CHANGE IN WORKING TIME.

Paragraph 3, Section VII, G. O. 30, a. s., is hereby amended and the following shall be in effect:

"The sixty-eight hour weekly tour of duty will continue in effect for all provisional firemen with the exception of such former P. M. S.'s who are now provisional firemen."

VI. COMMENDATIONS.

Hoseman Thomas Sheridan of Engine Company 13, M. O. P. Francis W. Gardner of Engine Company 10, and Ladderman Dennis E. Donnelly of Ladder Company 27 are hereby commended for responding to and working at fire, Box 2291, 2 alarms, on April 7, 1947, while off duty.

By order of Fire Commissioner
 RUSSELL S. CODMAN, JR.

NAPHEEN BOUTILLIER,
 Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 87

Following amendments to the rules and regulations of this department are hereby ordered:

Rule.—In Rule 70 of said rules, under heading of "Sign of Sound-Head Motor Vehicles" strike out, upon page 269, sentence 1, the following sentence in the 12th, 13th, 14th and 15th lines:

"The annual fee for the license specified shall be five dollars, but for licenses granted on and after July 1 on any year the proper license fee shall be twenty-five dollars."

and insert in place thereof a new sentence to read as follows:

"The annual fee for the licenses described shall be fifty dollars."

Second.—In Rule 73 of said rules, under heading of "Trucks, Wagons, etc.," upon page 279, amend section 4 to read as follows:

"4. The fee for a wagon license shall be two dollars."

Third.—In Rule 75 of said rules, under heading of "Music in Public Streets," upon page 287, section 3, "Collective Musicians' Licenses," amend line 7 to read as follows:

"The fee for such license shall be two dollars"

Fourth.—In Rule 75 of said rules, under heading of "Music in Public Streets," upon page 288, section 4, "Individual Musicians' Licenses," amend lines 11, 12 and 13 to read as follows:

" . . . The fee for such license shall be ten dollars and the license shall expire on the first day of September next following its date."

Explanatory.

These changes are made in accordance with chapter 173, Acts of 1939, and in compliance with recommendation of committee appointed by his Honor, the Mayor of Boston, to study license fees.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 878.

The resignation of Patrolman Robert F. Crowley of Division 2, having been presented, it is hereby accepted, to take effect on Monday, April 14, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 879.

The resignation of Patrolman James Rodgers of Division 2, having been presented, it is hereby accepted, to take effect on Friday, April 11, 1947, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 880.

On page 125 of the rules and regulations, strike out Section 4 of Rule 36 and insert the following:

Rule 36, Section 4.

On and after April 20, 1947, the following regulations concerning vacation leave shall apply:

Full pay will be allowed during the regular annual vacation, except that where a police officer has been absent from duty, for any cause, other than that for which full pay is allowed, for a substantial length of time during the six months prior thereto, he shall not be allowed a regular annual vacation or full pay therefor without a special order of the commissioner.

Members of the Force shall be allowed annual vacations, without loss of pay, as follows: For less than one year's service, a vacation allowance of one day for each month of service. For service of one year or more, but

not more than ten years, a vacation allowance of two weeks. For service of ten years or more, but not more than twenty years, a vacation allowance of three weeks. For service of twenty years or more, a vacation allowance of four weeks.

For the purpose of determining a vacation allowance of more than two weeks, strict adherence will be given to the original date of appointment of a member.

Assignment of vacation periods shall be approved by the commissioner for such time or times as will best serve the public interest.

Vacation allowances must be taken within a calendar year and may not be accumulated from one vacation year to another.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 881.

It is hereby ordered that vacations for members of the Force, for 1947, shall begin April 20 and end January 1, 1948, at 7.45 a. m., and shall be taken in two periods:

First Vacation Period.—For all members of the Force. (Not more than one tenth of the whole number attached to any division shall be absent on vacation at the same time.)

Second Vacation Period.—For members with more than 10 years' continuous service. (Not more than one sixth of the whole number attached to any division shall be absent on vacation at the same time.)

First Vacation Period.

(Vacation period to be April 20 to September 27, at 7.45 a. m.)

The time for each vacation in the First Vacation Period shall be determined by lot in the usual manner on Tuesday, April 15, 1947.

First vacation period to begin and end as follows:

No. 1, to begin at 7.45 a. m. April 20, to end at 7.45 a. m. May 6.

No. 2, to begin at 7.45 a. m. May 6, to end at 7.45 a. m. May 22.

No. 3, to begin at 7.45 a. m. May 22, to end at 7.45 a. m. June 7.

No. 4, to begin at 7.45 a. m. June 7, to end at 7.45 a. m. June 23.

No. 5, to begin at 7.45 a. m. June 23, to end at 7.45 a. m. July 9.

No. 6, to begin at 7.45 a. m. July 9, to end at 7.45 a. m. July 25.

No. 7, to begin at 7.45 a. m. July 25, to end at 7.45 a. m. August 10.

No. 8, to begin at 7.45 a. m. August 10, to end at 7.45 a. m. August 26.

No. 9, to begin at 7.45 a. m. August 26, to end at 7.45 a. m. September 11.

No. 10, to begin at 7.45 a. m. September 11, to end at 7.45 a. m. September 27.

Number of days in each vacation period not to exceed sixteen.

Second Vacation Period.

(Only for those members entitled to more than two weeks' vacation because of length of continuous service.)

The time for each vacation in the Second Vacation Period shall be determined by lot in the usual manner on Thursday, September 11, 1947.

(Vacation period to be September 27 to January 1, 1948, at 7.45 a. m.)

No. 11, to begin at 7.45 a. m. September 27, to end at 7.45 a. m. October 13.

No. 12, to begin at 7.45 a. m. October 13, to end at 7.45 a. m. October 29.

No. 13, to begin at 7.45 a. m. October 29, to end at 7.45 a. m. November 14.

No. 14, to begin at 7.45 a. m. November 14, to end at 7.45 a. m. November 30.

No. 15, to begin at 7.45 a. m. November 30, to end at 7.45 a. m. December 16.

No. 16, to begin at 7.45 a. m. December 16, to end at 7.45 a. m. January 1, 1948.

Five days before each vacation begins, commanding officers shall forward to the superintendent a list, in triplicate, giving the names of all officers who will be on that vacation. On day before vacation begins, commanding officers shall forward to the superintendent a list, one original copy, giving names and emergency addresses of the officers who are going on vacation.

Commanding officers of divisions and units shall not allow vacations to interfere with the proper operation of their organization, making shifts in the day and night duty and taking such other steps as may be necessary to provide adequate protection and proper functioning of the Force under their control.

All 1947 vacations shall be completed by January 1, 1948, at 7.45 a. m., and no officer will be allowed to take more than a 16-day vacation period at one time, which includes two days of relief.

Two copies of this General Order are sent to each division and unit so that one copy may be placed on the Bulletin Board for the direct notice of all officers.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 882.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business Wednesday, April 30, 1947.

Wherefore, in view of this operation of law, after April 30, 1947, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Patrick J. Manning, Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 883.

The following-named persons are hereby appointed permanent patrolmen in this department and are assigned as follows, effective Tuesday, April 15, 1947, at 10 o'clock a. m.:

Vincent Vetrino to Division 2.

Alfred C. Vettori to Division 17.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 884.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired, effective Tuesday, April 15, 1947, at 7.45 o'clock a. m.:

Sergt. Walter J. Lutz, Division 7, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

Voted, That as urgently required by considerations of public safety and convenience, during the period of culvert work in Stony Brook, estimated to be one (1) month, vehicles are excluded from the following street, effective April 15, 1947:

American Legion Highway, West Roxbury.

From Mt. Hope street to Cummins Highway.

**CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)**

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT INSURANCE ATTORNEY, DIVISION OF INSURANCE, DEPARTMENT OF BANKING AND INSURANCE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$3,360 a year; the maximum salary is \$3,900 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under general direction, to assist the Insurance Attorney in investigating complaints, holding hearings, advising the public and the department staff on legal questions relating to insurance, drafting legislative bills, assisting state officers in prosecutions for violations of the insurance law, and supervising the approval of policy forms as required by General Laws, chapter 175; and to perform related work as required.

A knowledge of the following is required: Insurance laws of the Commonwealth (General Laws, chapter 175), laws relating to Fraternal Benefit Societies (General Laws, chapter 176), laws relating to Public Retirement Systems (General Laws, chapter 32), and laws relating to Savings Bank Life Insurance (General Laws, chapter 178).

The appointee may not engage in outside legal practice. The position requires full time in accordance with the office hours established by law for state employees.

Entrance Requirement: Applicants must be members of the Massachusetts Bar.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

ASSISTANT PSYCHIATRIC SOCIAL WORKER, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,530 a year; the maximum salary with maintenance is \$1,830 a year. The entrance salary without maintenance is \$1,890 a year; the maximum salary without maintenance is \$2,190 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Following a history outline, to take or supplement histories of patients by obtaining information through interviews conducted either at the hospital or elsewhere with relatives and friends of the patients; to make investigations in the community in order to obtain other information needed for the understanding of patients, contacting social agencies, police, and others as required; to make follow-up calls at outpatients' homes when they are not able

or do not report at the hospital or clinic, and when necessary, to make follow-up calls to relatives for verification of patients' reports; by correspondence and personal contacts, to keep relatives interested in patients, and keep addresses of relatives up-to-date; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Veterans within these age limits at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Applicants must have at least one year of satisfactory full-time paid employment in social case work in a recognized public or private agency. *Substitution*: Full-time education in a recognized college or university may be substituted for the specified experience.

Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

GENERAL CONSTRUCTION INSPECTOR, PORT OF BOSTON AUTHORITY, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,460 a year; the maximum salary is \$3,060 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under the direction of the Chief Engineer, to represent the Port of Boston Authority on construction projects in order to see that the construction work is being performed in accordance with the plans and specifications; to inspect licensed tidewater structures; and to perform related work as required.

Examples of Duties: Checking dimensions, materials, workmanship, method of construction, etc.; computing quantities; making estimates; preparing daily progress report.

The ability to read blueprints is necessary, as well as an understanding of specifications for docks, buildings, sea walls, etc. A knowledge of dredging operations and of the use of a transit and level is desirable.

Entrance Requirement: Applicants must have at least five years' experience in general construction work, covering concrete construction, street construction, railroad construction, erection of steel frame buildings, pile driving and construction of sea walls.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 7, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Hurley and Scannell.

The meeting was opened with the salute to the Flag.

President KELLY—The Chair is in receipt of a venire for jurors, and the City Messenger will so notify his Honor the Mayor. The Chair will call Councilor Sullivan to the chair.

Coun. SULLIVAN in the chair.

The City Messenger reported that the Mayor was not available, and in the absence of the Mayor, Councilor Bryan presided at the ballot box. Jurors were drawn as follows:

Fifty-nine traverse jurors, Superior Criminal Court, to appear May 5, 1947:

MacNeill, Ward 2; Frank Vita, Ward 2; Antonio DiMeo, Ward 3; Pasquale Piccolomini, Ward 3; Antonio Ventola, Ward 3; John DeWitt, Ward 4; Hyman H. Goldberg, Ward 4; Everett S. Gould, Ward 4; Harold H. Keniston, Ward 4; Alexander J. MacDonald, Ward 4; William E. Butler, Ward 5; Charles J. Foley, Ward 5; James G. Hayes, Ward 5; Raffaele Martino, Ward 5; James F. May, Ward 5; Joseph G. MacLeod, Ward 5; John G. McCarthy, Ward 5; William J. Carroll, Ward 6; Thomas A. Curley, Ward 6; Frederick L. Lee, Ward 6; Thomas W. Mulligan, Ward 6; Joseph W. Donohue, Ward 7; Harry F. Haun, Ward 7; Eric E. Healy, Ward 7; Patrick Kelly, Ward 7; John J. Trager, Ward 7; Francis J. Welch, Ward 7; George H. Baldner, Ward 8; Theodore H. Marcy, Ward 8; Charles F. Wotton, Ward 8; John Welsh, Ward 9; Austin Hester, Ward 10; George Kyros, Ward 10; Charles Pelletier, Ward 10; Joseph H. Schlichte, Ward 10; Eugene M. Smith, Ward 10; Clarence R. Townsend, Ward 10; George A. Reed, Ward 11; Hyman Rottenberg, Ward 11; William W. Stewart, Ward 11; David Goldstein, Ward 12; Clement C. Joseph, Ward 12; Arthur E. Post, Ward 12; Joseph Shapiro, Ward 12; Maurice Shutzer, Ward 12; Abraham Siegel, Ward 12; Peter Washington, Ward 12; Wilfred J. Bresbois, Ward 13; David Buchanan, Ward 13; Michael J. Collins, Jr., Ward 13; Edward J. Doyle, Ward 13; John F. Hanlon, Ward 13; James G. Hewson, Ward 13; Jonas A. Yankauskas, Ward 13.

Herbert I. Cantor, Ward 14; Samuel Davis, Ward 14; Samuel Entoff, Ward 14; Joseph Fransman, Ward 14; Hyman Glass, Ward 14; Harry Rose, Ward 14; Benjamin Sall, Ward 14; Benjamin Silverman, Ward 14; Hyman Stillman, Ward 14; Robert Whitely, Ward 14; Howard S. Beane, Ward 15; Joseph F. Buschini, Ward 15; Herbert F. Buffington, Ward 16; Michael J. Folan, Ward 16; James Michael Peters, Ward 16; Ralph A. Wiranis, Ward 16; Anthony Zaccardi, Ward 16; John W. Burns, Ward 17; Dennis F. Flynn, Ward 17; Thomas H. O'Neil, Ward 17; John L. Sullivan, Ward 17; Edward J. Carlezon, Ward 18; Louis T. Falcone, Ward 18; William Finnegan, Ward 18; William Galvin, Ward 18; Alfred H. W. Hansen, Ward 18; Willis H. Leach, Ward 18; John G. Lucas, Ward 18; Oscar S. Parnagian,

Ward 18; Solomon Shechtman, Ward 18; Ernest W. Blinn, Ward 19; Paul F. Doherty, Ward 19; Michael F. McDermott, Ward 19; John X. Regan, Ward 19; Charles L. Baldner, Ward 20; Albert E. Cihriano, Ward 20; Joseph F. Fitzgibbons, Ward 20; William R. Gelpke, Ward 20; William J. Jacobs, Ward 20; Walter A. Johnson, Ward 20; George A. McCarthy, Ward 20; Hugh McGarry, Ward 20; Eldred L. Nelson, Ward 20; James Reay, Ward 20; Cornelius A. Sprague, Ward 20; Earle L. Whiting, Ward 20; Maxwell Barry, Ward 21; Irving E. Fireman, Ward 21; Ralph E. Brown, Ward 21; Max Fleischman, Ward 21; John J. Keene, Jr., Ward 21; Hyman M. Krute, Ward 21; Joseph Pastor, Ward 21; George B. Thomas, Jr., Ward 21; William L. Shaw, Ward 21; Hugh V. Yerex, Ward 21; Carl Borg, Ward 22; William J. King, Ward 22.

FLAG POLE AT WILLIAM E. CARTER PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of March 24, 1947, concerning the placing of a flag pole on the William E. Carter Playground, Columbus avenue.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 2, 1947.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of March 31, with inclosure, order from the City Council, requesting a flag pole on the William E. Carter Playground, Columbus avenue.

Please be assured, this will receive my early attention and if I have the funds available it certainly will be a pleasure to have it erected.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

NEW FLAG AT BRIGHTON HIGH SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, March 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the School Committee of the City of Boston relative to your order of March 10, 1947, concerning the placing of a new flag at Brighton High School.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
School Committee, March 25, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—At the conference of the School Committee held on March 18, 1947, the following order passed by the City Council at a meeting held on March 10, 1947, was received:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to place a new flag at Brighton High School."

The committee was informed by the Schoolhouse Custodian that a new flag has been on display at the Brighton High School since March 3, 1947, and that this was the second new flag that the custodian has placed on display since January 15, 1947.

The Schoolhouse Custodian further reported that it has been very difficult to obtain flags from the Department of Correction where, under the law, the committee is obliged to purchase them. Out of a large order placed with that department in 1946, only a very small number have been received up to the present time.

Very truly yours,
LOUISE KANE, Secretary.

Placed on file.

UMPIRES FOR PARK DEPARTMENT LEAGUE BASEBALL GAMES.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of March 31, 1947, concerning the furnishing and paying of umpires for baseball games conducted in and under the Park Department League.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 3, 1947.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 1, with inclosure, order from the City Council that

the Park Commission furnish and pay the umpires for all baseball games conducted in and under the Park Department League.

I regret exceedingly to inform you these umpires are paid by the Major Leagues and there are no funds made available in this year's budget to pay these umpires. This system has been conducted since the baseball league was in existence—there never has been any trouble at all, the men have always received their money.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

COLUMBUS PARK IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1947.
To the City Council.

Gentlemen—I transmit herewith communication from the chairman of the Park Department relative to your order of March 24, 1947, concerning the installation of boilers in the Columbus Park Locker Building, and also the laying out of the hard and soft ball baseball diamonds at said Columbus Park.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 3, 1947.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of March 31, with inclosure, order from the City Council that I install boilers in the Columbus Park Locker Building and also to lay out and put in good condition the hard and soft ball diamonds in said Columbus Park.

Please be assured, Mr. Secretary, it will be a pleasure to comply with this, in fact a contract has been let to fix up the locker building and I think the boilers have been installed.

Regarding the field, the men are working on it at the present time, and may I assure you we will get it raked and rolled just as soon as we possibly can.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Richard Calledare, for compensation for injuries caused by fire apparatus.

George W. Cameron, to be reimbursed for expenses incurred while assisting at autopsy.

Lucien E. and Marjorie R. Cook, for compensation for injuries and damage to car by police car. William Corbett, to be reimbursed for expenses incurred in connection with backing up of sewage at 27 Burton street, Brighton.

John Donaruma, for compensation for collapse of water boiler at 24 Damrell avenue, during repair of water pipe.

John J. Langan, to be reimbursed for execution issued against him.

Eli M. Levatinsky, for compensation for damage to car by city truck.

Norman Menzies, Jr., for compensation for damage to car caused by an alleged defect at 244 Meridian street, East Boston.

Charles A. Newhall, for compensation for damage to car by city truck.

Joseph Ruggiero, to be reimbursed for executions issued against him.

S. C. Single, for compensation for damage to car by fire apparatus.

F. W. Tracy, for compensation for damage to car.

PERMITS FOR CHILDREN.

Petition for children under fifteen years of age to appear at places of public amusement: Tributary Theatre of Boston, New England Mutual Hall, April 5, 19, 24, 26. Permit granted under usual conditions.

TRANSIENT VENDORS' LICENSES.

The petition of Hamid N. Bey for transient vendor's license for sale of health lectures, vitamins, health foods, at Tremont Temple, was received, together with bond of Massachusetts Bonding and Insurance Company.

License granted under usual conditions, and fee paid.

The petition of James Caggiano for transient vendor's license for sale of flowers, plants, fruits, etc., at Porter street, East Boston, was received, together with bond of Maryland Casualty Company.

License granted under usual conditions, and fee paid.

HEARINGS BEFORE PUBLIC UTILITIES DEPARTMENT.

Notice was received from the Department of Public Utilities of hearing to be held May 8, at 10.30 a. m., on schedules of rates and charges for gas as filed by Boston Consolidated Gas Company on March 21, 1947.

Notice was received from the Department of Public Utilities of hearing to be held on April 10, 1947, at 2.15 p. m., on petition of Boston and Maine Transportation Company for license to operate motor vehicles from Everett city line to Park Square and return.

Severally placed on file.

BUDGET FOR 1947.

Chairman SULLIVAN—Any unfinished business?

Coun. HANNON—Mr. President, I think in fairness to everybody we should proceed with No. 1 on the Calendar, the budget. I believe that should be the first order of business for today.

Chairman SULLIVAN—Councillor Hannon calls for No. 1 on the calendar.

No. 1 on the calendar was as follows:

1. Appropriation and tax orders for 1947 (annual budget) for city, county, and revenue departments, totaling \$63,067,599.06, less \$11,720,069, previously reported. Committee on Appropriations report, recommending appropriation and tax orders ought to pass, was accepted.

Motion by Councillor Bayley to amend budget by reducing A—Personal Service item in Election Department by \$35,000. Motion by Councillor Cook to amend the amendment by reducing each item in the budget by 2 per cent.

Coun. COFFEY—Mr. President.

Chairman SULLIVAN—For what purpose do you arise, councillor?

Coun. COFFEY—I would like to have this referred to the Executive Committee.

Chairman SULLIVAN—Councillor Coffey moves that No. 1 on the Calendar be referred to the Executive Committee.

Coun. HANNON—Mr. President.

Chairman SULLIVAN—Councillor Hannon, speaking on the motion.

Coun. HANNON—Mr. Chairman, I hope this matter is not referred to the Executive Committee. I can't see any sense in going out there and talking this over for two or three hours and coming back here again and taking some two or three hours more to go over the same subject matter and engage in the same talk we had in the Executive Session. We took this matter up last week and I think the motion I made then was that this be the first order of business today. I think we should adhere to that motion. Many of the members of the Body have given much time and much thought to this budget, and I think in fairness to them we should consider this here and now and not go into Executive Session and waste time out there, because eventually we have to come back in here again, and all we would be doing is to go over the same ground twice. I hope to expedite matters this subject will be considered here and remain here.

Coun. COFFEY—Mr. President.

Chairman SULLIVAN—Councillor Coffey.

Coun. COFFEY—I withdraw my motion and now make another motion that this be heard at 3.30 this afternoon.

Chairman SULLIVAN—Under the rules, councillor, that will call for a two thirds vote. All those in favor of Councillor Coffey's motion to postpone action until 3.30 will please rise. A sufficient number of members not having risen, the motion is lost. The question now comes on the pending motion of Councillor Cook to reduce each and every item in the budget by 2 per cent.

Coun. COOK—Mr. President.

Chairman SULLIVAN—Councillor Cook, speaking on the motion.

Coun. COOK—I understand that motion cannot be passed upon because under the charter we must reduce or cut the budget by item. Therefore, I would like unanimous consent to withdraw that 2 per cent motion to reduce the budget, and I will substitute an itemized reduction for each department.

Chairman SULLIVAN—Councillor Cook asks unanimous consent to withdraw his motion to reduce the budget by 2 per cent. Is there any objection? (No response.) The motion is so withdrawn. The motion now pending is Councillor Bayley's motion to cut the Election Department, A-1, Personal Service, by \$35,000. All those in favor of reducing the A-1 item of the Election Department by that amount say "aye," those opposed "no." It is not a vote.

Coun. BAYLEY—Mr. President, I doubt the vote and ask for a roll call.

Chairman SULLIVAN—Councillor Bayley doubts the vote and asks for a roll call. Is there a sufficient number of members joining him? A sufficient number of members having joined, the Clerk will call the roll.

The roll was called, and the motion was defeated, yeas 8, nays 9:

Yeas—Councillors Bayley, Bryan, Cantwell, Chase, Cook, Keenan, Madden, Linehan—8.

Nays—Councillors Coffey, Fish, Hannon, Kelly, Kinsella, McCormack, Moriarty, Russo, Sullivan—9.

Chairman SULLIVAN—Eight votes in the affirmative and nine in the negative, and the motion is lost.

Coun. BAYLEY—Mr. President, I move reconsideration.

Chairman SULLIVAN—Councillor Bayley moves reconsideration. Councillor Bayley, talking on the motion.

Coun. BAYLEY—I think this is a fairly clear issue which is before the Council today in this item. Mr. Chairman, I don't mean to repeat the arguments I gave last week in which it was shown in cities that have voting machines very few custodians are needed. In Hartford there is only one, and in Brookline there is one, and in all cases where they do have voting machines the custodians are electricians. I showed last week none of those who are now voting machine custodians are electricians. In the Finance Commission's report of March 26, 1947, it was clearly pointed out, "There is no need to build up an entirely new force of city employees to take care of the machines already purchased. The provision in the budget for 15 custodians at \$3,000 a year should be eliminated. The expenditure of this sum for the purpose intended is definitely unjustifiable." It pointed out that a member of the Election Department said when asked about the nature of the assignments that they would sew the tarpaulins on, and when asked who would do the clerical work if they did not, he admitted it was not necessary to do the clerical work, and when asked again who would do it if they did not, he said, "I can't intelligently answer that question." We have a chance in one small way here to cut down the \$62,000,000. The people of Boston are watching us, watching to see what we are going to do. This perhaps is our most important duty in the year, this and the confirmation of constables and a few other matters. I consider this a pre-eminent question, to study the budget and act on it. The committee submitted a report, as I remember, for the passage of the budget in its entirety, but there was a supplemental report which stated it did not take any position with regard to voting machine custodians. Is that right, Mr. Chairman? I would like to ask that of the chairman of the committee, just what that report was, which was made last week.

Chairman SULLIVAN—Councillor Fish?

Coun. COFFEY—Mr. President.

Chairman SULLIVAN—Councillor, for what purpose do you arise?

Coun. COFFEY—A point of information.

Coun. BAYLEY—I don't yield, Mr. Chairman.

Chairman SULLIVAN—State your point of information, Councillor Coffey.

Coun. COFFEY—If he yields, he is yielding the floor.

Coun. BAYLEY—I don't yield.

Chairman SULLIVAN—Councillor Bayley does not yield.

Coun. BAYLEY—Mr. President, I can't find it quickly, but the chairman of the committee made the statement with regard to the voting machine custodians, as I understood it, that it took no position one way or the other, while still recommending the passage of the budget as a whole.

Coun. FISH—Mr. President.

Coun. BAYLEY—I will be glad to have the chairman answer.

Chairman SULLIVAN—Councillor Fish.

Coun. FISH—I will be glad to refresh him as to what I said.

Coun. BAYLEY—Without yielding the floor, may I yield for an answer?

Chairman SULLIVAN—If Councillor Bayley yields, he yields the floor.

Coun. BAYLEY—I don't yield.

Chairman SULLIVAN—Councillor Bayley does not yield.

Coun. BAYLEY—Mr. President, I think this issue is pretty clear. It has been thoroughly discussed and investigated by the Finance Commission of the City of Boston, and it has been well discussed in the newspapers of the city, and has been discussed by people on the street corners, some of whom have contacted me. I found the feeling strongly in favor of eliminating employees who are put on the pay roll just for the sole purpose of creating jobs, as is stated in the Finance Commission's report. These custodians are definitely unnecessary, Mr. President, in my opinion. They are not taken from any civil service list; they are appointed for 90-day periods. There is no civil service list, I am informed, on this matter so they cannot be taken from any such list. No necessity for them has been shown, nor has it been shown what they are doing. They are supposed to be sewing the covers of the tarpaulins on, or looking after the voting machines, but it so happens the machines are stored in public buildings and are looked after by the regular custodians on their jobs there. There is no necessity for repair work on these machines, and there is no need for sewing tarpaulins when they are not being used except in the November elections. Mr. President, this is under surplus employees and definitely not needed, and we under our duties should cut them off. This is our one chance in passing the budget to cut employees with nothing to do because if they are on the pay roll they increase the tax rate. Mr. President, we are faced with an increased tax rate. Are we going to inflict a tax rate of nearly \$50 without doing anything about it? I think we have here a chance where men of character and courage will do the job we are supposed to do, which is to cut out unnecessary items in the budget. I hope the members will consider the matter and vote for reconsideration, so that we can eliminate this unnecessary expenditure from the budget.

Chairman SULLIVAN—Councillor Bayley moves reconsideration.

Coun. CHASE—Mr. President, I am very much opposed, sir, to this waste of the taxpayers' money. I think it is an example of the extravagance of the gentleman downstairs. As the gentleman from Ward 5 (Councillor Bayley) has stated, other cities that have used these voting machines do not find it necessary to have so many mechanical attendants. The Finance Commission has brought out, Mr. President, practically all, with the exception of two permanent employees in the Election Department who have been doing this work for a number of years, practically all, sir, have no mechanical ability, and why his Honor the Mayor feels these 13 people out of the 15 selected are qualified to act as experts on election machinery is beyond my comprehension. The only thing I can gather is that it is a case of the gentleman downstairs endeavoring to take care of his political pets, and in doing so, sir, he proposes to spend \$35,000 each year of the taxpayers' money. As the gentleman from Ward 5 has stated, this Council has been criticized on many occasions. We have been laughed at and ridiculed as a Body without any power but, sir, the power to appropriate is just about the strongest power any legislative body can have. You can bring the chief executive to his knees with this power of appropriation, and you can do marvelous things in behalf of the taxpayers if you only stick by your guns and endeavor to reduce those items of the budget which will stand a reduction. The Boston Finance Commission has inquired into this matter and has gone so far as to indicate to this Honorable Body that we should make a reduction in the budget on this particular item. They have pointed out the reasons why, and I, for one, feel they have given us ample reason to reduce this particular item. This is a lot of money, and I feel, Mr. President, if the Council as a whole would stand on its feet today and vote right, the taxpayers would realize that we are not what some people would like to have us painted as, and that is nothing but marionettes of his Honor the Mayor. This item is a total waste of the taxpayers' money, and I hope, sir, the Council as a whole will vote to reduce this particular item.

Chairman SULLIVAN—The question is on Councillor Bayley's motion to reconsider.

Coun. COFFEY—Mr. President, very briefly I want to say I am definitely opposed to taking anybody off the pay roll. It is only the opinion of the gentlemen from Wards 4 and 5 that these men are doing no work. The information I have received is that they have spent \$100 out of their own pockets to make a study of these machines. There are not fifteen men on the pay roll as they would like to have us believe, but only five. There are five of the other ten taken from other city pay rolls and put over into this department, and their jobs have not been filled and nobody is receiving the salaries on these five jobs they vacated. So the Council wants to remember that there are only five men actually on this pay roll. One other thing I get a kick out of is every time the gentlemen from the Back Bay take the floor they refer to the man down at the corner office as putting his pets to work. One of the gentlemen has been in this Body ten years and the other for three years. If they remember, Mayor Tobin and Mayor Kerrigan put people to work, and wasn't it natural for the man downstairs to take care of those who support him? Last week I made a statement here which came over the radio three times the following day, and it was in all the newspapers that Councillor Coffey believed in the spoils system; that is why he has been elected for every term, to everybody's amazement; because he believed in the spoils system and believed in putting people to work. That is why I am here, and that is what has kept me up here, and in the State House, because I went out and made jobs for the constituents, particularly if there was an opening and I could get a job. I have done it. I did it last week and I will do it tomorrow and next week—\$35,000. How much is that going to affect the tax rate? That \$35,000 is not going to be used, as I stated before, for putting five men on the pay roll, and I think that is all who will stay on the pay roll, those five men. Don't forget we have an investment of over \$300,000, and the custodians who have jobs in these school buildings and public buildings are not allowed to touch those voting machines because they are not mechanics and don't know how to operate the machines and repair them. I say there are five men on the pay roll and let us keep them.

Chairman SULLIVAN—The motion is on reconsideration.

Coun. BAYLEY—Mr. Chairman.

Chairman SULLIVAN—Councillor Bayley, talking on reconsideration.

Coun. BAYLEY—According to the transcript of the hearing before the Appropriations Committee, Mr. Motley admitted there are ten men in these positions and that two have come from other departments. There are ten on there, and they plan to put on five more this year. There is an allowance of \$45,000 for the fifteen. On pages 365 and 366, they admit there are ten and not five, and five more will be put on this year, and that makes a total of fifteen.

Chairman SULLIVAN—The question is on reconsideration.

Coun. HANNON—Mr. Chairman, for the past week I have given much thought to this particular item in the budget, and I cast my vote against cutting the appropriation, not because I dis-

believe what the councilor from Ward 5 says, because I really do believe it, but, rather, I still think that old bugaboo is facing the Council: We have not got much power. I myself don't think we need all these custodians, and we might as well be honest about it. There is no doubt about it in my mind that these machines can practically take care of themselves, and we don't need any ten or fifteen men. As a matter of fact, I think the Election Commissioner, when he was asked the question what these men did, really confirmed any suspicion we might have that the men are not doing any too much. Once again I say, I am one of those fellows who likes to see another fellow get a job, but at the same time I think every employee of the City of Boston suffers because of the fact that every so often five or ten nonworking employees are placed upon the pay roll, and they like to go out and tell people that they are big shot employees of the City of Boston, and they don't do anything but draw their salaries, unlike the average city employee. The average city employee, I believe, is an honest worker, and I say in all sincerity he suffers because of the fact that five or ten men who have not got too much to do anyway are going to be placed on the pay roll at greater salaries than the faithful employees of the City of Boston are receiving. However, in cutting an A-1 item, we have no assurance whatsoever in knocking \$35,000 off that we are going to get rid of these temporary and probably unnecessary employees. I am fearful always of voting for any reduction in an A-1 item. We might have the best intentions in the world and we might feel that we should get rid of these temporary employees but, in voting to reduce the A-1 item, we are giving blanket permission to the Election Commissioners to deprive some employees of \$35,000 of salaries. We cannot say to them, "We want you to get rid of these custodians of ballot boxes." All we can say to them is this: "Instead of giving you the amount you requested, we are giving you \$35,000 less, and it is up to you to determine just where that \$35,000 is going to be lopped off the A-1 budget," and I feel that despite the good intentions many up here might have been trying to get rid of these unnecessary employees—and I believe really that they are unnecessary—at the same time I think we might find ourselves in the peculiar position of depriving honest-to-goodness, hard-working employees of the Election Department of their proper remuneration. We lop off \$35,000 in good faith, but the Election Commissioners can take that amount off the A-1 budget in any way they see fit, because there is no assurance when we cut \$35,000 off the A-1 item that that money is going to be saved by the discharge or nonemployment of these temporary workers. If we could accomplish that up here, I feel I would vote for it, but since it cannot be accomplished and since I am dubious the \$35,000 will be saved in that manner, I don't feel honestly I can vote for it. I have never yet voted to cut the salary of an honest city worker, and I think 99.46 per cent of the city employees are just as faithful employees as any public corporation has.

Chairman SULLIVAN—The Chair wishes to make a statement to inform the members of the Council if this budget is not acted upon by midnight, tonight, it automatically goes into effect.

Coun. COOK—Mr. President, I did not intend to get into this reconsideration, because in my motion I recommended a cut of \$40,000 in these so-called custodians of election machines. I am surprised at the contention just made by the councilor from whom I have the highest regard, the councilor from Ward 13 (Councilor Hannon), that he knows these positions are not needed and that he fears, if we make such a cut, the cuts may not apply to these custodians. Gentlemen, if you are going to act as councilors, and if you think you are going to be bullied here, and are afraid of doing something because the executive department may not do it the way you recommend, you have your remedy and your powers for the following months of this year. It is about time we showed the executive department when it comes to spending the city's money, and we say it should not be spent in a certain direction, and if he disobeys that direction, later on he will not get another nickel. I would not be afraid. If we vote to cut this \$35,000, which the councilor admits is unnecessary, I would not be afraid of any reaction from downstairs. He knows what we want to cut, and if he cuts some honest-to-goodness, working employees in the Election Department, as the councilor fears, we have our remedy later on. Let us not show any anticipatory fears. The positions are not needed and, moreover, they have not been given to anybody we know about. I say, let us start now showing we have the ability to use the power we have. When people admit money is being spent uselessly, it is up to us to say to the Mayor's office, "In our wisdom you should not spend it," and, if he sees fit to disobey that, we need not fear, because we have the power to use it in the future. I hope reconsideration prevails.

Coun. KINSELLA—Mr. Chairman, for one thing, with regard to the money, all we can do is appropriate. We cannot spend or order the manner of spending. Last week and again today I sat here prior to taking my feet, and I was amazed at the opinion expressed by adult members of this Body that we ought to govern the city by reprisals; in other words, if Mayor Curley or

whoever might be mayor at the time did not do thus and so, we would penalize him in the future regardless of the high merit or quality of the thing he has in the future. I don't believe in that. I don't believe in penalizing any mayor because he won't do what we say. I served here under Mayor Tobin and Mayor Kerrigan, and for the record I would like to say here—how far shall I go—I would like to say here that there were many times I wanted to institute personal reprisals against either or both of them for what I thought was shabby treatment, but I tried to think in terms of the 22 wards rather than in terms of imposing my own wishes in the matter. I am truly and sincerely amazed when I hear gentlemen of the caliber of some of them I have heard speak get up and advocate government by reprisal. If you don't want the item in the budget, knock it out. If you do want it in the budget, keep it there because you are convinced it should be there. It has not been brought out, if we suspend this item in the budget, these gentlemen who are the potential recipients of our votes up here, and several of them are already on the city pay roll in other capacities and have been for some years—that is to say, they have been working for the city for a number of years in other departments and were lately transferred to the Election Department—if you cut out \$35,000, most or all of it will appear in the budget in other departments, the departments to which they will have to be returned.

Coun. COOK—Mr. Chairman.

Chairman SULLIVAN—Councilor Cook, for what purpose does the gentleman arise?

Coun. COOK—Will the gentleman yield for a moment?

Chairman SULLIVAN—Does the councilor yield?

Coun. KINSELLA—Yes.

Chairman SULLIVAN—Councilor Cook.

Coun. COOK—Will the councilor explain to me, if these men have been removed from other departments, doesn't that prove they were not needed there?

Coun. KINSELLA—Mr. Chairman, that is hardly a brilliant question for Councilor Cook to ask. It does not beget anything but the obvious answer. Transfers are a common occurrence. They are done every day in the week, but for what reason is entirely beside the point. It does not mean they were worthless employees in the departments which they left, and it would be almost criminally unfair to say so. If the transfer represents a betterment, why shouldn't they go after it? We all want to be bettered by our service in here if it is possible, and we are not going to be here forever. I don't recommend that while we are here we do simple acts of kindness to justify our political existence. I pointed out here, or tried to point out a week ago today, Mr. President, that the city has \$400,000 invested, and, on the assumption that more machines will be bought this year, you have almost a million-dollar investment housed in widely scattered sections of a big, sprawling city, and they must have proper overseership. These machines have been in storage since last November. Let us assume they have no attention and we have a plebiscite in May, or, having no plebiscite in May, we have an election next November, and then the machines are found to be in a condition that won't permit them to function, and, with no paper ballots as a substitute, we will have to disfranchise the people in that precinct where the machine is out of order. If you let the job of overseeing them be done by the manufacturer, you will have to pay a stiff price for transportation and housing, because they will be experts who will come here as often as they are required. We do have at the present time a potential overseership, residents here in the city who can, for \$60 per week per man, give satisfaction or we can kick them out. I don't mean to vote to create jobs for men who won't work at salaries greater than I get myself, but I do say the investment the city has and which may be added to, is so great that we ought to have some sort of overseership at a small percentage of the cost of the article to be overseen. I don't think that is a specious or shallow argument. Why take such expensive machines, \$1,200 or \$1,300 apiece, and house a number of them in permanent public buildings scattered from the center of the city to the Dedham line, all over the city, and leave them there between elections unnoticed and unattended? You don't have any right to let the city spend that kind of money and then let them stay in a condition that may contribute to their ruin and decay. What you are asked to spend is not \$45,000 by any stretch of the imagination, even if you employ 15, because, if these men were not currently in the budget of the Election Department, many of them would already have been provided for in the budget of other departments. You might, if the truth were known, really have some equitable figure of \$20,000 or \$25,000, rather than \$45,000, which appears to be a gross increase. That is not unthinkable. It is no different, not a bit different, from taking a laborer from the Park Department at \$1,800 and putting him in the Public Works at \$1,800. The budget of the Park Department is that much less for 1947, and the budget of the Public Works is that much more, but it is not an increase, is it? I have estimated roughly, as I said last week, that on a purchase costing about \$400,000, \$45,000, or 10 per cent roughly, is not an exorbitant amount of money to pay for overseership and custodial care, and, if that figure is

increased by double the machines, so that we come up with a total holding of \$800,000 before the year is out and the \$45,000 is not increased, it reduces the custodial care item to 5 per cent. That is obvious, and it is simple arithmetic. I don't think anybody here wants to say purposely with any willfulness that the machines, expensive as they have been, should be put under lock and key the day after election day and left there to their own devices, subject to vandalism and all the other evils attendant upon neglect until the next election day. It is not a matter of putting the Mayor's friends to work, and, even if it is, it is a policy that I can support. I have supported it wholeheartedly and I don't see anything wrong with it, but really the item to consider here is not the gross cost of \$45,000 by any means. Another item to remember is that the machines, having once proven costly in their purchase, should not be allowed to gather increased costs by neglect. Third, and last, if any number of them prove to be out of order when election day next rolls around, either in May or November, you are going to disfranchise a considerable number of people who have a right to vote on any question that comes up for their consideration. I hope this item is not cut and, further than that, I hope the entire budget is passed.

Chairman SULLIVAN—The question is on reconsideration.

Coun. CHASE—Mr. President, if I understand this question correctly, sir, the Mayor has probably made allowances in the entire budget of about \$3,000,000 to take care of retirements, resignations and deaths of city employees in the various departments. With that thought in mind, Mr. President, if there are many of these 15 men we are talking about in the Election Department taken from other departments, you can rest assured that these particular departments from which they are transferred are already provided with an ample sum of money to take care of a new man. Mr. President, it has been contended by some of your Council that it would be wrong to reduce this particular item because it may affect some innocent employee, a civil service employee. If I understand civil service laws, Mr. President, not even his Honor the Mayor can fire a regular civil service employee who obtained his position through civil service examination, and especially, sir, not even the Mayor can give precedence in this Election Department job against city employees who have their jobs through competitive civil service examination. I submit to you, sir, in the event this Body reduces the budget by \$35,000, if his Honor the Mayor attempted to continue one or any number of these 13 men at the cost of a regular civil service employee, that regular civil service employee can seek protection from the civil service board. I say to you, sir, that argument is futile, that the Council can rightfully reduce this budget by \$35,000 without harming anyone. Of course, you will probably gain the frowns of his Honor the Mayor and probably obtain his dislike by not allowing him to continue with his political pets. But, sir, you have nothing to fear in my judgment as far as injuring the regular city employees of the Election Department, because they are protected at any cost. I hope, sir, your Body will see fit to go along with reconsideration, because in my opinion these 13 jobs are nothing but a waste of the taxpayers' money.

Chairman SULLIVAN—The question is on reconsideration.

Coun. HANNON—Mr. President, I would like to ask through you the chairman of the committee how many of these employees are now on the pay roll of the Election Department, if he knows.

Chairman SULLIVAN—Councilor Fish.

Coun. FISH—Do I understand the question to be who are on the pay roll from other departments?

Coun. HANNON—No, Mr. President. What I would like to know is how many men are doing this work now, and how many men are contemplated to do the work next year. My idea is that if reconsideration does prevail, then we might compromise this reduction so as to insure the retention of those employees and yet stop the hiring of any future custodians.

Chairman SULLIVAN—Councilor Fish.

Coun. FISH—To the best of my knowledge, there are ten allocated to this work at the present time, five of whom have been transferred to this work from other departments and who have been on the city pay roll for years, and five additional ones last year for a period of some for two months and some for three months. Councilor Hannon's suggestion brings to mind the committee's feeling on this matter. In all other items in the budget, we were really convinced beyond a doubt of the necessity, on this particular item, even at the time I reported, on this particular item, the committee was not in full accord. However, in gathering testimony over and above what was stated at the hearing by the Election Commission, and the testimony where these ten went to school for a period of about two weeks at their own expense to learn the mechanism of the machines right through, I told the committee I would bring it to the attention of the entire Council. There is no need for me to go into it further, because I think Councilor Kinsella and Councilor Coffey have brought out the salient points in the whole matter. However, if Councilor Hannon has in mind the recommendation or compromise of cutting this so that the same ten men will be available at all times for the upkeep of these machines, and I really believe they have to have some custodians over the machines involving that

investment, it may be a good compromise, but there certainly is a necessity of reasonable custodianship over these machines.

Coun. BAYLEY—Mr. President.

Coun. HANNON—Mr. President.

Chairman SULLIVAN—Councillor Hannon.

Coun. HANNON—A further question. How much of a reduction would be necessary in order to ensure the present ten employees and at the same time safeguard anybody from putting on more employees?

Chairman SULLIVAN—Councillor Fish.

Coun. FISH—If I may draw this picture, the 15 retained in this work alone would be an expense of \$45,000. If Councillor Hannon goes through with such a recommendation, the expense would be \$30,000, \$15,000 less. That would not necessarily mean a \$30,000 increase over last year's budget. That could be reduced by the five who are and have been employees of the city who, if they were carried on in other departments, would be receiving in the vicinity of \$12,000. If the item were dropped entirely, those gentlemen would be on the city pay roll and working for about \$12,000. If ten were carried in this work this year at an expense of \$30,000, the increase then in the over all picture would be in the vicinity of \$18,000.

Coun. HANNON—Through you, Mr. Chairman, I would like to thank the chairman of the committee. I wish to state that I am going to vote for reconsideration and, if reconsideration does prevail, then I will offer the amendment as suggested by the chairman.

Chairman SULLIVAN—The motion is on reconsideration. All those in favor say "aye," those opposed, "no." It is a vote, and reconsideration prevails. The motion is now on Councillor Bayley's motion to reduce the A-1 personal service of the Election Department by \$35,000.

Coun. HANNON—Mr. President, I offer an amendment to that motion, to reduce the sum of \$35,000 to \$17,000, so that it will read the amount to be reduced by \$17,000, leaving the necessary \$18,000 in the budget.

Chairman SULLIVAN—Councillor Fish.

Coun. FISH—Mr. President, I hope Councillor Hannon will revise those figures so that the same be reduced from \$35,000 to \$15,000, which will leave \$30,000 in the budget, which would be an increase in the budget of \$18,000.

Coun. HANNON—Yes.

Coun. FISH—The amendment I suggest would be to reduce Councillor Bayley's amendment from \$35,000 to \$15,000.

Chairman SULLIVAN—Councillor Hannon withdraws his original amendment of \$18,000 and substitutes the figure of \$15,000.

Coun. CHASE—Mr. President, I don't like to take issue with the gentleman from Dorchester, but I don't think any good reason has been offered why this Council should not go along with the \$35,000 reduction. Here we have had, sir, the Boston Finance Commission's report, which is an unbiased report, the commission being comprised of members appointed by three different Governors. They have no particular bone to pick with this administration, sir, and they spend approximately \$50,000 a year for getting just such information as they gave this Body, and they have found, sir, in their judgment, after due investigation, that this is a waste of the taxpayers' money. They called it to our attention to reduce the budget. I am basing my entire opinion, sir, on the report of the Finance Commission. I think we should heed their advice. They called to our attention that other municipalities in the country with two, three, or four times the number of voting machines, never have more than one or two custodians to take care of the machines. Yet, sir, the City of Boston with its limited number of voting machines has already ten men whom his Honor the Mayor has put in, and his Honor the Mayor proposes to put on five additional. I think, sir, that we can heed the advice of the Finance Commission and reduce this budget by \$35,000. By the reduction you will have in the budget enough money to pay the two regular Election Department employees who have been in that department for a period of years and who are apparently experts in the problem of these machines. Those two men, sir, probably are necessary, but when we come to the other 13, who come from outside, who came in from former jobs as truck drivers, wallpaper hangers, and other jobs, and qualify themselves through Mayor Curley's efforts as custodians of voting machines supposedly because of their mechanical ability, that is too much for me to swallow. I think, sir, the arguments offered as to why this item should not be reduced by \$35,000 don't stand water. I believe, sir, most of the senior members of this Body will agree with me that there is approximately \$3,000,000 in this annual budget which provides for the hiring of new employees to take the place of those who have retired, those who have died, or those who have resigned. As to what some of the members of this Body contend, that they are afraid a reduction will injure the regular city employees, may I remind them that the item is already in the budget in the departments from which they have been transferred? If, as some of our councillors contend, the Election Department cut as proposed by the gentleman from Ward 5 will affect regular city employees in the Election Department, I will remind them once more, sir, that the civil service positively will give absolute priority to those who have become city employees through competitive civil service examination and that the custodians

employed by his Honor the Mayor are not given the same type of protection as those who have jobs under civil service examinations, that the reduction of \$35,000 will not affect the regular city employees, and that his Honor the Mayor will be compelled under the circumstances to discharge those custodians whom we have in mind. I hope, sir, that the members of your Body will reject this motion and go along with the motion for the \$35,000 reduction.

Coun. RUSSO—Mr. President.

Coun. COFFEY—Mr. President.

Chairman SULLIVAN—Councillor Coffey.

Coun. COFFEY—Do we have to pass on the budget one way or the other before midnight?

Chairman SULLIVAN—That is right, councillor. Councillor Russo.

Coun. RUSSO—Mr. President, as I outlined last week and as the councillor from Ward 13 has so well stated, it is within our power to reduce the budget. We cannot single out any particular item as a whole in that department. What I have in mind, Mr. President, is that we have temporary employees working in the Election Department. They are employees who take care of the voting places where these machines are placed. By reducing the budget on the A item, personal service, of the Election Department, I am only wondering if the councillor from Ward 4 would be willing to expect at the time of election that there will not be sufficient men at the precincts in his ward to take care of the people who go in there to vote. I for one know I would like to have all my precincts manned right on election day. As a matter of fact, there have been in the past many people, many voters, unable to vote due to the fact that they were not manned properly. I don't know whether ten are needed or fifteen are needed. However, I contend that his Honor the Mayor feels that the amount of money he has requested is needed to see these machines are properly taken care of and to see to it that at the time of the election they are properly functioning, and I cannot see for the life of me how I can vote to deduct this amount of money from the budget and then perhaps have the Election Commissioners feel they want to take away from the precincts some of the temporary workers on election day. That is another fault which lies with the Legislature, that the Legislature has not seen fit to give to the City Council up to the present time the power to name specific items for any reduction or any increase. Certainly our powers are to reduce and, when we really bring it right down, what are the powers? You may be hurting the innocent, and that is another thing his Honor the Mayor may not have on the Council, not in particular the man downstairs, but all men who have served as Mayors of the City of Boston and all future mayors under the present charter. Mr. President, the arguments pro and con have been listened to, and I have in mind, as I stated before, that I would like to see the temporary employees out there on election day, and as to any fear in regard to whether or not these individuals have been hired to do this particular work, whether paper hangers or carpenters or cobblers, can do it, may I assure the Council that I for one during my lifetime have been newspaper boy, bootblack, machine washer, carpenter, insurance man, and mortician. So I don't pay any attention to what a person has been; I pay attention to what the person can do. In regard to the protection of the civil service, I have been given to understand these positions will be filled by a civil service examination, and, if these individuals are not capable of holding that position, then I am sure the civil service will not give them the positions when the time comes.

Chairman SULLIVAN—The motion is now on Councillor Hannon's amendment to the motion, to reduce the A-1 item in the Election Department budget by \$20,000.

Coun. FISH—Mr. President, am I recognized?

Chairman SULLIVAN—Councillor Fish.

Coun. FISH—Insert in place of Councillor Bayley's reduction figure of \$35,000 Councillor Hannon's figure of \$15,000.

Coun. RUSSO—Mr. President, may I ask a point of information? Chairman SULLIVAN—State your point of information.

Coun. RUSSO—I would like to ask through you whether that is the recommendation of the Chairman of the Appropriations Committee.

Chairman SULLIVAN—It is not. The motion now is on Councillor Hannon's amendment to Councillor Bayley's motion to reduce the A-1 item in the Election Department budget by \$15,000. All those in favor say "aye," those opposed "no." The Chair is in doubt, and the Clerk will call the roll.

Coun. KINSELLA—Mr. President.

Chairman SULLIVAN—Councillor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—A point of information, Mr. President.

Chairman SULLIVAN—State your point of information, councillor.

Coun. KINSELLA—Does the Council understand that this will reduce the item of \$15,000 to a figure of \$30,000? That is my understanding.

Chairman SULLIVAN—Reducing the A-1 item in the Election Department budget by \$15,000.

Coun. KINSELLA—Thank you.

Coun. FISH—Mr. Chairman, is it possible with this amendment to add the words "the recommendation that five more men not be added to the custodians?"

Chairman FISH—The recommendation is not allowed.

Coun. BAYLEY—Mr. President, if this amendment to my motion fails, the motion before the Body will be to reduce it by \$35,000?

Chairman SULLIVAN—Yes. The question is now on Councillor Hannon's amendment to Councillor Bayley's motion to reduce the A-1 item in the Election Department budget by \$15,000, and the Clerk will call the roll.

The motion to reduce by \$15,000 was carried, yeas 9, nays 7.

Yeas—Councillors Bryan, Fish, Hannon, Kelly, Kinsella, Lane, McCormack, Moriarty, Sullivan—9.

Nays—Councillors Bayley, Chase, Cook, Keenan, Linehan, Madden, Muchnick—7.

Present—Councillors Cantwell, Coffey, Russo—3.

Coun. BRYAN—Mr. President, I would like to change my vote from "yes" to "no."

Coun. COFFEY—Mr. President, I desire to change my vote to "yes."

Chairman SULLIVAN—Nine votes in the affirmative and eight in the negative, and Councillor Hannon's amendment is carried.

Coun. COOK—Mr. Chairman, before I make my motion, I would like this clarified by you or the Clerk. I have a motion to cut approximately 170 items specifically from the budget, and I would like to know whether we have to vote on that item by item in separate motions, or whether I can do it department by department, or whether I can do it in toto.

Chairman SULLIVAN—Councillor Cook, the Chair will inform you it would be in order to submit your cuts by departments, but, if another councillor so wishes, he may have the question divided and acted upon each item separately.

Coun. COOK—Mr. President, I will start off with the Art Department.

Coun. FISH—Mr. President.

Chairman SULLIVAN—For what purpose does the gentleman arise?

Coun. FISH—Does any councillor have the right to question any particular item as he mentions it?

Chairman SULLIVAN—That is right.

Coun. LINEHAN—Mr. President.

Chairman SULLIVAN—For what purpose does the gentleman arise?

Coun. LINEHAN—A point of information.

Chairman SULLIVAN—State your point of information, councillor.

Coun. LINEHAN—If any councillor objects to this form of presentation by the councillor and he like myself would prefer to act on each item separately, does one councillor have the right to say it would be department by department? I would object to that, that all we need is one objection.

Chairman SULLIVAN—We will act, Councillor Linehan, by each department. If he has more than one cut in each department, you may ask for the objection, and they will be handled individually.

Coun. LINEHAN—Mr. President, I ask at this time that it be item by item from the word "go."

Coun. RUSSO—Mr. President, a point of information.

Chairman SULLIVAN—State your point of information.

Coun. RUSSO—I see there are copies of the budget and the cuts proposed by the councillor from Ward 12. I was wondering if he had any other copies he could distribute to the other members of the Council.

Chairman SULLIVAN—He has none available.

Coun. COOK—Mr. President, I am sorry I have not. I spent the week end looking over the 700 pages of the budget committee reports, which were quite interesting, and I made cuts as I went along. I finally got my secretary around eleven o'clock today to copy them, and she only made five copies. I would have liked to have had 22.

Inasmuch as Councillor Linehan wants me to go through item by item, I will do it that way. I think, however, I will start off with some of the larger items. You all have City Document No. 38, which is the printed copy of the budget recommendations. On pages 56 and 57 of this document, on Special Appropriations. The first cut I recommend is in the item called "Unsafe Buildings," and an appropriation of \$40,000 is asked for. I recommend and move a cut of \$25,000. To those who have the committee report on the budget for 1947, I call your attention to pages 77 and 78. The Buildings Commissioner there said he had an unexpended balance of \$55,000. He had asked for \$100,000 for this year and was cut to \$40,000. I think, with the \$55,000 unexpended balance last year and the \$15,000 left after this cut of \$25,000, he will have \$70,000 for 1947, and it will be enough.

All he can use this money for is to tear down certain buildings. He has never used up his appropriation, and I seriously doubt whether he will this year. Any unexpended balance, therefore, can be transferred to various other items in some other department with the approval of the Mayor. I think the Council will be within good discretion so far as the tax is concerned to cut this item by \$25,000, and I so move. Mr. President, a point of information.

Chairman SULLIVAN—State your point of information, Councillor Cook.

Coun. COOK—Do we have to have a vote on each one of these?

Chairman SULLIVAN—We will.

Coun. COOK—As I go along, or after I make the recommendations?

Coun. CHASE—Mr. President.

Chairman SULLIVAN—The Chair was in error. Would you mind suspending your motion until we go on with Councilor Bayley's motion? His motion was amended by Councilor Hannon, and all we took a vote on was the amendment. All in favor of Councilor Bayley's motion amended by Councilor Hannon, please say "aye."

Coun. BAYLEY—We are now voting to cut \$15,000?

Chairman SULLIVAN—Fifteen thousand dollars.

Coun. BAYLEY—What does the "no" vote mean?

Chairman SULLIVAN—The Chair was in error before.

Coun. BAYLEY—Yes.

Chairman SULLIVAN—The Chair was in error. We are voting on Councilor Hannon's amendment to Councilor Bayley's motion reducing the A-1 item of \$35,000 to \$15,000.

Coun. MCCORMACK—I thought we voted on that.

Chairman SULLIVAN—We voted on the amendment, but not on the amended motion. The Chair was in error.

Coun. CANTWELL—What happens to the other votes? Does it make any difference? Does this turn the other back?

Chairman SULLIVAN—A "yes" vote is reducing the item by \$15,000. A "no" vote refers it back to the \$35,000.

Coun. FISH—Mr. President, I think you have answered my question, but I wanted to be doubly sure. The "yes" vote now means that item is decreased by \$15,000.

Coun. CHASE—Mr. President, talking on the motion.

Chairman SULLIVAN—We are on the roll call. You may be recognized just for a point of information. The roll call has been ordered.

Coun. KINSELLA—Mr. President, a point of information.

Chairman SULLIVAN—State your point of information.

Coun. KINSELLA—When we voted on Councilor Hannon's motion to amend Councilor Bayley's motion, we voted 9 to 8 in support of Councilor Hannon's motion, is that correct?

Chairman SULLIVAN—That is correct.

Coun. KINSELLA—I would like to ask the Clerk through you whether or not the acceptance of Councilor Hannon's amendment did not erase and liquidate Councilor Bayley's original motion which had not been voted on?

Chairman SULLIVAN—It did not. Councilor Hannon's motion was an amendment to Councilor Bayley's original motion in striking out the words "\$35,000" and inserting the words "\$15,000." Now, that amendment was passed, and now we are going back to the original motion to reduce the A-1 item in the Election Department by \$15,000. The Clerk will call the roll.

Coun. KINSELLA—The "yes" vote reduces it \$15,000?

Coun. BAYLEY—The "no" vote, no cut in the budget.

Chairman SULLIVAN—The Clerk will call the roll.

The roll was called, and the motion to cut the A-1 item in the Election Department \$15,000 was carried, yeas 14, nays 0:

Yeas—Councilors Bayley, Cantwell, Chase, Coffey, Fish, Hannon, Keenan, Kinsella, Linehan, Madden, McCormack, Moriarty, Muchnick, Sullivan—14.

Nays—0.

Present—Councilors Cook, Russo—2.

Coun. COOK—Mr. President, may I have my vote changed from "present" to "yes."

Chairman SULLIVAN—There being no objection, Councilor Cook's vote is changed to "yes." Fifteen votes in the affirmative, none in the negative, and Councilor Bayley's motion as amended is carried, and the A-1 item in the Election Department budget is reduced by \$15,000.

Later in the session Coun. BRYAN said: Mr. President, I ask unanimous consent to be recorded in the affirmative on the \$15,000 reduction in the Election Department.

Chairman SULLIVAN—If there is no objection, Councilor Bryan's vote is so recorded.

Coun. COOK—Mr. Chairman, I make a motion to reduce the item of Unsafe Buildings by the sum of \$25,000.

Chairman SULLIVAN—That is under Special Appropriations on page 57.

Coun. MADDEN—Mr. Chairman, I would like to get unanimous consent to introduce a couple of resolutions without argument. I ask that at this time, with the thought in mind that we may go on at great length and argue over the budget. This has nothing to do with the budget but it pertains to veteran matters. I ask unanimous consent to introduce the resolution at this time without debate.

Coun. COFFEY—Mr. President, if he does, I would like to ask the same consent.

Chairman SULLIVAN—The Chair will rule both motions are out of order. The motion now before the Body is Councilor Cook's motion to reduce the item of \$40,000 in Unsafe Buildings under Special Appropriations by \$25,000.

Coun. CHASE—Mr. President, there is some doubt in my mind whether or not this appropriation item is necessary at all. If I understand it, sir, many of your building wreckers are very happy to undertake a contract with the city or with private individuals to rip down buildings, old buildings, merely for the salvage they can obtain

from it. I venture to say, sir, in practically all cases of old properties being torn down, the city could secure this work done for nothing. Many of your building wreckers would be very happy, sir, to get the free bricks, free lumber, free plumbing, and so forth. I am going to move to have this motion amended so that the item will be reduced to \$2,000, and I so move.

Coun. MUCHNICK—Mr. President.

Coun. FISH—Mr. President.

Chairman SULLIVAN—Councilor Chase moves to amend Councilor Cook's motion by \$38,000.

Coun. MUCHNICK—Mr. President, I wonder if I could ask Councilor Chase and after him Councilor Cook, the same question through the Chair.

Chairman SULLIVAN—State your question.

Coun. MUCHNICK—I would like to know why they leave the amounts they do in this particular item, why they cut out the amounts they cut out. Why pick those figures instead of other figures?

Chairman SULLIVAN—The motion is on Councilor Chase's amendment to Councilor Cook's motion to reduce the item by \$38,000. All those in favor say "aye."

Coun. MUCHNICK—Mr. President, I would like to know if I could have an answer from either or both of the gentlemen.

Chairman SULLIVAN—The gentlemen do not have to give any reason why they have given these figures and as neither one was taking the floor, the Chair was putting the question to the Body.

Coun. LINEHAN—Mr. President.

Coun. RUSSO—Mr. President.

Chairman SULLIVAN—For what purpose do you arise, Councilor Linehan?

Coun. LINEHAN—A point of information, Mr. President.

Chairman SULLIVAN—Councilor Linehan, speaking on a point of information.

Coun. LINEHAN—I would like to ask the chairman of the Appropriations Committee to explain as briefly as possible just what the \$40,000 item consists of and what it was going to be spent on, so that we will know what we are voting on when we vote.

Coun. FISH—Mr. President, I hope I won't appear to be abrupt, and I am sorry to give him the first answer.

Coun. LINEHAN—I don't mind.

Coun. FISH—I held these hearings at which all the department heads were present. I notified all the Council, not just the Appropriations Committee, that they were to be held. After they were held, I sent a letter out to every member of the Council stating that the transcript was here and available for them to read, and that I would hold meetings of the Appropriations Committee four or five days later, hoping they would read the transcript and then be present at these meetings in the executive room to ask questions or to make recommendations in regard to what they may have read in the transcript. I don't condemn in any way any councilor who could not be here at the hearings for the department heads, they have other duties to attend to, and it is for that reason that I extended that courtesy to come into the Executive Chamber at which I would hold these meetings. Previous to that they could go over the transcript. I afforded that opportunity and even more than had been done in previous years. It is not my intention to pop up and down on every little question this afternoon. In answer to this, \$40,000 plus the \$55,000 which was carried over from last year and, incidentally, the \$55,000 was carried over because they could not get labor and contractors to do the work of demolition; if they could have got them, we would never have had a carry-over because God knows, and everyone in this room knows very well, that there are hundreds and hundreds of buildings that should be condemned and torn down for public safety in the City of Boston. That money is to be spent with contractors for demolition. May I add there are privately-owned buildings whose owners will not spend a penny on them and they leave them up there as an eyesore. The city has to condemn them and then demolish them, and then take it up with the owners in court. I think that is a grand service the city does give to the taxpayers, to remove these eyesores. I think many of the private owners of these buildings would welcome a certain member of this Council if he went into the contracting business and said, "I will go out and tear your buildings down for nothing, just the salvage there is to it."

Coun. LINEHAN—Mr. President, I want to extend my thanks to the chairman of the Committee on Appropriations or finally giving an argument as to why it should not be cut down. Personally, I am in favor of cutting down any item in this budget if it can be proved it should be cut down, but it seems to me before anyone votes on a cut he should have reasons for voting for the cut. If the gentlemen from Ward 12 and Ward 4 want to cut this item, I go along with them if they can prove and can show there is evidence that this \$40,000 is too much, even if they have just a small amount of evidence to sustain their argument, but, just to get up and say, "I move to cut this down \$15,000 or \$2,000," I, for one, am not going to go along unless they give me reasons. But I do think at this time, when the chairman of the Committee on Appropriations said he does not feel he is going to pop up here every time he is asked a question, I think he is working under a misapprehension as to his job as chairman of the

committee. The chairman of a committee does not have to do all the work on the committee, he has other members of the committee who serve. That is the same as it is done in the Legislature. There is more than one man on the Committee on Appropriations. Up in the Legislature it is the Committee on Ways and Means. Different members of the committee are assigned different jobs relative to the budget, and I certainly don't hope or don't expect the gentleman from Ward 16 is only going to be the only man to bear the brunt and burden as far as the Committee on Appropriations is concerned. The other members of that committee owe it to this Body, the men who are not members of the Committee on Appropriations and not in a position to get as much information as they were—I was invited like other members of this Council, but we were just invited as members, and it was not a responsibility on our part to be at the meetings—to be able to give us some information on these items. It does seem to me it is responsibility which solely falls on the shoulders of the members of the Committee on Appropriations, and if they don't want to assume that burden it was up to them to resign from the committee. Let those members who served on the committee furnish information to the members of the City Council here assembled to consider the budget, so that we may know how we are voting, not when the department heads were before us, but on the day we are voting, and that day is today. I sincerely hope the gentleman from Ward 16 is not the only man on the Committee on Appropriations who will let the budget go through as is, with the exception of the cut on voting machine custodians. So if I ask questions, I don't want the gentleman from Ward 16 to think I am placing the burden upon him because I don't intend to do so.

Coun. FISH—Mr. President, I can only repeat what I said last week. I can't anticipate what cuts are to be recommended. To the best of my ability I will answer the questions as they come. I don't think Bobbie will take advantage of it, but I have a pretty good keen sense of the reason why they may get up. When I say I am not going to pop up and down, I mean it. I am not going to be harassed unless it is a sound reason.

Coun. MUCHNICK—Mr. President, I don't want to pop up on every motion to cut that is made here, and I want to refer, as the previous speaker just did, to the reasons for my remarks of last week, as to why, except for anything that is too obviously absurd, I intend to go along with the entire budget and will probably in most cases vote against these cuts. In my opinion, it is not in any way helping to cause a permanent cure for any of the ills that are troubling the city today.

Coun. BAYLEY—Mr. President.

Chairman SULLIVAN—Councilor Bayley. Coun. BAYLEY—Mr. President, I have some suggestions for cuts, but I don't intend to harass the chairman of the Appropriations Committee. He is, of all the members of the committee, by far the best able to answer questions because he was the only member who attended all the meetings and attended them faithfully. At least two members of the committee, Mr. President, attended less than —

Chairman SULLIVAN—The motion before the Body is to reduce the Unsafe Buildings appropriation under Special Appropriations by \$38,000.

Coun. BAYLEY—Mr. President, I am trying to reach the point. All seven members of the Appropriations Committee did not report favorably upon the appropriations.

Chairman SULLIVAN—We are speaking on the motion to reduce the Unsafe Buildings under Special Appropriations by \$38,000, and not on the members of the committee.

Coun. BAYLEY—I am speaking of the fact that we don't necessarily have to uphold the committee's recommendations because probably only four members voted, so we are not necessarily bound by the committee's recommendation.

Coun. BRYAN—Mr. President.

Coun. CANTWELL—Mr. President.

Chairman SULLIVAN—Councilor Cantwell.

Coun. CANTWELL—A point of information.

Chairman SULLIVAN—State your point of information.

Coun. CANTWELL—Is it or is it not so that when these private dwellings have been torn down, the city charges back to the property owner the cost of tearing down?

Chairman SULLIVAN—Will the chairman of the committee answer Councilor Cantwell.

Coun. FISH—To the best of my knowledge, I think I am correct, if anyone has a dilapidated building and it is condemned by the city and they neglect to tear it down, the city has the right to go in and demolish that building and bring action by the Law Department against the owner.

Coun. COOK—Mr. Chairman, I won't talk on this, but I will quote Commissioner Mahoney on this subject, Chairman Fish asked, "Would you explain to the committee why you carried the balance over and did not spend that and raise the buildings? There are enough of them to take down." Mr. Mahoney answered, "We have, as everybody in the Council knows, many buildings that are unsightly. They have not as yet reached the unsafe and dangerous stage. Further, there are some buildings we are frank to admit which should come down. They may last another year or two, but they are occupied. If we vacate those people, there is no place for them to go at the present time. The only solution we have is to have an almost daily inspection of the buildings

that are on the borderline by our inspectors constantly watching them until they reach that point where the tenants must be vacated. We cannot estimate exactly how many buildings of that type there are in Boston. We must carry a fairly sizable item in the budget in the event we should need it quickly." Based on his argument that they may last another year or two—and they ask for approximately \$100,000, and they had a \$55,000 unexpended balance—I think we are safe to leave him \$15,000 this year and with \$55,000 unexpended balance from last year, it gives him a total of \$70,000 for the year 1947, especially since four months of the year are practically gone by.

Coun. FISH—Mr. President, on the contrary they may not last a year.

Coun. KINSELLA—Mr. Chairman, I would like to ask the chairman of the Appropriations Committee if Commissioner Mahoney was asked any questions relative to the average individual cost of the demolition of houses.

Chairman SULLIVAN—Would you answer Councilor Kinsella?

Coun. FISH—Councilor Kinsella, what is the question? I would know it if Councilor Cantwell would leave me alone.

Coun. KINSELLA—Did the chairman or any other person in attendance ask Commissioner Mahoney any question relative to the average individual cost of the demolition of houses?

Coun. FISH—They vary. It depends on the size; a small barn or single dwelling, around \$400 or \$500, and large buildings in proportion. It is all on public bid, and when they bid for these jobs they take into consideration the salvage value, and that guides their figure on demolishing it.

Coun. KINSELLA—Mr. Chairman, in support of the item in the budget of Mr. Mahoney's recommendation that \$40,000 be appropriated and added to his unexpended balance of last year, I would like to direct the attention of the gentleman from Ward 12 to some of the conditions existing in my Ward alone that could be duplicated in many other wards of the city. I have in mind badly run-down houses that are so far gone it would be a waste of money to spend anything on them for the purpose of rehabilitating them physically, and when I inquired into the reason for one house in particular left standing, I was informed a lady who lived in New Hampshire just over the Massachusetts line came down and pleaded with the Building Department not to tear the property down because she had been married in the house and her first child was born there. That is as highly sentimental and personal reason in support of it as anyone has possibly run into in your own wards. The commissioner was as lenient as possible, but he eventually had to take that property down because every door and every window in the place had been broken, and the children were getting in there and setting fires. They were tearing out the plumbing and the lighting, and while that may be looked upon as childish pranks, it would mean sooner or later that house would collapse of its own weight. The woman flatly refused to pay the cost of taking it down, in the neighborhood of \$300. It happens to be in a blind end, off Auburn street, and that property, as land, is not good for anything. The lady loses nothing by allowing the city to take over, and she won't pay the cost of that because no one will ever buy that piece of land. As I said at the outset of my remarks, \$40,000 plus \$55,000 carried over from 1946 is not a huge amount of money, and I think a man of the character of John Mahoney who knows exactly what he is doing is trying to get the money and will not hold it in reserve unless conditions come about such as Councilor Fish stated, because much of it will be used the minute it becomes available to him. It is not so long ago that Councilor Carey put in a very worthy order seeking to get some buildings in his district demolished because of the menace they offered to the neighborhood. We can all parent his remarks on that occasion. I think we ought to leave these figures in because we know they are in the custody and control of one of the best Building Department Commissioners we ever had. I recommend that it be allowed.

Coun. RUSSO—Mr. President, I, too, recommend it stay in the budget for the simple reason, if the commissioner wishes to know, some of the buildings in my own district should be demolished in order to make it safe for the people, and I will give him a very lengthy list. I, for one, would not want to see this particular item cut out and tomorrow some building may fall and there may be deaths. I can assure the commissioner, and I can assure the Council, that the same condition exists in my district, and I presume it exists in all 22 wards. There are various buildings that are occupied as the commissioner stated, but they should be condemned. I say to the commissioner, "Don't wait until a tragedy has taken place." It is up to him to see they are removed and the tenants put in other places of habitation. He should not wait until some one loses his life. The Commissioner has \$55,000 left over from the budget of last year and is seeking \$40,000 now, and I believe if he did not have that \$55,000 he would be asking for over \$100,000 this year. Therefore, I say to you, look around the City of Boston, look around in your own district, and I am sure you can very well spend the \$90,000 that the commissioner has at his disposal for the unsafe buildings, securing, removing, and so forth. There are many buildings also that need to be secured, even though they are not in a position to demolish them at the present time. I say to

the commissioner: "There are those buildings in my district and you know where they are, commissioner, and if you don't, I will be glad to give you a list of them. Make sure they come down for the safety of the lives of the people who live there."

Coun. CAREY—Mr. President, I understand a recommendation has been made to make a rather substantial cut in this particular item. This is one item where if the Council had any authority to increase, it should do so. All one has to do is start with Ward 1 and go throughout the city in the 22 wards and see adequate reasons to spend considerable money, not only for the sake of removing eyesores, but of much more importance, for the sake of removing fire hazards that exist throughout the 22 wards of the city excepting possibly Wards 4 and 5, Back Bay. I think that the commissioner might well spend \$50,000 in my district alone, and perhaps more. Some of the blame might be laid on the property owners or the landlords, but regardless of who is to blame, the thing we are faced with now is trying to remove a serious hazard throughout the city. It has been argued on the floor of the Council on more than one occasion that a serious fire menace is allowed to continue in the city because of the dilapidated and unsafe buildings. The funds that are necessary have never been fully appropriated. I know Commissioner Mahoney since he has been in charge of the department, time and time again has wanted to go ahead and demolish and raze unsafe structures; not only unsafe structures but some particularly fire menace structures. I hope this is one item the Council will leave in the budget, and I hope, instead of expediting the passage of the budget and endeavoring to reduce this amount, we might on the other hand expedite the matter of making the city safer for residents of Boston. I would say we would have to have more money instead of less money in order to remove the fire menaces and the eyesores that now exist. I hope no cut will be made in this item.

Coun. CHASE—Mr. President, I now move my amendment be amended to strike out the entire item of \$40,000. Speaking on the motion, Mr. President, I have been a member of your Body for 10 years and it seems as the years go on, sir, the more enlightened one becomes as to how the various departments are managed. I feel, sir, this item of \$40,000 can be stricken from your budget. I had in mind originally, sir, to leave \$2,000 because I forgot about the \$55,000 unexpended. Now that that has been called to my attention, sir, I feel that the entire item should be taken out. I don't need to remind you, sir, that his Honor the Mayor has taken the ash and garbage contracts and awarded them without competitive bids. Here, sir, is an item of \$40,000 which makes it possible for the taxpayers to be gypped of probably \$35,000 or even more. These contracts, apparently, are not awarded under the competitive bidding system. These contracts, sir, apparently are not grouped into one large contract and advertised and given to the lowest qualified bidder. They, sir, come under the old "grave train," so to speak; the favored contractors of the city can be awarded this removal job on a \$400 basis, \$800 basis, and \$900 basis, whereas his Honor the Mayor and the Building Commissioner have authority, sir, to advertise this contract on a group basis, pick out your selected spots to be torn down, and advertise them, opening them up to the public, and allowing 101 different qualified building wreckers to come in and bid. I am sure, sir, under that system the city of Boston would be given a much better break than they are now given under the present system, and I venture to say that the savings would be darned close to 100 per cent. Now, I want to remind the members of your Body, sir, of an incident that occurred not so long ago, not so many months ago, just to give you an example of how the Building Department is managed, and I want to pay strict attention to this particular incident, because I think it has some bearing on the issue before us. One businessman, sir, a prominent Republican with whom I have been acquainted for years, wanted to make an addition to his factory, and the story he told me, sir, was that the building inspector sought him out. He was a little afraid of the building inspector, like many of your businessmen in Boston are, and the building inspector apparently intimidated if he would award the building contract to a particular contractor, he would give him his permit. The businessman got a bid from this particular contractor—

Coun. KINSELLA—Mr. Chairman.

Chairman SULLIVAN—Councilor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—A point of information. Chairman SULLIVAN—State your point of information.

Coun. KINSELLA—The gentleman is giving evidence more properly given in court. He is talking off the subject of the motion, to cancel \$40,000 from the removal of buildings.

Chairman SULLIVAN—The point of order is well taken. The question is on the amendment to strike out the entire item of \$40,000 Councilor Chase.

Coun. CHASE—I am now talking about the Building Department. I am now talking on the very particular department which has this certain item involved in the discussion before us. I am now talking about a particular employee of that department who is charged with the duty apparently of O.King permits for the purpose of tearing down unsafe buildings. So, sir, I believe I am talking on the motion because what I have to say

in my opinion will have a great bearing on the matter before us. This businessman, sir, got a bid from the particular building wrecker recommended by the building inspector and he was amazed by the bid, and he sought out other bids on his own, picked them at random in the newspapers, and lo and behold, he found the other bidders were considerably lower, four times lower, as a matter of fact, than the one recommended by the Building Department inspector. Apparently, sir, the Building Department inspector, when he found this man was entertaining ideas of securing a wrecker other than the one he suggested, said something to him that caused this businessman to wonder what it was all about, and he sought my help. I listened to his story on the telephone, and I told him that it was his duty to report to the Building Commissioner and to tell the Building Commissioner his whole story; that he, as a law-abiding citizen, was entitled to give this contract for tearing down his building to the lowest qualified building wrecker. He went before the Building Commissioner at my suggestion, and apparently he straightened the matter out before the Building Commissioner. But, sir, there is an example of an indignant taxpayer, a conscientious businessman, who apparently might have been forced to pay four times the amount that it rightfully cost to tear down a building on the space which he desired in order to enlarge his factory. I quote this case having in mind that this has a relationship to the matter before us. It is quite possible, sir, to get this work done at a much lower sum of money if you seek out the lowest qualified bidders. These contracts, in my judgment, are awarded to favorite contractors without competitive bids, and, sir, if some theory of costs apply, as they had applied in the case of my friend the businessman, you can readily see how easy it is for the city to take an awful gypping. Now, I have talked with a number of businessmen who have had occasion to have their old buildings ripped down, and I have been led to believe in many instances some of your licensed building wreckers are only too happy to come in and perform the work for nothing. All they desire in many cases is the salvage rights, that is, the right to dispose of bricks they tear down, the right to dispose of lumber, the right to dispose of the plumbing, and whatever salvage there is left in ripping down the building. With all those things in mind, I believe the \$55,000 unexpended is more than ample for any amount of building wrecking which this particular department desires to do for the year 1947, and I believe, sir, we are warranted in view of the fact that these contracts should be awarded to competitive bidders, to strike this item out altogether. If his Honor the Mayor can prove to us that he needs this money, and shows that he has adopted the policy of awarding these contracts on a group basis to the lowest qualified bidder, if there are not ample funds we can supplement his budget. I believe I have offered substantial reasons why this entire item should be taken out, and I so move.

Chairman SULLIVAN—Councilor Chase moves the \$40,000 item in the budget under Unsafe Buildings, under Special Appropriations, be taken out, and the Clerk will call the roll.

Coun. RUSSO—Mr. President, I feel in the eagerness of the councilor to try to cut the budget, we are losing sight of the fact of safety of buildings. Although I heartily agree with some of the remarks made by the gentleman from Ward 4 (Coun. Chase) in regard to giving contracts by open bid, I am not trying to stand up as a defender of the man downstairs. As you all know, perhaps I have spoken to him about six times in sixteen months; therefore, I am not taking his part, but I would like to ask the gentleman from Ward 4 whether or not the Mayor is doing that within the law. I feel that he is. The Legislature gives him that right, and he exercises it. Further, the Legislature has said we have no right to interfere with his administrative powers. Where does that leave us? Let us be frank. We are back where we started from. We go ring-around-rosy and we are back where we started. If he so desires and he wants to give this on bid, I say that is what he should do. That is my opinion. If he does not, I am not going to say: "Withhold \$40,000. You are not going to spend a dime in order to try to save lives in my district." Mr. President I say to the Council, let us be fair to ourselves and not allow the idea of cutting down the budget to run away from the things that are vital, the obligation the city has to assume and must assume, the protection of life and limb and health of the people of the city. I have in my own district many buildings that should be torn down. I have in my own district many buildings that are boarded up that I want down. They could use this \$100,000 in my district alone and not have enough. As Councilor Carey has stated, in his own district he felt they could use that amount and more. On this one item I, for one, will not vote to cut it down, and tomorrow have a catastrophe in my district and the blame would be on my shoulders to say I have a guilty conscience because of the fact that the budget was cut down, they had no money there in order to perform their duty. If there are private buildings and there is money, they should come down. Then I say to the commissioner, "For God's sake, do it this year." Yes, I understand we have a housing shortage but, still, the safety of those people who live in those buildings, even though they do not realize it, should come first. I have many of them in my district, and I ask the commissioner, "Look upon Battery street, Barton street, and Willard street

in the North End and South End." This is one item, gentlemen, that should not be cut, and, if we had the power to add, then this is one item we should add to and not reduce.

Chairman SULLIVAN—The motion is on Councilor Chase's amendment to reduce the budget by \$40,000 under Unsafe Buildings, Special Appropriations, and the Clerk will call the roll.

The roll was called, and the motion was defeated, yeas 2, nays 14:

Yeas—Councilors Bayley, Chase—2.
Nays—Councilors Bryan, Carey, Coffey, Fish, Keenan, Kelly, Kinsella, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Sullivan—14.

Present—Councilor Cook—1.

Chairman SULLIVAN—Two in the affirmative and fourteen in the negative, and the motion to reduce by \$40,000 is lost. Does Councilor Cook press his motion of \$25,000?

Coun. COOK—Yes.

Chairman SULLIVAN—The motion now is on Councilor Cook's motion to reduce that same item by \$25,000, and the Clerk will call the roll.

The motion to reduce the appropriation for Unsafe Buildings by \$25,000 was lost, yeas 3, nays 14:

Yeas—Councilors Bayley, Chase, Cook—3.
Nays—Councilors Bryan, Carey, Coffey, Fish, Keenan, Kelly, Kinsella, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Sullivan—14.

Chairman SULLIVAN—Three votes in the affirmative and fourteen in the negative, and the motion is lost.

Coun. COOK—Mr. President, I make a motion that \$100,000 be cut from the Special Appropriations, in the Snow Removal item on page 57 of City Document No. 38; in the transcript, page 531.

Chairman SULLIVAN—Councilor Cook moves that the Snow Removal appropriation be reduced by \$100,000. Speaking on the motion, Councilor Cook.

Coun. COOK—Mr. President, last year I voted for a reduction in the Snow Removal appropriation, I think, of \$200,000. Last December we had, I think, \$300,000 left in the Snow Removal appropriation, \$100,000 of which was transferred within ten days to the City Hospital. This year we have had one snowfall. I doubt whether we will have enough snowfalls for the balance of the year to take care of the balance left in the Snow Removal appropriation, and, as I read the testimony of Commissioner Curley, page 531, he testified that approximately \$300,000 more or less was spent on two snowstorms, and he estimates \$100,000 as a fair estimate for snowstorms in December. I think if we cut \$100,000 we are saving on the tax rate. I would like to call to the attention of the President and the gentlemen of the Council that, if there is a snowstorm, he removes it and he will have to get the money from us. I think, however, we can take that chance, based on last year's experience and our experience of 1945. It will be a saving on the tax rate, and I don't think it is an undue chance. I think we ought to vote a \$100,000 reduction in the Snow Removal appropriation.

Coun. FISH—Mr. President, I don't think, based on the transcript alone, he has a reasonable argument. Following the meeting in the Executive Session where this recommendation was made, the following day I went to the Public Works Department. I was not in there one minute when another councilor followed me—not followed me, he came in, and if he cares to get up after I am through, I will be glad to have him do so. I told the Public Works Commissioner there was to be a recommended cut of \$100,000 in the Snow Removal item. He said if they can afford it, they can stand it, it was certainly all right with him, because in the event we got snow next December and it was to cost more money than he had, he would order the equipment out for public safety, which would be his duty, and the money would be forthcoming then, but he went in to the clerk in charge, and he said, "Let us see if we can afford it." Frankly, he did not care. I think he would just as soon have it cut out, but the clerk brought in the records of expenditures, and here are the records. Three hundred seventy-five thousand dollars has been spent or obligated for snow removal of the \$500,000 appropriated this year. Three hundred seventy-five thousand dollars has been encumbered. Much to my surprise, they were out on three occasions, three storms when I thought it was only two, but the record showed further it was three, and the total expense of that was \$375,000. Also against the \$500,000 was \$106,000 for three snow loaders ordered this year and two snow loaders ordered last year. I checked with the auditor to see if he had the money allocated for the two snow loaders last year, in the presence of the other councilor and the commissioner. Auditor Fox said no, that the two ordered last year plus the three ordered this year will be encumbered on the \$500,000 appropriation this year. They have been on order. That will mean a total of \$375,000 plus the \$106,000, which is \$481,000. There is then a balance of \$19,000. If that can be recommended to be cut, I will vote for it, but I can't vote for a cut of money that is not there to be cut.

Coun. BAYLEY—Mr. President.

Coun. KEENAN—Mr. President.

Chairman SULLIVAN—Councilor Keenan.

Coun. KEENAN—Dr. I understand the chairman of the Appropriations Committee said a certain amount of money from Snow Removal was for snow equipment?

Coun. FISH—That is right.

Coun. KEENAN—A point of information.

Chairman SULLIVAN—State your point of information, councilor.

Coun. KEENAN—Would snow equipment come under equipment of the Public Works Department instead of Snow Removal?

Chairman SULLIVAN—Ordinarily it does, councilor, but sometimes they can purchase equipment under Snow Removal appropriation.

Coun. KEENAN—I think the amount of money the commissioner or his Honor the Mayor wants for snow removal equipment should come under a special item in the Public Works Department and not under removal of snow. I think that is charged up to the wrong item in the budget. Am I correct, Mr. President?

Coun. MORIARTY—Mr. President.

Chairman SULLIVAN—That is a matter of judgment by the Commissioner of Public Works on each item. He placed the money to purchase this equipment and he is likely within his rights to do so. Councilor Moriarty.

Coun. MORIARTY—in attending one of the hearings, I gained the knowledge that this equipment to be purchased out of the Snow Removal item was particular equipment pertaining to snow removal only, such as blades and plows and what else, equipment that could not be used for any other type of work, so that it justified in my mind the fact that the equipment could be charged to snow removal.

Coun. BAYLEY—Mr. President, I was the other councilor concerned with the chairman of the Appropriations Committee when we sought the Commissioner of Public Works on the matter. I agree with everything he said except, I believe, there were only two storms, one January 1 and 2, and one the latter part of February, around the twentieth or twenty-first. Mr. President, it is true someone was called to show charges amounting to \$375,000, but what amazed me was the fact that Commissioner Curley had said here before the meeting that the first storm had cost approximately \$100,000, I believe it was, about six or seven inches, and the second storm, around four or five inches, might run up to that item. There was a question of the ice on top of the snow. When the figures were brought in and he got the figures of \$375,000 for the two storms, the commissioner turned to the assistant and said, "Those two storms cost \$375,000?" That was the tip-off to me, why the storms that should have cost \$200,000 cost \$375,000. It is about time, Mr. President, we economized in our snow removal and stop letting the contractors milk the city. Those storms were not big storms and it is ridiculous that they should have cost more than \$100,000. Mr. Curley is a good Public Works Commissioner, and he assumed the cost as \$100,000 for the first one, and the second one less than \$100,000. Yet, when the record comes in, and we questioned the assistant, it is \$375,000 for that. Mr. President, something is wrong in Denmark, and by that I mean something is wrong in Boston. I think we should take care of our storms in an economical fashion, and I don't think it should cost us so much money. We had the reports of the Finance Commission as to how much more economical it is in snow removal in Cambridge than Boston. It seems to me it is the same type of snow that falls in Cambridge that falls in Boston. It is removed by employees of the city and not contractors. Our storms that should not cost more than \$200,000 are suddenly costing us \$375,000. Mr. President, these contractors' bills are excessive, and I believe we should cut this \$100,000, and I believe we should hold up the payment of those bills so the Finance Commission or any other body can investigate to see if these bills are padded, and to see if they represent bills for true work. Let us find out why storms that are not heavy, not over eight inches, which an expert said would cost \$100,000, should cost about \$185,000 apiece, why it should be almost double, the cost of \$370,000 to remove two storms when the Commissioner of Public Works, in whom I have the greatest confidence, said it would cost \$100,000 for each storm. I think it is about time that we look into the matter. I favor the reduction of \$100,000, because I think the cost of removal of snow was excessive, and I hope we will go along with the councilor from Ward 12 in his recommendation.

Coun. COOK—Mr. President.

Coun. KINSELLA—Mr. President.

Chairman SULLIVAN—Councilor Kinsella.

Coun. KINSELLA—There is a unique thing about this budget. On this budget every item suddenly produces somebody who is inefficient when the budget is considered but at other times in the year he is the grandest character. It is strange. About the critic from Ward 5, I would like to say, regardless of the expense of snow removal, primarily the Boston people do not get the same proportionate benefit at the huge expense for snow removal as our out-of-town brethren get—the people who come in here in the city from Greater Boston and want the streets cleared at eight o'clock in the morning regardless of how much of a fall of snow there has been the night before and for probably 12 hours. The main streets are taken care of first for no other reason than to allow an easy inflow and outflow of traffic to the residential sections of the city—and when I say residential, I mean where human beings live. I am not referring to Beacon street as being alone residential. They get second hand attention, and the only time they do any work in the more con-

gested part of this city is after they have made it easy and pleasant for the transient customers who come in here, and you know it to be a fact, every one of you. Look around your districts, and you don't see a snow loader in your district until the storm has stopped, during which time you will get a little attention, but you are getting it here on School street when it is still falling, and you will get it on Tremont street and on Beacon street and on Washington street and on all your roads leading into the city under the jurisdiction of the city while the snow is still falling. Everyone here knows that is true, and your own ward will get some attention at night after our transients have left the city which they entered as easily as they enter on a June day. The night rate for work under union agreements which the city has to honor is time and a half, and in some cases and for certain types of equipment it is double time. Those figures are high. To say even mildly there is suspicion, when the Public Works Commissioner says he is surprised that the figure is so much, implies an implication that he is going to come in here in the spring of this year with his head crowded with figures of every description and remember particularly one, two, or more storms cost a particular amount of money within \$5 or \$10. In other words, he has to come in here with an exactitude of figures when no man alive can do it in as complex a department as the Public Works Department. You were here, Mr. President, in 1944 or the year prior—yes, I think it was the winter of 1944 and 1945 when we had 58 inches of snow between December and February, and when the cost of snow removal was about \$1,300,000. We all know that there was not ten cents appropriated for snow removal, and the Public Works Commissioner can by law encumber any future amounts to be appropriated because of the emergency condition of the work. We might easily strike out one half million dollars, though I shan't vote to strike it out, and we would not do more than save 40 cents on the tax rate, but under any circumstances we would have to give him the money in early November, and it is not inconceivable we would get a storm of appreciable size after the month of November. So I would like to recommend to the members present through you that we may have this figure of one half million dollars in the budget, bearing in mind Boston exclusively does not profit from the expenditure—not exclusively. We make it easy for people to get in here and to drive their cars over the streets that are scraped down to the macadam and to park them at the curbs and, if there is public service in that, it is a poor type of public service, because we are guilty of making the bills bigger, since all those things have to be gone back and dug over again when the cars are removed at the end of the day. That is a fair and common sense argument for retaining the one half million dollars in the budget. Just think of the times when your own wards got attention this last year, when we were fortunate enough to have a lighter fall of snow than any year of recent vintage. They did not come into my ward until the main streets of Boston Proper and the approaches to Boston were scraped, clean and dry for our daily transients, two million people. Don't fool yourselves that the City of Boston as such only profits from snow removal. Let us discuss one item in the budget without injecting a suspicion that some rogue is on the loose.

Coun. COOK—I don't think we should have so much argument on the items. I am going by the transcript. We have had public hearings, and we have the transcript, which is different from what the chairman can get privately, without casting a suspicion of dishonesty, but it certainly should be a warning to the Council that evidently some department heads feel they can come in here at a hearing and make statements, knowing nobody will take the trouble to read the statements and check up and argue it out. I still think \$100,000 can be cut, and the city will not lose a nickel on it.

Coun. FISH—Mr. President, I don't think the councilor meant we can get information privately, because I did not go privately for it. I was authorized by the —

Coun. COOK—Mr. President.

Chairman SULLIVAN—Councilor Cook, for what purpose do you arise?

Coun. FISH—Yes, I yield.

Coun. COOK—The word "privately" was meant not that he was getting secret information, but he got it by himself, and it was not given to the committee. I meant no aspersions on him at all.

Coun. FISH—Thank you. I merely wanted to repeat that I extended the courtesy to all the Council primarily to discuss the budget, and they all knew I would verify the facts because that is what I said I would do, and that is what I did. I did not go for it privately, for the benefit of the Council.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce Snow Removal —

Coun. CHASE—Mr. President, I think this particular item could bear a \$100,000 reduction. I believe, Mr. President, it would be a worthy project for the Finance Commission to check into this item because I think Snow Removal is open to a careful survey. I think the taxpayers would benefit by a careful survey, especially, Mr. President, because of the testimony of the Public Works Commissioner. He is charged with the duty of knowing what is going on and he expressed amazement that the bills did run into such a tremendous

sum. I hope, sir, the members of your Body will go along with this recommended cut.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce the Snow Removal item in the budget under Special Appropriations by \$100,000. The Clerk will call the roll.

The motion was carried, yeas 11, nays 4:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Keenan, Linehan, McCormack, Moriarty, Russo—11.

Nays—Councilors Coffey, Fish, Kinsella, Sullivan—4.

Present—Councilors Hannon, Muchnick—2.

Chairman SULLIVAN—Eleven in the affirmative and four in the negative, and the motion is carried.

Coun. COOK—Mr. President, under Special Appropriations, for Public Celebrations, the item asked for is \$90,000. I move it be cut in the sum of \$40,000, and I call the Council's attention to page 422 of the budget testimony. Mr. President, in this item, the Director of Public Celebrations, George Curley, appeared and talked about the celebrations they were giving and hoped to give, and he said that was a figure upon which they could only make a guess. That is on page 424. He talked about the tablets that were going to be put up for veterans who were deceased, and talked about the committee appointed. I happen to be on the committee, and I think other members of the Council are on it, and I don't think we know of any tablet put up or of any public celebrations held. We all have in mind the great to-do recently about the amount of money to be spent on March 17 when the executive office suggested our senior Senator donate \$1,000. We have about eight months left of the year, and I think \$50,000 in the appropriation will last him, and I think he will spend more time and give more and better public celebrations to the city. I think we ought to cut it by \$40,000.

Coun. FISH—Mr. President, that is a matter of opinion as to how much money is needed for public celebrations. There is the question of confidence in the ability of the Director of Public Celebrations to guide the expenditures, and none of us know what occasion is going to arise. The budget, as the committee saw it, in the amount requested is not excessive in comparison to other years. The committee agreed that he was very sincere in his administration of the department to give public celebrations where necessary and not to give them when they were not necessary. In fairness to him, he could not tell how many would come, and he openly stated it was an estimate, and that is all the information he could give. I believe in the sincerity of the young man, and it is all right if you don't.

Coun. COOK—It is not a question of believing in his sincerity. I believe he has done a marvelous job, but I think since he would have \$50,000 left in the budget, he will probably use it much better than if he had \$90,000 and felt free to give celebrations when pressure was put upon him by small organized groups, where celebrations are needless, so far as the city is concerned.

Coun. BAYLEY—Mr. President, I would like to point out that the cost of public celebrations has more than doubled according to an article which I have here. If this is cut from \$90,000 to \$50,000, you will still be allowing more than \$8,000 in it than before the war, and I hope that the councilor will go along with the councilor from Ward 12.

Chairman SULLIVAN—The motion is to reduce the budget by \$40,000 under Public Celebrations, Special Appropriations, and the Clerk will call the roll.

The motion to reduce the budget for Public Celebrations by \$40,000 was lost, yeas 7, nays 9:

Yeas—Councilors Bayley, Chase, Cook, Hannon, Linehan, Moriarty, Russo—7.

Nays—Councilors Bryan, Cantwell, Carey, Fish, Keenan, Kinsella, McCormack, Muchnick, Sullivan—9.

Chairman SULLIVAN—Seven votes in the affirmative and nine in the negative, and the motion is lost.

Coun. COOK—Mr. President.

Coun. HANNON—Mr. President.

Coun. COOK—I yield.

Chairman SULLIVAN—Councilor Hannon.

Coun. HANNON—Mr. President, I would like to move that when we recess, we recess from half past five to seven o'clock.

Chairman SULLIVAN—At 5:30?

Coun. HANNON—Until 7 o'clock.

Coun. CANTWELL—For what purpose?

Coun. HANNON—To eat.

Chairman SULLIVAN—Councilor Hannon moves that we adjourn to take a recess at 5:30 until 7.

Coun. BAYLEY—Mr. Chairman.

Chairman SULLIVAN—For what purpose does the gentleman arise, Councilor Bayley?

Coun. BAYLEY—On the motion, Mr. President. I think an hour is long enough. I move that it be from 6 o'clock to 7 o'clock. I think that is long enough to eat and be back to business 5:30 to 6:30 or 6 o'clock to 7 o'clock. I think that is time enough to eat.

Chairman SULLIVAN—Councilor Hannon has made a motion that we take a recess at 5:30 to 7 p. m. All those in favor say aye, those opposed no. It is ordered.

Coun. LINEHAN—Mr. President, I move to reduce the item for Public Celebrations to \$75,000 instead of \$90,000, cutting \$15,000 off. There is no specific reason for me to pick the figure of

\$15,000 other than with the thought in mind that the Director of Public Celebrations said that the St. Patrick's celebration in South Boston would be cut, and it was cut. I say if the St. Patrick's celebration was cut, I think every other celebration should be cut during the year; it seems only reasonable and fair if he cuts that particular celebration the small sum of \$15,000 out of an item of \$90,000 is small enough. It would cast a reflection on that particular holiday if we cut that one down, and not cut the others. I hope the Council will go along. If we can cut one little bit there, we can cut another little along the line. I think the Council should go along and cut it \$15,000.

Chairman SULLIVAN—Councilor Linehan's motion is to cut the Public Celebrations item under Special Appropriations by \$15,000.

Coun. KINSELLA—I have been informed that the Budget Commissioner has recommended a proportionate cut for all public celebrations this year.

Chairman SULLIVAN—The question is on the motion to reduce the Public Celebrations appropriations by \$15,000, under Special Appropriations, and the Clerk will call the roll.

Coun. CANTWELL—What is the motion, Mr. President?

Chairman SULLIVAN—To reduce the Public Celebrations item by \$15,000.

The motion to reduce the Public Celebrations item by \$15,000 was carried, yeas 10, nays 4:

Yeas—Councilors Bayley, Bryan, Carey, Chase, Cook, Hannon, Linehan, Madden, Moriarty, Russo—10.

Nays—Councilors Coffey, Fish, Kinsella, Sullivan—4.

Present—Councilors Cantwell, Muchnick—2.

Chairman SULLIVAN—Ten in the affirmative and four in the negative, and the appropriation is cut by \$15,000.

Coun. COOK—I move the special appropriation for Conventions and Entertainment of Distinguished Guests be cut by the sum of \$14,650. This is referred to on page 427 of the Budget Committee reports. I note that the Director of Conventions, Mr. Curley, says he had over 200 conventions already listed, and he pointed out last year we had the national convention of Veterans of Foreign Wars. I think since we will not have a national convention of that size and of that duration, we can cut that budget \$14,650, leaving a balance of \$30,000, and he will be able to get along nicely with that.

Chairman SULLIVAN—Councilor Cook moves the convention item in the budget be cut by \$14,650, under Special Appropriations, and the Clerk will call the roll.

Coun. CAREY—Mr. President, as one travels throughout the country he finds in every community, large and small, but particularly in large places, that every effort is being made, particularly now when we are on the threshold of, as some forecast, a depression, or at least a recession of business, to attract business to larger cities, particularly to increase the number of conventions. When we have a convention in Boston, I think all business benefits. We are not talking about \$400,000, but you might say a small, infinitesimal figure of \$14,000. I think a city the size of Boston can gamble the \$44,000 estimated in order to send out, you might say, salesmen from the Public Celebrations Department. Even though I voted for the \$15,000 cut in the last item, I have been impressed by the sincerity of Mr. Curley in trying to do a good job, and I think he might well get a headache from it. For the reason of trying to sell the city and doing more business in the city, I think we might well pass up any attempt to make a cut in this figure. I think that figure should be left in the budget.

Coun. FISH—Mr. Chairman, Councilor Carey has covered the point very well. I think we all want to see the city grow. After all, this is not a tremendous expenditure for, we might say, advertising purposes—welcoming veterans, welcoming business organizations, and so on. Other cities do it, and if they do it, they will be the ones to benefit by it. I personally think the item should remain as is, and that we should welcome the business organizations and veterans' conventions and so forth because I think the city will benefit by it.

Chairman SULLIVAN—The question is to reduce the budget by \$14,650 under Conventions, Special Appropriations, and the Clerk will call the roll.

The motion was lost, yeas 7, nays 10:

Yeas—Councilors Bayley, Chase, Cook, Keenan, Linehan, Madden, Moriarty—7.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Kinsella, McCormack, Russo, Sullivan—10.

Present—Councilor Muchnick.

Chairman SULLIVAN—Seven in the affirmative and ten in the negative, and the motion is lost.

Coun. KINSELLA—Mr. President, am I in order to move reconsideration on the \$15,000 cut on Public Celebrations?

Chairman SULLIVAN—You are, councilor.

Coun. KINSELLA—I ask reconsideration on that \$15,000 cut.

Chairman SULLIVAN—Councilor Kinsella moves reconsideration on the cut of \$15,000 under Public Celebrations, Special Appropriations.

Coun. KINSELLA—On the motion, Mr. Chairman. I don't stand to lose an awful lot proportionately on the 17th of June in Charlestown, but I am reluctant to believe that a gentleman of

the high caliber of the representative from Ward 7 (Councilor Linehan) would want to institute reprisals against every other section of the city because the Mayor—

Coun. LINEHAN—Mr. President.

Chairman SULLIVAN—Councilor Linehan, for what purpose does the gentleman arise?

Coun. LINEHAN—A point of order.

Chairman SULLIVAN—State your point of order, councilor.

Coun. LINEHAN—I do not see why any time I take issue, the gentleman from Charlestown should mention reprisals. As far as I am concerned, any time he mentions reprisals he is out of order.

Chairman SULLIVAN—Councilor Kinsella.

Coun. KINSELLA—If it would not be for the delay, I would ask the stenographer to read the remarks. He said the Mayor cut out South Boston, and if that was so, others should be cut, something to that effect.

Coun. LINEHAN—Mr. President.

Chairman SULLIVAN—Councilor Linehan.

Coun. LINEHAN—That is correct, and it was a good argument for this cut.

Coun. KINSELLA—That is another word for reprisals.

Coun. LINEHAN—Mr. President.

Chairman SULLIVAN—Councilor Linehan, for what purpose does the gentleman arise?

Coun. LINEHAN—I wish the gentleman would give me a definition of the word "reprisal," as it is in the dictionary.

Coun. KINSELLA—I am not so conversant as the councilor there, but in everyday language I would say it is a means to get back by any means as long as you even up the score.

Coun. LINEHAN—Mr. President.

Chairman SULLIVAN—Councilor Linehan.

Coun. LINEHAN—I might tell the gentleman from Charlestown if he yields—

Coun. KINSELLA—I will be through in a moment, Mr. President.

Chairman SULLIVAN—The question before the Council is reconsideration of the \$15,000 cut and the Chair will ask the councilor to speak on that motion.

Coun. KINSELLA—Mr. President, less than three minutes after that cut was voted, the councilor from Ward 10 got up and advanced a very cogent argument for retaining the \$44,650 in the budget for conventions, entertainments, and so on, of distinguished guests. Who in this Chamber can say that we can spend \$44,000 on people who come and go over night when we cannot spend \$90,000 for the people who have to pay the running expenses of the city every day in the year?

Coun. LINEHAN—Mr. President.

Coun. KINSELLA—Who is going to say that?

Coun. LINEHAN—Will the gentleman yield?

Chairman SULLIVAN—Does Councilor

Kinsella yield to Councilor Linehan?

Coun. KINSELLA—I yield for a question.

Chairman SULLIVAN—If the gentleman yields, he yields the floor.

Coun. KINSELLA—I would rather not yield at the moment. I will be done soon.

Chairman SULLIVAN—Councilor Kinsella.

Coun. KINSELLA—I don't see anything illogical in restoring the \$15,000 cut which is about one-sixth of \$90,000, and maintaining the figure of \$44,650, which I am ready to agree, must have presented possibilities to the gentleman who recommended the cut. He recommended \$14,650, but the councilor from Ward 10 very cleverly made us aware of the fact that it would offer us an advertising medium for business since, as he puts it, we are very close to a recession in business, if not a downright depression, and I agree with him. I agree with him, but who can say logically that if we can spend \$44,650 on people who come here to be entertained and amused at the city's expense, the object of which expenditure is to send them away with a better idea of the hospitality of Boston, that we cannot maintain \$90,000 in the budget for 780,000 people who have to supply not only the \$90,000 but the \$44,650? I would like even the gentleman from Ward 7 (Councilor Linehan) to support that argument. I would like very much that he support that argument because it is twice the amount of money that we are spending on business. What is to be said for the Mayor's attitude toward other celebrations this year? Does anyone believe he is going to be openhanded and prodigal with money? I expect to be cut, and I am the one who is attacked in my ward because our Citizens' Committee is the one which carried it over in South Boston. I personally will have to answer to 27,000 people for any substantial cut because we don't have it to do the work as it could be done in South Boston. If he cuts me, I shan't get up here at any other time of the year and oppose him because he cut me. I will have to defer to his better judgment, and I ask the council to reverse itself not for me—but by any means, not for me—but for the people of the City of Boston. If we can squander, to use the word loosely, \$40,000, let us get \$90,000 for our own.

Coun. LINEHAN—The councilor has enjoyed the gentleman from Charlestown's presentation of his case, although I do get a kick out of his trying to say I am against the Mayor because the time to have shown reprisal would have been the time right at the time of the celebration, but I said nothing until this budget item.

Coun. KINSELLA—Mr. President.

Chairman SULLIVAN—For what purpose does the gentleman arise?

Coun. KINSELLA—A point of order.

Chairman SULLIVAN—State your point of order.

Coun. KINSELLA—I just want to say that I did not say he was instituting a reprisal against the Mayor. I said nothing of that sort.

Chairman SULLIVAN—Counselor Linehan.

Coun. LINEHAN—Mr. President, it seems to me I have voted for some of the cuts so far and for some I have not. I am taking them as they come, and I think on every one so far. I voted for the cut when I thought the arguments were in favor of the cut. Now, just because I said St. Patrick's Day, I don't think I am wrong. After all, what better citation is there than in one instance where they cut the budget for a particular celebration? I don't know whether any of the other celebrations are going to be cut. I do know the Mayor's office, through the Public Celebrations Director, did issue the order on the March 17 celebration. I don't think there is anything wrong in my citing that argument. I think it is one of the most valid arguments presented on this item. I don't think I should be kicked around and disparaged because I cite the March 17 celebration when I say it is probably the most valid argument which can be given for this cut. I don't doubt that if you check back in the last three or four or five or even ten years you will find \$90,000 will be the highest amount of money appropriated for this particular department, and if we cut \$15,000, we might cut the gentleman from Charlestown who has fought to keep it in here. I get a kick because it is up to the Mayor's office to cut where he sees fit, and you can rest assured he has already done it. He has started in South Boston, which you might say is a Boston celebration, and he said the cut would stay and it stayed. So I can't see why the gentleman from Charlestown should get mad at me for citing March 17.

Chairman SULLIVAN—The Council will be in order. Counselor Muchnick, will you please give the gentleman from Ward 7 your attention? Counselor Linehan.

Coun. LINEHAN—Thank you, Mr. President, but there are many more besides the gentleman from Ward 14.

Coun. MUCHNICK—Thank you, Counselor Linehan.

Coun. LINEHAN—I would like to ask the gentleman, although I don't want to make an issue between the gentleman from South Boston and the gentleman from Charlestown, but it seems to me the question is, can this department operate in an adequate manner with \$75,000, a small cut of \$15,000? He has already cut \$1,000 from the celebration in South Boston, and there is no question in my mind but that he can cut the \$14,000 the rest of the year. I would be willing to bet when June 17 rolls around there will be nothing out from that budget. We shall see, time will tell on that. I sincerely hope the Council won't reverse itself at this time, and I hope the \$75,000 item stays instead of \$90,000.

Coun. KINSELLA—Mr. Chairman.

Chairman SULLIVAN—The Chair will inform you it is one minute before the recess, Counselor KinSELLA.

Coun. KINSELLA—Just briefly, I tried to get \$1,650 for music for march music last Armistice Day to dedicate a wading pool for the Veterans of the Spanish American War and Veterans of World War I and World War II, and it took me six weeks of persuasion to get it. That is how carefully they guard their money down stairs. I ask the gentleman to consider that, if they think they are going to be prodigal with any money we give them.

Chairman SULLIVAN—Counselor Kinsella moves reconsideration on the cut of \$15,000 on Public Celebrations, Special Appropriation. The motion is pending, and the Chair will declare the Council in recess.

RECESS.

On motion of Counselor Hannon, the Council took a recess at 5.30 p. m., and were called to order by Chairman SULLIVAN at 7 p. m.

Chairman SULLIVAN—The Council will be in order. The question is on reconsideration of the cut of \$15,000, Public Celebrations Special Appropriations, and the Clerk will call the roll.

The Clerk called the roll, with the following result:

Yeas—Counselors Cantwell, Fish, Kinsella, Lane, McCormack, Russo, Sullivan—7.

Nays—Counselors Bryan, Chase, Cook, Keenan, Linehan, Moriarty—6.

Coun. CANTWELL—Mr. President, may I change my vote?

Chairman SULLIVAN—Counselor Cantwell.

Coun. CANTWELL—"Yes" to "no."

Chairman SULLIVAN—Six votes in the affirmative and seven in the negative, and the motion was lost.

Coun. COOK—Mr. President and gentlemen of the Council, if I may, I have a special item that applies to a number of departments, and a general your consent I will try to list that item in the following manner. I move that the following amounts be reduced from the B-4 item in the following manner: Auditing Department, \$200; Budget Department, \$100; City Clerk's Department, \$75; City Planning Board, \$675; Fire Department, \$440; Long Island Hospital, \$200; Law Department, \$500; Library Department, \$300; Public Welfare Department,

\$500; Public Works Department, \$1,000; Registry Department, \$75. Those are all in the B-4 items.

Chairman SULLIVAN—What is the total, counselor?

Coun. COOK—\$4,065.

Coun. KEENAN—Mr. President, a point of information.

Chairman SULLIVAN—State your point of information.

Coun. KEENAN—I would like to know what the items are for.

Coun. COOK—The Budget Commissioner, in response to questions by myself and the committee, brought back an itemized list of those amounts in B-4 which are transportation of persons which were for hotel and travel expenses for conferences and conventions, and those amounts I have read off to be reduced in the B-4 item of those various departments are for hotel and travel expenses for conferences and conventions. It seems to me the department heads who have received pretty substantial raises from this Council should be able to afford to go to conferences and conventions and pay their own hotel and travel expenses. I move those amounts be reduced in the budget.

Chairman SULLIVAN—Will Counselor Cook submit that list you have to the Chair?

Coun. FISH—I have an extra one here, Mr. Chairman.

Chairman SULLIVAN—Counselor Fish has one. The question is on reducing the B-4 items in the various departments, amounting to \$4,065.

Coun. FISH—Mr. President, the reason this was allowed by the committee is this \$4,000 is made up of eleven departments. The department heads are called upon from time to time not to go on any junket but to go for the city outside of the corporate limits and when they do so, I think the committee felt they were the same as an employee of any private concern. When they leave their own homes and are put to the expense of going to another city for the benefit of their concerns, or when a department head goes for the benefit of the city, I think it is common practice in business, and it is done that way, and we felt it should be done that way in the City of Boston.

Coun. MORIARTY—Mr. President, Counselor Cook implies department heads alone enjoy these moneys for transportation. However, likewise during these committee hearings I was given to understand it is for the transportation of persons within a department; that is, any investigator or anybody who has business outside of the city which may take him to other parts of the city; he is entitled to car fare or maybe automotive compensation for his travel.

Chairman SULLIVAN—The question is on the reduction of the budget amounting to \$4,065 on various items in the budget under B-4, and the Clerk will call the roll.

The motion to reduce the B-4 item by \$4,065 was lost, yeas 5, nays 8.

Yeas—Counselors Bayley, Chase, Cook, Keenan, Linehan—5.

Nays—Counselors Cantwell, Fish, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—8. Present—Counselor Bryan.

Chairman SULLIVAN—Five votes in the affirmative and eight in the negative, and the motion is lost.

Coun. CHASE—Mr. President, I move, sir, that item B, Sanitary Service—

Chairman SULLIVAN—On what page is that?

Coun. CHASE—Page 49. B, contractual services, items 19 and 20. I move, sir, that that particular appropriation of \$2,255,094 be reduced to \$1,100,000.

Chairman SULLIVAN—The Chair will request the counselor to specify an amount for each item.

Coun. COOK—Mr. President, a point of parliamentary inquiry.

Chairman SULLIVAN—Will you state your point of parliamentary inquiry?

Coun. COOK—I thought I had the floor when these motions went along. I did not know anybody could get up and make other motions.

Chairman SULLIVAN—Counselor, you stated from the beginning when the question was raised to break it down into individual motions, and the Chair recognized you each time you stood up and asked for the floor, but this time Counselor Chase arose and took the floor. Counselor Chase.

Coun. CHASE—Mr. President, I move item 19 be reduced by \$850,000. Talking on that motion—and on item 20—

Chairman SULLIVAN—No, take B-19 first, counselor.

Coun. CHASE—Mr. President, this particular item in the budget has been the subject of considerable controversy in the past few months. The Boston Finance Commission has filed reports informing us in their opinion if this matter was opened up to public bids to the lowest qualified bidder, that hundreds of thousands of dollars would be saved annually. There is also, Mr. President, a very serious charge made by a responsible member of your Body not so long ago with reference to this particular item, and in no uncertain terms, broadly hinted there was graft and collusion in the awarding of these contracts; he went so far as to name certain men he contended were bag men of the administration. The newspapers throughout the city the next morning featured as their main headlines the contentions of this particular counselor. Mr. President, a number of your councilors indicated shortly thereafter they proposed to move a reduction of this particular item on the grounds of what this colleague of ours said, and subsequently on the information given

to us by the official investigation for the city; namely, the Boston Finance Commission. This is a matter, Mr. President, which involves millions of dollars of the taxpayers' money, for removal of ashes and garbage in the city. It would seem to me, sir, that the proper thing to do on this particular item would be to just halve it giving his Honor the Mayor about three more months in which to arrange for the placing of these contracts through public bid to the lowest qualified bidder. If what the Boston Finance Commission said and what the gentleman from Brighton says is true, the city could possibly save a little more than a half a million dollars. Now, in view of the adverse publicity that this particular item has been receiving and in view of the adverse comments of institutions like the Finance Commission and these others, don't you think it behooves us, as members of the city government, to take cognizance of the situation and try to do something in the way of remedying it? I realize, Mr. President, that his Honor the Mayor challenged this very Body. In substance, he told us, "Mind your own business." He said publicly, Mr. President, this is a matter solely within the administrative authority of the city; in other words, he was the boss of this entire affair and the City Council had nothing to say about it. That was the sum and substance of his contention shortly after the original charges broke. Mr. President, I contend this Body has an awful lot to say with the awarding of these contracts. We have that power, the thing called the power of appropriation. We are responsible, sir, in giving to his Honor the Mayor and to the department heads this money, and we are charged with the duty, sir, in determining whether or not the amount asked for is a reasonable amount. We are charged with the duty to reduce that amount if we find he is asking an excessive amount. Now, sir, I call attention to this fact: the Boston Finance Commission, with its staff of expert investigators and their engineers, and all the other expert help that they are able to hire with the \$50,000 a year that they have to spend, has come out point-blank and contended that this particular transaction of municipal business could be done much more efficiently, much cheaper, if it was placed out through public bid to the lowest qualified bidder. You have heard of the charges of graft and collusion right here in this very Body, and you have heard an elected official even go so far as to name two men whom he contended are bagmen of the administration. In the face of these things, Mr. President, are we, the elected members of the City Council, to allow his Honor the Mayor to go unchallenged? I say to you, my proposition to reduce this budget one half, and recommend to his Honor the Mayor that he has ample funds to operate for another three months, but during the next three months he has to find ways and means of letting these contracts out publicly to the lowest qualified bidder or he won't get any more money; I say to you, through this power of appropriation we can compel his Honor the Mayor to adopt such a policy, and I believe, Mr. President, it is our duty at least to endeavor to force him to adopt this measure that I suggest because it will prove beneficial to the public at large and to the taxpayers. If we can save on this one particular item a half million dollars or more, sir, then I say, what have we got to lose by telling his Honor the Mayor, "You are getting \$1,100,000 instead of \$2,200,000. You can operate for three months, but we warn you, put these contracts for the balance of six months out to public bid to the lowest qualified bidder, or you won't get another nickel." That is a reasonable proposition, sir. In view of everything, I think we are duty bound so to act. I hope, sir, that your Body will go along with my motion.

Coun. BAYLEY—Mr. President, I believe that the present system of refuse disposal through the contract system and otherwise can be greatly improved. In a report of January 8, 1947, from the Finance Commission of Boston it was pointed out the cost of refuse disposal in 1941 was \$432,552, and that now it is \$1,623,024, almost four times as large. In addition to that, it does not include the disposal of waste, which amounts to \$531,000 and which is paid to Coleman Brothers, contractors, for disposal of refuse at Spectacle Island. Mr. President, it was pointed out very clearly by the Finance Commission that incinerators should be provided so that we could dispose of waste much more easily than at present, and it was pointed out in January that money had been appropriated for the incinerator in Brighton, and it was high time to put it up, but as far as I know now, no work has yet been started on the incinerator, with the result that we are paying the contractor \$7,000 a month to take the refuse and garbage from Brighton over to South Boston, where it can be disposed of, I believe, at Spectacle Island. It has been well pointed out the method we are using is costing us very, very high. When the increase is almost fourfold in six years, it does bear investigation. I agree with the gentleman from Ward 4, if we cut this appropriation down, and ask for new bids and open competition, we can get much lower bids. I would like to point out, there are, I believe, 13 districts where refuse and garbage are being disposed of by contract, with a total of 14 districts for 22 wards. That means, in many instances, even two and three wards are handled in a contract district by one contractor for which no public bid is made. It seems to me, Mr. Chairman, that there are plenty of men, especially young men back from the service, who would be glad to bid or take care of refuse disposal in certain districts provided they were

small enough. When a district is as big as the Dorchester district, including two or three wards, these men setting themselves up in business cannot take care of such a big district. I asked the commissioner this question about cutting them into smaller districts and inviting small groups of people to come in and bid on these districts, but instead of that they say, "Here is the district and bid on it." If they don't wish to bid on a large district, they give it to the contractor of last year. In addition to the bids on the big districts, I believe we should let the returned service man have a chance to bid on a smaller district. It has been brought to my attention that some of them would be willing to take smaller districts, and I think those smaller districts could be handled in a much more economical fashion than the way it is done now. We have not done anything with the incinerator problem as outlined in the report of the commission. We pay \$7,000 a month to cart refuse from Brighton over to South Boston. The whole system needs revamping and it needs to be thrown open to competition, and the districts need to be cut into smaller districts whereby the boys coming back will have a chance. I hope we will get an entirely new system of contracting with preference given to the veterans, and let us show we have determined to make Boston not only a clean city but also economically run for the taxpayers and not spend four times as much as six years ago. That is not the way to improve the city, to spend four times as much.

Coun. COOK—Mr. President, I make a motion to amend this cut on B-19 to \$228,000.

Chairman SULLIVAN—To reduce it to \$228,000?

Coun. COOK—Yes. Instead of a \$500,000 cut, a \$228,000 cut.

Chairman SULLIVAN—You want it reduced to \$228,000? Is that right?

Coun. COOK—My motion is to amend Councilor Chase's motion, so that the reduction is in the sum of \$228,000, and not what he offered. I don't know what he offered.

Coun. CHASE—My motion, I believe, takes precedence, inasmuch as it is for \$350,000.

Chairman SULLIVAN—Councilor, we cannot entertain your motion at this time, as Councilor Chase's motion is larger. That will be acted upon first before we can act on the smaller amount.

Coun. COOK—Mr. President, if my motion is not in order, I had intended, based upon a report by the Finance Commission which I cannot now find, that contracts were \$328,000 too much, to offer reductions in B-19 and B-20, totaling \$328,000. On page 592 of your Budget Committee report, Commissioner Curley quoted his letter of December, 1946, to the Mayor, in which he asked permission to make this contract with the present contractors for the year 1947 without advertising for bids because, as he said, their services had been satisfactory and the best interests of the city would be served if the same contractors were engaged for the year 1947. Also, he said that they were willing to sign a contract for 1947 at an average increase of 18 per cent over the cost of the year 1946, and in view of the higher cost of labor, Commissioner Curley thought that he ought to be given permission to dispense with advertising and have a contract from January 1, 1947, to December 31, 1947. I am in full agreement with the previous councilors that contracts involving this sum of money should be made by public bids. I think the reasons for that are too obvious. I would like to point out to the Council that this is another illustration of where the powers we have are diminished by virtue of the trick of making a contract for only one year. You all know any contract over \$1,000 for more than a year must be approved by the City Council. So that the department head who, as we saw in the Snow Removal item, saw fit to come down before the committee and give figures which later turned out to be erroneous, here asked the Mayor for permission to give out over \$2,000,000 worth of contracts without any approval or scrutiny by the Council. Gentlemen, if you are not jealous enough of your power to look over those amounts and those contracts, I am, and I think most of you are, too. I think any department head, and most of them are guilty of that constant detour of Council scrutiny and investigation by making a contract for only one year, should have their day of investigation now. This is the time and this is the place to show not only the department heads but the City of Boston that the City Councilors take their jobs seriously, that they know something about the collection of garbage and the disposal of garbage in their districts and throughout the city, and that they are entitled to look through contracts involving \$2,000,000 worth of services. That should be thought of very, very seriously, because otherwise the department heads and the executive department will continue to keep from us those things that we should investigate, look into, and debate. This is the place where we can show them where we have the power. I hope the reduction is made.

Coun. KINSELLA—Mr. Chairman, I think everybody here knows that before a contract of this type is let the Finance Commission is in on it. An opinion is asked of any contemplated increase. I have a confession to make. It is not an easy one to make. However, I have been in the Council now five years and a half, and upon my word, on New Year's Day, just past, I found out for the first time, by law, contracts for garbage collection and disposal have to start on New Year's Day because when I came out of my house they were

collecting the garbage. When I asked why he was working on New Year's Day he said under the terms of the contract, we must start New Year's Day. Here is a laborer telling me, I must confess, what I should have known, but that is only on the side. The main point to remember is that the Finance Commission is called in and consulted on these increases and yet they will turn around and run into print a voluminous report on the exorbitant cost of garbage collection and disposal to the City of Boston. They know in every instance. I think some kind of dodge or subterfuge is adopted by the Finance Commission, which has been described here by the gentleman from Ward 4 as a nonpartisan board, because the Governors have appointed them personally; I think it is a dodge on their part to take constant, regular, and constant snipes at both the Mayor and the Council. As to the suggestion the contracts be let for over a year, I think everybody here might recognize the value in limiting them to a year. You may get a bargain rate on a five-year contract, but there is not a man worthy of his salt—and none of them do business in anticipation of a loss—who knows what conditions of personnel and other factors of his business are going to be like next year. When these contracts are renegotiated every December, and the older and more experienced men know I am not concocting or fabricating the story, they know right well the Finance Commission is called in and they are consulted. It leaves the door wide open to the suggestion the Finance Commission says they would not take their suggestion, anyway, so they have to bring them out in this form. But that is hardly an objection the Finance Commission should raise at a late date, when it was present and knew what the figures were going to be. These contracts are all in force, and it is easy enough for us to abuse our power and vote half the money requested, but we cannot have the city being a welscher, especially as the watchdog over the treasury was present. They are present in person, or the secretary or the chairman, or all the members. I think we ought to be fair when we are debating the thing, and at least we owe it to the newer members of the Council to tell them the circumstances that attend these renegotiations. There may be a good deal to what the man said, the gentleman from Ward 5, about breaking up districts, but we are not concerned now with realigning the districts. We are concerned with putting the seal of approval for \$2,000,000 odd for collection and disposal of garbage, and that is all the point here. If it is in accord with the law, that is all, and if that is not so, it is a matter to bring before the court. So I say, this \$2,000,000 item, for \$1,600,000 and \$531,000, should be retained in there in its entirety.

Coun. CHASE—Mr. President, may I remind the Council that all these budget items are subject to our approval? Until we have voted on these budget items, no contract is actually bona fide. You can't say these contracts are already let out by the Mayor or by the Public Works Commissioner; you fellows haven't anything to say about it, because that is an untruth. The fact is we are being called upon either to approve or to disapprove the Mayor's \$63,000,000 budget, and there is \$2,000,000 worth of contracts on ash and garbage removal in this budget. Indirectly, Mr. President, we are being called upon to approve the Mayor's policy to let these contracts out without public bid. We are being called upon, sir, to approve of his policy of apparently giving them out to anyone he sees fit to receive them. If there are other reputable people in the city, qualified contractors capable of doing the job, who are willing to do the job at much lower prices, his Honor the Mayor shrugs his shoulders and says, "I prefer the man who wants the higher price, and the City Council has nothing to do about it because it is an administrative thing." Now, it is right in our lap, Mr. President, as I predicted several months ago. This is Council business, and what I am asking the Council to do is a reasonable thing. I am asking the Council to reduce this budget by one half in order to give other qualified contractors the right to bid, the right to receive these contracts to do this business in the city at the lowest bid, and that is a reasonable proposition. I think, in view of all the charges made, in view of what responsible people have said pertaining to this particular item, that we should endeavor to do something about it. Here is the opportunity tonight, and you may never have it again, another opportunity to act, and to act in behalf of the citizens and taxpayers. Here is your opportunity to stand up and say: "Mr. Mayor, we take issue with you. We agree with the Finance Commission. We feel in view of the charges of graft, collusion, and bagmen and other things that have been said, it is our duty as part of the city government to tell you no, we want you to adopt a policy, an economic policy, one that is going to be beneficial to the taxpayers at large, and that is to give this \$2,000,000 worth of contracts to the lowest qualified bidders." Here is our opportunity, gentlemen. We can force the man to do it and we should do it. I hope, sir, the Council goes along with my motion.

Coun. FISH—Mr. President, just so long as the Public Works Commissioner is not here, I think somebody should rise at least to his defense. He wrote a letter to the Mayor asking permission to award these contracts, a letter which is in the record, in which he informed him it was to the best interests of the city to award as he recommended. I have confidence in the Public Works Commissioner and I think everybody here has. As to veterans bidding on this work, it must be remem-

bered Bob Curley is a veteran himself. I think he above all department heads, would be glad to see the veterans get a break. As far as the smaller districts are concerned, we can only take his testimony as a competent official that it is more economical for the city to have larger districts. Whether he is right or wrong, that is up to you to believe or not, but that is his statement. As to incineration, he has quoted publicly, and I find it in several places here, that he can only repeat that incineration will cost three times as much as the present method of collecting. Personally, I was surprised to hear that, but he repeated it on at least four occasions. I believe the man is sincere in every way. I know that he went over all these contracts with the Finance Commission, and although they may put out some lengthy, wordy report, we have this to state on the present collection of ashes and garbage. I doubt if there was a member of the Finance Commission sitting here tonight speaking on this budget who would say, "Cut out that." I doubt it very much. They may be talking in the distant future, but they are not talking on this present budget.

Chairman SULLIVAN—The question comes on Councilor Chase's motion to reduce the B-19 item in the Sanitary Service Division of the budget of the Public Works Department by \$850,000, and the Clerk will call the roll.

The motion was lost, yeas 4, nays 12:

Yeas—Councilors Bayley, Chase, Cook, Linehan—4.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—12.

Chairman SULLIVAN—Four in the affirmative and twelve in the negative, and the motion is lost.

Coun. CHASE—Mr. President, I move Item 20, Sanitary Division, be cut by \$300,000. I will make it very brief, gentlemen. It is for the same reasons I stated before.

Chairman SULLIVAN—Thank you very much, councilor. Councilor Chase moves that Item B-20 in the Sanitary Service budget of the Public Works Department be cut by \$300,000, and the Clerk will call the roll.

The motion was lost, yeas 4, nays 12:

Yeas—Councilors Bayley, Chase, Cook, Linehan—4.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—12.

Chairman SULLIVAN—Four in the affirmative and twelve in the negative, and the motion is lost.

Coun. COOK—Mr. President, with the permission of the Council, I have two items in the Public Works Department, Sanitary Division, B-16, Care of Animals, which I move to reduce in the sum of \$300, and D-4, Forage for Animals, which I move to reduce \$1,400. If you will take those two together, with the consent of the Council, I will explain them. Mr. President, on page 590 of the Budget Committee's report, on page 615, it was brought out that Commissioner Curley has no more animals, namely, horses, in the Sanitary Service. Out of the appropriation allowed of \$2,000 for forage and animals, and \$300 for care of animals, approximately \$600 was spent, leaving a balance of approximately \$1,700. There are no animals now, and he does not need to take care of any and does not have any to feed. I therefore move the two items in the sum of \$300 and \$1,400 be reduced from the budget.

Coun. BAYLEY—Mr. President, I feel very much that these items can be eliminated inasmuch as they were agreed to by the Public Works Commissioner. I think the chairman of the committee this time will agree with me that the Public Works Commissioner said it was fine and he didn't want to use the money.

Coun. FISH—I must admit all they say is true, but there was a question of \$1,000 or so, and the reason that we did not take action on it was that there are a lot of expenses this year, and this \$1,000 may be available for transfer. However, it can be cut from the budget.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce Item B-16 by \$300 and D-4 by \$1,400, in the Sanitary Division of the Public Works Department, and the Clerk will call the roll.

Coun. KEENAN—Mr. President, a point of information.

Chairman SULLIVAN—State your point of information.

Coun. KEENAN—D-4 asked for \$2,000. I was wondering what the \$600 was for.

Coun. FISH—Mr. President.

Chairman SULLIVAN—The councilor has already stated there were bills of \$600. The Clerk will call the roll.

The motion was carried, yeas 14, nays 1:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Fish, Keenan, Kinsella, Linehan, McCormack, Moriarty, Russo, Sullivan—14.

Nays—Councilor Coffey—1.

Chairman SULLIVAN—Fourteen in the affirmative and one in the negative, and the motion is carried.

Coun. BAYLEY—Mr. President, I am going to move a cut in the Treasury Department. The gentleman from Ward 12 got a little ahead of me on the last item, B-4, in the Treasury—

Chairman SULLIVAN—On what page is that, councilor?

Coun. BAYLEY—Page 54. Mr. President, I move the allowance which is \$15,000 be cut to \$5,000.

Chairman SULLIVAN—What is the motion?

Coun. BAYLEY—That it be down \$10,000 from \$15,000 to \$5,000. Mr. President, this item is for outside paymasters. These paymasters, I understand, are paid \$8 or \$10 a day to pay the employees around the city. Now, they go out themselves and they have a chauffeur driving them and two policemen who go along. Mr. President, the reason why I believe this is wrong is that I believe this is the wrong method of paying the employees. I believe it could be done more economically than under this method. I left in some balance because it might take awhile to change over the system. No attempt has been made to contact other cities to see what methods they are using. It has been suggested at the committee hearing it might be done by check. Some cities pay their employees by check weekly. Secondly, it might be performed by the head of the department or the section head coming into City Hall and picking up the money and going back and paying his employees each week. Thirdly, I have found out it might be done through getting some express, such as Brink's Express, to do it. I understand it could be done with a lot less than the \$15,000 which is asked for. They would be willing to go around with their own guards or some express company connected with the banks could do it. I believe this method is wrong, and that is the reason why I move that it be cut out. I realize it would appear in some other department, but I believe the system of outside paymasters is wrong. No other system has been tried, nor has any other city been contacted to see what other systems can be used. I was not the only one at the committee hearing who was not impressed with this method of doing business. I suggest either the check system or bringing in the section head to take care of this, or some other method which might be used. It seems to me a great waste of time and money to send outside paymasters plus a chauffeur plus two policemen to deliver the pay each week. I have heard it stated that on certain days they work fairly hard but that on other days they work two hours and have nothing much else to do. It seems to me \$8 or \$10 a day is pretty good pay for a couple of hours of work. We should take care of paying the employees in a much more economical fashion and we should contact other cities to see what is being done.

Coun. COFFEY—Mr. President, as usual, the gentleman is misinformed, he has very little information, and we will end up with rumors floating around here if we listen to some of the statements made here. They used the taxicab system here for a long while, and it has been an expensive system because it is nothing for a meter to run \$8 or \$10 to take a paymaster and visit as many as 15 or 20 places. The meter is running while the paymaster is paying the help, anywhere from 8 to 2,000. The cab business has been prospering as a result of taking these paymasters out. I happen to know one of the young paymasters who comes from the councilor's district who just got through speaking. He furnishes a 1946 Pontiac car, he supplies his own gas and oil and all expenses. He drives that car himself every day of the week. You see him every morning downstairs at quarter of nine waiting for the paymasters. His salary is \$60 a week flat. That is what he gets. What others get I don't know, but I do know about this young fellow who has that job. I would like to see him keep the job because I know if cabs are hired to take these paymasters around the route he does, they would get at least three times the amount he gets. I would like to see this item remain in the budget.

Coun. COOK—Mr. President, I questioned the treasurer at length on this item and I was in hopes of recommending a cut of \$3,000. It seems to me the treasurer said these items for transportation in the sum of \$8 or \$10 a day was for the one driver of the car to go around to pay off the various city employees. I think he also said that not one of these people were in the employ of the city. The councilor who just spoke gives me the impression, and if I am wrong he may correct me, that the paymaster gets \$60 a week and also gets \$8 or \$10 a day. I will yield for a correction.

Coun. COFFEY—I said the gentleman who supplies the car does the chauffeuring and he gets \$8 a day.

Chairman SULLIVAN—Councilor Cook.

Coun. COOK—I am still at a loss as to whether the gentleman who supplies the car is the paymaster.

Coun. COFFEY—No.

Coun. COOK—Then it is my attitude, Mr. President and gentlemen of the Council, that this system can be changed. The system in the Army is for the battery commander or the company commander to go to the finance office, pick up the pay for his men, go back to his men and pay them, and then go back to the finance office and make his return. I think it was developed in the examination that there are approximately 12,000 employees of the city, exclusive of the school employees who, I think, are paid by check, who get paid by our City Hall. The treasurer said he thought only a thousand of them came to City Hall during the week. He said also, they are paid every day in the week. He thought it was the most economical system, but I don't think so. I think where you have a car and driver, paymaster and two policemen, a method could be devised where the paying of the help, and that includes

the policemen, could be much more economical. I don't understand why the Police Department which has quite a pay roll cannot send one of their men down with the proper protection to get their pay and to go back to the Police Department to pay their men. I think the same applies to the Fire Department. I think the same can apply to all county officials. If it is only 1,000 people who get paid at the City Hall, my judgment of figures is quite wrong, because it seems at least five thousand are hanging around the treasurer's office during the course of the week. I move the budget be cut in the sum of \$3,000.

Chairman SULLIVAN—Councilor Bayley's motion is in order at the present time, but you can put that in after.

Coun. COFFEY—Mr. President, may I say this method of paying is better because we will have to appropriate money, I am afraid, to buy new cars and take chauffeurs off the chauffeurs' list and put them on the city pay roll. I don't see where we are going to gain.

Coun. LINEHAN—Mr. Chairman, it seems to me since there has not been any policy set down for it that we can substitute, a new policy for the old, that I, for one, will vote to keep this item as it is although the system may be unsound. I hope the system is studied between now and the first of the year, and probably some agency may by then make a recommendation. I don't think any change is recommended clearly up to now.

Chairman SULLIVAN—The question is on Councilor Bayley's motion to reduce B-4, Treasury Department, by \$10,000, and the Clerk will call the roll.

The motion was lost, yeas 2, nays 15:

Yeas—Councilors Bayley, Chase—2.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Cook, Fish, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Sullivan—15.

Chairman SULLIVAN—Two in the affirmative and fifteen in the negative, and the motion is lost. The question now is on Councilor Cook's motion to reduce D-4 by \$3,000, and the Clerk will call the roll.

The motion was lost, yeas 3, nays 14:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Sullivan—14.

Chairman SULLIVAN—Three votes in the affirmative and fourteen in the negative, and the motion is lost.

Coun. COOK—I move the special appropriation in the Reserve Fund be reduced by \$75,000. Mr. President, on page 57 of City Document No. 38 and page 55 of the committee hearings, Mr. Fox said there that the Reserve Fund is a fund which is used for transfers for contingencies and unforeseen items which develop during the year. I think it is too much of a temptation if a large Reserve Fund is appropriated for other departments to look longingly at, and when they decide something which they would like and which is neither unforeseen nor a necessary contingency, to demand money from the Reserve Fund. I hope this amount is reduced to \$75,000 to teach them not to go looking outside of their own budget for extra money.

Chairman SULLIVAN—Councilor Cook, that is to reduce it to \$75,000 or by \$75,000?

Coun. COOK—By \$75,000.

Coun. MUCHNICK—Mr. President.

Coun. FISH—Mr. President.

Chairman SULLIVAN—Councilor Fish.

Coun. FISH—The Reserve Fund is \$124,000.

Chairman SULLIVAN—One hundred and twenty-five thousand dollars.

Coun. FISH—One hundred and twenty-five thousand dollars on a budget on the operation of the City of Boston which is \$63,000,000 is one sixth of 1 per cent to meet emergencies and transfers of money to the many departments we have. I don't think that is very much out of line. It would not be in private business.

Coun. MUCHNICK—Mr. President, I would like to ask a question of the City Clerk through you.

Chairman SULLIVAN—Councilor Muchnick.

Coun. MUCHNICK—I have been informed under the law the Reserve Fund can be as high as 1 per cent of the total budget. I have not had a chance to check it, but I would like to know if that is so.

Chairman SULLIVAN—The Chair does not know of any law affecting the City of Boston on that 1 per cent, councilor. The question comes on Councilor Cook's motion to reduce the Reserve Fund under special appropriations by \$75,000, and the Clerk will call the roll.

The motion was lost, yeas 5, nays 12:

Yeas—Councilors Bayley, Chase, Cook, Linehan, Moriarty—5.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Keenan, Kinsella, Lane, McCormack, Muchnick, Russo, Sullivan—12.

Chairman SULLIVAN—Five in the affirmative and twelve in the negative, and the motion is lost.

Coun. BAYLEY—Mr. Chairman, it may be perhaps this \$75,000 was too big a cut to make, but say it was down to \$100,000, it would not hurt anybody to cut it, and I therefore move it go from \$125,000 to \$100,000, and I hope the Council will go along because I believe it is enough of a cut.

Coun. MUCHNICK—Mr. President, will the gentleman yield for a question?

Chairman SULLIVAN—The councilor has yielded.

Coun. MUCHNICK—May I ask if he would answer a question?

Chairman SULLIVAN—Councilor Bayley, would you answer a question?

Coun. BAYLEY—Let him ask it of somebody else.

Chairman SULLIVAN—The councilor says no. The question is on Councilor Bayley's motion to reduce the Reserve Fund by \$25,000 and the Clerk will call the roll.

The motion was lost, yeas 7, nays 10:

Yeas—Councilors Bayley, Cantwell, Chase, Cook, Linehan, Moriarty, Russo—7.

Nays—Councilors Bryan, Carey, Coffey, Fish, Keenan, Kinsella, Lane, McCormack, Muchnick, Sullivan—10.

Chairman SULLIVAN—Seven in the affirmative and ten in the negative, and the motion is lost.

Coun. BAYLEY—Mr. President, under special appropriations of Public Works, Ferry Improvements, I move that be cut \$10,000. Mr. President, the original department estimate was \$65,000, but \$45,000 was allowed by the Mayor, and I move it be cut another \$10,000 which I recommended to the committee at the committee hearing. Mr. President, this original \$65,000, as I got it, was based on renewing one pile fender, \$20,000, renovating Boston Head House, \$15,000, and new office building, new carpenter shop, and so on, \$30,000, which makes \$65,000. This is in connection with the ferry which runs between East Boston and the mainland. Mr. President, I took this matter up quite carefully at that time, as to whether a new office building and new carpenter shop was needed. While it was felt by the department head it might be needed, it was conceded it might get by another year or two. I have taken it up with the Commissioner of Public Works, Mr. Curley, for whom I have a high regard, and from the conferences we had at which the chairman of the committee was present, I believe he averred it was not in such a dilapidated shape that it would fall down in the next year. I would like to bring to the attention of the Council that there are plans to improve Boston through the construction of a bridge which might be built sometime, or an arterial highway, and plans for a second tunnel. There is a plan for the bridge. It seems to me although we don't know what is going to happen, the possibilities are for providing a bridge whereby the East Boston people can come over here and can walk over to our side—to this side of Boston harbor—that might be possible. The East Boston ferry serves some people but, of course, we have the underground rapid transit there to consider. It seems to me until we are sure we are going to keep the ferry and there is no chance of a bridge across the harbor, and inasmuch as it was admitted that the carpenter shop which is now in use is not likely to fall down and is not ready to collapse, and inasmuch as the Commissioner of Public Works said he can let it go for a year or two, that is my reason for cutting out the \$10,000 so that there will be enough to renew the pile fender, renovate Boston Head House, but the office building and carpenter shop need not be built now. It is admitted for the next two or three years the old carpenter shop will be all right.

Chairman SULLIVAN—Was that \$10,000, Ferry Improvements?

Coun. BAYLEY—Special Appropriations, Public Works, Ferry Improvements, on page 57.

Chairman SULLIVAN—Reduced by \$10,000?

Coun. BAYLEY—From \$45,000 to \$35,000.

Coun. FISH—Mr. Chairman, I hardly believe the Public Works Commissioner put it in just those words. You could say of any building it may not fall down, but it could not be guaranteed. He would not be responsible if anything did happen today and some of the men fell in the harbor.

Chairman SULLIVAN—The question is on Councilor Bayley's motion to reduce Ferry Improvements, in Special Appropriations budget, by \$10,000.

Coun. COFFEY—Mr. President, I only wanted to say in tonight's *Traveler* I read where this building is likely to fall down by May 13.

Coun. BAYLEY—Will the gentleman show me the item in the paper?

Chairman SULLIVAN—The Clerk will call the roll.

The motion was lost, yeas 4, nays 13:

Yeas—Councilors Bayley, Cantwell, Chase, Cook—4.

Nays—Councilors Bryan, Carey, Coffey, Fish, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Sullivan—13.

Chairman SULLIVAN—Four in the affirmative and thirteen in the negative, and the motion is lost.

Coun. KEENAN—Mr. President, under Special Appropriations, I ask that \$50,000 be cut from the rehabilitation of the Franklin Park Zoo.

Chairman SULLIVAN—Councilor Keenan, speaking on the motion.

Coun. KEENAN—I cannot see that his Honor the Mayor and the taxpayers of the City of Boston can afford to spend \$50,000 to buy animals for Franklin Park Zoo. I think we should be able to get that money from some other item in the city, either that or probably some citizen in the City of Boston might be good enough to donate that money. I ask that \$50,000 be stripped from that budget.

Coun. BAYLEY—Mr. President, I am surprised at the distinguished councilor who has spoken.

He might be interested to know that the children of Boston are now putting their pennies and nickels and dimes aside to buy animals, and we need to get the cages. Is he going to take the right of the kids who for weeks and months have been saving their pennies and nickels to buy the animals needed for that zoo, and then we wipe out from the budget \$50,000 so that we won't be able to fix the cages so that these children can buy the animals they want to put in the zoo? Is he going to say, "Wipe out the zoo entirely"? Should we say to the kids who have put in their pennies and nickels and dimes, "We have no place to put the animals and the money you have saved and donated is of no use"? Are you going to go to the fraternities—the Boston Elks have contributed an elk—and say, "We have no place to keep the animals"? Are you going to tell the poor, helpless children that their pennies cannot buy animals because there is no place to keep them? We need the money to buy the cages. So, Mr. President, I hope this motion does not succeed and that the rights of the little children of Boston may be protected.

Coun. KEENAN—Mr. President, I positively disagree with the distinguished counselor. He talks about the children bringing their pennies and nickels and dimes in. I should think the children would get more satisfaction for that by buying a five-cent ice cream cone. I think with that \$50,000, shoes could be put on the feet of many children in the City of Boston. I wish the counselor from the Back Bay could see some of the children out in my district and some of their families. The \$50,000 should go to assure homes for them rather than animals. He talks about the Elks. I want to let him know I happen to be an Elk.

Coun. BRYAN—Mr. President, as you are aware, I am one of the members of the committee who has endeavored to raise some money to rehabilitate Franklin Park Zoo. The committee, when it checked on Franklin Park Zoo, found deplorable conditions with the cages and places for animals. We decided either something should be done to build it up or to do away with it altogether. We found enthusiasm among the people and the children for Franklin Park Zoo, so this committee went ahead and we raised nearly \$2,000. The Boston School Committee at the present time has allowed the principals of the schools to take up collections, and I believe we will have money also from other donations we are promised. We will be able to go ahead and do a little bit in stocking up cages at this zoo. I am surprised that the gentleman from Ward 17, (Councillor Keenan) made such a statement. I believe the children of this city are entitled to a zoo the same as the children in other cities. I hope this motion does not prevail.

Coun. KEENAN—Thank you, Councillor Bryan. The previous councillor did not explain it properly. I withdraw my motion.

Chairman SULLIVAN—Councillor Keenan withdraws his motion.

Coun. COOK—Mr. President, I have many items, and if I am permitted to take them up department by department I would appreciate it, or if they insist, item by item, I will do it.

Chairman SULLIVAN—Mention them item by item, and if there is any objection, the councillors can raise them.

Coun. COOK—Mr. President, I move the Mayor's Office Expenses, page 36 of City Document No. 38, and page 493 of the committee report, A-2, be reduced by \$2,000. Item B-4, \$1,500, and Item G, \$15,000. The Item A-2 is temporary employees. In that \$5,000 was asked for, and \$3,000 has been permitted. The explanation given by the Mayor's secretary on page 494, in answer to a question, "What are the temporary employees?" the secretary, Mr. Howland, said, "You mean the allowance we put in of \$5,000 for temporary employees? That is in anticipation of temporary employees. You see, there was an expense, there probably will be on the meetings on the veterans' housing and the different veterans' hospitals, the Metropolitan District Council on the Elevated. From time to time we have to call in these people." I don't know but what that is the greatest bit of double talk I ever heard. I think it should be reduced by that amount.

Coun. CHASE—Mr. President, other councillors desire to talk on particular items in question. Is he going to cover the whole field?

Chairman SULLIVAN—We are taking them by departments, councillor. If you have any objection to it, you can raise it after he is through and we will take each item separately.

Coun. COOK—Item B-4 is for transportation of persons, \$2,500 asked for, and \$1,500 is what I recommend as a cut. The item that interests me, and I don't think there was a question on it in the whole committee, is on G. In every other budget, it goes down to F, and then they show them as miscellaneous service, but the Mayor's office has a new one called G, incidentals. Incidentally, the Mayor wants \$15,000, and I think we should not give it to him.

Coun. BAYLEY—Mr. President.

Chairman SULLIVAN—Councillor Bayley.

Coun. BAYLEY—First of all, I would like to ask the City Clerk on A-2, temporary employees, providing for \$5,000, has some of that been already appropriated?

Chairman SULLIVAN—\$3,000 has been appropriated.

Coun. BAYLEY—How much can be appropriated?

Chairman SULLIVAN—\$2,000. That has been requested by Councillor Cook.

Coun. BAYLEY—Mr. President, I agree with the distinguished councillor from Ward 12, and I want to cut \$5,000 out of the A-1. Mr. President, some may say we have a very active Mayor, but on the other hand I don't see that the volume of business has increased so much he now needs 23 employees as listed on page 98 of the document before me.

Chairman SULLIVAN—Do you want to make that as another motion after we take care of Councillor Cook?

Coun. BAYLEY—I can't mention that?

Chairman SULLIVAN—That is coming under another motion Councillor Cook has made, a motion covering three items.

Coun. Bayley—All right.

Chairman SULLIVAN—The question comes on Councillor Cook's motion.

Coun. FISH—Mr. President, I would like to follow these things through as closely as I can, but when it comes to a number of items I have difficulty in locating them.

Chairman SULLIVAN—They are all in the Mayor's budget.

Coun. FISH—Still, some of the testimony is lengthy and we don't have an opportunity to catch up before the thing has gone by. I heard the Mayor's budget very attentively, and I recommend this budget as a whole go through as is. I can't see anything to be cut on his budget.

Coun. CHASE—Mr. President, under Item A—

Chairman SULLIVAN—Councillor Bayley made a motion trying to reduce Item A-2 by \$5,000. We are acting now on Councillor Cook's motion and that will come in after Councillor Cook's motion.

Coun. CHASE—Has he a motion on Item A?

Chairman SULLIVAN—The question is on Councillor Cook's motion to reduce A-2 by \$2,000; B-4 by \$1,500, and G, incidentals, by \$15,000, amounting to \$18,500 in the Mayor's budget, and the Clerk will call the roll.

The motion was lost, yeas 5, nays 13:

Yeas—Councillors Bayley, Chase, Cook, Keenan, Linehan-5.

Nays—Councillors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Sullivan-13.

Chairman SULLIVAN—Five in the affirmative and thirteen in the negative, and the motion is lost. Councillor Bayley moves now that \$5,000 be reduced under A-1 on the Mayor's budget.

Coun. BAYLEY—Correct, Mr. President. I bring to the attention of this Body that listed on page 98 of City Document 38 are 23 employees in the Mayor's office. The two preceding mayors, Mayors Tobin and Kerrigan, were able to get along with a maximum of 16 employees. When I brought this to the attention of the Mayor's secretary, he said there is a vastly increased business in the Mayor's office. I don't think it has increased that much, to merit the increase from 16 to 23 employees. I think it is over-stuffed, and economy should begin at home. If the Mayor wants department heads to have economy, it seems to me he should begin in his own office. These employees are not subject to civil service, they are appointed by him and subject to his good will. It seems to me we do not need seven more employees than we had two years ago and four years ago and six years ago. We are getting too many employees. I am only asking for a \$5,000 reduction. It is not a great deal, but it means a couple less. It seems to me 20 employees can do the work that 16 others formerly did. I hope to show we feel the same toward all the departments in a case like this, where there has been a tremendous increase in employees without absolute necessity. This will give an increase of three or four employees but let us take \$5,000 so that it cannot be the increase shown in the book.

Coun. CHASE—Mr. President, looking back on the 1945 Budget, I find, sir, under the Item A, Personal Service, Mayor's Office, \$65,000. I find today in the Mayor's budget a request for \$96,200. Having already appropriated \$35,000, he is actually requesting \$63,200 at this time which, together with the item of \$3,000, makes a total of \$101,000 for help in the Mayor's office as against \$65,000 just two years ago. In other words, Mr. President, there is an increase on the Item A, non-civil service employees, of \$36,000. Yet you and I know there is not that amount of increase in business in the Mayor's office, and you and I know, Mr. President, that whatever increases his Honor the Mayor has given the necessary number of employees, that is not going to eat up that amount. These people do not come under civil service but they do come under our scrutiny. I say to you, Mr. President, that this particular item should be reduced by \$30,000, Item A. Why should Mayor Curley be given \$36,000 more than the Mayor of two years ago? There has not been that amount of increased work in the Mayor's office. If anything, there is less work. We have not got one tenth the number of notices coming in to the city that we had about two years ago when we were in the war and for the period concluding a victorious war. It is absolutely unnecessary to have so many employees. Now, if this Council were to increase its budget by \$30,000, why, you would see screeching headlines throughout the Boston papers about what the corrupt City Council had done and what a useless—

Coun. KINSELLA—Mr. President.

Chairman SULLIVAN—Councillor Kinsella, for what purpose does the gentleman arise?

Coun. KINSELLA—A point of order.

Chairman SULLIVAN—State your point of order, councillor.

Coun. KINSELLA—It has not yet been proved that the City Council has done anything corrupt, and I think the gentleman owes an apology. I think it is a vicious statement to make in front of the press.

Chairman SULLIVAN—I think the point of order is well taken.

Coun. CHASE—I did not accuse the Council of being corrupt. I said you would see headlines in the newspapers criticizing the City Council. Mr. President, you have down in the Mayor's office, one man responsible for the employment of all those—over a score of employees, high-salaried employees, and among them, many of them, many of them, Mr. President, do nothing but say "Hello" to visitors as they come in to the main entrance. Yet he has the audacity to present to this Council an increased budget of \$36,000 over two years ago. Apparently committee members have sought the reason why there has been such an increase in the Mayor's office, but no one here today, no member of the Committee on Appropriations, can adequately explain to this Body why the Mayor is asking from us \$36,000 more than the Mayor of two years ago for this particular item.

Coun. FISH—Mr. President, the councillor said no member of the Appropriations Committee could explain it. If he would like an explanation—

Chairman SULLIVAN—Do you yield?

Coun. CHASE—Mr. President, I don't yield.

Chairman SULLIVAN—The councillor does not yield, Councillor Fish.

Coun. CHASE—Mr. President, if I remember correctly, the gentleman from Dorchester stated in substance that there was need for more employees because of additional work, but that is a statement that is rather broad. Just what is the nature of the increased work? What is the nature of the increased work that the gentleman downstairs should take almost a 40 per cent increase in this particular item? Is he having 40 per cent more work? It is true his actual budget is increased by many millions of dollars as against 1945 and prior years, but that does not necessarily mean more work for the employees he has in his department. I am of the opinion, sir, that it is strictly a political pay-off to the tune of \$36,000 of the taxpayers' money, and I am very much opposed to it. I am not seeking any favors from his Honor the Mayor, and I know he does not expect anything from me, but I believe I am justified, sir, in asking this budget be reduced by this Body by \$36,000 in view of the absence of any proof that that is necessary to be spent. It is a godly sum of the taxpayers' money, and I move, sir, that the motion of the gentleman from Ward 5 be amended to \$30,000 reduction.

Coun. BAYLEY—Mr. President, I wish to apologize to the Council for making one error in my statement. There were 17 employees under Mayor Kerrigan and Mayor Tobin, whereas I said 16. I was incorrect. In checking over the new employees in the Mayor's office over what they had before, it appears there are no more clerks and stenographers; in fact, they are all called clerks instead of stenographers because that gives them more money. Where there were formerly two secretaries there were four last year and now there are six. The great increase in employees seem to be under assistant secretaries. The volume of business has not increased in the clerks and stenographers, and it appears he is surrounded by secretaries. There are now six assistant secretaries instead of three. I wonder if anybody would enlighten me as to the increased duties where six assistants are necessary; why the double in the increased number of assistant secretaries?

Coun. FISH—Mr. Chairman, to be very brief, I would say the difference is that the present Mayor is a Mayor of great accomplishments and more accomplishments, and he needs more secretarial work than Mayors of lesser accomplishments.

Coun. KINSELLA—Mr. President, I suppose trying to compare \$30,000 against \$5,000 would not be very sensible unless there was a matter of high principle involved. My memory is good on some of these things. In the past I recall clearly the day of a transfer order coming here in the summer of 1945. That is the year the gentleman from Ward 4 brought out—bear that in mind, 1945—it was for \$5,000 to be transferred to the Mayor's office, and we had the Budget Commissioner down at that time and when we asked him why the Mayor wanted the \$5,000—the gentleman can tell you he was present—the Budget Commissioner said, "This is an election year and the king can do no wrong," and immediately he asked the press not to quote, "The king can do no wrong." In other words, \$5,000 in the late summer of 1945. Is your memory good on that, councillor?

Coun. BAYLEY—What is this?

Coun. KINSELLA—Five thousand dollars in the summer of 1945 to supplement the budget he already had passed the prior April. You were present, Mr. President, and we voted it, and in order to do the young man some good, I feel certain we would have voted him \$20,000. I am not raising the question of the \$5,000 against the recommended \$30,000 cut, but I am raising a great question of precedent. It is like the day we were kept here for hours on a \$16,000 transfer, and other items of \$1,600, \$1,800, or \$2,100 for which

there probably was no good reason, and which were passed like that because they were so much smaller. I think you can all see the point I am driving at. That was for political reasons; \$5,000 in 1945 and we were told so without any mined words by the Budget Commissioner at that time. Surely, those who were present won't doubt that. We gave it not after great scrutiny, but we wanted to help a young fellow who wanted to do a favor in his office late in the summer of 1945. There is the matter of principle, and if the item here is \$30,000, then what appears to be just and right is not the amount but it is the principle behind it. If you do not happen to subscribe to the principle of putting people to work, by all means vote it out, but if you do subscribe to the principle of putting people to work, this \$5,000 in 1945 is just as important as \$30,000 in 1947. It is an unfortunate choice of years you referred to, but that is true, and you know it, young man. I hope these cuts are not effected.

Coun. CHASE—Mr. President, I believe the gentleman from Charlestown has put up a rather ridiculous argument. The fact still remains, sir, his Honor the Mayor is requesting from this Body \$36,000 more than any prior mayor received. The fact remains that he is asking for quite a substantial number more of employees than the Mayor of 1945 had. Can anyone say the item of \$30,000 is not a substantial sum? Can anyone say an item of \$30,000 is not six times \$5,000? How do you explain that item? Because the Budget Commissioner made some sort of wisecrack in 1945, are we to apply the same wisecrack to an increase of \$30,000? The fact is, Mr. President, that this item is unexplained. The fact is the present Mayor of the city has too many employees downstairs and we don't know any reason why other than the fact that they are his political pets. I grant you, sir, that every mayor of the city surrounds himself with paid employees in whom he has utmost confidence. Notwithstanding that acknowledgment, I still insist this \$30,000 increase is too much for me to stomach, especially, sir, when we don't know the reason other than the fact that they are political pay-offs. I move, sir, this item be reduced by \$30,000.

Chairman SULLIVAN—The question is on Councilor Chase's motion.

Coun. KINSELLA—Mr. President, I want to observe that it was a political pay-off in 1945, and I would like the members of the Body to know there is no difference in principle between the amounts. If a dollar can be cut legitimately in this budget, it should be, but it should not be more attractive because it is \$100,000. That is my point. In closing, I would say it was a political pay-off in 1945.

Chairman SULLIVAN—The question is on Councilor Chase's motion to reduce the A-1 item in the Mayor's office budget by \$30,000, and the Clerk will call the roll.

The motion was lost, yeas 5, nays 10:

Yeas—Councilors Bayley, Chase, Cook, Keenan, Linehan—5.

Nays—Councilors Bryan, Carey, Coffey, Fish, Hannon, Kinsella, Lane, Muchnick, Russo, Sullivan—10.

Chairman SULLIVAN—Five in the affirmative and ten in the negative, and the motion is lost. The question now comes on Councilor Bayley's motion to reduce the A-1 item in the Mayor's office by \$5,000.

Coun. BAYLEY—I would like to amend it by \$10,000.

Chairman SULLIVAN—The question now comes on Councilor Bayley's amended motion to reduce it by \$10,000, and the Clerk will call the roll.

The motion was lost, yeas 5, nays 10:

Yeas—Councilors Bayley, Chase, Cook, Keenan, Linehan—5.

Nays—Councilors Bryan, Carey, Coffey, Fish, Hannon, Kinsella, Lane, Muchnick, Russo, Sullivan—10.

Chairman SULLIVAN—Five in the affirmative, ten in the negative, and the motion is lost.

Coun. HANNON—Mr. President, I think it is imperative we have a determined vote on the budget, and we must have such a vote before 12 o'clock midnight. I think that is necessary in order that there be no reflection on the members of the Body. I have heard the arguments pro and con by the members of the Council, and I respect the wishes of each and every member but I think out of deference to the Body as a whole that we should set a certain time before 12 o'clock at which time we shall vote on the budget. I therefore move that after 10:30 o'clock all debate cease on the budget, and let it go to a vote.

Chairman SULLIVAN—The motion by Councilor Hannon is that all debate on the budget cease at the hour of 10:30.

Coun. MUCHNICK—Mr. Chairman, I would like to ask a point of information from the Clerk through you.

Chairman SULLIVAN—State your point of information.

Coun. MUCHNICK—If the budget goes by default after midnight, does the budget as is go by default or is it the budget with those amendments that have already been adopted?

Chairman SULLIVAN—The Clerk rules that the budget would go by default after 12 o'clock.

Coun. KINSELLA—Mr. President, that raises another interesting point I would like to ask. I would like to ask the Clerk through you if the budget goes by default, does that default impair any of the provisions in it on which we have acted?

Chairman SULLIVAN—None whatsoever. The question is on Councilor Hannon's motion that the debate on the budget cease at the hour of 10:30 to let it go to a vote. All those in favor say "aye," those opposed, "no." It is a vote and so ordered. The Chair will also state the members can come to a vote before that time if they wish. Councilor Cook.

Coun. COOK—Mr. President, I move reconsideration of my motion to reduce the Mayor's budget in Item G by \$15,000.

Chairman SULLIVAN—Councilor Cook moves reconsideration of the vote taken on Item G in the Mayor's office budget by \$15,000.

Coun. COOK—Briefly, Mr. President and members of the Council, I have not heard a word yet, and I have not read a word, explaining what this new Item G for incidentals is, in the Mayor's office. It seems to me the Council that gives that \$15,000 with the vague "Incidentals" without any explanation is not doing its duty.

Chairman SULLIVAN—I was in error when I accepted your motion. When we voted on these three items, we voted on them altogether. If you ask for reconsideration, you ask it on all three.

Coun. COOK—I withdraw my motion for reconsideration and I move Item G be cut \$15,000.

Chairman SULLIVAN—We have already acted on that, councilor. You can move reconsideration of the vote taken on A-2, B-4, and G.

Coun. COOK—It is a new motion to take out one item only.

Chairman SULLIVAN—Councilor, the original motion was on three items.

Coun. COOK—That is right.

Chairman SULLIVAN—And now you are seeking on one —

Coun. COOK—I will withdraw the motion. Am I in order to make a motion to reduce Item G, Incidentals, by \$10,000?

Coun. FISH—Mr. President.

Chairman SULLIVAN—Councilor Cook.

Coun. COOK—My remarks are the same: If the Council gives an appropriation of money for something called "Incidentals" without any explanation, you might as well vote right now to pass the whole budget and go home.

Chairman SULLIVAN—Councilor Cook moves the Item G in the Mayor's appropriation be cut \$10,000, and the Clerk will call the roll.

The motion was lost, yeas 6, nays 9:

Yeas—Councilors Bayley, Bryan, Chase, Cook, Keenan, Linehan—6.

Nays—Councilors Cantwell, Carey, Coffey, Fish, Hannon, Lane, Muchnick, Russo, Sullivan—9.

Chairman SULLIVAN—Six in the affirmative and nine in the negative, and the motion is lost.

Coun. FISH—Mr. President, a point of information. Do I understand the councilor from Ward 12 (Councilor Cook) has withdrawn the motion now to link all the department's recommended cuts in the one recommendation, or must we take them up separately since he got a vote on that separately? We originally allowed him to take up the department's recommended cuts before we acted on it.

Chairman SULLIVAN—That is right.

Coun. FISH—He has doubled back and asked reconsideration on one of these items in the department, and withdrew that motion. Do I understand now he wants to take them up individually or can he go ahead?

Chairman SULLIVAN—No, he can go ahead as he has been going, taking them up by departments, and he can go back as he did to an individual item which he has taken up before. It was a different motion. Councilor Cook.

Coun. COOK—In this motion, with the consent of the Council, I would like to offer in three different departments the following recommendations in one item: A-1, Public Works, Sanitary Service, I recommend a reduction of \$24,000; Public Health, A-1, I recommend a reduction of \$14,000; Law Department, A-1, I recommend a reduction of \$6,000. In line with my outline of last Monday, to reduce the budget in a certain amount, I said that we had at least 25 constables too many. In the Sanitary Division of the Public Works Department, we have 25 constables and we have about 70 inspectors. My recommended cut of \$24,000 will reduce the number of constables, I hope, by 12, and in the Law Department which has seven constables, my reduction will reduce that by at least three constables. In the Public Health Department which has 39 inspectors and seven constables, my recommended cut would reduce the number of constables by seven. I know that there is going to be probably a lot of emotional talk about putting people to work. But at this time, for the benefit of the Body, I would like to say this: I agree the city should help out in putting people to work, but I do not agree they should put people to work for not working. From what I have seen in my brief experience here, at least 50 per cent of the constables we have on the pay roll are just that; paid check grabbers with no work that is any good to the city or to anybody else in the city, and probably in most of these cases they have outside jobs, and if the wrath of the Mayor's office falls upon me for suggesting that, I am ready to take it if we cut. As the Mayor said in his inaugural address of 1946, there were too many constables, and then he proceeded to cut the constables but since the summer of 1946 and through this year he has constantly added to the constables, more because, I think, he tries to be a good fellow to certain people than because he thinks of what he is really doing. I think we can

make this reduction. Maybe 25 fellows won't like it, but I think the City of Boston will, and I think after a few weeks it will be all right. We are not throwing anybody out in the cold, and what we are really doing is stopping 24 or 25 men from bothering the treasurer for their pay every week.

Coun. MUCHNICK—Mr. President, I don't hold any particular quarrel with eliminating constables in two of the three departments, but I don't think we can eliminate any in the Health Department because under the law when notice is given by the Health Department to abate a nuisance that is injurious to the health of the persons of the city, that notice must be served by a constable duly qualified to serve notices under the law, before the Health Department can have a complete case for presentation in the criminal courts. If the notice is served by anybody other than constables, one of the necessary elements is lacking and the criminal case against the prospective defendant falls of its own weight. It seems to me at least those seven persons or seven other constables must be assigned to the Health Department to handle that particular branch of the work.

Coun. CHASE—Mr. President, of course the members of the Body realize there is no need of the constables. I realize whatever I say here or whatever the councilor from Ward 12 (Councilor Cook) said pertaining to constables will undoubtedly be disputed; having in mind that, I will be very brief. I believe that probably most of the constables appointed by the members of the Council are probably used for a purpose, but it is my sincere belief that you will find the overwhelming majority of the constables appointed by his Honor the Mayor are merely there for the purpose of collecting their weekly pay. I feel, sir, that 25 constables in the Public Works Department could very readily take a cut of 20, and I move, sir, that particular item in the budget where these constables are, be reduced by \$40,000.

Chairman SULLIVAN—Councilor Chase, would you please state your motion again?

Coun. CHASE—Mr. President, inasmuch as you were busy at the time I was speaking, I will repeat briefly what I had to say. I believe that the number of constables, 25 in the Public Works Department, are unnecessary, that at the very most five would be ample; that most of these constables are nothing but political appointees who do practically no work other than walking to the Treasurer's office for their pay. As I understand it, some of them even go so far as to have their checks mailed to them. Well, now, Mr. President, I frankly feel that whatever department or offices of the Public Works Department require the use of constables, five would be ample, and with that in mind, I move that the A-1 item of the Public Works Department, Sanitary Division, be reduced by \$40,000, the salaries of 20 constables.

Chairman SULLIVAN—The question first comes on Councilor Chase's amendment to Councilor Cook's motion to reduce the A-1 item by \$40,000 in the Sanitary Division of the Public Works Department.

Coun. COFFEY—Mr. President, I move to amend the motion to read \$40,100.

Chairman SULLIVAN—Councilor Coffey, will you withdraw your motion?

Coun. COFFEY—No.

Coun. COOK—Mr. President, a point of order.

Chairman SULLIVAN—State your point of order.

Coun. COOK—The amendment is frivolous, and I think the President has the power to rule on frivolous matters.

Chairman SULLIVAN—The point of order is well taken.

Coun. COFFEY—Mr. President, I move it be reduced by the sum of \$50,000, and it is not frivolous.

Chairman SULLIVAN—Councilor Coffey moves that the A-1 item in the Sanitary Division of the Public Works Department be reduced by \$50,000 and the Clerk will call the roll.

The motion was lost, yeas 2, nays 14:

Yeas—Councilors Bayley, Chase—2.

Nays—Councilors Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—14.

Chairman SULLIVAN—Two votes in the affirmative and fourteen in the negative, and the motion is lost. The question now is on Councilor Bayley's motion to reduce A-1 —

Coun. COFFEY—Mr. President, I wish to further amend the motion to reduce it by \$52,000.

Chairman SULLIVAN—Councilor Coffey now moves that the A-1 item in the Sanitary Department budget of the Public Works Department be reduced by \$52,000, and the Clerk will call the roll.

Coun. BAYLEY—A point of order, Mr. President.

Chairman SULLIVAN—Councilor Bayley, will you state your point of order?

Coun. BAYLEY—I ask you to rule that is frivolous on account of the fact that the amount of \$50,000 has been defeated, being close to the amount of \$52,000, that the sponsor did not vote for it, the closeness of the amounts and the fact that he did not vote favorably on his own motion —

Chairman SULLIVAN—The motion is in order, and the Clerk will call the roll.

The roll was called, and the motion was lost, yeas 3; nays 13:

Yeas—Councilors Bayley, Chase, Moriarty—3.
Nays—Councilors Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Keenan, Kinsella, Lane, Linehan, McCormack, Russo, Sullivan—13.

Chairman SULLIVAN—Three in the affirmative and thirteen in the negative, and the motion is lost.

Coun. CHASE—Mr. President, I believe the next question is on my motion of \$40,000.

Chairman SULLIVAN—The gentleman is correct. The question is now on Councilor Chase's motion to reduce the A-1 item of the Sanitary Division of the Public Works Department by \$40,000, and the Clerk will call the roll.

The motion was lost, yeas 4, nays 11:

Yeas—Councilors Bayley, Chase, Cook, Linehan—4.

Nays—Councilors Bryan, Cantwell, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—11.

Chairman SULLIVAN—Four votes in the affirmative and eleven in the negative, and the motion is lost. The question now is on Councilor Cook's motion to reduce the A-1 item of the Sanitary Division of the Public Works Department by \$24,000; the Law Department budget \$6,000 and the Health Department budget \$14,000, making a total of \$44,000, and the Clerk will call the roll.

The motion was lost, yeas 4, nays 12:

Yeas—Councilors Bayley, Chase, Cook, Linehan—4.

Nays—Councilors Bryan, Cantwell, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Sullivan—12.

Chairman SULLIVAN—Four votes in the affirmative and twelve in the negative, and the motion is lost.

Coun. KINSELLA—Mr. Chairman, I desire to be recorded in opposition to the \$10,000 cut in the Mayor's Office, Incidentals.

Chairman SULLIVAN—If there is no objection, Councilor Kinsella will be so recorded.

Coun. MCCORMACK—I ask unanimous consent to be recorded the same way,—no.

Chairman SULLIVAN—If there is no objection, Councilor McCormack will be so recorded.

Coun. BAYLEY—Mr. President, I have a small reduction in the Printing Department, C-2, and C-4, which I move to be eliminated—C-2, \$1,325, and C-4, \$1,200. The discussion on that is on page 466 of the blue book where it is stated that C-2 covers only emergency purchases. "Our presses are old. You never can tell when they are going to fall apart," Mr. Twomey later says, "We planned buying a truck." That is C-4. When asked whether he might not spend either of these items, he said, "We do not know." In other words, they have been using them, and it seems to me we can with justice eliminate these small items because they may not be needed this year, and if he needed the money—

Chairman SULLIVAN—Will you repeat that, Councilor Bayley?

Coun. BAYLEY—C-2 in the Printing Department and C-4 in the Printing.

Chairman SULLIVAN—C-2 is how much?

Coun. BAYLEY—\$1,325. That is on page 75 of the report.

Coun. FISH—Mr. Chairman, the equipment in the Printing Department, meaning the press, is just as important as a motor vehicle is to any other department. We have to purchase these throughout the various departments, and just let me read this, "Our presses are old. You never can tell when they are going to fall apart." That applies to all equipment we have in the city. C-4, Motor Vehicle, they planned to buy one last year but they could not buy one because it was not available, but they still need one.

Chairman SULLIVAN—The question is on Councilor Bayley's motion to reduce the Printing Department budget, C-2 by \$1,325 and C-4 by \$1,200, and the Clerk will call the roll.

The motion was lost, yeas 7, nays 11:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, McCormack, Russo—7.

Nays—Councilors Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, Linehan, Moriarty, Muchnick, Sullivan—11.

Chairman SULLIVAN—Seven in the affirmative and eleven in the negative, and the motion is lost.

Coun. BRYAN—Mr. Chairman, I move that the budget be acted upon with all the amendments.

Chairman SULLIVAN—The Chair will rule, councilor, the Council has already passed a motion that the budget must be acted on at 10.30, and the Chair cannot entertain your motion at this time.

Coun. BAYLEY—Mr. President, I move that \$15,000 additional be cut in the A-1 item in the Election Department. We have already eliminated some money from A-1, Election Department, and I move another \$15,000 be eliminated. I want to repeat what I stated earlier very shortly. This item I think is one which we should reduce because it covers employees that are unnecessary and doing no work. The vote was close this afternoon, and I hope this motion is passed, which will make a total of \$30,000 eliminated from that department. The people are watching what we do on this item, and I believe that money should be eliminated.

Chairman SULLIVAN—The question is on Councilor Bayley's motion.

Coun. COFFEY—Mr. President, I move to amend the motion to read \$25,000 on the A-1 item, Election Department.

Chairman SULLIVAN—Councilor Coffey amends Councilor Bayley's motion to strike out

an additional \$25,000 from the A-1 item in the Election Department budget, and the Clerk will call the roll.

The motion was lost, yeas 3, nays 15:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, Linehan, Muchnick, Moriarty, McCormack, Russo, Sullivan—15.

Chairman SULLIVAN—Three in the affirmative and fifteen in the negative, and the motion is lost.

The question now comes on Councilor Bayley's motion to reduce the A-1 item in the Election Department by \$15,000, and the Clerk will call the roll.

The motion was lost, yeas 4, nays 14:

Yeas—Councilors Bayley, Chase, Cook, Muchnick—4.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—14.

Chairman SULLIVAN—Four in the affirmative and fourteen in the negative, and the motion is lost.

Coun. COOK—With the consent of the Council, I make a motion to reduce the A-2 item in the various departments by the following amounts: Assessing Department, \$9,000; Traffic Department, \$2,400; City Council, \$1,000; Collecting Department, \$3,000; Public Buildings, \$10,000; Board of Real Estate Commissioners, \$500; Sanitary Service of the Public Works, \$8,000; Sewer Service of the Public Works, \$3,000; Registry Department, \$6,000; Statistics Department, \$1,000; Supply Department, \$700; Public Works, Water Division, \$10,000; Summer Tunnel, \$5,000. Mr. President and gentlemen of the Council, if you look through the various items of A-2 which are temporary employees and consider the cuts which I have recommended you will see that I have recommended a cut which still leaves an amount equal to or more than the amount already appropriated. Most of the explanations given for the temporary employees is that they fill in on vacations, and that they fill in on emergencies. I think where we have an A-1 item which is our largest item in the city budget it would upon careful investigation show many of the A-1 or so-called permanent employees are not necessary, that many of these unnecessary employees can do the job of the so-called temporary employees. It is the same argument I made before. It is not a question in my mind of keeping people from doing constructive work for the city, but it is a question of stopping the pay roll from being padded by people most of whom we don't know and who are just there to collect a salary. I think that reduction, and I have not added it up, would be a saving to the city of a considerable amount of money with no harm to the city and with credit to the Council.

Chairman SULLIVAN—The question is on Councilor Cook's motion.

Coun. FISH—Mr. President, I am afraid if there is any cut in the temporary employees, there will have to be more permanent employees added and eventually, it will cost a great deal more, and the budget will be higher. I am not overlooking the fact that every one of these department heads appeared before the Budget Commissioner, and none of us can deny the Budget Commissioner is sincere, probably the best Budget Commissioner we ever had, and I don't think he has allowed one penny in the budget that is excessive. I think we should be guided by men of ability, and I know I am willing to be guided by him. He sat by me every minute of the hearing and gave me good advice. May I repeat, John Sullivan does know his business as a Budget Commissioner, and he does not hobbob to any one of the department heads and let them persuade him in any way. I think the Budget Commissioner has presented a mighty fine budget to us.

Coun. COOK—Mr. President, if I may, with the consent of the Council, I would like to make an addition. I left out under the series of A-2 cuts the Child Welfare Division, \$500; Law Department, \$1,000; Licensing Board, \$200; Mayor's Office, \$2,000; Park Department, \$40,000; Cemetery Division, \$4,000; Police Department, \$2,000; Bridge Service, \$9,000, and Ferry Service, \$6,000. The remarks I made before on the others apply to those.

Coun. KINSELLA—Mr. President, will the councilor from Ward 12 tell us the total of those cuts?

Coun. COOK—I am sorry, I did not add them up. I did not have the time because I thought I would go through them by departments, instead of by items. I have not got the total.

Coun. KINSELLA—There are one or two items that intrigue me, \$500 on the Child Welfare, and \$200 some place else. You say these items are for Personal Service, Temporary Employees. I can't imagine what that \$500 would be. I would like to be enlightened.

Coun. COOK—Mr. President, in answer to the question of the councilor from Charlestown, on the budget of Child Welfare, page 182, evidently there are temporary visitors in the western part of the state, and some of them are paid by the day. That is where they get the amount. They asked for \$2,250 on temporary employees in Child Welfare, and they have appropriated only \$300. I have asked a reduction of \$500 which still leaves them a balance of \$1,450 for the rest of the year. I think they are well taken care of. My general

principle of reduction throughout this A-2 item was to leave as much, if not more, in most cases more, than the amount already appropriated, and I went on the basis if they only appropriated a certain amount for four months so far, that twice that amount or a smaller amount should carry them through the year.

Coun. KINSELLA—Mr. President, I would like to direct the councilor's attention to the fact that in my opinion the employ of the temporary workers does not in any way mean or imply padding the pay roll. For example, he mentions the bridges. I know from experience some of these bridgetenders, and I think some of this Body know this, are several hundred hours in arrears on time off which the city owes them, and by this means only can that time be liquidated. There is another very pertinent argument I would like to raise. Not too long ago reference was made to the ash contracts, the districts to be cut up among the veterans. You can't get a veteran of World War I a job in this city, you have to be a veteran of World War II, and every one can't be validated in his employment. The only category of temporary worker who does not have to be a veteran is the female worker. On one side we are asked to take care of them and on the other side we are asked to strike them out, and since there is no happy medium, you have to do one or the other, knock them out or keep them in. I submit, with all due respect to the councilor from Ward 12, the Council ought to reject those recommendations.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce the A-2 items in the various departments amounting to \$124,300, and the Clerk will call the roll.

The motion was lost, yeas 3, nays 14:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Fish, Hannon, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Sullivan—14.

Chairman SULLIVAN—Three votes in the affirmative and fourteen in the negative, and the motion is lost.

Coun. BAYLEY—Mr. President, I am going to make a motion, and I hope the gentlemen will listen to me very carefully because I think I have a good point here, that the special appropriation for the Eastern Avenue Wharf be reduced \$5,000, from \$35,000 to \$30,000. Mr. President, the councilor from Ward 19 who is a very able lawyer has very carefully brought out during the proceedings and at other times that the City of Boston is paying something like \$4,000 on a rental basis for the Eastern Avenue Wharf for 999 years. He feels, as several of us do, that is legally wrong, and that the case should be carried on to a higher court. It seems to me \$35,000 is not necessary for the repair of this wharf. Page 242 of the transcript of the Appropriations Committee hearings shows: "It might not run that high. We are going to bid out on the unit price. Some of the piles we might be able to save." He says, "It might not run that high," and the general impression he gave to us is that he would not need the \$35,000. If we cut this, we are not going to hurt anybody. He spent a lot of money this year, and he says he does not believe it will run that high. I hope the gentlemen of the Council will go along with me and cut the appropriation, leaving \$30,000.

Chairman SULLIVAN—The question is on Councilor Bayley's motion to reduce the Eastern Avenue Wharf repairs under special appropriations, \$5,000, and the Clerk will call the roll.

The motion was carried, yeas 13, nays 3:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Hannon, Keenan, Lane, Linehan, McCormack, Moriarty, Russo—13.

Nays—Councilors Fish, Kinsella, Sullivan—3.

Present—Councilor Muchnick—1.

Chairman SULLIVAN—Thirteen in the affirmative, three in the negative, and the motion is carried.

Coun. CHASE—Mr. President.

Coun. COOK—Mr. President.

Chairman SULLIVAN—Councilor Cook.

Coun. COOK—I have a similar motion on another item in the following amount: Boston Traffic Commission, \$1,000. These are the amounts I wish the budget to be reduced by: Election Department, \$1,000; Public Works Department, Paving Service, \$3,000; Penal Institutions Department, \$200; Public Works Department, Water Division, \$20,000; Summer Tunnel, \$22,350; "Stephen O'Meara," \$4,000; "Curley" and "Perkins," \$2,500; Licensing Board, \$75; Public Welfare Department, \$50; Bridge Service, \$5,000, and Ferry Service, \$20,000. On this item, Mr. President and gentlemen of the Council, which is supposed to be General Repairs, if you follow the transcript carefully or try to follow it, you will be very much confused. There is very much double talk on the repair item in B-39 and then appropriations for improvements under another item, and when you go through the whole thing, you will become convinced that it is just a throw-in fund which they can use for transfer. Every one of these cuts and reductions I have recommended has left an amount which in almost every instance the department head thought he would be able to spend only that amount for this year. They keep talking about getting cables to fix up projects like the Tunnel, but they cannot get the cables, and at the end of every year,—and this has been going on for five years,—they can't get what they asked for. If you will look carefully, you will find these amounts have been transferred to somebody else. Last year, the

same department heads asked for the same amounts and gave the same stories, and never accomplished anything. I think if we cut this amount, and it is a considerable amount in the total, we will help the city and we will not affect the departments.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce the B-39 items by \$79,175, and the Clerk will call the roll.

The motion was lost, yeas 6, nays 11:

Yeas—Councilors Bayley, Carey, Chase, Cook, Moriarty, Russo—6

Nays—Councilors Bryan, Cantwell, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Muchnick, Sullivan—11.

Chairman SULLIVAN—Six in the affirmative and eleven in the negative, and the motion is lost.

Coun. COOK—Mr. President, I make a motion the following items known as D-16, called Miscellaneous Supplies, be reduced in the following amounts in the following departments: Assessing Department, \$25,000; Traffic Department, \$1,000.

Coun. RUSSO—Mr. President, a point of information.

Chairman SULLIVAN—State your point of information.

Coun. RUSSO—I wonder if the councilor will just state what is the appropriation and the reduction he contemplates so that we can get an idea how much he is asking for. We cannot go over Document 38 to find out exactly what he is talking about.

Chairman SULLIVAN—What do you want, the grand total?

Coun. RUSSO—When he states the reduction he seeks, if he will quote the amount asked for first in that particular item, and then the amount he seeks to reduce, in order to give us a fair idea to what extent he is trying to reduce it because I am trying very hard to go over Document 38 to find out the specific items he is talking about.

Chairman SULLIVAN—Have you those figures available?

Coun. COOK—I will have to go through the books, too.

Chair SULLIVAN—Councilor Cook, proceed.

Coun. COOK—In the Assessing Department, under Miscellaneous Supplies, \$50 was asked for. I recommend a cut of \$25; Boston Traffic Department, \$1,000.

Chairman SULLIVAN—Give your figures as you want them cut.

Coun. COOK—All right. Building Department, \$10; City Clerk, \$10; City Council, \$20; City Planning Board, \$50; Collecting Department, \$50; Street Laying-Out Department, \$1,000; Weights and Measures, \$200; Institutions Department, \$10; "Stephen O'Meara", \$100; Law Department, \$50; Bridge Service, \$700; Public Works Department, Paving Service, \$300; Public Works Department, Sanitary Service, \$1,300; Public Works Department, Sewer Service, \$800; Registry Department, \$75; Statistics Department, \$10; House of Correction, \$1,000. That is all. Mr. President, and gentlemen of the Council, if you followed these or tried to follow some of the department heads, they have a great, mysterious fund in the C, D and E items called Miscellaneous. That is the great reserve fund they set up. I think in one department they talked about the fact that they had to have scissors, another talked about wrapping paper and twine, or paper cups; but they certainly can give a very glib answer when you ask them what miscellaneous means. I noticed during the hearings that Councilor Bryan tried to get at the bottom of it, but I think he got discouraged after he got the same stock answer from the various department heads. I don't think any department would be hurt in the slightest and the city would be helped if we cut these D-16 items. Mind you, I have left some balances for then in the amounts I have recommended.

Coun. FISH—Mr. President, the brief explanation under the miscellaneous items as to why they could not put them down in the budget as specific items is they would have to put pencils, pens, erasers, about 100 to 150 items, and the expense of printing the budget would be out of proportion. That is what the miscellaneous items are, and it was very clearly explained by the Budget Commissioner.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce the D-16 items in the various departments by \$6,710, and the Clerk will call the roll.

The motion was lost, yeas 3, nays 14:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Sullivan—14.

Chairman SULLIVAN—Three in the affirmative and fourteen in the negative, and the motion is lost.

Coun. BAYLEY—Mr. President, I move the special appropriation for Bridges Repair be cut \$10,000, from \$200,000 to \$190,000. Mr. President, I am informed the state may help in the construction of the bridges this year, and I think a cut of only 5 per cent will not seriously interfere with the work that will be done, especially if the state is able to help out. I move that that cut of \$10,000 be made.

Chairman SULLIVAN—The question is on Councilor Bayley's motion to reduce the bridge repair item under special appropriations by \$10,000. All those in favor say "aye," those opposed "no," and it is not a vote.

Coun. BAYLEY—Mr. President, I ask for a roll call.

Chairman SULLIVAN—The Clerk will call the roll.

The motion was lost, yeas 8, nays 9:

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Chase, McCormack, Moriarty, Russo—8.

Nays—Councilors Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, Muchnick, Sullivan—9.

Chairman SULLIVAN—Eight in the affirmative and nine in the negative, and the motion is lost.

Coun. BAYLEY—Mr. President, I move reconsideration on this matter. I don't think this will hurt anybody. I hope they will reconsider because it was a close vote.

Coun. CAREY—Mr. President, I have been a member of this Council for ten years, and I have found over those years that the safety of the people should be given proper consideration in the construction of the bridges throughout the city. The councilor from Ward 5 indicated we might get state assistance. We have been expecting that for many years on many very serious and important matters connected with the city and have got but very little assistance. I for one would not want any cut from any bridge maintenance and construction repair items that might lead to some accident that might cause the loss of one or a dozen lives. I think it is ridiculous to try to save a few pennies in the budget in this way. If we are going to make any attempt to cut down the tax rate, let us have something worthwhile. Let us appoint a committee with a commissioner appointed at the head of that committee, a man capable enough to do it, a civil service employee who fears nobody. But as for cutting into a matter like this, \$10,000, at the risk of a human life, I think it is ridiculous and we should overwhelmingly defeat any such recommendation.

Chairman SULLIVAN—The question comes on reconsideration. All those in favor say "aye"; those opposed, "no." It is not a vote.

Coun. BAYLEY—Mr. President, I move that the Contingent Fund be cut \$10,000, from \$325,000 to \$315,000.

Chairman SULLIVAN—The question is on Councilor Bayley's motion to reduce the Contingent Fund by \$10,000, and the Clerk will call the roll.

The motion was defeated, yeas 3, nays 12:

Yeas—Councilors Bayley, Bryan, Chase—3.

Nays—Councilors Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—12.

Present—Councilors Cook, Muchnick—2.

Chairman SULLIVAN—Three in the affirmative and twelve in the negative, and the motions is lost. Councilor Cook.

Coun. COOK—I have another comprehensive motion on Item E-13 in the various departments, as I shall list them. E-13 is miscellaneous material. I move that E-13 be reduced in the following amounts in the following departments: Traffic Department, \$9,000; Institutions Department, \$25; Steamer "O'Meara", \$50; Steamers "Curley" and "Perkins", \$50; Bridge Services, \$500; Paving Services, Public Works Department, \$1,300; Sewer Services, Public Works Department, \$1,000; Penal Institutions Department, \$25; House of Correction, \$1,000; Public Works, Water Division, \$500. All these items which are the same as the D-13 items are miscellaneous, covering a multitude of sins. In most cases I have left as much, if not twice as much, money as I have recommended be reduced, and I think the reduction in these amounts, which is considerable, will be of benefit to the city and no harm to any of the departments or the city.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce E-13 in the various departments, totaling \$13,450, and the clerk will call the roll.

The motion was lost, yeas 3, nays 13:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—13.

Present—Councilor Muchnick—1.

Chairman SULLIVAN—Three in the affirmative and thirteen in the negative, and the motion is lost.

Coun. COOK—Mr. President, I have a similar motion for Item B-42, which is Miscellaneous Services, and I recommend the following reductions in the following B-42 items in the following departments: City Council, \$6,000; City Planning Board, \$125; Public Works Department, Paving Services, \$5,000; Sewer Services of the Public Works Department, \$200; Department of Veterans Services, \$25; House of Correction, \$500; Law Department, \$10; Lighting Services of the Public Works Department, \$1,000. These items, Mr. Chairman and gentlemen of the Council, are also miscellaneous items called services. Why they do not call them temporary help or contract work, I don't know. You might be interested in why I recommended \$6,000 in the City Council. I think \$12,000 was appropriated and I think the explanation for it was robbing of the streets and putting up flags. In the committee there was not a very full discussion of the matter, and I don't think any of the councilors here who have been here ten years or less to this day know who does this work. I think it can be cut \$6,000 in that item, at a great saving to the city, and so about the other reductions, which in every case leave a balance for the department. I hope the reductions go through.

Chairman SULLIVAN—The question is on Councilor Cook's motion to reduce the B-42 items in the various departments, totaling \$12,860, and the clerk will call the roll.

The motion was lost, yeas 4, nays 13:

Yeas—Councilors Bayley, Carey, Chase, Cook—4.

Nays—Councilors Bryan, Cantwell, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Sullivan—13.

Chairman SULLIVAN—Four in the affirmative and thirteen in the negative, and the motion is lost.

Coun. COOK—The next series of departments, I have, Mr. President, is the item known as B-28, Expert, and I recommend the following cuts: Park Department, \$500; Police Department, \$500; Sanitary Service of the Public Works Department, \$50; Statistics Department, \$100; House of Correction, \$200; Public Works, Water Division, \$1,000. Mr. President, as you go through these various items for experts, you suddenly discover in every department where the department head is supposed to be an expert, and where the department subordinates under him are supposed to be experts, they always have need for a little item called expert. The Police Department needs an expert to go to defend one of their policemen; he can't use our own Law Department. The Sewer Department needs an expert; they cannot use their own Water Department men who have 40 or 50 years' experience—I will make that 25 years' experience—as an expert. Why they need an expert on Sanitary Service, I don't know. I imagine by now everybody is an expert in the Sanitary Division. It is an item, Mr. President, that could be cut out very nicely, because it is something which is like a little slush fund for each department head to use for somebody who may be very friendly but who does the city no good. I hope these cuts as recommended are passed.

Coun. KINSELLA—Mr. President, I would like to ask Chairman Fish through you if at any time during the consideration of the budgetary items he or anyone else thought to ask the definition of expert. I must admit the gentleman from Ward 12 has me curious. What is an expert in anything?

Chairman SULLIVAN—Councilor Fish, do you care to answer that?

Coun. FISH—I would prefer to have him mention the specific expert he was speaking about.

Coun. COOK—Take the Police Department.

Coun. MORIARTY—If I may unburden Councilor Fish of Councilor Kinsella's question?

Chairman SULLIVAN—Does Councilor Fish yield?

Coun. FISH—I will be glad to yield.

Coun. MORIARTY—I do recall quizzing Mr. Parker of the Planning Board on why he engages outside services. I don't recall his blue book testimony, but I will try to repeat it as I recall it. He said on occasion he has to call in some particular expert to give him information on something he is working on down in his department. To my satisfaction, he was the only one who could give us a satisfactory definition of what expert services were, and so did Dr. Brickley of the mortuary. I believe he did, to my satisfaction, prove the expert he called in was a necessary assistant.

Chairman SULLIVAN—Thank you. The question is on Councilor Cook's motion to reduce the B-28 item in the various departments amounting to \$2,350, and the Clerk will call the roll.

The motion was carried, yeas 11, nays 5:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Hannon, Keenan, Lane, Moriarty, Russo—11.

Nays—Councilors Coffey, Fish, Kinsella, McCormack, Sullivan—5.

Present—Councilor Muchnick—1.

Chairman SULLIVAN—Eleven in the affirmative and five in the negative, and the motion to reduce B-28 in the various departments amounting to \$2,350 is carried.

Coun. BAYLEY—Mr. President, I move that the appropriation for House of Correction, Special Improvements and Repairs, be cut \$5,000. I do this for two reasons: In the first place, it is partly for electrical change-over in the electrical department. There is some question if they are going to use the full \$100,000, but my motion in cutting this down \$5,000—this is under the County Budget—is because I think it is about time we take affirmative action and show Chelsea and Revere that they are going to do their share.

Chairman SULLIVAN—What page in the budget?

Coun. BAYLEY—Page 74 in the white book, under County Departments. Mr. President, I do this mainly as a protest on the ground that it is about time Chelsea, Revere, and Winthrop contributed something to the expenses of which they get the benefit. It is my understanding—in fact, it is my knowledge—we appropriate a budget for the district court of Chelsea, and the fines they get go to Chelsea and not to us. Mr. President, it is my understanding they send their prisoners to Deer Island. It seems to me Revere, Chelsea, and Winthrop should bear their share toward the upkeep. This is a protest to the fact that we have to pay money for something that benefits in a small measure Chelsea, Revere, and Winthrop. I would like to serve notice on Chelsea, Revere, and Winthrop that they should pay part of the upkeep toward Deer Island, and also the upkeep of the courts. I think it is time Boston stopped paying for the benefit of Chelsea, Revere, and Winthrop.

Coun. KINSELLA—For the first time in quite a while I find myself at least partly in agreement with the councilor from Ward 5, but the councilor is an attorney of some note, and I am given

to understand he knows all the expenses of Suffolk are saddled on the City of Boston by an act of the Legislature, owned, operated, and controlled, to my knowledge, by the party he represents. While I agree in principle with what he has to say, I won't protest to the extent of \$5,000, because we cannot put that much on Winthrop, Revere, and Chelsea, and the gentleman has known it since he has come in here. This protest of \$5,000 might cause some unfortunate life, someone who cannot get out when a fire breaks out, and someone incidentally who is not a beast or an animal. The \$5,000 we take off this budget means \$5,000 less safety work. I am not going to contribute to it regardless of what else I contribute. It is ridiculous for a well-informed member of this Body and also a member of the Bar, who has some knowledge of our charter, he knows the evils inherent in the city spring from Beacon Hill for which his party is responsible, to say a \$5,000 cut in the budget is sufficient protest, and everything I have said is fair. It is not personal, it is not acrimonious, nor is it bitter, even if it is straightforward and direct. We have a lot to say in matters for the safety of the less fortunate. Let us keep them safe while they are there. I oppose this as heartily as anything I ever opposed.

Coun. CHASE—Mr. President, on what particular part of the budget is this?

Chairman SULLIVAN—House of Correction, Special Appropriation, Repairs to County.

Coun. CHASE—Mr. President, I move this particular item be reduced by \$10,000. Mr. President, I assume, sir—

Coun. MUCHNICK—Mr. President, a point of order. We have to vote on \$5,000 before we take up the \$10,000.

Chairman SULLIVAN—Counselor Chase is in order.

Coun. MUCHNICK—What happens to the previous one?

Chairman SULLIVAN—We will come to that.

Coun. CHASE—I don't do this in protest. We are the City Councilors and County Commissioners, and it is our job to make a reduction. I think the \$10,000 is a reasonable reduction in view of the fact that there are probably many contracts to be issued by the awarding authorities, and I assume the executive of the city, who has an iron-hand control over his department heads, will adopt the same policy adopted on all contracts awarded by other department heads—that is, in many instances, not to award to the lowest qualified bidder but to find some special reason for awarding, as the gentleman from East Boston so ably stated, to his cousins or somebody else who has a friendly relationship with him. The item is \$100,000. I think, Mr. President, that a \$10,000 reduction in that item is reasonable, in view of the fact that it apparently is a blanket item. There is no adequate explanation showing just what the money is to be spent for, where the money is to be spent, and there is no good reason, sir, why that particular county department could not afford a \$10,000 reduction, and I so move.

Chairman SULLIVAN—Thank you, counselor. The question is on Counselor Chase's amendment.

Coun. COFFEY—Mr. President, the gentleman did not understand. I said Counselor Bayley's cousin.

Chairman SULLIVAN—The question is on Counselor Chase's motion to amend Counselor Bayley's motion by \$10,000, and the Clerk will call the roll.

The motion was lost, yeas 3, nays 14:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Sullivan—14.

Chairman SULLIVAN—Three in the affirmative and fourteen in the negative, and the motion is lost. The question now comes on Counselor Bayley's motion to reduce the same item by \$5,000, and the Clerk will call the roll.

The motion was not carried, yeas 8, nays 8:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Hannon, Keenan, McCormack—8.

Nays—Councilors Carey, Coffey, Fish, Kinsella, Lane, Moriarty, Russo, Sullivan—8.

Present—Counselor Muchnick—1.

Chairman SULLIVAN—Eight in the affirmative and eight in the negative, and the motion is not carried. Counselor Cook.

Coun. BAYLEY—I move reconsideration.

Chairman SULLIVAN—Counselor Cook.

Coun. COOK—I move that B-28 in the Board of Real Estate Commissioners, which is for Expert, be reduced by \$2,000. Mr. President, the chairman of the board asked for \$3,000. He said last year he used him because, as he said, we are apt to be called on to have some plans drawn. We have that from time to time. There is no one at the present time, but there has been when agents handled buildings for the city and it was necessary to check over those accounts. I don't know what he was talking about on that basis. I think the reduction is in line with the other reductions for experts, and the \$2,000 in the Board of Real Estate Examiners is a good reduction.

Chairman SULLIVAN—Counselor, is that the Board of Real Estate Commissioners or the Board of Examiners?

Coun. COOK—The Board of Real Estate Commissioners.

Chairman SULLIVAN—Irving Lewis?

Coun. COOK—That is right, the Board of Real Estate Commissioners. I don't think his department will be hurt. In 1946 he said he spent

\$2,815 out of \$3,000. If we give him \$3,000 this year, he will spend \$3,000, and if we give him \$1,000, that is about all he will spend, and he will have to look for a place to spend it, so, therefore, I think the recommendation of a cut of \$2,000 in that department in B-28 is a good one.

Chairman SULLIVAN—The question is on Counselor Cook's motion to reduce B-28 in the budget of the Board of Real Estate Commissioners by \$2,000, and the Clerk will call the roll.

The motion was carried, yeas 9, nays 7:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Hannon, Keenan, Moriarty, Muchnick—9.

Nays—Councilors Coffey, Fish, Kinsella, Lane, McCormack, Russo, Sullivan—7.

Chairman SULLIVAN—Nine in the affirmative and seven in the negative, and the motion is carried.

Coun. COOK—Mr. President, there is a very small item I wish to call to the attention of the Council, by moving a recommended cut in the House of Correction in Department F-12. I recommend \$100 be cut. May I have order?

Chairman SULLIVAN—The Council will be in order. The Chair will ask the counselor to repeat his motion.

Coun. COOK—I recommend the Item F-12 in the House of Correction budget be reduced by the sum of \$100. The item is listed in City Document 38 under special items known as gratuities which I think is even worse than incidents. In this case, I think the explanation was that some of the men who leave the House of Correction are broke, and somebody in the House of Correction gives them money. No questions were asked as to whether receipts were taken and as to who gave the money, how it was accounted for, or anything of that nature and, certainly, the City Council should be no party to allowing any department head to have a reserve fund or appropriation which they can give out as gratuities. That is a function of the Public Welfare Department or some other department that does a little investigation. I don't see why the officials down at the House of Correction should be known as such good fellows at the expense of the city. I think the cut even though small is one that should be had.

Chairman SULLIVAN—The question is on Counselor Cook's motion to reduce F-12 by \$100, House of Correction, and the Clerk will call the roll.

The motion was lost, yeas 3, nays 13:

Yeas—Councilors Bayley, Chase, Cook—3.

Nays—Councilors Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Sullivan—13.

Present—Counselor Muchnick—1.

Chairman SULLIVAN—Three in the affirmative and thirteen in the negative, and the motion is lost.

Coun. FISH—In view of the fact that I understand that we have ten more minutes of discussion—

Chairman SULLIVAN—Twelve minutes.

Coun. FISH—Item 2 on the Calendar is part of the budget, as I understand from no less authority than the City Clerk. Let us vote on that so that when we vote on the entire budget, that will be incorporated in it. If it is in order, I now move we take a vote on No. 2 on the Calendar. We have already passed it in committee.

Coun. COOK—Mr. President, a point of order.

Chairman SULLIVAN—The question is on taking from the table the recommendation of increasing the budget as recorded and recommended in item No. 2 on the Calendar.

Coun. HANNON—Mr. President, I don't think that is part of the budget. I have the highest respect in the world for the City Clerk, but as I understand it, the budget has to be submitted the first Monday in February, and I don't think this was submitted. I feel it will have to be acted on in due course, but I don't think it is any part of the budget.

Chairman SULLIVAN—It becomes part of the budget when we act on it.

Coun. HANNON—I think this motion is out of order, Mr. President. We are acting on the budget, and if this is not part of the budget, then I think it is out of order to include it in the budget.

Chairman SULLIVAN—When we take it, counselor, from the table, and the motion is to take it from the table, calling it up, it becomes part of the budget.

Coun. HANNON—I think the proper procedure is to adopt the budget.

Chairman SULLIVAN—If the Council so desires, it can act on it now or after the budget.

Coun. HANNON—I would like a ruling on the point of order. The Chair has already determined it is not part of the budget. If it is not part of the budget, then I don't think it has any business being considered with the budget until the budget is passed. The budget has to be submitted by the first Monday of February, and must be accepted or acted on by the first Monday in April. This was not submitted by the first Monday in February. I am perfectly willing to go along, but I think we should give consideration to each and every item here.

Chairman SULLIVAN—Counselor Fish, do you wish to withdraw the motion?

Coun. FISH—I would like to clarify the situation as far as I am concerned. It is an item to increase the budget as submitted. I take it literally as it is written. If this is not acted on today, either before the vote on the budget or after, if it is not

acted on by April 7, it becomes just a lot of words, or do we have an opportunity later to pass on it?

Chairman SULLIVAN—Twelve o'clock is the final hour.

Coun. CHASE—Mr. President.

Chairman SULLIVAN—Counselor Fish has the floor.

Coun. KEENAN—Mr. President, a point of information.

Coun. FISH—If the ruling is today is the last date to act on that item, I move it be taken from the table and acted on.

Coun. HANNON—A point of order.

Coun. CHASE—Mr. President.

Coun. KEENAN—A point of order.

Chairman SULLIVAN—Counselor Fish is in order. It is a recommendation and has to do with the budget, and Counselor Fish's motion is in order.

Coun. HANNON—A point of order.

Chairman SULLIVAN—State your point of order.

Coun. HANNON—The budget was a certain document submitted to us in keeping with the charter specifications by the first Monday of February. Any item of recommendation submitted to us after that is not part of the budget as such. The budget was considered at hearings, and any items recommended after that have not been considered as part of the budget. The Chair has already ruled it is not part of the budget. If it is not part of the budget, it should not be acted upon now, and I disagree with the City Clerk that it does become operative automatically after midnight.

Chairman SULLIVAN—Counselor, the Chair will rule this is a recommendation of the Mayor following items in the budget as submitted, asking for increases and amending the budget as he sent it in originally and these items are part and parcel of the budget when we act on it. Then the Council can take them up individually and ask that they be reduced after we take this from the table and make it a part of the budget.

Coun. HANNON—My point of order is that we proceed with No. 1 and dispose of it, and then we can adopt or reject No. 2. They are distinct and separate items.

Chairman SULLIVAN—It is perfectly legal to do it either way. If the counselor is pressing his motion, it is in order at this time.

Coun. KINSELLA—Mr. President, a point of order.

Chairman SULLIVAN—State your point of order, counselor.

Coun. FISH—I can clear the situation. Would you yield?

Coun. KINSELLA—Yes.

Coun. FISH—If we can act on this after the budget, which I don't think we can, I will withdraw my motion.

Chairman SULLIVAN—The motion is withdrawn. Counselor Kinsella.

Coun. KINSELLA—According to the language in this which is a public document, we cannot increase the budget.

Chairman SULLIVAN—We can on recommendation of the Mayor, counselor.

Coun. KINSELLA—That would be making it a part of the document known as the appropriation order. A further point of order, Mr. President.

Chairman SULLIVAN—State your point of order.

Coun. KINSELLA—Are we to be permitted to examine into the necessity of the increases, C-16, D-39, A-1, and so forth?

Chairman SULLIVAN—It was submitted to the Council on March 24 and was referred to the Committee on Appropriations which properly acted on it, and referred it back to the Council on March 31.

Coun. KINSELLA—As items apart from the original document?

Chairman SULLIVAN—In addition to the original document.

Coun. KINSELLA—A point of information. Will the City Clerk, through you, tell me if there will be a supplementary budget following this?

Chairman SULLIVAN—There may be, counselor.

Coun. KINSELLA—A further point of information, if I may have it. Would this item or this public document known as Item No. 2 be more properly embraced in the supplemental budget because of the Council's lack of information about the item?

Chairman SULLIVAN—The Mayor can submit appropriations up until the time the tax rate is declared.

Coun. KINSELLA—A final point of information. Does that also account for Items 3 and 4, or are we to interpret those in the same way?

Chairman SULLIVAN—Items 3 and 4 do not have to be acted on today, counselor.

Coun. KEENAN—Mr. President, a point of information.

Chairman SULLIVAN—State your point of information.

Coun. KEENAN—On No. 2 on the Calendar, if that is not acted on tonight, does it technically go into effect at 12 o'clock and be added on to the tax rate?

Chairman SULLIVAN—The Chair will rule it does not. The Chair will announce it is two minutes before the final vote is taken.

Coun. FISH—Mr. President, do I understand this can be submitted at a later date before the tax rate is set?

Chairman SULLIVAN—That is right.
Coun. COFFEY—Mr. President, I move the budget be passed as amended.

Chairman SULLIVAN—Councilor Coffey moves the budget be passed as amended, and the Clerk will call the roll.

The budget as amended was passed, yeas 15, nays 2.

Yeas—Councilors Bryan, Cantwell, Carey, Coffey, Cook, Fish, Hannon, Keenan, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Sullivan—15.

Nays—Councilors Bayley, Chase—2.

Chairman SULLIVAN—Fifteen in the affirmative and two in the negative, and the budget is passed. What is the pleasure of the Council on No. 2?

Coun. KEENAN—Mr. President, I make a motion we lay it on the table for a week.

Chairman SULLIVAN—Councilor Keenan moves that item No. 2 on the Calendar be laid on the table for a week.

No. 2 on the Calendar was as follows:

2. Recommendation by Mayor to increase following items in budget as submitted: Fire Department, C-16, \$69,000; Institutions Department, Steamer "O'Meara," B-39, \$6,000; Registry of Deeds, A-1, \$12,000. Total, \$87,000.

Coun. HANNON—Mr. President.

Coun. RUSSO—Mr. President.

Chairman SULLIVAN—The Chair will have to rule that motion out of order. The only action the Council can take now is to reject No. 2 or pass it.

Coun. HANNON—Mr. President, I move we adjourn.

Chairman SULLIVAN—Councilor Hannon moves we now adjourn. All those in favor say "aye," those opposed, "no." It is not a vote.

Coun. HANNON—I doubt the vote.

Chairman SULLIVAN—Councilor Hannon doubts the vote. Are there sufficient members joining?

Coun. HANNON—May I withdraw?

Chairman SULLIVAN—Councilor Hannon withdraws his motion.

Coun. HANNON—I will withhold it.

Coun. MUCHNICK—A point of order. Do I understand if we do not act now on No. 2 it automatically gets passed?

Chairman SULLIVAN—The Chair has already ruled, councilor, that he believes it does not become part of the budget.

Later in the session Coun. RUSSO said:

Mr. President, I wonder if I am in order to take Items 2, 3 and 4, from the table for the purpose of sending them to the Executive Committee so that we may have the various department heads before us to be interrogated?

Chairman SULLIVAN—Councilor, the Chair will rule Item No. 2 was ruled out unless passed by the Council. It becomes a dead issue after tonight's meeting. Nos. 3 and 4 can be taken and referred to the Executive Committee.

Coun. RUSSO—I so move.

Nos. 3 and 4 on the Calendar were as follows:
3. Order to appropriate \$14,500 for jail improvements.

4. Order to appropriate \$60,000 from income of Cemetery Fund for Park Department, Cemetery Division.

Chairman SULLIVAN—Councilor Russo moves Items 3 and 4 be referred to the Executive Committee. All those in favor, say "aye," those opposed, "no." It is ordered.

Coun. LINEHAN—I ask unanimous consent to be recorded for the budget as amended.

Chairman SULLIVAN—Councilor Linehan asks to be recorded on the budget, voting to pass it as amended, and, if there is no objection, he will be so recorded.

DISCONTINUANCE OF SITE FOR DUMPING, WARD 11.

Coun. MORIARTY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to discontinue as a site for dumping refuse and sweepings the corner of Columbus avenue and Ritchie street, Ward 11, Roxbury.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of George W. Girvan (referred March 24), to be reimbursed for amount of execution issued against him on account of his acts as operator of patrol wagon belonging to Police Department—recommending passage of the accompanying order:

Ordered, That the sum of two hundred sixty-two dollars and eighty-seven cents (\$262.87) be allowed and paid to George W. Girvan in reimbursement for amount of execution issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

Report on petition of Patrick G. Howell (referred March 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of the accompanying order:

Ordered, That the sum of one thousand three hundred fifty-five dollars (\$1,355) be allowed and paid to Patrick G. Howell in reimbursement for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

SOUTH BOSTON MUNICIPAL BUILDING IMPROVEMENTS.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That his Honor the Mayor request the Commissioner of Public Buildings to provide for the following improvements in the South Boston Municipal Building Bath Department: Install and repair plumbing for showers and lavatories; install new flooring in all shower sections; repair bubblers; repair electric fans; paint the walls and ceilings.

Passed under suspension of the rules.

Adjourned, on motion of Councilor Bryan, at 10.37 p. m., to meet on Monday, April 14, 1947, at 2 p. m.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

AMENDED NOTICE.

CAFETERIA ATTENDANT, BOSTON SCHOOL DEPARTMENT, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: \$922 a year plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there are sixty-five vacancies for females, to be filled on a permanent basis.

Duties: To assist the cafeteria manager in the preparation and serving of food; and to perform related work as required.

Entrance Requirements: Applicants who have passed their fifty-fifth birthday on the date of filing application will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Applicants must have at least one year of full-time paid employment in food preparation.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PUBLIC HEALTH NURSING SUPERVISOR, DIVISION OF VENEREAL DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,640 a year; the maximum salary is \$3,000 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To coordinate the activities of local health agencies and venereal disease clinics as they apply to the treatment of persons infected with venereal disease; to carry out measures as indicated in communities where venereal disease is suspected, so that infections may be controlled and all sources of infection placed under examination and treatment; to meet with and advise public health personnel engaged in follow-up work on venereal disease cases on measures as indicated in the above; and to perform related work as required.

Familiarity with contact interviewing in clinics and hospitals, and contact follow-up in communities is required.

Entrance Requirements: Applicants must be registered nurses under the State Board of Registration in Nursing on the date of filing application.

Applicants must have at least three years of full-time paid experience in a recognized public health nursing service in which venereal disease control is emphasized. *Substitution:* Successful completion of one year of training in a recognized school of public health may be substituted for a maximum of one year of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HEAD TEACHER OF INSTITUTION SCHOOL, STATE PRISON, DEPARTMENT OF CORRECTION, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,200 a year; the maximum salary is \$1,380 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent part-time basis. Employment is for two hours, five afternoons a week.

Duties: To be responsible for the organization of the school; to formulate the curricula; to keep account of books and all other school supplies; to make required reports to the warden; and to perform related work as required.

Examples of Duties: Selecting and training teachers for the various classes; securing the proper textbooks and other educational material; interviewing each inmate who comes to the school, ascertaining his educational background, and placing him in the class that is adapted to his needs; following up the work of each student to be certain that he is placed in the proper grade; arranging curricula to best fit the needs of each student, and planning every class activity to motivate the best possible results for the pupils.

Entrance Requirement: Applicants must have at least three years of teaching experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

LOCK AND DRAW HELPER, DEPARTMENT OF PUBLIC WORKS, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: \$6.60 a day.

Vacancies: At present there are nine vacancies for males, to be filled on a permanent basis.

Duties: Under immediate supervision, to assist the lock and draw operator in the operation of a drawbridge by performing miscellaneous unskilled work; and to perform related work as required.

Examples of Duties: Opening roadway gates; cleaning and oiling machinery; assisting in repairs; removing snow and ice in order to keep the draw and traffic gates in operating condition.

Experience on drawbridge or in electrical, mechanical, or other work requiring skill in the use of tools is desirable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PRINCIPAL CLERK, THE ADJUTANT GENERAL'S OFFICE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To handle routines in connection with the receipt of military property equipment, equipage, vehicles, etc.; to handle necessary vouchers and shipping tickets, and to check against appropriate Table of Organization and Equipment, and Basic Tables of Allowances; to check material against shipping tickets, preparing property cards for each item received, checked, stored and issued to various organizations; to prepare vouchers for services rendered; to prepare reports of Survey, Inventory and Inspection Reports, Dropping Allowances, etc.; to prepare and edit pay rolls, vehicle reports, etc.; and to perform related work as required.

A thorough knowledge of the following is required: Army regulations as applied to the proper procedure in connection with receiving, storing, warehousing, issuing and accounting for property, General or Branch Depot work, such as that of Post Quartermaster, and Army paper-work in connection therewith, inventories, perpetual card inventory record, bin record, shipping tickets and accounting procedure, Army correspondence system, Table of Equipment, Ordnance Equipment Lists, Table of Organization, Standard Nomenclature List as applied to supply.

Entrance Requirement: Applicants must have at least one year of experience (in either military or civilian status) in United States Army supply work, including six months in a supervisory capacity.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

SENIOR STATISTICAL CLERK, DIVISION OF CANCER AND OTHER CHRONIC DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,860 a year; the maximum salary is \$2,340 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Under general supervision, to perform routine processes in the work of accumulating and presenting statistical data, calling for the exercise of a limited degree of statistical judgment; and to perform related work as required.

Examples of Duties: Collecting data from cancer clinic records and by household survey; performing routine coding of cancer clinic records and other data; charting data on semilogarithmic paper; obtaining rates by slide rule; obtaining means and medians and quartiles; transferring data to logarithms and plotting on arithmetic paper; applying the point binomial theorem to cancer records.

Experience or training in the use of higher mathematics is necessary, as well as the ability to do neat and accurate work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

LABORATORY ASSISTANT, DIVISION OF COMMUNICABLE DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,620 a year; the maximum salary is \$1,920 a year.

Vacancies: At present there is one vacancy to be filled on a permanent basis.

Duties: Mainly, to make up media, generally from Difco dehydrated products; to make up dye solutions; to prepare some chemical solutions; to pack outfits for returning bacteriological specimens by mail to laboratories which submitted them; and to perform related work as required.

A knowledge of the following is required: Use of dyes as indicators and as inhibitors of bacterial growth in media, such as the use of phenol red as indicator of acid production and utilization of carbohydrates by bacteria, and the use of brilliant green in bismuth sulfite agar as inhibitor of non pathogens and non inhibitor of enteric pathogens; significance of pH, with approximate

range for pathogens (a scientific understanding or definition of pH is not required); rudiments of the metric system; use of scales to tenths of a gram, of the autoclave, and of sterilizing ovens; section 589 of the Postal Laws and Regulations pertaining to bacteriological mailing cases. The ability to convert pounds into grams and Fahrenheit degrees into centigrade degrees is necessary, as well as the ability and willingness to follow directions accurately and conscientiously.

Entrance Requirement: Applicants must have at least five years of paid experience in a diagnostic public health laboratory.

Substitution: High School or equivalent education may be substituted, year for year, for a maximum of four years of the specified experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STOREKEEPER, INDUSTRIAL SCHOOL FOR GIRLS, DIVISION OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,620 a year; the maximum salary with maintenance is \$1,980 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To divide whole carcasses of beef, lamb, veal and home-dressed hogs into commercial type cuts as designated on menu issued by office and apportion cuts to approximately ten cottage kitchens (average of 26 to 40 persons in each cottage); to receive milk in 40-quart jugs and to deliver the milk in 8-quart cans to the individual cottage kitchens; upon requisition, to issue flour, cereal, butter, eggs, tea, coffee, etc., weekly to the cottages; to issue gasoline from tank and motor oil from drum; to submit daily to the office a record of all receipts and issues and to keep a perpetual inventory; and to perform related work as required.

A thorough knowledge of meat cutting is required, as well as the ability to handle heavy stock received in wholesale lots and packages, such as bags of flour or grain, barrels of fish or molasses, and whole carcasses of meat.

Some night work may be required, for receiving late deliveries of perishable foods.

Entrance Requirements: Applicants who have not reached their thirty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.**TRANSIT DEPARTMENT.****PROPOSAL FOR PITCH-SATURATED WATERPROOFING FABRIC, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.**

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 60,000 square yards, more or less, of woven cotton cloth, waterproofed with coal-tar pitch, for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, April 21, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 30, 1947. A properly certified check for one thousand (1,000) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city. By Order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY, Secretary.
(April 19-26.)

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.****PROPOSALS FOR CLEANING CATCH-BASINS IN DISTRICTS No. 5, BRIGHTON; No. 6, WEST ROXBURY; No. 7, DORCHESTER; AND No. 8, HYDE PARK.**

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning catch-basins in districts No. 5, Brighton; No. 6, West Roxbury; No. 7, Dorchester; and No. 8, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Catch-Basins in Districts No. 5, Brighton; No. 6, West Roxbury; No. 7, Dorchester; and No. 8, Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, April 30, 1947, with a certified check for seven hundred and twenty (720) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(April 19.) Commissioner of Public Works.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

CITY OF BOSTON.**PARK DEPARTMENT.****PROPOSALS FOR SHEET ASPHALT PAVEMENT ON ROADWAYS IN JAMAICAWAY, RIVERWAY, FRANKLIN PARK, AND COMMONWEALTH AVENUE.**

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for sheet asphalt pavement on roadways in Jamaicaaway, Riverway, Franklin Park, and Commonwealth avenue. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed and marked "Proposal for Sheet Asphalt Pavement on Roadways in Jamaicaaway, Riverway, Franklin Park, and Commonwealth Avenue," and left before 2 o'clock on Thursday, May 1, 1947, at the office of the Park Department with a certified check for \$12,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(April 19-26.) Commissioners.

CITY OF BOSTON.**TRANSIT DEPARTMENT.****PUBLIC AUCTION.****104 AND 106 MERIDIAN STREET, EAST BOSTON.**

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand eight hundred thirty-three (2,833) square feet of land situated on the westerly side of Meridian street, East Boston, numbered 104 and 106 in the numbering of Meridian street, shown on Transit Department plan T. T. 919 as area "ABCDEFA," of which an area consisting of one thousand eight hundred thirty-six (1,836) square feet shown on said plan as "SRPOBCGJFS," is reserved for tunnel purposes.

Time of Sale: Thursday, April 24, 1947, at 10:30 a. m., on the premises. Minimum price is one thousand dollars (\$1,000).

A deposit of three hundred dollars (\$300), in cash or certified check, is required at the time and place of sale, balance to be paid in thirty (30) days.

The Transit Department reserves the right to reject any or all bids. Further particulars from the City of Boston Transit Department, 294 Washington street, Boston.

MALCOLM E. NICHOLS,
(April 12-19.) Chairman.

CORRECTION.**CITY OF BOSTON.****PUBLIC WORKS DEPARTMENT.****PROPOSALS FOR LAYING WATER PIPES IN BEACON STREET, CITY PROPER, AND D STREET AND WEST SECOND STREET, SOUTH BOSTON.**

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying water pipes in Beacon street, city proper; and D street and West Second street, South Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying Water Pipes in Beacon Street, City Proper; and D Street and West Second Street, South Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, April 25, 1947, with a certified check for twelve hundred (1,200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(April 19.) Commissioner of Public Works.

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****PUBLIC AUCTION.**

By vote of the School Committee it is ordered that it is advisable to sell, and the Board of Sale created by chapter 259 of the Acts of 1906 will sell at public auction on the premises on Friday, April 25, 1947, at 11 a. m., a parcel of land in Brighton, and described as follows: Beginning at a point on the northerly side of Brainerd road at the southwest corner of Redford street; thence westerly by Brainerd road, 200 feet, to corner of Walbridge street; thence northerly by Walbridge street, 130 feet; thence easterly, 200 feet to Redford street; thence southerly by Redford street, 130 feet, to point of beginning and contains 26,000 square feet. Be all measurements more or less. The upset price will be \$5,000. A deposit of \$1,000 in cash or certified check made payable to the City of Boston will be required at time of sale, the balance to be paid in thirty days.

The Superintendent of Construction of the Department of School Buildings of the City of Boston reserves the right to reject any or all bids.

JAMES H. MOONEY,
Superintendent of Construction,
Department of School Buildings,
26 Norman Street, Boston, Mass.
(Apr. 19.) Capitol 5750.

CITY OF BOSTON.

SEALED PROPOSALS FOR \$11,000,000 CITY OF BOSTON BONDS.

\$9,250,000 COUPON SERIAL BONDS.
\$1,840,000 COUPON SINKING FUND BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE PRESENT FEDERAL INCOME TAX.

TREASURY DEPARTMENT.
OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., April 17, 1947.

In pursuance of the authority given by order of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock noon, Eastern Daylight Saving Time, Thursday, May 8, 1947, for the purchase of the following-described coupon bonds:

Group No. 1.
Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent for all but no part of the following-described Coupon Serial Bonds: no bid to be less than par and accrued interest and a different rate of interest may be bid for all but no part of each purpose loan in the group.

TEMPORARY HOUSING FOR VETERANS OF WORLD WAR II, \$500,000.

Order of City Council of Boston of July 2, 1946. Payable \$60,000 annually, May 1, 1948, to May 1, 1952, inclusive.

DEPARTMENTAL EQUIPMENT LOAN, \$1,000,000.

Order of City Council of Boston of April 30, 1946, effective May 21, 1946. Payable \$200,000 annually, May 1, 1948, to May 1, 1952, inclusive.

PERMANENT HOUSING FOR VETERANS OF WORLD WAR II, \$5,000,000.

Order of City Council of Boston of November 13, 1946. Payable \$335,000 annually, May 1, 1948, to May 1, 1957, inclusive, and \$300,000 annually, May 1, 1958, to May 1, 1962, inclusive.

CITY OF BOSTON PARKING FACILITIES LOAN, ACT OF 1946, \$2,000,000.

Order of City Council of Boston of December 17, 1946. Payable \$100,000 annually, May 1, 1948, to May 1, 1957, inclusive.

SEWERAGE LOAN, \$1,000,000.

Order of City Council of Boston of April 30, 1946, effective May 21, 1946. Payable \$65,000 annually, May 1, 1948, to May 1, 1967, inclusive, and \$30,000 annually, May 1, 1968, to May 1, 1977, inclusive.

Group No. 2.
Coupon Sinking Fund Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent for all but no part of the following-described Coupon Sinking Fund Bonds: no bid to be less than par and accrued interest and a different rate of interest may be bid for all but no part of each purpose loan in the group.

S-BWAY BONDS, ACTS OF 1946 (RAISED TRANSIT FACILITIES, EAST BOSTON DISTRICT, EXTENSION OF), \$1,700,000.

Chapter 602, Acts of Massachusetts, 1945. Payable May 1, 1950.

RAPID TRANSIT LOAN (EAST BOSTON TUNNEL ALTERATIONS, ACTS OF 1944), \$145,000.

Chapter 124, Acts of Massachusetts, 1924. Payable May 1, 1952.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the date provided for each loan, or with interest payable semi-annually on the first days of May and November in each year at the office of the City Treasurer, Boston.

Each of the two groups will be considered separate offerings, and bids must be for all, but no part of each group. Awards will be made by groups to the lowest bidder for each group.

In comparing bids, preference will be given to the bidders whose bids provide for the lowest net interest cost to the city for each group (total interest for the duration of the loans from May 1, 1947, less the amount of premium bids).

The bonds will be dated May 1, 1947, and will be ready for delivery on or about

May 25, 1947. Interest will begin May 1, 1947, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Henry F. Brennan, City Treasurer, Boston. Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one-half of the amount of the loan to be made payable to the City of Boston, Henry F. Brennan, City Treasurer. The check or cash of any bidder to whom a bond is awarded will be retained as a bid deposit and will be returned, at the discretion of the city, to the bidder.

Accrued interest from May 1, 1947, to date of delivery is to be paid by the purchaser.

An opening will be opened in the office of the City Treasurer, Thursday, May 8, 1947, at 12 o'clock noon, Eastern Daylight Saving Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

HENRY F. BRENNAN,
City Treasurer.

(April 19.)

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR ROADS, UTILITIES, AND LANDSCAPING WORK IN VETERANS' HOUSING DEVELOPMENT, RIVER STREET, MATTHEW, BOSTON, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapter 672 of the Massachusetts Acts of 1946, office, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations desiring to contract interest to the extent of at least one-half thereof is owned by a citizen or citizens of the United States, for roads, utilities, and landscaping work in Veterans' Housing Development, River Street, Matthew, Boston, Mass.

Proposals will be required for doing the work of a surety company approved by the Boston Housing Authority to the sum of 100 per cent of the amount of the contract, to secure the performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston. Each proposal must be accompanied by a certified check, marked "Proposal for Roads, Utilities, and Landscaping Work in Veterans' Housing Development, River Street, Matthew, Boston, Mass." and left at Room 1220, 10 Post Office square, Boston, before 1 p.m. of April 19, 1947, with a certified check for 5 per cent of the amount of the proposal payable to and to become the property of the City of Boston after acceptance is made. The proposals will then and there be publicly opened and read. Proposals may be made in duplicate, the sealed duplicate, without need to be deposited by the bidder with the City Auditor previous to the time of the opening of the bids. There will be a charge of one dollar per set for each set of plans and specifications taken out. If the price of the work appears to the Boston Housing Authority to be abnormally high or low, or the bidder makes a bid in cash and does not, it may lead to the rejection of the proposal containing such bid. The rate payable to the bidders to be paid to mechanics, laborers, and others in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the form of contract enclosed in hereto. Copies of said schedule may be obtained without cost upon application therefor at the office of the Boston Housing Authority. The successful bidder shall be required to provide for insurance for the amount of compensation and the furnishing of the work under chapter 124 of the Acts of 1924, under chapter 124 of the Acts of 1924, the Workmen's Compensation Law, and to be employed under the provisions of the foregoing stipulation will be required prior to the award of a contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

JOHN CARROLL,
Chairman.

(April 19.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING HORIZONTAL RETURN TUBULAR BOILERS IN THE OLIVER WENDELL HOLMES SCHOOL, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing horizontal return tubular boilers in the Oliver Wendell Holmes School, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Thursday, May 1, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work to be done. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, April 28, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than five per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 450 of the Acts of 1929.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(April 19.) Superintendent of Construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PLATES FOR
AUTOMOBILE BATTERIES.

The Supply Department of the City of Boston invites proposals for furnishing battery plates for Fire Department, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes marked "Proposal for Plates for Automobile Batteries." The bids will be publicly opened and read Thursday, May 1, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(April 19.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

INVITATION FOR PROPOSALS FOR PAINTING
WORK IN CITY HALL.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in City Hall, third and fourth floors.

Proposals will be received until 12 o'clock noon, Wednesday, April 30, 1947, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, April 21, 1947, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES E. SULLIVAN,

Superintendent of Public Buildings.

(April 19.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO THE VICTORY ROAD
DISPOSAL STATION, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to the Victory Road Disposal Station, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to the Victory Road Disposal Station, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, May 1, 1947, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(April 19.) Commissioner of Public Works.

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.

INVITATION FOR BIDS ON PLUMBING CONTRACT,
HOUSE OF CORRECTION, DEER ISLAND.

Sealed bids for the construction of a new cold water piping system for the cell blocks in the Hill Prison, House of Correction, at Deer Island, will be received by the Commissioner of Penal Institutions, Room 801, City Hall Annex, Boston, Mass., on Monday, May 5, 1947, at 10 a. m., in the office of said Commissioner, and at that time shall be publicly opened and read aloud.

The contract will consist of supplying pumps, motors, storage tank, structural steel supports for the tank, a complete piping system with supplies for each cell, and new flushometers for each cell. In addition, there will be alternate awards for additional work based on unit prices for certain replacements or repairs as described in the specifications, the number of units of work being decided by the Owner and Engineer.

The information for Bidders, Form of Bid, Form of Contract, Plans, Specifications and Forms of Bid Bond and Performance Bond may be examined at the office of the Commissioner of Penal Institutions, City Hall Annex, Boston, Mass., and at the office of Stewart Associates, Inc., Consulting and Testing Engineers, 38 Memorial Drive, Cambridge, Mass., and copies thereof obtained at either office upon the payment of \$10 for each set. Any bidder, upon returning such set promptly and in good condition, will be refunded his payment.

MAXWELL B. GROSSMAN,

Commissioner.

(April 19.)

THE SCHOOL COMMITTEE OF THE
CITY OF BOSTON.ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.PROPOSALS FOR CLEANSING, STERILIZING AND
RECONDITIONING BASKETBALL EQUIPMENT
AND HOCKEY EQUIPMENT FOR THE BOSTON
PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning basketball equipment and hockey equipment for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Basketball Equipment and Hockey Equipment." The bids must be in duplicate. One copy, signed by the bidder and accompanied by a certified check, payable to the City of Boston in the amount of fifty dollars (\$50), must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, April 29, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,

Business Manager of the School Committee.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH-BASINS IN
DISTRICTS No. 1, CITY PROPER; No. 2, ROXBURY;
No. 3, SOUTH BOSTON; AND No. 4,
CHARLESTOWN AND EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning catch-basins in districts No. 1, City Proper; No. 2, Roxbury; No. 3, South Boston; and No. 4, Charlestown and East Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Catch-Basins in Districts No. 1, City Proper; No. 2, Roxbury; No. 3, South Boston; and No. 4, Charlestown and East Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, April 30, 1947, with a certified check for six hundred and seventy-five (675) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, APRIL 26, 1947.

No. 17

MAYOR CURLEY CUTS \$600,000 FROM SCHOOL BUDGET—LEAVES SURPLUS OF \$125,000 WITH DEFINITE UNDERSTANDING THAT THIS WILL BE MADE AVAILABLE FOR PAYMENT OF THE FULL SALARY SCHEDULE TO TEACHERS AS CONTEMPLATED UNDER PROVISIONS OF CHAPTER 226 OF ACTS OF 1947—APPROVED EIGHT ITEMS AS ADOPTED, DISAPPROVED TWELVE ITEMS IN PART, AND TOTALLY DISAPPROVED TWO, TO EFFECT SAVINGS—ASSERTS CUTS WON'T SERIOUSLY HAMPER CONDUCT AND MAINTENANCE OF SCHOOL SYSTEM.

The following letter was on April 18 sent to the Boston School Committee:

To the School Committee.

GENTLEMEN,—I have considered appropriation orders adopted by you at a meeting held on Friday, April 4, 1947, providing for the appropriation under the provisions of existing law of the following amounts for the fiscal year 1947:

- a. For the construction and furnishing of new school buildings, etc.....\$378,350 00
- b. For the alteration and repair of school buildings, etc.....1,257,145 73
- c. For all other school purposes.....18,639,639 26

I have also considered your request dated April 7, 1947, for an additional appropriation in the sum of \$125,000, which amount "apparently was omitted from Chapter 226 of the Acts of 1947" with relation to teachers' salaries for the current fiscal year.

I have received a report based on a complete survey of the appropriations adopted at your meeting of April 4, 1947, from which it would appear that reductions totaling \$725,000 may be made in said appropriations without seriously impairing the conduct and maintenance of the School Department for the current fiscal year. In the belief that you should have sufficient latitude to put into effect the full schedule of increases, which it was originally contemplated would be possible under the provisions of chapter 226 of the Acts of 1947, I have approved eight items as adopted by you, disapproved in part twelve items, and disapproved in whole two items. The effect of said action will result in an over-all reduction in the total of the orders adopted by you of \$600,000. I am thus allowing to remain within your appropriations surpluses totaling \$125,000, with the definite understanding that your Honorable Body will subsequently take appropriate action to make such surpluses available for the payment of the full salary schedule to teachers contemplated under the provisions of chapter 226 of the Acts of 1947.

The following schedule indicates by specific items the action taken by me:

	School Committee Appropriations	Appropriations Approved by Mayor	Appropriations Disapproved by Mayor
A. FOR THE CONSTRUCTION AND FURNISHING OF NEW SCHOOL BUILDINGS, ETC.			
Item 1. Rent of hired accommodations.....	\$10,350 00	\$9,270 00	\$1,080 00
Item 2. Lewis District, Roxbury, grading and preparing land, etc.....	18,000 00	—	18,000 00
Item 3. Bennett District, Brighton, construction and furnishing of addition to garage, Brighton High School.....	350,000 00	—	350,000 00
Totals.....	\$378,350 00	\$9,270 00	\$369,080 00

(Continued on page 540.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 28, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending April 19, 1947.
Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 199; nonresidents, 56; total, 255.
Death rate per 1,000 of population: All deaths, 17.30; nonresidents deducted, 13.50.

Death rate per 1,000 of population:

Last week, 18.66; corresponding week last year, 12.14.

MAYOR CURLEY'S COMMITTEE OF BUSINESS AND CIVIC GROUPS, NAMED TO DECIDE ON PROPOSED LEGISLATION FOR TRAFFIC RELIEF, MAKES SPECIFIC RECOMMENDATIONS TO JOINT COMMITTEE ON HIGHWAYS AND MOTOR VEHICLES—MYSTIC RIVER BRIDGE, SECOND VEHICULAR TUNNEL BILLS FAVORED—OTHER MAJOR IMPROVEMENTS ALSO DISCUSSED AND APPROVED.

At a meeting held on April 22 at the Copley-Plaza Hotel, various business and civic groups were called together by his Honor the Mayor, to assist in making recommendations to the Joint Legislative Committee on Highways and Motor Vehicles on proposed plans for the relief of traffic congestion in the city and for other major improvements as set forth in such bills.

In the course of the committee's deliberations, it was the consensus of those present, taken by vote, that a second tunnel was preferable to a harbor bridge and that the Central Artery, as recommended in House Bill 98, be approved in preference to the Motor Skyway as proposed in House Bill 1715, with a suggested modification that the southerly length of the Central Artery be projected to Atlantic avenue and carried southward on a route that would avoid valuable business properties.

The following specific recommendations to the Joint Committee on Highways and Motor Vehicles were unanimously adopted:

1. That House Bill 1750 be amended, where necessary, for the establishment of a single authority to operate the Mystic River Bridge and the two tunnels after construction has been completed.

2. That a second vehicular tunnel be constructed instead of a bridge across the harbor.

3. That House Bill 1750 be amended to permit the authority which will operate and maintain the Mystic River Bridge and the two tunnels to continue tolls thereon after the retirement of the indebtedness, until such time as the General Court shall decide to eliminate such tolls. Any surplus derived from tolls shall, from time to time, be capitalized and used for the construction, extension, and improvement of approaches to both the Mystic River Bridge and the tunnels.

4. That an appropriation from the Highway Fund be made, if necessary, of an adequate sum for engineering surveys and detailed plans by the Department of Public Works in cooperation with the Postwar Highway Commission, for the development of approaches to the Mystic River Bridge and to the tunnels.

5. That the entire problem of allocation of State highway funds be reviewed, particularly with reference to the allocation of greater sums for the solution of urban traffic problems.

6. That the attention of the committee be called to the savings that may be attained by the use of State credit bonds, so called, as compared with Authority Revenue Bonds.

The committee appointed by the Mayor included the following-named persons:

Theodore McCroskey, Hotel Lincolnshire, 20 Charles street. Cap. 6500.

Robert M. Morgan, Boston Real Estate Board, Old Sudbury road, Wayland. Way, 26.

William McDonald, 534 Beacon street. Com. 2310.

Norman McDonald, 28 Collins road, Waban, Big. 4016, Massachusetts Federation of Taxpayers Association.

Everett M. Kalloch, Boston Corporation, 56 Cypress road, Wellesley Hills. Big. 3856.

Robert P. Curley, Commissioner of Public Works, City Hall.

Melville Liming, 48 Ball road, Newton, Chamber of Commerce.

Philip T. Desmond, 541 East Fifth street, South Boston, Boston Traffic Department.

Elizabeth Herlihy, 24 Swan street, Everett.

Harold D. Hokdkinson, President, Wm. Filene's Company, 23 Chestnut street, Boston. Cap. 2477.

Frederick C. Church, 61 Beacon street, Boston. Laf. 7441.

Thomas A. Pappas, 323 Marsh street, Belmont. Arl. 3524.

J. Alexander Crothers, Port Authority, Algonquin Club, 217 Commonwealth Avenue. Com. 2400.

Harold Duffy, 225 La Grange street, West Roxbury. Par. 6292-R.

Judge James R. Nolen, 50 North Main street, South Hadley Falls. Holyoke 5321.

Gerald Henderson, Wayland, Mass. (Wayland 174), Port Authority.

William H. Buracher, 7 Grossmere avenue, Winchester, State Commissioner of Public Works.

Frank Ross, Real Estate Board, 57 Ruggles Lane, Milton. Blu. 4670.

E. J. Brehaut, Manager, Civic Department, 111 Locust street, Danvers. Dan. 401.

Hon. James M. Curley, Mayor of Boston, Mass.

MAYOR CURLEY RECEIVES MORE LETTERS PRAISING HIS SUGGESTION OF NEW ENGLAND FOR MOVIE WORK.

HOLLYWOOD, April 17, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—Thank you for your letter of March 24th and the beautiful and enticing literature on Massachusetts and New England, which revived many delightful memories of that part of the country.

I was born in Ashfield, Mass., where my North Carolinian parents were vaca-

tioning in August, 1881. My wife's family, the Adamases, have played their worthy part in the history of your Commonwealth. One very special memory is that I proposed to Mrs. DeMille on the stone steps of one of Boston's old houses forty-seven years ago.

I may say, too, that I like some of Massachusetts' labor laws and still more the spirit of industrial harmony which your letter describes.

It will be a pleasure to make a picture in the Boston area if ever the occasion presents itself; but, as for moving the studio East—where Paramount goes, there go I — and that decision is not for me to make.

Sincerely,

CECIL B. DEMILLE,
Cecil B. DeMille, Production, Inc.,
Hollywood, Cal.

NORTH HOLLYWOOD, CAL.,

April 17, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Copy of your letter, dated April 3d, addressed to Babe Ruth, has been forwarded to me here at the studio in North Hollywood.

At the present time attorneys for Babe and our company are in negotiations to work out a contract, which we hope will be completed at an early date.

Our producing organizations will, of course, give great consideration to the City of Boston when we start producing the picture, as we all realize the great attachment the people of Boston have for Babe Ruth, and we want to do everything possible to make the picture a credit to Babe Ruth and his marvelous career.

Sincerely yours,

J. R. GRAINGER,
Executive Vice-President,
Republic Pictures Corp., New York.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Marathon Run on Saturday, April 19, 1947, between the hours of 1 p. m. and 4 p. m., vehicles are excluded from the following streets:

Boylan, Long Island Hospital, attendants, provisional, \$1,200 a year; Mary L. Hafner, 82 Train street, Dorchester, housemaid, provisional, \$1,100 a year; Eileen M. Rogers, Long Island Hospital, attendant, provisional, \$1,200 a year.

Terminations.—Dr. Walter D. Berry, assistant resident physician; Esmond J. Bresnahan, helper, laundry, provisional; Frederick F. Corby, helper, serving room; Thomas J. Roche, helper, kitchen;

en; Charles E. Seguin, helper, kitchen; Louise Weidmann, laundress, provisional.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon March 14 the Mayor approved contracts with firms for furnishing drugs to the various city departments as requested in the following letter:

BOSTON, March 12, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Attached please find list of bids on proposals for furnishing drugs to the various city departments which were publicly opened and read at this office on February 4, 1947.

Permission is respectfully requested to award contracts to the lowest bidders as per specifications as shown on the attached

sheets with the following exceptions: Regarding Items 49 and 50, calling for penicillin, on the recommendation of the Boston City Hospital, I would respectfully request that permission be granted me to award a contract for these two items to Chester A. Baker, Inc., without further advertisement, at the following prices: Item 49 at \$1.91 per vial; Item 50 at \$0.81 per vial.

The penicillin to be furnished under these two items is that manufactured by Merck & Co., as the Boston City Hospital has completed tests of various makes of penicillin and definitely recommend that the penicillin manufactured by Merck & Co. be obtained. The prices quoted above are the lowest prices obtainable for Merck's penicillin.

The bid submitted by Howe & French, Inc., was irregular in that they omitted the first sheet of our proposal giving the name and address of the bidder, but they did inclose a certified check attached to the bid which was our means of identifying same. In view of the fact that considerable saving to the city would result in the acceptance of the bid submitted by Howe & French, Inc., I would respectfully request that permission be granted me to award a contract to this company, without further advertising, on the various items as indicated on the attached list upon which they are the lowest bidder.

The approximate amounts of the awards are as follows:

Chester A. Baker, Inc., \$173,885.30; Good Drug Company, \$30,153.23; American Pharmaceutical Company, Inc., \$8,131.90; Winthrop Chemical Company, Inc., \$6,181.38; Thomas W. Reed Company, \$6,170.42; McKesson & Robbins, Inc., Eastern Drug Division, \$5,126.84; Berry & Withington Company, \$4,249; The National Drug Company, \$3,693.50; Hoffman LaRoche, Inc., \$3,611.80; Mallinckrodt Chemical Works, \$3,086.75; E. R. Squibb & Sons, \$3,082.40; The Upjohn Company, \$3,034.50; Frederick Stearns and Co., Division of Sterling Drug, Inc., \$2,733.60; Parke, Davis & Co., \$2,619; Brewer & Co., Inc., \$1,523.16; Howe & French, Inc., \$1,490.40; Burroughs, Wellcome & Co., Inc., \$1,442.93; Kenmore Pharmacy, Inc., \$1,394; E. F. Mahady Company, \$1,307.40; Analab Laboratories, Inc., \$1,312.05; Endo Products, Inc., \$979; E. Fougere & Co., Inc., \$972; Hynson, Westcott & Dunning, Inc., \$786.25; Ciba Pharmaceutical Products, Inc., \$608; Gilman Brothers, Inc., \$517.68; Collins Pharmacy, \$486.69; The Ohio Chemical & Manufacturing Company, \$405.75; Cowley Pharmaceuticals, Inc., \$218.30; Roche-Organon, Inc., \$201.60; Schering Corporation, \$201.60; Novocol Chemical Manufacturing Company, Inc., \$112.38; Sharp & Dohme, Inc., \$60. Total, \$269,778.81.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids for furnishing and delivering drugs to city departments, as required, from February 15, 1947, through December 31, 1947, inclusive (and during any extension of said period as hereinafter provided), opened February 4, 1947, were as follows:

Item 1. 1,500 Adrenalin in Oil, 1:500 1 cc., P. D., or Equal, Per C.—Collins Pharmacy, \$11.05*; \$9.95; Kenmore Pharmacy, Inc., \$11.05 (\$9.95), Epinephrine, Abbott; McKesson & Robbins, Inc., Eastern Drug Division, \$11.05, Epinephrine (\$9.95); Abbott Laboratories \$11.05 (\$9.95), Epinephrine; Endo Products, Inc., \$9, Epinephrine; Parke, Davis & Co., \$11.05; Thomas W. Reed Com-

pany, \$11.05, Abbott; The William S. Merrill Company, \$165.75.

Item 2. 2 Gross Adrenalin Chloride Solution, 1-Ounce Bottles, P. D. or Lederle, Per Gross.—Collins Pharmacy, \$54.72; Kenmore Pharmacy, Inc., \$54.72, Epinephrine; McKesson & Robbins, Inc., Eastern Drug Division, \$54.72, Epinephrine, Abbott; Abbott Laboratories, \$54.72, Epinephrine; Parke, Davis & Co., \$72, gross lots; Sharp & Dohme, Inc., \$86.40, Adrenalin Solution, Epinephrine; Thomas W. Reed Company, \$9.95, C, Abbott; \$54.72, Lederle; Lederle Laboratories, Division of American Cyanamid Company, \$54.72; The William S. Merrill Company, \$109.44.

Item 3. 5 Dozen Amfetin, 50 cc., 6's, Lilly, Per Dozen.—Gilman Brothers, Inc., \$108; Brewer & Co., Inc., \$108; McKesson & Robbins, Inc., Eastern Drug Division, \$9, box (10 boxes)*; The William S. Merrill Company, \$54.0.

Item 4. 14 Gross Amino Acid, 10 Per Cent, 100 cc., Parenteral, Per Gross.—Frederick Stearns & Co., Division of Sterling Drug, Inc., \$183.60*; Chester A. Baker, Inc., \$216; Good Drug Company, \$204, Stearns; McKesson & Robbins, Inc., Eastern Drug Division, \$216, Stearns Panamine; The William S. Merrill Company, \$2,570.40.

Item 5. 5,000 Aminophyllin Three and Three Quarters Grs., 10 cc., Intravenous, 100's, Per C.—Burroughs, Wellcome & Co. (U.S.A.) Inc., \$16.83; Collins Pharmacy, \$14, Squibb; E. F. Mahady Company, \$15.50, Searle; Chester A. Baker, Inc., \$14; Good Drug Company, \$14, Squibb; Kenmore Pharmacy, Inc., \$15.50, 2-5, Searle; Brewer & Co., \$8.50, Brewer*; Analab Laboratories, Inc., \$13; McKesson & Robbins, Inc., Eastern Drug Division, \$15.50, 2-5, Searle; E. R. Squibb & Sons, \$14; Endo Products, Inc., \$13.50; Thomas W. Reed Company, \$11, Bristol; Cowley Pharmaceuticals, Inc., \$11; Lederle Laboratories, Division of American Cyanamid Company, \$18.20, 4 by 25's; The William S. Merrill Company, \$11.60, 25 to box.

Item 6. 3 Dozen Avertin, 25 cc., Winthrop, Per Dozen.—Winthrop Chemical Company, Inc., \$33.36.*

Item 7. 60 Benzadrine Sulfate for Intravenous Injections, 6's, Per Dozen.—McKesson & Robbins, Inc., Eastern Drug Division, \$2.25, box, 10 boxes, S. K. F.*

Item 8. 5,000 Betasynplex, or Equal, Vit. B. Complex, Per C.—Analab Laboratories, Inc., \$11.40, 1 cc., Thiamin 10 mg., Niacinamide 50 mg., Riboflavin 0.4 mg., Pyridoxine 0.5 mg.; Cowley Pharmaceuticals, Inc., \$12; Winthrop Chemical Company, Inc., \$19.24.*

Item 9. 1,200 Bromosulfallin, 3 cc., 10 to Box, Per Box.—Chester A. Baker, Inc., \$2.50; Hynson, Westcott & Dunning, Inc., \$2.125.*

Item 10. 5,000 Caff. Sod. Benzoin, 7½ Grs., P. D., Lilly, S. & D., Per M.—Collins Pharmacy, \$7.26, C, Abbott; Good Drug Company, \$83.20, P. D. (P. D. and S. D. not crossed out on auditor's copy); Kenmore Pharmacy, Inc., \$72.60, Abbott, Sod. Benzoate; Brewer & Co., Inc., \$62.50, 2 cc.; Analab Laboratories, Inc., \$39*; McKesson & Robbins, Inc., Eastern Drug Division, \$7.26, C, Abbott; Sharp & Dohme, Inc., \$75, 2 cc.; Thomas W. Reed Company, \$83.20, P. D.; Cowley Pharmaceuticals, Inc., \$50; Endo Products, Inc., \$65, Endo (P. D. and S. D. not crossed out on auditor's copy); Abbott Laboratories, \$7.26, Abbott; Parke, Davis & Co., \$83.20; The William S. Merrill Company, \$78.50, 2 cc.

Item 11. 100 Calc. Chloride, 10 Per Cent, 10 cc., Per Amp.—Good Drug

Item 21. 5,000 Digalen, 2 cc., Hoffman LaRoche, 1 M's, Per M.—Hoffman LaRoche, Inc., \$50.*

Item 22. 1,200 Diodrast Comp., 20 cc., 25 to Box, Per Box.—Winthrop Chemical Company, Inc., \$29.40.*

Item 23. 36 Doca, 10 cc., Hoffman LaRoche, Per Vial.—Roche-Organon, Inc., \$5.60.*

Item 24. 4,000 Ephedrine, Novocol, 2 cc., Per C.—E. F. Mahady Company, \$11.06,* 5 per cent Ephedrine, 1 per cent Procaine Novocol; Surgeons & Physicians Supply Company, \$11.06, 1 per cent Procaine, 5 per cent Ephedrine; Novocol Chemical Manufacturing Company, Inc., \$11.06, 5 per cent Ephedrine, 1 per cent Procaine.

Item 25. 500 Ephedrine Sulphate, Three Quarter Gr., 1 cc., 100's, Per C.—Collins Pharmacy, \$9.29; \$10.33, Abbott; Good Drug Company, \$11.25, P. D.; Brewer & Co., Inc., \$4.67; Analab Laboratories, Inc., \$4.95; McKesson & Robbins, Inc., Eastern Drug Division, \$10.33, Abbott (\$9.29); Sharp & Dohme, Inc., \$12.15; Thomas W. Reed Company, \$10.33, Abbott; \$4.50, Bristol*; Cowley Pharmaceuticals, Inc., \$5.60; Endo Products, Inc., \$7.50; Abbott Laboratories, \$10.33 (\$9.29); Parke, Davis & Co., \$11.25; The William S. Merrill Company, \$8.70, 25 to box; Burroughs, Wellcome & Co. (U.S.A.), Inc., \$8.65.

Item 26. 4,000 Ergometrine, 1/320, 1 M's, or Equal, Per M.—McKesson & Robbins, Inc., Eastern Drug Division, \$11.75, C, Lilly; Burroughs, Wellcome & Co. (U.S.A.), Inc., \$97.92.*

Item 27. 150 Gas Gangrene, Vials, Refined, Therapeutic Polyvalent, Lederle or Equal, Per Vial.—Collins Pharmacy, \$7.12, Lederle and Squibb; Chester A. Baker, Inc., \$7.12; Good Drug Company, \$6.08, Wyeth or P. D. (Squibb not in auditor's copy); \$7.12, Squibb or Lederle; Kenmore Pharmacy, Inc., \$1.78, vial, Squibb; The National Drug Company, \$4, formula included on bid*; E. R. Squibb & Sons, \$7.12; Thomas W. Reed Company, \$6.08, P. D.; Lederle Laboratories, Division American Cyanamid Company, \$7.12 (Tetanus); Parke, Davis & Co., \$6.08; Wyeth, Inc., \$7.12.

Item 28. 500 Gas Gangrene, Vials, Refined, Prophylactic, Polyvalent, Lederle,

or Equal, Per Vial.—Collins Pharmacy, \$1.78, Squibb; Chester A. Baker, Inc., \$1.78; Good Drug Company, \$1.78, Squibb, Tetanus; The National Drug Company, 94 cents, formula included on bid* (no notations of any kind except N. D. Company); E. R. Squibb & Sons, \$1.78, Tetanus; Thomas W. Reed Company, \$1.78, Lederle; Lederle Laboratories, Division American Cyanamid Company, \$1.78; Wyeth, Inc., \$7.12.

Item 29. 40 Dozen Heparin, 10 cc., Abbott or Lederle, Per Vial.—Collins Pharmacy, \$2.40, Abbott; Chester A. Baker, Inc., \$2.40; Good Drug Company, \$2.40, Abbott; Kenmore Pharmacy, Inc., \$2.40, Abbott; McKesson & Robbins, Inc., Eastern Drug Division, \$2.40; The Upjohn Company, \$2.39*; Thomas W. Reed Company, \$2.40, Abbott; Roche-Organon, Inc., \$2.40 (Liquæmin); Abbott Laboratories, \$2.40.

Item 30. 2,000 Infundin, 1 cc., B. & W., 100's, Per C.—Burroughs, Wellcome & Co. (U.S.A.), Inc., \$13.05.*

Insulin: Plain, Lilly's, Squibb, Mulford.

Item 31. 10 Cartons, 20 Units, 10/10 cc. Vials to Carton, Per Carton.—Gilman Brothers, Inc., \$5.10 (discontinued); Collins Pharmacy, \$5.10; Chester A. Baker, Inc., \$5.10; Good Drug Company, \$5.10; Kenmore Pharmacy, Inc., \$5.10; Brewer & Co., Inc., \$5.10, Lilly; McKesson & Robbins, Inc., Eastern Drug Division, \$5.10, Squibb only; E. R. Squibb & Sons, \$5.10.

Item 32. 250 Cartons, 40 Units, 10/10 cc. Vials to Carton, Per Carton.—Gilman Brothers, Inc., \$8.40; Collins Pharmacy, \$8.40; Chester A. Baker, Inc., \$8.40; Good Drug Company, \$8.40; Kenmore Pharmacy, Inc., \$8.40; Brewer & Co., Inc., \$8.40, Lilly; McKesson & Robbins, Inc., Eastern Drug Division, \$8.40; E. R. Squibb & Sons, \$8.40.

Item 33. 10 Cartons, 80 Units, 10/10 cc. Vials to Carton, Per Carton.—Gilman Brothers, Inc., \$16.50; Collins Pharmacy, \$16.50; Chester A. Baker, Inc., \$16.50; Good Drug Company, \$16.50; Kenmore Pharmacy, Inc., \$16.50; Brewer & Co., Inc., \$16.50, Lilly; McKesson & Robbins, Inc., Eastern Drug Division, \$16.50; E. R. Squibb & Sons, \$16.50.

Insulin-Protomine Zinc.

Item 34. 200 Cartons, 40 Units, 10/10 cc. Vials to Carton, Per Carton.—Gilman Brothers, Inc., \$9.90; Collins Pharmacy, \$9.90; Chester A. Baker, Inc., \$9.90; Good Drug Company, \$9.90; Kenmore Pharmacy, Inc., \$9.90; Brewer & Co., Inc., \$9.90; McKesson & Robbins, Inc., Eastern Drug Division, \$9.90; E. R. Squibb & Sons, \$9.90.

Item 35. 200 Cartons, 80 Units, 10/10 cc. Vials to Carton, Per Carton.—Gilman Brothers, Inc., \$18.90; Collins Pharmacy, \$18.90; Chester A. Baker, Inc., \$18.90; Good Drug Company, \$18.90; Kenmore Pharmacy, Inc., \$18.90; Brewer & Co., Inc., \$18.90; McKesson & Robbins, Inc., Eastern Drug Division, \$18.90; E. R. Squibb & Sons, \$18.90.

Item 36. 100 Dozen Iodochloral, or Lipidol, 20 cc., Vials, Per Dozen.—Chester A. Baker, Inc., \$12; Kenmore Pharmacy, Inc., \$10.40, 2/5, Iodochloral; McKesson & Robbins, Inc., \$10.40, 2/5, Searle; Thomas W. Reed Company, \$10.40, 2/5, Searle; E. Fougera & Co., Inc., \$9.72, Lipidol, 28 per cent.*

Item 37. 200 Magnesium Sulphate, 10 Per Cent, 20 cc. Per C.—Collins Pharmacy, \$17.85 (\$15.27), Abbott; Kenmore Pharmacy, Inc., \$17.85 (\$15.27), Abbott; Analab Laboratories, Inc., \$15.78; McKesson & Robbins, Inc., Eastern Drug Division,

Reed Company, 2 per cent, 10 days; Berry & Withington Company, 1 per cent, 15 days.

Remarks.

Ohio Chemical Company.—No bid filed at auditor's office.

Abbott Laboratories.—Prices in parentheses apply if total contract is for 5,000 or more ampoules one kind or assorted.

Ciba Pharmaceutical Products.—All orders under \$50 net, shipped f.o.b. Summit, New Jersey, postage extra.

Good Drug Company.—Abbott's prices apply if total contract is for 5,000 or more ampoules one kind or assorted. Parke, Davis prices subject to ability to supply. Squibb, subject to acceptance within two weeks and ability to supply at the time orders are received. Mulford Insulin price not guaranteed for year.

McKesson & Robbins.—Protection on prices: Schenley Laboratories, Squibb (Insulin), Smith, Kline & French, Searle, Mead Johnson, American Ferment, Vegex, Inc., Lehn & Fink if accepted within 30 days. Subject to market changes: Lilly, McKesson & Robbins, National Anilise & Chemical, Merck, Magnus, Mabee & Reynard, Crooke, Abbott, Sharp & Dohme. Guarantee: In the event of increase only manufacturers' increase will be charged to the City of Boston. Deliveries: Subject to manufacturers' ability to supply.

Kenmore Pharmacy.—Subject to acceptance within two weeks and our ability to supply at the time orders are received.

Lederle Laboratories.—No bid filed at auditor's office.

Mallinckrodt Chemical Works.—See note on bidders proposal.

William S. Merrill Company.—The vendor reserves the right to revise the prices quoted herein to offset any increase in cost. Vendor will not ship at a higher price without confirmation from the City of Boston and agrees to give notice of price increase. First sheet of proposal not filled in Supply or Auditor's copy.

National Drug Company.—No more than 10 M narcotic tablets may be shipped on any one order.

Sharp & Dohme.—Prices firm but obligation to supply will depend entirely upon availability of stock when orders are received. Contract will remain in force unless terminated in whole or in part at the request of either party after 30 days' notice in writing. If notice of award is not received within 30 days of opening this bid shall be considered withdrawn.

Howe & French.—Bid not identified in auditor's.

* Contract awarded.

CLAIMS DISALLOWED.

The following 82 claims have been disapproved by the Law Department:

Fire Department, 8 claims; Foreclosed Real Estate, 1 claim; Hospital Department, 9 claims; Park Department, 4 claims; Penal Institutions Department, 1 claim; Police Department, 14 claims; Public Buildings Department, 2 claims; Public Works Department, 43 claims.

CONTRACT AMENDED.

LIBRARY DEPARTMENT.

M. Spinelli and Sons Company, Inc., has been allowed to amend the contract for performing all the work necessary for and incidental to new men's toilet room in Stack No. 3; ventilation of carpenter shop, basement; ventilation of office of Keeper of Prints; new lavatory in health room in Stack No. 2; all at the Central Library building, by striking out the words "on or before February 15, 1947," as they appear on the fourth line of Article II of said contract on page 10 thereof, and substituting therefor the words "on or before March 1, 1947."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

FIRE DEPARTMENT ORDERS.

General Order No. 33.

I. RETURN TO DUTY FROM ARMED FORCES.

The following named, who has been serving in the United States Navy, will return to duty in the department, effective at 8 a. m., Wednesday, April 23, 1947:

Hoseman David F. Heelan, Engine Company 4.

II. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, April 23, 1947:

M. O. P. Joseph A. Houghton, from Engine Company 48 to Rescue Company 3.

Provisional Fireman Edward Fitzgerald, from Rescue Company 3 to Engine Company 48.

III. CHANGE OF TIME.

Sunday, April 27, 1947, is the date required by law to make a change in clock time. In order to conform with the law, clocks in department stations will be set ahead one hour at 2 a. m., and all tower clocks maintained by this department will be set ahead one hour at 6 a. m., or as soon thereafter as is practical by the men regularly assigned to wind clocks.

IV. HOUSE JOURNALS.

Company commanders shall forward to Headquarters on or before April 28, 1947, requests for the annual supply journals required from June 1, 1947.

V. COMMENDATIONS.

Hoseman Daniel A. Collins of Engine Company 10 is hereby commended for holding a fire in check before arrival of apparatus and working at said fire, Box 3622, April 18, 1947, while off duty.

M. O. P. Harry Grolnic of Engine Company 3 is hereby commended for responding to and working at fire, Box 7221, April 18, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

AMENDED NOTICE.

CAFETERIA ATTENDANT, BOSTON SCHOOL DEPARTMENT, MAY 24, 1947.

MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,640 a year; the maximum salary is \$3,000 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To coordinate the activities of local health agencies and venereal disease clinics as they apply to the treatment of persons infected with venereal disease; to carry out measures as indicated in communities where venereal disease is suspected, so that infections may be controlled and all sources of infection placed under examination and treatment; to meet with and advise public health personnel engaged in follow-up work on venereal disease cases on measures as indicated in the above; and to perform related work as required.

Familiarity with contact interviewing in clinics and hospitals, and contact follow-up in communities is required.

Entrance Requirements: Applicants must be registered nurses under the State Board of Registration in Nursing on the date of filing application.

Applicants must have at least three years of full-time paid experience in a recognized public health nursing service in which venereal disease control is emphasized. Substitution: Successful completion of one year of training in a recognized school of public health may be substituted for a maximum of one year of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 14, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilor Kinsella.

The meeting was opened with the salute to the Flag.

LICENSES FOR DRIVEWAY OPENINGS.

The following was received:

City of Boston,
Office of the Mayor, April 8, 1947.
To the City Council.

Gentlemen,—For some time the validity of the ordinance adopted in 1938, giving to the City Council the right to grant licenses for driveway openings, has been open to question.

In order to determine whether or not the authority given to your Body in 1938 can continue to be exercised, I requested the Corporation Counsel on March 19 of this year for an opinion concerning this ordinance. I transmit herewith the opinion rendered on this matter by the acting Corporation Counsel.

You will note that the opinion concludes that the ordinance in question is invalid. In view of this opinion it would seem that the ordinance should be repealed by your Body, and I so recommend. Licenses for driveway openings will be granted from this time forward by the Commissioner of Public Works.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, April 2, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—On March 19 you requested an opinion "with reference to the right of the City Council to pass on driveway openings." That right, if it exists, rests on chapter 4 of the Ordinances of 1938, which reads as follows:

"Section seventy-nine of chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by adding at the end thereof the following:

"Except in accordance with a special permit granted by the city council and approved by the mayor, no driveway or other opening for the passage of vehicles across a sidewalk shall be constructed to a width of more than ten feet nor shall more than a total of twenty feet in width of the sidewalk in front of any one parcel or two or more contiguous parcels of land owned or occupied by one person, firm or corporation be used for driveways." (Emphasis supplied.)

I assume for the purposes of this opinion that the construction of driveways or openings is subject to reasonable regulations in the public interest, with due regard both to the rights of travelers on the highway, and to rights of access which the common law gives to owners of land abutting on highways. I assume also that such reasonable regulation may be accomplished by the requirement of permits.

The particular question now raised is whether the power to grant or refuse such permits may, in the absence of express statutory authorization, be placed in the City Council. Normally the grant or refusal of a permit is executive, not legislative, business. It involves individual consideration and treatment of each particular case as it arises, not the establishment of general rules. From this point of view permits for driveway openings do not differ from other types of permits issued by the Public Works Department, and in fact the very permits here in question were customarily obtained from that department prior to the passage of chapter 4 of the Ordinances of 1939.

I conclude, therefore, that the Ordinance of 1938 is invalid to the extent that it confers upon the City Council power to grant permits. The exercise of such a power is "... executive or administrative business ..." and is denied the Council by section 8 of the Charter, St. 1909, c. 486:

"Neither the city council, nor any member or committee, officer or employee thereof shall ... directly or indirectly on behalf of the city ... take part ... in the conduct of the executive or administrative business of the city ..."

Yours very truly,
JAMES W. KELLEHER,
Acting Corporation Counsel.

President KELLY—Placed on file.
Coun. LINEHAN—Mr. President.
President KELLY—For what purpose does the gentleman arise, Councilor Linehan?

Coun. LINEHAN—At this time, may I speak on this matter?

President KELLY—The Chair will refer it to the Executive Committee if the Council so desires. Councilor Linehan moves this —

Coun. LINEHAN—I don't make any motion on it, Mr. President.

President KELLY—The Chair will refer it to the Committee on Ordinances.

ERECTION OF FENCE BY NEW HAVEN RAILROAD.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from Corporation Counsel, relative to your order of March 24, 1947, requesting the Law Department to confer with the New York, New Haven & Hartford Railroad, concerning the erection of a fence along the Midland Division of the New Haven Railroad, particularly in the vicinity of Uphams Corner.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, April 9, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—On March 31, 1947, you transmitted to me the following order passed by the City Council on March 24, 1947:

"Ordered, That his Honor the Mayor be requested to direct the Law Department to confer with the New York, New Haven & Hartford Railroad and the Department of Public Utilities relative to the erection of a fence along the Midland Division of the New Haven Railroad, particularly in the vicinity of Uphams Corner Station."

Shortly after the receipt of your communication this department wrote Edmund J. Moore, Esq., counsel and attorney for the New York, New Haven & Hartford Railroad Company, concerning the matter. We are today in receipt of a reply that the persons in charge of the railroad's local operations have already sent forward a request for authority to erect chain link fences in the area mentioned in the City Council's order. Mr. Moore's letter states: "If the expenditure is approved by the Trustees—and such approval is anticipated—the work of installation will begin in the very near future."

Under the circumstances, no further action by this department at the present time would appear to be warranted.

Yours very truly,
JOSEPH SCOLPONETTI,
Corporation Counsel.

Placed on file.

TRAFFIC LIGHTS IN VICINITY OF EDWARD EVERETT SQUARE.

The following was received:

City of Boston,
Office of the Mayor, April 8, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of March 31, 1947, concerning the installation of traffic lights in the vicinity of Edward Everett square and Massachusetts avenue.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 7, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works make a survey and install traffic lights in the vicinity of Edward Everett square and Massachusetts avenue, and also to install many more electric street lights in order that the surrounding area at Edward Everett square may be adequately lighted so that accidents both to motorists and pedestrians may be diminished, and this will advise you that the Lighting Service of the Public Works Department will have a survey made of this area with a view to improving existing conditions.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

IMPROVEMENTS ON CHRISTOPHER J. LEE PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department, relative to your order of March 24, 1947, concerning the resodding of the Christopher J. Lee Playground, and the placing in condition of the baseball diamond for the opening of the baseball season.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 2, 1947.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of March 31, with enclosure, order from the City

Council requesting the Park Commission to resod the Christopher J. Lee Playground and to place a baseball diamond in first-class condition for the opening of the baseball season.

I regret to inform you I cannot sod this area; furthermore, we never did sod it. I am having the grounds carefully raked and graded, the pitchers' box built up and the entire area will be rolled and marked. It would be useless to try and sod this area as it would mean tying up the playground for at least six weeks. Furthermore, the ash deposit from the Edison Company would kill off what the boys would destroy in a very short period of time.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

APPOINTMENT OF CONSTABLES.

The following was received:

City of Boston,
Office of the Mayor, April 14, 1947.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body, I hereby appoint the persons whose names appear on the attached list, constables of the City of Boston for the term of one year, beginning with the first day of May, 1947, authorized to serve civil process upon filing bond.

The commissions of constables authorized to serve civil process not named herein expire on April 30, 1947, and such constables are hereby removed from office from and after May 1, 1947, for the good of the service.

Respectfully,
JAMES M. CURLEY, Mayor.

Constables Authorized to Serve Civil Process upon Filing Bonds.

Henry Atwood, 28 Melbourne street, Ward 16; Samuel C. Baker, 25A Wabon street, Ward 12; William J. Baker, 1092 Tremont street, Ward 9; Alfred Blaustein, 23 Fernboro street, Ward 14; Thomas F. Brett, 15 Malta street, Ward 18; George W. Brooker, 258 Park street, Ward 20; James A. Canton, 169 Glenway street, Ward 14; Sidney Cohen, 70 American Legion Highway, Ward 14; John M. Crawford, 27 Washington street, Ward 2; Henry G. Dahlquist, 1743 Dorchester avenue, Ward 16; Americo Desimone, 1130 Saratoga street, Ward 1; James E. Desmond, 7 Mapleton street, Ward 22; Walter A. Donlan, 1472 Centre street, Ward 20; Patrick J. Donovan, 35 Lorette street, Ward 20; Wilfred Gerber, 9 Courtland road, Ward 14; Lewis Gilbert, 627 Walk Hill street, Ward 14; Roland W. Golden, 38 Regent street, Ward 12; Samuel Goldkrand, 100 Homestead street, Ward 12; Meyer Goldstein, 27 Long avenue, Ward 21; Salvatore Grassa, 11 Copeland street, Ward 12; Henry J. Gurl, 183 Huntington avenue, Ward 4; Abraham M. Hecht, 3 Morse street, Ward 14; Max Kaplan, 55 North Russell street, Ward 3; Bernie King, 492 Harvard street, Ward 14; Arnold Klevens, 165 Ruthven street, Ward 12; Bronis Kontrim, 120 Marine road, Ward 7; Mark H. Krafsur, 447 Norfolk street, Ward 14; Nathan Kravitsky, 306 Washington street, Ward 14; Louis Levendoff, 421 Warren street, Ward 12; Maurice Levine, 40 Wolcott street, Ward 14; Anthony Luongo, 855 Saratoga street, Ward 1; Salvatore Maffei, 11 Orient avenue, Ward 1; Isie Martin, 12 Ashton street, Ward 14; Frank P. McCormick, 883 Washington street, Ward 17; Norman M. Menzies, Jr., 17 New street, Ward 1; William P. Miles, 78 Warren street, Ward 12; Frank A. Mitchell, 7 Bruce street, Ward 16; Bernard M. Mullen, 4 Neptune road, Ward 1; Frank J. Macchia, 770 East Fourth street, Ward 6; Michael W. Ober, 48 Ballou avenue, Ward 14; Bert Oppenheim, 9 Egremont road, Ward 21; Louis H. Oppenheim, 7 Mt. Hood road, Ward 21; Hector Palladino, 7 Garden Court street, Ward 3; Philip S. Phillips, 829 Blue Hill avenue, Ward 14; George N. Pierce, 15 Atherton street, Ward 11; Louis Richmond, 111 Waumbuck street, Ward 12; Thomas J. Riley, 17 Mount Vernon street, Ward 2; Edward J. Rockett, 15 Worcester square, Ward 8; William T. Ross, 4 Abbotsford street, Ward 12; Jacob E. Schrank, 227 Harvard avenue, Ward 21; Joseph P. Shurtleff, 39 Union Park street, Ward 8; Joseph Simansky, 77 Nightingale street, Ward 14; Francis A. Slater, 21 Gardner street, Ward 21; Henry J. D. Small, 14 Windermere road, Ward 13; Leon Small, 294 Seaver street, Ward 12; Clifford L. Smith, 56 Edison green, Ward 13; Paolo Stancato, 147 Chambers street, Ward 3; James F. Sullivan, 49 Dale street, Ward 12; Jerome Suvalle, 19 Owen street, Ward 18; Benjamin J. Tackoff, 52 Columbia road, Ward 14; William Tadel, 172 Seaver street, Ward 12; Joseph Todisco, 149 Paris street, Ward 1; Joseph M. Torr, 67 Worcester street, Ward 9; Rudolph L. Trent, 34 Highland street, Ward 9; Roman J. Vasil, 11 Granada avenue, Ward 18; David Weir, 259 Beacon street, Ward 5; Sidney Williams, 7 Greenville street, Ward 12; Charles A. Wood, 648 East Sixth street, Ward 6; Morris Youman, 5 Pama Gardens, Ward 22.

CONSTABLES CONNECTED WITH OFFICIAL POSITIONS.

The following was received:

City of Boston,
Office of the Mayor, April 14, 1947.
To the City Council.

Gentlemen,—I hereby appoint the persons whose names appear on the attached list, constables of the City of Boston, to serve without bond and without authority to serve civil process for the term ending April 30, 1948. The appointments are made subject to confirmation of your Honorable Body.

All such constables heretofore appointed and not named herein are hereby removed from office for the good of the service on and after May 6, 1947.

Respectfully,
JAMES M. CURLEY, Mayor.

Constables Connected with Official Positions.

James Amato, 10 Bulfinch place, Ward 3; Martin A. Brennan, 62 Quint avenue, Ward 21; William Campbell, 11 Olney street, Ward 15; Charles C. Cantwell, 4 Violante street, Ward 18; Joseph C. Coffey, 451 Meridian street, Ward 1; Edward F. Collins, 330 Hyde Park avenue, Ward 19; John P. Cronin, 13 Brackett street, Ward 22; Jeremiah A. Harry L. Allen, 180 Longwood avenue, Ward 4.

Van Drivers Appointed by the Court.

Raymond F. Green, 496 Massachusetts avenue, Ward 9; Charles M. Shea, 15 Fenwood road, Ward 10.

APPOINTMENT OF MINOR OFFICERS PAID BY FEES.

The following was received:

City of Boston,
Office of the Mayor, April 14, 1947.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body, I make the following appointments of minor officers paid by fees for the term of one year beginning with the first day of May, 1947. The appointments of all such officers not named herein are hereby revoked from and after April 30, 1947.

Respectfully,
JAMES M. CURLEY, Mayor.

(Annexed was a list as contained in City Document No. 44, 1947.)

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, April 14, 1947.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$48,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1947 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$180,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$48,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 11, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$48,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$48,000

When making up the budget estimates for the year 1947, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1947, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$48,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$48,000
Referred to Committee on Parkman Fund.

FINANCE COMMISSION REPORT ON ABATEMENTS AND REFUSE COLLECTION.

The following was received:

City of Boston,
Finance Commission, April 9, 1947.
Hon. James M. Curley,
Mayor of Boston.

Honorable Sir,—The Finance Commission offers herewith a reply, which you requested, to criticism made by you of two chapters in the Commission's most recent annual report to the Legislature. These chapters related to the work of the Board of Assessors in 1946 and to the varying contentions of the Public Works Commissioner in regard to the disposal of refuse in Boston.

Because the claims of both the Assessors and the Public Works Commissioner were misleading and confusing, the Finance Commission deems it necessary to make this reply.

In regard to the valuation of property in Boston, except for a brief statement at the end concerning the 1946 decisions by the State Appellate Tax Board affecting Boston properties, the entire discussion by this Commission related to the acts of the Board of Assessors in 1946, i.e., the action taken by the Board of Assessors in cases which were pending in 1946 before the Appellate Tax Board; and the action taken by the Board of Assessors in its late-in-the-year revisions of the valuations set by the Board in June of 1946.

The reason for this accounting of the Board's 1946 acts was twofold: first, the record revealed that the degree of generosity to the property owners by the 1946 Assessors in award of abatements of valuations which had been fixed by previous assessors was amazingly in conflict with the policy of the Board in its determination of valuations in the June 1946 tax rate computations; secondly, the record revealed that the determination of values by the Board in June was strikingly reversed later by the Board itself, "almost before the ink was dry" on the original determination of valuations.

In other words, the 1946 Assessors—admittedly alarmed at what might be the decisions of the Appellate Tax Board on applications then

before them for abatement of valuations fixed in 1941 to 1945—caused a large volume of cases to be withdrawn from the Appellate Tax Board by offering unusually generous settlements without trial; the Board has claimed that its policy resulted in 6,211 appeals having been thus withdrawn; but then, despite this acknowledgment that valuations through the years preceding had been set too high, the Board increased valuations on the highest valued commercial property in order that a tax rate of \$42 might be declared which was 50 cents less than the year before. Nevertheless after the \$42 rate was declared, the Board began the process of reducing these newly fixed valuations.

Thus, the \$42 tax rate in 1946 was obtained by increasing the total valuations approximately \$57,000,000 above the 1945 total, but before the end of the fiscal year the major part of this increase was eliminated by abatements. This revision process has continued to the present time and the latest figures available (to March 18) reveal that approximately \$52,000,000 of June 1946 valuations have already been abated. This total of valuation has been erased by the same Board which only a few months before placed that valuation on the books without compulsion of the Appellate Tax Board. It means that had the 1946 valuations been fixed at tax rate declaration time as they have been revised to March 18, the 1946 tax rate would have been approximately \$44 instead of the \$42 rate declared.

The Commission has re-examined the details of the decisions of the Assessors before and after the tax rate was declared. Such re-examination has tended to make more emphatic the realization that in fixing valuations, the Assessors in 1946 thought more in terms of fixing a lower tax rate than in making a proper valuation of property.

It is well known that the practice of fixing valuation at excessive heights to permit computation of the lowest possible rate did not begin in 1946. Repeatedly, for several years past, the Finance Commission has exposed this deception; nevertheless, 1946 was a year in which the ups and downs of the valuation figures were almost beyond understanding in any ordinary review of the record.

The cost of this artifice to the city itself is substantial. The city must not only refund the tax money represented in the abatement, but it must pay interest of 4 per cent on the amount refunded, the interest period being the length of time between the payment of the tax bill and the subsequent abatement. However, this is not the whole cost to the city. To it must be added the time paid for by the city in fees to experts, and in salaries to employees of the Law Department and the Assessing Department in arranging for these refunds. When there is added the expense of similar nature in contesting appeals to the State Appellate Tax Board, the total city cost reaches well into the hundreds of thousands of dollars year after year.

Furthermore, there is a heavy cost to the individual owners of property involved in these cases. They must pay for services of lawyers and others to represent them before the Assessors and the Appellate Tax Board. The total of such costs is difficult to establish, because there is no public record of it and owners who have obtained abatements are reluctant to tell whom and how much they paid to obtain the abatements. Nevertheless, it can be assumed that the city and the individual property owners pay out every year a vast sum of money because the Assessors are motivated more by a desire to reach an acceptable tax rate than by an intention to place a fair taxable valuation on all property.

The figures used by the Finance Commission in its previous report and in this new statement were obtained (1) from the official record of abatements granted by the Board of Assessors as furnished by that department to the Finance Commission, (2) by examination of figures compiled in the office of the City Auditor concerning abatements granted, and (3) from figures recorded in the office of the Appellate Tax Board.

Re-examination of these figures and the statements made in connection therewith reveals no reason for retraction or change of any of them. The statement furnished you by the Assessing Department in reply to the Finance Commission was intended apparently to impeach the accuracy of the Finance Commission's observations. It imputes to the Finance Commission statements the Commission did not make. In one important particular it offers in defense a claim which is not borne out by their own record. The Commission insists that the figures used in its report are the figures of the official record. Since the Commission's report further abatements have added support to the Commission's contentions.

In its analysis of the 1946 tax rate in July, the Finance Commission, commenting on the fifty-seven million dollar increase in the total valuation, declared that time would tell whether or not that increase was justifiable. With the total of that valuation already reduced \$52,000,000, it is now evident that it was not good judgment. It is quite likely that expected continuation of the present rate of revision of last year's valuation will soon have erased the whole 1946 increase of \$57,000,000.

Despite the claim to the contrary by the Board of Assessors, the record emphatically reveals that a large part of the new valuation added in 1946 was later abated by the Assessors. In 153 cases where the abatement in tax dollars amounted to \$1,000 or more, valuations which had been

increased in June of 1946 in the amount of \$11,056,760 were later reduced \$15,069,500. Here the ultimate abatement was 136 per cent of the increase in June. In another group of cases of the same class (abatements amounting in tax dollars to more than one thousand), but where there had been no increase in valuation in June, 1946, valuations were later reduced \$8,516,200.

The total of assessed valuations in the above specific properties (1946 valuations) was \$137,857,200. The abatement total of \$23,585,700 (266 cases) was therefore 17.1 per cent of the original 1946 assessment; and going further along that line, the record reveals that in cases of all years where abatement of \$10,000 or more was granted, the ratio of abatement to assessed value was 18 per cent.

It is evident, therefore, that whatever may be the method by which the Assessors developed the claim that their 1946 abatements averaged 6 per cent, the record reveals that in the cases where a very large amount of tax money was involved, the abatement bore a very much larger relation to the assessed valuation.

Figures furnished the Finance Commission by the office of the Appellate Tax Board show that in their 1946 fiscal year there were 619 decisions by the Appellate Tax Board. The cases involved were valuations of previous years which the owners of the properties believed were so far unwarranted that they were willing to stand the expense of appeal to the State Board. In these 619 cases the decisions ordered abatements which amounted to 26 per cent of the fixed valuations.

The record of the decisions of the Appellate Tax Board since 1933 is striking evidence of the point which the Finance Commission desires to emphasize, i. e., that the Board of Assessors has been for years motivated more to reach an acceptable rate than to arrive at a proper taxable valuation. The following figures have been obtained from the Appellate Tax Board:

Abatements Ordered by the Appellate Tax Board in Boston Cases.

YEAR.	Number of Decisions.	Percentage of Abatements Ordered.
1933.....	324	22.19
1934.....	521	21.78
1935.....	107	11.18
1936.....	215	14.65
1937.....	302	13.14

In their statement that tax abatements in 1941, 1942, 1943, and 1944 amounted to \$17,800,608 in tax dollars, the Assessors themselves have supplied the evidence to corroborate the Finance Commission's contention that the Board has continuously chosen to develop figures which would bring about a particular rate rather than provide a fair valuation. Adding to that total as supplied by the Assessors the abatements in tax dollars of 1945 (\$2,315,547) and 1946 (to January 1, 1947, \$4,874,922), it means that in the last six years, the Assessors have refunded \$24,991,077. This amounted to rescinding valuations of more than \$660,000,000. In many instances this total contains excessive valuation of the same property over a number of years.

Therefore, although in total dollars of tax money ordered refunded or abated, the present Assessors in their own defense may produce figures showing that they are no worse than their predecessors, the fact remains that they can cite no year in which the Assessors first increased valuations and then, later in the same year, rescinded those increases to the extent to which it was done in 1946.

Each year the inexcusable cost to the city and to the individual owners of property in Boston because of the faulty conception by the Assessors of their duty in determining valuations, i. e., first, determining a rate and then, adjusting the valuations to fit that rate, is growing greater. It requires increased manipulation of figures of valuation in each succeeding year. It has resulted in a lack of confidence by the taxpayers in the annual determination of the tax rate and in the work of the Assessing Department as a whole.

It increases the city's financial burden, and it causes unjustifiable expense to many owners of property.

The situation may be likened to a person afflicted with a high blood pressure who wishes to pass a physical examination. Such a person may take a depressant which will lower the blood pressure for the examination record, but once the examination period is past the high, or real, blood pressure will reappear. Similarly, while a depressant in the form of increased valuations is administered for the public examination period of setting the tax rate, the real tax rate becomes apparent when the depressant is removed. In both cases, the objective is attained; viz., a favorable record. But, in either case, the person and the city are deceiving themselves. Instead of recognizing an unhealthy condition for what it is, they prefer to ignore it to achieve a temporary objective.

The Refuse Disposal Matter.

The Public Works Commissioner has made various statements on the subject of disposal of refuse. Without going now into those he has made off the record, his statements at one time appear to favor incineration of refuse, but at another time can be construed only as against incineration. His statement to you, in reply to the Finance Commission, that "the report, (the Finance Commission report) as a whole, is critical of things done" is true to some extent, but the significance of the report with respect to the Public Works Department is that it is critical of things *not* done.

There is no evidence that anything has been done by the Public Works Commissioner to save the city the necessity of paying unconscionable sums for the collection and disposal of city refuse, and it is evident that nothing will be done as long as the refuse collectors continue to control city policy in this matter.

The official record reveals that in a communication to you dated September 4, 1946, which followed the August 28 demand by the Finance Commission that the Public Works Commissioner proceed with the erection of an incinerator in the Brighton-Allston district where costs of collection and disposal have almost tripled in the short period in which the present Public Works Commissioner has served, he wrote "I feel that this is the proper time for the city to proceed with the erection of an incinerator to dispose of, in a modern and up-to-date manner, collections of rubbish and garbage." This communication was attached by you to your own message to the City Council on September 9 in which you recommended an appropriation for the construction of a small incinerator. In this communication you wrote:

"The matter of the disposal of refuse and garbage by the incineration method has long been the subject of study, survey, and report. In a city such as Boston where dumping facilities are at a minimum and so far removed from the collection areas as to constitute a major factor in the cost of removal, it is essential that we meet this situation by this modern method of disposal."

As a result of these representations, the City Council promptly adopted the appropriation order for an incinerator in Brighton. Nevertheless, in February, 1947, the newspapers quoted the Public Works Commissioner as having made statements to the City Council from which it appeared he was then opposed to incineration. Significantly, this was after the annual collection and disposal contracts had been extended by him, without advertised competition at increased prices. He claimed, at that time, that the countryside is dotted with abandoned incinerators; that the incineration method is three times as expensive as the land-fill method of disposing of refuse. His whole tone was against incineration.

To the first part of this statement it is only necessary to point out that from 20 to 30 municipalities in the eastern part of the country, mainly New England, are now either building or planning incinerators; that New York City which tried the land-fill method is now abandoning it because of the nuisances created by it and because land filled with loose rubbish has a questionable value; that New York has reopened incinerators which were closed while the land-fill method was being tried out, and has now adopted a program to spend \$10,000,000 on new incinerators, some of them to be of 1,000 tons per day consuming capacity; and that Los Angeles, which has more land suitable for the land-fill method than any other city in the country, has instead adopted a program to spend \$6,000,000 for incinerators.

The second part of the Commissioner's statement is of itself an indictment of Boston, because in Boston, using the land-fill method—which the Commissioner stated is three times as cheap as incineration—the cost of collection and disposal of refuse is the highest of the big cities. The United States Census Bureau, in its latest compilation of costs, shows Boston cost as \$2.92 per capita while Pittsburgh, with incineration of both refuse and garbage, has a cost of \$2.12 per capita. This comparison alone indicates something seriously wrong in the Boston situation. Other comparisons point in the same direction. For instance: Philadelphia, using a combination of incineration and the land-fill method, has a per capita cost of \$1.60; Detroit, which incinerates garbage and landfills with refuse, has a per capita cost of \$1.49; New York City, which operates some large incinerators and also in many sections followed until recently

the land-fill method, has a per capita cost of \$2.54; Los Angeles, which used its collected garbage for hog-feeding and filled land with refuse (the Boston method, for the most part) has a per capita cost of 75 cents.

There is no doubt that the land-fill method is the cheapest way to dispose of refuse. The Finance Commission and all the engineers who have been employed to study this matter have always conceded that. Why, therefore, should Boston have the highest per capita cost when it uses the cheapest method?

In the first week of January, 1947, when violent protest was being made by a city councilor against the award of new contracts to the old group of refuse contractors without advertising and at another substantial increase in price, joint announcement was made by you and the Public Works Commissioner that construction of an incinerator would start immediately in Brighton, and that the project to build a large incinerator near the City Hospital would soon be under way. It is the latter project which would make unnecessary the enormously expensive disposal of refuse at Spectacle Island in Boston Harbor. The Commission feels that the public is entitled to know what has developed in these two projects. Is the latest attitude of the Public Works Commissioner an indication that they have been abandoned?

Respectfully submitted,

EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,

ADDITIONAL APPROPRIATION FOR TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, April 14, 1947.
To the City Council.
Gentlemen,—I am in receipt of the attached communication from the Traffic Commissioner requesting an additional appropriation of \$10,000 in order to complete the program of installing traffic signals at nineteen intersections in various sections of the city.

In compliance with this request I am forwarding herewith an order appropriating the sum of \$10,000 from the Special Account—Sales of City Property, and recommend passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, March 26, 1947.
Hon. James M. Curley,
Mayor of Boston.

My dear Mr. Mayor.—This department is engaged in a program of installing traffic signals at nineteen (19) intersections in various sections of the city.

The cost of these signals is chargeable to the non-revenue appropriation "Automatic Control Signals in various sections of the City."

Because of the greatly increased costs of equipment and materials and because two (2) additional locations have been added to the seventeen (17) originally contemplated, it is necessary to supplement this appropriation in the amount of \$10,000 in order to complete the program.

I respectfully request that \$10,000 be transferred to this appropriation from available sources.

Respectfully,
PHILIP T. DESMOND,
Acting Traffic Commissioner.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws the sum of ten thousand dollars (\$10,000) be, and the same hereby is, appropriated from the Special Account—Sales of City Property, to be expended under the direction of the Traffic Commissioner as follows:

Automatic traffic control signals in various sections of the city..... \$10,000
Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Arthur W. Bernier, for compensation for damage to car caused by an alleged defect in Cummins Highway.

Ellen F. Brodbine, for compensation for damage to property at 318 and 320 Columbus avenue, caused by broken water hydrant.

Henry J. Byrnes, to be reimbursed as result of accident which occurred while in performance of duty.

Walton H. Christmas, to be reimbursed as result of accident which occurred while in performance of duty.

Frank S. Dunn, to be reimbursed as result of accident which occurred while in performance of duty.

General Baking Company, for compensation for damage to car by city truck.

Morris Goldstein, to be reimbursed as result of accident which occurred while in performance of duty.

Bernard Hughes, to be reimbursed as result of execution issued against him.

John N. Jenkins, to be reimbursed as result of accident which occurred while in performance of duty.

Carl Krasnoo, for compensation for damage to property caused by an alleged defect at Blue Hill avenue and Seaver street.

Mrs. John J. Linehan, for compensation for injuries caused by an alleged defect at 180 Adams street.

Rita R. Loomis, for compensation for damage to car by city car.

James F. Mahoney, Sr., to be reimbursed for execution issued against him.

Stephen J. McFadden, to be reimbursed as result of accident which occurred while in performance of duty.

David Montane, for compensation for injuries caused by an alleged defect at 5 and 7 Matchett street, Brighton.

Paul Navarro, for compensation for damage to property by police cruising car.

Mary R. Raneri, for compensation for damage to property at 87 Linden street, Allston, caused by truck of Fire Department.

Anna L. Ryan, for compensation for damage to car caused by an alleged defect at Boylston and Clarendon streets.

Thornton Bros. Taxi, for compensation for damage to car by city car.

TRANSIENT VENDOR'S LICENSE.

A petition was received from Edward P. Fewer for transient vendor's license, for sale of health food and books at 30 Huntington avenue. License granted under usual conditions; fee paid; and bond of Massachusetts Bonding and Insurance Company filed.

APPOINTMENT OF WILLIAM F. MCCARTHY.

Notice was received from the Health Commissioner of appointment of William F. McCarthy, provisionally, as inspector of housing and sanitation at \$2,000 a year effective April 9, 1947.
Placed on file.

NOTICE OF HEARING BEFORE PUBLIC UTILITIES DEPARTMENT.

Notice was received from the Department of Public Utilities of hearing to be held April 18, at 11 a. m., on petition of Boston Edison Company for erection of poles, wires, and underground conduit and cables in Soldiers Field road.
Placed on file.

ORDINANCE RE SIDEWALK OPENINGS.

Coun. LINEHAN—Mr. President.

President KELLY—Councillor Linehan.

Coun. LINEHAN—Mr. President, may I at this time comment on the message of the Mayor sent up to the Council relative to the sidewalk ordinance? I am going to move to send it to the Executive Committee.

President KELLY—Councillor Linehan asks unanimous consent to make a statement. Hearing no objection, you may.

Coun. LINEHAN—Mr. President, during the past week, I noticed the Acting Corporation Counsel sent down an opinion stating, in his opinion, the so-called sidewalk ordinance was invalid as the result of being against the so-called City Charter of our city as it now exists. I realize that several weeks ago I read off a lengthy brief to the members of the City Council, and I am assuming most of them believed what I read because I read the law, not opinions of what Councillor Linehan thought the law was. I expressed the opinions of the courts and acts of the Legislature, and also acts of the former council. Frankly, this whole matter to my mind is picayune. I agree on that. After all, I have been the one who has been keeping this ball rolling, and as long as some people think the ball should be kept rolling, and as long as I am legally right, I will answer them until they prove I am wrong by a court decision. I have not said anything up to date relative to the opinion because I have not read the opinion of the Corporation Counsel, and I thought perhaps he might show me the light and explain to me the result of a subsequent court decision rendered by a court since 1883; that perhaps the court was overruled since then, and that my contention, not only on the city ordinance and existing statute in favor of the present ordinance but also a court decision, was wrong. Those of us who are lawyers, and probably others not lawyers, realize that decisions rendered by the court are generally followed by subsequent judges unless certain

economic changes affect the subject matter to such an extent that the court believes the construction of the law should be changed. Now, if such a thing has happened, I would like to have the Acting Corporation Counsel show me there is an act or decision in the books to prove that the decision of a prior Supreme Court tribunal of some years ago ruled that the subject matter of sidewalks did not come under the chief executive and administrative supervision under our City Charter. The words, "executive and administrative," come out of section 8 of the City Charter, and I knew that. I think I talked about that briefly before but, of course, they did not also cite section 5 which gives the City Council broad powers, if the City Council chooses to exercise them, relative to abolishing departments, setting up new ones, defining their duties, and many other things. Of course, the City Council has not been notified due to the fact that they have not seen fit to reorganize any department, but it is in the City Charter. That is section 5. Under that section could be construed many things the Acting Corporation Counsel and others rule do not come within the jurisdiction of the Council. I don't doubt but many years have gone by and the Corporation Counsel has ruled certain acts do not come within the jurisdiction of the Council and has cited section 8 all the time. Of course, they do not go into special acts that might apply in the first instance, and other sections of the charter. I think it is time the City Council realized that it has more powers than certain people in the city told them they have. As far as I am concerned, I don't care where the authority finally rests on sidewalk openings, and to my mind it does not make any difference who has the authority to grant sidewalk permits, but I think while we are members of a Body it falls upon us to live up to the laws on the books, and I contend this ordinance up to date is a law and it is still law. When James M. Curley, the Mayor of the city, says, "I will instruct," and incidentally I am quoting him because he has not said anything to me,—he says, "I will direct that the Public Works Commissioner from henceforth on," which means from the time he spoke, "shall issue permits." I don't know whether the Law Department told him to say that because if it did, it does not seem to be good legal sense. They must have told his Honor the Mayor, "Until the City Council repeals it, or until a court of law says that it is illegal, it is a law for the Mayor and the department heads to live up to." I realize that some of you may get bored with the legal tactics involved in this thing, but even though this happens to be a small thing itself, can it not apply to any ordinance on our books today? For example—last week, I believe it was—he said that the ordinance relative to vacations is invalid. Frankly, I want more time to study that one, but because his Honor the Mayor and the Corporation Counsel say in their judgment it is invalid, on the basis of this opinion where they show you section 8 (they do not cite one court case and none of the statutes that exist on the books) I say their opinions are not worth much. They did not put very much study in this matter. I studied the matter of sidewalks for a whole week and I came in here with statutes and city ordinances and court decisions. I say when his Honor the Mayor requests an opinion from the Law Department they should go into it just as thoroughly as I did. I don't know where the Corporation Counsel is, but his Acting Corporation Counsel signed this opinion, and I would be glad to sit down with any of the editors of the newspapers who might say I have been wrong, and I am willing to be shown I am wrong, and I will publicly state I am wrong. All of us lawyers take sides one way or the other, and we cannot win them all, but if they can show me a decision of the court which proves I am wrong, I will be glad to say I am wrong. Up to now, they have not shown me anything except section 8 which is a catchall section. It says, anything within executive or administrative functions shall not, shall we say, come under the jurisdiction of the City Council, a catchall phrase. What is executive and what is administrative? As the Acting Corporation Counsel said, each matter comes up to the court for decision; therefore, it seems to me that is a sort of judicial question: Where are sidewalks going to be? How wide will they be? That seems to be a judicial question. If we were out to construct a sidewalk, I would say we are wrong; we have not authority, but under section 5 we are the ones who created the Public Works Department, and let that not be forgotten. I am subject to any contradiction by the Clerk of this Honorable Body. I believe that the City Council set up what the duties and functions of the Public Works Commission are. I wish the Legislature some time in the past had set up what the duties and functions of the City Council are, but, unfortunately, we have not such a setup so everything is in a sort of muddle. They can always say it is under section 8. I for one am not going to take an answer of the Law Department which, by the way, is appointed by the Mayor, and the Mayor said he was going to have it transferred. As I said before, I wish the opinions would come down as unbiased ones, but I say now it is probably biased in the fact that the Mayor wanted it to be construed in such a way. It seems like that. I am maintaining my position until I am shown there is a case in the books showing otherwise. Now, I

want to be fair to the members of the Council and the men who represent the newspapers here. I want to be fair, most of all, to the taxpayers of the City of Boston. I don't want the good people of Boston to think the Council is usurping powers if we are not. The only one who decides we are usurping them is a court of law, not a Corporation Counsel. I still say, as far as the law is concerned—unless I can be shown another case and frankly, since last week I have studied the court cases and, yes, there might be a case, but so far I have not found it—that I shall maintain my position. I would like to have this referred to the Executive Committee in the hopes the newspaper men will be there, and also the members of this Council. The law as I find it in the books is right here. I have the book right on the table. I don't want you to be taking my word for anything, I want you to read them so that I will not be putting you on a spot in the matter. I don't want to put anybody on a so-called spot. Coming right down to whether or not we should transfer the authority to somebody else, that is not the question just yet until we get on this order. Personally, I don't care where the authority is, but I want it to be fixed. I think the City Council has the authority right now until we are shown otherwise. If I am fair enough to show what law I have, it seems to me it is up to the Corporation Counsel to show us in black and white where we have not got the authority, and he cannot just get away by saying section 8 says this is executive and administrative, because it does not say sidewalks come under executive and administrative functions. It does not say that. That is a judicial decision, no question about that. What I get a kick out of is, in 1938, the ordinance was created because of the abuses that existed under the Public Works Commissioner when he was issuing licenses, and probably you can say it is the same thing, whether you want a nine-man Council for Boston instead of twenty-two councilors. We had a nine-man Council. Why that was abolished, I will leave to history. I realize I have taken the time of the Council, but I want them to know I am not unfair. I brought in the books to show what I think is the proof, and I hope the newspaper men interested in this will come in. I don't want to overlook anything, I want them to know that here is the law as others see it. If somebody else has law contradicting it, I for one will be glad to be shown the law and the cases to disprove what I have. I will be glad to say I am sorry that I wasted so much time. I am going to study the ordinance which he says does not give us jurisdiction on vacations. I think the city employees deserve the vacations outlined in that ordinance. If his Honor the Mayor is going to say, "We want you members of this Council to repeal that ordinance," and if that is what he wants us to do, for one admit it is going to be difficult to repeal because I don't want to go on record taking away vacations from the city employees if we repeal this ordinance. Frankly, I am not sure myself if it is legal until I have made a study of it, and then I might be wrong, but until I get some definite evidence these things are illegal or invalid, I can't vote to take them off the books. If they send a new ordinance giving authority to somebody else, then I will make up my mind how to vote when the ordinance is before me, and not before then. While I think we have the law on our side, I say the City Council wants to live up to the law, and I hope the Mayor does, and I hope he rescinds the order to the Public Works Commissioner. I say the Public Works Commissioner is the one who is usurping the law, and I think even the City Clerk will have to admit that. Until this ordinance is repealed, the Public Works Commissioner is usurping the authority of the City Council. I hope the Mayor rescinds his order if he has given it out, telling the Public Works Commissioner to give out permits when he has no authority whatsoever. If we later on give him power to do that, then that is fine, that is when the law starts, that is where it gets its authority. This does not only apply only to sidewalk openings or the ordinance relative to vacation time and sick leave for city employees. It can apply to every ordinance on the books if his Honor the Mayor wants to take off an ordinance. He might advise the Corporation Counsel to say, "We think that matter is illegal because it comes under section 8."

President KELLY—Councillor Linehan moves reconsideration.

Coun. LINEHAN—I hope the Corporation Counsel will be requested to come down in Executive Session today to show whether he has something beside section 8 to offer. I think that is fair, Mr. President.

President KELLY—The Chair will request the City Messenger to notify the Corporation Counsel to appear in Executive. The question now is on reconsideration to refer this to Executive Session.

Coun. CHASE—Mr. President, what is the matter before us?

President KELLY—The Mayor's message on the driveway openings, councillor.

Coun. CHASE—What is the message?

President KELLY—Being sent to Executive Session, councillor.

Coun. CHASE—Is that the message, to transfer the powers from the Council to the Public Works Commissioners?

President KELLY—That is right.

Coun. CHASE—Mr. President, I believe possibly other members of your Council may object to what I am going to say in view of the fact that his Honor the Mayor has taken issue with the City Council as to their rights and as to the legal right to enact an ordinance pertaining to sidewalk openings. I wish to take issue with his Honor the Mayor as to his right in holding the office of Mayor. As a lawyer, Mr. President, I believe that his Honor the Mayor has no such power—

President KELLY—Councilor Chase, I am going to ask you to confine your remarks to the subject matter before the Body, and that is in reference to reconsideration of referring this matter to the committee from the Ordinance Committee referring it to the Executive Session, Councilor Chase.

Coun. CHASE—I for one do not desire to retain any powers in my hands which are actually illegal, and with that thought in mind I voted to have the Corporation Counsel give us a legal opinion on this matter but, sir, I am now discussing a message sent to this Honorable Body by his Honor the Mayor. I believe, sir, it is proper and in order for me to discuss whether or not the other branch of the government has authority inasmuch as that matter is clearly in issue. Mr. President, not so long ago Mr. Grinnell, secretary of the Massachusetts Bar Association, wrote an article in the paper saying that, in his opinion, it is not necessary to have a criminal conviction of a person who has been shown to have accepted a bribe in his official capacity, and with that thought in mind, sir, I refer back to chapter 268, Section 8, of the General Laws which provides that any officer-holder either in state or municipal capacity who has accepted a bribe for some official act is forever disqualified from holding office. With that thought in mind, sir, may I remind you a very eminent gentleman was found by a Justice of the Superior Court to have committed a breach of a judicial capacity, to have committed a breach of his trust in carrying out his duties as chief executive by corruptly requesting and accepting a bribe of \$40,000. That, sir, is in your Massachusetts decisions. There was a finding, sir, of those facts by a Justice of the Superior Court. Now, sir, in view of the fact that we have a law, namely, chapter 268, section 8, which provides that anyone found to have accepted a bribe for doing an official act is forever disqualified I say to you, sir, the eminent gentleman downstairs is disqualified from holding the office of Mayor.

President KELLY—Councilor, let me interrupt you once more. The question before us is not the gentleman's fitness to hold public office. The question before us is reconsideration, referring this matter from the Committee on Ordinances to the Executive Session, Councilor Chase.

Coun. CHASE—Mr. President, may I remind you the chief executive of the city sent this message to this Honorable Body? He sponsored this message, it is his message. The question before us is, in part, has the gentleman downstairs got the legal right to send such a message to us. Has he got the legal right to request this Honorable Body to do such a thing? I say to you, sir, that if the gentleman downstairs is disqualified under the General Laws, he has no legal right to send such messages to us, that he has not the legal right to hold the office of Mayor. He questions our authority to enact ordinances. I question his authority to remain in the seat of the Mayor of the City of Boston in view of the fact that we have on our books a law which says he is disqualified. Now, sir, are we supposed to sit here having in mind we have such laws on our books in Massachusetts, having in mind the man was found by a Superior Court Justice to have accepted a bribe for an official act as Mayor of the city? Are we supposed to sit here and have that gentleman tell us that we are acting outside of our authority? There is an old saying, sir, "Sauce for the goose is sauce for the gander." I am willing to shed myself of any authority if it is shown to me that it is illegal for me to act under that authority, and with that thought in mind, I voted to refer this matter to your Corporation Counsel, but in doing so we get a ruling back that this authority properly lies within the administrative branch of the government, namely, the chief executive of the city. I say to you as an elected official holder, sir, as a member of the City Council, that I have a right now to stand on my feet and to say that the gentleman downstairs is illegally using the office of Mayor and chief executive, that he has not the legal right to hold the office, that he has accepted bribes, and that under the General Laws he should be disqualified.

President KELLY—Councilor Chase, the Chair is going to warn the councilor once more, and if he insists on talking off the order, the Chair regrets he will have to rule the councilor out of order, Councilor Chase.

Coun. CHASE—Mr. President, we have been expected to accept a ruling by the Corporation Counsel who is an appointee of the gentleman downstairs as being law. We are expected, sir, to divest ourselves of this authority that we have been acting on and to allow only his Honor the Mayor and the Public Works Commissioner to act on permits for sidewalk openings. Sir, the time has come, in view of what his Honor the Mayor proposes to do, to question his authority. I think the time has come, sir, when the Attorney General of the Commonwealth should recognize that the gentleman downstairs is holding his office illegally.

President KELLY—Councilor Sullivan, will you kindly take the chair, please?

Coun. SULLIVAN in the chair.

Coun. CHASE—I for one, sir, have no desire to retain this authority but I do most strenuously object to having the gentleman downstairs take issue with me as to my authority when I know, sir, that he acts without any authority whatsoever in his capacity as the supposed Mayor of the city. I hope, sir, the time will come when the chief law enforcement officer of the Commonwealth, namely, the Attorney General, will recognize that the gentleman downstairs was found as accepting a bribe and that he is disqualified for public office.

Chairman SULLIVAN—Councilor Coffey.

Coun. COFFEY—Mr. President, just briefly on the gentleman downstairs, what is the use of kidding ourselves. In the last six years the gentleman has been tried three times by the public, twice he has been elected to Congress, and the last time he was tried by the public he was elected as the Mayor of Boston by 114,000. I think that is enough for the gentleman downstairs. The people have spoken, and evidently they know what they speak about as a rule. They elected him Mayor of Boston; whether we like it or not, we have to stomach it for the next two years as we have for the last two years. He is our Mayor. He could not be a hell of a lot worse than the last two Mayors we had. He could not compare with the last two we had in Boston. On the order itself, I am going to disagree with the Mayor. Just as soon as I get through talking, and this is referred to Executive, I have a sidewalk opening I am signing and putting it in today. I am paying no attention whatsoever to the Mayor's message. As Councilor Linehan has well brought out, it was passed by a previous council in 1938 and it was signed by the then Mayor. As far as I am concerned, it is a city ordinance on our books and it is going to remain there until somebody can show me it does not belong there. Right up to now I am of the belief it belongs on the books, and that is why I am going to act in the capacity of chairman of the Committee on Licenses, and that is why I am sending the committee report in today for a 15-foot driveway opening in the Dorechester section. No matter what we have to say in the future or the near future or the distant future, I hope we will all bear in mind the gentleman downstairs was tried three times within the past six years and he was not found guilty by the people of Boston.

Chairman SULLIVAN—Councilor Madden.

Coun. MADDEN—I too would like to take issue with the Mayor on the principle involved. For many months now the press has been referring to the incompetence of the members of the Boston City Council. Everybody seems to lay the city troubles at the Council's door. Now, we have the Mayor wanting to cut down what little, if any, power we have remaining. As Councilor Linehan, Councilor Chase, and Councilor Coffey have said, it does not make any difference to me, I have not as yet approved or disapproved any this year, and I don't know that there is much for me one way or the other. However, I think it is high time the people of the City of Boston, and the press particularly, bring up the fact that we as elected members of the City Council—men who come in here ostensibly to represent the people of our districts—have very, very little to do with City Hall. We have no power to make any appointments with probably two or three exceptions. The Mayor appoints his own Fire Commissioner, his own Public Works Commissioner, his own attorney, and so on down the line. We have a law on the statute books that says the various department heads may issue contracts without bids up to a thousand dollars. Recently, the Mayor has usurped this prerogative and apparently they are now giving contracts up to a million dollars without bids. The people are protesting against these things. Do they blame the Mayor? Do they blame the department heads? No, they blame the members of the City Council, and I have yet to see a single contract that has been submitted to this Council for approval. We have absolutely no power to approve any contract I know of. I may be wrong. We have little, if any, power, as I said before, to do anything at all except approve or disapprove the Mayor's budget. Of course, there is no point in not approving the budget. If it does not pass, it is just too bad. I am one of those who did not approve it. I think it is a ridiculous situation here in the city when those of you who are sent in here as a board of directors for the city have so little power. I see now where the legislative committee on city matters is suggesting one or two ways of remedying the situation. The fairest and most brilliant treatise on the matter I have seen in months and months was written a week ago by Jim Colbert. I think it is well worth reading by every member of this Body, and I think the entire article should be put in the City Record. What is wrong with the City of Boston? Certainly, not the actions of the City Council because we have nothing at all to do except, as I said before, to approve the Mayor's budget. Now, we are asked to approve a suggestion of the Mayor that we desist in the future from granting any sidewalk openings. That is not a very big thing, that is true, but it is one more little power shorn from the members of the Council. What a ridiculous situation we have here in the City of Boston. You, members of the

City Council, in effect a board of directors for the city, come in here and are paid the princely sum of \$2,000 a year. Your clerks—and I don't say this as criticizing the boys, they are worth every penny of it—get \$2,700. Your stenographers get \$3,700, and your chief clerk gets \$6,000. That is a cockeyed situation, gentlemen. The personnel gets two or three times as much money as the board of directors. That is the trouble with the City of Boston. The gentlemen at Beacon Hill and the General Court have been giving this matter a lot of thought.

Chairman SULLIVAN—Councilor Madden, I will ask the councilor to stay on the question, reconsideration of the communication before the Body.

Coun. MADDEN—I think I am speaking on it, Mr. President.

Chairman SULLIVAN—It is taking it from one committee and referring it to another. Councilor Madden.

Coun. MADDEN—As I said before, it is the principle involved. This is one of the very few things the members of the City Council can do, and now his Honor the Mayor through his able counsel, Joe Scoloponi, my friend, says that we should not even have that power. That is a ridiculous situation, too. I think Joe Scoloponi is a great fellow, but he certainly is not the people's attorney. He is the Mayor's attorney, he is the Mayor's personal pal and friend, and he sends down decisions that meet with the Mayor's approval. Now, I think it is high time men like the Corporation Counsel who hand down decisions such as this, men like the Public Works Commissioner and others who have such power in the city, should be elected, or at least the members of the City Council should have some say in their appointment, and then there would not be this trouble in getting these one-way decisions or opinions from the Corporation Counsel.

Chairman SULLIVAN—The question is on reconsideration, taking the communication from the Committee on Ordinances and referring it to the Executive Committee. All those in favor, say "aye," those opposed, "no," and it is ordered.

Coun. LINEHAN—What is the situation now?

Chairman SULLIVAN—The communication is now in Executive Committee.

Coun. LINEHAN—Thank you.

The matter was referred to the Executive Committee.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Jeremiah B. McNulty (referred October 15, 1945) for driveway opening at Wenham street, Ward 19—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

CONSTRUCTION OF RECREATIONAL FACILITIES IN EAST BOSTON.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with His Excellency the Governor to urge upon him the necessity for constructing a stadium, swimming pool, and other recreational facilities in East Boston before another penny is spent by the state on the enlargement of the Logan Airport.

Coun. COFFEY—Mr. President, a couple of years ago the State Public Works Department, the Legislature and the Governor, agreed to give the East Boston section recreational facilities to replace Wood Island Park taken for the expansion of the East Boston airport. Up until today there has been no work started on either the swimming pool, the wading pool for boys and girls, mothers' rest which we are supposed to get, or the stadium promised us, not only by the Public Works Commissioner but also by his Honor the Mayor at the protest march I led at City Hall here about ten weeks ago. Since that time there has been work started, and one hangar has been completed at the East Boston airport. Another hangar has been started right under the homes of the people who live in Prescott street at the junction of Cleveland and Shrimpton streets. That hangar will probably be finished within the next few months and after that there are going to be at least 12 more hangars erected within a mile radius of the East Boston airport. At a meeting a week ago last Friday, the Chamber of Commerce officials, the officials of all the airlines at the East Boston airport, and the Governor and the Public Works Commissioner and others interested in the expansion of the airport, were present, and the air officials told the Governor plainly they wanted another \$20,000,000 spent on the expansion and completion of the East Boston airport and want it spent immediately. I am asking the Governor and the State Department of Public Works not to spend one penny on the airport until they give us, the people of East Boston, what they promised. I am sick and tired of taking my feet for the past three and a half years asking them to give us what they promised. There is \$1,300,000 in appropriations all ready to be spent on the development of recreational facilities for the people in my district, and I want them to start on that program and not spend any more money on the airport. There are lines over there who owe rental to the

state for the past two years. One of the airlines, Northeast, has refused to pay for their rent for the past two years. They have refused to pay five cents up until last November, and they then owed \$53,000 in back rent. They have even taken the state to court to try to beat the rental charge by the State Department of Public Works. Still, with all the money they owe, they can go out and erect another hangar that is costing close to \$1,000,000, and they are putting that hangar right under the houses of the people on Prescott street who have lived there for years and years and have watched the airport expand since its erection in 1929. It is not fair, it is not right, it is not justice. I think this body which calls itself the Chamber of Commerce, and I would like to look them up individually and I would be willing to make a wager here and now they are people who have big investments in that airport; not one has come to the front for the people of East Boston, especially for our children. Now the racing season is about to start again, we are going to have more children killed in our district, whereas if these recreational facilities were complete some lives would be saved this coming summer, just because we have a greedy outfit over there at the airport which wants to take all and give nothing in return. They control the Public Works Commissioner, and there is proof enough of it. We just had a man named Cairns as Public Works Commissioner for the state for the past two years. Mr. Perini who owns the Boston Braves has the biggest contract at the East Boston airport for developing the port. What happened when Mr. Cairns' time expired? He was taken off the state pay roll and another man put in his place, and where does Mr. Cairns go? On the Boston Braves' pay roll, Mr. Perini's pay roll, so he must have been a stooge for Mr. Perini of the Braves for the two years he had been Public Works Commissioner. Not one effort did he make during those two years to do anything to erect that stadium or to erect the swimming pool, or to erect the wading pool for the children of East Boston. They have taken away four complete parks, a quarter of a mile of track, an outdoor gymnasium, an indoor gymnasium, tennis courts, soccer field and basketball court, and not one cent has been expended to replace the things they have taken from us for that airport. I ask in all fairness that the Public Works Commissioner and the Governor of Massachusetts and the Legislature itself live up to the agreement they made. The money is appropriated, there is \$1,300,000 to be expended for recreational facilities in East Boston, and it is about time they did something, and did something now, before the summer season is over. The order was passed under suspension of the rules.

INVESTIGATION OF RUMORS RE SLUSH FUND FOR LIQUOR STORES.

Coun. COFFEY offered the following:
Ordered, That the Attorney General be requested, through his Honor the Mayor, to investigate the rumors pertaining to the Slush Fund for Liquor Stores.

Referred to the Committee on Rules.

INVESTIGATION OF BILL FOR PARKING METERS.

Coun. COFFEY offered the following:
Ordered, That the Attorney General be requested, through his Honor the Mayor, to make an immediate and thorough investigation of the Bill for Parking Meters in Massachusetts.

Chairman SULLIVAN—It is referred to the Committee on Rules.

Coun. COFFEY—Mr. President, I take issue on this. This is a Boston matter, coming into the City of Boston, and I think I should be allowed to talk on it.

Chairman SULLIVAN—The Chair has referred it to the Committee on Rules.

Coun. COFFEY—I appeal the decision of the Chair.

Chairman SULLIVAN—Counselor Coffey appeals the decision of the Chair.

Coun. MUCHNICK—Mr. President.

Chairman SULLIVAN—For what purpose does the gentleman arise?

Coun. MUCHNICK—A point of order, Mr. Chairman.

Chairman SULLIVAN—State your point of order.

Coun. MUCHNICK—The reference to the Committee on Rules is not subject to appeal, as I understand.

Chairman SULLIVAN—The Chair has been informed there is no appeal on any matter referred to the Committee on Rules.

Coun. COFFEY—I ask unanimous consent to make a statement.

Chairman SULLIVAN—On the unanimous consent, if granted, I will not allow you to speak on this matter which has been referred to the Committee on Rules.

Coun. COFFEY—This is an order pertaining to parking meters for the City of Boston. Will you give me a reason for referring it to the Committee on Rules?

Chairman SULLIVAN—It is calling upon the Attorney General to take action.

Coun. COFFEY—That is right.

Chairman SULLIVAN—We have no power to call upon the Attorney General to do anything.

Coun. COFFEY—The Chair was in error at a previous meeting when something was referred to him for investigation. It was not referred to the Committee on Rules. So the Chair is in error now or was in error at that time.

The order was referred to the Committee on Rules.

PLAN E FOR EVERY CITY AND TOWN.

Coun. COFFEY offered the following:

Ordered, That the Corporation Counsel be requested through his Honor the Mayor, to draft legislation for presentation to the Legislature whereby the proposed bill for Plan E in Boston will be amended to read every city and town throughout the Commonwealth.

Coun. COFFEY—Mr. President, on this order I have introduced, yesterday when I saw the report from the committee that is represented by Charlie Innes, the Senator from the Back Bay of Boston, it seemed as though it was brought in at the right time. It seemed as though it was timed just perfectly, their bringing in the report on proportional representation for Boston. I think the majority of the members feel the same as I do. They are going to put one of two things on the ballot if they hold a plebiscite in May. The people will be allowed to vote as to whether the members of the Boston City Council shall be elected by boroughs or elected by city-wide voting.

In effect, you can vote for nine out of the number of candidates on the ballot. There is only one thing I want them to do. I want them to put on the ballot first, "Do you want a 22-man Council in Boston, or do you want a 9-man Council in Boston?" Then, they vote. Naturally, the decision should rest with the voters and not with those on Beacon Hill. They have changed our City Charter twice within the past 40 years. They adopted a Body of five at one time, back in 1906, and they had a Body of nine back in 1924. Now they have changed it to a Body of twenty-two. Now again they want to change it to a Body of nine, and they are not doing it the right way. That is why this bill calls for all the members of the Legislature and all the other officials throughout every city and town in the Commonwealth to be given the same consideration they are trying to put on the voters of Boston. Have a state-wide plebiscite, in every city and town, and elect members of the General Court and other city governments, whether it be a board of aldermen, city councilors, or board of selectmen, elect the same way as the Boston City Council are to be elected, and not just pick on the Boston City Council because little Charlie Innes, Stuart Rand, and Bill Mullins of the *Herald-Traveler* want to change because they cannot walk in and out downstairs and get what they want like they could in 1941 to 1945 and other years. So they want to change our form of government and naturally they have a Back Bay Republican to bring in a report we should have a plebiscite. There are only two ways the people have a chance to vote, either for proportional representation or a nine-man Council at large. I say it is not fair, and they are not acting wisely in doing what they are doing. If they want first to put on the ballot a 22-man Council or a 9-man Council, and give the people a choice, I know every member of this Body will be satisfied with that. I have said it before, and I say it again, personally I don't care whether it is 22 or 9, but I am not going to sit idly by and let the Legislature decide we are going to have a 9-man Body without giving the people of Boston a chance to vote as to whether they want a 9-man Body or not. I am not going to say they get better representation with a 22-man Body. I don't have to say that. Everybody within the hearing of my voice knows that. That gives everybody in the district at least a chance to know their councilor. If we do get a 9-man Body, don't forget we have five wards in Dorchester and the people of Dorchester are smart. There are close to 100,000 votes and they could have their own nine men. They would be silly to choose nine from other wards because the fellow nearest to home is the fellow nearest to get to. It is a certainty the people out in Hyde Park or Roslindale or West Roxbury are not going to come over to East Boston when it would take them an hour to see me to get their favor granted if they have people in their own section running for office, and that is especially true of the people in Dorchester. They are not going to go to East Boston, Charlestown, the North End, Hyde Park, Roxbury, or Brighton. They are going to vote for somebody handy whether they know that person or not. They recognize the street that person lives on and know he is handy to their homes. That is how they will go down the line and vote for nine local candidates. It is not a fair system, it is not a better system. There is one thing I am certain of, the Republicans will get fooled. They think there will be 100, 110, or 120 candidates on the ballot, Democrats, and three or four of their own kind up here so Bill Mullins and Stuart Rand and a few others can come in here and get everything they want; yes, their own city manager in the near future, and run the Mayor's office as they have in the past through the big fellow who pulls the string, Mr. Henry Parkman, probably behind all this with Bill Mullins.

The order was passed under suspension of the rules.

TO REDUCE NUMBERS OF GENERAL COURT.

Coun. COFFEY offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor, the Mayor, to draft a bill for presentation to the Legislature whereby the present membership of the House and Senate will be reduced to one half of the present members.

Coun. COFFEY—I think, Mr. President, I always have thought, and always will think, there are too many members at Beacon Hill.

Coun. MUCHNICK—Mr. President.

Chairman SULLIVAN—For what purpose does the gentleman arise, Counselor Muchnick?

Coun. MUCHNICK—A point of order.

Chairman SULLIVAN—State your point of order, counselor.

Coun. MUCHNICK—Isn't that order properly referable to the Committee on Rules having something to do with —

Coun. COFFEY—Send it to the District Attorney's office, that is where it belongs.

Chairman SULLIVAN—The Chair at this time before reference to any committee or passage would like to hear what Counselor Coffey has to say before making the ruling. Counselor Coffey.

Coun. COFFEY—After I get through, I will ask it be sent to the District Attorney's office.

Chairman SULLIVAN—Counselor Coffey.

Coun. COFFEY—Mr. President, this is one opportunity that the members of the Boston City Council have of hitting back at those that can hit us, and really cut down on them. They want a 9-man Council. All right. Personally, I don't care, as I said before, but there are 240 members in the House of Representatives. I think they should be cut in half; 120 members are enough. There are 40 members in the Senate. I think they should be cut in half. There should be 20 members elected to the Senate. It is just as fair for us as it is for them. I am only cutting them in half. They are cutting us more than half. They only give the people two choices, not a vote for a 9-man Council or a 22-man Council, but now the 9-man Council should be elected. I hope MacDonald, who is supposed to be the watchdog of the taxpayers' money will follow this order up, and get petitions up, and get the referendum on the ballot. I am positive the people of Boston would vote to cut the Legislature in half if they had an opportunity to do so. We had a bill in the Legislature last year to increase our pay. The Legislature being smart in its wisdom put a referendum on the ballot, and the newspapers went to town and murdered us, and we were refused an increase in pay so that we are getting \$2,000 a year here today. But the Legislature did increase their own pay \$500 and \$14 and something a week for traveling expenses for those who come from Boston. When I was in Beacon Hill four years I got ten cents a day for my travelling expenses. Now they get \$14.50 a week besides the \$500 increase in pay. Don't forget those who come from further away get their \$1,000 a year traveling expenses. On top of that, am I not right when I say they have a certain fund supposed to be given to them for clerical and stenographic work? On top of that, they want another increase, and Henry Shattuck, the man who sat here next to us, got up and defended the Legislature, and to my amazement, he said they are not looking for a \$300 increase in pay, they are only looking for \$250 above what they took, without giving the people a chance to vote as to whether they should receive a little increase. But they did put it on the ballot for the people to vote on as to whether we should receive the salary increase or not. I say there is not a member of the Legislature or there are not any two members of the Legislature who do half the work one member of the Boston City Council does. Yes, I say in the five days they meet on Beacon Hill, they don't do as much work as we do on a Monday. The majority of us are so crowded with people from ten to two o'clock we have to leave some of the people out in the corridor and come in here to answer the roll call and try to get debates as they come up and try to take care of the people outside at the same time. If there is anybody that needs an investigation, it is the same Body on Beacon Hill — (The chairman struck the gavel.) I am all through.

Chairman SULLIVAN—It is referred to the Executive Committee.

Coun. LINEHAN—I sincerely hope this last order filed does not pass.

Chairman SULLIVAN—It is referred to the Executive Committee, counselor.

Coun. BAYLEY—Mr. President.

Chairman SULLIVAN—For what purpose does the gentleman arise, Counselor Bayley.

Coun. BAYLEY—Isn't the distinguished counselor allowed to speak on a subject before the Body?

Chairman SULLIVAN—I had already referred it to the committee.

Coun. BAYLEY—You acted very fast, Mr. President.

The order was referred to the Executive Committee.

RENOVATION OF VETERANS' MEMORIAL PLACQUES BEFORE MEMORIAL DAY.

Coun. HANNON and KEENAN offered the following:

Ordered, That his Honor the Mayor be requested to direct the Commissioner of Veterans Services to paint and renovate all veterans' Memorial plaques in the City of Boston prior to Memorial Day.

Coun. HANNON—Throughout the various sections of the city, Mr. President, there have been erected plaques honoring the names of residents of that particular vicinity who have entered the armed forces, some of whom have given their lives in the defense of this country. In many places throughout the city the condition of these plaques certainly does not add anything to the neighborhood. I think out of respect for what these plaques stand for, out of respect to what they mean and the purpose for which they were erected, the city should in some way provide funds so that on Memorial Day these plaques are dressed up and repainted or regilded. I believe you will find in many sections of the city that organizations that were banded together during the period of the war erected these plaques and probably they have now been disbanded and are not in existence, but the plaques are still there, and I think they do honor the citizenry of Boston who gave their lives to the armed forces. I think the city might well spend a few dollars to see that each and every one of these plaques is properly dressed up for Memorial Day.

The order was passed under suspension of the rules.

SEED FOR PARK IN OAK SQUARE, BRIGHTON.

Coun. MADDEN offered the following:

Ordered, That his Honor the Mayor instruct the Park Commissioner to submit a supplemental budget of one dollar and fifty cents (\$1.50) for seed, to seed the small park in Oak square.

Coun. MADDEN—This is an order something along the line of the order just introduced by Councillor Hannon. I can't for the life of me see how the city can give fabulous contracts without bids, they can give fabulous abatements without any question, but here we have a little park in Oak square, Brighton, a beautiful park dedicated to the boys from that section who went into the service, and for some reason, now for two years the City of Boston has not apparently had the money to properly seed this place. As a matter of fact, I don't think they had one single bit of seed on it. I for one would be willing to pay the cost of seeding that park out of my own pocket if the City of Boston is so niggardly that they cannot go ahead and properly take care of this park with its memorial on there to the veterans. I think it is disgraceful and an outrage.

The order was referred to the Executive Committee.

CONTINUATION OF UNIVERSITY AT DEVENS.

Coun. MADDEN offered the following:

Resolved, That the Boston City Council, in meeting assembled, is of the opinion that the University at Devens be continued at least until such time as all present students at said university have completed their courses and that every opportunity be granted these young men to obtain a college education in return for the tremendous sacrifices in time, in hardship, and in personal loss that these young men have undergone in order to perpetuate the American form of government. Referred to the Committee on Rules.

REINSTATEMENT OF J. RALPH GRANARA.

Coun. MADDEN offered the following:

Whereas, His Honor the Mayor some time ago removed Joseph A. Langone and J. Ralph Granara from their respective duties pending the outcome of certain charges; and

Whereas, Both have been exonerated by the courts of the Commonwealth; and

Whereas, Mr. Langone has been reinstated to his former office, therefore be it

Ordered, That his Honor the Mayor be requested to reinstate J. Ralph Granara, veteran of World War II, as Registrar of Veterans Graves and Memorials, or to a position of similar responsibility and remuneration.

Coun. MADDEN—I don't want to take issue, of course, with the Mayor, but these men have been appointed by the Mayor and I for one don't want to question his integrity. It does seem strange, and it seems strange to those of us who are close to veterans' circles, that with these two men involved in the same matter, both acquitted by the courts, that the nonveteran gets his job back and the veteran does not get his job back. I realize that the Mayor must have some good reason for not reappointing Mr. Granara but I think the veterans of the city are entitled to know why. There have been many things pertaining to veterans' matters that do not look right to the veterans of the City of Boston. That all goes back to the Mayor's inauguration down

in Symphony Hall. You and I know the Mayor borrowed a bunch of veterans and had them across the stage. I don't know what his boast was, but he did say he would do anything in his power for the veterans. Since then, he has precluded the veterans from any chance at ash and garbage work. "No, that is a closed corporation, no veteran can bid on that." He has made appointments to various department heads, and other than Frank Pedonti, I don't know one ordinary veteran he has appointed. He has appointed two or three brass hats who are very capable men, but just why the Mayor has not appointed the ordinary veteran to some of these jobs a lot of people cannot understand. And then there is probably the most depressing thing of all, the housing situation. It does not make any difference whether the veteran is used for the excuse to start it rolling, but it seems a tragedy. You can drive from here to Florida and see how the projects are abandoned. They have so much building down through the South they have abandoned housing projects, and if you want to know about it, go down in Georgia. They have so much building down there they have abandoned the housing projects. It certainly seems strange that the Mayor who is a former congressional power and the head of this big city has not been able to do something for the veteran in housing. Now we find him failing to appoint another veteran to the office he rightly had. I don't know what the Mayor's reasons are, but I think the Council should know, and I think the veteran should know.

Coun. MUCHNICK—Mr. President, in view of the councillor's request that we get some information as to why the Mayor has not done this, it seems to me rather than passing this now we ought to refer it to the Executive Committee with the request that somebody from the Mayor's office come up with an explanation.

Chairman SULLIVAN—The Chair will accept the suggestion and refer it to the Executive Committee.

The order was referred to the Executive Committee.

NOTIFICATION OF HEARINGS ON CHARTER CHANGES.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor direct the legislative agent of the City of Boston to inform the members of the Boston City Council when hearings on the proposed charter changes are to be held in order that the members of the Boston City Council may have the opportunity of being heard.

Coun. KEENAN—Mr. President, I would like to submit for the *City Record* an article that appeared in the Boston Sunday Post of April 6, written by the newspaper man, Jim Colbert.

Chairman SULLIVAN—If there is no objection, the article will be included in the record.

The order was passed under suspension of the rules.

The article referred to is as follows:

THE POLITICAL PARADE.

By James G. Colbert.

Judge Robert Gardiner Wilson of the Suffolk Probate Court, himself a former member of the Boston city government, compares the plebiscite proposed by the special Boston Charter Commission to a communist election. "Everybody can vote—for the name on the ballot," declares the jurist.

Turned Down in 1924.

He cites that the Legislature is now being asked to restore to City Hall the 9-man Council which the Legislature itself ruled unsatisfactory back in 1924. Judge Wilson also makes the salient point that the Boston voters who elect city councilors by wards are the same people who elect legislators by wards.

Something of an expert on municipal matters, having served as a city councilor for 12 years under four different Mayors, Judge Wilson maintains that there is something to be said for local representation in the city government.

He offers a City Council plan for the consideration of the Legislature and the voters of Boston which he believes might give the people local representation and yet eliminate some of the objectionable features of the present 22-man Body.

Judge Wilson proposes a 15-man Council, 11 members elected locally and four elected at large. He suggests that one councilor be elected from each two wards of the city, though he advocates a revision of the present ward lines so that the Council districts would be of approximately the same size.

A Republican, who has been frequently mentioned by G. O. P. leaders as a member of their party who might win election to the office of Mayor if he could be induced to run, Judge Wilson vigorously backs up the contention of Judge Daniel J. Gillen of the Boston Municipal Court that whatever change is made in the City Council should be by vote of the people and not be put into effect over their heads by the Legislature.

Should Have Power.

As one means of improving the City Council, Judge Wilson urges that it be vested with greater authority and responsibility, advocating that it be

empowered to override the Mayor's veto by a two-thirds or three-quarters vote. He asserts that any elective body, which even by unanimous vote cannot have a real and affirmative voice in the government of which it is a part, can hardly justify its existence.

In his discussion of the recommendation by a majority of the Charter Commission that the Legislature wipe out the 22-man City Council and substitute a 9-man Body without a referendum to the people, Judge Wilson declared that the Legislature made that mistake in 1924 when it abolished the 9-man Council without giving the voters an opportunity to retain it if they chose to do so, thereby accepting at least partial responsibility for the adoption by the people of the Ward Council.

One of the striking observations made by Judge Wilson in his reference to the 22-man and 9-man Councils was that four members of the last 9-man Council sought election to the 22-man Body in 1925 and that three of them were unable to carry their home wards.

"It is not surprising that six of the nine members of the special commission which has studied the Boston City Charter filed dissenting reports or supplementary statements to the recommendations of the Commission," Judge Wilson asserted. "A reading of the report suggests that 'the mountain labored and brought forth a mouse.'"

"Hobson's Choice."

"Apparently the capital city of New England is the one community in Massachusetts which cannot be trusted to work out its own destiny according to democratic principles still prevailing on this side of the Atlantic. The 'Hobson's Choice' to be submitted to the voters of Boston reminds one of a communist ballot. Everybody can vote—for the name on the ballot.

"Back in 1924 the Legislature, in its assumed wisdom, decided the then existing system had proved a failure, so it wiped out the Council of 9, elected at large. Then the voters, in the largest city in New England, were told to substitute either a Council of 15, elected three from each of five so-called boroughs, or a Council of 22, elected one from each ward. The latter won by 4,660 votes.

"I assume the legislative theory in 1924 was that the guinea pig would improve with this changed diet, and a higher type of personnel would be assured at City Hall," Judge Wilson continued. "Interestingly enough, four members of the then Council of nine who had been elected at large, sought election to the new Council of 22, and three—William C. S. Healey, James A. 'Jerry' Watson and William J. Walsh—failed to win in their own home wards.

"Now in 1947 it is proposed to prescribe again the 1924 diet. This time the Legislature would say, 'You will revert to the 9-man Council the Legislature itself abolished in 1924; but we'll allow you to decide whether to elect such a Council by limited voting or under proportional representation.' In effect they say, 'You can have your choice of dessert; that is you can't have cake or ice cream, but we'll let you choose whether to eat your pie with a fork or a spoon.'

"The voters of Boston are entitled to a free choice, by Democratic and not Soviet election methods," the jurist insisted.

Plan E Complex.

"Of course, a small group in the Massachusetts Legislature, with a Plan E complex, has been trying to mother Boston by remote control now for years," Judge Wilson went on. "Plan E may well have its merits. But no Council or Legislature is collectively any more honest or competent than are its individual members. And each councilor sent to City Hall, whether elected city-wide or from some ward, is no better than the constituency that elects him.

"That is democracy in action. Every ward in Boston is sending a city councilor to City Hall one year, sends ward representatives to the State House the following year. Perhaps we should assume these voters are really selective only every other year.

"I served in the City Council from the central part of Dorchester for six terms, or a total of 12 years, under four different Mayors. Being in the cast always offers an excellent opportunity to study the play.

"As long ago as 1933 I presented a bill for approval by the Massachusetts Legislature, providing for a Council of 15—11 to be elected every two years, one from each two wards, and four elected at large for four years. There is much merit in both methods of representation. Election at large may produce men of wider viewpoint, but reasonable local representation is even more essential in city government, I believe, than in State government."

Real Goal Plan E.

"Even more important, I feel, is some real degree of responsibility and authority in the Council, unless most members elected to that Body, by any method, are to continue as mere municipal errand boys and a possible sounding board for public opinion.

"My proposed bill provided that a two-thirds vote could override a veto by the Mayor. I would subscribe to even a three-quarters vote—or 12 out of 15 members. But a legislative body which cannot, even by unanimous vote, have a real and affirmative voice in the government of any nation,

state or city, should be abolished. Under the present charter provisions the Council qualifies merely as a 'gadfly of Socrates'—frequently without either a sting or a Socrates.

"The majority of those insistent on the proposed change advocate it merely as a means to an end. The real goal is Plan E as a cure-all millennium for Boston. Why not frankly say so? Even if their hopes and claims are justified. I cannot agree that democracy has proved a failure, or that some 400,000 Boston voters are as yet incompetent to have a real choice in their form of government. The suggested form of plebiscite or referendum would be more of a farce than the 'choice' offered to Boston voters by the Legislature in 1924," Judge Wilson declared.

He stressed that one of the first steps to improve Boston's city government should be to redraw the ward lines, remarking that the present representation in the City Council "is grossly disproportionate, with some wards containing more than twice as many voters as other."

Explaining his proposal that the Council be given greater power, Judge Wilson maintained that the management of the affairs of a city such as Boston should not be left largely to the wishes and discretion of one man, the Mayor.

"City governments perhaps more closely concern the people than either state or federal government," he said. "It is the city government which taxes their homes, and so indirectly the tenants, and which wisely or unwisely thereupon provide police and fire protection, sanitation and public improvements."

"It is a vast business enterprise perhaps analogous to the management of some great public service corporation. The affairs of the stockholders, even in a great business corporation, are not left to the unbridled discretion of any one executive but with a board of directors."

One-Man Rule.

"The conduct of the business of a great city is something part way between a business corporation and the State Legislature or Congress. And yet the affairs of the City of Boston are in effect solely subject to the individual wishes of the chief executive. So far as I know the City of Boston is the only city in America, not under a city manager, in which the legislative branch of the government cannot, even by unanimous vote, pass any measure over the veto of the Mayor," he stated.

Judge Wilson expressed the conviction that his plan for a 15-man Council, with four members elected at large and one chosen from each two wards of the city, might be a logical compromise between the 22-man and 9-man bodies.

He said the men elected from double-ward districts should have a broader viewpoint than those chosen by single wards "without getting too far away from local needs and responsibility," adding that the four councilors elected at large would be expected to assume a substantial city-wide viewpoint without consideration of "selfish local interests."

The Probate Court jurist emphasized that he does not suggest that his scheme be put into effect by the Legislature. He advocates that this and other Council plans be placed on the ballot for the consideration of the voters and that the people be allowed to choose the form of Council they want.

Close Vote.

Back in 1924, when the Legislature decided to abolish the 9-man Council and give the people a choice between a Ward Council of 22 members and a 15-man Body elected by boroughs, the vote was extremely close.

The records show that 56,262 persons voted for the 22-man Council, that 51,602 favored the Body elected by boroughs and that 111,998 persons who went to the polls in that Presidential election didn't ballot at all on the question, presumably because they didn't favor either plan or didn't care which one was adopted.

Less than 10 years after the election, a move was started for another change in the Council, with the feeling expressed that neither of the two alternative plans submitted to the voters by the Legislature was entirely satisfactory.

To Judge Wilson and other students of municipal government there appears to be one glaring inconsistency in the charter picture.

The 1924 Legislature abolished the 9-man Council as a failure without determining where the people stood. The 1947 Legislature is being asked to restore the 9-man Council as a municipal reform without determining the sentiment of the people. "Could both actions be right?" they want to know.

Judge Wilson suggests that the people of Boston probably could do just as good a job as the Legislature in selecting the form of City Council they should have—if the proper choices were submitted to them and they were given a free voice—and do it in Democratic fashion.

ACCEPTANCE OF WARD 20 STREETS.

Coun. BRYAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the following-named streets in Ward 20 as public ways:
Garrett street, Sunnybank road.
Passed under suspension of the rules.

RECESS.

On motion of Councilor Bryan, the Council voted to take a recess at 3.30 p. m., subject to the call of the Chair. The members reassembled and were called to order by Chairman Sullivan at 5.40 p. m.

EXECUTIVE REPORT.

Coun. FISH, for the Executive Committee, submitted the following:

Report on message of Mayor and communication from Corporation Counsel re validity of ordinance on granting of driveway opening licenses by Council—recommending reference to Committee on Ordinances.

The report was accepted, and the matter was referred to the Committee on Ordinances.

Adjourned, at 5.45 p. m., on motion of Councilor Fish, to meet on Monday, April 21, 1947, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Mar. 11, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:45 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward and White.

APPROVAL OF MINUTES

The reading of the minutes of the meetings of Jan. 31 and Feb. 12, 1947, was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as reported by the Superintendent, and laid over at the previous meeting.

The appointments were approved.

DEATHS

The Superintendent reported the death of the following-named teacher:

High School of Commerce — Edward W. Ellsworth, master, Feb. 14, 1947.

Placed on file.

The Superintendent reported the deaths of the following-named Head Masters Emeritus who had been retired under the provisions of the Boston Retirement System:

Charlestown High School — George W. Evans, Feb. 27, 1947.

Hyde Park High School — George W. Earle, Feb. 22, 1947.

Placed on file.

RESIGNATIONS

The following resignations, reported to the Superintendent, to take effect on the dates stated, were presented:

Jeremiah E. Burke High School for Girls—Mary K. McLaughlin, assistant, Feb. 21, 1947.

Brandeis Vocational High School — Rudolph N. Marginot, trade instructor, Mar. 4, 1947.

Francis Parkman District — Elizabeth B. Chadbourne, teacher, kindergarten, Dec. 31, 1946.

Harvard District—Muriel Rossman, teacher, kindergarten, Feb. 14, 1947.

Hugh O'Brien District—Winifred G. Creed, assistant, special class, Feb. 28, 1947.

Thomas N. Hart District—William E. Moore, teacher, intermediate, Feb. 26, 1947.

Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting the retirement from active service of the following-named members of the State-Boston Retirement System, to take effect on the dates indicated, as certified by the Boston Retirement Board:

Girls' Latin School—Mary R. Stark, head of department, women, Feb. 28, 1947.

Agassiz District—Clara G. Dennis, teacher, kindergarten, Feb. 28, 1947.

Edward Everett District—Katherine M. Sullivan, vice principal, Jan. 31, 1947.

Harvard District—Christine G. Long, teacher, kindergarten, Feb. 28, 1947.

Henry L. Higginson District—Mary J. Monahan, vice principal, Feb. 28, 1947.

Oliver Wendell Holmes Intermediate District—Theresa Currie, Lucy D. Macarthy, teachers, intermediate, Feb. 28, 1947.

Patrick T. Campbell Intermediate District—Agnes R. Hurley, teacher, intermediate, Feb. 28, 1947.

Phillips Brooks District—Anna T. O'Brien, vice principal, Feb. 28, 1947.

Rice-Franklin District—Nellie E. Powers, vice principal, special classes, Feb. 28, 1947.

Woodrow Wilson Intermediate District—Elizabeth R. Brady, teacher, intermediate, Feb. 28, 1947.

Conservation of Eyesight Classes —A. Harriet Haley, assistant in charge, Feb. 28, 1947.

Department of Household Science and Arts—Mary Cunningham, teacher of cookery, Feb. 28, 1947.

Department of Industrial Arts —Arvid J. Wahlstrom, shop foreman, Feb. 28, 1947.

Placed on file.

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting the retirement from active service of the following-named veteran, who has been retired on pension under the provisions of Chapter 32 of the General Laws, as amended by Chapter 483 of the Acts of 1945, and by Chapter 678 of the Acts of 1945:

Department of Music—H. Dana Strother, assistant director, Mar. 4, 1947, \$2088 per annum.

Placed on file.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

John Marshall District—Edith C. Greene, teacher, elementary, Apr. 7, 1947.

The rules were suspended and the appointment approved.

(BY PROMOTION)

Girls' Latin School—Anna M. Doyle, head of department, women (from assistant, Hyde Park High School), Mar. 17, 1947.

Phillips Brooks District—Immaculata M. Lavorgna, vice principal (from teacher, intermediate, Solomon Lewenberg Intermediate District), Mar. 17, 1947.

Department of Industrial Arts—G. George Larsson, shop foreman (from shop instructor), Mar. 5, 1947.

The rules were suspended and the appointments approved.

(TWO-SESSION KINDERGARTENS)

Dillaway District—Mary H. Crotty, teacher, kindergarten, two sessions (from one session), Feb. 24, 1947.

Dwight-Everett District—Elizabeth J. Mahoney, teacher, kindergarten, two sessions (from one session), Feb. 24, 1947.

Approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 365, paragraph 3 of the regulations, the following list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—George Bray, Jr., Catherine A. Callahan, Dorothy M. Callahan, Joseph F. Carey, William B. Cate, Richard J. Coner, Dorothy Dunn Dempsey, Robert E. Devney, William J. Dynan, Elizabeth Kennedy Jacobs, Edward B. Leach, Muriel Preble Loring, Joseph F. McDavitt, Celestina Myrick, Paul J. O'Sullivan, Ruth Buehl Ross, Ferdinand P. Salvail, Paul R. Sutliff, Modestino J. Vitale.

Day Intermediate Schools—Maurice C. Brown, Richard H. Burke, Catherine A. Callahan, Thomas R. Cunningham, Robert E. Devney, William J. Dynan, Mary A. Elcock, William P. Foley, Pauline Kane, Arnold H. Lamkin, Edward B. Leach, Robert B. O'Meara, Oscar E. Richard, Yvonne Walker Roberts, Paul R. Sutliff, Leota Gregory Thomas, Helen Butler Townes.

Day Elementary Schools—Christina Kelly Ahern, Frederick G. Ahern, Marjorie Bloom, Cathine A. Callahan, Gertrude Cohen, Dorothy B. Ford, Geraldine L. Galvin, Mary A. Kane, Elizabeth Garvin Lynch, Marilyn R. Masteron, Margaret R. McEvilla, Alice P. McLaughlin, Margaret Riley Meade, Gertrude O'Leary, Paul J.

O'Sullivan, L. Maureen St. Pierre, L. Jane Thursby, Mary M. Toomey, Albina A. Yankun.

Kindergartens—Marjorie Bloom, Gertrude Cohen, Anna M. Dolan, Norma G. Goldman, Margaret M. O'Down, Gertrude O'Leary, Priscilla Stahl.

Boston Trade High School—Matthew J. Harvey.

Horace Mann School—Helen O'Brien Dunbar.

Classes for Conservation of Eyesight—Mary Conlon Donlon, Geraldine L. Galvin, Adelaide Burke Morrissey, Evelyn Costello Sousa.

Special Classes—Thelma G. Adamson, Janice Patterson Cate, Marie T. Cusick, Priscilla Stahl.

Speech Improvement Classes—Catherine Clancy Porter.

Department of Household Science and Arts—Dorothy Dunn Dempsey, teacher of cookery; Nora Jean Stephens Downey, teacher of sewing.

Department of Physical Education—William F. Duffy, Mary A. Elcock, Priscilla Stahl, Maryellen Hook Wible.

Approved.

TEMPORARY TEACHERS

Dorchester High School for Boys—William E. Akerberg, co-operative instructor, Feb. 12, 1947.

Hyde Park High School—Edward F. Lordan, co-operative instructor, Feb. 10, 1947.

Department of Industrial Arts—Thomas J. McGrimley, shop instructor, Feb. 11, 1947.

Approved.

(TEMPORARY SCHOOL NURSE)

Department of School Hygiene—Catherine A. Rogers, Feb. 25, 1947.

Approved.

APPRENTICESHIP AND JOURNEYMAN CLASSES

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of Oct. 6, 1941, (p. 195), he has appointed the following-named persons to the Apprenticeship and Journeyman Classes for Various Trades, to take effect on the dates stated:

First Assistant—Thomas A. Roche (from instructor), Feb. 1, 1947.

Instructors—Edmund J. Lewis, Frederick H. Hoyle, Feb. 3, 1947; John F. Kilroe, James F. O'Rourke, Paul E. Schigg, Feb. 11, 1947; James B. McDonough, Feb. 15, 1947; Laurence W. Murray, Daniel F. Shea, Joseph H. Walsh, Mar. 1, 1947.

Approved.

PART-TIME TRADE PREPARATORY CLASSES

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee and in accordance with the order passed at the meeting of June 12, 1945 (see p. 86), he has appointed the

following-named person to the Part-time Trade Preparatory Classes, to take effect on Feb. 26, 1947:

Toolkeeper—Rosario Celeste, Jr.

Approved.

TEACHERS OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teachers for home instruction to physically handicapped children, to take effect on the dates stated:

Herbert J. Kinsella, Feb. 10, 1947; Anna M. Scannell, Mar. 3, 1947.

Approved.

EVENING SCHOOLS

Term 1946-47

Roxbury Evening Commercial High School—John J. McCarthy, assistant, Jan. 27, 1947.

Grover Cleveland Evening School—Margaret M. Callahan, assistant, Feb. 27, 1947 (one evening); George F. Aherne, assistant, Feb. 27, 1947 (one evening).

Roger Wolcott Evening School—Robert N. Mead, assistant, Feb. 13, 1947 (one evening); Ruth A. Glavin, assistant, Mar. 3, 1947 (one evening).

South End Evening School—Ruth A. Glavin, assistant, Jan. 16 and 21, 1947 (two evenings); Ruth A. Edwards, assistant, Feb. 25, 1947 (one evening).

William Blackstone Evening School—Margaret M. Smith, assistant, Feb. 13 and 27, 1947 (two evenings).

Boston Trade High School (Evening Classes)—Robert F. Larrabee, toolkeeper, Feb. 3, 1947.

Evening Opportunity School—Robert J. Anderson, toolkeeper, Feb. 3, 1947; Howard E. Ogilvie, toolkeeper, Mar. 3, 1947.

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has appointed the following-named clerical assistant for service in the evening schools for the term 1946-47:

South Boston Evening Commercial High School—Eileen M. Trayers, Mar. 6, 1947.

Approved.

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS

Term 1946-47

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools for the term 1946-47:

Assignments

Club Leader—Elizabeth A. Montgomery, Jan. 3, 1947.

Assistant Leaders—Robert B. Merritt, Feb. 5, 1947; Sarah E. G. Reth, Feb. 12, 1947; Paul G. Conway, Feb. 28, 1947.

General Helper—Paul G. Conway, Feb. 28, 1947.

Reassignments

Leaders—Benjamin F. Robinson, Feb. 12, 1947; Isadore Ginsberg, Feb. 19, 1947.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Annie Golden, vice principal, special classes, Wendell Phillips District, to the same position in the Rice-Franklin District, Mar. 5, 1947.

Approved.

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Genevieve Dellagana, assistant, Grover Cleveland Evening School, to the same position in the Roger Wolcott Evening School, Mar. 3, 1947 (one evening).

Approved.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has terminated the assignment of Selma Koehler, assistant, Jeremiah E. Burke High School for Girls, to the Boston Technical High School, to take effect Feb. 28, 1947, and has assigned her to the High School of Practical Arts, without change of rank or salary, to take effect Mar. 1, 1947, and to continue for the school year ending Aug. 31, 1947, unless earlier terminated by the Superintendent, with the approval of the School Committee.

Placed on file and the termination and reassignment approved from the date stated.

A communication was received from the Superintendent under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers, without change of rank or salary, to the positions indicated, to take effect on the dates stated, and to continue for the school year ending Aug. 31, 1947, unless earlier terminated by the Superintendent with the approval of the School Committee:

Madge G. Ross, teacher, elementary, Prince District, to the Department of Industrial Arts, Mar. 17, 1947.

Grace M. Stack, assistant in manual arts, Department of Fine Arts, to The Teachers College, Jan. 27, 1947.

DESIGNATIONS

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1947:

High School of Commerce—Harold B. Garland, master, as acting guidance counselor (vice Joseph M. O'Leary, absent on leave), Feb. 3, 1947.

Ellis Mendell District—Louise F. Dorey, teacher, elementary, as acting vice-principal (vice Louise J. Chambers, absent on leave), Jan. 7, 1947.

James A. Garfield District—Dorothy C. Peterson, teacher, elementary, as acting vice principal (vice Mary T. O'Connell, absent on leave), Jan. 27, 1947.

John A. Andrew District—Edith M. Robertson, teacher, elementary, as acting vice principal (vice Mary C. Gartland, absent on leave), Feb. 3, 1947.

Robert Treat Paine District—Thomas J. Coakley, submaster, as acting principal (vice Mary F. McAuliffe, absent on leave), Feb. 3, 1947; Helen M. Tilley, teacher, elementary, as acting vice principal, Feb. 3, 1947.

Conservation of Eyesight Classes—Eleanor P. Brawley, assistant, as acting assistant in charge, March 3, 1947.

Placed on file.

LEAVES OF ABSENCE

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee, he has discontinued the leave of absence for military service granted the following-named teacher, to take effect on the date indicated:

Joseph H. Barnes Intermediate District—John T. Daley, teacher, intermediate, May 9, 1946.

Placed on file and the leave of absence discontinued from the date stated.

On the report of the Superintendent, leave of absence for military service, without pay, was granted the following-named school physician, to take effect on the date stated, and to continue for the duration of the war, unless earlier terminated by the Superintendent with the approval of the School Committee:

Department of School Hygiene—Paul W. Carrigan, M.D., school physician, Mar. 3, 1947.

On the report of the Superintendent, leaves of absence for rest were granted the following-named teachers for the term specified:

Public Latin School—Philip Marson, master, from Sept. 1, 1947, to Aug. 31, 1948, for rest.

Girls' High School—Florence M. Fischer, assistant, from Sept. 1, 1947, to Aug. 31, 1948, for rest.

On the report of the Superintendent, leaves of absence without pay were granted the following-named teachers for the terms specified:

English High School—Paul G. Crotty, junior master, Feb. 25 to June 30, 1947.

Jeremiah E. Burke High School for Girls—Mary C. Cadigan, assistant, Mar. 3 to 31, 1947.

Henry L. Higginson District—Ruth E. Pearce, teacher, elementary, Feb. 1 to June 30, 1947.

Joseph H. Barnes Intermediate District—John T. Daley, teacher, intermediate, May 10, 1946, to Feb. 13, 1947.

On report of the Superintendent, leave of absence without pay was granted the following-named school physician for the period specified:

Department of School Hygiene—Dr. William Koppel, school physician, June 1, 1946, to May 31, 1948, without pay.

On the report of the Superintendent, leaves of absence without pay, under a suspension of the regulations, were granted the following-named teachers for the terms specified:

Dorchester High School for Girls—Elizabeth A. Pelletier, assistant (assigned to Girls' High School), Feb. 25 to June 30, 1947.

Mary E. Curley Intermediate District—Rosa M. Deliz, teacher, intermediate, Dec. 1, 1946, to June 30, 1947.

Phillips Brooks District—Joseph T. Sullivan, sub-master, Dec. 1, 1946, to June 30, 1947.

On the report of the Superintendent, leaves of absence under suspension of the regulations were granted the following-named teachers for the terms specified:

Department of Household Science and Arts—Kathleen J. Carney, teacher of sewing, intermediate, Feb. 4 to May 3, 1947, without loss of pay.

Department of Physical Education—Clare Ennice, assistant, physical education, Feb. 14 to Mar. 10, 1947, without loss of pay.

On the report of the Superintendent, leaves of absence were granted the following-named teachers for the periods specified:

Jefferson District—Anne Mansfield, assistant, special class, Feb. 6, 1947, court summons.

Thomas A. Edison Intermediate District—Anna E. Dixon, teacher, intermediate, Feb. 4, 1947, court summons.

SPECIAL CLASSES

A communication was received from the Superintendent, under date of Mar. 11, 1947, reporting that subject to the approval of the School Committee he has established special classes in the following-named districts, to take effect as indicated:

Grover Cleveland Intermediate District, Mar. 3, 1947.

Washington Allston District, Jan. 29, 1947.

Approved.

ATTENDANCE AT CONVENTIONS

On motion of the Superintendent, it was

ORDERED, That the attendance of Thomas D. Ginn, Director of Vocational Guidance, at the National Vocational Guidance Association convention, to be held at Columbus, Ohio, March 28, 29, and 30, 1947, is hereby authorized, at an expense to the city not to exceed one hundred fifteen dollars (\$115).

On motion of the Superintendent, it was

ORDERED, That George N. Bergh, shop instructor, Department of Industrial Arts, is hereby authorized to attend a meeting in Philadelphia, Pennsylvania, of school educators for the purpose of selecting radio and electronic material for use in vocational schools, from Mar. 16 to 28, 1947, inclusive, at an expense to the city not to exceed one hundred thirty-five dollars (\$135).

A communication was received from the Superintendent, under date of Mar. 11, 1947, submitting in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of Helen F. Cummings, Director of Special Classes, on her attendance at the Convention of the American Association on Mental Deficiency, held in Montreal, Canada, Oct. 2 to 5, 1946.

Placed on file and leaves of absence on one-half compensation granted for the periods specified.

AMENDMENT OF SCHEDULE OF COMPENSATION FOR CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Mar. 11, 1947, recommending the withdrawal of the order passed by the School Committee at its meeting of Feb. 12, 1947, recommending that the Schedule of Compensation for Custodians for Regular Day School service be amended to provide an extra fireman at the English High School, and the accompanying order substituted in place thereof.

Placed on file and the withdrawal approved.

On motion, it was

ORDERED, That Section 14 of the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service, be amended by adding the following paragraph:

ENGLISH HIGH SCHOOL—One dollar (\$1) per hour in addition to the compensation allowed under the schedule rates, for the purpose of providing an extra fireman to operate the boilers during the night for the period Dec. 13, 1946, to Mar. 31, 1947, or such part thereof as may be certified to the Business Manager by the Schoolhouse Custodian.

UNFINISHED BUSINESS

The order laid over at the meeting of Jan. 31, 1947, making an addition to the List of Authorized Text Books, was taken up and passed unanimously.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

Mar. 18, 1947

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:50 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Under general supervision, to perform routine processes in the work of accumulating and presenting statistical data, calling for the exercise of a limited degree of statistical judgment; and to perform related work as required.

Examples of Duties: Collecting data from cancer clinic records and by house-to-house survey; performing routine coding of cancer clinic records and other data; charting data on semilogarithmic paper; obtaining rates by slide rule; obtaining means and medians and quartiles; transferring data to logarithms and plotting on arithmetic paper; applying the point binomial theorem to cancer records.

Experience or training in the use of higher mathematics is necessary, as well as the ability to do neat and accurate work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PUBLIC AUCTION.

The City of Boston will sell all its right, title, and interests in the steamer "Michael J. Perkins." This boat is a coal-fired, single-screw, steel vessel which formerly operated between Long Island, Boston Harbor, and the mainland.

Specifications are as follows: Length 523 feet, depth 12 feet, breadth 28 feet, indicated horsepower 800, net 243 tons, gross 357 tons. This boat has been used for both passenger and freight service.

Time of Sale: Tuesday, May 6, 1947, at 11 a. m., on the boat, docked at the Quincy Dry Dock Company, Quincy, Mass.

Minimum price, \$5,000. A deposit of \$1,000, in cash or certified check, required at the time and place of sale. Balance to be paid in or within 30 days.

The Institutions Commissioner reserves the right to reject any or all bids. Further particulars from the Commissioner, Room 1109, City Hall Annex, Boston, Mass. Laf. 5100, Extension 370.

G. FRANK McDONALD,
Commissioner.

(April 26.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ATHLETIC SUPPLIES.

The Supply Department of the City of Boston invites proposals for furnishing athletic supplies for the Park Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Athletic Supplies." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Monday, May 5, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(April 26.) Superintendent of Supplies.

COMMONWEALTH OF MASSACHUSETTS.

MUNICIPAL COURT OF THE CITY OF BOSTON FOR THE TRANSACTION OF CRIMINAL BUSINESS.

NOTICE OF PROPOSAL TO DESTROY CERTAIN PAPERS.

In accordance with the General Rule Relative to the Disposal of Obsolete and Useless Papers and Records in the Courts, adopted by the Supreme Judicial Court, June 24, 1946, and as amended March 31, 1947, notice is hereby given that it is proposed to destroy papers relating to so-called "charges" for alleged violation of motor vehicle parking rules or regulations disposed of in the calendar year 1945, in accordance with General Laws (Ter. Ed.), chapter 90, section 20-A, as inserted by Statute of 1935, chapter 176, and amended by Statute of 1938, chapter 201, and corresponding provisions of earlier laws, where no criminal complaint has been filed.

DANIEL J. LYNCH,
Clerk.

(April 26.)

CITY OF BOSTON.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR FURNISHING
TABLE LAMPS.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for furnishing certain table lamps. Drawings and specifications may be had upon application to the business office, Public Library of the City of Boston, Copley square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, May 7, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications may be obtained on and after Monday, April 28, 1947, at the business office, Public Library of the City of Boston, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF
THE CITY OF BOSTON.

ELIZABETH B. BROCKUNIER,
(April 26-May 3.) Clerk.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HOSPITAL BEDS
AND BEDSIDE TABLES FOR THE BOSTON CITY
HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing hospital beds and bedside tables for the Boston City Hospital, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes, marked "Proposal for Hospital Beds and Bedside Tables." The bids will be publicly opened and read Thursday, May 8, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(April 26.) Superintendent of Supplies.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR PITCH-SATURATED WATERPROOF-
ING FABRIC, RAPID TRANSIT FACILITIES,
EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 60,000 square yards, more or less, of woven cotton cloth, waterproofed with coal-tar pitch, for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, April 21, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 30, 1947. A properly certified check for one thousand (1,000) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY, Secretary.
(April 19-26.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TOLLMAN-GUARD
UNIFORMS FOR PUBLIC WORKS DEPART-
MENT, TRAFFIC TUNNEL.

The Supply Department of the City of Boston invites proposals for furnishing uniforms for the Public Works Department for use in Traffic Tunnel, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes marked "Proposal for Uniforms." The bids will be publicly opened and read on Friday, May 9, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PARK DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT ON
ROADWAYS IN JAMAICAWAY, RIVERWAY,
FRANKLIN PARK, AND COMMONWEALTH
AVENUE.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for sheet asphalt pavement on roadways in Jamaicaaway, Riverway, Franklin Park, and Commonwealth avenue. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed and marked "Proposal for Sheet Asphalt Pavement on Roadways in Jamaicaaway, Riverway, Franklin Park, and Commonwealth Avenue," and left before 2 o'clock on Thursday, May 1, 1947, at the office of the Park Department with a certified check for \$12,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR SUPPLYING AND INSTALLING REFRIGERATING EQUIPMENT FOR FOUR (4) WALK-IN CHESTS AND THE MORTUARY AT THE LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for supplying and installing refrigerating equipment for four (4) walk-in chests and the mortuary at the Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Friday, May 9, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$600, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,
(April 26.) Commissioner of Institutions.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR READY-MIXED CONCRETE AND MORTAR, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 15,300 cubic yards, more or less, of ready-mixed concrete and mortar for Rapid Transit facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, April 21, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 30, 1947. A properly certified check for seventy-five hundred (7,500) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interest of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FOUR (4) STAINLESS STEEL SCULLERY SINKS FOR LONG ISLAND HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing equipment, as specified, for Long Island Hospital. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, May 6, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Stainless Steel Sinks."* The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(April 26.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO WARREN BRIDGE OVER THE CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for repairs to Warren Bridge, over the Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to Warren Bridge, over the Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, May 8, 1947, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(April 26.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN EXCHANGE PLACE, BETWEEN KILBY STREET AND CONGRESS STREET, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for Sewerage Works in Exchange place, between Kilby street and Congress street, City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Exchange Place, between Kilby Street and Congress Street, City Proper," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, May 2, 1947, with a certified check for four hundred and fifty (450) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(April 26.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING READY-MIX CONCRETE.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments Ready-Mix concrete, as per specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Wednesday, May 7, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(April 26.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MAY 3, 1947.

No. 18

MAYOR CURLEY SUBMITS SUPPLEMENTARY BUDGET RECOMMENDATIONS TO COUNCIL TOTALING \$909,500, FUNDS REQUIRED BY FIRE, HOSPITAL, INSTITUTIONS, AND POLICE DEPARTMENTS AND OFFICE OF REGISTRY OF DEEDS — PROVIDES FOR 100 ADDITIONAL FIREMEN, PURCHASE OF GASOLINE, AND PENSIONS — HOSPITAL NEEDS TO CLAIM LARGEST INDIVIDUAL SUM — INSTITUTIONS DEPARTMENT BOAT AND EASTERN AVENUE WHARF REPAIRS ALSO PROVIDED FOR.

On April 28 the Mayor sent the following communication to the City Council for action:

To the City Council.

GENTLEMEN,— I submit herewith supplementary budget recommendations totaling \$909,500 for the following purposes:

City Maintenance.

Fire Department	\$196,500
Hospital Department	350,000
Installations, Alterations and Repairs	175,000
Institutions Department:	
Steamer "Stephen J. O'Meara"	6,000
Eastern Avenue Wharf, Repairs, etc.	5,000
Police Department	165,000
	<u>\$897,500</u>

County Maintenance.

Registry of Deeds	12,000
Total	<u>\$909,500</u>

A brief explanation of these appropriations is given below.

FIRE DEPARTMENT — \$196,500. This appropriation is necessary to provide for 100 additional firemen to maintain the operating efficiency of the fire force, due to the granting of more liberal vacation privileges; to provide sufficient funds for laundering sheets, towels, pillow slips, etc., used in the dormitories of the fire stations; to provide for the purchase of tires, because of the fact that present synthetic rubber tires are deteriorating faster than tires formerly in use; to provide uniforms for new men and officers required, due to the 48-hour law now in effect; to provide sufficient funds for the purchase of gasoline, due to the change to high octane, and for gasoline and oil used for instruction of new men at the Navy Fire Training School in South Boston; to provide for building materials for the maintenance of 57 buildings and automobile parts used by department mechanics; and to provide for pensions of employees not included in the contributory system which, from present indications, will be greater than anticipated.

HOSPITAL DEPARTMENT — \$350,000. To provide for the increased cost of printing of medical forms and stationery; to provide sufficient funds for the purchase of food, because the anticipated reduction in food costs has not as yet materialized; to provide for fuel, the cost of which has increased with the April deliveries; to provide for the increased cost of cotton goods, supplies for dressings, medicines, and streptomycin; and to provide for the increased cost of soap, soap powders, etc.

HOSPITAL DEPARTMENT, INSTALLATIONS, ALTERATIONS AND REPAIRS — \$175,000. To provide for the cost of installations, plumbing work, and architects' fees in connection with the replacement of sterilizers throughout the hospital, and major alterations and repairs needed to recondition four buildings.

INSTITUTIONS DEPARTMENT, STEAMER "STEPHEN J. O'MEARA" — \$6,000. To provide for emergency repairs as required by the United States Coast Guard Marine Inspectors. The original allowance of \$14,000 will not be sufficient to meet the cost of these repairs.

INSTITUTIONS DEPARTMENT, EASTERN AVENUE WHARF, REPAIRS, ETC. — \$5,000. This amount was reduced by your Honorable Body in the original budget from \$35,000 to \$30,000. The lowest bid received was \$34,950. Therefore, this sum is necessary in order to proceed with the work.

(Continued on page 573.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene.
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR CURLEY PRAISES SUCCESS OF "NEWBURYPORT PLAN" FOR COMBATTING HIGH COSTS.

The Mayor on April 24 presented the following letter to Mayor John M. Kelleher of Newburyport upon his visit to the Mayor's office:

BOSTON, April 24, 1947.

HON. JOHN M. KELLEHER,
Newburyport, Mass.

DEAR MAYOR KELLEHER.—The City of Newburyport, its people, and especially its merchants, are to be congratulated in conceiving and carrying out the now nationally famed "Newburyport Plan," which patriotically upholds President Truman's efforts to combat inflation through a general price reduction program.

The soundness of the Newburyport Plan is now evident by the manner in which it has quickly spread throughout the nation, from Maine to California. Many of the country's large industries, recognizing that it will prove to be a boon to business promotion, have already adopted it. More, many more, are certain to follow.

I was pleased to note this morning that the President, in a telegram to Thomas E. Littlefield, President of the Northeast Essex Development Council, has added his official and unstinted praise.

Yesterday I requested the Boston Chamber of Commerce to publicly endorse the plan. I am sure such action will follow. Without waiting, many of our mercantile establishments in Boston have adopted it.

Again my congratulations, and those of the people of Boston. Newburyport now looms large on the nation's map. It has brought outstanding fame to Massachusetts.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR CURLEY PLANTS ARBOR DAY TREE ON BOSTON COMMON.

April 25, being Arbor Day, a tree was planted on Boston Common by Mayor James M. Curley in honor of President Harry S. Truman.

Mayor Curley, in the course of his remarks, called upon the gathering to pray to Almighty God, without whose aid nothing is possible, and with whose aid nothing is impossible, that the efforts of President Truman in establishing permanent peace in the world may at last become a reality.

The establishing of permanent peace based on spiritual and economic justice is the wish nearest the hearts of the mothers of the world, and of all right-thinking persons who recognize that there is a certainty that permanent peace can be established under the leadership of the United States of America because of its most unusual and unique position, namely, America has no desire for the territory of any nation in the world or the placing in subjection of any people in the world.

The fact that America possesses that which every nation requires, namely, the largest food supply in the world, the largest supply of wealth in the world, control of the air, control of the sea, and control of the atom bomb, should force home the conviction on the people of the world that a peace based on spiritual and economic justice must be established now.

"I AM AN AMERICAN DAY" PLANS ANNOUNCED.

The following has been issued by the Public Celebrations Department, George J. Curley, Director:

On Sunday, May 18, exercises will be held at the Parkman Bandstand on Boston Common in observance of "I Am An American Day."

These exercises will include the pledge of allegiance, the reading of the Presidential Proclamation on "I Am An American Day," a speaking program, and a musical program.

The tentative arrangements call for speeches by Governor Bradford, Mayor Curley, and the guest speaker of the day, with the invocation and the benediction being performed by prominent clergymen.

An invitation has been sent to William Randolph Hearst, asking Mr. Hearst to be the speaker of the day, or, in the event that he cannot attend, asking that he send a message which may be read at these exercises.

The musical portion of the program will be rendered by Miss Marion Mulhall, soloist, the City of Boston Glee Club, and a band.

Below is a copy of the letter which the Mayor has sent to William Randolph Hearst:

BOSTON, April 24, 1947.

MR. WILLIAM RANDOLPH HEARST,
San Simeon, California.

My dear Mr. Hearst,—The City of Boston, following the proclamation of the President of the United States, will hold exercises on Sunday, May 18, 1947, in observance of "I Am An American Day."

These exercises will be held at the Parkman Bandstand on Boston Common and will constitute the official welcome to all those citizens of the City of Boston who have become citizens within the last year. They will also serve to further in the minds of the people of Boston the traditions and ideals of this great country of ours.

The city would be honored indeed if you would accept this invitation to be the principal speaker on this occasion, since you have been the outstanding clarion in the cause of Americanism. In the event that your schedule may not allow you to be present with us, we would be most pleased if you would send a message which may be read at these exercises.

Looking forward to your reply, and with kindest personal regards, I am, as always

Very sincerely yours,

JAMES M. CURLEY, Mayor.

WAR MOTHERS OF AMERICA PAY VISIT TO MAYOR CURLEY.

The Mayor on April 24 was paid a visit by members of the United War Mothers of America, Inc., headed by Mrs. Mary J. Hanson, 111 West Medford street, Boston, who is the founder and national and state president.

Also present were Mrs. Gertrude Madden, President of the Roslindale Chapter, Mrs. Ellen Goodwin, Treasurer of the Roslindale Chapter, and Mrs. Josephine Magmeister, President of the East Boston Chapter.

The organization was founded on April 1, 1943, and the members meet at the Ritz Plaza in Boston.

In Massachusetts alone there is a membership of 10,000, comprising 25 chapters. At present the organization is conducting a drive for the purpose of raising funds to furnish entertainment, birthday parties,

wheelchairs, typewriters, convertible beds, and other equipment to veterans in veterans hospitals.

In addition to the above, they take the veterans to ball games, and on trips down Boston Harbor on the "S.S. Steel Pier," and twice each year they conduct trips to Provincetown.

United War Mothers of America, Inc., is comprised of mothers of sons and daughters who served in the armed forces in World War II. Members of every chapter visit a hospital at least once a month and sometimes three times a month, distributing cigarettes, toilet articles, and cards.

This group was photographed with the Mayor, and each was presented with a silver dollar by his Honor.

EFFORTS BEING MADE TO CHECK VANDALISM IN SCHOOLS.

His Honor the Mayor on April 23 received the following letter from the Reverend Cornelius T. Sherlock, which is in answer to his letter of April 11, 1947. Below are given both letters:

BOSTON, April 11, 1947.

REV. CORNELIUS T. SHERLOCK, *Head of the Parochial Schools*, Boston, Mass.

DEAR REVEREND FATHER.—The indications are that the loss to the city due to vandalism in the breakage of windows in the school buildings and gas lamps and electric globes results annually in the vicinity of \$100,000.

With a view to preventing a similar loss this year, I am respectfully requesting that you call to the attention of all pupils in all of the schools and churches that it is the intention of the city to have the Law Department prosecute all cases of vandalism directed to their attention, and request the courts to assess a fine, equal to the loss sustained by the city in each case, upon the parents of those responsible.

It would, in my judgment, be possible to prevent loss of this character in the future, provided the views as here set forth are impressed upon the pupils.

Respectfully,

JAMES M. CURLEY, Mayor.

BOSTON, April 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

YOUR HONOR.—I am grateful to you for your letter of April 11, in which you call attention to the vandalism which has been so expensive to the City of Boston.

I am calling this matter to the attention of our schools within the city and I feel that this should be effective in lessening the losses due to vandalism.

Yours most sincerely,

REV. C. T. SHERLOCK,
Diocesan Supt. Schools.

His Honor the Mayor on April 23 received the following letter from Superintendent Arthur L. Gould, which is in answer to his Honor's letter of April 11. Below are given both letters:

BOSTON, April 11, 1947.

MR. ARTHUR L. GOULD, *Superintendent of Schools*, Boston, Mass.

DEAR SIR.—The indications are that the loss to the city due to vandalism in the breakage of windows in the school buildings and gas lamps and electric globes results annually in the vicinity of \$100,000.

With a view to preventing a similar loss this year I am respectfully requesting that you call to the attention of all pupils in all of the schools that it is the intention of the city to have the Law Department prosecute all cases of vandalism directed to their attention, and request the courts to assess a fine, equal to the loss sustained by the city in each case, upon the parents of those responsible.

It would, in my judgment, be possible to prevent loss of this character in the future, provided the views as here set forth are impressed upon the pupils.

Respectfully,

JAMES M. CURLEY, Mayor.

Copy for the information of the Mayor,
April 22, 1947.

Superintendent's Circular, No. 161, 1946-47, Boston Public Schools, Superintendent's Office, April 22, 1947.

VANDALISM.

To Principals of Schools and Districts.

The following letter has been received from his Honor the Mayor, James M. Curley:

"The indications are that the loss to the city due to vandalism in the breakage of windows in the school buildings and gas lamps and electric globes results annually in the vicinity of \$100,000.

"With a view to preventing a similar loss this year, I am respectfully requesting that you call to the attention of all pupils in all of the schools that it is the intention of the city to have the Law Department prosecute all cases of vandalism directed to their attention, and request the courts to assess a fine, equal to the loss sustained by the city in each case, upon the parents of those responsible.

"It would, in my judgment, be possible to prevent loss of this character in the future, provided the views as here set forth are impressed upon the pupils."

These widespread acts of vandalism constitute a serious problem involving all agencies concerned with the training of youth for effective citizenship—the home, the school, the church, and the law-enforcing agencies in the city.

Principals are requested to seek the cooperation of all those agencies concerned with the establishment of public order and respect for law. Principals should, through parent-teacher organizations, enlist the cooperation of school and home in the maintenance of orderly conduct and discipline within and without the schools.

Principals are requested to give this information to the pupils in the several schools and districts, and to start an intensive program in the schools for the purpose of eliminating needless waste of funds because of damage to public or private property.

Very truly yours,

ARTHUR L. GOULD,

Superintendent of Public Schools.

COMMERCIAL GROUP MEETS WITH MAYOR ON MATTER OF PORT DEVELOPMENT.

A meeting was held on April 25 in the office of the Mayor, City Hall, School street, at which were present members of the Boston Port Authority, headed by J. Alexander Crothers, and the following representatives of shipping interests, stevedoring companies, and other officials and interested groups.

Daniel Donovan, Vice-President, International Longshoremen's Union; Frank

Davis, Maritime Division of the Chamber of Commerce; Thomas Smiddy, Director, Boston Shipping Association; Edward J. Crocker, Manager, Atlantic and Gulf Stevedores, Inc.; John Birmingham, President, Quinn Brothers; Robert Bacon, Director, Boston Grain and Flour Exchange.

The meeting was called with a view to adjusting differences in the matter of handling cargoes at the Port of Boston. The group was in session for three hours, and after a discussion of all questions and controversies, their respective committees were requested to meet, agree on an adjustment of differences, and report to the Mayor on Tuesday, May 6, 1947, at 2 p. m.

It is hoped that the controversial questions will be adjusted and an agreement arrived at, covering a period of years with a no-strike policy in effect and absolute cooperation and coordination between all parties interested.

The adoption of such an agreement should be of inestimable benefit to the Port of Boston and put an end to all controversies for a long period of time.

PUBLIC WORKS COMMISSIONER ROBERT P. CURLEY APPEALS TO CITIZENS TO AID IN KEEPING STREETS CLEAN.

Public Works Commissioner Robert P. Curley has issued the following statement:

One of the functions of the Public Works Department as prescribed by city ordinance is to keep the streets of our city clean. This is a large and important undertaking when it is considered that there are over 700 miles of streets under the jurisdiction of this department.

Recently, the equipment used for this purpose was supplemented by the purchase of new vehicles, which were unobtainable during the war, and, in addition, two more full-time street cleaning districts have been established, thus concentrating all of these activities throughout the city in one division.

This department will now be able to give more frequent and regular attention to the streets in all sections. The city cannot accomplish all that it desires to do unless it receives the cooperation of business enterprises, storekeepers, and householders. I am appealing to the people of Boston to assist by not sweeping or throwing into the streets dirt or rubbish from their property or sidewalks.

In this connection, I call attention to section 41 of chapter 39 of the Revised Ordinances of 1925, which reads in part as follows:

"No person shall throw or sweep into, or place or drop and suffer to remain in, any street, . . . rubbish or filth of any kind."

The season is approaching when many people from distant points will be in this vicinity to view our historic shrines and to visit our cultural institutions, and everything possible should be done to make our city more attractive.

This department is doing all it can to improve conditions, and with the help of all (business people, storekeepers, householders, and others) a great deal can be accomplished.

I am confident that with our combined efforts Boston will become a cleaner, more presentable, and therefore a better, city.

ROBERT P. CURLEY,
Commissioner of Public Works.

MAYOR'S APPOINTMENTS.

The following appointments (and reappointments) were signed by the Mayor on April 29:

BOARD OF APPEAL.

James A. McElaney, 53 Greateon road, West Roxbury, term ending April 30, 1952.

ART COMMISSION.

Evangeline Walker, 69 Bay State road, Boston, term ending April 30, 1952.

BOARD OF EXAMINERS.

Benjamin Gargill, 205 Columbia road, Dorchester, term ending April 30, 1950.

LIBRARY DEPARTMENT.

Rev. Robert H. Lord, 502 Washington street, Wellesley, term ending April 30, 1952.

BOARD OF PARK COMMISSIONERS.

Joseph Lee, 43 South Russell street, Boston, term ending April 30, 1950.

BOARD OF REAL ESTATE COMMISSIONERS.

William F. Keesler, 38 Pinckney street, Boston, term ending April 30, 1950.

BOARD OF SINKING FUNDS.

Benjamin Spinoza, 138 St. James avenue, Boston, term ending April 30, 1950.
John Stubbs, 36 Federal street, Boston, term ending April 30, 1949.

BOARD OF TRANSIT COMMISSIONERS.

John T. Murray, 28 Moss Hill road, Jamaica Plain, term ending April 30, 1950.

CITY HOSPITAL.

Martin J. English, M. D., 520 Commonwealth avenue, Boston, term ending April 30, 1952.

BOARD OF ZONING ADJUSTMENT.

John F. Murphy, 53 State street, Boston, term ending April 30, 1952.

CITY PLANNING BOARD.

Joseph A. Mitchell, 43 Howitt road, West Roxbury, term ending April 30, 1952.

OVERSEERS OF THE PUBLIC WELFARE.

Edward H. Willey, 701 Broadway, South Boston, term ending April 30, 1952.
Isabel C. Connelly, 21 Gerald street, Brighton, term ending April 30, 1950.
Thomas M. Genelli, 36 Trapelo street, Brighton, term ending April 30, 1950.

VETERANS' GRAVES REGISTRATION.

Frank T. Pedonti, 25 Billerica street, Boston, term ending April 30, 1948.

HALIFAX AND BOSTON MAYORS EXCHANGE GREETINGS.

The following telegram was on April 28 received by his Honor the Mayor from Mayor J. E. Aherne of Halifax:

ON THE OCCASION OF THE VISIT TO BOSTON OF OUR FINE YOUNG RIDERS WHO ARE PARTICIPATING IN ARCHBISHOP CUSHING'S HORSE SHOW, I SEND YOU GREETINGS FROM CANADA'S GREATEST SEAPORT. I KNOW OUR YOUNG CITIZENS WILL ABLY REPRESENT OUR CITY. KINDEST PERSONAL GREETINGS.

J. E. AHERN, Mayor.

MAYOR CURLEY SUBMITS SUPPLEMENTARY BUDGET RECOMMENDATIONS TOTALING \$909,500 TO THE CITY COUNCIL.

(Continued from page 569.)

POLICE DEPARTMENT — \$165,000. To provide for sufficient funds for the purchase of gasoline; and to provide for pensions of employees not included in the contributory system which, from present indications, will be greater than anticipated.

REGISTRY OF DEEDS — \$12,000. To provide for the salary of a technical assistant, established under the provisions of chapter 185, section 10 (A), of the General Laws, and to rectify a miscalculation in the item of Piece Work Copyist.

In connection with the above explanations I would like to call the attention of your Honorable Body to the fact that on March 24, 1947, I submitted a letter increasing the appropriations for uniforms for the Fire Department, for repairs to Steamer "Stephen J. O'Meara" of the Institutions Department, and for permanent employees in the Registry of Deeds, but, as no action was taken by your Honorable Body, it is now necessary to resubmit these recommendations, which are included above.

I respectfully request the adoption of the accompanying order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

CHANGES IN FEE CHARGES.

FIRE DEPARTMENT.

BOSTON, April 11, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In connection with the recent conference of the committee to consider ways and means of increasing departmental revenues, the following changes in the fee schedule of the Electrical Inspection Division of this department are recommended:

1. That certain types of fixtures recognized as "drop lights" and "receptacles" connected to outlet boxes (excepting convenience outlets) be charged for at fixture rates, where heretofore they have been regarded as part of the "rough wiring" installation.

2. That a graduated scale be arranged on "overhead services" where an increase in size warrants a change to one of greater capacity due to overload of existing mains and branch circuits. The steps would be:

Zero to 100 amperes capacity, 75 cents;
100 to 400 amperes capacity, \$1.50;
over 400 amperes capacity, \$3.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of trench back filling by the New England Telephone & Telegraph Company, the following street is one way in the direction indicated, and parking of vehicles is prohibited in both sides, on Saturday, April 26, 1947:

Franklin Street, Boston Proper.

From Congress street to Pearl street.

TO SELL ROPE.

The Mayor has approved the following request of the Institutions Department:

BOSTON, April 10, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested for the Institutions Department to advertise in one Sunday newspaper on April 20 for offers for 128 fathoms of 10-inch Manila rope with 3½ fathoms of bridle. This rope was removed from the M. V. "James Michael Curley" when it was purchased from the federal government.

We find that this rope is too large for our purpose and too large for any other city department for their use.

All offers with recommendations will be presented to your Honor and Council for acceptance.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

MAYOR ASKS CHAMBER OF COMMERCE TO INAUGURATE "NEWBURYPORT PLAN" IN BOSTON.

His Honor the Mayor on April 23 sent the following letter to Channing H. Cox, President of the Chamber of Commerce:

CHANNING H. COX, President, Boston Chamber of Commerce, Boston, Mass.

MY DEAR GOVERNOR,—The movement at Newburyport, known as the "Newburyport Plan," to end the buyers' strike that apparently has been in progress throughout the nation during the past three weeks has met with such success in the Newburyport section, due to a 10 per cent reduction in prices, that I believe it is worthy of the approval of the Chamber.

A notification of the endorsement of the Newburyport Plan by the Chamber of Commerce might do much to promote business not only throughout Massachusetts, but throughout the country.

Trusting your Board will consider favorably this request, I remain

Respectfully,

JAMES M. CURLEY, Mayor.

REALLOCATION OF FUNDS.

The Mayor has approved the following requests for reallocation of funds:

FIRE DEPARTMENT.

BOSTON, March 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested that the following reallocation of funds be allowed in the 1947 Fire Department budget:

From A-1, Permanent Employees, \$3,000 to A-3, Overtime, \$3,000.

The foregoing reallocation is requested in order to pay auto mechanics in the Maintenance Division for overtime work in repairing major apparatus of the department.

The work is necessary because of a large number of mechanical breakdowns in the apparatus due to the old age of practically all of our motor apparatus and the additional strain placed upon it during operations.

Inasmuch as our force of auto mechanics is unable to keep up with the number of repairs required during the

regular work day, it is necessary to employ these men at least three nights per week, five hours each night, for approximately three months. For this overtime work, they will be paid time and one half in accordance with authorization granted in your Honor's circular letter dated February 10, 1947.

This is an emergency situation and inasmuch as we have not received any of the numerous pieces of apparatus which were ordered last year our present over-age apparatus must be repaired as quickly as possible in order to keep it in operating condition.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

LIBRARY DEPARTMENT.

BOSTON, April 11, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocation for the reason noted below:

From C-3, \$100, to C-2, \$100.

Due to rising costs for machinery it is necessary to reallocate this sum in order to purchase a machine for our Binding Department.

Respectfully,

MILTON E. LORD, Director.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

BUDGET DEPARTMENT.

Sliding-scale increases as provided in the County Compensation and Classification Plan have been granted to the following employees, to be charged to Miscellaneous Expenses, Budget Department:

James B. Goldrick, chief clerk, from \$3,100 a year to \$3,200 a year.

Francis W. Breslin, principal clerk, from \$2,700 a year to \$2,800 a year.

Ellen J. Prendergast, principal clerk, from \$2,500 a year to \$2,600 a year.

Mary T. Dunning, clerk, from \$1,800 a year to \$1,900 a year.

Marilyn L. McGrath, clerk-typist, from \$1,700 a year to \$1,800 a year.

Margaret A. Birmingham, clerk, from \$1,500 a year to \$1,600 a year.

Geraldine M. Kelleher, clerk, from \$1,500 a year to \$1,600 a year.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Approval has been given for the following changes in the service of the Sanatorium Division during the week ending April 15, 1947:

Appointments.—Richard M. Dart, M. D., 17 Fernald terrace, Dorchester, temporary interne, \$1,400 a year; Radford Brokaw, M. D., 25 Irving terrace, Cambridge, temporary interne, \$1,400 a year; John B. Tobin, 670 Broadway, South Boston, permanent patient male nurse, \$9.93 a week; Walter Sylvester, 108 Willow street, Cambridge, permanent patient male nurse, \$9.93 a week; Alfred Jones, 106 West Concord street, Boston, permanent patient male nurse, \$9.93 a week; Philip Mortimer, 563 Bennington street, East Boston, permanent

Michael F. Black (also known as Francis Michael Black), 11 Thornley street, Dorchester, chauffeur-laborer in the Sanitary Division of the Public Works Department.

John E. Brundige, 228 Temple street, West Roxbury, patrolman in the Bureau of Criminal Investigation of the Police Department.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

ASSESSING DEPARTMENT.

Permission has been granted to award a contract to the Dewell Company, 9 Tremont place, Boston, the only bidder in a proposal advertised in the *City Record* on April 12, 1947, to do the following work as itemized in said proposal for the total sum of \$10,140, the work to be performed as follows:

Work to be Performed.

Strike out, or eliminate, from original Police Lists of all wards of the city, by use

of a short marginal ruled or hand-drawn line, the names of all persons—or business or other locations not indicating a place of residence—except male persons above the age of twenty (20); and

A. Place against the names of male persons described as "70 years of age or over," an acceptable distinguishing marginal mark or symbol—for special separate listing.

B. Place against the names of all male persons, other than those marked as in A above, a different distinguishing marginal mark or symbol in all instances where the occupation is shown to be USA, USN, USMC, USCG, indicating armed forces of the United States—for special separate listing.

C. Be required only to observe the distinguishing mark or symbol now appearing on the Police Lists indicating a World War II veteran—for special separate listing, with those marked as in B above.

D. Number, beginning with the No. 1 in each ward all male persons above the age of 20; the first numbering in each precinct to be consecutive, by excluding names of persons identified by symbols

(Continued on page 576.)

BUILDING DEPARTMENT.

CONTRACTS AWARDED.

(Continued from page 575.)

referred to in A, B, C, above; and to be continued in each precinct by the consecutive numbering of those persons referred to in A, B, C, above. Each precinct after the first to start with the next consecutive number following the last number in the preceding precinct. The total sum of \$2,600.

Prepare one typewritten original and one or three carbon copies of the Police List, prepared under Part I, on official Poll Tax List Forms, as follows:

E. List all male persons, above the age of 20, showing in the proper printed

columns provided:—Poll Tax Numbers as prepared in Part I: Full name and street and number address.

F. Begin each ward with the number one (1) and continue numbering consecutively to end of each ward; and similarly for each of the 22 wards of the city.

G. (One Original and One Carbon Copy.) The first series of numbered male persons listed in every precinct will be those males not marked as in Part I, A, B, or C. One Valuation List and One Commitment List only shall be used in this first listing.

H. (One Original and Three Carbon Copies.) Immediately following the last male person thus listed as in G, above, in

every precinct, return to the first page of Police Lists in that precinct using One Valuation, One Commitment List, and Two Abatement Lists, by carbon inserts, continue the consecutive numbering there provided and continue to list the names of those male persons marked as in Part I, A, B, C, to the end of every precinct. (Repeat for all wards.) In right hand margin of names listed as in H above, type for "70 years or more" (only)—17A. The total sum of \$3,700.

Prepare from the typewritten lists referred to in Part II above, one original and five carbon typewritten copies of Poll Tax Bills on continuous carbon-interleaved forms, showing the bill, ward and consecutive number, which is pre-printed in agreement with prepared list, full name, and street and number of residence.

J. Bill forms may be typed in six bill strips by tearing off that number from continuous forms, and retaining the consecutively numbered sequence by placing them face down until the ward is completely written, etc., for each ward of the city, first separating the first two bill forms from the remaining copies, and removing the first two carbon papers, making two separated groups—original bills—and copies.

For Parts I, II, and III the grand total sum of \$3,840. Total sum, \$10,140.

BOSTON HOUSING AUTHORITY.

Upon April 28 the Mayor approved a contract with Construction Units, Inc., for road, utility and landscape work on River street, Mattapan. Bids were as follows:

Construction Units, Inc., \$49,994; Coleman Brothers Corporation, \$50,970; Baker and Company, Inc., \$62,000; J. H. Singarella Company, \$63,337.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 15 the Mayor approved a contract with John F. Hynes for alterations at the James A. McDonald and Polk Street Schools. Bids, opened Thursday, April 10, were as follows:

John F. Hynes, \$4,500; M. Solimando, \$5,280; Rossano Construction Company, Inc., \$5,357; Michael Racioppi, \$5,491; Peabody Construction Company, \$6,235; P. J. Cantwell and Son, \$6,434; John Rugo, \$7,184; M. Spinelli & Sons, Inc., \$7,243; Donato Antonellis, \$7,544.

Under Item 2, work to be performed by subcontractor John Rynos, listed Kalamien partitions (J. Waxman Company, \$441) as a sub-bid. Only painting and heating subs were called for by this department. This amount, \$441, should be included in Item 1, making total Item 1, \$3,321, instead of \$2,880. Also total of sub-bids should be \$1,179, instead of \$1,620. These two totals, namely, \$3,321 and \$1,179, make total contract sum of \$4,500, as submitted.

Upon April 16, the Mayor approved a contract with the MacDonald Elevator Company for elevator inspection, maintenance, and tests on various elevators. Bids, opened January 15, were as follows:

MacDonald Elevator Company, \$1,155; Consolidated Elevator Company, Inc., \$1,200.

FIRE DEPARTMENT.

Upon April 17 the Mayor approved a contract with J. A. Singarella Company for additions, alterations and renovations to Fire Station, Engine 33, located at 941 Boylston street, Back Bay. The following bids were opened Friday, April 11:

J. A. Singarella Company, \$49,337; John Hugo, \$51,920; James S. Kelliher, \$52,828; Peabody Construction Company, \$56,185.

The foregoing work is necessary in order that the quarters of Engine House 33 will be placed in safe condition for the storage of heavy motor fire apparatus and for the officers and men of Engine Company 33 and Ladder Company 15. The work to be done includes foundation repairs, installation of concrete floors, painting, plumbing, heating, etc.

HOSPITAL DEPARTMENT.

Upon April 15 the Mayor approved a contract with Joseph G. Gazzola for washing, plastering, painting, wood flooring, linoleum, carpentering, tile work, roofing, porch work, sheet metal work, glazing, caulking and waterproofing, in Nurses' Home known as Vose House "A," Boston City Hospital. Bids, opened Thursday, April 10, were as follows:

Patrick J. Sullivan, \$23,664; John T. Bradley, \$21,598; M. Solimando, \$18,000; Joseph G. Gazzola, \$16,910.

Upon April 15 the Mayor approved a contract with J. W. Praught Company for furnishing and installing new feed pump in pump room of boiler house, Boston City Hospital. Bids, opened Thursday, April 10, were as follows:

Joseph P. O'Hearn, \$4,795; J. J. Hurley & Co., \$4,166; Ricciardelli Company, \$4,100; J. W. Praught Company, \$3,420.

BOSTON, March 31, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

The Mayor has approved the following request from Dr. Martin J. English, of City Hospital Trustees:

DEAR SIR,—Your approval of the rental of rooms at the Franklin Square House for student nurses without having a lease drawn up, is respectfully requested.

The costs will vary according to the number of rooms required. From time to time there is an overlapping of students between classes and we may have some months where the cost will be in excess of \$1,000.

Your approval of the above procedure as provided in section 30 of chapter 486 of the Acts of 1909 and amendments thereto, is respectfully requested.

The present authorization will expire April 2, 1947. Your approval from April 3, 1947, is therefore respectfully requested.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

INSTITUTIONS DEPARTMENT.

Upon April 17 the Mayor approved a contract with C. Dale Garbutt, Inc., for painting the chapel at the Long Island Hospital, Long Island, Boston Harbor. Bids, opened April 14, were as follows: C. Dale Garbutt, Inc., \$1,480; Joseph Gazzola, \$1,685; Nicholas Bello, \$1,820.

PUBLIC WORKS DEPARTMENT.

Upon April 24 the Mayor approved a contract with R. A. Buccella and Sons for sewerage works in North street, City Proper, at an estimated cost of \$2,698. The work contemplated in the contract is to be completed within sixty days after approval by the Mayor. The following bids were received April 15:

R. A. Buccella & Sons, \$2,698; J. D'Amico, \$3,416.75; Caruso & Barone, Inc., \$3,545; Joseph Capone, \$3,930; Baker & Co., Inc., \$6,095.

BUILDING DEPARTMENT.

Award was made to the lowest responsible bidder in accordance with specifications and standards, and contracts

were awarded as follows: John LoConte, \$1,585.65; Careful Cleaning Company, \$26,706.56.

The School Committee has approved proposals for furnishing laboratory supplies and equipment for Boston public schools. Bids were opened Tuesday, March 18. Only one bid on certain items was received from Standard Scientific Supply Company and contract was awarded as follows: Standard Scientific Supply Company, \$1,623.86.

SUPPLY DEPARTMENT.

Upon April 23 the Mayor approved a contract with bidders as indicated in the following letter:

BOSTON, April 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Following is a list of bids on proposals for furnishing crushed stone for a twelve-month period ending April 30, 1948, which were publicly opened and read at this office on April 14, 1947.

The approximate amounts of the awards are as follows:

William J. Barry Company, \$960; Rowe Contracting Company, \$404; West Roxbury Crushed Stone Company, \$369. Total, \$1,733.

Inasmuch as the amounts involved do not aggregate \$1,000, I would respectfully request that permission be granted me to award orders to the lowest bidders as indicated.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

South Boston, District No. 1.

Crushed Stone, Nos. 1 and 2.—Bradford Weston, Inc., \$2.10; Rowe Contracting Company, \$2.50; Trimount Bituminous Products, \$1.90; West Roxbury Crushed Stone Company, \$1.70*; Old Colony Crushed Stone Company, \$1.75; The General Crushed Stone Company, \$2.67.

Pea Stone.—Bradford Weston, Inc., \$2.40; Rowe Contracting Company, \$3; Trimount Bituminous Products, \$2.45; West Roxbury Crushed Stone Company, \$2.20*; Old Colony Crushed Stone Company, \$1.85; The General Crushed Stone Company, \$2.67.

Stone Dust.—Bradford Weston, Inc., \$2; Rowe Contracting Company, \$1.50; Trimount Bituminous Products, \$1.40; West Roxbury Crushed Stone Company, \$1.15*; Old Colony Crushed Stone Company, \$1.25; The General Crushed Stone Company, \$1.45.

East Boston, District No. 2.

Stone, Nos. 1 and 2.—Bradford Weston, Inc., \$2.20; Rowe Contracting Company, \$1.80*; Trimount Bituminous Products, \$1.90; West Roxbury Crushed Stone Company, \$2.25; Old Colony Crushed Stone Company, \$2.15; The General Crushed Stone Company, \$2.22.

Pea Stone.—Bradford Weston, Inc., \$2.60; Rowe Contracting Company, \$2.45*; Trimount Bituminous Products, \$2.45; West Roxbury Crushed Stone Company, \$2.75; Old Colony Crushed Stone Company, \$2.25; The General Crushed Stone Company, \$2.77.

Stone Dust.—Bradford Weston, Inc., \$2.20; Rowe Contracting Company, \$1.40*; Trimount Bituminous Products, \$1.40; West Roxbury Crushed Stone Company, \$1.70; Old Colony Crushed Stone Company, \$1.65; The General Crushed Stone Company, \$1.57.

*Contract awarded.

Upon April 11 the Mayor approved a contract as indicated in the following letter:

BOSTON, April 11, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Bids on groceries and canned goods for the various city departments for the period from May 1, 1947, through October 31, 1947, were publicly opened and read in this office on April 7, 1947.

The total amounts of the contracts will be as follows:

George D. Emerson Company, \$13,563.55; H. A. Johnson Company, \$11,600.30; Suffolk Grocery Company, \$7,319.50; Morgan Foods Company, \$3,201.20; Reid, Murdoch & Co., \$2,965; G. Giovino & Co., \$2,226.

Items 5, 34, 37, 41, 49, 52, 57, 58, 60, 62, 66 and 73 have been rejected as, in my

opinion, better prices will be secured in the open market.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

* Contract awarded.

† Bidding for three-month period.

TRANSIT DEPARTMENT.

Upon April 16 the Mayor approved a contract with Blacker & Shepard Company for spruce or fir lumber, Rapid Transit Facilities, East Boston District. Bids, opened April 9, were as follows:

Downes Lumber Company, \$59,375; Cowan Lumber Company, \$53,750; L. Grossman Sons, Inc., \$53,405.75, discount, 1 per cent, \$52,871.69; Blacker & Shepard Company, \$51,675; General Builders Supply Company, \$51,200, alternate, \$50,700; George McQuesten Company, Inc., \$48,522.50, alternate, \$46,282.50.

The bids of the two lowest bidders covered lumber not acceptable to the Chief Engineer. The bid of the McQuesten Company is not for spruce or fir but for yellow pine not acceptable for the intended use. The bid of the General Builders Supply Company in its first item is for hemlock which is not acceptable for our work and the last two items is for the log run of white pine which is also not acceptable.

Upon April 16 the Mayor approved a contract with George McQuesten Company, Inc., for long leaf yellow pine lumber or Douglas fir lumber, Rapid Transit Facilities, East Boston District. Bids, opened April 9, were as follows:

Douglas Fir.—Cowan Lumber Company, \$201,250, discount, 1 per cent, \$199,237.50.

Long Leaf Yellow Pine.—L. Grossman Sons, Inc., \$196,856.25, discount, 1 per cent, \$194,887.69.

Douglas Fir.—L. Grossman Sons, Inc., \$206,750, discount, 1 per cent, \$204,682.50.

Long Leaf Yellow Pine.—George McQuesten Company, Inc., \$187,720, discount, 2 per cent, \$183,965.60.

WILFRED J. DOYLE, *Chairman.*

STATE-BOSTON RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the State-Boston Retirement Board held on Tuesday, April 15, 1947, the retirement from active service of the following-named em-

ployees of the State-Boston Retirement System was approved, to become effective at the close of business, April 30, 1947:

INSTITUTIONS DEPARTMENT.

Mary E. Canarie, supervisor, salary at time of retirement \$2,400 a year.

LIBRARY DEPARTMENT.

Mary F. Cufflin, branch librarian, salary at time of retirement \$3,625 a year.

Alice E. Hanson, assistant, salary at time of retirement \$2,324 a year.

POLICE DEPARTMENT.

Paul M. Sances, patrolman, salary at time of retirement \$2,700 a year.

PUBLIC BUILDINGS DEPARTMENT.

James F. Mealey, custodian, salary at time of retirement \$2,600 a year.

Cyrus B. Brown, laborer, salary at time of retirement \$2,015 a year.

Frederick A. Finigan, plant superintendent, salary at time of retirement \$3,400 a year.

PUBLIC WORKS DEPARTMENT.

Cornelius L. Sullivan, painter, salary at time of retirement \$2,590 a year.

SCHOOL DEPARTMENT.

Katherine T. O'Sullivan, teacher, salary at time of retirement \$2,304 a year.

Margaret L. Higgins, vice principal, salary at time of retirement \$3,072 a year.

Laura D. Fisher, teacher, salary at time of retirement \$2,304 a year.

Bessie M. Elliott, teacher, salary at time of retirement \$2,304 a year.

WILLIAM D. KENNEY,
Secretary and Executive Officer.

CHANGES IN CONTRACTS.

HOSPITAL DEPARTMENT.

M. S. Kelliher Company, contractor for alterations to "E" building, Sanatorium Division, has been instructed to add to their contract the sum of \$392, for toilet and kitchen ventilation changes. This price includes cutting and patching. Original contract, \$48,750; corrected contract, as per order No. A2103, \$50,943; now added, \$392; corrected contract, \$51,335; total added, \$2,585.

M. S. Kelliher Company, contractor for alterations to "E" building, Sanatorium Division, has been instructed to add to their contract the sum of \$1,644, for furnishing and installing 3/16-inch by 9-inch by 9-inch asphalt tile with border tile in strips 18 inches more in length, group "C" colors, in the two wards, first floor, and the two wards, second floor. Original contract, \$48,750; corrected contract, as per order No. A2101, \$49,214; now added, \$1,644; corrected contract, \$50,858; total added, \$2,103.

M. S. Kelliher Company, contractor for alterations to "E" building, Sanatorium Division, has been instructed to add to their contract the sum of \$85, for furnishing all labor and materials necessary for installing twelve (12) new basin cocks and six (6) new chain stays and stoppers in toilet room, Ward Building "E." Original contract, \$48,750;

corrected contract, as per order No. A2102, \$50,858; now added, \$85; corrected contract, \$50,943; total added, \$2,193.

M. S. Kelliher Company, contractor for alterations to "E" building, Sanatorium Division, has been instructed to add to their contract the sum of \$235, for furnishing and installing a new leg-type radiator in each of the diet kitchens of the "E" building. Original contract, \$48,750; corrected contract, as per order No. A2096, \$48,979; now added, \$235; corrected contract, \$49,214; total added, \$464.

ADDITIONS TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given of the following additions and deduction to the contract of Construction Units, dated November 12, 1946, for alterations and additions to Fire Station, Engine 46, Peabody square, Dorchester:

Addition No. 6.—Furnish labor and material for installation of one eighth-inch asphalt tile on the second floor of the fire station, \$514. Addition No. 7.—Furnish labor and material to redesign and reinforce lintels over basement windows, \$152.46. Deduction No. 2.—Omit 6-inch cement base on first floor of fire station, \$73. Original contract, \$26,893. Total contract with foregoing additions and deduction, deduction and addition of December 24, 1946, addition of February 14, 1947, addition of February 28, 1947, and addition of April 2, 1947, \$31,795.47. In the bid submitted by the contractor originally the price of linoleum installation was included, but at that time the Civilian Production Administration would not allow the item; therefore, the cost (\$735) was deducted from the contractor's bid before the contract was awarded. The asphalt tile is to be installed in place of the linoleum. In making the change from flat slab construction to Adams Pond pan construction, it was found necessary to redesign and reinforce the lintels over basement windows. The original plans call for a concrete base on the first floor, but it was found that the brick walls would make a much better appearance without the concrete base. Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

PARK DEPARTMENT.

C. Dale Garbutt, Incorporated, has been ordered to make the following addition to the contract for painting the Parkman House, 33 Beacon street, Boston, signed March 13, 1947.

1. Hallway and stairway, fourth floor to attic.—Wash and kalsomine ceiling, wash and paint woodwork and walls one coat. For washing, painting and kalsomining this stairway, the sum of eighty and no/100 dollars (\$80.00) will be added to the contract price.

2. Hallway and stairway from first floor to basement.—Wash and kalsomine ceiling. Wash and paint walls one coat. Clean and varnish woodwork one coat. For washing, painting, kalsomining and varnishing this stairway, the sum of seventy-five and no/100 dollars (\$75.00) will be added to the contract price.

3. Elevator Well.—Wash and paint walls and inside of doors one coat. For washing and painting of walls and inside of door, the sum of sixty and no/100 dollars (\$60.00) will be added to the contract price.

4. Wainscoting in fourth floor rear. Where now painted a dark brown, paint two coats of paint instead of one coat of paint as called for in the contract. For painting one additional coat on wainscoting, the sum of fifteen and no/100 dollars (\$15.00) will be added to the contract price.

Summary of Additions.—Hallway and stairway, fourth floor to attic, painting, \$80; hallway and stairway, first floor to basement, painting, \$75; elevator well, painting, \$60; wainscoting, fourth floor, painting one additional coat, \$15; total, \$230. Contract price, \$2,440; addition as per this order, \$230; contract as standing, \$2,670.

POLICE DEPARTMENT ORDERS.

General Order No. 889.

Patrolman Edward J. McGillicuddy, Division 11, honorably discharged veteran of World War I, having arrived at the age of fifty-three years, having been in service of the Boston Police Department for twenty-three years, and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Edward J. McGillicuddy will be retired from active duty in the Police Department; effective Tuesday, April 29, 1947, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 890.

The resignation of Patrolman William F. MacDonald of Division 19 having been presented, it is hereby accepted to take effect Wednesday, April 30, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 891.

Rule 17 of the Rules and Regulations of this department, having to do with "Divisions and Boundaries" is hereby amended in the description of the bounds of Division 7, set out on page 69 of the Rules, as follows:

On page 69 of the Rules, relating to boundary of Division 7, strike out the whole section as it now appears and insert in place thereof, the following:

Division No. 7. To include all the territory within the limits of East Boston, Breed's Island, and Deer Island which has become part of the mainland, except the Logan International Airport and the waters of the inner harbor.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 892.

The following-named person is hereby appointed a permanent patrolman in this department and is assigned, as follows, effective Wednesday, April 30, 1947, at 10 o'clock a. m.:

Pasquale Raffenello to Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 893.

The following-named officer having requested retirement under the provisions of St. 1892, chapter 333, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Thursday, May 1, 1947, at 7.45 o'clock a. m.

Patrolman James E. Pryor, Division 1, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Tesla street, Dorchester district, as a highway, between River street and Edgewater Drive, bounded and described as follows:

A highway named Tesla street is hereby laid out, between River street and Edgewater Drive, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by River street, fifty-seven and 53-100 feet on a curve of two hundred sixty-six and 69-100 feet radius; easterly by the easterly line of said Tesla street as hereby laid out, twenty-four and 34-100 feet on a curve of twelve and 10-100 feet radius; northeasterly by the northeasterly line of said Tesla street as hereby laid out, fifty-one and 10-100 feet; again northwesterly by the northwesterly line of said Tesla street as hereby laid out, three feet; again northeasterly by the northeasterly line of said Tesla street as hereby laid out, two hundred ninety-one and 78-100 feet; northerly by the northerly line of said Tesla street as hereby laid out, nineteen and 4-100 feet on a curve of ten feet radius; southeasterly by Edgewater Drive, by two measurements, twenty and 95-100 feet and thirty-five and 19-100 feet on a curve of nine hundred twenty-three and 33-100 feet, and southwesterly by the southwesterly line of said Tesla street as hereby laid out, three hundred ninety-nine and 72-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within 60 days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Tesla street, between River street and Edgewater Drive, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Tesla Street, Dorchester, March 3, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Israel Pearlman.....	\$149 00
2. Charles E. Cambria.....	250 25
3. Ivar J. and Elizabeth H. Wendell	275 45
4. City of Boston.....	280 00
5. Leslie C. Blake.....	280 00
6. Luigi Guerini.....	309 75
7. Stedfast Rubber Company, Inc.,	271 80
8. Edward C. and Catherine W. Couture	280 00
9. Edward C. and Catherine W. Couture	280 00
10. Stedfast Rubber Company, Inc.,	280 00
11. Joseph Lanata Heirs and Devises	280 00
12. Joseph Lanata Heirs and Devises	280 00
13. Catherine N., Margaret A., John J. and William L. Ruane.....	200 00
Total	\$3,416 25

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Tesla street, Dorchester district, as a highway, from River street to Edgewater Drive, under the order of the Board of April 10, 1947, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction, estimated to be three (3) weeks, the following street is one way in the direction indicated, effective April 29, 1947:

St. James Avenue, Boston Proper.

From Berkeley street to Clarendon street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be two (2) weeks, vehicles are excluded from the following street, effective April 29, 1947:

North Street, Boston Proper.

From North square to Richmond street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective May 12, 1947:

Section 8. Part 2 (Prohibition of Parking), is amended by adding the following:

Berkeley Street, Boston Proper.

East side, from a point sixty (60) feet south of Boylston street to Boylston street, twenty-four hours.

Congress Street, Boston Proper.

Northeast side, from Nelson court to Dorchester avenue, 4 p. m. to 6 p. m.

East Concord Street, Boston Proper.
Southwest side, from a point fifty-four (54) feet southeast of Harrison avenue to Harrison avenue, twenty-four hours.

Hawley Street, Boston Proper.
West side, from Franklin street to Summer street, twenty-four hours.

Porter Street, East Boston.
Both sides, from Chelsea street to Bremen street, twenty-four hours.

Tremont Street, Roxbury.
North side, from Columbus avenue to Gurney street, 7 a. m. to 6 p. m.
South side, from Columbus avenue to Terrace street, 7 a. m. to 6 p. m.

Section 35 (Left Turns Prohibited) is amended by adding the following:

Washington Street, Roxbury.
Into Columbus avenue, southeasterly, at the southwest side of the island opposite Atherton street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street resurfacing, estimated to be three (3) months, vehicles are excluded from the following street, block by block, where signs are placed, effective April 29, 1947:

Cushing Avenue, Dorchester.
From Columbia road to Windermere road.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective May 12, 1947:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Massachusetts Avenue, Boston Proper, Roxbury and Dorchester.

Northeast side, from Edward Everett square to Commonwealth avenue, 8 a. m. to 10 a. m.

Southwest side, from Edward Everett square to Commonwealth avenue, 4 p. m. to 6 p. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Massachusetts Avenue, Boston Proper, Roxbury and Dorchester.

Northeast side, from Edward Everett square to a point one hundred (100) feet southeast of the bridge over the New York, New Haven & Hartford Railroad, 8 a. m. to 10 a. m.

Northeast side, from a point one hundred (100) feet northwest of the bridge over the New York, New Haven & Hartford Railroad to Commonwealth avenue, 8 a. m. to 10 a. m.

Southwest side, from Edward Everett square to a point one hundred (100) feet southeast of the bridge over the New York, New Haven & Hartford Railroad, 4 p. m. to 6 p. m.

Southwest side, from a point one hundred (100) feet northwest of the bridge over the New York, New Haven & Hartford Railroad to Commonwealth avenue, 4 p. m. to 6 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT INSURANCE ATTORNEY, DIVISION OF INSURANCE, DEPARTMENT OF BANKING AND INSURANCE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$3,360 a year; the maximum salary is \$3,900 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under general direction, to assist the Insurance Attorney in investigating complaints, holding hearings, advising the public and the department staff on legal questions relating to insurance, drafting legislative bills, assisting state officers in prosecutions for violations of the insurance law, and supervising the approval of policy forms as required by General Laws, chapter 175; and to perform related work as required.

A knowledge of the following is required: Insurance laws of the Commonwealth (General Laws, chapter 175), laws relating to Fraternal Benefit Societies (General Laws, chapter 176), laws relating to Public Retirement Systems (General Laws, chapter 32), and laws relating to Savings Bank Life Insurance (General Laws, chapter 178).

The appointee may not engage in outside legal practice. The position requires full time in accordance with the office hours established by law for state employees.

Entrance Requirement: Applicants must be members of the Massachusetts Bar.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

ASSISTANT PSYCHIATRIC SOCIAL WORKER, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,530 a year; the maximum salary with maintenance is \$1,830 a year. The entrance salary without maintenance is \$1,890 a year; the maximum salary without maintenance is \$2,190 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Following a history outline, to take or supplement histories of patients by obtaining information through interviews conducted either at the hospital or elsewhere with relatives and friends of the patients; to make investigations in the community in order to obtain other information needed for the understanding of patients, contacting social agencies, police, and others as required; to make follow-up calls at out-patients' homes when they are not able

or do not report at the hospital or clinic, and when necessary, to make follow-up calls to relatives for verification of patients' reports; by correspondence and personal contacts, to keep relatives interested in patients, and keep addresses of relatives up-to-date; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Veterans within these age limits at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Applicants must have at least one year of satisfactory full-time paid employment in social case work in a recognized public or private agency. *Substitution:* Full-time education in a recognized college or university may be substituted for the specified experience.

Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

GENERAL CONSTRUCTION INSPECTOR, PORT OF BOSTON AUTHORITY, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,460 a year; the maximum salary is \$3,060 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under the direction of the Chief Engineer, to represent the Port of Boston Authority on construction projects in order to see that the construction work is being performed in accordance with the plans and specifications; to inspect licensed tidewater structures; and to perform related work as required.

Examples of Duties: Checking dimensions, materials, workmanship, method of construction, etc.; computing quantities; making estimates; preparing daily progress report.

The ability to read blueprints is necessary, as well as an understanding of specifications for docks, buildings, sea walls, etc. A knowledge of dredging operations and of the use of a transit and level is desirable.

Entrance Requirement: Applicants must have at least five years' experience in general construction work, covering concrete construction, street construction, railroad construction, erection of steel frame buildings, pile driving and construction of sea walls.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 21, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Fish, McCormack and Scannell.

The meeting was opened with the salute to the Flag.

DISAPPROVAL OF DRIVEWAY OPENING PERMIT.

The following was received:

City of Boston,
Office of the Mayor, April 15, 1947.
To the City Council.

Gentlemen,—I return herewith, without my signature and disapproval, permit for driveway opening on Wenham street, filed with your Honorable Body on October 15, 1945, and approved at the City Council meeting of April 14, 1947.

On April 8, 1947, I transmitted to your Honorable Body a communication from James W. Kelleher, Acting Corporation Counsel, in which the opinion was given that the ordinance by which your Body granted permits for driveway openings was invalid.

I have the utmost confidence in the legal ability of Mr. Kelleher, and in his knowledge of municipal law. I am satisfied that the opinion rendered is sound, and I am of the belief that I, and all other responsible officials of the city government, should be bound by that opinion until, and if, a court of competent jurisdiction decides otherwise.

Therefore I will not in this instance, or hereafter, approve any permits for driveway openings passed by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

RESCISSION OF LOAN ORDER OF OCTOBER 18, 1946.

The following was received:

City of Boston,
Office of the Mayor, April 21, 1947.
To the City Council.

Gentlemen,—On December 17, 1946, I approved a loan order adopted by your Honorable Body, authorizing the expenditure of \$5,000,000 for off-street parking facilities. This loan order was in substitution for a prior loan order for the same purpose which was unacceptable to counsel for the bond purchasers.

In order that the record may be cleared, I submit herewith an order for the rescission of the loan order which ostensibly went into effect on October 18, 1946. I believe rescission of this latter order to be desirable in order that there may be no question as to the sum to be expended for off-street parking facilities, which, under present authority, is limited to \$5,000,000.

I recommend passage of the accompanying rescission order.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the order for loan of \$5,000,000 for off-street parking facilities, authorized under the provisions of chapter 474 of the Acts of 1946, submitted to the City Council on August 19, 1946, and effective on October 18, 1946, be, and hereby is, rescinded.

Referred to Executive Committee.

REVISION OF ORDINANCES.

The following was received:

City of Boston,
Office of the City Clerk,
April 21, 1947.

To the City Council.

Gentlemen,—In compliance with the order of your Honorable Body adopted March 4, 1946, I have prepared and submit for your consideration a draft of a revision of the ordinances.

The fourteenth revision was made in 1925, and it may be noted that from the incorporation of the city in 1822 up to 1925 the longest interval between revisions was 16 years.

Since the 1925 revision more than 21 years have elapsed; the printed copies of that revision have not been available for distribution for the last two years; and the ordinances in addition to and amending it number 109 and fill supplementary documents of 90 pages.

This proposed revision incorporates those amendments and contains no changes in substance except those made necessary by legislative enactments, uncontested legal rulings, and subsequent ordinances.

If the City Council sees fit to adopt this revision and reserve their action on any controversial matters to subsequent amendments, it will serve to remedy a situation which has been a source of trouble and vexation to the courts, the legal profession, and the general public for several years.

Respectfully,
J. B. HYNES, City Clerk.

Referred to the Committee on Ordinances.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Albert H. Austin, for compensation for damage to property at 85 Linden street, caused by fire apparatus.

Lida Cookson, for compensation for injuries caused by an alleged defect at Huntington avenue and Fenwood road.

D. M. Hamblin, for compensation for damage to car by city car.

John J. Shea, to be reimbursed as result of accident which occurred while in performance of duty.

PERMITS FOR CHILDREN.

Petition for children under 15 years of age to appear at places of public amusement, viz.:

Boston Music School, Inc., Brown Hall, May 4;
Daniel D. Tierney, Jordan Hall, May 9.
Permits granted under usual conditions.

PERMIT FOR TRANSIENT VENDOR.

A petition for transient vendor's license was received from Armand Guarente for sale at 57 Brooks street, East Boston, and Central square, East Boston.

Permit granted under usual conditions, fee paid, and bond approved.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Councilor Muchnick of his interest in a prospective contract between Tech Process, Inc., a Massachusetts corporation, and the Boston Housing Authority.

Placed on file.

NOTICE OF HEARING.

Notice was received from the Department of Public Utilities of hearing on May 5 at 10.30 a. m. on petition of Eastern Massachusetts Street Railway Company for operation of motor vehicles on Neponset bridge between Quincy-Boston boundary line and Old Colony Parkway, and on Old Colony Parkway from Neponset bridge in a one-way direction to and around the traffic circle at the ends of Neponset avenue and Gallivan Boulevard and to the Neponset bridge in the other direction.

Placed on file.

CONSTRUCTION OF SOLARIUM AND SWIMMING POOL.

Coun. RUSSO offered the following:

Ordered, That the Trustees of the George Robert White Fund be directed by his Honor the Mayor to have a representative visit Washington to intercede with Frank R. Creedon, Housing Expeditor, for the immediate certification of the materials necessary for the construction of the bathhouse and solarium on the Esplanade, Charles River Basin, and the swimming pool at the North End Park, and be it further

Ordered, That a copy of this order be forthwith forwarded to Massachusetts Senators and Congressmen to the end that they exercise their influence to bring about approval for the allocation of these materials.

Coun. RUSSO—Mr. President, for seven and a half years I have presented various orders for the erection of this bathhouse and solarium in the West End section of Boston, for the benefit of the people not only of that section but for the entire population of the City of Boston. I have in mind that in my district 95 per cent of the individuals have no bathing facilities at home, and this district is one of the most congested districts throughout the city. Finally, about six years ago the George Robert White Fund Trustees agreed to the erection of a solarium and bathhouse to be erected at the Esplanade in the West End, realizing the necessity for it. We, the people of the district, have been very patiently waiting for the erection of this bathhouse and solarium and, due to our patriotism, realizing full well we were engaged in a war we had to win, we thought it wise to wait until such time as the war would be brought to a conclusion and to victory. Thanks to God, that has happened. It is now close onto two years, and the trustees of the White Fund have, time and time again, asked the officers of the Housing Expeditor to approve the necessary materials needed in order to proceed with the erection of this bathhouse and solarium, and lo and behold, each time we receive the same old baloney, that the materials are not available. Only today, Mr. President, George Driscoll, secretary of the George Robert White Fund, has given to me a letter which was received by the trustees of the White Fund from the Housing

Expeditor, signed by Frank E. Raymond, District Construction Manager, and it states:

"Mr. James J. McCarthy, Manager,
George Robert White Fund,
45 City Hall, Boston, Mass.

Dear Sir,—The first of this week careful consideration was given to your application. Case 1-1-4419, for the construction of a public bathhouse and solarium on the Charles River Embankment, and I regret that under current conditions it was necessary to deny this application.

"In reviewing the case the benefits to residents in the North and West Ends of Boston were carefully weighed"—Mind you, carefully weighed—"against our standards for non-residential construction as published in Direction 3 to order VHP-1."

Whatever that is.

"Consideration also had to be given to the heavy impact on the housing program caused by the large amount of material required for the heating, lighting, and plumbing installations called for by this project, especially where the latter is a consequential feature of the proposed building. A steady deterioration in the steel and copper supply picture which has occurred over the past few months and which from all indications will continue for the next half year, emphasizes particularly the impact of this project on the housing program. It is these factors in the main which led to our adverse action and inability to establish the requisite essentiality for this case.

"It is also evident that the intended benefits from this project could not be realized this summer due to the fact that it will take at least a year to build the project. We feel under these circumstances no serious hardship"—and I want to quote that again—

"no serious hardship will reflect upon the community should the project be deferred until later in this year when the material supply picture may show a change for the better.

"I hope you will understand our sincere interest"—

and I do hope it was sincere—

"in matters of public welfare as well as the position we must take in the light of the present over-all situation.

Sincerely yours,
F. E. RAYMOND,
District Construction Manager."

Mr. President, I am speaking and I would like to have attention, if possible.

President KELLY—Councilor Russo.

Coun. RUSSO—I am only wondering how sincere Mr. Raymond is, or his department is, in turning down this project which will benefit the health of the people in the district and save lives. I wonder if they have taken into consideration at this particular spot on the Charles river we have lost more than ten lives within a short period of time. I wonder if they take into consideration that, if they do not erect this project this year, two or more lives will be lost, of children or adults, and wouldn't that be sufficient for them to allow the release of the necessary materials which are needed in order to complete this project? I wonder if the telephone company or any other owners of large buildings which are being erected in the City of Boston and throughout the country are more vital than this particular project which means the safety of life and limb of our youth; whether it is more vital to them to allow other construction to proceed and to deny this project. I question his sincerity when he says within the last few months, maybe two months, there has been a deterioration of copper and so forth. Was that the same reason that it had been denied in the past? I am sure, Mr. President, that there is some loophole somewhere. His Honor the Mayor promised the people, Mr. President, some time ago that he would do everything within his power to see that this was erected for use in 1947. We, the people, took him at his word. I have been very patient, Mr. President, not to bore the Council time and time again with this. Realizing also that Mr. Curley was the Congressman from our district, I am asking his Honor the Mayor that a representative of the George Robert White Fund go to Washington and intercede to make it possible for that project to be started immediately. I am asking the Congressman of our district to get to work immediately and to put all the pressure that he possibly can to make sure that the erection of this project which is a vital necessity will be started immediately, and to ask, above all, the Senators of the State of Massachusetts that they should emphasize that this is one project that should be started. Mr. President, if anything should happen at that particular spot, I won't be responsible for their inaction and for not having this project built in time in order to save more lives. This is the same story over and over again. What are they doing with all the materials? Where is it going? What is Washington doing about it? What are the persons in our city doing about it in order to see that we get these materials? There is something wrong somewhere, if a project of this kind cannot be built, which is useful not only to the people of the district, as I said, but to the entire citizenry of our city, from the point of view of health and to eliminate perhaps delinquency which exists in the city. Our delinquency is due to the fact that most of our sections have not got proper facilities. How do they expect to reduce or eliminate delinquency when the children and the adults have not got proper facilities in homes, when the city cannot provide for them?

Here we have a George Robert White Fund, a memorial to be erected in his name, to do good to the people, and it is being denied time and time again. I say to you, Mr. President, and to his Honor the Mayor and to the Congressmen and to the Senators that if they do not do anything immediately on this particular project, we will not only storm City Hall, but have a delegation go down to wait on the President of the United States and show him the necessity that is existing, the improvements needed in my district. We need this project, and we need it now. They have been giving us the same story time and time again, the same thing in so far as housing is concerned. Over six years and a half ago I had occasion to speak with Mr. Straus, who at the time was the Federal Housing Administrator in Washington, and he agreed with me that we need housing projects in my district. Today they agree we need them, and still no one does anything about it. I do hope, Mr. President, the newspapers who gave publicity to his Honor the Mayor, when he promised we would have this project started in 1946 and that it would be completed in 1947, will take notice. I trust the order will pass under suspension of the rules.

The order was passed under suspension of the rules.

RENOVATION OF FIELD HOUSE, ESPLANADE.

Coun. RUSSO offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to immediately proceed with the renovation of the field house on the Esplanade, Charles River Basin, in order that it be put in first-class condition.

Coun. RUSSO—Here is another project, Mr. President, that the people in my district have been patiently awaiting, and due to the fact that we were going to have the bathhouse and solarium built at the Esplanade, we kept quiet about this field house which has been closed for several years. I have taken this up with the Park Commissioner time and time again, and it is the same old story, that there is no money. Then, having in mind that they were going to start the immediate erection of this bathhouse and solarium which perhaps might eliminate the field house, although I feel that the field house should stay even if we get this other project started, they have taken out of the district every little facility that might be left for the benefit of the people. I do hope, Mr. President, that the Park Commissioner will seriously give this his utmost attention immediately. The boys and girls, whether they are playing in games of sport or not, do make very good use of the field house—that is, they did make use of the field house before it was closed. However, the same thing has happened there; during the war we could not get the necessary plumbing facilities and other things which were vitally needed. Having in mind that we were passing through a period such as never before had the country passed through, we had to do everything in the war effort. The war efforts are over, and let us do something for ourselves, for the people who bear the burden of payment. I trust, Mr. President, that he will heed my request, if not a demand, to do what I have just stated. I trust the order passes under suspension of the rules.

The order was passed under suspension of the rules.

TRAFFIC LIGHTS AT EASTERN WHARF INTERSECTION.

Coun. RUSSO offered the following:
Ordered, That the Boston Traffic Commissioner be directed by his Honor the Mayor to immediately install traffic signal lights at the intersection of Atlantic avenue, Fleet street, and the Eastern Avenue Wharf.

Coun. RUSSO—Mr. President, over a year ago, since the Elevated structure on Atlantic avenue was taken down, we realize it has made Atlantic avenue and Commercial street a real thoroughfare, and what a thoroughfare it is. Our Long Island boat docks at Eastern Avenue Wharf at the intersection of Fleet street and Atlantic avenue, and time and time again when these individuals come in from Long Island and have to cross the street, it will take them at least a half hour, and when they do cross the street they cross with their hearts in their mouths hoping they will not be hit by any motor vehicle. I received a letter from Doctor Sacchetti, superintendent at the Long Island city hospital, commending me in my foresight in presenting that order. I have received now a letter from the Institutions Department, with a letter attached to that, a letter from Doctor Sacchetti, again asking the commissioner to do everything possible for the erection of these traffic lights. I had a talk with Mr. Desmond of the Traffic Department, and he has agreed with me that that is a very dangerous intersection and, as a matter of fact, he went further, he has agreed also that on Atlantic avenue and Commercial street there should be traffic lights at every intersection. I maintain, Mr. President, that if we are able to save the life of someone and to save the limbs of others we must erect these traffic lights. I have not seen the report of the 19 lights which I understand the Traffic Commissioner is going to erect. However, I do hope and trust that this is one of them. Therefore, I move, Mr. President, that

my order be sent to the Executive Committee, and that these letters be made a part of the public record. I believe that is where the order is pending, in Executive, and that we will have a hearing today. If I am not correct, the President will inform me.

President KELLY—If there is no objection, the letters will be included in the record, and the order is referred to the Executive Session.

The order was referred to the Executive Committee.

The letters presented by Councilor Russo were as follows:

City of Boston,
Institutions Department,
February 3, 1947.

Coun. Joseph Russo,
42A Green street, Boston, Mass.

Dear Councilor,—I am attaching a memo, which will be self-explanatory. Would you be kind enough to again present your order for stop lights? The fact that the South Ferry, the Institutions boats, and the Quincy Cold Storage traffic would be benefited should have favorable consideration.

Yours very truly,
G. FRANK McDONALD,
Commissioner.

December 31, 1946.

To G. Frank McDonald, Commissioner, Institutions Department.
From James V. Sacchetti, M. D., Medical Director, Long Island Hospital.
Subject: Traffic Lights.

You have made considerable progress in improving conditions pertaining to the approach to Eastern Avenue Wharf. The alterations to the wharf itself, the erection of an appropriate waiting room, and the placing of directional signs at the Atlantic avenue corner are all receiving favorable comments of gratification by the general public. I respectfully request your consideration and efforts with respect to one other matter.

As you well know, the intersection of Fleet street and Eastern Avenue Wharf on Commercial street is a very dangerous one. It is most unfortunate that our time schedules correspond to the busiest hours of traffic on that main route. About a year ago Councilor Russo of Ward 3 introduced an order in the City Council requesting that the Mayor have traffic signal lights installed in that area. This was rejected because of insufficient funds.

I believe, and I am certain that you will agree with me, that this matter requires utmost consideration and quick actions. Will you please see what can be done about it?

JAMES V. SACCHETTI, M. D.,
Medical Director.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:
1. Report on appointments by the Mayor (referred April 14) of constables to serve without bond and without authority to serve civil process, for term ending April 30, 1948—recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation of the appointments.

Coun. RUSSO—Mr. President, I have not seen the list of constables and I do hope the President will postpone the vote for the present until such time as I will be able to see it.

President KELLY—If the members desire, I will have the Clerk read the list.

Coun. RUSSO—That will be fine.

President KELLY—Councilor, are you looking for one particular name, or do you want the whole list? Were you looking for any particular name on there? Maybe we can simplify the matter.

Coun. RUSSO—Do you mean he may read the whole thing?

Coun. MUCHNICK—Mr. President, may I suggest that the list is incorporated in last week's minutes and is available to us in the book?

President KELLY—The list was incorporated in last week's minutes which are available to you now on the desk. I will have the Clerk read the list if you so insist.

Coun. RUSSO—I can look at it here, only I want time to look it over.

President KELLY—We will give you time, we will suspend for that.

The question came on confirmation of the appointments. Committee, Councilors Lane and Muchnick. Whole number of ballots 12, yeas 10, nays 2, and the appointments were confirmed.

2. Report on appointments by the Mayor (referred April 14) of constables authorized to serve civil process upon filing of bond, for term of one year beginning with the first day of May, 1947—that appointments be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councilors Kinsella and Coffey. Whole number of ballots 14, yeas 12, nays 2, and the appointments were confirmed.

3. Report on appointments by the Mayor (referred April 14) of minor officers paid by fees, for term of one year beginning with the first day of May, 1947—recommending that appointments be confirmed.

The report was accepted.

President KELLY—The question comes on the confirmation of the annual list of weighers.

Coun. MUCHNICK—Only on the weighers, Mr. President?

President KELLY—Only on the weighers, councilor.

The question came on confirmation. Committee, Councilors Sullivan and Bayley. Whole number of ballots 12, yeas 12, and the appointments were confirmed.

REQUESTED INCREASE FOR OLD AGE RECIPIENTS.

Coun. SULLIVAN offered the following:
Ordered, That his Honor the Mayor and the Overseers of the Public Welfare be requested to intercede with the State Department of Public Welfare in behalf of the old age recipients of the City of Boston for the purpose of obtaining for them a 25 per cent increase in their over-all budget.

Coun. SULLIVAN—Mr. President, I hope the Mayor and the Overseers of Public Welfare will take immediate action on this order because it seems everyone has received some form of pay raise in the last several years but those receiving old age assistance and I might say the members of the City Council. In all seriousness, Mr. President, the budget that the State Department sets up for persons receiving old age assistance is very measly in the allowance relative to the food item. Take an individual who buys all his meals in a restaurant. He receives \$39 a month for food allowance, or \$1.30 a day. You can imagine, Mr. President, a man eating three meals in a restaurant today for \$1.30. The result of such a small allowance for food has created a large number of these recipients being admitted to City Hospital for malnutrition. That same person eating three meals in a restaurant is allowed only \$17.30 a month for rent, or \$4 a week. Some of them have to pay \$5 or \$6.50 a week for room rent, and that extra money must be taken out of their food allowance of \$1.30 a day. When one eats one or more meals in his room, he is allowed a rental of \$19.50 a month, or \$4.50 a week. Those in an unfurnished apartment get an allowance that can go as high as \$25 a month, and with steam-heated apartments their rent allowance goes as high as \$32 a month, and the rent allowances have nothing to do with the food item in the City of Boston where some of them have to go into their food allowance to make up the difference in their rents. In the case of a man and wife living together, the husband is allowed \$19.50 a month for food and the wife is allowed \$17.88 a month for food, making a measly total of \$37.38 a month for two people to buy food. This amounts to, roughly, \$1.25 a day for food for two people. How do they expect people to live on the small sum they are giving them on the food allowance? The first increase they received was last November and it amounted to approximately, over-all, a 3 per cent increase, running from 50 cents to \$1.90 a month. Another item in their budget which they are allowed for is clothing, for the male \$5 and for the female \$6.95. Personal needs, \$1.30 for the male and 85 cents for the female. In household supplies, 20 cents a person; replacement, 85 cents per person. The medicine chest is 45 cents a month for one, and 20 cents a month for each one additional, and, if there are two additional, it only amounts to 40 cents a month more for medicine. Special needs, 65 cents a month. Those eating all their meals in their homes and paying a monthly rent are allowed the year round \$9.75 which will cover fuel, light, gas, and so forth. From October 15 to April 1, they are allowed an additional \$6.75 for fuel. These were reduced when they received their last check. The way the weather has been, this should have been continued at least for another month. I hope, Mr. President, the Mayor and the Overseers of Public Welfare will take immediate action on this order so that those persons receiving old age assistance will get a substantial increase so that they may live like human beings. I ask suspension of the rules and passage of the order.

The order was passed under suspension of the rules.

FLAGPOLE ON CLEVELAND CIRCLE ROTARY.

Coun. LANE offered the following:
Ordered, That the City Messenger be, and he hereby is, instructed to provide for the erection of a flagpole on the Rotary at Cleveland Circle, the expense of same to be charged to the City Council Appropriation for Flags, Ropes and Stakes.

Passed under suspension of the rules.

CONSTRUCTION OF WARD 17 PLAYGROUND.

Coun. KEENAN offered the following:
Ordered, That his Honor the Mayor be requested to take immediate action on the matter of constructing a playground on the lot of land which was taken by the Park Department for playground purposes at the junction of Washington street and Gallivan Boulevard in Ward 17.

Coun. KEENAN—Mr. President, this is a similar order to that I introduced before. I under-

stand that the Park Department has taken over the land, and the Park Commissioner promised a playground would be built there in 1946, and according to the budget of 1947 his Honor the Mayor has asked that \$200,000 be put in the budget. It is the only piece of land in Ward 17 on which the playground can be built. There is not a playground in that vicinity. The boys and girls in the neighborhood have asked me to intercede for them in order to see that a playground is built. I am going to ask that the names of a number of children I have received be put in the record. There are over a hundred names, and I would like to incorporate this in the record of the Council. I ask suspension of rules and the passage of the order.

President KELLY—Councilor Keenan asks for suspension of the rules and passage of the order, and asks that the names be copied in the minutes. All those in favor say "aye," those opposed "no," it is ordered.

The order was passed under suspension of the rules.

OFFICE HOURS OF DEPARTMENTS.

Coun. HANNON offered the following:
In the Year Nineteen Hundred and Forty-seven.
An Ordinance Concerning Office Hours of Departments.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Chapter three of the Revised Ordinances of 1925, as amended by chapter five of the ordinances of 1942, is hereby further amended by striking out section ten and inserting in place thereof the following:

Section 10. Every officer in charge of a department shall have an office open for the transaction of public business for not less than eight hours on every day except Saturdays, Sundays and legal holidays; provided that the health commissioner shall have an office open for the issuing of permits for burial and permits for the removal of dead bodies, from ten o'clock in the forenoon until twelve o'clock noon on every day in the year; and provided further that neither the city treasurer nor the city collector shall be required to keep an office open to disburse or receive money after two o'clock p. m.

SECTION 2. This ordinance shall take effect on May 15, 1947.

Coun. HANNON—Mr. President, in order to expedite the passage of this ordinance which provides for a five-day week for city employees, I would like to move that this matter be sent to the Executive Committee.

President KELLY—Hearing no objection, the order is referred to the Executive Committee.

WARD 13 PLAYGROUND IMPROVEMENTS.

Coun. HANNON offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to make the necessary repairs and improvements to the playgrounds in Ward 13.

Passed under suspension of the rules.

ACCEPTANCE OF BRAEBURN ROAD, WARD 18.

Coun. CANTWELL offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Braeburn road, Ward 18.

Passed under suspension of the rules.

President KELLY—At this time the Chair will appoint Councilor Sullivan as chairman of the Executive Session.

RECESS.

On motion of Councilor Hannon the Council voted at 3 p. m. to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 5 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. SULLIVAN, for the Executive Committee, submitted the following:

1. Report on petition of Jessie I. McCarthy (referred January 6) to be paid an annuity on account of death of her husband, John C. McCarthy, late member of the Police Department, recommending passage of accompanying order:

Ordered, That under the provisions of section 89 of chapter 32 of the General Laws, an annuity of twelve hundred and sixty dollars be allowed and paid to Jessie I. McCarthy, widow of John C. McCarthy, a member of the Police Department who died on December 25, 1946, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Jessie I. McCarthy, so long as she remains unmarried, \$1,000 per annum;

For the following-named child, during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$260 per annum:

Herbert William McCarthy, born August 3, 1932; provided, however, that if the widow remarries the annuity for the said child shall be \$520, during the remainder of the time aforesaid; the payments to date from December 25, 1946, and to be charged to the appropriation for Police Department, Pensions and Annuities.

Report accepted; said order passed.

2. Report on message of Mayor and order (referred today) for rescission of loan order for \$5,000,000 for off-street parking passed October 18, 1946—recommending that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. KEENAN—Mr. President, how many votes does it need?

President KELLY—Fifteen votes, councilor.

Coun. KINSELLA—Mr. President, a point of order.

President KELLY—Councilor Kinsella, will you state your point of order?

Coun. KINSELLA—Does that 15 votes apply to the rescission?

President KELLY—A loan order to be rescinded has to be rescinded in the same manner it has passed, two thirds of the vote of the entire membership, in two readings.

Coun. MUCHNICK—Mr. President, in view of the fact that the actual count is not 15 members of the Council present, I move this lay over.

President KELLY—I am appealing for help.

Coun. MUCHNICK—In view of the fact that your appeal does not have much result, I move this be laid on the table.

Coun. SULLIVAN—Mr. President.

Coun. RUSSO—Mr. President.

President KELLY—I am sorry, there is no debate.

Coun. SULLIVAN—Mr. President, a point of information.

President KELLY—I am sorry, councilor. Councilor Muchnick moves it lay on the table.

There is no debate on this. No debate, gentlemen.

Coun. RUSSO—Mr. President.

President KELLY—I am sorry, councilor, there are no points on anything.

Coun. RUSSO—I would like to clear up the record, Mr. President.

President KELLY—I am sorry, councilor. The motion to lay on the table is made, and there cannot be any talking on the motion.

Coun. KEENAN—Mr. President.

President KELLY—I am sorry, councilor, no points on anything. The question is laying this motion on the table. All those in favor say "aye," those opposed "no." It is not a vote.

Coun. MUCHNICK—I doubt the vote and ask for a roll call.

Coun. BAYLEY—I doubt the vote and ask for a roll call.

President KELLY—The vote has been doubted, and a roll call has been asked, and the Clerk will call the roll.

The motion to lay on the table was carried, yeas 10, nays 4:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Hannon, Kinsella, Lane, Linehan, Moriarty, Muchnick—10.

Nays—Councilors Keenan, Kelly, Russo, Sullivan—4.

Coun. SULLIVAN—Mr. President, is it in order to take that from the table and refer it back to the Executive Committee?

President KELLY—After intervening business, that motion is in order, councilor.

LOW INCOME HOUSING PROJECTS.

Coun. LINEHAN offered the following:

Whereas, The lack of housing in Boston and other sections of the country is the nation's No. 1 domestic problem and to remedy the situation the present Congress is now considering housing legislation; therefore, be it

Resolved, That the Boston City Council in meeting assembled records itself in favor of all legislation, such as the Taft-Wagner-Ellender Bill, in Congress, relative to the federal government cooperating with the city governments of the United States in removing blighted areas in our cities and building of low income housing projects; and further to record itself in favor of a bill in Congress permitting housing authorities throughout the United States to raise the limit as to the amount of money that can be spent on units in low income housing projects so that low income housing sites located in South Boston and Cathedral areas may have construction started thereon soon after Congress's approval; and further that copies of this resolution be forwarded to the Massachusetts Representatives in Congress and to the President of the United States.

Coun. LINEHAN—Mr. President, at the outset I want to say some parts of these orders have been filed within the past year.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. MUCHNICK—A point of order.

President KELLY—State your point of order.

Coun. MUCHNICK—While I heartily agree with everything in the resolution, under our rules it should go to the Rules Committee.

Coun. LINEHAN—You can do that after I speak, Mr. President.

President KELLY—One minute, councilor. The Chair will rule in recent months we have passed loan orders for housing, and the Chair will rule it is in order. Councilor Linehan.

Coun. LINEHAN—I might say for the benefit of the gentleman from Ward 14 (Councilor Muchnick) he should have objected to some of them, and to some of them he could not very well object.

President KELLY—All right.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—State your point of order, Councilor Muchnick.

Coun. MUCHNICK—I think the gentleman from Ward 7 (Councilor Linehan) should say things for the benefit of the entire Body and not for one councilor.

Coun. RUSSO—A point of order, Mr. President.

President KELLY—The Council will be in order. Councilor Russo, for what purpose?

Coun. RUSSO—I would like to call to your attention that the gentleman who spoke before was out of order.

President KELLY—That is right. The Council will be in order. Councilor Linehan.

Coun. LINEHAN—For the benefit of the gentleman from Ward 14 and others, I think if he will take a look at my orders filed with the Clerk, he will find two of them are positively in order to be debated on at this time—requests on the Boston Housing Authority relative to our \$10,000,000 loan issue which we appropriated. For his benefit, I have the right to speak on two orders. I was glad to read in the paper only recently, the Boston Post, that one of the leading writers for that paper, Robert L. Norton, gave a very clear picture of the housing situation as it exists today. The members of this Council have heard me from time to time and have probably gotten tired of listening to me relative to housing, but I am going to keep on talking about it because only this week, before I read this article, I was given to understand the American Legion had gone on record as against public housing. As a member of the American Legion, I have been going to different Posts of the American Legion and Veterans of Foreign Wars, and since then I have demanded the members of these different outfits have their different Posts go on record as in favor of public housing. I do this due to the fact that it seems to me all the unorganized veterans, not only of this city but unorganized veterans of the United States, do not seem to have any leadership relative to the housing conditions which they are faced with since they have come back to this country, in most cases back from foreign shores. Until such men as Robert L. Norton and others in the newspaper business feature articles calling the attention of the public to the terrible condition of housing in this country, there will not be very much done in Congress. As a matter of fact, the bet seems we will not get public housing in this session. I think that thought can be turned around if we can get enough publicity such as that put forth in the Boston Post in this particular instance, showing we have a terrible problem which has to be solved now and not five years from now. I will conclude, because it seems some of the members get tired and like to talk while I am talking. I hope all the orders are passed unanimously because they are all worthwhile orders.

Coun. RUSSO in the chair.

The resolve was passed under suspension of the rules.

VETERANS' HOUSING PROGRAM.

Coun. LINEHAN offered the following:

Ordered, That the Boston Housing Authority be requested through his Honor the Mayor to consider for occupancy of the one- and two-family homes that will be constructed from the \$10,000,000 Veterans' Housing Program in Boston of low income housing projects those tenants who are veterans and have received eviction notices due to increased income, so that other World War II veterans in the low income brackets may be placed in the low income housing projects in place of those veterans who will be transferred to the newly constructed one- and two-family houses.

Ordered, That the Boston Housing Authority be requested through his Honor the Mayor to consider the advisability of building six-room units out of the appropriated \$10,000,000 Boston Veterans' Housing Program. Said housing authority is requested to furnish a report to the City Council on this matter.

Coun. KINSELLA—Will the Chair ask that the second to the last order be reread? Not this last one, but the one before.

Chairman RUSSO—Will the Clerk read that order? (The order was read.)

Chairman RUSSO—Councilor Kinsella.

Coun. KINSELLA—Mr. President, I was under the impression that the newspapers carried a story a couple of months ago that some of the housing officials at Post Office square were revising their ceilings on incomes by as much as 20 per cent; in other words, the present low income three-room apartment in what we call the low rent projects is ceilinged at \$1,750 a year. In arriving at this amount, the Housing Authority takes the salary on the basis of 52 weeks, so that it is a gross income

of \$35 a week 50 weeks of every year, and the other two weeks are considered to be normal vacation time and not computed in the ceiling on income. I certainly imagine others in this Council must have read what I read. To meet the new figures, because so many of them are on public employment, and to keep them from the embarrassing situation of being asked to get out because they are in excess, the Authority was going to increase the ceiling by as much as 20 per cent; in other words, the \$1,750 ceiling would be, with the 20 per cent increase, another \$350, making a total of \$2,100 ceiling for three rooms in low rental rather than, as I say, the amount that was \$1,750. My authority for the \$1,750 a year low rent three-room ceiling is contained in a letter I received from the Authority, signed by Mr. Millerick in October, 1945, when as a result of an order I filed here he sent me copies of the ceilings on income and the cost of services and shelter, and so far as I know, those figures have not been changed, or have they? If someone else in the Council knows the figures have changed so that the ceilings are raised on these low rent incomes, I would appreciate that information.

Coun. LINEHAN—Will the gentleman yield?

Coun. KINSELLA—I will be glad to.

Chairman RUSSO—Councillor Linehan.

Coun. LINEHAN—I might say the Housing Authority has been contemplating increasing the income as the gentleman from Charlestown said, but to my knowledge I don't know that they have done it up to now. Even so, I will give the reasons why I hope this order is passed.

Coun. KINSELLA—Mr. President, I was very much startled, to be truthful about it, to hear the contents of that order, that some of them were being ordered out because of excess income. I think that is inexcusable. I don't question the veracity of the gentleman who filed the order, but I am extremely amazed at the apparent truth that the order contains about somebody being ordered out. I would like to hear of the specific instances without names being mentioned.

Coun. LINEHAN—Mr. President, some months ago the Boston Housing Authority, if I remember correctly, as a result of the law, gave notice to hundreds of tenants throughout the different housing projects, which notified them they would have to be vacated. They have given those notices to I don't know how many, but there are many, many tenants throughout the different projects. Due to the fact that there is no available housing in Boston, the Boston Housing Authority up to now has not seen fit actually to evict the tenants but they have given the notice so that, if we come to a situation where we have available housing in Boston, these people will be in a position to be moved out without much delay; that is to say the necessary legal steps will have been taken, as I understand it. The Housing Authority said, "We won't move them out, but we will be in a position to move them out when we have available housing." I am repeating, but I am doing it for the benefit of the gentleman from Charlestown to clear the matter up. I think that is the situation relative to notices. The notices, I believe, have been received by hundreds; as a matter of fact, quite a few of the tenants have come to me quite excited about it, and I told them the Boston Housing is not going to move them out at this time, but when we have available housing, and God knows when that will be, they will move them out, which they have to do under the law. It permits a raise of 20 per cent income. All those over 20 per cent, and there are many in the projects getting over 20 per cent of what was the maximum, will have to get out. My thought in filing this order was this: There are thousands of veterans in Boston who cannot pay the \$45 and \$50 a month which will be required to lease a one- or two-family home when they are built under our \$10,000,000 program. It has already been said the rental will average about \$45 a month. If we build some six-room apartments, which I hope we will do, so that we will not hamper birth control, they may charge more than \$45. So we have the situation where we have these people who have an excess income in the housing projects. Now I am speaking of veterans, but there are non-veterans, fellows we might be able to take care of around the City of Boston not under the Veterans' Housing Program; that is to say, rather than pitch the veterans out of the low income housing to nowhere, or into dilapidated areas, we can give a sort of preference to them to go into the one- or two-family homes because only veterans can move into those homes. The non-veterans over the income we cannot take care of, but they will have to do the best they can. I hope this clears up the situation as to why the order is filed. That is so we won't have the veterans now taken care of thrown out in the street but later on, as a result of some future move, move them into the 1,200 homes which I hope we will build before the year is out. It seems to me there will be some veterans who are now living in housing projects who will get out as a result of excess income and move into these one- and two-family homes so that other veterans getting \$40 a week or less income and who cannot afford to pay the \$45 a month rent will get a place. The apartments in the low income housing development will be vacated for these vets who cannot afford \$45 a month rent. I hope this clears up the situation with the gentleman from Charlestown. I am not trying to put anything over on the members. I think the order reads fairly clearly. If he still thinks it is not the proper type of order, I think I can clear it up if he is in doubt about it. I am not taking pot shots at anybody, I am simply

looking in the future to try to take care of the greatest number of veterans possible, and that is the size of it. According to the thought in mind now in Washington, we won't have the low income housing; that is, at least, the prediction according to the reports I have read from Washington. Our only hope is to take care of those who will be moved out of these projects into one- and two-family homes, so that those who are not getting \$40 a week will go into the low income housing where they belong because they cannot pay \$45.

The orders were passed under suspension of the rules.

Coun. LINEHAN—Mr. President, I ask unanimous consent at this time to have the housing editorial written by Robert L. Norton inserted in the minutes under our orders for housing.

Chairman RUSSO—If there is no objection, it will be so inserted.

The editorial was as follows:

"HOUSING MAIN CRISIS IN U. S.

Gravest Domestic Problem in a Mess as High Costs Bar Veterans from Homes.

By Robert L. Norton.

"Washington, April 19—The housing situation in this country today is more than our chief domestic problem. It is a crisis. While Congress has been devoting its attention to tax reduction and labor legislation, actually no progress is being made in relieving desperate housing conditions, and the administration, too, is stalemated, chiefly because it lacks direction and authority from Congress.

"No other subject has had more discussion with less action. It's a sad mess all around. Mr. Truman protests against high prices but fails to call attention to the fact that construction costs are fantastic. This is caused by a combination of extortionate prices by material producers and restrictive practices on the part of the building trades. The net result of this condition is that where houses are being built the high costs have priced them out of the market. The anomaly of the situation is that despite the acute shortage many of these houses are lacking buyers.

"The large investor who normally would produce rental housing, which is so important today, is stopped by the high costs. He cannot foresee the possibility of recovering a fair return on his equity over a long term of years. Banks are also disturbed about sound loaning policies in a wildly inflated market. While the government stands ready to insure the huge loans that would be required, should there be a crash, and many think this is inevitable, the government would be left holding the bag.

Selfish Lobbies.

"The Capitol is full of lobbies, each intent upon its own selfish interest. Everybody seems to be well represented but the veterans and the millions of dispossessed families. The whole program is in the way of being hamstrung by builders, real estate speculators and organizations and construction labor unions. An ex-assistant Attorney General has recently pointed out that these selfish and expensive monopolies should be broken up before they wreck our housing prospects completely.

"In the meanwhile Congress is displaying lamentable ineptitude in permitting these interests to sabotage the program by failing to agree upon a definite plan of action. It has come to a point where even if the Taft-Ellender-Wagner bill became a law in this session, there is considerable doubt as to whether it would meet the immediate situation or produce the needed housing in 1947.

"Essentially this is a long range program and extremely important and necessary legislation providing for the construction of 10,000,000 public and private housing units at the rate of 1,000,000 units a year. It is difficult to understand the opposition to the Taft bill by private interests when most of the provisions of the legislation are intended to aid and encourage private enterprise.

"The opposition is centered mainly on provisions which provide for public housing. Not more than 4 or 5 per cent of the entire program would be devoted to the building of homes for low income families. The advantages of the Taft bill are many. For instance it would provide easier financing conditions for the small home owner and cooperative groups. In addition it provides for large investors, such as insurance companies, guaranteed returns on their investments.

"Perhaps the most important provision in the bill is that which permits the cities and towns to clear large areas of decadent land and redevelop them on a sound planning basis. This land would then be leased or sold to private investors for new housing and commercial developments. To accomplish this loans and subsidies would be provided by the federal government and the local community. Such a program would be of inestimable value to the cities in relieving them of the enormous burden of substandard areas. Frequently, as in the case of Boston, these slum areas produce in revenue only about one tenth of what it costs to service them with fire protection, police and utilities, parks, playgrounds and schools.

"Also, it would arrest the process of decentralization which has been disastrous to most of our cities and make them again desirable places in which to live.

None for Vets.

"Despite all the incentives and encouragement which this bill gives private enterprise by reducing substantially the cost and risk of financing private building, nevertheless the present inflated level of construction costs will make it next to impossible over the next two years to build any volume of reasonably decent homes for rent which will be within the reach of the average veteran.

"Even with the additional aid which would be provided by the Taft-Wagner-Ellender bill, few if any homes can be built at present costs to rent between \$30 and \$50 a month, and it is in this range the average veteran finds himself.

"A survey of veterans' housing needs conducted by the Bureau of the Census showed that 36 per cent of the veterans requiring rental housing can only afford rents in the \$30 to \$50 range on the basis of their current earnings.

"In other words, most of the veterans are caught between the limitations in the public housing portion of this bill which in effect would restrict occupancy of public housing to families of not over \$2,000 income even in the largest metropolitan areas, and the inflationary costs under which private enterprise must operate today.

Average Pay \$47.

"Again, according to the survey made by the Bureau of Census in the summer of 1946 for the National Housing Agency, the average income of the married veteran in the United States needing rental housing was \$47 a week. According to this same survey 14 per cent of the married veterans requiring rental housing must pay less than \$30 a month, and 56 per cent can only afford to pay rents between \$30 to \$50 a month.

"Private enterprise cannot produce and is not producing new housing at the rents needed to serve veterans and their families in these low income ranges.

"The number of permits issued by the Federal Housing Agency for construction of new houses from December 24, 1946, through March 7, 1947, was 130,115. Of those 16,615 were for rental housing. Of the 16,615 for rent in the entire country, only 3,403 were to rent for less than \$50 per month.

"These are some of the figures and arguments advanced by the able and personable Helen Gahagan Douglas of California in support of her more direct housing bill which is aimed to meet the emergency and supplement the Taft bill. Describing the situation in Los Angeles which the Congresswoman declares matched in every large city in the country, she says:

"It is not uncommon to learn of 12 people of mixed sexes sleeping in one bedroom. Nor is it uncommon to hear of parents occupying one bed with an adult son and daughter. Newspaper reports of young American veterans and their families living in chicken coops and rabbit hutches are not exaggerated one iota.

"The majority of the veterans applying for housing assistance at the local public housing offices throughout the country have made tiresome search for rental accommodations long before calling upon the agency for help. The failure of private enterprise to provide adequate rental units within the price range of the average veteran's family will force more of these veterans to appeal for shelter to government agencies.

Low Incomes.

"More than 59 per cent of the veterans who have applied for public housing have incomes of less than \$40 weekly. Incomes in some of the families surveyed are often supplemented by other employable persons in the group.

"The hard cold facts are simple to understand. Limited incomes, lack of adequate rental opportunities at prices these veterans can afford to pay are creating tremendous hardship. Hundreds of veterans' families have been forced to crowd in with relatives and friends.

"Health authorities have expressed much concern in the matter. Disease is on the upgrade. Juvenile delinquency and adult uneasiness because of housing problems are now fomenting added social disorders. Separated families in every area are increasing, divorces are more frequently mentioned among our young veterans' families as a means to an end of family responsibility.

"This is the condition in which we find our veterans in one important community in the United States. Multiply it hundreds of times and you have the condition of veterans in the nation.

Seeks Big Loan.

"In collaboration with Senator Taylor of Idaho, Mrs. Douglas has submitted a bill which authorizes the federal government to make loans up to \$1,000,000,000 to local public housing agencies at a 24 per cent interest rate and for terms up to 60 years.

"To bridge the gap between the \$30 to \$50 rents the bill proposes to authorize the federal government to make annual contributions up to 2 per cent of the projects' development cost. This would mean that with a building program of \$1,000,000,000 worth of veteran's housing there would be a maximum annual cost to the government of \$2,000,000. It is not proposed that the cost be continued over a longer period than 10 years. If acute housing conditions are relieved quickly the contributions may be needed only for a few years.

"The bill is frankly an emergency measure and would only be applicable in those areas where an acute shortage of housing exists. It would be confined to veterans and their families.

"The virtue of this measure is that it throws into high relief the desperate housing situation throughout the country, emphasizes that nothing is being done about it and the need for drastic action.

"It must be apparent that Congress cannot sit idly by and permit millions of families to live in tents, garages, stores, cabins, trailers, hotel rooms, and doubled up in one-family dwellings without inviting social disorder on a large scale.

"But this is the direction in which we are heading unless something is done to solve the biggest domestic headache in America today."

PURCHASE OF EASTERN AVENUE WHARF.

The following was received:

City of Boston,
Office of the Mayor, April 21, 1947.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Institutions Commissioner requesting that an appropriation of \$75,000 be made available for the purchase of Eastern Avenue Wharf. This wharf was leased to the city in 1853 for a term of 999 years at an annual rental of \$4,000. To date, the city has expended more than \$375,000 in rentals and, if the lease is permitted to run until it expires, an additional sum in excess of \$3,600,000 will have been expended. Ownership and title to the wharf can be secured at the present time for \$75,000, and it would appear to be sound business judgment to make this purchase at this time.

I am, therefore, forwarding herewith an order appropriating the sum of \$75,000 from the special account, Sales of City Property, for purchase of Eastern Avenue Wharf, and recommend immediate consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Institutions Department, April 18, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—As you know, the M.V. "James Michael Curley" and the S.S. "Stephen O'Meara" operate under the supervision of the Institutions Commissioner and ply between Long Island and the mainland, and dock at the end of Eastern Avenue. The city uses the wharf by virtue of a lease executed in 1853 which runs for a term of nine hundred and ninety-nine (999) years from April 30, 1853, and provides for the payment of an annual rental of four thousand dollars (\$4,000).

If the city should acquire absolute title to the property, which I have reason to believe could be done for about seventy-five thousand dollars (\$75,000), it would be relieved of the obligation to pay this excessively high rent.

I therefore respectfully request that the sum of seventy-five thousand dollars (\$75,000) be appropriated from any available source for the acquisition of an absolute title to the above-mentioned wharf and dock.

Respectfully yours,
G. FRANK McDONALD,
Commissioner.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws, the sum of seventy-five thousand dollars (\$75,000) be, and the same hereby is, appropriated from the special account, Sales of City Property, to be expended under the direction of the Institutions Commissioner for the acquisition of an absolute title to Eastern Avenue Wharf and the land appurtenant thereto, for the purpose of docking Institutional boats.

Referred to Committee on Appropriations.

HUNTINGTON AVENUE STREET CAR RESERVATION.

Coun. CAREY and CHASE offered the following:

Ordered, That his Honor the Mayor be requested to take up with the Boston Elevated trustees the matter of either widening the street car reservation 18 inches along Huntington Avenue, from Opera place to Brigham Circle, or to remove it entirely for the protection of patrons who have to board and leave street cars along this route.

Coun. CAREY—Mr. President, I think the words in that order explain themselves. For many years what is looked upon as the street car reservation has been located on Huntington Avenue. Since the subway extension was opened, the reservation now goes from Opera place to Brigham Circle. We call it a reservation, but to no intent or purpose does it serve as a reservation. It is altogether too narrow. We have inside the city what you might call a street, now actually a highway, a state highway, along Huntington Avenue. There are numerous motorists who traverse that highway who see that supposed-to-be reservation, and naturally believe that there is sufficient room

for one who gets off the street cars to be protected from being hit by an automobile that goes along that highway. As a matter of fact, the reservation is altogether too narrow, and when the patron leaves the street car, he, in fact, steps right into Huntington Avenue itself. I have watched for the last two weeks on numerous occasions this situation and it is with the grace of the good God himself that people are not killed or severely injured there every day in the week. Motor traffic is increasing on Huntington Avenue, and something has to be done. When I ask that the reservation be eliminated, I do that in all seriousness because, if there is no reservation there, 99 out of 100 motorists as they see a street car stopping will also stop their automobile some feet from the rear end of that street car. As it now happens, when the street car stops, the vehicular traffic continues to speed through the street with great danger to life and limb of those people who leave the street cars. Something must be done, either widen the reservation by 18 inches on either side of Huntington Avenue in order to provide proper protection for the people who leave the street cars or else get rid of the reservation altogether. I realize it will not be too easy to narrow up the lane for vehicular traffic on Huntington Avenue, but we have to consider the people who must use those street cars. We have either to widen the reservation or get it out entirely. I hope the Mayor will lose no time in taking the matter up with the Elevated officials. I ask the suspension of the rules and the passage of the order.

The order was passed under suspension of the rules.

RETIREMENT ALLOWANCE OF JOSEPH A. McMANUS.

Coun. HANNON offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation to increase the retirement allowance of Joseph A. McManus, former probation officer, provided that such legislation contains a referendum to the Mayor and the City Council.

Passed under suspension of the rules.

TRAFFIC LIGHTS AT LA GRANGE AND CENTRE STREETS.

Coun. BRYAN offered the following:

Ordered, That his Honor the Mayor direct the Traffic Commission to immediately arrange for the installation of traffic signal lights at the intersection of La Grange street and Centre street, West Roxbury.

Passed under suspension of the rules.

Adjourned, on motion of Councilor Kinsella, at 5:30 p. m., to meet on Monday, April 28, 1947, at 2 p. m.

CIVIL SERVICE EXAMINATIONS (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

LABORATORY ASSISTANT, DIVISION OF COMMUNICABLE DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,620 a year; the maximum salary is \$1,920 a year.

Vacancies: At present there is one vacancy to be filled on a permanent basis.

Duties: Mainly, to make up media, generally from Difco dehydrated products; to make up dye solutions; to prepare some chemical solutions; to pack outfits for returning bacteriological specimens by mail to laboratories which submitted them; and to perform related work as required.

A knowledge of the following is required: Use of dyes as indicators and as inhibitors of bacterial growth in media, such as the use of phenol red as indicator of acid production and utilization of carbohydrates by bacteria, and the use of brilliant green in bismuth sulfite agar as inhibitor of non pathogens and non inhibitor of enteric pathogens;

significance of pH, with approximate range for pathogens (a scientific understanding or definition of pH is not required); rudiments of the metric system; use of scales to tenths of a gram, of the autoclave, and of sterilizing ovens; section 589 of the Postal Laws and Regulations pertaining to bacteriological mailing cases. The ability to convert pounds into grams and Fahrenheit degrees into centigrade degrees is necessary, as well as the ability and willingness to follow directions accurately and conscientiously.

Entrance Requirement: Applicants must have at least five years of paid experience in a diagnostic public health laboratory.

Substitution: High School or equivalent education may be substituted, year for year, for a maximum of four years of the specified experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STOREKEEPER, INDUSTRIAL SCHOOL FOR GIRLS, DIVISION OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary:—The entrance salary with maintenance is \$1,620 a year; the maximum salary with maintenance is \$1,920 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To divide whole carcasses of beef, lamb, veal and home-dressed hogs into commercial type cuts as designated on menu issued by office and apportion cuts to approximately ten cottage kitchens (average of 26 to 40 persons in each cottage); to receive milk in 40-quart jugs and to deliver the milk in 8-quart cans to the individual cottage kitchens; upon requisition, to issue flour, cereal, butter, eggs, tea, coffee, etc., weekly to the cottages; to issue gasoline from tank and motor oil from drum; to submit daily to the office a record of all receipts and issues and to keep a perpetual inventory; and to perform related work as required.

A thorough knowledge of meat cutting is required, as well as the ability to handle heavy stock received in wholesale lots and packages, such as bags of flour or grain, barrels of fish or molasses, and whole carcasses of meat.

Some night work may be required, for receiving late deliveries of perishable foods.

Entrance Requirements: Applicants who have not reached their thirty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

HEAD TEACHER OF INSTITUTION SCHOOL, STATE PRISON, DEPARTMENT OF CORRECTION, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,200 a year; the maximum salary is \$1,380 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent part-time basis. Employment is for two hours, five afternoons a week.

Duties: To be responsible for the organization of the school; to formulate the curricula; to keep account of books and all other school supplies; to make required reports to the warden; and to perform related work as required.

Examples of Duties: Selecting and training teachers for the various classes; securing the proper textbooks and other educational material; interviewing each inmate who comes to the school, ascertaining his educational background, and placing him in the class that is adapted to his needs; following up the work of each student to be certain that he is placed in the proper grade; arranging curricula to best fit the needs of each student, and planning every class activity to motivate the best possible results for the pupils.

Entrance Requirement: Applicants must have at least three years of teaching experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

LOCK AND DRAW HELPER, DEPARTMENT OF PUBLIC WORKS, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: \$6.60 a day.

Vacancies: At present there are nine vacancies for males, to be filled on a permanent basis.

Duties: Under immediate supervision, to assist the lock and draw operator in the operation of a drawbridge by performing miscellaneous unskilled work; and to perform related work as required.

Examples of Duties: Opening roadway gates; cleaning and oiling machinery; assisting in repairs; removing snow and ice in order to keep the draw and traffic gates in operating condition.

Experience on drawbridge or in electrical, mechanical, or other work requiring skill in the use of tools is desirable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PRINCIPAL CLERK, THE ADJUTANT GENERAL'S OFFICE, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To handle routines in connection with the receipt of military property equipment, equipage, vehicles, etc.; to handle necessary vouchers and shipping tickets, and to check against appropriate Table of Organization and Equipment, and Basic Tables of Allowances; to check material against shipping tickets, preparing property cards for each item received, checked, stored and issued to various organizations; to prepare vouchers for services rendered; to prepare reports of Survey, Inventory and Inspection Reports, Dropping Allowances, etc.; to prepare and edit pay rolls, vehicle reports, etc.; and to perform related work as required.

A thorough knowledge of the following is required: Army regulations as applied to the proper procedure in connection with receiving, storing, warehousing, issuing and accounting for property, General or Branch Depot work, such as that of Post Quartermaster, and Army paper-work in connection therewith, inventories, perpetual card inventory record, bin record, shipping tickets and accounting procedure, Army correspondence system, Table of Equipment, Ordnance Equipment Lists, Table of Organization, Standard Nomenclature List as applied to supply.

Entrance Requirement: Applicants must have at least one year of experience (in either military or civilian status) in United States Army supply work, including six months in a supervisory capacity.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

SENIOR STATISTICAL CLERK, DIVISION OF CANCER AND OTHER CHRONIC DISEASES, DEPARTMENT OF PUBLIC HEALTH, MAY 24, 1947.

Last date for filing applications, Monday, May 5, 1947, at 5 p. m.

Salary: The entrance salary is \$1,860 a year; the maximum salary is \$2,340 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Under general supervision, to perform routine processes in the work of accumulating and presenting statistical data, calling for the exercise of a limited

degree of statistical judgment; and to perform related work as required.

Examples of Duties: Collecting data from cancer clinic records and by house-to-house survey; performing routine coding of cancer clinic records and other data; charting data on semilogarithmic paper; obtaining rates by slide rule; obtaining means and medians and quartiles; transferring data to logarithms and plotting on arithmetic paper; applying the point binomial theorem to cancer records.

Experience or training in the use of higher mathematics is necessary, as well as the ability to do neat and accurate work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FURNISHING RUN OF MINE AND NUT AND SLACK SEMIBITUMINOUS COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing run of mine and nut and slack semibituminous coal required for the school buildings from June 16, 1947, to December 31, 1947, deliveries to be continued until June 15, 1948, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Run of Mine and Nut and Slack Semibituminous Coal for Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check, payable to the City of Boston, in the amount of three hundred dollars (\$300), must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, May 19, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the several buildings, and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows, and as much of it as possible will be housed during July and August, 1947:

	Semibituminous Coal.	Nut and Slack.
District.	Run of Mine.	
1. City Proper.....	4,076 tons	
2. South Boston.....	1,755 tons	
3. East Boston.....	1,323 tons	
4. Roxbury	6,946 tons	
5. Dorchester	6,133 tons	294 tons
6. Charlestown	1,211 tons	306 tons
7. Brighton	1,986 tons	
8. West Roxbury.....	2,245 tons	
9. Hyde Park.....	1,806 tons	

Total27,481 tons 600 tons
Bidders may submit a proposal for furnishing the run of mine and nut and slack semibituminous coal required in any one or more of the above nine districts of the city and may also submit one bid covering the whole city. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond of not less than fifty (50) per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(May 3.)

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra deck enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.
(House of Correction.)

INVITATIONS FOR BIDS ON HEATING CONTRACT, HOUSE OF CORRECTION, DEER ISLAND, SPECIAL APPROPRIATION.

Sealed bids for the construction of a new heating system for the cell blocks in the new prison, House of Correction, at Deer Island, will be received by the Commissioner of Penal Institutions, Room 801, City Hall Annex, Boston, Mass., on May 12, 1947, at 10 a. m., in the office of said Commissioner, and at that time shall be publicly opened and read aloud.

The contract will consist of supplying unit heaters, pipe radiation, a condensate return pump, a hot water generator, and the necessary pipe and appurtenances to complete the work inside the prison, and to connect on to the existing steam main immediately outside the prison.

The Information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bond and Performance Bond may be examined at the office of the Commissioner of Penal Institutions, City Hall Annex, Boston, Mass., and at the office of Stewart Associates, Inc., Consulting and Testing Engineers, 38 Memorial Drive, Cambridge, Mass., and copies thereof obtained at either office upon the payment of \$10 for each set. Any bidder, upon returning such set promptly and in good condition, will be refunded his payment.

The Commissioner of Penal Institutions reserves the right to waive any informalities in or to reject any or all bids.

Each bidder must deposit with his bid, security in an amount of not less than five per centum (5 per cent) of the base bid in the form of and subject to the conditions provided in the Information for Bidders. Attention of bidders is particularly called to the requirements as to conditions of employment to be observed under the contract.

MAXWELL B. GROSSMAN,
Commissioner.

(May 3.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective May 12, 1947:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following: Massachusetts Avenue, Boston Proper, Roxbury, and Dorchester.

Northeast side, from Edward Everett square to Commonwealth avenue, 8 a. m. to 10 a. m.

Southwest side, from Edward Everett square to Commonwealth avenue, 4 p. m. to 6 p. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Massachusetts Avenue, Boston Proper, Roxbury, and Dorchester.

Northeast side, from Edward Everett square to a point one hundred (100) feet southeast of the bridge over the New York, New Haven & Hartford Railroad, 8 a. m. to 10 a. m.

Northeast side, from a point one hundred (100) feet northwest of the bridge over the New York, New Haven & Hartford Railroad to Commonwealth avenue, 8 a. m. to 10 a. m.

Southwest side, from Edward Everett square to a point one hundred (100) feet southeast of the bridge over the New York, New Haven & Hartford Railroad, 4 p. m. to 6 p. m.

Southwest side, from a point one hundred (100) feet northwest of the bridge over the New York, New Haven & Hartford Railroad to Commonwealth avenue, 4 p. m. to 6 p. m.

LEO F. CURLEY,
Commissioner.

(May 3-10.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING HORIZONTAL RETURN TUBULAR BOILERS IN THE THOMAS GARDNER SCHOOL, BRENTWOOD AND ATHOL STREETS, ALLSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing horizontal return tubular boilers in the Thomas Gardner School, Brentwood and Athol streets, Allston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, May 14, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 12, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice of sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

The above is subject to the approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(May 3.) Superintendent of Construction.

CITY OF BOSTON.

POLICE DEPARTMENT.

OFFICE OF THE POLICE COMMISSIONER,
154 BERKELEY STREET, APRIL 23, 1947.

RULE 65 OF THE POLICE RULES AND REGULATIONS RELATING TO HACKNEY CARRIAGES.

In accordance with provisions of section 1, of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston are hereby amended by:

Striking out the first paragraph as amended in section 4, under the sub-title "Hackney Carriage Drivers' Licenses," as appearing upon page 221 of said Rules and Regulations, and inserting in place thereof the following paragraph which shall read as follows:

"Section 4. The Police Commissioner for the city of Boston may annually grant licenses in said city to suitable persons. No person shall be licensed as a hackney carriage driver in the city of Boston unless he has been a resident of said city for at least six months immediately preceding the date of his application."

All rules and regulations inconsistent herewith, are hereby repealed.

This amendment will take effect Wednesday, May 7, 1947.

THOMAS F. SULLIVAN,
Police Commissioner.

(May 3.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

INVITATION FOR PROPOSALS FOR FURNISHING OF EQUIPMENT FOR 120-TON INCINERATOR ON WESTERN AVENUE AND EVERETT STREET, BRIGHTON, MASS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites sealed proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing of equipment for 120-ton incinerator on Western avenue and Everett street, Brighton, Mass. Copies of the plans and specifications may be obtained at Room 508, City Hall Annex, Boston, on and after May 9, 1947. Copies of plans and specifications may be obtained at Room 508, City Hall Annex, as above noted, upon a deposit of \$25 for each set, fully refundable to bidders returning sets in good condition, one half refundable to non-bidders within 30 days after the opening of bids. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing of Equipment for 120-Ton Incinerator on Western Avenue and Everett Street, Brighton, Mass.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, May 19, 1947, with a certified check for five thousand (5,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. The proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 3.) Commissioner of Public Works.

NEW SOURCES OF MUNICIPAL REVENUE.

Philadelphia recently adopted three new city taxes: auctioneers are required to register and pay a tax of \$500 a year, bowling alleys \$20 for each alley, and coin-operated slot machines and other amusement devices \$20 a year each. Portsmouth, Ohio, has levied a license fee of \$25 a year on juke boxes, pin ball machines, and other coin-operated amusement devices. Santa Barbara, California, on February 23 adopted a local retail sales tax of one per cent on the recommendation of a citizens' tax committee. Sacramento, California, has adopted a new business license ordinance which will provide approximately \$110,000 a year revenue. In New York City Mayor La Guardia has proposed an additional one per cent sales tax to finance a three-year program of subway rehabilitation; the present one per cent sales tax raises about \$32,000,000 a year.

—Public Management.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN RICHARDSON STREET BETWEEN WESTERN AVENUE AND MACKIN STREET AND EMERY ROAD AND RUGG ROAD, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Richardson street between Western avenue and Mackin street and Emery road and Rugg road, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Richardson Street Between Western Avenue and Mackin Street and Emery Road and Rugg Road, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, May 15, 1947, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 3.) Commissioner of Public Works.

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT. (House of Correction.)

INVITATIONS FOR BIDS ON ELECTRICAL CONTRACT, HOUSE OF CORRECTION, DEER ISLAND, SPECIAL APPROPRIATION.

Sealed bids for the rewiring of the electrical system in the new prison, House of Correction, at Deer Island, will be received by the Commissioner of Penal Institutions, Room 801, City Hall Annex, Boston, Mass., on May 12, 1947, at 10.30 a. m., in the office of said Commissioner, and at that time shall be publicly opened and read aloud.

The contract will consist of rewiring the lighting system for A.C. current using existing conduit wherever possible; removing existing conductors; wiring to unit heaters; installing new A.C. distribution center and making temporary hookup to the existing D.C. distribution.

The Information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bond and Performance Bond may be examined at the office of the Commissioner of Penal Institutions, City Hall Annex, Boston, Mass., and at the office of Stewart Associates, Inc., Consulting and Testing Engineers, 38 Memorial Drive, Cambridge, Mass., and copies thereof obtained at either office upon the payment of \$10 for each set. Any bidder, upon returning such set promptly and in good condition, will be refunded his payment.

The Commissioner of Penal Institutions reserves the right to waive any informalities in or to reject any or all bids.

Each bidder must deposit with his bid, security in an amount of not less than five per centum (5 per cent) of the base bid in the form of and subject to the conditions provided in the Information for Bidders. Attention of bidders is particularly called to the requirements as to conditions of employment to be observed under the contract.

MAXWELL B. GROSSMAN,
(May 3.) Commissioner.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING FUEL OIL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing fuel oil required for school buildings from June 16, 1947, to December 31, 1947, deliveries to be continued until June 15, 1948, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Fuel Oil for Boston Public Schools." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check for three hundred dollars (\$300), payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, May 19, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. Fuel oil is to be delivered in the tanks of the several buildings, and the price per barrel of heavy or medium oil and the price per gallon of light oil named in the proposal must include the delivery in said tanks in a manner satisfactory to the School Committee. The total estimated quantities of fuel oil required during the period June 16, 1947, to June 15, 1948, both dates included, is as follows:

47,098 barrels heavy oil
11,033 barrels medium oil
23,000 gallons light oil

The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than fifty (50) per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(May 3.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FURNISHING AMERICAN ANTHRACITE COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing American anthracite coal required for the school buildings from June 16, 1947, to December 31, 1947, deliveries to be continued until June 15, 1948, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Anthracite Coal for Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check, payable to the City of Boston, in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, May 19, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the several buildings, and the price per ton named in the proposal must include delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows, and as much of it as possible will be housed during July and August, 1947:

District.	Amount.	Egg Size.
1. City Proper.....	12 tons	
2. South Boston.....		
3. East Boston.....		
4. Roxbury.....	25 tons	
5. Dorchester.....	60 tons	
6. Charlestown.....		
7. Brighton.....		
8. West Roxbury.....		
9. Hyde Park.....	20 tons	

Total 117 tons

Bidders may submit a proposal for furnishing American anthracite coal required in any one or more of the above nine districts of the city and may also submit one bid covering the whole city. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than fifty (50) per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(May 3.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE (1) HAMMOND ELECTRIC ORGAN OR EQUAL FOR LONG ISLAND HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing to the Institutions Department, Long Island, one (1) organ as specified in proposals to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for One (1) Organ." The bids will be publicly opened and read Monday, May 12, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 3.) Superintendent of Supplies.

CITY OF BOSTON.
INSTITUTIONS DEPARTMENT.

PROPOSALS FOR THE BUILDING OF A SHAFT AND FURNISHING AND INSTALLING A PASSENGER ELEVATOR IN NURSES' HOME, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for the building of a shaft and furnishing and installing a passenger elevator in Nurses' Home, Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, May 14, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,000 shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, carpenters, engineers and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract, and also comply fully with the rules and regulations governing the taking down of buildings or other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner for the City of Boston.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Friday, May 9, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

In the event no sub-contractor files a bid covering a sub-trade specified in Item 2 of the proposal form, the general contractor shall include such specified work in Item 1 of his proposal as part of the work to be performed by such general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

G. FRANK McDONALD,
(May 3, 1947.) Commissioner.

CITY OF BOSTON.
LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR FURNISHING TABLE LAMPS.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for furnishing certain table lamps. Drawings and specifications may be had upon application to the business office, Public Library of the City of Boston, Copley square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, May 7, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications may be obtained on and after Monday, April 28, 1947, at the business office, Public Library of the City of Boston, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF
THE CITY OF BOSTON.

ELIZABETH B. BROCKUNIER,
(April 26-May 3.) Clerk.

CITY OF BOSTON.
TRANSIT DEPARTMENT.

PROPOSAL FOR RENTING AUTOTRUCKS, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for renting autotrucks with chauffeurs for work on the construction of the Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Wednesday, April 30, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, May 14, 1947. A properly certified check for five thousand (\$5,000) dollars payable to the city must accompany the proposal. The rate per hour of the wages to be paid to chauffeurs in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is contained in the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY,
(April 26-May 3.) Secretary.

THE SCHOOL COMMITTEE OF THE
CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,

PROPOSALS FOR FURNISHING SCISSORS AND SHEARS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing scissors and shears for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Scissors and Shears for the Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check, payable to the City of Boston in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, May 15, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(May 3.)

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BUILDING THE OLD COLONY AVENUE STAIRWAY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for building the Old Colony avenue stairway. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Building the Old Colony Avenue Stairway," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, May 20, 1947, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MAY 10, 1947.

NO. 19

MAYOR CURLEY CALLS ON ALL AMERICANS, REGARDLESS OF POLITICAL AFFILIATION, TO RALLY TO CAUSE OF PERMANENT PEACE UNDER INSPIRING LEADERSHIP OF PRESIDENT HARRY S. TRUMAN—DELIVERS ADDRESS AT JEFFERSON DAY DINNER AT STATLER HOTEL, SATURDAY EVENING, MAY 3, BEFORE 1,800 WILDLY CHEERING, ENTHUSIASTIC MEMBERS OF DEMOCRATIC PARTY—LIKENS PRESIDENT TO ABRAHAM LINCOLN AND PERICLES OF ANCIENT ATHENS—ASKS FOR WHOLE-HEARTED RALLY BEHIND PRESIDENT IN HIS GREAT TASK.

The following is the address of Mayor James M. Curley at the Jefferson Day Dinner at the Hotel Statler, Saturday evening, May 3:

The Scripture teaches that "without vision the people perish." In our day we, as members of the Democratic party, can truthfully add, "Without a great moral issue any political party is bankrupt and doomed to failure."

The man in whose honor we assemble tonight was the quintessence of logic, statesmanship, and comprehension of the aims, aspirations, and ideals of his fellow man. Thomas Jefferson epitomized those ideals in the Declaration of Independence, which, through his God-given leadership, became the accepted doctrine of the entire people of the nation.

The modesty of the man Thomas Jefferson is attested in the inscription he himself caused to be placed upon his tombstone. It reads as follows:

HERE WAS BURIED THOMAS JEFFERSON, AUTHOR OF
THE DECLARATION OF AMERICAN INDEPENDENCE,
OF THE STATUTE OF VIRGINIA FOR RELIGIOUS FREE-
DOM, AND FATHER OF THE UNIVERSITY OF VIRGINIA.
BORN APRIL 2D, 1743 O.S. — DIED (JULY 4) (1826)

The manner in which he lived and labored more nearly resembles the great Greek leader, Pericles. Like Thomas Jefferson, Pericles was not a great public speaker. In fact, during the period of 30 years that he ruled Greece, he rarely appeared in public, being content with the issuance annually of a report or statement of the state of the country to the people. Like Thomas Jefferson, Pericles was animated by a love of his fellow man and a consuming passion to serve and be of service to him. He gave to Greece a glory in cultural progress, the arts, sciences, sculpture, and literature, such as had never previously or since been achieved in any nation, by turning the revenues of war into art and usefulness, and walking the road of peace.

Rights of Ordinary Man.

With his dying breath he stated a truth that every great leader might prefer to be able to say, namely, "I never caused a single Athenian to wear mourning." He infused in the people of Greece the value of peace and a love of the beautiful, to which the entire world has paid tribute since his day. He typified, as did Thomas Jefferson, the value of a great moral issue, and it was the Declaration of Independence by America that gave an impetus to the establishment throughout the world of the doctrine that made possible an end of serfdom and created the idea of the nobility of the rights of the ordinary man, regardless of his station in life.

(Continued on page 598.)

MAYOR CURLEY INVITES PRESIDENT TRUMAN TO BE BOSTON'S INDEPENDENCE DAY ORATOR.

His Honor the Mayor on May 6
sent the following letter:

Boston, May 6, 1947.

Hon. Harry S. Truman,
President of the United States,
White House,
Washington, D. C.

Dear Mr. President,—The citizens of Boston and all Massachusetts would be highly honored if you could accept our most cordial invitation to be our Independence Day orator at eleven o'clock in the morning of July 4, 1947, in our historic Faneuil Hall, known throughout the world as the Cradle of Liberty in America.

Originally, from 1771 to 1783, inclusive, our celebrated Boston orations were delivered each year on March 5, the anniversary of the Boston Massacre, which took place on that date in 1770.

From 1783 to the present year, without interruption, the anniversary of National Independence, July 4, 1776, has been fittingly observed. We have been fortunate in having a long line of illustrious orators, including John Hancock, Harrison Gray Otis, John Quincy Adams, Josiah Quincy, Lemuel Shaw, William Sullivan, Horace Mann, Charles Sumner, Oliver Wendell Holmes, Charles W. Eliot, William Cardinal O'Connell, and others of equal distinction.

I earnestly hope that it will be possible for you to come to us.

Sincerely yours,

James M. Curley,
Mayor of Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, Editor.
P. NICHOLAS PETROCELLI, Associate Editor.
WILLIAM J. PATRON, Business Agent, 63 City Hall, Boston.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 63 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, May 12, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 23 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending May 3, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 178; nonresidents, 52; total, 230.

Death rate per 1,000 of population: All deaths, 15.60; nonresidents deducted, 12.08.

Death rate per 1,000 of population:

Last week, 17.03; corresponding week last year, 14.38.

Deaths by age periods, sex, etc.: Under one year, 15; one year to four years, inclusive, 3; sixty years and over, 144. Total deaths: Male, 116; female, 114; deaths in hospitals and institutions, 150.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR CURLEY, IN MONTHLY RADIO BROADCAST OVER STATION WMEX, ENUMERATES REASONS "WHY BOSTON LEADS IN PUBLIC HEALTH"—POINTS TO CITY'S CONTRIBUTION TO MEDICAL SCIENCE IN COMBATING AND OVERCOMING DISEASES THAT IN OTHER AGES TOOK AS TOLL MILLIONS OF HUMAN LIVES—MENTIONS TYPHOID FEVER, TUBERCULOSIS, AND INFANT MORTALITY AS THREE OF MOST VICIOUS SCOURGES THAT HAVE BEEN CONQUERED—IN THIS WORK NO CITY, SAYS THE MAYOR, HAS CONTRIBUTED MORE RICHLY THAN BOSTON.

The following is the radio address of Mayor James M. Curley over Station WMEX on Monday evening, May 5, on the subject "Why Boston Leads in Public Health":

If a true history of the world were to be written, no finer chapter would be found than that devoted to the story of man's conquest of disease. The pages of history are filled with countless examples of untiring devotion and heroic sacrifice made by members of the medical and public health professions, who quietly and unobtrusively, without the blare of the trumpet or the beat of the drum, without the stimulation of the passions which are aroused by the flash of the bayonet and the gleam of the sword, have freely given their lives in order that disease might be conquered, health promoted, and life extended. We are too prone, indeed, to accept indifferently the public health safeguards and facilities with which organized society has been surrounded.

In ancient times and throughout the dark ages the army of death marched roughshod, changing the map of the world and exacting its toll of millions of lives. What have been called the pestilence and the plague were in reality smallpox, leprosy, cholera, yellow fever, and other kindred diseases. Witchcraft and magic, idolatry and superstition, which were the practices of that day, coped hopelessly and fruitlessly with the tremendous inroads on human life.

At the beginning of the present century, 35 out of every 100,000 of our people died from typhoid fever. Today, because of the application of suitable measures for the protection of our milk and water supplies, typhoid has been practically eliminated as a cause of death. Deaths from tuberculosis, which not so long ago totaled about 250 out of every 100,000 of our population, have been reduced to less than one fourth of this number. Less than 50 years ago, one infant out of every seven born in Boston did not survive the dangerous first year of life. Today, our death rate in this age group is but one out of 35 of our newborn.

BOSTON AMONG LEADERS.

No city in the world has contributed more richly to medical and public health history and their advancement than our own Boston. Its sons, since the days of our Founding Fathers, have made most important contributions to the promotion of health, the prevention of disease, and the treatment of illness. It is interesting to note that men of influence in the molding of our nation's early history gave marked attention to the health needs of our city and of our state. Among the number may be included Samuel Fuller, Governor Winslow, the Reverend Cotton Mather, and the first President of Boston's Board of Health, Paul Revere. These pathfinders, who paved the way to American progress, were interested in the well-being of their fellow men, fostering wise legislation which dated back to the period shortly following the landing of our Pilgrim Fathers.

Local legislative provisions against the pollution of Boston Harbor date back to 1647. Statutes requiring the isolation of the sick were promulgated in Boston as early as 1678, and legislation providing for quarantine against smallpox in our community was enacted in the same year. These are but some evidences of the vision and interest of those who, though much before his time, shared with Disraeli, Prime Minister of England during the reign of Queen Victoria, the belief of the fact that "the health of the people is the concern of the State, and that the first duty of a Statesman is the protection of the public health."

Boston was the first city in the world to establish in its health department a system for the daily medical inspection of all schoolchildren in order to safeguard their health and welfare. This system was inaugurated in our com-

munity in 1894 and has become the common practice all over the world. This service, as an important factor in the prevention and control of diseases among our young, cannot possibly be overestimated.

HEALTH UNITS, CONTRIBUTION.

Our George Robert White Fund Health Units, made possible because of the beneficence of a great Boston citizen, George Robert White, have served for many years as an example and model for health center construction and administration, and their organization and functions are copied wherever health centers are planned, both in this country and abroad.

The United States Chamber of Commerce and the American Public Health Association, sponsoring an annual health conservation contest for large American cities, awarded to the Boston Health Department first prize in appreciation of the content not only of its own program, but that of the voluntary health agencies. Fitting mention should be made of the varied activities of the latter group functioning in our city, which so well bridge the gaps and meet certain needs in those fields which have long been the concern of the health agencies, made possible by the generosity of men and women interested in the health and well-being of the men, women, and children of the community.

The Forsyth Dental Infirmary, a great benefaction of the Forsyth brothers, is an example of private philanthropy at its best, blazing the way in a pioneering effort to foster better dental health, particularly among our young.

The work of our Visiting Nursing Association, founded in 1886, the first in its field in the United States, is another example of philanthropic support making possible essential home-nursing care.

These are but some examples of essential services placed at the disposal of our inhabitants because of the generosity and vision of good friends of the people.

Much could be said and a great deal written in praise of the magnificent contributions of Boston's hospitals, consecrated to the care of the sick and to the performance of those other activities which fall within the scope of a well-functioning hospital. Our Boston City Hospital is in the foreground of municipal institutions, and its Thorndike Memorial is world-famous for the carrying on of continued and extensive research under the leadership of Dr. George Minot, a Nobel Prize winner, and his qualified associates. Within the walls of the Massachusetts General Hospital, ether as an anesthetic was announced to the world more than 100 years ago.

HOSPITALS OF REPUTE.

The Peter Bent Brigham, the Beth Israel, the Boston Dispensary, the Baptist, the Carney, the Deaconess, and St. Elizabeth's Hospitals are but some of the other great hospitals of our community made possible because of the generosity and humanitarian spirit for service of those who materially support, and others who staff, these temples of health. The 6,000 hospital beds in our community have been occupied constantly in recent years and have been found insufficient in number to admit all in need of hospital care. This overcrowding has been materially influenced because of the constantly increasing recognition on the part of the public that the hospital is indeed the "workshop of the medical profession" and the place for the satisfactory solution of serious illness.

What of the future?

Considerably in excess of \$100,000,000 is represented in the present investment

in our Boston hospitals. Planned and contemplated most necessary expansion, involving the provision for a markedly enlarged number of beds, will result in an additional expenditure in excess of \$35,000,000.

Included in these plans is the establishment of a medical center at the Children's Hospital. This institution has long enjoyed an enviable position among the hospitals of America concerned with the care of sick children. The consummation of its planned development will mark its undeniable leadership in this field. Among other hospitals planning substantial additions to their overcrowded institutions are the Baptist, the new medical center built around Boston University, the Beth Israel, the Carney, the Deaconess, the Massachusetts General, and St. Elizabeth's.

Fitting attention should be called to the proposed establishment of a 1,000-bed veterans' hospital, adjacent to and linked up closely with our great medical schools, thus making possible not only the last word in scientific medical care, but also enlarged teaching opportunities for the medical students enrolled at Harvard, Tufts, and Boston University, and other medical schools.

WORK OF FUTURE.

When completed, these institutions will continue to do more than concern themselves with the all-important task of caring for the sick. They will also continue to serve the very necessary and most useful functions of educational institutions. People are too prone to conceive the hospital as purely a treatment center and to forget the part these institutions play in the training of the medical student, the physician, the nurse, the medical social worker, the laboratory technician, and others. This essential training is intimately related to the quality of medical and nursing care which the public must receive in order to combat man's most constant enemy, disease.

Our hospitals, too, must continue to conduct research, for it is important to point out that the progress which has taken place in medicine is in a very marked measure due to the responses received by probing minds searching for newer methods with which to combat the mysteries of disease. The discoveries which have been made in recent years, and which have added to the span of life, reduced the hazard of illness, and made for happier and longer living, have been the result of the accomplishments of research departments functioning within the walls of hospitals. Emphasis, too, should be placed upon a frequently unrecognized activity of hospitals, namely, in the field of health education. Rich opportunities present themselves for demonstrative evidence of how disease may be prevented, and the vigilant hospital, abreast of the times, seizes the advantages presented for pointing out to the patient how the particular illness might have been prevented and how the individual, for his own good, may cooperate in the field of disease prevention.

Pages could be devoted to the list of names of those Bostonians who, through the years, have enriched medical history through the medium of their epochal contributions to the advancement of medical science, but a few of these are Oliver Wendell Holmes, the Warrens and the Bigelows, Harvey Cushing, Reginald Fitz, Maurice Richardson, Elliot Joslin, Henry Christian, Richard Cabot, Fred Shattuck, Frank Lahey, Timothy Leary,

Elliott Cutler, David Edsall, Milton Rosenau, Walter Cannon, Hans Zinzer, and others.

MEDICAL SCHOOLS AS FACTORS.

Our three great medical schools, Harvard, Tufts, and Boston University, have been and are contributing materially not only to the education of the doctor of tomorrow, but also materially to research, carried on as joint projects with their affiliated teaching hospitals.

Twenty years have been added to the expectancy of life within a comparatively short time. The prolongation of life throws newer and additional burdens upon the hospital of tomorrow. Among the diseases of later life, which are on the increase, are cancer, heart disease, diabetes, arteriosclerosis, and so forth. These challenge the ingenuity, the resources, and the abilities of our hospitals and out-patient departments. The situation can only be met by necessary expansion of our physical and material community resources.

It has been very wisely said that a nation's best asset is the health of its people. We have been authoritatively informed that "public health is purchasable and that, within certain limitations, communities may determine their own death rates." By this we mean that the wise expenditure of funds for the maintenance of essential services concerned with the promotion of health, the prevention of disease, and the treatment of illness is the important factor in reducing illness and death to an irreducible minimum.

In view of Boston's rich heritage, for the meeting of its civic obligations, as well as in the field of private philanthropy, it is safe to predict that the challenge will be met and Boston's health standards will continue to lead and to reach newer heights in the years to come.

Boston has led and will continue to lead the world in the quality of its health practices, medical care, and education, thereby truly deserving the title of "The Athens of America," to which the sick, the lame, and the halt will come, seeking that relief which they will receive from the skillful hands and the fine brains for which this great city has justly been famous.

CITIZENS JOIN MAYOR IN EFFORT TO CHECK SCHOOL VANDALISM.

WARREN-BUNKER HILL DISTRICT.

BOSTON, April 28, 1947.

To the Parents.

The following letter has been received from his Honor the Mayor, James M. Curley:

"The indications are that the loss to the city due to vandalism in the breakage of windows in the school buildings and gas lamps and electric globes results annually in the vicinity of \$100,000.

"With a view to preventing a similar loss this year, I am respectfully requesting that you call to the attention of all pupils in all of the schools that it is the intention of the city to have the Law Department prosecute all cases of vandalism directed to their attention, and request the courts to assess a fine, equal to the loss sustained by the city in each case, upon the parents of those responsible.

"It would, in my judgment, be possible to prevent loss of this character in the future, provided the views as here set forth are impressed upon the pupils."

It should be pretty clear to all of us that destruction of public property is very costly to every citizen, for it is he who indirectly pays the bill. One hun-

dred thousand dollars per year is a large amount to be so foolishly wasted.

To check this growing waste of funds and to train our children to respect property that *does not* belong to themselves we are asking for your *sincere* and *active* cooperation. If each parent seriously assumes responsibility for the actions of his child, this needless destruction can be eliminated and he will avoid action by the courts, the assessment of fines, and the establishment of a court record.

Can I count on your cooperation?

Very truly yours,

MAURICE T. FORD, *Principal.*

I HAVE RECEIVED THIS LETTER, HAVE READ IT TO MY CHILDREN AND WILL SEE TO IT THAT THEY COOPERATE IN THIS WORTHY ENDEAVOR.

Parent's Signature.

EVICION OF EXCESS INCOME TENANTS BY BOSTON HOUSING AUTHORITY TO CREATE VACANCIES FOR ELIGIBLE VETERANS AND OTHERS.

The Boston Housing Authority has announced that it has begun eviction proceedings against tenants whose income is in excess of that permitted by the housing law.

Jeremiah F. Sullivan, Acting Executive Director of the Authority, stated that this was the first step in a program which would eventually call for the removal of all tenants whose income was excessive. He stated that there were about 2,500 such tenants now living in public housing projects. During the war, Sullivan said, the Authority was forced by federal legislation to accept and retain as tenants people engaged in essential war industry although their income was in excess of that permitted by the housing law. On the termination of hostilities, federal regulation of rents and evictions prevented the Authority from taking steps to remove those whose high incomes made them ineligible for low rent housing.

Recently these federal regulations were amended so that those with excess income must vacate their apartments.

Those against whom proceedings were started today include tenants who were not Boston residents at the time of admission, as well as persons owning residences elsewhere, all of whom have excess income.

Sullivan stated that it was not the intention of the Authority to immediately start mass eviction proceedings, but that the program would be staggered over a period of time. He advised all tenants whose income was in excess of legal limits to immediately seek accommodations elsewhere.

The gradual fulfillment of this program will, of course, create vacancies for Boston residents, particularly veterans who are otherwise eligible. The income limitations for admission as approved by the State Board of Housing are as follows:

- (a) For a 3-room apartment, \$1,750.
- (b) For a 4-room apartment, \$1,796.
- (c) For a 5-room apartment, \$2,000.
- (d) For a 6-room apartment, \$2,100.
- (e) For a 7-room apartment, \$2,200.

Any person whose income is lower than the amounts stated above is eligible and should apply at the central office of the Authority, at 10 Post Office square, Room 1220, Boston, Mass.

Apartments are allocated according to family size and contain living room, kitchen, bath, and from one to five bedrooms.

MAYOR CURLEY CALLS FOR A STRONG AMERICA UNDER GUIDANCE OF PRESIDENT TRUMAN AND SECRETARY OF STATE MARSHALL SO THAT THE UNITED STATES SHALL LEAD IN CREATING PERMANENT PEACE IN THE ENTIRE WORLD—URGES KEEPING COUNTRY STRONG IN ORDER TO MAKE THIS POSSIBLE—DELIVERS MAY DAY ADDRESS ON COMMON.

The following is the address of Mayor James M. Curley, as presented at the May Day patriotic rally of the Massachusetts Ladies Auxiliary to the Veterans of Foreign Wars at the Boston Common on May 1:

Mr. Chairman, Ladies of the Auxiliary, I want to apologize for not being here earlier, but the pressure of business was so great it was impossible to be here. However, I could not forego the opportunity to come to this patriotic rally of the Ladies Auxiliary of the Veterans of Foreign Wars.

We have seen celebrations here of the people who love some other country better than they have loved America. We meet today with the people who love America better than they love any other country, and it is unfortunate that the day is such and the meeting is such that we cannot bring the message home to all the people of the city and the country.

We have in Washington at the present time a man of simplicity and sincerity of purpose and vision comparable to Abraham Lincoln, through whose simple and great leadership it was possible to continue the Union as a whole, without the loss of any state of the Union. It can be truly said, as you have said in your circular letter, that we are living in very unusual times, and I sometimes feel that Almighty God has designated America as a special subject of his affection.

At the present hour in the life of the world, America is in a position to demand

a permanent peace based on spiritual and economic justice for all the people of the world. We have never been in that position before, and apparently there is only one individual who is holding out against this permanent world peace. He fails to realize that America has no bitterness against any other people in the world, that America does not desire a foot of territory of any other country in the world, does not desire to hold anybody in subjection in any portion of the world.

The people of Russia, who suffered the loss of 30,000,000 souls in the First World War and the subsequent revolution, and 15,000,000 souls in the last war, do not want another war. If such war is thrust upon them, they are liable to do to Stalin what they did to the Czar when the revolution broke out in Russia.

We should thank God we have Mr. Truman as President of the United States and General Marshall representing us in Washington. We have a duty to perform, and that is to keep America strong and accomplishing what is right and just to make possible a permanent peace in the world. Let us all say a prayer to Almighty God for the peoples of the world and for the United States of America, that permanent peace will become a reality.

CIRCULAR LETTER NO. 9.

CITY OF BOSTON.

MAYOR'S OFFICE, April 30, 1947.

To the Heads of All Departments.

GENTLEMEN,—I have, this day, approved an ordinance passed by the City Council which authorizes the closing of public offices on Saturdays.

Under the authority contained in the ordinance, I recommend and approve the closing on each Saturday, beginning June 7, 1947, of offices which are customarily open for public business.

It should be noted, however, and notwithstanding the adoption of the ordinance, that employees may be required to work on Saturday even though the office to which they are assigned is closed for public business.

It should be noted also that, under present authority, only public offices may be closed on Saturdays. Pending legislation, when adopted, will permit of the institution of a standard forty-hour week for all other employees.

Generally, public offices in City Hall and City Hall Annex may close on the Saturdays designated. If department officials have any doubt as to the action to be taken, they may consult with the Budget Commissioner.

Incidentally, in view of the shorter working week for many employees of the city, I suggest to all department officials

that they insist that employees adhere closely to the working schedule of the departments, and that promiscuous arriving at or leaving work, elongated lunch periods, and other breaches of the working schedule be given prompt, official attention.

Respectfully,

JAMES M. CURLEY, Mayor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street reconstruction, estimated to be one (1) month, vehicles are excluded from the following street, block by block, where signs are placed, effective April 30, 1947:

Pinckney Street, Boston Proper.

From Joy street to Embankment road.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be one (1) month, vehicles are excluded from the following street, block by block, where signs are placed, effective April 23, 1947:

West Cedar Street, Boston Proper.

From Chestnut street to Cambridge street.

PARK DEPARTMENT RECREATION DIVISION PROGRAM.

The Mayor on April 30 released the program for the Recreation Division of the Boston Park Department for the month of May. The program is as follows:

A MAY DAY FESTIVAL.

Boston Common, 11 o'clock, Saturday, May 3, 1947.

Program.

WILLIAM P. LONG.

Chairman, Boston Park Commission.

ROBERT CUSICK.

Supervisor of Recreation.

LOUISE KENNEDY.

Director of Girls' Activities.

1. Sacred Heart (North End) Bugle, Fife, and Drum Corps, under direction of the Reverend Arnaldo Vanoli and Mr. Repucci.
2. Grand Parade of all participants.
3. Coronation Procession, followed by the crowning of Park Department 1947 May Queen, CECILIA HARKINS.
4. Welcome to Spring by the Four Mellow-Larks—MARION HILTZ.
5. Rhythmic Drill, Curtis Hall Gymnasium (St. Thomas and St. Joseph Schools), M. HILTZ, E. KOENIG.
6. The Strollers, Columbia Road Gymnasium, Solos, THERESA ANDERSON, ANNE KELLEY.
7. Laces and Graces, Roslindale Gymnasium, LORETTA ANGLAND, WILLIAM CRONAN.
8. Gymnasium Frolics, Williams Building Gymnasium, MARY KERRIGAN, TED BYRNES.
9. Boston Police Department M-1 Safety Car, Officers WILLIAM CONNOLLY, LYNWOOD GILMAN.
10. Maypole Dance, St. Joseph Girls, Solos, GERALDINE BARETTA, MARION HILTZ.
11. Singing Games, Vine Street Gymnasium, MARIE MAGUIRE, JAMES O'BRIEN.
12. The Freedom Family, Specialties by DAURICE.
13. Dress-Up Relay Race, Hyde Park, Roslindale, Roxbury, South Boston.
14. Hansel and Gretel Dance, Paris Street Gymnasium, DEBORAH HALLIHAN.
15. Parkettes, South Boston, MARY KERRIGAN.
16. International Folk Dances, Hyde Park Gymnasium, LORETTA ANGLAND, GEORGE CONNELL.
17. Sunshine Polka, Curtis Hall Gymnasium (Cheverus Girls), MARION HILTZ, EDWIN KOENIG.
18. Star-Spangled Banner.

In case of inclement weather Festival will be held on following Saturday, May 10.

Monday, May 5.

Twilight Baseball Park League opens 6 p. m.

Saturday, May 10.

Peggy Finals, Boys Championships, MacArthur Mall, Boston Common, 10.30 a. m.

Week of May 12.

Opening of Soft Ball Leagues.

Saturday, May 17.

Jump Rope Contest, MacArthur Mall, Boston Common, 10 a. m.

Saturday, May 24.

Boys Finals Marbles, MacArthur Mall, Boston Common, 10.30 a. m.

Saturday, May 31.

Girls Roller Races, Avenue Louis Pasteur, 10 a. m.

MAYOR CURLEY'S ADDRESS AT JEFFERSON DAY DINNER CALLS ON ALL CITIZENS TO RALLY TO CAUSE OF WORLD PEACE.

(Continued from page 593.)

Jefferson, in the Declaration of Independence, became the saint and the apostle of democracy, as so beautifully set forth by Saint Paul. I quote: "Faith without good works is of no avail." The Great Emancipator, Abraham Lincoln, at a later day exemplified this faith in his fellow man when, through his divinely inspiring leadership, freedom of the black man, not only in America but throughout the world, became a reality.

DEMAND FOR WORLD PEACE.

The quiet, plain, God-loving, and God-fearing American who now presides over the destinies of our nation, President Harry S. Truman, has issued a clarion call, to which the world is slowly but surely responding, in a demand for world peace based on spiritual and economic justice for all the people of the world, whether the nation in which they live be great or small.

As I said at the outset, quoting from the Scripture, "Without vision the people perish," so I repeat here, "Without a great moral issue any political party is doomed to bankruptcy and defeat." President Truman lives for the accomplishment of the greatest objective the world has ever known, an inspiration for freedom inspired by the Declaration of Independence as written by Thomas Jefferson, still animating and inspiring the hearts of lovers of liberty the world over.

On Thursday last, in the National Capitol, 25,000 persons assembled for a May Day celebration. In the past, May Day has been given over to the Communists and Bolsheviks. On May Day last, they had no observance of note in America, indicating that there is no place in the life of America for Communism and Bolshevism. In the National Capitol, under the leadership of Monsignor Fulton Sheen of the Catholic University, in the shadow of the Washington Monument, erected to commemorate the service of the men who died that the Declaration of Independence might be a reality and America a free nation, there was held a prayer day for world peace. Twenty-five thousand persons gathered in prayerful attitude to pledge not hatred to the Russian people, but affection, loyalty, love, and prayer.

The object of the movement in the National Capitol on May Day was a united nation, America, praying that the light of Almighty God might enter the hearts of the Russian people, and the slogan recommended by Bishop McNamara in his concluding remarks was, I quote, "In Thy will, O Lord, is my peace."

VICTORY BATTLE CRY.

This slogan suggests the one adopted by the handful of 30,000 who, under the leadership of John Sobeski, the great Polish general, called from his retirement to raise the siege of Vienna, held by 700,000 Mohammedans, went into battle with the cry, I quote, "Not for our glory, O Lord, but for Thine," and defeated the 700,000 Mohammedans and made possible the preservation of Christian civilization.

With faith in God, faith in our great President, faith in ourselves, and faith in the desire for a permanent peace based on spiritual and economic justice, we ap-

proach the campaign for 1948, confident in the belief that through our faith in God, in our cause, and in our President, we will succeed in writing that peace which will bring comfort, solace, and security to a weary, war-torn world.

CONTRACT AMENDED.

INSTITUTIONS DEPARTMENT.

Construction Units have been allowed to amend the contract for repairs to Nurses' Home and furnishing cafeteria equipment at the Long Island Hospital, Boston Harbor:

A. Additional Work.

1. Install six 16-circuit electrical panels in present cabinets, \$689.

2. Wash exterior windows and doors inside and outside, 400 openings at \$1.50 each. \$600.

3. Remove approximately 200 feet of existing fire alarm cable in the tunnel and replace with approximately 200 feet new 16-conductor cable in conduit, with strip cabinets in each end and connect to existing system, \$588.06.

4. Excavate and install a 6-inch vitrified drain pipe for a distance of 400 feet (all hand labor), \$3,997.

5. (a) Furnish and install fire alarm cable from Nurses' Home to dormitory; (b) install new electric wiring and fixtures in dining room; (c) install new acoustical ceiling in dining room; (d) refinish walls in dining room with Kalitex (color No. 69) same to receive one coat of stonite; (e) chip off present plaster surface of walls in basement corridor and replaster with Interior California stucco (color No. 314); (f) refinish walls in assembly hall in Kalitex, \$7,900.

6. Electrical repairs to defective wiring on second floor of Nurses' Home, Long Island, consisting of the following: (a) Wire four ceiling outlets in four closets; (b) wire four receptacle outlets in four dormitory rooms; (c) wire one switch outlet in dormitory room, \$254.10.

Total, \$14,028.16.

The contractor shall furnish all labor and materials necessary for doing the work set forth in said items, and the city shall allow in full payment thereof the sums set forth therein. Original contract, \$87,745; Amendment No. 1 approved by Mayor, January 13, 1947, \$1,250; Amendment No. 2, additional work, \$14,028.16. Grand total, \$103,023.16.

B. Extension of Time for Completion of Work.

It is further agreed by and between the parties hereto that said contract be amended as follows: By substituting as the date of completion of the work "July 1, 1947," in place of "May 1, 1947."

FIRE DEPARTMENT ORDERS.

General Order No. 34.

I. RETIREMENT.

The following retirement, which became effective at 8 a. m., Wednesday, April 30, 1947, is hereby announced:

Hoseman William E. Daley, Engine Company 48.

Hoseman Daley was appointed to the department July 9, 1923, and he leaves the department with the best wishes of his associates.

II. RESIGNATIONS.

The following resignation, which became effective as of 8 a. m., Wednesday, April 23, 1947, is hereby announced:

Provisional Fireman George L. Ackerson, Ladder Company 12.

The following resignation, which became effective as of 8 a. m., Friday, May 2, 1947, is hereby announced:

Provisional Fireman William J. Burke, Engine Company 10.

III. TRANSFERS.

The following transfer will become effective at 8 a. m., Wednesday, May 7, 1947:

Hoseman Edward Featherston, from Engine Company 51 to Fire Prevention.

The following transfer, which became effective at 8 a. m., Wednesday, April 30, 1947, is hereby announced:

A. O. Valentine B. Nolan, from Tower Company 2 to Fire Prevention.

IV. BOSTON AUTOMATIC ASSIGNMENTS AND NEW B. A. CARD.

The following signal numbers are to be added to running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 167, building, 41-45 Farnsworth street. Apparatus to respond: Engine 39, Ladder 18, District Chief 6. Nearest box is 7112.

Signal 384, building, 171 First street.

Signal 385, building, 173 First street.

Apparatus to respond to both foregoing signals: Engine 15, Ladder 5, District 6. Nearest box is 715.

A new page 18 for the Boston Automatic Assignment Book is being issued to the department today. The new page will replace old page 18 which should be returned to Headquarters in the envelopes provided on or before Monday, May 12, 1947.

V. NEW CARDS FOR A. D. T. ASSIGNMENT BOOK.

New pages Nos. 1, 2, 4, 7, 8, 11, 17, 22, 25 and a new page No. 26 for the A. D. T. Assignment Book are being issued to the department today. These cards will replace old cards Nos. 1, 2, 4, 7, 8, 11, 17, 22, 25 which should be returned to Headquarters in the envelopes provided on or before Monday, May 12, 1947.

VI. COMMENDATIONS.

Ladderman Timothy J. O'Reilly of Ladder Company 20 is hereby commended for responding to and working at fire, Box 3218, on April 18, 1947, while off duty.

Hoseman Gerard D. Spear of Tower Company 2 is hereby commended for responding to and working at fire, Box 1461, on April 24, 1947, while off duty.

Lieutenant Joseph L. Dolan of Engine Company 18 is hereby commended for responding to and working at fire, Box 3356, on April 25, 1947, while off duty.

Hoseman George L. Mellor of Engine Company 52 is hereby commended for extinguishing a fire at Box 3425 before the arrival of apparatus on April 29, 1947, while off duty.

Hoseman Hilary J. O'Connell of Engine Company 40 is hereby commended for responding to and working at fire, Box 6139, two alarms, on May 1, 1947, while off duty.

Hoseman John J. Reardon of Engine Company 49 is hereby commended for responding to and working at fire, Box 2445, on May 1, 1947, while off duty.

Hoseman Leo J. Walker of Engine Company 13 is hereby commended for responding to and working at fire, Box 2481, May 2, 1947, while off duty.

By order of the Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

DEPARTMENT CHANGES.**STEP-RATE INCREASES.**

The Mayor has approved step-rate increases for the various departments:

AUDITING DEPARTMENT.

John B. Callahan, budgetary accounting machine operator and clerk, from \$2,700 to \$2,800 a year.

Timothy F. Coffey, bookkeeper, from \$2,300 to \$2,400 a year.

Ann Cogliano, budgetary accounting machine operator, from \$1,900 to \$2,000 a year.

Thomas H. Flynn, clerk, from \$1,800 to \$1,900 a year.

Edward F. Groden, clerk, from \$3,000 to \$3,100 a year.

John J. Hartin, clerk, from \$1,700 to \$1,800 a year.

John J. Hartin, Jr., clerk, from \$2,200 to \$2,300 a year.

Edward M. Herlihy, clerk and stenographer, from \$2,800 to \$2,900 a year.

George R. Hession, bookkeeper, from \$2,300 to \$2,400 a year.

Henry F. Hogan, clerk, from \$2,800 to \$2,900 a year.

John T. Leonard, bookkeeping machine operator and clerk, from \$2,600 to \$2,700 a year.

Eva R. Levenson, budgetary accounting machine operator, from \$1,900 to \$2,000 a year.

Edward J. McCann, clerk, from \$2,700 to \$2,800 a year.

Arthur A. McGill, clerk and stenographer, from \$2,500 to \$2,600 a year.

Mary J. Morrison, budgetary accounting machine operator, from \$1,900 to \$2,000 a year.

John G. Pickett, clerk and stenographer, from \$2,900 to \$3,000 a year.

Ethel G. Sears, clerk-typist, from \$1,900 to \$2,000 a year.

Mary Shamirian, clerk and stenographer, from \$2,200 to \$2,300 a year.

Henry E. Steele, clerk-typist, from \$2,000 to \$2,100 a year.

Dominic Tonucci, clerk, from \$1,800 to \$1,900 a year.

Harold J. Welch, clerk, from \$1,700 to \$1,800 a year.

Robert C. West, clerk, from \$2,900 to \$3,000 a year.

William J. Keane, provisional statistical machine operator, from \$2,700 to \$2,800 a year.

Joseph F. Logue, clerk, from \$1,700 to \$1,800 a year.

Daniel A. MacCormack, senior statistical machine operator, from \$2,300 to \$2,400 a year.

Constance Cogliano, Mildred L. Cusack, statistical machine operators, from \$1,700 to \$1,800 a year.

Jonathan H. Edwards, senior statistical machine operator, from \$2,000 to \$2,100 a year.

John Flanagan, Jr., Eleanor T. Spellman, Patricia Spellman, statistical machine operators, from \$1,600 to \$1,700 a year.

Theresa P. Trahey, statistical machine operator, from \$1,700 to \$1,800 a year.

COLLECTING DEPARTMENT.**General Division.**

George J. Kenny, chief clerk, from \$3,300 to \$3,400 a year.

John J. Lordan, assistant chief clerk, from \$3,200 to \$3,300 a year.

Peter H. Rogers, chief deputy, from \$3,300 to \$3,500 a year.

Patrick J. Coleman, Edward T. Croke, Maurice P. Downey, Sylvester A. Gardella, Henry W. Mueller, Harry H.

O'Malley, Frederick J. McCarthy, deputy collectors, from \$2,700 to \$2,800 a year.

Thomas A. Welch, clerk, from \$2,700 to \$2,800 a year.

Joseph N. Frasca, clerk-stenographer, from \$2,100 to \$2,200 a year.

Leo Sadow, Abraham A. Wecker, William J. Hennessey, bookkeepers, from \$2,000 to \$2,100 a year.

Thomas J. McMackin, Carl Stefani, clerks, from \$1,900 to \$2,000 a year.

Louis E. Fossa, clerk, from \$1,800 to \$1,900 a year.

Catherine V. Clonan, punch operator, from \$2,000 to \$2,100 a year.

Water Division.

Francis J. O'Connell, teller, from \$3,300 to \$3,400 a year.

John J. Lynch, teller, from \$3,200 to \$3,300 a year.

Francis L. McGrath, Timothy C. Doherty, tellers, from \$3,000 to \$3,100 a year.

Michael J. Rutledge, teller, from \$2,900 to \$3,000 a year.

Leo F. Smith, clerk-teller, from \$2,600 to \$2,700 a year.

Michael S. Costello, Charles W. Francis, John J. Goodfellow, Philip A. Grant, Jr., Thomas M. Killion, Walter McGarrah, Herbert J. Mellaly, John J. Murphy, Winfred E. Nixon, Daniel A. Nory, Robert G. Royster, Charles J. Scanlon, deputy collectors, from \$2,700 to \$2,800 a year.

Thomas E. Hughes, clerk-bookkeeper (knowledge), from \$2,700 to \$2,800 a year.

Thomas M. Ryan, clerk, from \$2,200 to \$2,300 a year.

Leonard S. Vadala, clerk, from \$2,100 to \$2,200 a year.

Albert J. Chamrin, Joseph M. Porter, Alfred H. Polk, Wendell E. McKean, John J. Hopkins, William F. Stoia, clerks, from \$2,000 to \$2,100 a year.

Mary J. Griffin, clerk, punch operator, from \$2,000 to \$2,100 a year.

John F. Murphy, clerk, acting deputy collector, from \$2,300 to \$2,400 a year.

Mary L. Driscoll, clerk, punch operator, from \$2,000 to \$2,100 a year.

Mario J. Aiello, bookkeeper (military service), from \$2,000 to \$2,100 a year.

Jeremiah W. Hayes, clerk, from \$1,800 to \$1,900 a year.

Walter H. Campbell, clerk, from \$1,900 to \$2,000 a year.

FIRE DEPARTMENT.

Francis J. George, hoseman, Engine 15, from \$2,400 to \$2,600 a year.

Charles I. Pierce, ladderman, Ladder 1, from \$2,400 to \$2,600 a year.

Francis X. O'Brien, ladderman, Ladder 19, from \$2,400 to \$2,600 a year.

Joseph S. Burgess, hoseman, Engine 20, from \$2,600 to \$2,700 a year.

Roger J. Gettens, hoseman, Engine 25, from \$2,600 to \$2,700 a year.

Archibald A. MacInnes, hoseman, Engine 49, from \$2,600 to \$2,700 a year.

James J. Pagliuca, hoseman, Engine 49, from \$2,600 to \$2,700 a year.

Russell DeDoming, Jr., ladderman, Ladder 5, from \$2,600 to \$2,700 a year.

Thomas Uniacke, ladderman, Ladder 13, from \$2,600 to \$2,700 a year.

Peter F. Moran, hoseman, Engine 9, from \$2,400 to \$2,600 a year.

Joseph A. O'Neil, ladderman, Ladder 8, from \$2,400 to \$2,600 a year.

Patrick McDonough, hoseman, Engine 2, from \$2,600 to \$2,700 a year.

Charles Famulari, hoseman, Engine 5, from \$2,600 to \$2,700 a year.

James P. Walsh, hoseman, Engine 14, from \$2,600 to \$2,700 a year.

Robert J. Quinn, hoseman, Engine 18, from \$2,600 to \$2,700 a year.

John J. Swan, hoseman, Engine 19, from \$2,600 to \$2,700 a year.

William J. Barry, hoseman, Engine 27, from \$2,600 to \$2,700 a year.

Joseph F. Crowley, hoseman, Engine 27, from \$2,600 to \$2,700 a year.

Joseph F. Amrhein, hoseman, Engine 28, from \$2,600 to \$2,700 a year.

James Goodfellow, hoseman, Engine 34, from \$2,600 to \$2,700 a year.

Joseph W. Karnela, hoseman, Engine 48, from \$2,600 to \$2,700 a year.

Lorenzo D. Merrill, hoseman, Engine 52, from \$2,600 to \$2,700 a year.

Edward D. Campbell, ladderman, Ladder 13, from \$2,600 to \$2,700 a year.

James A. Moran, ladderman, Ladder 20, from \$2,600 to \$2,700 a year.

John F. Maher, ladderman, Ladder 26, from \$2,600 to \$2,700 a year.

Richard H. Carpenter, hoseman, Engine 42, from \$2,600 to \$2,700 a year.

Henry W. Massie, hoseman, Engine 41, from \$2,600 to \$2,700 a year.

Alexander Kaczorek, ladderman, Ladder 19, from \$2,600 to \$2,700 a year.

James L. Fitzgibbons, ladderman, Ladder 15, from \$2,400 to \$2,600 a year.

Charles Connolly, hoseman, Engine 2, from \$2,600 to \$2,700 a year.

Charles Newell, ladderman, Ladder 19, from \$2,600 to \$2,700 a year.

Joseph W. Murphy, hoseman, Engine 43, from \$2,600 to \$2,700 a year.

John E. Lydstone, hoseman, Engine 44, from \$2,200 to \$2,400 a year.

John P. Vahey, hoseman, Engine 1, from \$2,200 to \$2,400 a year.

William H. Hurley, hoseman, Engine 2, from \$2,200 to \$2,400 a year.

Harry Grolnic, hoseman, Engine 3, from \$2,200 to \$2,400 a year.

Vincent McCauley, hoseman, Engine 4, from \$2,200 to \$2,400 a year.

George E. Leighton, hoseman, Engine 10, from \$2,200 to \$2,400 a year.

Daniel J. Bagley, hoseman, Engine 12, from \$2,200 to \$2,400 a year.

Thomas J. Walsh, hoseman, Engine 29, from \$2,200 to \$2,400 a year.

Lawrence J. Hall, hoseman, Engine 33, from \$2,200 to \$2,400 a year.

Benjamin Carpenter, hoseman, Engine 34, from \$2,200 to \$2,400 a year.

Alfred Copthorn, hoseman, Engine 36, from \$2,200 to \$2,400 a year.

Charles F. O'Brien, hoseman, Engine 39, from \$2,200 to \$2,400 a year.

Charles E. Seaboyer, hoseman, Engine 46, from \$2,200 to \$2,400 a year.

James J. Barry, ladderman, Ladder 17, from \$2,200 to \$2,400 a year.

John J. Gaddis, ladderman, Ladder 22, from \$2,200 to \$2,400 a year.

John J. McLaughlin, ladderman, Ladder 22, from \$2,200 to \$2,400 a year.

John J. Waldron, ladderman, Ladder 23, from \$2,200 to \$2,400 a year.

Joseph L. Hurrie, hoseman, Rescue 1, from \$2,200 to \$2,400 a year.

Harold V. Haskell, hoseman, Engine 48, from \$2,400 to \$2,600 a year.

Lawrence J. McAdams, hoseman, Engine 31, from \$2,200 to \$2,400 a year.

Louis M. McLaughlin, hoseman, Engine 44, from \$2,200 to \$2,400 a year.

William W. Sparrow, ladderman, Ladder 23, from \$2,600 to \$2,700 a year.

George J. Green, hoseman, Engine 45, from \$2,600 to \$2,700 a year.

Raymond R. Doldt, hoseman, Engine 44, from \$2,200 to \$2,400 a year.

William McKernan, hoseman, Engine 4, from \$2,400 to \$2,600 a year.

Ralph S. Stockbridge, ladderman, Ladder 4, from \$2,400 to \$2,600 a year.

Joseph M. Dowd, ladderman, Ladder 4, from \$2,600 to \$2,700 a year.

Thomas V. Walsh, hoseman, Engine 44, from \$2,200 to \$2,400 a year.

Francis G. Sullivan, ladderman, Ladder 21, from \$2,400 to \$2,600 a year.

Edwin C. Neimann, hoseman, Engine 31, from \$2,200 to \$2,400 a year.

Frank A. Mango, hoseman, Engine 11, from \$2,600 to \$2,700 a year.

Anthony R. Menno, hoseman, Engine 45, from \$2,600 to \$2,700 a year.

Joseph W. Sullivan, ladderman, Ladder 4, from \$2,600 to \$2,700 a year.

Roy B. Langill, hoseman, Engine 37, from \$2,400 to \$2,600 a year.

James F. McLaughlin, hoseman, Engine 50, from \$2,400 to \$2,600 a year.

James L. Finch, hoseman, Rescue 3, from \$2,400 to \$2,600 a year.

Anthony F. Laurano, hoseman, Engine 5, from \$2,200 to \$2,400 a year.

Arthur L. O'Keefe, hoseman, Engine 7, from \$2,200 to \$2,400 a year.

Charles J. Hurley, hoseman, Engine 8, from \$2,200 to \$2,400 a year.

Thomas M. Getherall, hoseman, Engine 10, from \$2,200 to \$2,400 a year.

Eugene E. McDevitt, hoseman, Engine 10, from \$2,200 to \$2,400 a year.

John E. Burwell, hoseman, Engine 15, from \$2,200 to \$2,400 a year.

Vincent A. Finneran, hoseman, Engine 20, from \$2,200 to \$2,400 a year.

John J. Doucette, hoseman, Engine 21, from \$2,200 to \$2,400 a year.

Francis J. Cummings, hoseman, Engine 24, from \$2,200 to \$2,400 a year.

Cornelius McCarthy, hoseman, Engine 24, from \$2,200 to \$2,400 a year.

Albert G. Spitz, hoseman, Engine 25, from \$2,200 to \$2,400 a year.

Francis J. Kelley, hoseman, Engine 30, from \$2,200 to \$2,400 a year.

George J. McCabe, hoseman, Engine 33, from \$2,200 to \$2,400 a year.

Frank J. Borelli, hoseman, Engine 40, from \$2,200 to \$2,400 a year.

James W. Pierce, hoseman, Engine 44, from \$2,200 to \$2,400 a year.

Frank J. Cronin, hoseman, Engine 45, from \$2,200 to \$2,400 a year.

Alfred Bromowski, hoseman, Engine 51, from \$2,200 to \$2,400 a year.

Louis DiRocco, hoseman, Engine 51, from \$2,200 to \$2,400 a year.

John Harrington, ladderman, Ladder 1, from \$2,200 to \$2,400 a year.

William E. Moore, ladderman, Ladder 1, from \$2,200 to \$2,400 a year.

Raymond Ochs, ladderman, Ladder 1, from \$2,200 to \$2,400 a year.

Philip L. Smith, ladderman, Ladder 3, from \$2,200 to \$2,400 a year.

William Hayhurst, ladderman, Ladder 5, from \$2,200 to \$2,400 a year.

William C. Aspesi, ladderman, Ladder 6, from \$2,200 to \$2,400 a year.

Edwin C. Mahoney, ladderman, Ladder 14, from \$2,200 to \$2,400 a year.

Frank Schadhauer, ladderman, Ladder 18, from \$2,200 to \$2,400 a year.

John P. McCabe, ladderman, Ladder 22, from \$2,200 to \$2,400 a year.

Michael F. Maguire, ladderman, Ladder 25, from \$2,200 to \$2,400 a year.

Michael J. Sullivan, ladderman, Ladder 26, from \$2,200 to \$2,400 a year.

John G. McGuire, ladderman, Ladder 28, from \$2,200 to \$2,400 a year.

Martin J. Brennan, hoseman, Rescue 1, from \$2,200 to \$2,400 a year.

John T. Cashman, hoseman, Rescue 1, from \$2,200 to \$2,400 a year.

Stephen L. Gaffney, hoseman, Rescue 1, from \$2,200 to \$2,400 a year.

John J. Costello, hoseman, Rescue 3, from \$2,200 to \$2,400 a year.

Edward Fitzgerald, hoseman, Rescue 3, from \$2,200 to \$2,400 a year.

Charles Griffin, hoseman, Rescue 3, from \$2,200 to \$2,400 a year.

Donald E. McKenna, hoseman, Rescue 3, from \$2,200 to \$2,400 a year.

Thomas Sheehan, hoseman, Engine 13, from \$2,600 to \$2,700 a year.

Leo J. Walker, hoseman, Engine 13, from \$2,600 to \$2,700 a year.

John G. Shea, hoseman, Engine 28, from \$2,600 to \$2,700 a year.

Francis P. McCarthy, hoseman, Engine 44, from \$2,600 to \$2,700 a year.

James J. Murphy, hoseman, Engine 44, from \$2,200 to \$2,400 a year.

William Albanese, hoseman, Engine 1, from \$2,600 to \$2,700 a year.

Joseph E. Landry, ladderman, Ladder 19, from \$2,200 to \$2,400 a year.

Robert W. Smith, hoseman, Engine 9, from \$2,400 to \$2,600 a year.

Michael E. Corrigan, hoseman, Tower 1, from \$2,600 to \$2,700 a year.

Francis Thompson, hoseman, Engine 11, from \$2,600 to \$2,700 a year.

William C. Dunn, hoseman, Engine 28, from \$2,400 to \$2,600 a year.

Edward W. Deveau, ladderman, Ladder 21, from \$2,400 to \$2,600 a year.

Warren A. Hardy, hoseman, Engine 3, from \$2,600 to \$2,700 a year.

Albert Munichello, ladderman, Ladder 27, from \$2,600 to \$2,700 a year.

Franklin Laurence, ladderman, Ladder 17, from \$2,600 to \$2,700 a year.

Prisco DeSisto, hoseman, Engine 7, from \$2,600 to \$2,700 a year.

Joseph M. Quinn, ladderman, Ladder 23, from \$2,600 to \$2,700 a year.

James J. Corbett, hoseman, Engine 22, from \$2,600 to \$2,700 a year.

George Higbee, ladderman, Ladder 1, from \$2,400 to \$2,600 a year.

Edward J. Costa, hoseman, Engine 1, from \$2,600 to \$2,700 a year.

John L. Glynn, hoseman, Engine 2, from \$2,600 to \$2,700 a year.

John C. Panzone, hoseman, Engine 8, from \$2,600 to \$2,700 a year.

Daniel J. McCarthy, hoseman, Engine 18, from \$2,600 to \$2,700 a year.

Frank A. Quallo, hoseman, Engine 23, from \$2,600 to \$2,700 a year.

Norman E. Brophy, hoseman, Engine 24, from \$2,600 to \$2,700 a year.

Robert N. Anderson, hoseman, Engine 29, from \$2,600 to \$2,700 a year.

William G. Campbell, hoseman, Engine 33, from \$2,600 to \$2,700 a year.

Frank A. Bergdoll, hoseman, Engine 53, from \$2,600 to \$2,700 a year.

Francis L. McLaughlin, ladderman, Ladder 3, from \$2,600 to \$2,700 a year.

John A. MacKinnon, ladderman, Ladder 11, from \$2,600 to \$2,700 a year.

John C. Murphy, ladderman, Ladder 14, from \$2,600 to \$2,700 a year.

George L. Rooney, ladderman, Ladder 10, from \$2,600 to \$2,700 a year.

Salvatore DiStefano, hoseman, Engine 14, from \$2,600 to \$2,700 a year.

Edward C. Lonergan, ladderman, Ladder 24, from \$2,400 to \$2,600 a year.

William J. Mullen, ladderman, Ladder 25, from \$2,400 to \$2,600 a year.

Martin E. Manning, hoseman, Engine 3, from \$2,400 to \$2,600 a year.

Robert Beltrami, hoseman, Engine 23, from \$2,400 to \$2,600 a year.

John J. McKenna, hoseman, Engine 25, from \$2,200 to \$2,400 a year.

Francis J. Stevens, ladderman, Ladder 28, from \$2,200 to \$2,400 a year.

Robert E. Randall, hoseman, Engine 8, from \$2,400 to \$2,600 a year.

John F. Graham, hoseman, Engine 19, from \$2,400 to \$2,600 a year.

Francis D. Gunning, ladderman, Ladder 15, from \$2,400 to \$2,600 a year.

William V. Corbett, hoseman, Engine 2, from \$2,400 to \$2,600 a year.

John T. Aleks, hoseman, Engine 15, from \$2,400 to \$2,600 a year.

Peter Ippolito, ladderman, Ladder 31, from \$2,400 to \$2,600 a year.

William Chisholm, hoseman, Engine 50, from \$2,400 to \$2,600 a year.

Peter A. Umile, hoseman, Engine 12, from \$2,400 to \$2,600 a year.

Matthew Nihill, ladderman, Ladder 28, from \$2,400 to \$2,600 a year.

Walter L. Hutchins, hoseman, Engine 52, from \$2,600 to \$2,700 a year.

Gerard D. Spear, hoseman, Tower 2, from \$2,600 to \$2,700 a year.

Gerard D. Murphy, hoseman, Rescue 1, from \$2,600 to \$2,700 a year.

Maurice A. Downey, hoseman, Engine 37, from \$2,600 to \$2,700 a year.

Walter L. Stoll, ladderman, Ladder 25, from \$2,600 to \$2,700 a year.

Robert A. Gaughran, ladderman, Ladder 30, from \$2,600 to \$2,700 a year.

Joseph A. Lucas, hoseman, Engine 2, from \$2,600 to \$2,700 a year.

Leo R. Sennett, hoseman, Engine 9, from \$2,600 to \$2,700 a year.

Fred W. Cavanagh, hoseman, Engine 19, from \$2,600 to \$2,700 a year.

Paul C. Hannigan, hoseman, Engine 19, from \$2,600 to \$2,700 a year.

Ralph A. Borden, hoseman, Engine 26, from \$2,600 to \$2,700 a year.

Rosario M. DeMarco, ladderman, Ladder 21, from \$2,600 to \$2,700 a year.

Matthew R. Souza, hoseman, Engine 39, from \$2,600 to \$2,700 a year.

Mark Murphy, hoseman, Engine 3, from \$2,400 to \$2,600 a year.

Edward J. McGah, hoseman, Engine 18, from \$2,400 to \$2,600 a year.

Michele A. DePesa, hoseman, Engine 20, from \$2,400 to \$2,600 a year.

Paul J. DeRosa, hoseman, Engine 28, from \$2,400 to \$2,600 a year.

Joseph F. White, ladderman, Ladder 8, from \$2,400 to \$2,600 a year.

Herbert T. White, ladderman, Ladder 10, from \$2,400 to \$2,600 a year.

Joseph F. Manning, ladderman, Ladder 27, from \$2,400 to \$2,600 a year.

Thomas J. Mills, hoseman, Engine 7, from \$2,400 to \$2,600 a year.

Charles H. Ames, hoseman, Engine 13, from \$2,400 to \$2,600 a year.

James D. Ford, hoseman, Rescue 2, from \$2,600 to \$2,700 a year.

Harry C. Eastwood, ladderman, Ladder 12, from \$2,400 to \$2,600 a year.

Robert A. Foley, hoseman, Engine 17, from \$2,200 to \$2,400 a year.

George E. Groomes, hoseman, Engine 45, from \$2,200 to \$2,400 a year.

Matthew Shanahan, hoseman, Engine 53, from \$2,200 to \$2,400 a year.

Leo J. Keefe, ladderman, Ladder 18, from \$2,200 to \$2,400 a year.

Joseph P. Feeney, hoseman, Engine 1, from \$2,400 to \$2,600 a year.

Edmond Newman, hoseman, Engine 1, from \$2,400 to \$2,600 a year.

Thomas Conneely, hoseman, Engine 3, from \$2,400 to \$2,600 a year.

William M. Mahoney, hoseman, Engine 27, from \$2,400 to \$2,600 a year.

Joseph P. Murray, hoseman, Engine 32, from \$2,400 to \$2,600 a year.

Robert S. Foley, hoseman, Engine 43, from \$2,400 to \$2,600 a year.

John O. Doldt, ladderman, Ladder 15, from \$2,400 to \$2,600 a year.

Richard A. Kemp, ladderman, Ladder 20, from \$2,400 to \$2,600 a year.

John J. Geagan, hoseman, Engine 32, from \$2,400 to \$2,600 a year.

Edmund S. Sharp, hoseman, Engine 36, from \$2,400 to \$2,600 a year.

Gerald J. MacEachern, ladderman, Ladder 4, from \$2,400 to \$2,600 a year.

Timothy J. Walsh, ladderman, Ladder 13, from \$2,400 to \$2,600 a year.

Louis Bacigalupo, ladderman, Ladder 31, from \$2,400 to \$2,600 a year.

Arthur P. Larvey, hoseman, Engine 4, from \$2,400 to \$2,600 a year.

John H. Shea, hoseman, Engine 1, from \$2,400 to \$2,600 a year.

Charles H. Dunbar, hoseman, Engine 5, from \$2,400 to \$2,600 a year.

Fred I. Smith, hoseman, Engine 12, from \$2,400 to \$2,600 a year.

Francis X. White, hoseman, Engine 18, from \$2,400 to \$2,600 a year.

William F. Keefe, hoseman, Engine 29, from \$2,400 to \$2,600 a year.

James F. McEleney, hoseman, Engine 36, from \$2,400 to \$2,600 a year.

George L. Lyons, hoseman, Engine 43, from \$2,400 to \$2,600 a year.

Robert J. Laubenstein, ladderman, Ladder 20, from \$2,400 to \$2,600 a year.

Robert W. Nelson, ladderman, Ladder 30, from \$2,400 to \$2,600 a year.

John F. Gilbrook, hoseman, Rescue 1, from \$2,400 to \$2,600 a year.

John Morgan, hoseman, Engine 3, from \$2,600 to \$2,700 a year.

Lloyd V. Langill, hoseman, Engine 7, from \$2,600 to \$2,700 a year.

Charles McCarthy, hoseman, Engine 9, from \$2,600 to \$2,700 a year.

Albert F. Hall, hoseman, Engine 14, from \$2,600 to \$2,700 a year.

Joseph D. McKeown, hoseman, Engine 19, from \$2,600 to \$2,700 a year.

John P. Carrigan, hoseman, Engine 34, from \$2,600 to \$2,700 a year.

Daniel Harrington, ladderman, Ladder 6, from \$2,600 to \$2,700 a year.

Dennis E. Dennehy, ladderman, Ladder 27, from \$2,600 to \$2,700 a year.

Edward F. McDonald, ladderman, Ladder 31, from \$2,600 to \$2,700 a year.

Paul V. Manning, hoseman, Engine 1, from \$2,400 to \$2,600 a year.

Richard Kenneally, hoseman, Engine 4, from \$2,400 to \$2,600 a year.

Kenneth Jennings, hoseman, Engine 7, from \$2,400 to \$2,600 a year.

Martin H. Mullen, hoseman, Engine 7, from \$2,400 to \$2,600 a year.

Joseph G. Flynn, hoseman, Engine 15, from \$2,400 to \$2,600 a year.

Joseph A. Pucci, hoseman, Engine 18, from \$2,400 to \$2,600 a year.

George W. Daly, hoseman, Engine 21, from \$2,400 to \$2,600 a year.

Raymond Bastian, hoseman, Engine 22, from \$2,400 to \$2,600 a year.

Michael J. Nichol, hoseman, Engine 37, from \$2,400 to \$2,600 a year.

Thomas J. Carroll, hoseman, Engine 42, from \$2,400 to \$2,600 a year.

Walter H. Magoon, hoseman, Engine 43, from \$2,400 to \$2,600 a year.

Robert D. McGilveary, hoseman, Engine 49, from \$2,400 to \$2,600 a year.

Frederick H. Stetson, ladderman, Ladder 1, from \$2,400 to \$2,600 a year.

Walter G. Austin, ladderman, Ladder 4, from \$2,400 to \$2,600 a year.

Thomas P. O'Keefe, ladderman, Ladder 5, from \$2,400 to \$2,600 a year.

John W. Heise, ladderman, Ladder 11, from \$2,400 to \$2,600 a year.

William J. Sullivan, ladderman, Ladder 26, from \$2,400 to \$2,600 a year.

Cleveland W. DeRoche, ladderman, Ladder 27, from \$2,400 to \$2,600 a year.

Paul M. Kilduff, ladderman, Ladder 28, from \$2,400 to \$2,600 a year.

John E. McLane, hoseman, Engine 34, from \$2,600 to \$2,700 a year.

William F. Ahern, hoseman, Engine 4, from \$2,400 to \$2,600 a year.

Francis G. Reardon, hoseman, Engine 7, from \$2,400 to \$2,600 a year.

Michael Benkis, hoseman, Engine 25, from \$2,400 to \$2,600 a year.

William J. McGrath, hoseman, Engine 49, from \$2,400 to \$2,600 a year.

Richard S. Doherty, ladderman, Ladder 13, from \$2,400 to \$2,600 a year.

Russell J. Kingston, ladderman, Ladder 20, from \$2,400 to \$2,600 a year.

Andrew E. O'Brien, ladderman, Ladder 27, from \$2,400 to \$2,600 a year.

Francis M. Keane, hoseman, Rescue 1, from \$2,400 to \$2,600 a year.

Paul F. Lombard, hoseman, Rescue 3, from \$2,400 to \$2,600 a year.

Thomas J. Cloonan, hoseman, Engine 51, from \$2,400 to \$2,600 a year.

George McCloskey, ladderman, Ladder 7, from \$2,400 to \$2,600 a year.

James J. Coakley, hoseman, Engine 12, from \$2,400 to \$2,600 a year.

George E. Thompson, hoseman, Engine 36, from \$2,400 to \$2,600 a year.

Charles C. Bacyliniski, ladderman, Ladder 20, from \$2,400 to \$2,600 a year.

John P. Curran, hoseman, Engine 13, from \$2,400 to \$2,600 a year.

James C. McPherson, hoseman, Engine 43, from \$2,400 to \$2,600 a year.

Robert K. Waggett, hoseman, Engine 48, from \$2,400 to \$2,600 a year.

Joseph F. Kenneally, ladderman, Ladder 6, from \$2,400 to \$2,600 a year.

Thomas E. Kelly, ladderman, Ladder 12, from \$2,400 to \$2,600 a year.

James P. Duffy, ladderman, Ladder 21, from \$2,400 to \$2,600 a year.

George M. Wade, ladderman, Ladder 24, from \$2,400 to \$2,600 a year.

Stephen S. Sangas, hoseman, Engine 29, from \$2,600 to \$2,700 a year.

Julia R. Khoury, clerk-typist, Headquarters, from \$1,800 to \$1,900 a year.

John H. Chinetti, assistant operator, Fire Alarm, from \$2,400 to \$2,500 a year.

Mary E. Gormley, stenographer-clerk, Maintenance, from \$1,800 to \$1,900 a year.

Charles F. Connors, assistant operator, Fire Alarm, from \$2,300 to \$2,400 a year.

Margaret W. Plunkett, stenographer-clerk, Headquarters, from \$1,700 to \$1,800 a year.

Raphael V. Hamaty, clerk, Headquarters, from \$1,500 to \$1,600 a year.

John P. Lane, assistant operator, Fire Alarm, from \$2,300 to \$2,400 a year.

Eleanor J. Cunniff, stenographer-clerk, Headquarters, from \$1,800 to \$1,900 a year.

Mary D. O'Hare, stenographer-clerk, Fire Prevention, from \$1,800 to \$1,900 a year.

Mary F. Cronin, clerk-typist, Fire Prevention, from \$1,400 to \$1,500 a year.

Robert L. Sullivan, assistant operator (temporary), Fire Alarm, from \$2,300 to \$2,400 a year.

Clara M. Currie, clerk, Fire Prevention, from \$1,800 to \$1,900 a year.

Dora Fishman, clerk, Maintenance, from \$1,800 to \$1,900 a year.

John L. McFadden, assistant operator, Fire Alarm, from \$2,300 to \$2,400 a year.

Dorothea M. Kilday, clerk, Fire Prevention, from \$1,400 to \$1,500 a year.

Helen C. Wall, stenographer-clerk (provisional), Fire Alarm, from \$1,700 to \$1,800 a year.

Elizabeth Connelly, night supervisor of nurses, from \$2,350 and maintenance to \$2,600 a year and maintenance.

Irene H. Sullivan, assistant night supervisor of nurses, from \$2,200 and maintenance to \$2,450 a year and maintenance.

Nurses, Heads of Wards.

Helena Burke, Josephine Cavanaugh, Mary Dempsey, Saide Linn, Catherine Nicholson, Cora O'Neil, Catherine Palmeri, Johanna Reidy, Anna R. Sullivan, Cecilia Sullivan, Mary Tolan, from \$2,040 and maintenance to \$2,297.50 a year and maintenance.

Anne Gilson, head nurse, physiotherapy, from \$2,040 and maintenance to \$2,297.50 a year and maintenance.

Sally Jenkins, surgical nurse, from \$2,222.50 to \$2,480 a year.

Nurses, Registered Graduate.

Rose Humiston, Catherine Morris, Mary Ryder, from \$2,102.50 to \$2,300 a year.

Mary Booth, Katherine V. Burke, Jennie Cauley, Eleanor Caulfield, Catherine Condon, Mary Denning, Laura Donahue, Barbara Edmunds, Eleanor Flagg, Margaret Hanlon, Margaret Hodgdon, Estelle Joyce, Mary Lynch, Mary Mahon, Mary MacDougall, Mazie MacIntyre, Viola MacKinnon, Helen B. Newhall, Clara Nugent, Mary Spinale, Edythe Thornell, Mary Kiley, Mary Flynn, Helen Meyers, from \$1,920 and maintenance to \$2,117.50 a year and maintenance.

Anna Hannan, from \$1,920 and maintenance to \$2,067.50 a year and maintenance.

Julia Fitzpatrick, from \$1,920 and maintenance to \$2,017.50 a year and maintenance.

Nurses, Graduate, Not Registered.

Robina Cunningham, Minnie Egan, Georgia Fitzpatrick, Anna L. Kelley, Esther Pender, Ethelyn Robertson, from \$1,740 and maintenance to \$1,937.50 a year and maintenance.

Nurses, Trained Attendants.

Katherine Dodge, Rose Gilmartin, Mollie Guzewicz, Helen McNaney, Annetta Mellin, Elinor Partridge, Leila Maguire, Alice O'Brien, from \$1,740 and maintenance to \$1,937.50 a year and maintenance.

PARK DEPARTMENT.

Daniel J. Byrne, assistant engineer, Grade IV, from \$3,400 to \$3,500 a year.

Edward M. Dillon, George M. O'Neil, assistant engineers, Grade III, from \$2,900 to \$3,000 a year.

James J. Crowley, assistant engineer, Grade II, from \$2,300 to \$2,400 a year.

Frank R. DiSalvatore, Albert W. Page, William Bailey, James Keegan, Robert N. Donovan, James E. Hunter, custodians, from \$2,300 to \$2,400 a year.

John A. Hannon, custodian, from \$2,200 to \$2,300 a year.

Basil Quirk, custodian, from \$2,100 to \$2,200 a year.

Edward C. O'Malley, first-class fireman, from \$45.68 to \$49.18 a week.

Arthur G. Pearce, Jr., John P. Doherty, Joseph Burke, third-class engineers, from \$45.68 to \$49.18 a week.

Joseph T. Harrington, foreman, from \$2,800 to \$2,900 a year.

John J. Hammond, foreman, from \$2,600 to \$2,700 a year.

John J. Keane, assistant greenkeeper, (acting foreman), from \$2,500 to \$2,600 a year.

Neil P. Canney, Thomas Roberto, assistant greenkeepers, from \$2,500 to \$2,600 a year.

George W. Murdock, assistant greenkeeper, from \$2,400 to \$2,500 a year.

William E. Walsh, physical instructor, from \$2,600 to \$2,700 a year.

Hugh F. Dunn, Thomas E. Jackson, Charles Kellert, Edwin P. Koenig, Michael Nazzaro, Ernest Stevens, physical instructors, from \$2,400 to \$2,500 a year.

John W. Hardiman, Anthony Segadelli, physical instructors, from \$2,200 to \$2,300 a year.

Marie Tuohy, telephone operator, from \$1,900 to \$2,000 a year.

PUBLIC WORKS DEPARTMENT.

Bridge Service.

John J. McCall, Robert S. Bowes, civil engineers, Grade IV, from \$3,300 to \$3,400 a year.

Edmund A. Barrett, Walter H. Barrett, civil engineers, Grade III, from \$2,700 to \$2,800 a year.

Charles B. Crowley, civil engineer, Grade II, from \$2,200 to \$2,300 a year.

Thomas H. Keenan, supervisor of bridges, from \$3,300 to \$3,400 a year.

Paving Service.

Edward Sheehan, clerk, from \$1,900 to \$2,000 a year.

Robert E. Coogan, clerk-typist, from \$1,900 to \$2,000 a year.

Katherine Shackleton, clerk-typist, from \$1,800 to \$1,900 a year.

Anna M. Hurley, clerk-typist, from \$1,700 to \$1,800 a year.

William D. Pierce, Walter A. Maloy, engineers, Grade IV, from \$3,600 to \$3,700 a year.

Arthur L. Gavin, Michael S. Fogarty, engineers, Grade IV, from \$3,400 to \$3,500 a year.

James O'Rourke, engineer, Grade IV, from \$3,300 to \$3,400 a year.

Peter Merenda, Harold S. Blair, engineers, Grade IV, from \$3,000 to \$3,100 a year.

Fred L. Garvin, Leon F. Vignaux, Charles M. Martell, Joseph P. Lyon, engineers, Grade III, from \$2,900 to \$3,000 a year.

Theodore Spitz, engineer, Grade III, from \$2,700 to \$2,800 a year.

Charles H. Nelson, maintenance engineer and assistant supervisor of permits, from \$2,600 to \$2,700 a year.

Charles Goldberg, foreman, from \$2,700 to \$2,800 a year.

Edward C. Sullivan, William C. McGee, John F. Connolly, John E. Hayes, Francis E. Collins, Bernard Cunningham, Nathan Goldstein, William Riley, inspectors, from \$2,400 to \$2,500 a year.

Lawrence W. Cornell, Fred P. Craven, Walter T. Boltz, John P. Craven, Peter S. Kilduff, Thomas F. Connors, inspectors, from \$2,300 to \$2,400 a year.

Lawrence T. Prior, Anthony D. McLaughlin, inspectors-subforemen, from \$2,500 to \$2,600 a year.

George L. Brown, inspector-subforeman, from \$2,400 to \$2,500 a year.

James W. Donovan, Thomas J. Kelly, inspectors-subforemen, from \$2,200 to \$2,300 a year.

Charles P. Mulhall, James L. McGarry, James F. Byrne, Thomas J. O'Rourke, inspectors-subforemen, from \$2,100 to \$2,200 a year.

Paul Page, transitman, from \$2,400 to \$2,500 a year.

William F. Clark, John B. Ferri, Ralph A. DeSimone, transitmen, from \$2,300 to \$2,400 a year.

Frank B. Gedman, transitman, from \$2,200 to \$2,300 a year.

James K. Nickerson, transitman, from \$2,100 to \$2,200 a year.

Water Division.

Penelope G. MacEachern, clerk-telephone operator, from \$2,180 to \$2,200 a year.

Mary G. Lonergan, Marion E. Twigg, clerks, from \$1,800 to \$1,900 a year.

Bernice J. Miller, clerk-typist, from \$1,800 to \$1,900 a year.

Geraldine A. Chapman, clerk-typist, from \$1,700 to \$1,800 a year.

Mary M. L. Foley, clerk-typist (military substitute), from \$1,700 to \$1,800 a year.

Mary K. Boyle, John L. Galvin, William A. Kozloski, Clarence Marcy, Michael F. Murphy, Louis P. Gilardi, clerks, from \$1,600 to \$1,700 a year.

Rose A. Ward, billing machine operator, from \$2,100 to \$2,200 a year.

Evelyn Donnarumma, billing machine operator, from \$1,600 to \$1,700 a year.

J. Leo McGrath, engineer, Grade IV, from \$3,600 to \$3,700 a year.

Harry Lynn, engineer, Grade IV, from \$3,400 to \$3,500 a year.

Edward J. Pinkul, engineer, Grade IV, from \$3,200 to \$3,300 a year.

Alfred J. Rolfe, district foreman, from \$2,800 to \$2,900 a year.

John P. Finigan, Joseph O'Hanlon, inspectors, from \$2,600 to \$2,700 a year.

John F. Kenney, inspector, from \$2,500 to \$2,600 a year.

Alfred A. Osterman, inspector, from \$2,400 to \$2,500 a year.

Edward C. Beckwith, inspector, from \$2,500 to \$2,600 a year.

Joseph T. Hanbury, inspector, from \$2,300 to \$2,400 a year.

Richard J. Kelley, inspector, from \$2,500 to \$2,600 a year.

Adam H. Bienkowski, Arthur M. Clonan, Frank A. Dangora, Hugh C. Goldrick, Charles L. O'Rourke, Morris H. Waldman, Thomas Waldron, meter readers, from \$2,300 to \$2,400 a year.

Anthony C. Calebro, John H. Kelly, Patrick Minihane, William F. Austin, Harold J. Cronin, meter readers, from \$2,200 to \$2,300 a year.

Warren P. Graffam, George F. Farley, Ralph E. M. Johnston, meter readers, from \$2,100 to \$2,200 a year.

Charles B. Kinch, James F. McMahon, machinists, from \$41.76 to \$44.76 a week.

SUFFOLK COUNTY.

Henry J. Creutz, William H. Devin, James F. Fennelly, Joseph R. Hynes, senior clerks, from \$2,200 to \$2,300 a year.

Harold F. Lee, clerk, from \$2,000 to \$2,100 a year.

Martin L. Martin, clerk, from \$2,100 to \$2,200 a year.
